(1) Organization and Operations

The accompanying condensed consolidated financial statements include those of Trump Hotels & Casino Resorts, Inc., a Delaware corporation (THCR), Trump Hotels & Casino Resorts Holdings, L.P., a Delaware limited partnership (THCR Holdings), and Subsidiaries (as defined below). THCR Holdings is currently owned approximately 63.4% by THCR, as both a general and limited partner, and approximately 36.6% by Donald J. Trump (Trump), as a limited partner. Trump s limited partnership interest in THCR Holdings represents his economic interests in the assets and operations of THCR Holdings. Such limited partnership interest is convertible at Trump s option into 13,918,723 shares of THCR s common stock, par value \$.01 per share (the THCR Common Stock) (subject to certain adjustments), and if converted, would give Trump ownership of 44.5% of the THCR Common Stock (including his current personal share ownership) or 46.6% (assuming currently exercisable options held by Trump were exercised). Accordingly, the accompanying condensed consolidated financial statements include those of (i) THCR and its 63.4% owned subsidiary, THCR Holdings, and (ii) THCR Holdings and its wholly-owned subsidiaries.

All significant intercompany balances and transactions have been eliminated in the accompanying condensed consolidated financial statements.

The accompanying condensed consolidated financial statements have been prepared without audit. In the opinion of management, all adjustments, consisting of only normal recurring adjustments necessary to present fairly the financial position, the results of operations and cash flows for the periods presented, have been made.

The accompanying condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Accordingly, certain information and note disclosures normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States have been condensed or omitted.

These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Registrants Annual Report on Form 10-K for the year ended December 31, 2001 filed with the SEC.

The casino industry in Atlantic City and Indiana is seasonal in nature. Accordingly, results of operations for the period ended September 30, 2002 are not necessarily indicative of the operating results for a full year.

THCR, THCR Holdings and Trump Hotels & Casino Resorts Funding, Inc., a Delaware corporation (THCR Funding), have no operations and their ability to service their debt is dependent on the successful operations of the following subsidiaries of THCR Holdings (the

Subsidiaries): (i) Trump Atlantic City Associates, a New Jersey general partnership (Trump AC), which is comprised of Trump Taj Mahal Associates, a New Jersey general partnership (Taj Associates), and Trump Plaza Associates, a New Jersey general partnership (Plaza Associates); (ii) Trump Indiana, Inc., a Delaware corporation (Trump Indiana); and (iii) Trump s Castle Associates, L.P., a New Jersey limited partnership (Castle Associates) d/b/a Trump Marina Hotel Casino (Trump Marina). THCR, through THCR Management Services, LLC, a wholly-owned, unrestricted subsidiary of THCR Holdings (THCR Management), also manages Trump 29 Casino located in the Palm Springs, California area pursuant to a five-year management agreement (the Trump 29 Management Agreement) with the Twenty-Nine Palms Band of Luiseno Mission Indians (the Tribe). The Registrants ability to service their debt is also dependent upon the management fees generated pursuant to the Trump 29 Management Agreement. THCR, through THCR Holdings and its subsidiaries, is the exclusive vehicle through which Trump engages in new gaming activities in emerging and established gaming jurisdictions.

Basic and Diluted Earnings(Loss) Per Share

Basic earnings (loss) per share is based on the weighted average number of shares of THCR Common Stock outstanding. Diluted earnings per share includes the impact of common stock options using the treasury stock method unless such options are anti-dilutive. The shares of THCR's Class B common stock, par value \$.01 per share (the "THCR Class B Common Stock"), owned by Trump have no economic interest and therefore are not considered in the calculation of weighted average shares outstanding. A reconciliation of the number of shares used in the basic and diluted earnings (loss) per share calculations is as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2001	2002	2001	2002
Weighted average common shares outstanding - basic	22,010,027	22,010,027	22,010,027	22,010,027
Dilutive effect of stock options computed under treasury stock method		24,789		25,508
Weighted average common shares outstanding - diluted	22,010,027	22,034,816	22,010,027	22,035,535

Options to purchase 2,017,500 shares were excluded from the computation of diluted earnings per share for the three months ended September 30, 2002 as the weighted exercise price of the options was greater than the average market price of THCR stock during the quarter.

