As a result of the recent share acquisitions, Sun has increased its ownership from 49% to 62% and as a result has obtained control of the Company. In addition, Sun has acquired options to purchase an additional 1,679,066 shares of Common Stock with exercise prices ranging between \$.68 and \$3.50 per share.

At this time, except as disclosed above, the Sun has no immediate plans or proposals which relate to or would result in:

- 1). the acquisition by any person of additional securities of the issuer, or the disposition of securities of the Company;
- 2). an extraordinary corporate transaction, such as a merger, reorganization or liquidation involving the Company;
- 3). a sale or transfer of a material amount of assets of the Company;
- 4). any change in the present board of directors or management of

- 6). any other material change in the Company's business or corporate structure;
- 7). changes in the Company's charter, bylaws or instruments corresponding thereto or other actions which may impede the acquisition of control of the Company by any person;
- 8). causing a class of securities of the Company to be delisted from a national securities exchange or to cease to be authorized to be quoted in an inter-dealer quotation system of registered national securities association;
- 9). the Shares becoming eligible for termination pursuant to Section 12(g) (4) of the Act; or
- 10). any action similar to those enumerated above.
