REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants of The Schering-Plough Puerto Rico Employees Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of The Schering-Plough Puerto Rico Employees Retirement Savings Plan (the Plan) at December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2006 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audits of the basic 2006 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

EMPLOYEES RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF PLAN

The following description of the Schering-Plough Puerto Rico Employees Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan established effective April 1, 1990. The Plan is intended to encourage retirement savings by eligible employees of Schering-Plough Products LLC (the Sponsor or the Company) and any of its affiliated companies that adopt the Plan. Vanguard Fiduciary Trust Company (Vanguard), the recordkeeper, is a trust company incorporated under Chapter 10 of the Pennsylvania Banking Code, and a wholly-owned subsidiary of The Vanguard Group, Inc. Banco Santander serves as the Plan's trustee (the Trustee). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Generally, all Puerto Rico employees of Schering-Plough Products LLC and Schering-Plough del Caribe, Inc. are eligible to participate in the Plan on the date of employment. Participants may elect to have contributions allocated to any of the investment funds available under the Plan. In connection with changes to Schering-Plough Corporation's manufacturing operations, approximately 600 employees who were eligible to be Plan participants were terminated during 2006.

Participant Contributions

The Plan is designed to permit eligible employees to elect to have a portion of their salary contributed to the Plan on their behalf (Salary Deferral Contributions). Under the provisions of the Plan, Salary Deferral Contributions can range from 1 percent to 10 percent of the employee's annual eligible compensation, in increments of 1 percent, subject to certain regulated limits. Any excess participant contributions are returned to the participant.

Employer Matching Contributions

The Company makes matching contributions (dollar-for-dollar) up to 5 percent of annual eligible compensation for employees who elect to make Salary Deferral Contributions to the Plan.

Participant Accounts and Vesting

Individual accounts are maintained for each Plan participant. Each participant's account is credited with all contributions and allocations of Plan earnings (losses) and charged with withdrawals. Allocations are based on participant earnings or account balances, as defined. Participants have a non-forfeitable right to all contributions plus (minus) actual earnings (losses) thereon, all of which vest fully and immediately.

Schering-Plough Stock Fund This fund is comprised of Schering-Plough Corporation common stock and a small percentage of cash as required for liquidity purposes. Participants may contribute up to a maximum investment election of 50 percent of their Salary Deferral Contributions into this fund or allocate no more than 50 percent of the value of their accounts at the time of reallocation to this fund.

Repayment of Loans Participants may borrow against their participant account balance in the Plan, up to the lesser of one-half of their account balance or \$50,000 (reduced by any outstanding loans). Loan transactions are treated as a transfer between the investment funds and the Loans to Participants. The participant's account balance would be reduced in the event of default. Participant loans bear fixed interest rates as determined to be reasonable by the Employee Benefits Committee. The fixed-interest rates for all participant loans outstanding during 2006 and 2005 ranged from 5 percent to 10.5 percent. Participant loans are repayable over periods not to exceed 5 years, except loans relating to a principal residence which are repayable over a period not to exceed 20 years. An outstanding loan balance is due immediately upon the participant's termination of service with the Company. Any unpaid participant loan amount thereafter will be deemed as defaulted and deducted from the participant's account balance under the Plan.

Table of Contents

Payment of Benefits

Upon termination of service or in the event of death or total disability, a participant (or the participant's beneficiary in the event of death) may elect to receive either a cash lump-sum amount, fixed or variable installments not to exceed the life expectancy of the participant and the participant's beneficiary, shares of Schering-Plough Corporation common stock (with respect to amounts invested in the Schering-Plough Stock Fund), or certain combinations of the foregoing. Notwithstanding the foregoing, if a participant's account equals \$5,000 or less as of the date of distribution, the account will be paid in a lump-sum. Alternatively, all participants whose account balances exceed \$5,000 can elect to defer the receipt of their account up to age 70 1/2. Distribution of all or a portion of a participant's account, prior to termination of employment, may be granted by the Sponsor in the case of financial hardship. Active participants may elect to withdraw all or a portion of their accounts at any time after age 59 1/2.

Amendments to the Plan

Effective January 1, 2006, the Plan was amended to provide for the forfeiture of certain uncashed checks after they remain outstanding for 18 months subject to the participant's ability to reclaim these amounts without earnings or losses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation

The Plan's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of Vanguard Mutual Funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

The Schering-Plough Stock Fund is valued using the unit accounting method whereby a participant's account value is expressed in units of participation rather than number of shares of Schering-Plough Corporation common stock.

