GENERAL INFORMATION

This information statement (this Information Statement) is being mailed to shareholders of Health Fitness Corporation, a Minnesota corporation (the Company), on or about February 8, 2010, and relates to the tender offer commenced on January 26, 2010 by Trustco Minnesota, Inc., a Minnesota corporation (Purchaser) and wholly owned subsidiary of Trustco Holdings, Inc., a Delaware corporation (Parent) and an indirect wholly owned subsidiary of Trustmark Mutual Holding Company, an Illinois mutual insurance holding company (Trustmark), to purchase all of the outstanding shares of the Company s common stock, par value \$0.01 per share (the Shares). Capitalized terms used and not otherwise defined herein shall have the meanings set forth in the Solicitation/Recommendation Statement on Schedule 14D-9 (the Schedule 14D-9) filed by the Company with the Securities and Exchange Commission (the SEC) on January 26, 2010 and mailed to the Company s shareholders on or around that date. Unless the context indicates otherwise, in this Information Statement the terms us, we, and our refer to the Company.

This Information Statement is being mailed to you in accordance with Section 14(f) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and Rule 14f-1 promulgated thereunder. The information set forth herein supplements certain information set forth in the Schedule 14D-9. However, in accordance with Section 14(f) of the Exchange Act and Rule 14f-1 promulgated thereunder, the information set forth herein is as of the dates required by the applicable items of Schedule 14A of Regulation 14A. Such dates may not be as recent as the dates used for similar disclosure in the Schedule 14D-9, so readers are cautioned to consider the information set forth herein in conjunction with the information set forth in the Schedule 14D-9.

You are receiving this Information Statement in connection with the possible election or appointment of persons designated by Parent to at least a majority of seats on the Board of Directors of the Company (the Board). Such designation would be made pursuant to the terms of the Agreement and Plan of Merger, dated as of January 20, 2010, among the Company, Parent and Purchaser (the Merger Agreement). All descriptions of the Merger Agreement in this Information Statement are qualified in their entirety by reference to the complete text of the Merger Agreement. There will be no vote or other action by shareholders of the Company in connection with this Information Statement. Voting proxies regarding Shares are not being solicited from any shareholder in connection with this Information Statement. **YOU ARE URGED TO READ THIS INFORMATION STATEMENT CAREFULLY. YOU ARE NOT, HOWEVER, REQUIRED TO TAKE ANY ACTION IN CONNECTION WITH THIS INFORMATION STATEMENT.**

This Information Statement relates to the tender offer commenced by Purchaser, disclosed in the Tender Offer Statement on Schedule TO, dated as of January 26, 2010 (as may be amended or supplemented from time to time, the Schedule TO), to purchase all of the outstanding Shares at a price of \$8.78 per Share in cash, without interest and less any required withholding taxes (the Offer Price), upon the terms and subject to the conditions set forth in Purchaser s Offer to Purchase, dated January 26, 2010 (as may be amended or supplemented from time to time, the Offer to Purchase) and in the related Letter of Transmittal that accompanied the Offer to Purchase (the Offer to Purchase, together with the Letter of Transmittal, shall be referred to as the Offer). Both the Offer to Purchase and Letter of Transmittal were mailed to Company shareholders on or around January 26, 2010. The Offer was commenced by

Purchaser on January 26, 2010 and expires at 12:00 midnight, New York City time, on Wednesday, February 24, 2010, unless it is extended or terminated in accordance with its terms. The Offer is conditioned on, among other matters, there being validly tendered and not validly withdrawn before the expiration of the Offer at least a majority of the Shares then outstanding on a fully diluted basis, as described below.

The Offer is being made pursuant to the Merger Agreement. The Offer is conditioned upon, among other things, (i) the satisfaction of the Minimum Condition (as defined below) and (ii) the expiration or termination of any applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the HSR Act). The Offer is not subject to a financing condition.

