CHAIRMAN'S STATEMENT

Dear Fellow Shareholders:

It gives me great pleasure to inform you that on July 14, 2005, AMVESCAP's Board of Directors named Martin L. Flanagan your company's President and Chief Executive Officer. Marty comes to us from a well-regarded global investment management organization he joined in 1983 and most recently led as President and co-CEO. He has also become a member of the AMVESCAP Board.

Marty's decision to lead our company is a powerful testament to the attraction of the AMVESCAP franchise. He believes, as do we, in the tremendous potential of our company. His deep industry knowledge, strong financial background and proven leadership skills made him the clear choice to guide our organization. With Marty's strategic vision and AMVESCAP's core strengths, our company is well positioned to capitalize on the attractive opportunities the investment management industry continues to offer.

On August 2, AMVESCAP announced interim results for 2005 and reported that profit before tax for the six months ended June 30, 2005 amounted to L119.3

Edgar Filing: AMVESCAP PLC/LONDON/ - Form 6-K

million (\$213.5 million) compared to

L138.1 million (\$250.0 million) for the first six months of 2004. The 2004 results included a gain of L6.4 million arising from the sale of the U.K. business of Atlantic Wealth Management. Operating profit for the six months ended June 30, 2005 amounted to L141.2 million (\$252.7 million), compared to L147.8 million (\$267.5 million) for the first six months of 2004. Revenues totaled L581.5 million (\$1,040.9 million) in the first half of 2005, compared to L577.1 million (\$1,044.6 million) in 2004. Diluted earnings per share amounted to 9.5p for the 2005 period, compared to 11.0p for the same period in 2004.

Effective January 1, 2005, AMVESCAP began recording its results of operations under International Financial Reporting Standards ("IFRS"). Prior to this date, AMVESCAP prepared its consolidated financial statements under U.K. Generally Accepted Accounting Practice ("U.K. GAAP"). The most significant changes affecting AMVESCAP's financial reporting due to the IFRS transition are:

- The cessation of goodwill amortization (IFRS 3) and redenomination of goodwill to the currency of the underlying acquired entities (IAS 21);
- The inclusion of a fair value charge in respect of outstanding employee share options granted after November 7, 2002 (IFRS 2);
- The replacement of existing charges for awards under certain equity-based compensation plans with fair value charges spread over revised time periods (IFRS 2); and
- The inclusion in the balance sheet of all employee benefit liabilities (IAS 19).

The underlying business transactions and cash flows of AMVESCAP did not change upon transition to IFRS. The transition to IFRS resulted in the reduction of total shareholders' funds under U.K. GAAP at January 1, 2004 (transition date) of L118 million. This reduction is due primarily to the redenomination of goodwill and management contract intangible assets into the currency of the underlying acquired entities. Under U.K. GAAP, these balances were recorded in pounds sterling. For the year ended December 31, 2004, the transition to IFRS resulted in the addition of L151 million to profit for the year, primarily due to the cessation of goodwill amortization previously recorded under U.K. GAAP. Diluted earnings per share for the six months ended June 30, 2004 was 11.0p under IFRS, compared with 1.8p under U.K. GAAP. Diluted earnings per share under U.K. GAAP before goodwill amortization was 11.2p for the six months ended June 30, 2004. See Note 8 for further details.

AMVESCAP's first Annual Report under IFRS will be for the year ended December 31, 2005. The information presented in this earnings release is subject to the ongoing development of IFRS. Funds under management totaled \$373.2 billion at June 30, 2005, compared to \$382.1 billion at December 31, 2004. Institutional money market funds, included above, amounted to \$40.6 billion at June 30, 2005, compared to \$41.7 billion at December 31, 2004. Approximately 53% of the total funds under management were invested in equity securities, and 47% were invested in fixed income securities at June 30, 2005. The equity securities were invested in the following styles at June 30, 2005: 33% in growth, 38% in core, and 29% in value. At June 30, 2005, 48% of funds under management were managed in institutional products and 52% were managed in retail products.