Reclassifications

Certain reclassifications have been made to prior year financial statements to conform to the current year presentation.

(2) Financial Information

Financial information relating to THCR Funding is as follows:

	December 31, 2001	September 30, 2002
		(unaudited)
Total Assets (including THCR Holdings 15½% Senior Secured Notes due 2005 (the Senior Notes) receivable of \$145,000,000 at December 31, 2001 and September 30, 2002) (a)	\$ 154,252,000	\$ 151,555,000
Total Liabilities and Capital (including \$145,000,000 of Senior Notes due 2005)	\$ 154,252,000	\$ 151,555,000
	2001	2002
Interest Income from THCR Holdings	\$ 16,856,000	\$ 16,856,000
Interest Expense	16,856,000	16,856,000
Net Income	\$	\$

(a) THCR Enterprises, LLC, a wholly-owned subsidiary of THCR Holdings, purchased \$35,500,000 of these Senior Notes during 2000 having an aggregate principal amount of \$35,500,000.

(3) Other Assets

Plaza Associates is appealing a real estate tax assessment by the City of Atlantic City. At December 31, 2001 and September 30, 2002, other assets include \$8,014,000, which Plaza Associates believes will be recoverable on the settlement of the appeal.

During the nine months ended September 30, 2002, Trump Indiana paid sales tax assessed by the State of Indiana relating to its vessel in the amount of \$1,800,000. As this assessment is being appealed by Trump Indiana, it has been included in other assets. Trump Indiana believes that the \$1,800,000 will be recoverable on settlement of the appeal.

(4) Volume Based Cash Rebates

During 2001, the Company adopted the provisions of Emerging Issues Task Force (EITF) Issue No. 22, Accounting for Points and Certain Other Time-Based Sales Incentive Offers, and Offers for Free Products or Services to be Delivered in the Future . Accordingly, volume-based cash rebates of \$32,297,000 and \$90,782,000 during the three and nine months ended

(unaudited)**

September 30, 2001 have been reclassified as promotional allowances from gaming expenses.

During the third quarter of 2002, the Company reclassified certain costs (primarily bus coin) from costs and expenses to promotional allowances to be consistent with prevailing industry practice pursuant to EITF 01-9, Accounting for Consideration Given by a Vendor to a Customer (Including a Reseller of the Vendor's Products) which totaled \$5,385,000 and \$5,826,000 for the three months ended March 31, 2002 and June 30, 2002 and \$7,230,000, \$6,929,000, and 7,228,000 for the three months ended March 31, 2001, June 30, 2001, and September 30, 2001, respectively.

(5) Debt Renegotiation Costs

The Company previously announced its intention to refinance or modify the terms of THCR's and its subsidiaries' public debt issues having an outstanding aggregate principal amount of approximately \$1,700,000,000 as of September 30, 2002. During the nine months ended September 30, 2002, debt renegotiation costs of \$3,070,000 were incurred: \$1,570,000 by Trump AC on its \$1,300,000,000 outstanding debt, \$1,133,000 by Trump Marina, \$284,000 by Trump Indiana, and \$83,000 by THCR Holdings. Accordingly, the debt renegotiation costs have been expensed in the accompanying Statements of Operations. THCR and its subsidiaries will continue to seek to refinance certain debt when capital market conditions are favorable.

(6) THCR Management Services

As previously reported, on April 15, 2002, THCR Management received approval from the National Indian Gaming Commission of the Trump 29 Management Agreement with the Tribe. Under the Trump 29 Management Agreement, THCR Management manages the day-to-day operations of the Tribe's recently renovated and expanded casino renamed Trump 29 Casino, which opened on April 2, 2002. An additional expansion adding dining, entertainment, and more gaming space was completed on September 28, 2002. During the three and nine months ended September 30, 2002, THCR Management earned \$693,000 and \$1,807,000, respectively, in management fees (included in other revenues) and incurred \$190,000 and \$312,000, respectively, associated with general and administrative costs and approximately \$208,000 and \$574,000, respectively, in pre-opening costs (included in general and administrative expenses) pursuant to the Trump 29 Management Agreement.

