2007 Short-Term Incentive Compensation

Effective March 30, 2007, the Compensation Committee approved a short-term incentive plan for 2007 (the 2007 STI Plan). The 2007 STI Plan is designed to reward participants for economic value added (EVA) versus cost of capital of the Company's core Fabricated Products business, including corporate expenses, with modifiers for safety performance (as measured by the total case incident rate), business unit performance and individual performance. Under the 2007 STI Plan, EVA will equal the Company's pre-tax operating income (subject to certain adjustments) less a capital charge, calculated as a percentage of the Company's net assets (subject to certain adjustments). The 2007 STI Plan provides for (1) a threshold performance level below which no payout is made, a target performance level at which the target award is available and a maximum performance level at or above which the maximum payout is available, and (2) minimum and maximum payout opportunities ranging from zero up to three times the target payout amount. The table below sets forth the estimated future payouts that can be earned by each of the Named Executive Officers under the 2007 STI Plan at the threshold, target and maximum performance levels.

Name	Threshold	Target	Maximum
Jack A. Hockema	\$259,615	\$519,230	\$1,557,690
Joseph P. Bellino	\$ 90,750	\$181,500	\$ 544,500
John Barneson,	\$ 65,475	\$130,950	\$ 392,850
John M. Donnan	\$ 60,750	\$121,500	\$ 364,500

Under the 2007 STI Plan, a pro rata incentive award is earned based on actual eligibility during the performance period if prior to December 31, 2007 a participant (1) dies, (2) retires under normal retirement (age 62) or in connection with full early retirement (position elimination), (3) is involuntarily terminated due to position elimination, or (4) becomes disabled. Under the 2007 STI Plan, incentive awards are forfeited for voluntary terminations prior to December 31, 2007. A participant will be entitled to the full payment of his or her award if his or her employment terminates on or after December 31, 2007, unless such participant's employment is voluntarily terminated by him or her without good reason or by us for cause, in which case he or she would forfeit the award.

The preceding description of the 2007 STI Plan is a summary and is qualified in its entirety by the Summary of the Kaiser Aluminum Fabricated Products 2007 Short-Term Incentive Plan For Key Managers, which is filed as Exhibit 10.1 hereto and incorporated herein by reference.