The term Minimum Condition generally requires, among other things, that the number of outstanding Shares that have been validly tendered and not validly withdrawn prior to the expiration of the Offer (as it may be extended as provided by the Offer to Purchase), together with all Shares, if any, then owned by Parent or any of its subsidiaries, represents at least a majority of the outstanding Shares on a fully diluted basis on the date of purchase (which means, as of any time, the number of Shares outstanding, together with all Shares that the Company would be required to issue pursuant to the conversion or exercise of all options, warrants, rights and securities convertible into or exercisable for Shares or otherwise, other than potential dilution attributable to the unexercised portion of the Top-Up Option (as defined in Item 8 of the Schedule 14D-9)).

The Offer is also subject to other important conditions set forth in the Merger Agreement (and summarized in the Offer to Purchase under Section 15 Certain Conditions of the Offer).

The Merger Agreement provides that, following the acceptance for payment of Shares by Purchaser pursuant to the Offer (the Acceptance Time) and subject to the conditions set forth in the Merger Agreement (and summarized in the Offer to Purchase under Section 11 The Merger Agreement), including obtaining the necessary vote of the Company s shareholders in favor of adoption of the Merger Agreement if required by law, the Purchaser will be merged with and into the Company with the Company surviving as a wholly owned subsidiary of Parent (such merger will be referred to as the Merger, and the company that survives the Merger will be referred to as the Surviving Corporation). Pursuant to the Merger Agreement, at the effective time of the Merger, each Share outstanding immediately prior to the effective time of the Merger (other than (i) Shares owned directly or indirectly by the Company, Parent or the Purchaser, or any of their respective subsidiaries, which will be canceled and will cease to exist, and (ii) Shares owned by the Company s shareholders who perfect their dissenters rights under the Minnesota Business Corporation Act (the MBCA)) will be converted into the right to receive \$8.78 in cash, without interest and less any required withholding taxes (the Merger Consideration).

The Merger will be completed in one of two ways. If, following the Acceptance Time and expiration of any subsequent offering period as described in the next sentence, Purchaser owns more than 90% of the Shares then outstanding, then the Merger will occur promptly after the Acceptance Time or expiration of the subsequent offering period, as applicable, pursuant to Section 302A.621 of the MBCA. Following the Acceptance Time, if Purchaser owns more than 50% but less than 90% of the Shares then outstanding, Purchaser may in its sole discretion provide one or more subsequent offering periods pursuant to Rule 14d-11 under the Exchange Act. If, following the Acceptance Time or the last subsequent offering period, if any, Purchaser owns more than 50% but less than 90% of the Shares then outstanding, then the Company will call and hold a special meeting of its shareholders to adopt and approve the Merger Agreement, and the Merger will occur promptly after such shareholder approval.

The Merger is subject to the satisfaction or waiver of certain conditions, including, if required, the adoption of the Merger Agreement by the affirmative vote of the holders of a majority of the outstanding Shares. The Company has agreed, if necessary under applicable law to complete the Merger, to prepare and file with the SEC a preliminary proxy statement as promptly as reasonably practicable after the Acceptance Time, to use reasonable best efforts to clear the preliminary proxy statement with the SEC as promptly as practicable after such filing and to mail the proxy statement to the Company s shareholders as promptly as practicable after it has been cleared with the SEC. Additionally, if necessary under applicable law to complete the Merger, the Company has agreed to duly call, give notice of, convene and hold a meeting of its shareholders as promptly as reasonably practicable after the clearance of the proxy statement by the SEC for the purpose of seeking to obtain shareholder adoption and approval of the Merger

Agreement and the Merger. Parent and the Purchaser have agreed to vote all of the Shares then owned of record by them or any of their subsidiaries in favor of the adoption of the Merger Agreement and approval of the Merger. If the Offer is

successfully completed, Parent and the Purchaser will own a number of Shares sufficient to cause the Merger Agreement to be adopted without the affirmative vote or written consent of any other holder of Shares.