(7) New Jersey Corporate Business Tax

On July 3, 2002, the State of New Jersey passed the New Jersey Tax Act (the "Act"). This Act, among other things, requires the suspension of the use of the New Jersey net operating loss carryforwards for two years and the introduction of a new alternative minimum assessment under the New Jersey corporate business tax based on gross receipts or gross profits, as defined. The Act is retroactive to January 1, 2002. As a result of the change in tax law, THCR has recorded a charge to income tax expense of \$3,718,000 for the nine months ended September 30, 2002, which represents the cumulative tax due from January 1, 2002 to September 30, 2002. This charge was recorded beginning in the period in which the tax law was passed (third quarter) pursuant to the accounting literature in Financial Accounting Standards Board Statement Number 109, Accounting for Income Taxes.

(unaudited)**

(8) Riviera Holdings Corporation Option

On July 10, 2002, consistent with the Contribution Agreement, dated June 12, 1995, between Trump and THCR Holdings, Trump granted, at no cost, to THCR Holdings a one-year option (the Option) to purchase Trump's 350,000 shares of common stock (the RHC Shares) of Riviera Holdings Corporation (RHC). RHC is the owner and operator of the Riviera Hotel & Casino located in Las Vegas, Nevada. The Option is exercisable at a purchase price equal to the greater of: (i) Trump's cost of acquiring the RHC Shares (\$2,275,000 plus incurred brokerage commissions) or (ii) the fair market value of the RHC Shares based upon the 20 trading day average closing price of the shares of common stock of RHC as reported on the American Stock Exchange preceding the exercise of the Option. On July 10, 2002, Trump and THCR jointly filed a Schedule 13D therein reflecting Trump's purchase of the RHC Shares and THCR's beneficial ownership of the RHC Shares by virtue of the Option.

(9) Long-Term Debt

On June 12, 2002, Castle Associates entered into a \$70,000,000 term credit facility (the Term Credit Facility) which matures on November 1, 2003 and bears interest at a rate based on the Eurodollar rate (LIBOR based) (7.3125% as of September 30, 2002). The Term Credit Facility is secured by substantially all of Castle Associates' assets on a first priority basis. On July 12, 2002, the net proceeds from the Term Credit Facility were used to redeem the \$62,000,000 10¼% Senior Secured Notes due 2003 (the Castle Senior Notes) and the \$5,000,000 10¼% Senior Secured Notes due 2003 (the Castle Working Capital Loan).

THCR Management was a participant in the construction loan obtained by the Tribe that financed the construction and renovation of the Trump 29 Casino. On September 12, 2002, THCR Management assigned its interest in the Tribe's construction loan to a group of unrelated third party lenders. The proceeds of such assignment were used by THCR Management, together with the proceeds of the loan described below, to satisfy THCR Management's outstanding indebtedness to the original lenders that funded THCR Management's portion of the Tribe's construction loan. In connection with the repayment of this debt, the Company wrote off approximately \$1,700,000 of unamortized deferred financing fees associated with this debt. The Company, which adopted the provisions of FAS 145, Recission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections , during the quarter ended September 30, 2002, has included the write-off as a component of interest expense.

THCR Management entered into a loan agreement, dated September 12, 2002 (the FNB Loan) with First National Bank (FNB) pursuant to which FNB agreed to loan \$2.2 million to THCR Management. The FNB Loan bears interest at the rate of nine percent (9.0%) per annum and matures in April 2003. The FNB Loan is secured by a pledge of the management fee payable to THCR Management under the Trump 29 Management Agreement.

(10) Indiana Dockside Gaming

On August 5, 2002, dockside gaming was implemented at Trump Indiana pursuant to recently enacted legislation. Dockside gaming eliminates the requirement to cruise, provides patrons continual access to the Trump Indiana vessel during gaming hours and increases the gaming day by one hour.

Table of Contents

ITEM 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report includes forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934. All statements other than statements of historical facts included in this report regarding the prospects of our industry or our prospects, plans, financial position or business strategy, may constitute forward-looking statements. In addition, forward-looking statements generally can be identified by the use of forward-looking words such as may, will, expect, ~~estimate~~, anticipate, believe, plans, forecasts, continue or the negatives of these terms or variations of them or similar terms. Although we believe that the expectations reflected in these forward-looking statements are reasonable, we cannot assure you that these expectations will prove to be correct. Important factors that could cause actual results to differ materially from our expectations include business, competition, regulatory and other uncertainties and contingencies discussed in this report that are difficult or impossible to predict and which are beyond our control. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements included in this document. These forward-looking statements speak only as of the date of this report. We do not intend to update these statements unless the securities laws require us to do so.

