The Notice of Internet Availability of Proxy Materials also instructs you on how to access your proxy card to vote via the Internet or by telephone.

This process is designed to expedite shareholders' receipt of proxy materials, lower the cost of the Annual Meeting and help conserve natural resources. If you would prefer to continue to receive printed proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

Charitable Contributions

The Company has not made any charitable contributions, where the amount exceeded \$1 million or two percent of such charity's consolidated gross revenues, to any charitable organization of which a director is an executive officer.

Code of Ethics

The Company demonstrates its commitment to operate at the highest ethical standards by enforcing the principles in its Code of Ethics, which is applicable to all employees. The Company's chief ethics officer is responsible for

implementation and oversight of the ethics program. Additionally, the Company has in place a Code of Business Conduct and Ethics for the Chief Executive Officer and the Senior Financial and Accounting Officers. It is the responsibility of the audit committee and the chief financial

officer to make sure that this policy is operative and has effective reporting and enforcement mechanisms. Both the Code of Business Conduct and Ethics for the Chief Executive Officer and Senior Financial Officers and the Code of Ethics are available for review on the Company's Web site at www.scripps.com (click on Investor Relations and then on Corporate Governance) and to any shareholder who requests a printed copy from the Company's secretary at secretary@scripps.com or at 312 Walnut Street, Suite 2800, Cincinnati, Ohio 45202.

The Company believes it has an obligation to provide employees with the guidance and support needed to ensure that the best, most ethical choices are made at work. To support this commitment, the Company established a means for employees to submit confidential and anonymous reports of suspected or actual violations of the Company's Code of Ethics relating, among other things, to: accounting and auditing matters; antitrust activity; confidentiality and misappropriation; conflict of interest; discrimination or harassment; diverting of product or business activity; embezzlement; employee relations; falsification of contracts, reports or records; gifts or entertainment; improper supplier or contractor activity; leadership or management issues; securities violations; sexual harassment; substance abuse; theft; or unsafe working conditions; violence or threat. To submit a report, an employee may call a toll-free number that is answered by a trained professional of EthicsPoint, an independent firm. This number (888-397-4911) is operational 24 hours a day, seven days a week. Employees may also raise questions online through the Internet (www.ethicspoint.com). The Company also provides employees a direct phone number to contact its chief ethics officer.

Communications with Directors

Shareholders and other interested parties wishing to communicate with the board of directors may do so by addressing letters to the secretary of the Company at secretary@scripps.com or by mail at 312 Walnut Street, Suite 2800, Cincinnati, Ohio, 45202. The board has instructed the secretary to review all communications so received (via e-mail or regular mail), and to exercise her discretion not to forward to the directors correspondence that is not germane to the business affairs of the Company. Correspondence not forwarded will be retained for one year, and any director may request the secretary to forward any and all such communications to the directors.

Director Attendance at Annual Meetings of Shareholders

The Company does not have a policy with regard to attendance by board members at the Annual Meeting of Shareholders. Ms. Scagliotti, Mr. Hayden, and Mr. Boehne attended the Company's 2010 annual meeting of shareholders.

Director Education

New directors attend a training session that introduces them to the Company's operations and to the members of management. Thereafter, directors are informed on a regular basis of various director educational programs offered by governance and director organizations. The Company pays for the continuing education of its directors. The director orientation policy is reviewed by the nominating & governance committee annually.

Director Independence

The Company has determined that the following directors are independent under the standards established by the NYSE: John H. Burlingame, John W. Hayden, Roger L. Ogden, Mary McCabe Peirce, J. Marvin Quin, Nackey E. Scagliotti, Paul K. Scripps, and Kim Williams. Richard A. Boehne is the president and chief executive officer of the company and is the only non-independent member of the board of directors. All of the members of the nominating & corporate governance and compensation committees are independent under such standards.

Table of Contents

Director Independence Audit Committee

The board of directors of the Company has determined that none of the current members of the audit committee has any relationship with the Company that could interfere with his or her exercise of independence from management and the Company. Each of the members satisfies the definitions of independence set forth in the rules promulgated under the Sarbanes-Oxley Act and in the listing standards of the New York Stock Exchange. The board determined that each member of the committee is financially literate as defined under the current NYSE rules and that Mr. Quin is an audit committee financial expert as defined in the SEC rules adopted under the Sarbanes-Oxley Act.

Director Independence Controlled Company Status

The New York Stock Exchange requires listed companies to have a majority of independent directors on their boards and to ensure that their audit committee, compensation committee and governance committee are composed entirely of independent directors as well. A company that qualifies as a controlled company does not have to comply with these independence rules so long as it discloses to shareholders that the company qualifies as a controlled company and is relying on this exemption in not having a majority of independent directors on the board or not having audit, compensation, and nominating committees comprised entirely of independent directors. A controlled company is a listed company of which more than 50 percent of the voting power is held by an individual, a group, or another company. The Edward W. Scripps Trust holds a majority of the Company's outstanding Common Voting Shares, and as such the Company qualifies as a controlled company and may rely on the NYSE exemption. The Company is not relying at present on that exemption.

Director Nominations

The nominating & governance committee will consider any candidate recommended by the shareholders of the Company in light of the committee's criteria for selection of new directors. If a shareholder wishes to recommend a candidate, he or she should send the recommendation, with a description of the candidate's qualifications, to: Chair, Nominating & Governance Committee, c/o Ms. Julie McGehee, The E. W. Scripps Company, 312 Walnut Street, Suite 2800, Cincinnati, Ohio 45202 or at secretary@scripps.com. In the past, the committee has hired an independent consultant to assist with the identification and evaluation of director nominees and may do so in the future.

Director Qualifications and Diversity

When selecting director nominees, the nominating & governance committee considers requirements of applicable law and listing standards, as well as the director qualification standards highlighted in the Company's corporate governance principles. The committee is responsible for reviewing with the board the requisite skills and characteristics of board candidates as well as the diversity and composition of the board as a whole. A person considered for nomination to the board must be a person of high integrity. Other factors considered are independence, age, gender, skills, and experience in the context of the needs of the board. The board does not have a formal diversity policy. The nominating & governance committee makes recommendations to the board regarding the selection of director nominees.

For each director nominee at the Company's 2011 annual meeting of shareholders, the board considered each of the factors highlighted in the preceding paragraph, and the nominees' biographical information and work experience on pages 4 & 5, and determined that, if elected, the nominees would enable the board as a whole to perform its duties in an efficient and effective manner. Among other things, all of the nominees bring integrity and good business judgment to board discussions. More specifically, Mr. Ogden, Ms. Williams, Mr. Boehne, Ms. Peirce, Ms. Scagliotti and Mr. Scripps bring a working knowledge of the industry and/or have direct newspaper or television experience, Mr. Burlingame has legal experience, Mr. Hayden is a retired chief executive officer and Mr. Quin brings financial

expertise to the discussions.

Risk oversight is a key responsibility of the board of directors. The board considers risks such as business continuity planning, disaster recovery, and credit card industry data security. In discharging its oversight responsibility as to the audit process, the audit committee reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2010, with the Company's management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of

significant judgments; and the clarity of disclosures in the financial statements. The committee also discussed with the Company's internal auditor, and with Deloitte & Touche LLP (Deloitte), the Company's independent registered public accounting firm for the year ended December 31, 2010, the overall scope and plan for their respective audits. The committee meets with the internal auditor and Deloitte, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

Independence of the External Auditors

The Audit Committee has established a pre-approval policy and procedures for audit, audit-related and tax services that can be performed by the independent auditors without specific authorization from the committee subject to certain restrictions. The policy sets out the specific services pre-approved by the committee and the applicable limitations, while ensuring the independence of the independent auditors to audit the Company's financial statements is not impaired.

Audit-Related Fees These are fees for assurance and related services performed by Deloitte that are reasonably related to the performance of the audit or review of the Company's financial statements. This includes: employee benefit and compensation plan audits paid by the Company; due diligence related to mergers and acquisitions; other attestations by Deloitte, including those that are required by statute, regulation or contract; and consulting on financial accounting/reporting standards and controls.

Tax Fees These are fees for professional services performed by Deloitte with respect to tax compliance and tax returns. This includes review of original and amended tax returns for the Company and its consolidated subsidiaries; refund claims, payment planning/tax audit assistance; and tax work stemming from Audit-Related items.