The Merger Agreement requires us to cause the Parent Designees (as defined below) to be elected or appointed to the Board under certain circumstances described below.

All information contained in this Information Statement concerning Parent, Purchaser and the Parent Designees has been furnished to us by Parent. Although the Company has no knowledge that any such information is untrue, the Company takes no responsibility for the accuracy or completeness of information contained in this Information Statement with respect to Parent, Purchaser or any of their subsidiaries or affiliates (including the Parent Designees, as defined below) or for any failure by Parent or Purchaser to disclose any events that have occurred that may affect the significance or accuracy of any such information.

THE PARENT DESIGNEEES

The Merger Agreement provides that, after Purchaser has caused payment to be made for Shares pursuant to the Offer representing at least such number of Shares as will satisfy the Minimum Condition (the Election Time) by depositing such amount with the Depository and Paying Agent, Parent will be entitled to elect or designate the number of directors on the Board, rounded up to the next whole number, as is equal to the product of the total number of directors on the Board (giving effect to the directors elected or designated by Parent pursuant to this sentence) multiplied by the percentage that the aggregate number of Shares beneficially owned by Parent, Purchaser and their affiliates (including Shares so accepted for payment pursuant to the Offer and any Top-Up Shares (as defined in Item 8 of the Schedule 14D-9)) bears to the total number of Shares then outstanding (disregarding any outstanding Company stock options or warrants or other rights to acquire Shares). Upon Parent's request, the Company is required to promptly (and in any event no later than one business day after such request by Parent) (i) take all such actions as are necessary or desirable to appoint to the Board the individuals so designated by Parent, including promptly filling vacancies or newly created directorships on the Board, promptly increasing the size of the Board (including by action of the Board and by the amendment of the bylaws of the Company, if necessary) and/or promptly seeking the resignations of such number of incumbent directors as is necessary or desirable to enable Parent's designees to be elected to the Board and (ii) cause Parent's designees to be elected to the Board. The Company is also required, upon Parent's request at any time after the Election Time, to use reasonable best efforts to cause persons elected or designated by Parent to constitute at least the same percentage (rounded up to the next whole number) as is on the Board of (A) each committee of the Board (including, without limitation, the audit committee), (B) the board of directors of each subsidiary of the Company and (C) each committee (or similar body) of each such board, in each case to the extent permitted by applicable law.

The Merger Agreement provides that the Company will use its reasonable best efforts to ensure that at least three of the members of the Board as of January 20, 2010, who are independent (the Independent Directors) for purposes of Rule 10A-3 under the Exchange Act and the rules of the NYSE Amex, and are eligible to serve on the Company's audit committee under the rules of the Exchange Act and the NYSE Amex, and at least one of whom is an audit committee financial expert, as defined in Item 407(d)(5)(ii) of Regulation S-K, remain on the Board until the Merger has been consummated. The Board has selected Mark W. Sheffert, Robert J. Marzec and John C. Penn as the Independent Directors, and they have agreed to so act. If there are fewer than three Independent Directors on the Board for any reason, the Board will cause a person designated by the remaining Independent Directors that meets the above requirements to fill such vacancy, and the person so designated will be deemed an Independent Director for all purposes of the Merger Agreement.

The Merger Agreement further provides that, if Parent's designees constitute a majority of the Board prior to the effective time of the Merger, then the affirmative vote of a majority of the Independent Directors shall be required for

the Company (i) to amend or terminate the Merger Agreement or (ii) to extend the time of performance of, or waive, any of the obligations or other acts of Parent or the Purchaser under the Merger Agreement, if such amendment, termination, extension or waiver would reasonably be expected to have an adverse effect on any holders of Shares other than Parent or the Purchaser.

The foregoing summary is qualified in its entirety by reference to the Merger Agreement, which is filed as Exhibit (e)(1) to the Schedule 14D-9 and is incorporated herein by reference.