In this section, the words Company, we, our, ours, and us refer to Trump Hotels & Casino Resorts, Inc. (THCR) and its subsidiary Hotels & Casino Resorts Holdings, L.P. (THCR Holdings) and THCR Holdings wholly-owned subsidiaries, unless otherwise noted. We, through one or more subsidiaries, own and operate four casinos. Three of the four casinos are located in Atlantic City, New Jersey: (i) the Trump Plaza Hotel and Casino (Trump Plaza), (ii) the Trump Taj Mahal Casino Resort (the Taj Mahal) and (iii) the Trump Marina Hotel Casino (Trump Marina, and together with the Trump Plaza and the Taj Mahal, the Trump Atlantic City Properties). The fourth is a riverboat casino docked in Buffington Harbor on Lake Michigan in Indiana (the Indiana Riverboat, and together with the Trump Atlantic City Properties, the Trump Casino Properties). We also manage, through THCR Management, Trump 29 Casino located in the Palm Springs, California area pursuant to the Trump 29 Management Agreement with the Tribe. Terms not defined in this section shall have the meanings ascribed to them elsewhere in this Quarterly Report on Form 10-Q.

General

Our business is subject to a variety of risks and uncertainties, some of which are discussed below.

The Company Has Substantial Indebtedness.

The Company has substantial indebtedness. At September 30, 2002, the Company's long-term debt was approximately \$1.9 billion and its ratio of debt to capital was approximately 20.3 to 1. Interest expense as a percentage of net revenues was 17.7% and 18.4% for the nine months ended September 30, 2002 and 2001, respectively.

The Company previously announced its intention to refinance or modify the terms of THCR's and its subsidiaries' public debt issues. On July 12, 2002, Castle Associates refinanced the Castle Senior Notes and Castle Working Capital Loan with the net proceeds of the Term Credit Facility. The primary reason to refinance or modify THCR's and its subsidiaries' public debt issues is to extend their maturity date (especially of the debt maturing in 2003) and to reduce the high levels of interest expense associated with such indebtedness. Reducing interest expense could permit the Company, among other things, to devote more resources to capital expenditures at the Trump Casino Properties. Capital expenditures, such as room refurbishments, amenity upgrades and new gaming equipment, are necessary from time to time to preserve the competitiveness of the Trump Casino Properties. The Atlantic City market is very competitive and is anticipated to become more competitive in the future, especially when the Borgata opens in 2003 (as discussed below). Management believes that the Company must provide for capital expenditures that it believes are necessary to compete effectively. Management believes, however, that, based upon its current cash flow forecasts for 2002, THCR and its subsidiaries will have sufficient cash flows to meet their respective debt service and operating expense requirements throughout 2002. See Liquidity and Capital Resources.

The ability of THCR Holdings and its subsidiaries to service the debt on which they are obligated depends primarily on the ability of the Trump Casino Properties to generate cash from operations and Trump 29 Casino to generate management fees sufficient for such purposes. The Trump Atlantic City Properties themselves have substantial indebtedness and debt service requirements which, in the case of Castle Associates, mature in 2003. The future operating performance of the Trump Casino Properties is subject to general economic conditions, industry conditions, including competition and regulatory matters, and numerous other factors, many of which are unforeseeable or are beyond the control of the Trump Casino Properties. There can be no assurance that the future operating performance of the Trump Casino Properties will be sufficient to generate the cash flows required to meet the debt service obligations of the Trump Casino Properties or THCR Holdings. The ability of the Trump Casino Properties and THCR Holdings to pay the principal amount of their public debt at maturity (whether scheduled or by acceleration thereof) is primarily dependent upon their ability to obtain refinancing. There is also no assurance that the general state of the

Edgar Filing: TRUMP HOTELS & CASINO RESORTS INC - Form 10-Q

economy, the status of the capital markets generally, or the receptiveness of the capital markets to the gaming industry in general or to the Company in particular will be conducive to refinancing debt at any given time or on more favorable terms.