These services are actively monitored (both spending level and work content) by the Audit Committee to maintain the appropriate objectivity and independence in Deloitte's core work, which is the audit of the Company's consolidated financial statements. The Committee also concluded that Deloitte's provision of audit and non-audit services to the Company and its affiliates is compatible with Deloitte's independence.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis explains the Company's 2010 compensation program for Richard A. Boehne, our President and Chief Executive Officer; Timothy E. Stautberg, our Senior Vice President/Chief Financial Officer and Treasurer; Mark G. Contreras, our Senior Vice President/Newspapers; Brian G. Lawlor, our Senior Vice President/Television; and William Appleton, our Senior Vice President/General Counsel. We refer to these individuals as our named executive officers.

Overview

We made a series of difficult decisions over the past two years in order to maintain the Company's financial flexibility and demonstrate management's leadership in financial discipline during a very challenging economic environment. These decisions are summarized below and were intended to improve the cash flow generated by our media businesses in the face of declining advertising revenue.

In 2009, Mr. Boehne proposed and the Board agreed to reduce his base salary by 15% and the other named executive officers at that time voluntarily reduced their base salaries by 10%. In 2010, we froze the base salary of the named executive officers, other than Mr. Lawlor, at these reduced 2009 levels, and the salary freeze will continue in 2011.

The 2009 annual incentive (bonus) opportunity for our named executive officers was eliminated. The 2010 annual incentive opportunity was established at levels that were approximately 50% to 70% below 2008 levels. The sole focus of the 2010 program was related to generating free cash flow in excess of our budget, consistent with our primary business objectives.

The 2010 long-term incentive opportunity for our named executive officers was scaled back approximately 25% from 2009 levels in order to align the award opportunities with the 2010 peer group market median levels.

In 2009, we amended the pension plan and Supplemental Executive Retirement Plan (SERP) to freeze service accruals as of June 30, 2009 and to freeze compensation accruals after a five-year transition period ending December 31, 2014. In 2011, we will introduce a new transition credit benefit for employees closest to retirement age. The new benefit ranges from 1% to 5% of an eligible participant's compensation, depending on his or her age and years of service, for a period not to exceed five years.

The 401(k) match, along with the match on base pay deferrals into the Executive Deferred Compensation Plan, was suspended from April 2009 through June 2010.

We also have adopted several programs that are intended to enhance our pay-for-performance culture and better align the interests of our named executive officers with those of our shareholders. For example:

In 2009, we voluntarily implemented an Incentive Compensation Recoupment Policy (or a claw-back policy), under which an executive would forfeit certain incentive compensation in the event the executive's fraud or misconduct caused us to restate our financial results.

In 2011, we voluntarily implemented stock ownership requirements for our executive officers, under which they must hold a minimum level of the Company's Class A common shares.

In 2010, we improved our financial performance and exceeded our cash flow targets by more than 90%. As a result, our annual incentive plan paid out at the maximum level and performance-based restricted share units were earned. Our stock price increased by 46% in 2010, more than twice the peer group average.

Table of Contents**Summary of Compensation Program*****Objectives***

The 2010 executive compensation program was designed to meet the following objectives that align with and support our strategic business goals:

Improve the cash flow generated by our media businesses over time in response to unprecedented declines in advertising revenue;

Attract and retain executives who will lead our efforts to build long-term value for shareholders during these turbulent economic times; and

Reward increases in shareholder value.

Compensation Elements

The key elements of our executive compensation program were base salary, annual incentives, long-term incentives consisting of time-based and performance-based restricted share units, and retirement benefits. The named executive officers also received certain perquisites, but these perquisites were not a key element of compensation. The chart below illustrates how each element of compensation fulfills our compensation objectives discussed above.

Program	Form	Fixed or Variable	Objectives
Base salary	Cash	Fixed	Serves as attraction and retention incentive Rewards individual performance
Annual incentive	Cash	Variable	Rewards annual operating results Emphasizes variable performance-based compensation
Performance-based restricted share units	Equity	Variable	Rewards annual operating results Emphasizes variable performance-based compensation Serves as attraction and retention incentive Aligns interests with shareholders

Variable Compensation

The Company's long-term success is based on achieving key strategic, financial and operational goals from year to year. As a result, a part of the named executive officers' compensation is variable or at risk. This means that a portion of their compensation is directly contingent upon achieving specific results that are essential to the Company's long-term success and growth in stockholder value.

The variable compensation elements consist of:

An annual incentive opportunity, which is a cash-based award that is payable only if we exceed our budgeted annual free cash flow goal; and

Table of Contents

Performance-based restricted share units, which vest over time based in part on achievement of the annual free cash flow goal and in part on continuing employment of the named executive officer. The long-term incentive enhances our retention incentives and encourages our named executive officers to continue to make decisions and to deliver results over a broader time period, thus keeping a focus on the long-term horizon.

As described above, the primary performance goal under our 2010 annual and long-term incentive plans is free cash flow, which, for purposes of the annual incentive opportunity, is defined as consolidated operating income (excluding the results from United Media) plus depreciation, amortization, restructuring costs and bonus accruals, and less capital expenditures. For purposes of the performance-based restricted shares, free cash flow is defined as operating income from continuing operations, plus depreciation, amortization and restructuring costs, and less capital expenditures and excluding extraordinary items. The value of our Company is based on free cash flows generated by the business over time. Since free cash flow is so vital to the success of our business moving forward, we felt that this was the most appropriate measure to use in our incentive compensation programs.

Risk Assessment

In consultation with the Compensation Committee, members of management from the company's Human Resources, Legal and Risk Management groups assessed whether the Company's compensation policies and practices encourage excessive or inappropriate risk taking by our employees, including employees other than our named executive officers. This assessment included a review of the risk characteristics of our business, our internal controls and related risk management programs, the design of our incentive plans and policies, and the impact of risk mitigation features.

Although historically a portion of our executive compensation program is variable or performance-based, the Compensation Committee has focused on aligning our compensation policies with the long-term interests of our shareholders and avoiding rewards that could create unnecessary risks to the Company, as evidenced by the following:

Our executive compensation program reflects an appropriate mix of compensation elements and balances current and long-term performance objectives, cash and equity compensation, and risks and rewards associated with executive roles;

We do not use highly leveraged performance goals, but instead incentive opportunities are based on balanced performance metrics that promote disciplined progress toward exceeding long-term goals, and all payouts are capped at a pre-established percentage of base salary;

Long-term incentives which are partially performance based are granted annually and vest over a period of three to four years, so that executives always have unvested awards that could decrease significantly in value if our business is not managed for the long term;

Our stock ownership policy requires our executive officers to hold a minimum level of our Class A common shares to ensure that each executive has personal wealth tied to the long-term success of the Company and therefore has interests that are aligned with those of our public shareholders; and

We maintain a clawback policy, under which we will require the reimbursement of any incentive compensation if the payment was predicated upon financial results that were subsequently the subject of a restatement caused by the recipient's fraud or misconduct.

Management reported its findings to the Compensation Committee, and after review and discussion, the Compensation Committee concluded that our compensation programs do not create risks that are reasonably likely to have a material adverse effect on our business.

Use of Market Survey Data

We believe that each element of our compensation program should remain competitive in order to attract and retain key executive talent. To help determine the competitive market, the Committee has

Table of Contents

relied in the past on market compensation data for comparable executive positions within similarly-sized media companies.

Typically, the Committee reviews the market levels of compensation for the following components of our executives compensation: (i) base salary; (ii) total cash compensation, which is base salary plus annual incentive compensation; (iii) long-term incentive awards; and (iv) total direct compensation, which is total cash compensation plus long-term incentive awards. In 2010, however, the Compensation Committee used the market data to establish only long-term incentive awards for our named executive officers and the base salary increase for Mr. Lawlor as base salary levels remained constant and annual incentive opportunities were reduced in connection with our cost-cutting initiatives.