Parent has informed us that its designees (the Parent Designees) will be selected by Parent from among the individuals listed below. Parent has advised us that none of the Parent Designees to our Board have, during the past five years, (1) been convicted in a criminal proceeding (excluding traffic violations or misdemeanors), (2) been a party to any judicial or administrative proceeding that resulted in a judgment, decree or final order enjoining the person from future violations of, or prohibiting activities subject to, U.S. federal or state securities laws, or a finding of any violation of U.S. federal or state securities laws, (3) filed a petition under federal bankruptcy laws or any state insolvency laws or has had a receiver appointed to the person's property or (4) been subject to any judgment, decree or final order enjoining the person from engaging in any type of business practice.

The Nominating/Governance Committee has the ability to employ recruiting firms to assist in the identification and recruitment of director candidates and other advisors, but it did not do so in 2009.

When selecting candidates for recommendation to the Board, the Nominating/Governance Committee will consider the attributes of the candidates and the needs of the Board and will review all candidates in the same manner, regardless of the source of the recommendation.

In evaluating director nominees, a candidate should have certain minimum qualifications, including being able to read and understand basic financial statements, be familiar with our business and industry, have high moral character and mature judgment, and be able to work collegially with others. In addition, factors such as the following shall be considered:

- appropriate size and diversity of the Board;

- needs of the Board with respect to particular talent and experience;

- knowledge, skills and experience of nominee;

- familiarity with domestic and international business affairs;

- legal and regulatory requirements;

- appreciation of the relationship of our business to the changing needs of society; and

- desire to balance the benefit of continuity with the periodic injection of the fresh perspective provided by a new member.

2009 DIRECTOR COMPENSATION

Compensation to Non-Employee Directors

Under the Board of Directors Compensation Plan, as amended December 18, 2008, directors who are not employees of the Company receive the following compensation:

1. Each director receives an annual cash retainer of \$12,000, payable quarterly at a rate of \$3,000 in advance of each quarter.
2. The Chairman of the Board receives an additional annual cash retainer of \$6,000, payable quarterly at a rate of \$1,500 in advance of each quarter. In addition, the non-employee directors, other than the Chairman, approved an additional annual fee of \$30,000 to the Chairman for his additional services provided in connection with the Company's strategic plan and related projects. This fee will be paid quarterly and is subject to suspension or termination by the Board.

3. The Chair of the Audit Committee receives an additional annual cash retainer of \$5,000, payable quarterly at a rate of \$1,250 in advance of each quarter.
4. The Chairs of each of the Compensation and Nominating/Governance Committees receive an additional annual cash retainer of \$2,500, payable quarterly at a rate of \$625 in advance of each quarter.
5. The Chairs of each of the Finance and Strategy Committees and of any Ad-Hoc Committees from time to time created by the Board receive a \$250 committee meeting fee (in addition to fees paid to all committee members for their attendance at such committee meetings).
6. Each director receives a cash payment of \$1,000 for attending each regular and special Board meeting. Telephonic Board meetings, or a director's telephonic attendance at a Board meeting, are compensated at 75% of the full payment.
7. Committee members receive a cash payment of \$500 for attending each regular and special committee meeting. Telephonic committee meetings, or the director's telephonic attendance at a committee meeting, will be compensated at 75% of the full payment.
8. Upon the initial election to the Board, a director will receive a grant of that number of shares of common stock which is equal to the lesser of (i) the sum of \$60,000, divided by the per share fair market value of the Company's common stock as of such date of election, or (ii) 10,000 shares. The shares will vest ratably over a three year period, and non-vested shares are subject to forfeiture upon the director's resignation, termination, or failure to stand for reelection.
9. Upon the initial election to the Board and on the date of each Annual Shareholders Meeting thereafter, subject to such director serving up to the date of such Annual Meeting and having been elected or reelected at the previous Annual Meeting, a director will receive a six-year fully vested option to purchase 7,500 shares of common stock. Any director who served for a portion of the year shall receive a pro-rated option based on the number of days between such director's initial election to the Board and the date of the Annual Shareholders Meeting. The option will have an exercise price equal to the fair market value of the common stock on the date of grant.