Castle Associates has substantial indebtedness maturing in 2003. If it were unable to refinance its indebtedness for any

Table of Contents

reason, it would likely have a material adverse effect on our financial condition.

The ability of the Trump Casino Properties to distribute funds to THCR Holdings for purposes of THCR Holdings making interest payments on its indebtedness is also limited by various covenants that bind such companies, including financial ratios that require certain levels of cash flow be achieved as a condition to the distribution of funds to THCR Holdings. Under such restrictions, there can be no assurances that THCR Holdings will be provided with funds from its subsidiaries sufficient to pay interest on its indebtedness if operating results were to deteriorate.

We Do Not Know How the Borgata, When Opened, Will Affect Us.

In September 2000, Boyd Gaming and MGM Mirage commenced their joint development of a 25-acre site located in the Marina District of Atlantic City for the construction of the Borgata, a casino expected to feature a 40-story tower with 2,010 rooms and suites, as well as a 135,000 square-foot casino, restaurants, retail shops, a spa and pool, and entertainment venues. Construction of the Borgata is scheduled to be completed in the third or fourth quarter of 2003. While we believe that the opening of the Borgata will attract additional visitors to Atlantic City, especially to the Marina district which could benefit our Trump Marina property, it is also possible that the Borgata could have an adverse effect on the business and operations of the Trump Atlantic City Properties. This potential adverse effect could include a reduction in net revenues caused by a loss of gaming patrons. Also, substantial new expansion and development activity has recently been completed, is under construction or has been announced in Atlantic City, which further intensifies competitive pressure in the Atlantic City market and which could also have an adverse effect on our patronage and revenues. See Liquidity and Capital Resources.

New York Has Enacted Gaming Legislation Which May Harm Our Trump Atlantic City Properties and Other States May Do So In The Future.

In October 2001, the New York State legislature passed extensive legislation that could adversely affect the Company. The legislation permits three new casinos in western New York, one in Niagara Falls, one in Buffalo and one on land owned by the Seneca Indian Nation, all of which would be owned by the Seneca Indian Nation. The legislation also permits up to three casinos in the Catskills in Ulster and Sullivan counties, also to be owned by Native Americans, which could open as early as mid-2005. In addition, slot machines would be allowed to be placed in Indian-owned casinos. Video lottery terminals would be installed in five horse racing tracks across the State of New York and, if local governments approve, at certain other tracks. Finally, the law provides for New York joining the Powerball lottery that operates in 26 states with large jackpots. The net effect of these facilities and other items, when operational, on Atlantic City cannot be predicted. The Company believes, however, that a substantial amount of existing and potential new gaming customers could patronize such facilities instead of Atlantic City, at least occasionally. On January 29, 2002, a lawsuit was commenced contesting the above legislation package on the grounds that certain of its provisions were adopted in violation of the State's constitution. The likely outcome of this lawsuit cannot be ascertained at this time.

We also believe that Maryland and Virginia are among the other states currently contemplating some form of gaming legislation. In addition, several legislative proposals have been introduced in Pennsylvania that would potentially allow for a wide range of gaming activities, including riverboat gaming, slots at racetracks, video lottery terminals at liquor stores and the formation of a gaming commission. The results of the recent gubernatorial elections in Pennsylvania and Maryland may also increase the likelihood of gaming legislation in such states. Since our market is primarily a drive-to market, legalized gambling in one or more states neighboring or within close proximity to New Jersey could have a material adverse effect on the Atlantic City gaming industry overall, including THCR and the Trump Atlantic City Properties.

Our Business is Subject to a Variety of Other Risks and Uncertainties.

Our financial condition and results of operations could be affected by many events that are beyond our control, such as (i) capital market conditions which could affect our ability to raise capital for refinancing debt or pursuing other alternatives, (ii) future acts of terrorism and their impact on capital markets, the economy, consumer behavior and operating expenses, including insurance premiums, (iii) war, including the possible invasion of Iraq, (iv) competition from existing and potential new competitors in Atlantic City and other markets, which is likely to increase over the next five years, (v) regulatory changes, (vi) state tax law changes that increase the tax liability of the Company, (vii) possible increases in gasoline prices which could

Table of Contents

discourage auto travel to Atlantic City, and (viii) adverse or unfavorable weather conditions. Good weather is particularly important to the relative performance of our Trump Atlantic City Properties in the winter months and our improved performance in the first quarter of 2002 is partially attributable to mild weather conditions in the Northeast during such period, as well as to expense reduction. There can be no assurance that winter conditions will be as benign in a given winter.