Each year the Committee approves our compensation peer group. The group consists of companies that operate in the broadcast television and/or newspaper industries and whose business models are similar to ours. The Company's outside compensation consultant, along with our senior executives, review a list of possible peer group members based on the Company's current strategic direction, size and market for competitive talent. Based on that review and the overall strategic direction of the Company, a peer group of 13 companies was selected for 2010. The peer group for 2010 was the same as the group used in 2009, and consisted of the following companies (in alphabetical order):

A. H. Belo Corporation	The McClatchy Company
Belo Corp.	Media General, Inc.
Gannett Co., Inc.	Meredith Corporation
Gray Television, Inc.	The New York Times Company
Journal Communications, Inc.	Nexstar Broadcasting Group, Inc.
Lee Enterprises, Incorporated	Sinclair Broadcast Group, Inc.
LIN TV Group	

The Committee believes that this peer group is appropriate because it represents a comparable group of public companies with similar business models and of a roughly similar size. For example, the companies in the peer group have revenues between \$252 million and \$5.6 billion, with median revenue of \$656 million. Our Company has revenue of approximately \$800 million or slightly above the median of the peer group. The Committee also believes that this peer group is appropriate because: (i) the responsibilities of our executives correspond with the responsibilities of executives working in similar positions at the companies in this peer group and (ii) this peer group reasonably corresponds to the market for executive talent.

Analysis of Each Compensation Element

Following is a brief summary of each element of the compensation program for our named executive officers.

Base Salary

We provide competitive base salaries to attract and retain key executive talent.

Given the continuing uncertain economic environment, the Compensation Committee did not make any base salary adjustments during the 2010 or 2011 performance review of our named executive officers, other than Mr. Lawlor. This salary freeze is part of a program, implemented in 2009, to reduce the base salaries of our senior executives until business conditions improve. As part of that program, in 2009 Mr. Boehne voluntarily agreed to reduce his base salary by 15% and the other named executive officers voluntarily agreed to reduce their base salaries by 10%. Moreover, our named executive officers voluntarily agreed in May 2009 to take an additional temporary base pay reduction equal to five days.

Mr. Lawlor was promoted to his current position in 2009. At the time of his promotion, the Committee decided to implement a plan to increase Mr. Lawlor's compensation over time, so that it eventually would approximate the market median, based on his performance and growth in his new role. As a result, and despite the general salary freeze that applied to the named executive officers, the Committee authorized

Table of Contents

an increase in Mr. Lawlor’s salary for 2010 to bring his salary to the median salaries paid to comparable executives in the compensation peer group.

Annual Incentive

The Company typically maintains an annual incentive program, under which our named executive officers are eligible to receive annual cash payments based on the extent to which certain operational goals are achieved.

The Compensation Committee believes that an annual incentive program is an important component of total compensation because:

It rewards executives for achieving annual operating results; and

It is a performance-based component that provides variable or at risk compensation.

In February 2010, the Committee established the 2010 annual incentive program for our named executive officers. In light of the Company’s cost-cutting initiatives, the target annual incentive opportunity for each named executive officer, other than Mr. Boehne, was reduced from 50% of base salary in 2008 to 25% of base salary in 2010. Mr. Boehne’s target annual incentive opportunity was reduced from 95% of base salary in 2008 to 30% of base salary in 2010.

The 2010 program focused solely on attaining an annual free cash flow target, which was set at \$10 million above our free cash flow budget of \$30.6 million. No annual incentive would be awarded unless the cash flow metric was achieved, and the payout was capped at 150% of the incentive opportunity, as reflected in the following chart:

	Below target (0% Payout)	Target (100% Payout)	Maximum (150% Payout)
Free Cash Flow	Below \$ 40.6 million	\$ 40.6 million	\$ 45.6 million

As defined for the annual incentive plan, our free cash flow for 2010 was \$81.3, meaning that our named executive officers received an annual incentive payout equal to 150% of their target annual incentive. Even though the annual incentive plan paid out at the maximum level, due to the significant decrease in the target incentive opportunities from 2008 levels, the 2010 payout was actually lower than the 2008 target incentive opportunity.

For more information on the 2010 annual incentive opportunities for our named executive officers, please refer to the Grants of Plan-Based Awards section of this proxy statement. The amount of the 2010 annual incentive payments is set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table of this proxy statement.

Long-Term Incentives

In 2010, the Committee granted awards of time-based and performance-based restricted share units under this plan to the named executive officers. The Committee believes that a competitive long-term incentive program is an important component of total compensation because:

It enhances retention and rewards executives for increasing stock price and enhancing long-term value; and

It provides executives with an opportunity for stock ownership to align their interests with those of our shareholders.

Long-Term Incentive Opportunities

In February 2010, the Compensation Committee approved the target value of the equity award for each named executive officer based on his or her position and level of responsibility, and the historical equity grants.

Table of Contents

Decisions regarding long-term incentive grants were based on role, amount of impact and retention objectives. The Compensation Committee attempted to target the long-term incentive opportunities of the named executive officers to the median levels of the proxy peer group and to maintain internal pay equity among the named executive officers. For 2010, the value of the awards was scaled back approximately 25% from 2009 levels to align our awards with the 2010 peer group market median levels. The 2010 target value of the long-term incentive opportunities for our named executive officers was as follows:

Named Executive Officer	Target Value of Long-Term Incentive Opportunity	
Boehne	\$	900,000
Stautberg	\$	300,000
Contreras	\$	300,000
Lawlor	\$	300,000
Appleton	\$	300,000

The target value was converted into a number of shares by dividing the applicable dollar value of the long-term incentive opportunity set forth in the table above by the average of the closing per-share price of our Class A common shares for the 30 trading days immediately preceding the effective date of the equity award. The resulting number of shares was allocated 80% to time-based restricted share units and 20% to performance-based restricted share units with a one-year performance period tied to achieving our free cash flow target under the Plan of \$40.6 million. As a result of the conversion methodology described above, the grant date fair value of the awards for financial accounting purposes, which is based on the fair market value of the shares on the date of grant and listed in the Summary Compensation Table and the Grants of Plan-Based Awards table in this proxy statement, differs from the target value listed in the table above.

Vesting of the time-based restricted share units will occur over a four-year time period and a similar vesting schedule applies to the performance-based grant if the free cash flow target is achieved or exceeded.

The time-based restricted share units are intended to foster employee stock ownership, align the interests of management with those of our shareholders, and enhance our retention program during the economic downturn in light of the reduction in base salary levels and the annual incentive opportunity. Moreover, the time-based awards, combined with the Company's stock ownership requirements, were intended to provide a direct incentive for our management to build sustained long-term shareholder value.

At the same time, the Committee wanted to tie a portion of the long-term incentive opportunity to performance-based restricted share units, so that our executives would focus on achieving our annual free cash flow goal for 2010. As defined for the long-term incentive plan, our actual free cash flow for 2010 was \$79.0 million (compared to a goal of \$40.6 million), meaning that our named executive officers received a payout of their performance-based restricted share units. The resulting share units vest in four equal annual installments commencing in March 2011.

Equity Grant Practices

The Compensation Committee typically approves annual equity awards at its February meeting. This meeting date is usually set two years in advance. In order to mitigate the impact of fluctuations in our stock price, award values are converted into a number of shares by dividing the applicable dollar value of the long-term incentive opportunity by the average of the closing per-share price of our Class A common shares for the 30 trading days immediately preceding the effective date of the equity award. The Committee does not grant equity compensation awards in

anticipation of the release of material nonpublic information. Similarly, the Company does not time the release of material nonpublic information to be coincident with equity award grant dates.

Although the Compensation Committee determined at its February 2010 meeting the value of the long-term incentive opportunity, the awards were not granted until March 9, 2010, which was after the release of the Company's year-end results.

Table of Contents***Additional Information***

For more information on the equity awards granted to our named executive officers in 2010, please refer to the Grants of Plan-Based Awards table in this proxy statement. For information about the total number of equity awards outstanding as of the end of 2010 with respect to each named executive officer, please refer to the Outstanding Equity Awards at Fiscal Year-End tables of this proxy statement.

Incentive Compensation Recoupment Policy

In November 2009, the Board of Directors voluntarily adopted an Incentive Compensation Recoupment Policy (or a claw-back policy). Under this policy, each officer must repay, as directed by the Board of Directors, any annual incentive or other performance-based award received by him or her after November 16, 2009 if:

the payment of such compensation was based on the achievement of financial results that were later the subject of a restatement of our financial statements, and

the Committee determines that the officer's fraud or misconduct caused or contributed to the need for the restatement.

This policy supports the goal of accuracy of our financial statements and aligns our executives' interests with that of our shareholders over the long term.