In addition, the Company reimburses directors for any out-of-town travel incurred by a director to attend Board (but not Committee) meetings, and directors are covered by a D&O liability insurance policy.

Risk-free interest rate	1.49%
Expected volatility	47.5%
Expected life (in years)	3.00

Each of the option awards reflected in this column was fully vested when granted, and the grant date fair value of each of these awards, computed in accordance with FAS 123(R), is the same as the amount recognized for financial statement reporting purposes as reflected in this column. The full grant date fair value of all of the awards to these directors, computed in accordance with FAS 123(R), is \$95,850. As of December 31, 2009, each non-employee director had the following number of options outstanding: Mark W. Sheffert, 45,000; David F. Durenberger, 22,500; K. EXECUTIVE COMPENSATION

Overview

The Company's executive compensation program is designed to attract, retain, motivate and fairly reward the high performing individuals who will help the Company achieve and maintain a competitive position in the employee health improvement industry. The program is also intended to ensure the accomplishment of the Company's financial objectives and to align the interests of employees, including management, with those of long-term shareholders. The Company accomplishes these objectives by linking compensation to individual and Company performance, setting compensation at competitive levels, rewarding executives for financial growth of the Company, tying incentive compensation to performance objectives that are clearly defined and challenging but achievable, increasing incentive compensation with position and responsibility, and balancing rewards for short- and long-term performance. In 2009, our executive compensation program was comprised of three elements: base salary, non-equity incentive compensation in the form of an annual bonus, and long-term, equity-based incentive compensation.

We primarily compensate our executive officers with cash and equity and not perquisites. The Company's perquisite awards are fairly modest, so as to avoid a negative impact on internal pay and equality. The Company provides all full-time employees with what it believes are customary benefits, which include a 401(k) savings plan and matching contributions of \$0.20 for each \$1.00 contributed, up to 10% of eligible compensation; health and dental plans; an employee stock purchase plan; life insurance; and long- and short-term disability insurance plans. In addition, the Company pays for Mr. Lehman's commuting expenses from his home state to the Company's headquarters in Minnesota, which totaled \$22,245 in 2009, and his living and commuting expenses in Minnesota, which totaled

\$46,048 in 2009, and provides reimbursement of the tax payable by Mr. Lehman on such expenses, which totaled \$55,656 in 2009.

Base Salary

Base salary is designed to be in the median range of salary levels for equivalent positions at comparable companies nationwide, which is intended primarily to attract high performing individuals while remaining in line with compensation amounts paid by other companies. Each executive's actual salary within this competitive framework depends on the individual's performance, responsibilities, experience, leadership and potential future contribution. The Compensation Committee periodically reviews base salary for each executive officer by identifying pay levels for similar roles in other organizations, considering the past performance of the executive officer, the scope of the executive officer's responsibilities, the value added by the executive officer and internal equity. The Compensation Committee then makes recommendations to the Board. Executives do not necessarily receive increases every year.

The original base salaries of the named executive officers were set by their employment agreements and are subject to increase in the Board's discretion.

Management Bonus Program

In 2007, the Compensation Committee recommended and the Board approved a management bonus program, which was intended to promote achievement of the company's strategic plan through 2009. This program was comprised of two elements: a short term incentive annual cash bonus and a long term incentive pool of restricted stock awards. Participants in this program had the option to choose a cash bonus in lieu of restricted stock awards, as discussed below. The Board also has the discretion to make stock option grants and individual stock grants outside of this program.