In connection with insurance renewals subsequent to September 11, 2001, the availability of insurance coverage for certain types of damages or occurrences has been adversely affected. Consequently, the Company is self-insured for certain risks. The lack of insurance for certain types or levels of risk could expose us to significant losses in the event that an uninsured catastrophe occurred.

Critical Accounting Policies

The preparation of our financial statements in conformity with generally accepted accounting principles in the United States requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Our estimates, judgments and assumptions are continually evaluated based on available information and experience. Because of the use of estimates inherent in the financial reporting process, actual results could differ from those estimates.

These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2001 filed with the SEC.

Table of Contents**Financial Condition -****Liquidity and Capital Resources**

Cash flows from operating activities of the Company's owned and managed casino properties are the Company's primary source of liquidity and capital resources. To a lesser extent, the Company relies on capital leases for its capital resource needs. The Company's ability to borrow funds for its liquidity and capital resources needs is severely restricted by covenants in the various indentures governing its public debt issues and by its already high levels of indebtedness. Sources of the Company's short-term and long-term liquidity include casino gaming revenues and room, food and beverage sales. Although we expect the Company to have sufficient liquidity from the operating activities of the Trump Casino Properties to meet its short-term obligations, there can be no assurances in this regard. A variety of factors, including a decrease or change in the demand for our services, could have a material adverse effect on our liquidity. See General above.

The Trump Atlantic City Properties compete with other Atlantic City casino/hotels on the basis of the quality of their guests' experience. We seek to provide high-quality service and amenities and a first class casino gaming experience. In a competitive marketplace like Atlantic City, the ability to offer a high-quality casino gaming experience is largely dependant upon the quality of customer service, the array of games offered, the attractiveness of a casino/hotel and on extent and quality of the facilities and amenities.

Because the Company has substantial indebtedness and related interest expenses, its capital expenditures in recent years has been limited. Moreover, the Company has not been able to pursue various capital expansion plans, such as the addition of more hotel rooms. Capital expenditures for the Trump Casino Properties for the nine months ended September 30, 2001 and 2002 are as follows:

Gaming revenues are the primary source of THCR's revenues. Table game revenues represent the amount retained by THCR from amounts wagered at table games. The table win percentage tends to be fairly constant over the long term, but may vary significantly in the short term, due to large wagers by high rollers. The Atlantic City industry table game win percentages were 16.1% and 15.5% for the three months ended September 30, 2001 and 2002, respectively. THCR's table game win percentage was 17.3% and 16.0% for the three months ended September 30, 2001 and 2002, respectively.

Table game revenues decreased \$8.1 million, or 8.2%, to \$90.7 million for the three months ended September 30, 2002 from \$98.8 million in the comparable period in 2001. The \$6.9 million decrease in table game revenue at the Taj Mahal was primarily due to a 1.8 point decrease in table win percentage combined with a \$12.8 million decrease in table game drop. Trump Plaza's table game drop increase of \$13.7 million offset by a 0.2 point decrease in table win percentage resulted in a \$1.8 million increase in table game revenue. Trump Marina's \$2.6 million decrease in table game revenue is due to a 1.8 point decrease in table win percentage. Trump Indiana's \$0.4 million decrease in table games revenue was primarily due to a \$1.3 million decrease in table game drop, combined with a 0.8 point decrease in table win percentage, resulting from increased competition in the Indiana and Illinois market for table game play.

Slot revenues increased \$18.0 million, or 7.6%, to \$256.0 million for the three months ended September 30, 2002 from \$238.0 million in the comparable period in 2001. Increases in slot handle of \$26.1 million at Trump Plaza and \$62.8 million at Trump Marina primarily contributed to their respective increases in slot revenues. The Taj Mahal's slot revenues increased \$4.3 million due to a 0.5 point increase in slot win percentage which offset a \$16.0 million decrease in slot handle. Trump Indiana's slot revenues increased \$3.1 million primarily due to a \$17.6 million increase in slot handle, as a result of additional machines added in 2002, combined with a 0.5 point increase in slot win percentage. Overall, slot revenues increased primarily as a result of improved slot product on the casino floor, management's continued focus on marketing initiatives and customer service, all of which contributed to an increase in slot handle.

