**Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On November 9, 2006, the board of directors (the Board) of Calumet GP, LLC, the general partner (the General Partner) of Calumet Specialty Products Partners, L.P. (the Partnership), approved the 2007 Incentive Compensation Plan (the Plan) upon the recommendation of the compensation committee of the Board. The Plan is effective beginning with the 2007 fiscal year. The purpose of the Plan is to aid the Partnership in retaining and motivating management employees of high caliber and to assist the Partnership in meeting its performance objectives. The Plan provides for incentive awards comprised of both cash and awards of equity interests in the Partnership.

The Plan provide for awards to be awarded to the Partnership's executive officers and certain other management employees if the Partnership meets specific performance targets based on its distributable cash flow. Distributable cash flow is defined by the Partnership to mean Adjusted EBITDA (as defined in the Partnership's credit facilities) less maintenance capital expenditures, cash interest expense and income tax expense.

Under this Plan, if the Partnership's actual performance meets a minimum distributable cash flow goal for the fiscal year, executive officers and certain other management employees may receive incentive bonus payments ranging from 15% to 50% of the employee's base salary, depending on the participant's position with the Partnership. If the Partnership's performance exceeds the defined minimum distributable cash flow goal, the cash bonus paid as percentage of the employee's base salary may be larger, ultimately reaching an upper range of 60% to 200% of the employee's base salary, depending on the participant's position with the Partnership, if the Partnership's distributable cash flow for the fiscal year reaches a defined maximum level. There are a total of three increasing distributable cash flow goals under the Plan pursuant to which participants may receive incentive bonus payments. Cash bonuses will be prorated if actual performance falls between the defined minimum and maximum distributable cash flow goals.

Payment of cash bonuses (if any) will be made in the first quarter following the end of the performance period during which the bonuses were earned. Cash bonuses under the Plan will be paid in a single lump sum, subject to tax and other withholdings.

Under this Plan, if the Partnership's actual performance meets a target distributable cash flow goal for the fiscal year, executive officers and certain other management employees may receive awards ranging from 1,000 to 5,000 phantom units with distribution equivalent rights (DERS), depending on the participant's position with the Partnership. If the Partnership's distributable cash flow for the fiscal year reaches a defined maximum level, the participants in the Plan may receive awards ranging from 1,500 to 7,500 phantom units with DERS, depending on the participant's position with the Partnership. Equity awards will not be prorated if actual performance falls between the defined target and maximum distributable cash flow goals.

Awards of phantom units with DERS pursuant to the Plan will be made in the first quarter following the end of the performance period during which such awards were earned. Any awards of phantom units with DERS will be issued pursuant to the Partnership's Long-Term Incentive Plan (the LTIP) previously adopted by the Board.

The Board also approved on November 9, 2006 a standard form of phantom unit grant agreement with DERS to be used for phantom unit grants pursuant to the LTIP. Pursuant to the terms of the LTIP, the Board or its compensation committee may make grants of equity awards to the employees, consultants and directors of the General Partner and employees and consultants of its affiliates who perform services for the General Partner. The form of phantom unit grant is attached hereto as Exhibit 10.1.