Stock Ownership Requirements

In February 2011, the Compensation Committee established stock ownership targets for our named executive officers to achieve by February 2016. For this purpose, stock ownership includes Class A common shares owned directly, in trust, or through any unvested time-based restricted shares or restricted share units (but it excludes shares underlying performance-based restricted share units until these shares are earned).

The ownership guidelines were implemented to encourage our senior executives to own a meaningful amount of our Class A common shares. We recognize that our owners (*i.e.*, our shareholders) want us to increase the value of the Company. We want our executives to focus on long-term as well as short-term success, and we want them to think and act as owners when they balance the risks and rewards involved with particular business decisions. We believe the equity ownership interests that result from our stock ownership guidelines will enhance the proper motivation of our executives.

Named Executive Officer	Ownership Guidelines by 2/2016	Target Number of Shares (based on 1/31/2011 stock price of \$9.08)	Actual Share Ownership as of 1/31/2011

Retirement Plans

The Company maintains a defined benefit pension plan and a safe-harbor 401(k) plan, which cover named executive officers along with substantially all other non-union employees of the Company and its subsidiaries.

In order to attract and retain key executive talent, the Committee believes that it is important to provide the executive officers, including named executive officers, with retirement benefits that are in addition to those generally provided to its employees. As a result:

We supplement the pension plan for all executives whose pay and contributions exceed the IRS limitations through the Scripps Supplemental Executive Retirement Plan (SERP). As part of an

Table of Contents

overall cost-savings strategy, the Company froze service in the pension plan and SERP effective June 30, 2009, and froze all compensation accruals after 2014. For more information on the pension plan and the SERP, please refer to the Pension Benefits table of this proxy statement.

Named executive officers may defer specified portions of their compensation under the Executive Deferred Compensation Plan and receive matching contributions, in each case in excess of what they are able to defer under the 401(k) plan due to IRS limitations. As part of an overall cost-savings strategy, the 401(k) match, along with the match on base pay deferrals into the Executive Deferred Compensation Plan were suspended during the period from April 2009 to July 2010. For more information about the Executive Deferred Compensation Plan, please refer to the Non-Qualified Deferred Compensation table of this proxy statement.

As part of the Company's retirement program redesign, an enhanced safe harbor 401(k) plan was developed to encourage participation and help employees better manage their financial future. To affect the redesign as of January 1, 2011, the Company amended the 401(k) plan to include the following:

A new matching contribution equal to 100% on the first 1% of compensation contributed by an eligible participant, plus 50% on the next 5% of compensation. Moreover, the Company expanded the definition of compensation to include bonus, overtime and other forms of compensation currently included in the definition of annual earnings under the pension plan.

A new transition credit benefit ranging from 1% to 5% for participants age 45 and older with at least five years of service. This transition credit will be provided for five years and is designed to benefit those employees closest to retirement age who will not have as much time as other employees to grow retirement savings in the enhanced 401(k) plan.

The Company also (i) amended the Executive Deferred Compensation Plan to provide a Company matching contribution on deferrals of base salary in excess of IRS limitations and on deferrals of bonuses; and (ii) adopted the Scripps Transition Credit Plan to provide excess transition credits to participants whose transition credit contributions under the 401(k) plan are subject to IRS limitations.

Based on information provided by a consultant to the Compensation Committee, the Compensation Committee believes that our revised retirement program is consistent with the retirement programs and benefit levels offered by many of the companies in our compensation peer group.

Health, Welfare and Other Personal Benefits

In addition to the principal compensation components described above, the named executive officers are entitled to participate in all health, welfare, fringe benefit and other arrangements generally available to other employees.

The Company may also, as considered reasonable and appropriate on a case-by-case basis, provide its officers, including its named executive officers, with limited additional perquisites and other personal benefits. For example, named executive officers are provided a financial planning benefit; but the tax gross-up for this benefit was eliminated in 2009. We also provide perquisites that facilitate involvement of executive officers in the business community by sponsoring membership in business clubs. Finally, the named executive officers are eligible for an annual executive physical. Typically, the majority of the cost associated with this benefit is covered under the established health care plans; however, if certain tests or procedures are not covered, the Company will pay the difference.

For more information about the perquisites provided in 2010 to each named executive officer, please refer to the All Other Compensation column of the Summary Compensation Table of this proxy statement.

Employment Agreements, Executive Severance Plan and Change in Control Plan

The Committee believes that severance protections convey the Company's commitment to each named executive officer while offering flexibility for any potential changes in compensation or duties.

Table of Contents

Accordingly, the Company provides severance protections for named executive officers under an employment agreement (for Mr. Boehne only), the Executive Severance Plan and the Change in Control Plan.

Based on information provided by a consultant to the Committee, severance arrangements are used by a majority of the companies in our compensation peer group, and the terms of our severance arrangements, described below, are consistent with prevailing market practices.

Employment Agreement

On August 7, 2008, the Company approved a new employment agreement for Mr. Boehne, pursuant to which he serves as President and Chief Executive Officer. The employment agreement has a three-year term, which may be extended for an additional year unless the Company provides prior notice of its intention not to extend. The employment agreement sets forth Mr. Boehne's existing compensation and benefit levels. The agreement also provides for severance benefits in the event of an involuntary termination of employment without cause or a termination for good reason, death or disability. The severance benefits are generally determined as if Mr. Boehne continued to remain employed by the Company through the remainder of the term covered by his employment agreement, consistent with market practices.

On February 15, 2011, the Company approved a new employment agreement for Mr. Boehne. The employment agreement has a three year term, which commences on the expiration of his current contract i.e., August 7, 2011. The term may be extended for an additional year unless the Company provides prior notice of its intention not to extend. The new employment agreement: (i) continues his current base salary at \$680,000 per year; (ii) increases his target annual incentive opportunity from 30% to 50% of base salary; and (iii) confirms that he will continue to receive reimbursement for tax and financial planning up to a maximum of \$15,000, the annual member fees and other dues associated with one luncheon club, and the costs of an annual physical examination. It provides severance for two years following his termination.

Executive Severance Plan

Each of the named executive officers other than Mr. Boehne participates in the Executive Severance Plan. Upon an involuntary termination without cause, the covered executives are entitled to: (i) a pro-rated annual incentive, based on actual performance for the entire year, (ii) one times base salary and target annual incentive; (iii) accelerated vesting of Company equity awards (with options remaining outstanding for the remainder of their terms), and (iv) continued payment of monthly health care premiums for up to one year (subject to reduction if the participant becomes re-employed). The Company may amend or terminate the plan at any time, without notice or participant consent. The severance levels were established by the Committee in July 2008 and were reviewed by the Committee in May 2009 and 2010.

Change in Control Plan

Each of the named executive officers is provided change in control protections under the Senior Executive Change in Control Plan.

Under this plan, a named executive officer would be entitled to certain severance benefits if a change in control were to occur and the Company terminated the executive's employment without cause or the executive terminated his employment for good reason within a two-year period following the change in control. The severance levels were established by the Committee in June 2008 and were reviewed and approved by the Committee in May 2009 and 2010.

The Committee believes that the occurrence, or potential occurrence, of a change in control transaction will create uncertainty regarding the continued employment of our named executive officers. The Change in Control Plan allows our named executive officers to focus on the Company's business and objectively evaluate any future proposals during potential change in control transactions without being distracted by potential job loss. It also enhances retention following a change in control, as the severance

Table of Contents

benefits are payable only if the executive incurs a qualifying termination within a certain period following a change in control, rather than merely as a result of the change in control.

All equity awards held by our named executive officers would immediately vest upon a change in control. Unlike the cash severance described above, the vesting is not contingent upon a qualifying termination within a certain period following a change in control. This single trigger is appropriate because the Company's equity may change in the event of a change in control and the Committee believes our named executive officers should have the same opportunity to realize value in a change in control transaction as public shareholders.

Additional Information

Please refer to the Potential Payments Upon Termination or Change in Control section of this proxy statement for information regarding potential payments and benefits, if any, that each named executive officer is entitled to receive upon certain terminations of employment or in connection with a change in control.