Average funds under management amounted to \$375.1 billion for the first half of 2005 compared to \$374.4 billion for the first half of 2004. Of these funds, average institutional money market fund levels totaled \$41.0 billion for the first half of 2005 compared to \$47.0 billion of the first half 2004.

Earnings before interest, taxes, depreciation, amortization and certain non-cash and other items ("EBITDA") amounted to L180.2 million (\$322.6 million) in the six months ended June 30, 2005, compared to L193.2 million (\$349.7 million) for the six months ended June 30, 2004. Net debt at June 30, 2005 amounted to L500.8 million compared to L590.9 million at the end of 2004, excluding client cash.

The Board has declared an interim dividend of 4.0p per share (2004: 2.5p). The interim dividend will be paid on October 12, 2005 to shareholders on the register on September 9, 2005. The ex-dividend date for the dividend will be September 7, 2005.

Business Developments

We have had good profit growth in our Canadian, U.S. Institutional and U.K. businesses in the first half of 2005. These results have been offset by weakness in the U.S. mutual fund business. Actions during the first half of 2005, including the sale of our retirement business and our continuing efforts to increase the efficiency of our shared operating platforms have strengthened the company for the future. AMVESCAP remains focused on improving investment performance and maintaining the highest standards of client service.

The AIM U.S. group reported revenues of L201.5 million and operating profit of L67.3 million. Funds under management amounted to \$128.6 billion at June 30, 2005, including \$40.6 billion relating to institutional money market funds. Performance of AIM's institutional money markets funds continues to be excellent, with several of its largest funds ranked by Lipper as the best performers in their categories for one, three and five-year periods. Several AIM funds were recognized by Lipper at their 2005 Fund Awards Ceremony: AIM International Small Company Fund was named Best International Small/Mid Cap Growth Fund over three years; AIM Global Equity Fund was named Best Global Multi-Cap Growth Fund over three years; AIM Real Estate Fund was named the Best Real Estate Fund over five years.

The AIM Canada group reported revenues of L95.4 million and operating profit of L50.9 million. Strong investment performance has led to AIM Trimark being named

Edgar Filing: AMVESCAP PLC/LONDON/ - Form 6-K

fund manager of the year in three of the last four years at the Canadian Investment Awards. Funds under management amounted to \$36.2 billion at June 30, 2005.

The INVESCO U.S. group reported revenues of L103.8 million and operating profits of L26.7 million in the first half of 2005. Funds under management amounted to \$116.8 billion at June 30,

2005. During the first six months, the financial structures group closed two deals totaling \$1.9 billion in assets. The team manages 19 structures totaling \$8.7 billion in assets and was recently recognized by EuroMoney magazine which named INVESCO as CDO Manager of the Year 2005.

INVESCO U.K. reported revenues of L110.2 million and operating profits of L23.3 million for the first half of 2005, compared with L10.9 million from the prior year. This business generated \$2.8 billion in net sales during the period. Investment performance of the INVESCO Perpetual funds remains strong with over 80% of assets outperforming their peer group over both three and five years. INVESCO Perpetual was also named the Best Bond Fund Manager at the Financial Advisor 2005 awards. Funds under management were \$52.9 billion at June 30, 2005.

Concurrent with a new Chinese law that allowed foreign investors to increase their ownership interests to 49%, INVESCO Asia increased its ownership in the INVESCO Great Wall joint venture company from 33% to 49%. In the second quarter the sale of the U.S. DC administration business was announced. This transaction closed in July. In the first quarter the Group renewed its five year credit facility ahead of schedule and on enhanced terms. The new credit facility will lower ongoing bank lender fees and borrowing costs, and increase our liquidity profile due to elimination of rollover risk.

The Board of Directors of AMVESCAP, in fulfillment of its fiduciary duties, is committed to maximizing long-term shareholder value. It is your Board's unanimous conclusion that AMVESCAP can best serve its shareholders by continuing to advance its position as a leading independent global investment manager offering enduring investment solutions to individual and institutional clients through a full range of products backed by excellent client service. With the appointment of Marty Flanagan as Chief Executive Officer, I am confident that AMVESCAP has the right leadership, resources and people to lead your company forward.