Cash Bonuses

Executive officers are eligible to receive non-equity incentive compensation based on achievement of performance targets. Under the 2009 bonus program, the executive officers are eligible to receive non-equity incentive compensation based on achievement of performance targets and such bonuses would be earned by executive officers following the completion of the 2009 annual audit. If the Merger closes prior to the conclusion of the 2009 annual audit, the bonuses will be paid out on the basis of the unaudited financial statements available at such time. The 2009 bonus program provides for cash payouts to Dr. Lehman, Mr. Winnekins, Dr. Reynolds, Mr. Griffin, Ms. Crawford, Mr. Gagne, Mr. Ellis, Mr. Hurt, and Ms. Meacham based on the Company achieving between 80% to 120% of budgeted revenue objectives and of budgeted earnings before interest, taxes, depreciation, amortization and stock-based compensation (EBITDA) objectives. Dr. Lehman is eligible to receive non-equity incentive compensation of between 1.8% and 67.5% of his base salary, Mr. Winnekins, Dr. Reynolds, Mr. Griffin and Ms. Crawford are each eligible to receive non-equity incentive compensation of between 1.2% and 45% of their base salary, Mr. Gagne and Mr. Ellis are each eligible to receive non-equity incentive compensation of between 1% and 37.5% of their base salary, and Mr. Hurt and Ms. Meacham are each eligible to receive non-equity incentive compensation of between 0.88% and 33% of their base salary. No awards will be earned on financial objectives for which the Company achieves less than 80% of the planned revenue target and less than 80% of the planned EBITDA target. Under the 2009 bonus program, Mr. McConnell is eligible to receive non-equity incentive compensation of between 1.25% and 18.75% of his base salary based on the Company achieving between 80% and 120% of budgeted revenue objectives. Mr. McConnell is also eligible to receive non-equity incentive compensation of between 9.69% and 18.75% of his base salary based on achieving between 95% and 120% of new client 2009 annualized revenue objectives.

In addition to this bonus program, the Board, upon recommendation of the Compensation Committee, has in the past made discretionary cash bonus grants to certain of the executive officers for outstanding performance, but did not do so for 2009 as of the date of this Information Statement.

Restricted Stock Awards

The management bonus program utilizes grants of restricted stock that would be earned by executives and vested following the completion of the 2009 annual audit, based upon the Company's achievement of its

annual plan for 2007, 2008 and 2009. The Board adopted, and our shareholders approved in 2007, the 2007 Equity Incentive Plan, which provides for restricted stock awards to be earned by executive officers upon achievement of annual performance targets that are based on the Company's strategic plan. The restricted stock awards are subject to the terms of the Company's customary Restricted Stock Award Agreement and the 2007 Equity Incentive Plan. The number of shares of restricted stock that vest will be based upon the Company achieving at least 95% of plan accomplishment, and up to 110% of plan accomplishment. Generally, executives would have to be employed by the Company at the time of the completion of the Company's 2009 annual audit in order for their shares of restricted stock to vest. The 2007 Equity Incentive Plan also allows for grants that are not based upon performance targets, as discussed below.

The Board also adopted in 2007 the Cash Incentive Plan, which provides that executives may elect to receive a cash payment in lieu of the restricted stock award described above, payable on the same terms and subject to achievement of the same targets as those that would apply for that year's restricted stock award. Any unvested performance cash bonus award granted to an executive officer under the Cash Incentive Plan will automatically vest at the effective time of the Merger to the same extent as the unvested restricted stock and will be accelerated and paid in connection with the closing of the Merger. Ms. Crawford is the only executive officer to whom this provision applies.

