A record of the Company's activities during 2002 and financial statements for the fiscal year ended December 31, 2002 are contained in the accompanying 2002 Annual Report. The Annual Report does not form any part of the material for solicitation of proxies.

PROXY STATEMENT

FOR ANNUAL GENERAL MEETING OF MEMBERS
TO BE HELD ON APRIL 24, 2003

GENERAL

This proxy statement is furnished to members of Noble Corporation (the "Company") in connection with the solicitation by our board of directors of proxies for use at the annual general meeting of members to be held at the time and place and for the purposes set forth in the accompanying notice. The approximate date of mailing of this proxy statement and the accompanying proxy or voting instruction card is March 18, 2003.

PROXIES AND VOTING INSTRUCTIONS

If you hold ordinary shares, par value \$.10 per share, of the Company ("Ordinary Shares") in your name, you can submit your proxy in three convenient ways:

- o TELEPHONE - Call toll free 1-800-850-5909 (24 hours a day, seven days a week) and follow the instructions given. You will need to give the Control Number set forth on your proxy card accompanying this proxy statement. This method of submitting your proxy is available for residents of the United States and Canada only, and is available until 5:00 p.m. Eastern Time on Wednesday, April 23, 2003.
- o INTERNET - Visit <http://proxy.georgeson.com>. Enter the Company Number and Control Number from your proxy card and follow the instructions given. This method of submitting your proxy will be available until 5:00 p.m. Eastern Time on Wednesday, April 23, 2003.
- o PROXY CARD - Complete, sign and date your proxy card and mail it in

Edgar Filing: NOBLE CORP - Form DEF 14A

the postage paid envelope provided. Proxy cards must be received by us before voting begins at the annual general meeting.

If you hold Ordinary Shares through someone else, such as a bank, broker or other nominee, you may get material from them asking you how you want to vote your shares. You should check to see if they offer telephone or Internet voting.

You may revoke your proxy at any time prior to its exercise by:

- o Giving written notice of the revocation to our corporate secretary;
- o Appearing and voting in person at the annual general meeting; or
- o Properly submitting a later-dated proxy by telephone, via the Internet or by delivering a later-dated proxy card to our corporate secretary.

If you attend the annual general meeting in person without voting, this will not automatically revoke your proxy. If you revoke your proxy during the meeting, this will not affect any vote previously taken. If you hold

1

Ordinary Shares through someone else, such as a bank, broker or other nominee, and you desire to revoke your proxy, you should follow the instructions provided by your nominee.

If you were a participant in the Noble Drilling Corporation 401(k) Savings Plan on the record date for the meeting, you should receive a voting instruction card. You can provide instructions to the plan trustee as to how to vote Ordinary Shares held in the plan by calling the telephone number or visiting the Internet site as set forth above, or by completing, signing and dating the voting instruction card and mailing it in the postage paid envelope.

VOTING PROCEDURES AND TABULATION

The Company will appoint one or more inspectors of election to act at the annual general meeting and to make a written report thereof. Prior to the annual general meeting, the inspectors will sign an oath to perform their duties in an impartial manner and according to the best of their ability. The inspectors will ascertain the number of Ordinary Shares outstanding and the voting power of each, determine the Ordinary Shares represented at the annual general meeting and the validity of proxies and ballots, count all votes and ballots, and perform certain other duties as required by law. The determination of the inspectors as to the validity of proxies will be final and binding.

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. Votes that are withheld will be excluded entirely from the vote and will have no effect. Under the rules of the New York Stock Exchange, brokers who hold shares in street name have the authority to vote on certain "routine" items (such as the election of directors) when they have not received instructions from beneficial owners. Brokers will have discretionary authority to vote for the election of directors of the Company. Under applicable Cayman Islands law, a broker non-vote (or other limited proxy) will have no effect on the outcome of the election of directors.

VOTING SECURITIES

Edgar Filing: NOBLE CORP - Form DEF 14A

Our only outstanding voting securities are our Ordinary Shares. Only holders of record of Ordinary Shares at the close of business on March 6, 2003, the record date for the annual general meeting, are entitled to notice of and to vote at the annual general meeting. On the record date for the annual general meeting, there were 133,578,905 Ordinary Shares outstanding and entitled to be voted at the annual general meeting. A majority of such shares, present in person or represented by proxy, is necessary to constitute a quorum. Each Ordinary Share is entitled to one vote. Under Cayman Islands law, the holders of our Ordinary Shares do not have appraisal rights with respect to matters to be voted upon at the annual general meeting.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The following table sets forth as of December 31, 2002 information with respect to the only persons who were known to the Company to be the beneficial owners of more than five percent of our outstanding Ordinary Shares.

