GENERAL INFORMATION What is GE Interest Plus for Businesses? GE Interest Plus for Businesses is an investment designed to provide investors with a convenient way to invest directly in General Electric Capital Corporation (GE Capital). GE Interest Plus for Businesses is issued by General Electric Capital Corporation. It is an unsecured and unsubordinated debt obligation of GE Capital and is not a bank account or a money market fund. It is not a bank deposit and is not FDIC insured. It is offered in the U.S. by prospectus only. Complete information concerning GE Interest Plus for Businesses is contained in the Prospectus. [Back to top](#) How does GE Interest Plus for Businesses set its rates? Rates are reviewed weekly by the GE Interest Plus Committee and may be reset as often. [Back to top](#) How is the yield calculated? Yield reflects the annual rate of return on your investment. It assumes that interest is accrued daily and posted monthly, and that there are no additional investments or redemptions. [Back to top](#) Why does GE Interest Plus for Businesses pay a different rate than the consumer version? GE Interest Plus for Businesses offers a lower rate for commercial investments. Business accounts tend to be more volatile than those of consumers. Nevertheless, the rate offered to businesses can typically be higher when compared to bank money market accounts, CDs and other cash alternatives offered to businesses. The liquidity offered coupled with a rate that is likely to be higher than similar short-term alternatives can make GE Interest Plus for Businesses an attractive option for your business. [Back to top](#) Can I use checks to access my GE Interest Plus for Businesses investment? No. Checkbooks are not provided with your GE Interest Plus for Businesses investment. You may take advantage of our free electronic transfers service to move money to and from your linked business checking account. You may also invest and redeem by wire. [Back to top](#) What are the differences between GE Interest Plus for Businesses and GE Interest Plus for Individuals? There are a few major differences between GE Interest Plus for Individuals and GE Interest Plus for Businesses. [Click here to view a comparison table.](#) [Back to top](#) What is the minimum initial investment? The minimum initial investment is \$500. [Back to top](#) What if my investment amount falls below the required minimum? The required minimum investment is \$500. If your investment falls below the required minimum you will be notified in writing and will be provided with at least 30 days in which to increase your balance to the requirement. If you do not do so, your investment will be redeemed and a check will be mailed to your address of record. [Back to top](#) What is the maximum total investment? The GE Interest Plus Committee has established a maximum total investment for any one business investor of \$5 Million. [Back to top](#) What if my investment exceeds \$5,000,000? If the amount of your investment exceeds this maximum, we may notify you in writing that we intend to redeem the amount of your investment in excess of \$5,000,000. You will then have 30 days to redeem the excess portion of your investment. If you do not do so within a 30-day period, we will redeem the amount we have specified and mail a check to the registered holder of the Notes, less any tax withholding, if applicable. Interest on the redeemed amount shall cease to accrue on and after the effective date of the redemption. [Back to top](#) How is interest accrued and paid? Interest on the Notes will accrue daily. Accrued interest will be credited and automatically reinvested in additional Notes monthly and will begin to accrue interest on the first day following the date of such reinvestment. [Back to top](#) What if I have questions about my investment? How secure is my information online? To ensure security, we encrypt all information between your PC and GE Interest Plus for Businesses. Using secured browsers and 128-bit encryption technology, you can be assured security is our number one priority. In fact, 128-bit encryption is one of the highest levels of encryption currently available. 128-bit encryption is the process of scrambling information (typically for data transmission) so that only someone who has the correct encryption key can reassemble it in its original clear text format. When used between you and GE Interest Plus for Businesses, this encryption technology allows you to encode (or encrypt) your personal information as you send it to us. Only GE Interest Plus for Businesses can decrypt it. Likewise, when we send personal or account information to you, this technology allows us to encode it, and only you can decode it. In the box below, you will be able to see whether the browser you are currently using has 128-bit encryption. If it is noted that your browser does not have 128-bit encryption, please go to the section labeled Download a browser with 128-bit encryption.