Other revenues for the three months ended September 30, 2002 includes a \$0.7 million management fee from the Trump 29 Casino located in Coachella, California, for which there was no comparative revenue in 2001.

Gaming costs and expenses remained flat at \$153.1 million for the three months ended September 30, 2002, compared to \$153.2 million for the three months ended September 30, 2001. Gaming costs at the Taj Mahal and Trump Plaza decreased \$0.7 million and \$0.8 million, respectively, from the comparable period in 2001 primarily due to decreased payroll expense and more efficient marketing programs. Trump Marina's gaming costs increased \$1.7 million primarily due to increased spending on marketing programs, which was incurred to stimulate gaming revenues. Trump Indiana's gaming costs decreased \$0.3 million from

Table of Contents

the comparable period in 2001.

General and administrative expenses were \$71.5 million for the three months ended September 30, 2002, a \$5.2 million, or 7.8%, increase from \$66.3 million in the comparable period in 2001. This increase is primarily attributed to higher insurance, real estate taxes and employee benefits. Trump Marina's increase also includes incremental costs incurred related to a service agreement dated December 28, 1993, (the "Trump Services Agreement") between Castle Associates and Trump Casinos II, Inc., an affiliate of Trump. General and administrative expenses also include expenses incurred by THCR Management of \$0.4 million, including pre-opening costs of the Trump 29 Casino of \$0.2 million.

Income taxes of \$3.7 million represent taxes recorded in connection with the changes to the New Jersey state income tax law enacted during July 2002 (see Note 7).

Included in other non-operating income for the three months ended September 30, 2002, is a \$0.7 million distribution from Miss Universe, L.P., LLP (Miss Universe) to THCR Holdings. There was no comparable income in 2001.

Comparison of Nine-Month Periods Ended September 30, 2001 and 2002. The following tables include selected data of Plaza Associates, Taj Associates, Trump Indiana and Trump Marina.

The Atlantic City industry table game win percentages were 15.6% and 15.8% for the nine months ended September 30, 2001 and 2002, respectively. THCR's table game win percentage was 16.7% and 16.8% for the nine months ended September 30, 2001 and 2002, respectively.

Table game revenues decreased \$6.6 million, or 2.5%, to \$260.1 million for the nine months ended September 30, 2002 from \$266.7 million in the comparable period in 2001. The \$10.0 million decrease in table game revenues at the Taj Mahal was primarily due to a \$54.4 million decrease in table game drop. Trump Plaza's table game revenues increase of \$3.5 million was due to the \$21.4 million increase in table game drop. Trump Marina's \$1.4 million increase in table game revenues is primarily due to a 1.1 point increase in table win percentage which offset the \$10.6 million decrease in table game drop. Trump Indiana's \$1.5 million decrease in table game revenues was primarily due to a \$9.2 million decrease in table game drop, resulting from increased competition in the Indiana and Illinois market for table game play.

Slot revenues increased \$44.7 million, or 6.8%, to \$705.7 million for the nine months ended September 30, 2002 from \$661.0 million in the comparable period in 2001. Increases in slot handle of \$103.3 million at the Taj Mahal and \$131.2 million at Trump Marina primarily contributed to their respective increases in slot revenues. Trump Plaza's slot revenues increased \$6.3 million due to a 0.4 point increase in slot win percentage which offset an \$8.7 million decrease in slot handle. Trump Indiana's slot revenues increased \$6.0 million due to a 0.4 point increase in slot win percentage combined with a \$22.7 million increase in slot handle. Overall, slot revenues increased primarily as a result of improved slot product on the casino floor, management's continued focus on marketing initiatives and customer service, and favorable weather conditions in the first three months of 2002.

Other revenues for the nine months ended September 30, 2002 includes a \$1.8 million management fee from the Trump 29 Casino located in Coachella, California, for which there was no comparative revenue in 2001.