NAME AND ADDRESS OF BENEFICIAL OWNER -----	ORDINARY SHARES BENE ----- NUMBER OF SHARES -----
FMR Corp..... 82 Devonshire Street Boston, Massachusetts 02109	19,523,789 (1)
Putnam, LLC d/b/a Putnam Investments..... One Post Office Square Boston, Massachusetts 02109	8,594,486 (2)
Massachusetts Financial Services Company..... 500 Boylston Street Boston, Massachusetts 02116	7,822,388 (3)

Corp. nor Mr. Johnson has sole voting power with respect to the Ordinary Shares owned by the Funds. Mr. Johnson and FMR Corp., through its control of FMTC, each has sole investment power with respect to 634,304 of such Ordinary Shares and sole voting power with respect to 590,004 of such Ordinary Shares. Though Mr. Johnson and his family indirectly own shares of voting stock of FIL entitling them to cast approximately 40% of the FIL stockholder votes, and Mr. Johnson is chairman of FIL, FMR and FIL do not believe that they should be required to attribute to each other the beneficial ownership of securities they individually beneficially own.

- (2) According to a Schedule 13G (Amendment No. 1), dated February 14, 2003, filed with the SEC by Putnam, LLC (d/b/a Putnam Investments) ("PI") jointly with Marsh & McLennan Companies, Inc., the parent holding company of PI, Putnam Investment Management, LLC ("PIM") and The Putnam Advisory Company, LLC ("PAC"), the amount beneficially owned includes (i) 8,594,486 Ordinary Shares beneficially owned by PI, with respect to which it has shared investment power of all such shares and shared voting power for 660,914 of such shares, (ii) 7,782,473 Ordinary Shares beneficially owned by PIM, with respect to which it has shared investment power of all of such shares and shared voting power for 281,278 of such shares, and (iii) 812,013 Ordinary Shares beneficially owned by PAC, with respect to which it has shared investment power of all of such shares and shared voting power for 379,636 of such shares. PIM and PAC are investment advisors wholly owned by PI.
- (3) According to a Schedule 13G (Amendment No. 4), dated February 12, 2003, filed with the SEC, Massachusetts Financial Services Company has sole investment power with respect to all of such Ordinary Shares and sole voting power with respect to 7,768,038 of such Ordinary Shares.

ELECTION OF DIRECTORS

There are three directors comprising the class whose term expires at the 2003 annual general meeting: Robert D. Campbell, James C. Day and Marc E. Leland. Neither Mr. Day nor Mr. Campbell, nor any other officer or employee of the Company or its subsidiaries is a member of the Company's compensation committee.

DIRECTOR EDUCATION

We provide our directors with information and materials that are designed to assist them in performing their duties as Board members. We provide director manuals, periodic presentations on new developments in relevant

5

areas, such as legal and accounting matters, as well as opportunities to attend director education programs at the Company's expense. Our director manual includes important information about the Company and the responsibilities of our directors, including: our memorandum and articles of association; guidelines for assignments regarding standing committees of the Board; the charters for each of our Board committees; a summary of laws and SEC rules regarding insider trading and short swing profits; our Code of Business Conduct; corporate directors' guidebooks published by such organizations as the National Association of Corporate Directors and the American Society of Corporate Secretaries; a statement of the Noble paradigm that governs how we do our business; and our safety policy and quality policy and objectives.

COMPENSATION OF DIRECTORS

The compensation committee of the board of directors sets the compensation of our directors. In determining the appropriate level of compensation for our directors, the compensation committee considers the commitment required from our directors in performing their duties on behalf of the Company, as well as comparative information the committee obtains from the compensation consulting firm of Towers Perrin and from other sources. Set forth below is a brief description of the compensation of our directors.

Annual Retainer and Other Fees and Expenses. We pay our non-employee directors an annual retainer of \$35,000, of which \$7,000 is paid in Ordinary Shares pursuant to the Equity Compensation Plan for Non-Employee Directors (the "Directors' Plan"). Under the Directors' Plan, non-employee directors may elect to receive the balance in Ordinary Shares or cash. We also pay our non-employee directors a Board meeting fee of \$2,000 and a committee meeting fee of \$1,500. The chairman of a standing Board committee receives an additional \$1,000 per committee meeting. We pay each director who is also one of our officers a fee of \$100 for each Board meeting attended. We also reimburse directors for travel, lodging and related expenses they may incur in attending Board and committee meetings.