- (1) In 2010, we froze the base salary of the named executive officers, other than Mr. Lawlor, at 2009 levels. The 2010 salary levels listed in this column are higher than the 2009 levels because our named executive officers voluntarily agreed in May 2009 to take a temporary base pay reduction equal to five days (a salary furlough). The salary furlough was not continued in 2010.
- (2) Represents the aggregate grant date fair value, as determined in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation - Stock Compensation (FASB ASC Topic 718), of equity awards granted to our named executive officers in the applicable year, disregarding the impact of estimated forfeitures relating to service-based vesting conditions. See footnote 19 of the Consolidated Financial Statements contained in our Annual Report on Form 10-K for the year ended December 31, 2010 (2010 Annual Report) for an explanation of the assumptions made in the valuation of the awards. The grant date fair value of performance-based restricted share units awarded in 2010, assuming target performance, was \$226,560 for Mr. Boehne and \$75,520 for each of the other named executive officers.
- (3) Represents the annual incentive earned by our named executive officers.

Table of Contents**Outstanding Equity Awards at Fiscal Year-End**

The following tables set forth information for each named executive officer with respect to (i) each option to purchase stock that had not been exercised and remained outstanding as of December 31, 2010, and (ii) each award of restricted shares or restricted share units that had not vested and remained outstanding as of December 31, 2010.

In connection with the 2008 spin-off of Scripps Networks, Inc. (SNI), all Company stock options and restricted shares held by individuals who remained employed by the Company (including the named executive officers) were adjusted as follows: (i) vested stock options were split 80% / 20% between SNI stock options and Company stock options, (ii) unvested stock options remained unvested Company stock options, and (iii) restricted shares were split between Company restricted shares and SNI restricted shares based on a 1-to-1 distribution ratio. In each case, the number of shares covered by each award and the exercise price of each stock option were adjusted to maintain the award's economic value. All of the information in the following tables reflects the equitable adjustments to the number and type of shares and the exercise price that occurred in connection with the spin-off and the related one-for-three reverse stock split.

- (1) The number of years of credited service and the present value of accumulated benefit are calculated as of December 31, 2010. The present value of accumulated benefit was calculated using the same assumptions included in the 2010 Annual Report, except that (i) no pre-retirement decrements were assumed, and (ii) a single retirement age of 65 was used instead of retirement decrements. The Company froze the accrual of credited service (but not vesting service) in the pension plan and SERP effective June 30, 2009, and froze all compensation accruals after 2014. All of the named executive officers are fully vested in their benefits, except for Mr. Appleton, who has not yet accrued the required five years of vesting service.
- (2) Mr. Boehne's benefit from the Scripps Pension Plan is calculated based on all credited service through June 30, 2009, including his service with the Cincinnati Post, with an offset for the benefit earned in the Cincinnati Newspaper Guild and Post Retirement Income Plan. Mr. Boehne was a participant in the Cincinnati Newspaper

Guild and Post Retirement Income Plan from July 28, 1985 to January 5, 1988.

Description of Retirement Plans

Pension Plan

The Scripps Pension Plan (the Pension Plan) is a tax-qualified pension plan covering substantially all eligible non-union employees of the Company. The material terms and conditions of the Pension Plan as they pertain to the named executive officers include the following:

Benefit Formula: Subject to applicable Internal Revenue Code limits on benefits, the monthly normal retirement benefit is equal to 1% of the participant's average monthly compensation up to an integration level plus 1.25% of the participant's average monthly compensation in excess of the integration level, multiplied by the participant's months and years of service. The integration level is the average of the

Table of Contents

Social Security taxable wage bases for the thirty-five years prior to the participant's termination (or disability, if applicable). Average monthly compensation is the monthly average of the compensation earned during the five consecutive years in the eleven years before termination for which the participant's compensation was the highest. In 2009, we amended the pension plan to freeze service accruals as of June 30, 2009 and to freeze compensation accruals after a five-year transition period ending December 31, 2014.

Compensation: Subject to the applicable Internal Revenue Code limit (\$245,000 for 2010), compensation includes salary, bonuses earned during the year and paid by March 15 of the following calendar year, and amounts deferred pursuant to the Scripps Retirement and Investment Plan and the Scripps Choice Plan.

Normal Retirement: A participant is eligible for a normal retirement benefit based on the benefit formula described above if his or her employment terminates on or after age 65.

Early Retirement: A participant is eligible for an early retirement benefit if his or her employment terminates on or after age 55 and he or she has completed 10 years of service. The early retirement benefit is equal to the normal retirement benefit described above, reduced by 0.4167% for each month the benefit commences before age 62. The Company does not grant extra years of service to any named executive officer under the Pension Plan.

Deferred Vested Benefits: A participant who is not eligible for a normal or early retirement benefit but has completed five years of service is eligible for a deferred retirement benefit following termination of employment, beginning at age 55, subject to a reduction of 0.5% for each month the benefit commences before age 65.

Form of Benefit Payment: The benefit formula calculates the amount of benefit payable in the form of a monthly life annuity (which is the normal form of benefit for an unmarried participant). The normal form of payment for a married participant is a joint and 100% survivor annuity, which provides a reduced monthly amount for the participant's life with the surviving spouse receiving 100% of the reduced monthly amount for life. Married participants with spousal consent can elect any optional form. Optional forms of benefits include a straight life annuity, a joint and 50% or 100% survivor annuity (which provides a reduced monthly amount for the participant's life with the survivor receiving 50% or 100% of the monthly amount for life), or a monthly life annuity with a 10-year certain or 5-year certain guarantee (which provides a reduced monthly amount for the participant's life and, if the participant dies within 10 or 5 years of benefit commencement, equal payments to a designated beneficiary for the remainder of the 10-year or 5-year certain period, as applicable).

All forms of benefit payment are the actuarially equivalent of the monthly life annuity form.

The Cincinnati Newspaper Guild and Post Retirement Income Plan

Mr. Boehne was a participant in this plan from July 28, 1985 to January 5, 1988. Mr. Boehne's benefit from the Scripps Pension Plan is calculated based on all service, including his service with the Cincinnati Post, with an offset for the benefit earned in the Cincinnati Newspaper Guild and Post Retirement Income Plan. Mr. Boehne's accrued benefit is frozen in this plan. The benefits are payable at age 65 in the form of a life annuity.

SERP

The Scripps Supplemental Executive Retirement Plan (SERP) is intended to attract and retain executive talent by supplementing benefits payable under the Pension Plan. The material terms and conditions of the SERP as they pertain to the named executive officers include the following:

Eligibility: An executive generally is eligible to participate in the SERP if he or she qualifies for a Pension Plan benefit that was limited by application of the Internal Revenue Code limits on compensation and benefits.

Table of Contents

Benefit Formula: The SERP benefit is equal to the difference between the Pension Plan benefit calculated using the SERP definition of compensation and the actual Pension Plan benefit, plus a 2.9% gross-up for the combined employer/employee Medicare tax. Compensation includes all compensation included under the Pension Plan (without application of the IRS limit described under the Pension Plan), plus bonuses paid if earned more than one year prior to the payment date and certain deferred compensation and executive compensation payments designated by the Pension Board. In 2009, we amended the SERP to freeze service accruals as of June 30, 2009 and to freeze compensation accruals after a five-year transition period ending December 31, 2014.

Benefit Entitlement: A vested participant becomes entitled to a SERP benefit when he or she terminates employment. The benefit is paid in a single lump sum.

Description of Executive Deferred Compensation Plan

Our named executive officers are eligible to defer up to 50% of their pre-tax base salary and up to 100% of their pre-tax annual incentive compensation under the terms of the Executive Deferred Compensation Plan. The plan is available to a select group of highly compensated employees and is unfunded and unsecured. Our named executive officers are also entitled to a 50% matching credit on base salary deferrals, up to 6% of base salary over the applicable Internal Revenue Code limit (\$245,000 for 2010). The matching credit was suspended in April 2009 but reinstated in July 2010.

Payments are made in cash at certain future dates specified by participants or upon earlier termination of employment or death. Payments are made in the form of a lump sum or in monthly installments of 5, 10 or 15 years, as elected by the participants. Payments are automatically accelerated and paid in a lump sum in the event of a termination of employment within two years following a change in control of the

Company. The deferred compensation is credited with earnings, gains and losses in accordance with deemed investment elections made by participants from among various crediting options established by the Company from time to time. Participants are permitted to change their deemed investment elections daily. For 2010, the investment options tracked returns under publicly available and externally managed investment funds such as mutual funds.

