Horace Mann Educators Corporation

We have audited the accompanying statements of net assets available for benefits of Horace Mann Supplemental Retirement and Savings Plan as of December 31, 2001 and 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted

Edgar Filing: HORACE MANN EDUCATORS CORP /DE/ - Form 11-K

in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of assets (held at end of year) as of December 31, 2001, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

1. General Plan Information

Description of the Plan

Edgar Filing: HORACE MANN EDUCATORS CORP /DE/ - Form 11-K

The Horace Mann Supplemental Retirement and Savings Plan (the Plan) is sponsored by Horace Mann Service Corporation (HMSC) which is a wholly owned subsidiary of Horace Mann Educators Corporation (HMEC, HMSC and HMEC, collectively referred to as the Company). The following brief description of the Plan is provided for general information purposes. Readers should refer to the actual Plan Document or the employee Summary Plan Description entitled Your Horace Mann Benefits Program for additional information.

The Plan is a voluntary defined-contribution plan covering all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Vesting

Participating employees may contribute up to 10% of eligible compensation, including salary, overtime, commissions, and certain incentive bonuses on a before-tax basis to one or more of twenty available investment funds. Effective, April 1, 2002, participants will be able to contribute 20% of eligible compensation.

Prior to January 1, 2002, the Company contributed an amount equal to 50% of the first 6% of eligible compensation contributed by participating employees. Employer contributions and earnings thereon are 20% vested for each year of service, with full vesting occurring after five years of service. In addition, employer contributions generally become fully vested in the event of disability or death. Forfeitures of nonvested employer contributions serve to reduce future Company matching contributions. Participant contributions and earnings thereon are fully vested at all times. Effective January 1, 2002, an automatic 3% Company contribution will replace the 50% Company match of the first 6% contributed. The 3% Company contribution will be 100% vested at the time the contribution is made and will be participant-directed. Company match contributions made prior to January 1, 2002, will continue to vest at the rate of 20% per year of service.

In accordance with the Omnibus Budget Reconciliation Act of 1993, eligible compensation for purposes of contributions were limited to \$170,000 in 2001 and 2000. Prior to January 1, 2002, highly compensated employees were limited to 6% participant contributions and 3% Company matching contributions. However, effective January 1, 2002, with the adoption of the Company's "safe harbor" contribution, highly compensated employees may contribute up to 20% of eligible compensation.

Participant Accounts and Benefits

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan investment earnings. The benefit to which a given participant is entitled is the benefit that can be provided from that participant's vested account. A participant subaccount is maintained in each of the investment funds in which a participant chooses to invest. There were 2,160 and 2,367 participants at December 31, 2001 and 2000, respectively. At December 31, 2001 and 2000, the number of participants' subaccounts in the respective investment funds were as follows:

Plan participants may invest in a fixed interest rate group annuity contract with HMLIC (Fixed Fund). Plan assets invested in this contract are guaranteed by HMLIC and, as a result, are presented in the financial statements at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less withdrawals by participants. The fair value of the group annuity contract is approximately equal to contract value.

The actual credited interest rate on the group annuity contract was 5.25% and 6.25% for the years ended December 31, 2001 and 2000, respectively.

The minimum guaranteed annual interest rate per the group annuity contract is 4.5%. The actual credited interest rate may be reset by HMLIC with 30 days advance notice, but is generally changed once at the beginning of each Plan year. Beginning January 1, 2002, the actual crediting rate was continued at 5.25%.

Edgar Filing: HORACE MANN EDUCATORS CORP /DE/ - Form 11-K

15

Horace Mann Supplemental Retirement and Savings Plan

Notes to Financial Statements (continued)

3. Administrative Expenses (continued)

Prior to July 1, 2000, the Company paid all administrative costs for the operation of the Plan and related trust, which consist primarily of trustee, audit, and legal fees. The investment results of the separate account are net of investment and operating expenses charged by HMLIC and the Separate Account - Horace Mann Mutual Funds. Minimal brokerage and commission fees for the purchase of HMEC common stock are paid directly by the Trustee from the HMEC Common Stock Fund.

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated May 17, 1994, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code"), and therefore, the related trust is exempt from taxation. On February 28, 2002, the Plan was amended and restated to conform with the plan changes effective January 1, 2002, the series of tax acts collectively referred to as "GUST" and the Economic Growth and Tax Relief Reconciliation Act (EGTRRA), and submitted to the IRS for favorable determination. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.