Non-Employee Director Stock Options. The 1992 Nonqualified Stock Option Plan for Non-Employee Directors (the "1992 Plan") was approved and ratified by stockholders of Noble Drilling Corporation at its 1993 annual meeting of

Edgar Filing: NOBLE CORP - Form DEF 14A

stockholders and amended with stockholder approval in 2001 and 2002. Under the 1992 Plan, non-employee directors receive a one-time grant of an option to purchase 10,000 Ordinary Shares of the Company. Thereafter, on the next business day after each annual general meeting of members of the Company, such directors receive an annual grant of an option to purchase 7,500 Ordinary Shares of the Company. The options are granted at fair market value on the grant date and are exercisable from time to time over a period commencing one year from the grant date and ending on the expiration of 10 years from the grant date, unless terminated sooner as described in the 1992 Plan.

EMPLOYMENT AGREEMENTS

The Company has entered into employment agreements with each named executive officer listed in the Summary Compensation Table appearing on page 11 of this proxy statement. These employment agreements become effective upon a change of control of the Company (within the meaning set forth in the agreements) or a termination of employment in connection with or in anticipation of a change of control, and remain effective for three years thereafter.

The agreements provide that if the officer's employment is terminated within three years after a change of control or prior to but in anticipation of a change of control, either (1) by us for reasons other than death, disability or "cause" (as defined in the agreement) or (2) by the officer for "good reason" (which term includes a diminution of responsibilities or compensation, or a determination by the officer to leave during the 30-day period immediately following the first anniversary of the change of control), the officer will receive: (a) any unpaid portion of his current salary and prorated portion of his highest bonus paid either in the last three years before the change of control or for the last completed fiscal year after the change of control (the "Highest Bonus"); (b) a lump sum payment equal to three times the sum of his annual base salary (based on the highest monthly salary paid in the 12 months prior to the change of control) and his Highest Bonus; (c) benefits to him and his family at least equal to those which would have been provided had the employment not been terminated for a three-year period; (d) any compensation previously deferred by the officer (together with any accrued interest or earnings thereon) and any accrued vacation pay; and (e) a lump sum amount equal to the excess of (i) the actuarial equivalent of the benefit under the qualified defined benefit retirement plan of the Company and its affiliated companies in which the officer is eligible to participate had the officer's employment continued for three years after termination over (ii) the actuarial equivalent of the officer's actual benefit under such plans. The agreements also require the Company to make an additional payment in an amount such that after the payment of all income and excise taxes, the officer will

6

be in the same after-tax position as if no excise tax under Section 4999 (the so-called Parachute Payment excise tax) of the U.S. Internal Revenue Code of 1986, if any, had been imposed.

EXECUTIVE COMPENSATION

The following report of the compensation committee on executive compensation and the information herein under "Executive Compensation--Performance Graph" shall not be deemed to be "soliciting material" or to be "filed" with the SEC or subject to the SEC's proxy rules, except for the required disclosure herein, or to the liabilities of Section 18 of the Securities Exchange Act of 1934 (the "Exchange Act"), and such information shall not be deemed to be incorporated by reference into any filing made by the Company under the Securities Act of 1933 or the Exchange Act.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

To the Members of
Noble Corporation:

The Compensation Committee (the "Committee") of the board of directors of Noble Corporation ("Noble") is responsible for discharging the board of directors' responsibilities relating to compensation of directors and executive officers (including determining the compensation of the Chief Executive Officer of Noble (the "CEO")), and for assisting the board of directors in reviewing and administering compensation, benefits, and incentive and share-based compensation plans, including the 1991 Stock Option Plan (the "1991 Plan").

The Committee has retained the services from time to time of Towers Perrin, an independent management and compensation consulting firm, in making its determinations and recommendations in regard to executive compensation matters. The Committee uses compensation surveys and a comparison of how Noble's compensation compares to compensation paid by its competitors to analyze the reasonableness of Noble's compensation. Furthermore, company performance and the individual performances of our executives are considered in making decisions on executive compensation.

In January 2003, the Committee determined that it would be appropriate that

Edgar Filing: NOBLE CORP - Form DEF 14A

a compensation consulting firm other than Towers Perrin review Noble's compensation programs and practices. In February 2003, the Committee retained Deloitte & Touche LLP to conduct such a review. The Committee expects that Deloitte & Touche LLP will present their findings to the entire Board in April 2003.

COMPENSATION PHILOSOPHY AND OBJECTIVES

Noble's executive compensation program reflects the philosophy that compensation should be structured to closely align the executives' interests with those of our members. The program is based on stock-based incentive and performance-based pay programs. The compensation program is designed to attract, motivate and retain quality persons who will continue to exemplify dedication to Noble and its goals, thereby enhancing member (shareholder) value.