Potential Payments Upon Termination or Change in Control

The Company has entered into agreements and maintains plans and arrangements that require it to pay or provide compensation and benefits to Messrs. Boehne, Stautberg, Contreras, Lawlor and Appleton in the event of certain terminations of employment or a change in control. The estimated amount payable or provided to each of these executives in each situation is summarized below. These estimates are based on the assumption that the various triggering events occurred on the last day of 2010, along with other material assumptions noted below. The actual amounts that would be paid to these executives upon termination or a change in control can only be determined at the time the actual triggering event occurs.

The estimated amount of compensation and benefits described below does not take into account compensation and benefits that a named executive officer has earned prior to the applicable triggering event, such as equity awards that had previously vested in accordance with their terms, or vested benefits otherwise payable under the retirement plans and programs (unless those benefits are enhanced or accelerated). Please refer to the Outstanding Equity Awards at Fiscal Year-End table for a summary of each named executive officer's vested equity awards, the Pension Benefits table for a summary of each named executive officer's vested pension benefit, and the Nonqualified Deferred Compensation table for a summary of each named executive officer's deferred compensation balance. Please see the Summary Compensation Table for the annual incentive earned by our named executive officers in 2010.

Summary of Various Plans and Arrangements

Employment Agreements for Mr. Boehne

Under Mr. Boehne's employment agreement, upon an involuntary termination of his employment without cause, or a voluntary termination of employment by him for good reason, he would be entitled to a pro-rated annual incentive based on actual performance for the year of termination, plus base salary, target annual incentive, and medical, dental and life insurance coverage for 18 months. The term "cause" generally includes embezzlement, fraud or a felony; unauthorized disclosure of confidential information; a material breach of the agreement; gross misconduct or gross neglect of duties; failure to cooperate with an internal or regulatory investigation; or a violation of the Company's written conduct policies or ethics code. The term "good reason" generally includes a reduction in duties or compensation; a relocation outside of Cincinnati; or a material breach of the employment agreement by the Company. In exchange for the benefits described above, Mr. Boehne agrees not to (i) disclose the Company's confidential information; (ii) compete against the Company for 6 months after termination (12 months if terminated for cause); (iii) solicit the Company's employees or customers for 12 months after termination; or (iv) disparage the Company for 12 months after termination.

Under Mr. Boehne's employment agreement, upon a termination due to death or disability he would be entitled to a pro-rated target annual incentive from January 1 through one year after death or disability, plus continued base salary for one year and continued medical and dental benefits for two years.

Executive Severance Plan

Each named executive officer other than Mr. Boehne participates in the Executive Severance Plan. Upon an involuntary termination without cause, the severance benefit equals: (i) a pro-rated annual incentive, based on actual

performance for the entire year, (ii) one times base salary and target annual incentive; (iii) accelerated vesting of Company equity awards (with options remaining outstanding for the remainder of their terms), and (iv) continued payment of monthly health care premiums for up to one year (subject to reduction if the participant becomes re-employed). Participants must sign a release of claims against the Company prior to receiving these severance benefits.

Table of Contents

Upon a termination due to death or disability, each covered participant would be entitled to a pro-rated annual incentive, based on actual performance for the entire year, and 12 months of base salary.

Long-Term Incentive Plan

Under the terms of the Long-Term Incentive Plan, all outstanding equity awards held by the named executive officers will vest upon a change in control with the options remaining exercisable for the remainder of the original term. A change in control generally means (i) the acquisition of a majority of the Company's voting common shares by someone other than The Edward W. Scripps Trust or a party to the Scripps Family Agreement; (ii) the disposition of assets accounting for 90% or more of the Company's revenues, unless the trust or the parties to the Scripps Family Agreement have a direct or indirect controlling interest in the acquiring entity, or (iii) a change in the membership of the Company's board of directors, such that the current incumbents and their approved successors no longer constitute a majority.

If a named executive officer dies, becomes disabled or retires, then any equity awards issued under the Company's Long-Term Incentive Plan will become fully vested, and in the case of stock options, be exercisable until their expiration date.

Executive Annual Incentive Plan

Under the Executive Annual Incentive Plan, in the event that a participant's employment terminates within one year of a change in control, the Company or its successor would be required to pay a lump sum amount to the participant equal to the target annual incentive opportunity for the performance period in which the termination occurs.

Senior Executive Change in Control Plan

Each named executive officer participates in the Senior Executive Change in Control Plan. Under this plan, if the executive's employment is terminated by the Company other than for cause, death or disability or if the executive resigns for good reason, within two years after a change in control, then the Company or its successor will be obligated to pay or provide the following benefits:

A lump sum payment equal to three times for Mr. Boehne and two times for the other named executive officers of the executive's annual base salary and annual incentive. For this purpose, base salary generally means the highest base salary in effect at any time during the prior three years, and annual incentive generally means the greater of (i) target in the year of termination or (ii) the highest annual incentive earned in the prior three years.

Continued medical, dental, disability, life and accidental death insurance coverage for 36 months for Mr. Boehne and 24 months for the other named executive officers.

A lump sum payment equal to the actuarial value of the additional benefits under the Company's qualified and supplemental defined benefit plans that the executive would have received if his or her age (but not years of service) at the time of termination were increased by three years for Mr. Boehne and two years for the other named executive officers, and as if their compensation continued to accrue during the applicable period (but not beyond December 31, 2014).

Under the change in control plan, the term cause generally includes a commission of a felony or an act that impairs the Company's reputation; willful failure to perform duties; or breach of any material term, provision or condition of employment. The term good reason generally includes a reduction in compensation or duties; a relocation outside of

Cincinnati; or a material breach of the employment terms by the Company. A change in control generally means (i) the acquisition of a majority of the Company's voting common shares by someone other than The Edward W. Scripps Trust or a party to the Scripps Family Agreement; or (ii) the disposition of assets accounting for 90% or more of the Company's revenues, unless the trust or the parties to the Scripps Family Agreement have a direct or indirect controlling interest in the acquiring entity.

- (1) Amounts listed under Cash Severance Payment are payable in a lump sum under the terms of the named executive officer's employment agreement, the Executive Severance Plan or the Senior Executive Change in Control Plan, as applicable.
- (2) Represents the actuarial present value of continued pension benefits, calculated using the pension plan's provisions for a lump sum payment on January 1, 2011, including a discount rate of 5.85% for a qualified plan distribution and 5.74% for a nonqualified plan distribution and the IRS's required funding mortality.

Table of Contents

- (3) Amounts listed under Welfare and Other Benefits include: (a) accrued but unused vacation; (b) the amount that represents the premiums for continued medical and dental insurance; and (c) the tax gross-up for the 280G excise and related taxes, as required under the terms of the arrangements described above. The tax gross-ups are based on the following assumptions: (i) an excise tax rate of 20% and a combined federal, state and local income and employment tax rate of 44.79%, and (ii) no amounts were allocated to the non-solicitation or non-competition covenants. Section 280G of the Internal Revenue Code applies if there is a change in control of the Company, compensation is paid to a named executive officer as a result of the change in control (parachute payments), and the present value of the parachute payments is 300% or more of the executive's base amount, which equals his average W-2 income for the five-calendar-year period immediately preceding the change in control (e.g., 2005-2009 if the change in control had occurred in 2010). If Section 280G applies, then the named executive officer is subject to an excise tax equal to 20% of the amount of the parachute payments in excess of his base amount (the excess parachute payments), in addition to income and employment taxes. Moreover, the Company is denied a federal income tax deduction for the excess parachute payments.
- (4) Represents the product of (i) the number of restricted share awards or units outstanding as of December 31, 2010, multiplied by (ii) \$10.15 per share for awards covering the Company's share. Description of Director Compensation Program

The Company's director compensation program is designed to enhance its ability to attract and retain highly qualified directors and to align their interests with the long-term interests of its shareholders. The program includes a cash component, which is designed to compensate non-employee directors for their service on the board and an equity component, which is designed to align the interests of non-employee directors and shareholders. The Company also provides certain other benefits to non-employee directors, which are described below. Directors who are employees of the Company receive no additional compensation for their service on the board.