Gaming costs and expenses were \$440.9 million for the nine months ended September 30, 2002, a decrease of \$5.6 million, or 1.3%, from \$446.5 million for the nine months ended September 30, 2001. Gaming costs at the Taj Mahal decreased \$2.7 million, or 1.5%, from the comparable period in 2001 and Trump Plaza's gaming costs decreased \$5.7 million, or 4.6%, from the comparable period in 2001 primarily due to decreased payroll expense and more efficient marketing programs. Trump Marina's gaming costs increased \$3.0 million primarily due to increased spending on marketing programs, which was incurred to stimulate gaming revenues. Trump Indiana's gaming costs decreased \$0.1 million from the comparable period in 2001.

Table of Contents

General and administrative expenses were \$201.6 million for the nine months ended September 30, 2002, a \$3.5 million, or 1.8%, increase from \$198.1 million in the comparable period in 2001. This increase is primarily attributed to higher insurance, real estate taxes and employee benefits. Trump Marina's increase also includes incremental costs incurred related to the Trump Services Agreement. General and administrative expenses also include expenses incurred by THCR Management of \$0.9 million, including pre-opening costs of \$0.6 million.

Income taxes of \$3.7 million represent taxes recorded in connection with the changes to the New Jersey state income tax law enacted during July 2002 (see Note 7).

THCR previously announced its intention to refinance or modify the terms of its public debt which was approximately \$1.7 billion aggregate principal amount as of September 30, 2002. During the nine months ended September 30, 2002, debt renegotiation costs of \$3.1 million were incurred: \$1.6 million by Trump AC on its \$1.3 billion outstanding debt, \$1.1 million by Trump Marina, \$0.3 million by Trump Indiana and \$0.1 million by THCR Holdings. Accordingly, the debt renegotiation costs have been expensed in the accompanying Statements of Operations. THCR and its subsidiaries will continue to seek to refinance certain debt when market conditions are favorable. See General--The Company Has Substantial Indebtedness .

Included in other non-operating income for the nine months ended September 30, 2002, is a \$0.7 million distribution from Miss Universe to THCR Holdings. There was no comparable income in 2001.

During the nine months ended September 30, 2002, Trump Indiana paid sales tax assessed by the State of Indiana relating to its vessel in the amount of \$1.8 million. As this assessment is being appealed by Trump Indiana, it has been included in other assets. Trump Indiana believes that the \$1.8 million will be recoverable on settlement of the appeal.

Seasonality

The casino industry in Atlantic City and Indiana is seasonal in nature with the peak season occurring in the second and third quarters. Accordingly, the results of operations for the period ending September 30, 2002 are not necessarily indicative of the operating results for a full year.

ITEM 3-- QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

ITEM 4-- CONTROLS AND PROCEDURES

(a) *Evaluation of Disclosure Controls and Procedures.* Based on their evaluation as of a date within 90 days of the filing date of this Quarterly Report on Form 10-Q, the Registrants' principal executive officer and principal financial officer have concluded that the Registrants' disclosure controls and procedures (as defined in Rules 13a-14(c) and 15d-14(c) under the Securities Exchange Act of 1934 (the Exchange Act)) are effective to ensure that information required to be disclosed by the Registrants in reports that they file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms.

(b) *Changes in Internal Controls.* There were no specific changes in the Registrants' internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

Table of Contents

PART II -- OTHER INFORMATION

ITEM 1 -- LEGAL PROCEEDINGS

General. THCR and certain of its employees have been involved in various legal proceedings. Such persons are vigorously defending the allegations against them. In general, THCR has agreed to indemnify such persons against any and all losses, claims, damages, expenses (including reasonable costs, disbursements and counsel fees) and liabilities (including amounts paid or incurred in satisfaction of settlements, judgments, fines and penalties) incurred by them in said legal proceedings.

Various other legal proceedings are now pending against THCR. Except as set forth herein and in THCR's Annual Report on Form 10-K for the year ended December 31, 2001, THCR considers all such proceedings to be ordinary litigation incident to the character of its business and not material to its business or financial condition. THCR believes that the resolution of these claims, to the extent not covered by insurance, will not, individually or in the aggregate, have a material adverse effect on its financial condition or results of operations of THCR.

CERTIFICATION

I, DONALD J. TRUMP, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Trump Hotels & Casino Resorts, Inc.;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:
 - a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):
 - a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The registrant's other certifying officers and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