Base Salary

The Committee reviews base salaries for executive officers annually and periodically adjusts salaries to reflect the competitive market and the individuals' responsibilities, experience, leadership and contributions to our success. The policy of the Committee is generally to set base salary levels at approximately the median range for comparable positions determined from survey information.

8

In October 2002, the Committee conducted its annual review of the base salaries of the executive officers. At the request of senior management, no salary adjustments for officers were made at that time.

Annual Incentives

Noble's Short Term Incentive Plan ("STIP") is a goal-driven plan that gives participants, including executive officers, the opportunity to earn annual cash bonuses if specified performance goals are achieved. A participant's target bonus will range from 10% to 75% of the participant's base salary, depending on salary classification. The CEO's target bonus is 75% of base salary. The STIP is available to all full-time employees of Noble or its subsidiaries in salary classifications 18 and higher who have completed one year of service at the close of the plan year (December 31). The bonus earned by employees with less than two years of service is prorated based on the number of full months served.

The Committee sets performance goals for the STIP for each year. Bonus awards are calculated by multiplying the target bonus by a multiplier, which is calculated by measuring actual performance against the performance goals set by the Committee. Corporate or headquarters personnel and division personnel have different performance goals. The Noble corporate employees (which includes the CEO) performance goals for 2002 were total member/shareholder return and actual net income as measured against budget. Division goals for 2002 were weighted with respect to four criteria: safety results, optimizing operating performance, net income and cash flow from operations.

Fifty percent of the bonus calculation for all employees is based on achievement of the corporate performance goals. For each corporate employee, the balance of the bonus calculation depends on the overall performance of all of the divisions against the division goals. For each division employee, the balance of the calculation depends on the performance of the employee's division

Edgar Filing: NOBLE CORP - Form DEF 14A

against its division goals.

Actual bonuses paid can range from zero to 150% of base salary for the CEO or up to 110% of base salary for other participants.

Long-Term Incentive Compensation

Noble utilizes stock option grants and restricted stock awards under the 1991 Plan as a means of creating longer-term incentive for executive officers and other employees. The 1991 Plan is designed to align a significant portion of the executive compensation program with member interests by rewarding executives for the attainment of stock price appreciation and total member/shareholder return. The 1991 Plan, which was approved by stockholders at the Noble Drilling Corporation 1991 annual meeting and amended with stockholder approval in 1994, 1997, 1999 and 2002, provides Noble with the flexibility of granting stock options and awarding restricted stock. The options represent the right to purchase Ordinary Shares over a period of up to 10 years upon the terms and conditions as are specified by the 1991 Plan.

The Committee granted stock options under the 1991 Plan to executive officers of Noble, including options to purchase 180,000 Ordinary Shares awarded to the CEO, in July 2002. All of the options vest over three years and are exercisable at \$31.20, which was the fair market value of an Ordinary Share as of the date of the grant. The Committee did not make any awards of restricted stock during 2002.

2002 COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

The Committee reviews the CEO's salary once annually, consistent with Noble's salary administration policy for all shore based employees. Adjustments to the salary are considered by the Committee based upon Noble's financial and share price performance and the achievement by Noble of certain business objectives. The year 2002 was the second best year in Noble's history from a financial performance standpoint. As evidenced in the performance graph appearing in the proxy statement, which includes this report, Noble outperformed its competitor peer group during 2002. However, at the request of the CEO, no adjustment to the CEO's base salary was made in 2002. The CEO currently receives 23% of his base salary in the form of Ordinary Shares, as a result of the CEO's request to have increases in the CEO's base salary made by the Committee in 2000 and 2001 paid in Ordinary Shares.

9

In accordance with the terms of the STIP, the CEO was awarded a bonus of \$813,750 relative to 2002 performance. In addition, the Committee awarded the CEO a discretionary bonus of \$100,000 for the CEO's contribution in connection with Noble's financial and share price performance in 2002.

As noted above, in recognition of Noble's achievements during the latter part of 2001 and the first half of 2002 under the leadership of the CEO, the Committee granted the CEO an option to purchase 180,000 Ordinary Shares pursuant to the 1991 Plan on July 25, 2002. In deciding to grant these options, the Committee also considered compensation data provided by Towers Perrin.

In the December 2002 issue of Chief Executive, a national business publication, Mr. Day was recognized for achieving the fourth highest shareholder value return in the energy industry over his tenure as CEO, which began in 1984.

Edgar Filing: NOBLE CORP - Form DEF 14A

In the January 2003 issue of Institutional Investor magazine, Mr. Day was recognized as the best chief executive officer in the oil services and equipment industry segment, as ranked by portfolio managers and securities analysts at major money management firms and investment banks.