Cash Compensation

Each non-employee director is entitled to receive an annual cash retainer of \$40,000. Committee chairs also receive an annual retainer as described in the table below. The retainers are paid in equal quarterly installments. Each non-employee director is also entitled to receive a fee for each board meeting and committee meeting attended, as follows:

Meeting Fees (in Person)

Board	\$ 2,500
Executive, Compensation and Nominating & Governance Committees	\$ 2,000
Audit Committee	\$ 2,500
<u>Meeting Fees (Telephonic)</u>	\$ 1,000
<u>Annual Chair Fees</u>	
Executive Committee	\$ 3,000

Audit Committee	\$ 9,000
Compensation Committee	\$ 6,000
Nominating & Governance Committee	\$ 3,000

Equity Compensation

In May 2010, non-employee directors, serving as of the 2010 annual shareholder meeting, received a restricted share unit award equal to \$40,000. The Committee attempted to target the equity compensation award to be comparable to the median value of equity compensation granted to directors of our proxy peer group. The restricted share units are paid on the earlier of the first anniversary of the date of grant, at termination of the director's service on the board or a change in control; the award may be forfeited upon removal from the board for cause.

Table of Contents

In 2011, the Board of Directors established stock ownership guidelines for our non-employee directors. Under these new guidelines, each non-employee director must own a number of Class A common shares with a value equal to three times his or her annual cash retainer by February 2016. For this purpose, the shares may be owned directly, in trust, or through any unvested time-based restricted shares or restricted share units.

Other Benefits

In addition to the above compensation, the Scripps Howard Foundation, an affiliate of the Company, matches, on a dollar-for-dollar basis up to \$3,000 annually, charitable contributions made by non-employee directors to qualifying organizations. This program is also available to all Scripps employees.

1997 Deferred Compensation and Stock Plan for Directors

A non-employee director may elect to defer payment of all or a designated percentage of the cash compensation received as a director under the Company's 1997 Deferred Compensation and Stock Plan for Directors. The director may allocate the deferrals between a phantom stock account that credits earnings including dividends, based on the Company's Class A common stock, or to a fixed income account that credits interest based on the twelve month average of the 10-year treasury rate (as of November of each year), plus 1%. The deferred amounts (as adjusted for earnings, interest and losses) are paid to the director at the time he or she ceases to serve as a director or upon a date predetermined by the director, either in a lump sum or annual installments over a specified number of years (not to exceed 15) as elected by the director. Payments generally are made in the form of cash, except that the director may elect to receive all or a portion of the amounts credited to his or her phantom stock account in the form of Class A common shares.

REPORT ON COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Mr. Roger L. Ogden, chair, Mr. John H. Burlingame and Ms. Kim Williams served as the members of the Company's compensation committee during 2010.

REPORT ON RELATED PARTY TRANSACTIONS

Related Party Transactions

There were no material related party transactions in 2010. Under its charter, the audit committee of the board of directors is responsible for reviewing any proposed related party transaction. The audit committee has approved a Statement of Policy With Respect to Related Party Transactions which recognizes that related party transactions can present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof). This policy requires that a related party transaction be consummated or continue only if (i) the audit committee has approved or ratified the transaction, (ii) the transaction is on terms compatible to those that could be obtained in arms length dealings with an unrelated third party, (iii) in the case of compensation payable to an executive officer, such compensation has been approved or recommended to the board for approval by the compensation committee, and (iv) the transaction is also approved by the board if the transaction involves the chairman of the board or the chief executive officer of the Company.

Scripps Family Agreement

General. The Company and certain persons and trusts are parties to an agreement (the Scripps Family Agreement) restricting the transfer and governing the voting of Common Voting Shares that such persons and trusts may acquire or own at or after the termination of The Edward W. Scripps Trust. Such persons and trusts (the Signatories) consist of

certain descendants of Robert Paine Scripps who are beneficiaries of the Trust, descendants of John P. Scripps, and certain trusts of which descendants of John

Table of Contents

P. Scripps are trustees and beneficiaries. Robert Paine Scripps was a son of the founder of the Company. John P. Scripps was a grandson of the founder and a nephew of Robert Paine Scripps.

If the Trust were to have terminated as of January 31, 2011, the Signatories would have held in the aggregate approximately 99% of the outstanding Common Voting Shares as of such date.

Once effective, the provisions restricting transfer of Common Voting Shares under the Scripps Family Agreement will continue until 21 years after the death of the last survivor of the descendants of Robert Paine Scripps and John P. Scripps alive when the Trust terminates. The provisions of the Scripps Family Agreement governing the voting of Common Voting Shares will be effective for a 10-year period after termination of the Trust and may be renewed for additional 10-year periods.

Transfer Restrictions. No Signatory will be able to dispose of any Common Voting Shares (except as otherwise summarized below) without first giving other Signatories and the Company the opportunity to purchase such shares. Signatories will not be able to convert Common Voting Shares into Class A Common Shares except for a limited period of time after giving other Signatories and the Company the aforesaid opportunity to purchase and except in certain other limited circumstances.

Signatories will be permitted to transfer Common Voting Shares to their lineal descendants or trusts for the benefit of such descendants, or to any trust for the benefit of such a descendant, or to any trust for the benefit of the spouse of such descendant or any other person or entity. Descendants to whom such shares are sold or transferred outright, and trustees of trusts into which such shares are transferred, must become parties to the Scripps Family Agreement or such shares shall be deemed to be offered for sale pursuant to the Scripps Family Agreement. Signatories will also be permitted to transfer Common Voting Shares by testamentary transfer to their spouses provided such shares are converted to Class A Common Shares and to pledge such shares as collateral security provided that the pledgee agrees to be bound by the terms of the Scripps Family Agreement. If title to any such shares subject to any trust is transferred to anyone other than a descendant of Robert Paine Scripps or John P. Scripps, or if a person who is a descendant of Robert Paine Scripps or John P. Scripps acquires outright any such shares held in trust but is not or does not become a party to the Scripps Family Agreement, such shares shall be deemed to be offered for sale pursuant to the Scripps Family Agreement. Any valid transfer of Common Voting Shares made by Signatories without compliance with the Scripps Family Agreement will result in automatic conversion of such shares to Class A Common Shares.

Voting Provisions. The Scripps Family Agreement provides that the Company will call a meeting of the Signatories prior to each annual or special meeting of the shareholders of the Company held after termination of the Trust (each such meeting hereinafter referred to as a Required Meeting). At each Required Meeting, the Company will submit for decision by the Signatories each matter, including election of directors, that the Company will submit to its shareholders at the annual meeting or special meeting with respect to which the Required Meeting has been called. Each Signatory will be entitled, either in person or by proxy, to cast one vote for each Common Voting Share owned of record or beneficially by him on each matter brought before the Required Meeting. Each Signatory will be bound by the decision reached by majority vote with respect to each matter brought before the Required Meeting, and at the related annual or special meeting of the shareholders of the Company each Signatory will vote his Common Voting Shares in accordance with decisions reached at the Required Meeting of the Signatories.

John P. Scripps Newspapers

In connection with the merger in 1986 of the John P. Scripps Newspaper Group (JPSN) into a wholly owned subsidiary of the Company (the JPSN Merger), the Company and The Edward W. Scripps Trust entered into certain agreements discussed below.

JPSN Board Representation Agreement. The Edward W. Scripps Trust and John P. Scripps entered into a Board Representation Agreement dated March 14, 1986 in connection with the JPSN Merger. Under this agreement, the surviving adult children of Mr. John P. Scripps who are shareholders of the Company have the right to designate one person to serve on the Company's board of directors so long as they continue to own in the aggregate 25% of the sum of (i) the shares issued to them in the JPSN Merger and

Table of Contents

(ii) the shares received by them from John P. Scripps' estate. In this regard, The Edward W. Scripps Trust has agreed to vote its Common Voting Shares in favor of the person designated by John P. Scripps' children. Pursuant to this agreement, Paul K. Scripps currently serves on the Company's board of directors and is a nominee for election at the annual meeting. The Board Representation Agreement terminates upon the earlier of the termination of The Edward W. Scripps Trust or the completion of a public offering by the Company of Common Voting Shares.

