INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Committee of  
Affiliated Computer Services, Inc. Savings Plan

We have audited the accompanying statements of net assets available for benefits of Affiliated Computer Services, Inc. Savings Plan ("Plan") as of December 31, 1999 and 1998, and the related statement of changes in net assets available for benefits for the year ended December 31, 1999. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and

## Edgar Filing: AFFILIATED COMPUTER SERVICES INC - Form 11-K

we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Connecticut General Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 1999 that the information provided to the plan administrator by the trustee is complete and accurate.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note 3, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the plan as of December 31, 1999 and the changes in net assets available for benefits for the year then ended in conformity with generally accepted accounting principles.

### INDEPENDENT AUDITORS' REPORT (CONTINUED)

Our audit of the Plan's financial statements were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 10 to 12 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, except for the effects on the Schedules of Assets Held For Investment Purposes and the Schedules of Reportable Transactions of such adjustments, if any, as might have been determined to be necessary had we performed procedures with respect to the information summarized in Note 6 as described in the second preceding paragraph, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Participating employees may contribute up to the lesser of fifteen percent of covered compensation through payroll deductions or the maximum amount permitted under applicable Internal Revenue Service provisions. In 1999, the Company made matching contributions of 25% up to 6% of compensation for Affiliated Computer Service, Inc. employees. The Company made matching contributions of 50% up to 7% of compensation for employees of the Roadway division. A discretionary match of \$20,684 was made for Micah division employees. Each participant's account is credited with the participants' and the Companies' matching contributions and allocated monthly to each participant's account. Investment income or loss is allocated daily based on the ratio of each participant's account balance at the end of each day.

Company profit sharing contributions are allocated among participants on the last day of the Plan year in the same proportion of the entitled participant's compensation for such Plan year bears to the total compensation of all entitled participants.

### VESTING

Employee contributions are 100% vested. Vesting of employer contributions occurs at the following rates:

NOTE 1. PLAN DESCRIPTION (CONTINUED)

TERMINATION

The Company's Board of Directors may terminate the Plan at any time. Upon termination, the Board of Directors may elect to distribute to each participant, or his or her beneficiary, the proportionate share of the Plan's assets as determined by the individual account balances on the date of termination, or continue the existence of the trust for the purpose of paying benefits as they become due under the terms of the Plan. In addition, upon termination of the Plan, participants' vested interest in employer contributions shall be 100%.

Accordingly, actual results may differ from those estimates.