NOTES

Note 1. Accounting Policies

The accounting policies used in the preparation of the Interim Results follow International Financial Reporting Standards ("IFRS") in effect as of the date of this release. The comparative periods have been restated to apply these IFRS on a consistent basis (see Note 8). The most significant changes due to the IFRS transition are:

- The cessation of goodwill amortization (IFRS 3) and redenomination of goodwill to the currency of the underlying acquired entities (IAS 21)
- The inclusion of a fair value charge in respect of outstanding employee share options granted after November 7, 2002 (IFRS 2)
- The replacement of existing charges for awards under certain equity-based compensation plans with fair value charges spread over revised time periods (IFRS 2)
- The inclusion in the balance sheet of all employee benefit liabilities (IAS 19)

AMVESCAP's first Annual Report under IFRS will be for the year ended December 31, 2005. The information presented in the Interim Results is subject to the ongoing development of IFRS; however the policies applied to the information in the Interim Results are consistent with those that are expected to be applied in the 2005 Annual Report. Please refer to www.amvescap.com for a more detailed discussion of these policies.

NOTE 2. Adoption of Accounting Standards

The Group has adopted IAS 32, "Financial Instruments: Disclosure and Presentation" and IAS 39, "Financial Instruments: Recognition and Measurement" as of January 1, 2005. These standards require that financial assets and liabilities be recognized on the balance sheet and accounted for according to their underlying classification. Shareholders equity increased by L15.2 million as a result of these changes primarily arising from the recognition of net unrealized gains on investments classified as available for sale.

NOTE 3. Taxation

The taxation charge is primarily due to overseas taxation. A significant proportion of the tax charge is expected to arise from U.S. operations. The estimated effective tax rate is 35.7% in 2005 (2004: 35.6%).

NOTE 4. Earnings per Share

Basic earnings per share is based on the weighted average number of ordinary and exchangeable shares outstanding during the respective periods excluding shares purchased and held by employee share ownership trusts. Diluted earnings per share takes into account the effect of the potential issuance of ordinary shares.

NOTE 5. Dividends

A final dividend in respect of the 2004 year of 5.0p per share or L41,002,000 (L39,595,000 for ordinary shares and L1,407,000 for exchangeable shares) was approved at the Annual General Meeting of Shareholders on April 28, 2005. This dividend was accrued on that date, and a payment was made on May 4, 2005, to shareholders on the register on April 1, 2005.

NOTE 6. Credit Facility

On March 31, 2005, the Company entered into a new five-year credit agreement ("credit facility") with a group of lenders, providing a revolving credit facility in an aggregate principal amount of up to \$900 million. Under certain conditions, the aggregate commitments under the credit facility may be increased to \$1.2 billion. The credit facility requires specified financial ratios to be maintained, including a maximum debt to EBITDA ratio of 3.25:1 and a minimum interest coverage of 4.0:1.

NOTE 7. Sale of AMVESCAP Retirement

On April 21, 2005, the sale of AMVESCAP Retirement was announced, and the transaction closed on July 15, 2005. Total AMVESCAP Retirement assets and liabilities relating to the transaction held for sale at June 30, 2005 were L8.7 million and L2.0 million, respectively. For the six months ended June 30, 2005, AMVESCAP Retirement recorded revenues of L16.7 million.

NOTE 8. Reconciliations from U.K. GAAP to IFRS

Prior to December 31, 2004, AMVESCAP reported its results of operations under U.K. Generally Accepted Accounting Practice ("U.K. GAAP"). Beginning January 1, 2005, AMVESCAP transitioned from U.K. GAAP to International Financial Reporting Standards ("IFRS"). The tables below reconcile total shareholders' funds at December 31, 2003, and December 31, 2004 under U.K. GAAP to total equity under IFRS, and profit/(loss) after taxation for the six months ended June 30, 2004 and the year ended December 31, 2004 from U.K. GAAP to IFRS. Amounts are presented in millions.