Stockholder Agreement. The former shareholders of the John P. Scripps Newspaper Group, including John P. Scripps and Paul K. Scripps, entered into a Stockholder Agreement with the Company in connection with the JPSN Merger. This agreement restricts to certain transferees the transfer of Common Voting Shares received by such shareholders pursuant to the JPSN Merger. These restrictions on transfer will terminate on the earlier of the termination of The Edward W. Scripps Trust or completion of a public offering of Common Voting Shares. Under the agreement, if a shareholder has received a written offer to purchase 25% or more of his Common Voting Shares, the Company has a right of first refusal to purchase such shares on the same terms as the offer. Under certain other circumstances, such as bankruptcy or insolvency of a shareholder, the Company has an option to buy all Common Voting Shares of the Company owned by such shareholder. Under the agreement, stockholders owning 25% or more of the outstanding Common Voting Shares issued pursuant to the JPSN Merger may require the Company to register Common Voting Shares (subject to the right of first refusal mentioned above) under the Securities Act of 1933 for sale at the shareholders' expense in a public offering. In addition, the former shareholders of the John P. Scripps Newspaper Group will be entitled, subject to certain conditions, to include Common Voting Shares (subject to the right of first refusal) that they own in any registered public offering of shares of the same class by the Company. The registration rights expire three years from the date of a registered public offering of Common Voting Shares.

PROPOSAL 2

**ADVISORY (NON-BINDING) VOTE
ON EXECUTIVE COMPENSATION
(Item 2 on Proxy Card for Vote by Common Voting Shares)**

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) and applicable SEC rules require that shareholders have the opportunity to cast an advisory (non-binding) vote on executive compensation commencing with our 2011 annual meeting (a so-called say-on-pay vote). The advisory vote on executive compensation is a non-binding vote on the compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this proxy statement. The Dodd-Frank Act requires the Company to hold the advisory vote on executive compensation at least once every three years.

The vote under this Proposal 2 is advisory, and therefore not binding on the Company, the board or our Compensation Committee. However, our board, including our Compensation Committee, values the opinions of our shareholders and, to the extent there is any significant vote against the executive officer compensation as disclosed in this proxy statement, we will consider our shareholders' concerns and evaluate what actions may be appropriate to address those concerns.

Holders of Common Voting Shares will be asked at the Annual Meeting to approve the following resolution pursuant to this Proposal 2:

RESOLVED, that the holders of the Common Voting Shares of The E. W. Scripps Company approve, on an advisory basis, the compensation of the Company's named executive officers, as such compensation is described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure and related material, set forth in the Company's definitive proxy statement for the 2011 Annual Meeting of Shareholders.

Approval of this Proposal requires the affirmative vote of a majority of the votes cast in person or by proxy of the Common Voting Shares represented and entitled to vote at the meeting. **The Board of Directors recommends that holders of such shares vote FOR the approval of Proposal 2.** It is expected that the Common Voting Shares owned by The Edward W. Scripps Trust will be voted in favor of Proposal 2, thus assuring approval thereof. Proxies for Common Voting Shares solicited by the board will be voted FOR Proposal 2 unless shareholders specify a contrary choice in their proxies. Broker non-votes will not be treated as votes cast and will not have a positive or negative effect on the outcome of Proposal 2. Abstentions will be treated as votes cast and, consequently, will have the same effect as votes against Proposal 2.

PROPOSAL 3

**ADVISORY (NON-BINDING) VOTE ON FREQUENCY OF SAY-ON-PAY VOTE
(Item 3 on Proxy Card for Vote by Common Voting Shares)**

We are also required by the Dodd-Frank Act to provide shareholders with a separate advisory (non-binding) vote for the purpose of asking shareholders to express their preference for the frequency of future say-on-pay votes. Shareholders may indicate whether they would prefer an advisory vote on executive compensation once every one, two or three years. We are required to solicit shareholder votes on the frequency of future say-on-pay proposals at least once every six years, although we may seek shareholder input more frequently.

The frequency period that receives the most votes (every one, two or three years) of the Common Voting Shares represented and entitled to vote at the meeting will be deemed to be the recommendation of the shareholders. Nonetheless, because this vote is advisory and not binding on the board or the Company, the board may decide that it is in the best interests of the holders of our Common Voting Shares and the Company to hold an advisory vote on executive compensation more or less frequently than the option selected by a plurality of the holders of our Common Voting Shares.

The board has considered the frequency of an advisory vote on executive compensation and believes that a vote every year is the most appropriate alternative for the Company. In reaching its recommendation, our Board considered the ownership structure and the elements of our compensation programs.

The Board of Directors recommends that holders of Common Voting Shares vote FOR a frequency of every year on this Proposal. It is expected that the Common Voting Shares owned by The Edward W. Scripps Trust will be voted in favor of a frequency of every year on this Proposal, thus assuring approval thereof. Proxies for Common Voting Shares solicited by the board will be voted for a frequency of every year on this proposal, unless shareholders specify a contrary choice in their proxies. Abstentions and broker non-votes on Proposal 3 will have no effect on the voting results for that matter.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and owners of more than ten percent of the Company's Class A Common Shares (10% shareholders), to file with the Securities and Exchange Commission (the SEC) and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of Class A Common Shares and other equity securities of the Company. Officers, directors and 10% shareholders are required by SEC regulations to furnish the Company with copies of all forms they file pursuant to Section 16(a).

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required during the year ended December 31, 2010, all Section 16(a) filing requirements applicable to its executive officers, directors and 10% shareholders were complied with in a timely manner during 2010.

ENGAGEMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

At its February 14, 2011 meeting, the audit committee of the board of directors approved the appointment of Deloitte & Touche LLP as independent registered public accountants for the Company for the year ending December 31, 2011. A representative of Deloitte & Touche LLP, the Company's independent registered public accounting firm during 2010, is expected to be present at the Annual Meeting of Shareholders and will have an opportunity to make a statement if he or she desires and respond to appropriate questions.

REPORT ON SHAREHOLDER PROPOSALS FOR 2012 ANNUAL MEETING

Any shareholder proposals intended to be presented at the Company's 2012 Annual Meeting of Shareholders must be received by the Company at 312 Walnut Street, Suite 2800, Cincinnati, Ohio, 45202, on or before November 25, 2011, for inclusion in the Company's proxy statement and form of proxy relating to the 2012 Annual Meeting of Shareholders.

If a shareholder intends to raise a proposal at the Company's 2012 annual meeting that he or she does not seek to have included in the Company's proxy statement, the shareholder must notify the Company of the proposal on or before February 6, 2012 if the shareholder fails to notify the Company, the Company's proxies will be permitted to use their discretionary voting authority with respect to such proposal when and if it is raised at such annual meeting, whether or not there is any discussion of such proposal in the 2012 proxy statement.

Table of Contents

OTHER MATTERS

The presence of any shareholder at the meeting will not operate to revoke his or her proxy. A proxy may be revoked at any time, insofar as it has not been exercised, by submitting a new proxy with a later date, notifying the Company's secretary in writing before the meeting, or voting in person at the meeting.

The persons named in the enclosed proxy, or their substitutes, will vote the shares represented by such proxy at the meeting. The forms of proxy for the two respective classes of stock permit specification of a vote for persons nominated for election as directors by each such class of stock, as set forth under "Election of Directors" above, and the withholding of authority to vote in the election of such directors or the withholding of authority to vote for one or more specified nominees. Where a choice has been specified in the proxy, the shares represented thereby will be voted in accordance with such specification. If no specification is made, such shares will be voted to elect directors as set forth under "Election of Directors" or in favor of Proposal 2. If no voting specification is made, such shares will be voted to select an annual vote on executive compensation pursuant to Proposal 3.

Under Ohio law and the Company's Amended Articles of Incorporation broker non-votes and abstaining votes will not be counted in favor of or against any nominee but will be counted as present for purposes of determining whether a quorum has been achieved at the meeting. Director nominees who receive the greatest number of affirmative votes will be elected directors. The proposal to approve executive compensation must receive the affirmative vote of a majority of the Company's Common Voting Shares cast at the meeting. With regard to the proposal to approve the frequency of votes on executive compensation, the frequency receiving the greatest number of affirmative votes by the Company's Common Voting Shares will be deemed the recommendation of the Common Voting Shares. All other matters to be considered at the meeting require for approval the favorable vote of a majority of the Common Voting Shares cast at the meeting in person or by proxy. If any other matter properly comes before the meeting, the persons named in the proxy will vote thereon in accordance with their judgment. The Company does not know of any other matter that will be presented for action at the meeting and the Company has not received any timely notice that any of the Company's shareholders intend to present a proposal at the meeting.

By order of the board of directors,

Julie L. McGehee, ESQ.
Secretary and Vice President