Annual Equity Grants

The Board and the Compensation Committee also have the discretion to make stock option and restricted stock grants in order to award individual performance each year. As of the date of this Information Statement, the Board has not made any such grants for performance in 2009 due to the pendency of the Merger, and the Company is prohibited from making any such grants under the terms of the Merger Agreement. The Board made annual grants of restricted stock for 2008 subject to the terms of the Company's customary Restricted Stock Agreement and 2007 Equity Incentive Plan and grants of stock options for 2007 and prior years subject to the terms of the Company's customary Incentive Stock Option Agreement and the Amended and Restated 2005 Stock Option Plan. When making such grants, the Compensation Committee and Board considered the size of the previous grants of stock options, but this factor is not entirely determinative of future grants. Each executive's annual grants are based upon the individual's performance, responsibilities, experience, leadership and potential future contribution, and any other factors deemed relevant by the Compensation Committee and the Board. The Compensation Committee and the Board also consider the potential expense to the Company of all stock option and restricted stock grants.

The Board has adopted a policy with respect to the granting of options, restricted stock and other equity-based awards that specifies who has authority to grant the awards and when the awards may be granted. The policy's provisions regarding the timing of grants are designed to avoid any impropriety by restricting the grants to those periods when there would typically be no opportunity to misuse material nonpublic information in connection with the pricing of a grant, or, in the case of annual grants, to establish a set date each year for the grants to be made so as to prevent any discretion in setting grant dates, but also provide the Board and Compensation Committee with limited flexibility to make grants from time to time in extraordinary circumstances.

Treatment of Equity Awards in the Merger

The Merger Agreement provides that each stock option with respect to the Shares that is outstanding immediately prior to the effective time of the Merger, whether vested or unvested, will be canceled and, in exchange therefor, the Surviving Corporation shall pay, and Parent shall cause the Surviving Corporation to pay, to each person who was holding such canceled option, an amount in cash (without interest and subject to deduction for any required withholding taxes) equal to the product of (i) the excess, if any, of the Merger Consideration over the exercise price per Share of such stock option and (ii) the number of Shares subject to such option. However, if the exercise price per Share under any such option is equal to or greater than the Merger Consideration, then such option shall be canceled

without any cash payment being made in respect thereof. Any such payments will be made as soon as practicable following the effective time of the Merger.

Pursuant to the Merger Agreement, immediately prior to the effective time of the Merger, all unvested restricted stock granted under the Company's equity plans outstanding immediately prior to the effective time of the Merger, other than shares of unvested restricted stock subject to performance-based vesting for which the performance objectives have not been achieved and which relate to 2007 and 2008 performance periods (the Forfeited Restricted Stock), will vest and will be treated in accordance with the treatment of Shares issued and outstanding immediately prior to the effective time of the Merger. Each share of Forfeited Restricted Stock will be forfeited and canceled and none of the holders thereof shall receive or be entitled to receive any consideration in connection therewith.

Employment Agreements

We have entered into written employment agreements with our named executive officers to provide both the Company and the executive officers with protections and rights that would otherwise not be memorialized in a verbal contract, and to express the commitment on the part of the Company and the executive officer to the employment relationship. The employment agreements with our named executive officers provide that each officer serves for an indefinite term until his employment is terminated in accordance with the terms of the agreement.

The employment agreements of all of the named executive officers provide that these executive officers would continue to receive their base salaries for a specified severance period following termination without cause. This salary continuation is intended to provide the executive officers with pay for the time they would potentially need to find replacement positions. We have also included change in control provisions in the employment agreements of the named executive officers. The agreements generally provide that, in the event of a change in control, each executive officer would receive severance pay for a specified period if the executive officer is terminated without cause upon a change in control. The change in control provisions are designed to retain the executive officer and provide for continuity of management in the event of an actual or threatened change in control of the Company. The employment agreements also include non-solicitation and non-disparagement covenants, and, in the case of Messrs. Lehman and Reynolds, non-competition provisions that prevent these named executive officers from having certain relationships with our competitors.

Summary Compensation Table

The following table summarizes compensation awarded to, earned by or paid to the Company's Chief Executive Officer and two most highly compensated executive officers other than the Chief Executive Officer, each of whom was serving as an executive officer of the Company as of December 31, 2009, with respect to our fiscal years ended December 31, 2009 and December 31, 2008.