The closing stock prices of Schering-Plough Corporation common stock at December 29, 2006 and December 30, 2005 were \$23.64 and \$20.85, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Dividends received in the Schering-Plough Stock Fund are reinvested.

Vanguard Mutual Fund management fees are deducted by Vanguard from the daily net asset values of its funds and are not separately reflected. Consequently these management fees serve to reduce the investment return for these funds.

The net appreciation or depreciation in the fair value of investments consists of realized gains and losses and changes in unrealized gains or losses of these investments during the year. Realized gains or losses on investments are determined on the basis of average cost. Unrealized gains or losses on investments are based on changes in fair values of the investments during the reported periods.

Loans to Participants are carried at the outstanding loan balance, which does not differ materially from fair value.

Table of Contents

Withdrawals and Benefit Payments

Withdrawals and benefit payments are recorded when paid. There were no benefits payable as of December 31, 2006 and 2005.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and use assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risks associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to provisions of ERISA. Upon an event of whole or part termination of the Plan as defined under the Plan, the Sponsor may direct the Trustee or Plan Administrator to: (1) distribute the total assets in the affected participants' accounts to the participants in cash or in-kind as permitted by applicable law; or (2) maintain the assets in the Schering-Plough Puerto Rico Employees' Retirement Savings Plan Trust (the Trust) and make distribution of benefits at such time and manner as though the Plan had not been terminated.

4. INCOME TAX STATUS

The Plan was amended and restated effective January 1, 1995. The plan received a favorable determination letter dated February 18, 1997 issued by the Puerto Rico Department of the Treasury stating that the Plan meets the requirements of Section 1165(a) of the Puerto Rico Internal Revenue Code of 1995, as amended (the PR Code). The Plan was also amended effective January 1, 1996 and October 1, 1996 pursuant to Amendment No. 2. The Puerto Rico Department of the Treasury issued a favorable determination letter dated April 14, 1997 in connection with the qualification of Amendment No. 2.

The trust of the Plan is intended to be exempt from taxation under Section 1165(a) of the PR Code, and pursuant to Section 1022(i)(1) of ERISA under Section 501(a) of the United States Internal Revenue Code of 1986, as amended. Therefore, no provision for income taxes has been included in the Plan's financial statements.

As long as the Plan is qualified under the PR Code and related regulations, participants will generally not be taxed on salary-deferred contributions until the year received. In addition, the earnings attributable to such contributions held by the Trustee are also generally exempt from taxation until the taxable year in which they are withdrawn by or distributed to the participant.

Table of Contents

The Plan's tax counsel believes that the Plan is designed in compliance with the applicable requirements of the PR Code, and the Plan Administrator believes that the Plan is currently being operated in material compliance with the applicable requirements of the PR Code.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Contributions are transmitted from the Trustee, Banco Santander, to the recordkeeper, Vanguard, which invests cash received, interest and dividend income and makes distributions to the participants. The recordkeeper also administers the collection of interest and principal on the participant loans. These transactions qualify as permitted party-in-interest transactions.

Certain Plan investments are shares of mutual funds managed by the recordkeeper. These transactions qualify as permitted party-in-interest transactions. As of December 31, 2006 and 2005, the total market value of investments in the mutual funds managed by the recordkeeper was \$25,869,000 and \$26,018,000, respectively.

Certain Plan investments are shares of the common stock of Schering-Plough Corporation, which is the parent company of Schering-Plough Products LLC. These transactions qualify as permitted party-in-interest transactions. As of December 31, 2006 and 2005, the total market value of investments in the Schering-Plough Stock Fund was \$4,784,000 and \$5,115,000, respectively. As of December 31, 2006 and 2005, the Plan held 11,252 and 13,627 units, respectively, of the Schering-Plough Stock Fund. During the years ended December 31, 2006 and 2005, the Plan recorded dividend income of \$53,000 and \$49,000, respectively, from the Schering-Plough Stock Fund.

Certain administrative functions are performed by officers or employees of the Sponsor who also may be participants in the Plan. These actions qualify as permitted party-in-interest activities. No such officer or employee receives compensation from the Plan.

All plan administration expenses are paid by the Sponsor.

6. SUBSEQUENT EVENT

During May 2007, the Plan changed its trustee from Banco Santander to Banco Popular.