IFRS Transition Adjustments

Goodwill and intangibles. The Group has chosen to apply IFRS 3 prospectively from the date of transition. This has resulted in the value of goodwill arising from previous acquisitions being frozen at the value held on the Group balance sheet at January 1, 2004 and the reversal of any amortization charged in 2004. The Group has elected to apply IAS 21 retrospectively to its goodwill and intangible asset balances, which were previously recorded in pounds sterling from their respective acquisition dates. The result of this application is that the goodwill and intangible assets have been redenominated into their underlying currencies and will subsequently be remeasured each reporting date for the effect of changes in foreign exchange rates.

Share-based payment. The Group will recognize a charge in the Profit and Loss Account for the fair value of outstanding share awards granted to employees after November 7, 2002. The charge has been calculated using a stochastic option valuation model and will be charged over the relevant vesting periods, adjusted to reflect expected and actual levels of vesting.

Defined benefit obligation, net. The Group will recognize the net liability for defined benefit post retirement plan schemes on the balance sheet and will take actuarial gains and losses on a systematic basis to the Profit and Loss Account, in accordance with the permitted methods of recognition under IAS 19.

Sale of business. During 2004, the Group disposed of its U.K. and Jersey

Edgar Filing: AMVESCAP PLC/LONDON/ - Form 6-K

businesses of Atlantic Wealth Management and included the previously written off goodwill related to this business in the calculation of the net gain resulting from the sale. Under IFRS 1, goodwill previously deducted from equity is not recognized in the opening balance sheet and that goodwill is not transferred into the Profit and Loss Account upon disposal of the business. This had the effect of increasing the gain reported under U.K. GAAP. Dividends. The Group will recognize dividends declared after the balance sheet date in the reporting period in which they are declared, as they represent non-adjusting events after the balance sheet date.

Other. Other adjustments upon transition to IFRS include the recognition and establishment of accruals related to compensated absences, foreign exchange items and certain tax adjustments.

NOTE 9. Statutory Financial Statements

The financial information shown in the Interim Results is unaudited and does not constitute statutory financial statements. The 2004 Annual Report has been filed with the Register of Companies on which the auditors issued a report, which was unqualified and did not contain a statement under section 237(2) or section 237(3) of the Companies Act 1985.

INDEPENDENT REVIEW REPORT TO AMVESCAP PLC

Introduction

We have been instructed by the company to review the financial information for the six months ended June 30, 2005 which comprises consolidated financial statements such as the Consolidated Income Statements, Consolidated Balance Sheets, Consolidated Cash Flow Statements, Consolidated Statement of Changes in Equity, and the related notes 1 to 9. We have read the other information contained in the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the financial information.

This report is made solely to the company in accordance with guidance contained in Bulletin 1999/4 Review of interim financial information issued by the Auditing Practices Board. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our work, for this report, or for the conclusions we have formed.

Directors' responsibilities

The interim report, including the financial information contained therein, is the responsibility of, and has been approved by, the directors. The directors are responsible for preparing the interim report in accordance with the Listing Rules of the Financial Services Authority.

As disclosed in note 1, the next annual financial statements of the group will be prepared in accordance with those IFRSs adopted for use by the European Union.

The accounting policies are consistent with those that the directors intend to use in preparing the next financial statements.

There is, however, a possibility that the directors may determine that some changes to these policies are necessary when preparing the full annual financial statements for the first time in accordance with those IFRSs adopted for use by the European Union.

Review work performed

Edgar Filing: AMVESCAP PLC/LONDON/ - Form 6-K

We conducted our review in accordance with guidance contained in Bulletin 1999/4 Review of interim financial information issued by the Auditing Practices Board for use in the United Kingdom. A review consists principally of making enquiries of group management and applying analytical procedures to the financial information and underlying financial data, and based thereon, assessing whether the accounting policies have been applied. A review excludes audit procedures such as tests of controls and verification of assets, liabilities and transactions. It is substantially less in scope than an audit performed in accordance with United Kingdom Auditing Standards and therefore provides a lower level of assurance than an audit. Accordingly we do not express an audit opinion on the financial information.

Review conclusion

On the basis of our review we are not aware of any material modifications that should be made to the financial information as presented for the six months ended June 30, 2005.