TAX DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the tax deductibility to public companies for compensation in excess of \$1 million per person per year, unless such compensation meets certain specific requirements. The Committee's intent is to structure compensation awards that will be deductible without limitation where doing so will further the purposes of Noble's executive compensation programs. The Committee also considers it important to retain flexibility to design compensation programs, even where compensation payable under such programs may not be fully deductible, if such programs effectively recognize a full range of criteria important to Noble's success and result in a gain to Noble that would outweigh the limited negative tax effect.

SUMMARY

The members of the Committee believe that linking executive compensation to corporate performance results in a better alignment of compensation with corporate goals and member interests. As performance goals are met or exceeded and the value of our member's investment in Noble increases, we believe that executive officers are to be rewarded commensurately. The members of the Committee believe that compensation levels during 2002 adequately reflect the compensation goals and policies of Noble.

(1) Benefit amounts under the Noble Drilling Salaried Employees' Retirement Plan (and unfunded, nonqualified excess benefit plan) are based on an employee's vested percentage, average monthly compensation and number of years of benefit service (maximum 30 years). The average monthly compensation is defined in the plan generally to mean the participant's average monthly rate of compensation from the Company for the five successive calendar years that give the highest average monthly rate of compensation for the participant. Plan compensation is defined (with certain exceptions) to mean basic compensation, bonuses, commissions and overtime pay, exclusive of extraordinary compensation but prior to reduction for any compensation deferred under a cash or deferred arrangement qualifying under Sections 401(k) or 125 of the Internal Revenue Code of 1986, as amended. Accordingly, the amounts reported in the Summary Compensation Table included elsewhere herein under the table caption "Annual Compensation" approximate plan compensation for 2002.

(2) Retirement benefits shown above are calculated using 1.6 percent of final average pay multiplied by years of service. This slightly overstates the benefit since that part of the final average pay that is below the Social Security "covered compensation" level should be multiplied by 1.0 percent instead of 1.6 percent. "Covered compensation" is the average of the Social Security Wage Bases during the 35-year period ending with the year the employee reaches Social Security Retirement Age. The amount of benefit shown is not subject to deductions for Social Security.

As of December 31, 2002, the named executive officers had the following approximate credited years of service for retirement purposes: Mr. Day--25; Mr. Campbell--4; Mr. Jackson--2; Mr. Adkins--8; and Ms. Robertson--14.

- (1) Consists of shares issuable under the Noble Drilling Corporation 401(k) Savings Restoration Plan and the Noble Corporation Equity Compensation Plan for Non-Employee Directors. The Restoration Plan was amended in February 2003 to limit the total number of shares issuable under the Restoration Plan since its inception to 200,000. Prior to that amendment, there was no such limit. The number of shares in column (c) gives effect to the amendment.

13

Set forth below is a brief description of the material features of the equity compensation plans of the Company that have not been approved by members and for which information is included in the table above.

Noble Drilling Corporation 401(k) Savings Restoration Plan. The Noble Drilling Corporation 401(k) Savings Restoration Plan is a nonqualified, unfunded employee benefit plan under which certain highly compensated employees of the Company may elect to defer compensation in excess of amounts deferrable under the Company's 401(k) Plan, and receive employer matching contributions (which are made in Ordinary Shares). The employer matching amount is limited in the same manner as are employer matching contributions under the Noble Drilling Corporation 401(k) Savings Plan. At the discretion of the Company, eligible participants may also receive direct payment of compensation through Ordinary Shares as additional awards under this plan. Mr. Day's salary increases awarded in 2000 and 2001 are currently paid in Ordinary Shares pursuant to this feature of the plan. Effective February 25, 2003, the plan was amended to limit the total number of Ordinary Shares issuable under the plan since its inception to 200,000. No options are issuable under the plan, and there is no "exercise price" applicable to shares delivered under the plan.

Noble Corporation Equity Compensation Plan for Non-Employee Directors. Under this plan, non-employee directors of the Company receive one-fifth (\$7,000) of their annual retainer (\$35,000) in Ordinary Shares. In addition, non-employee directors may elect to receive up to all of the balance of their annual retainer in Ordinary Shares or cash under the plan. Non-employee directors make elections on a quarterly basis. The number of Ordinary Shares to be issued under the plan in any particular quarter is

Edgar Filing: NOBLE CORP - Form DEF 14A

determined using the average closing sales price of Ordinary Shares for the last 15 trading days of the previous quarter. No options are issuable under the plan, and there is no "exercise price" applicable to shares delivered under the plan.

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and officers, and persons who own more than 10 percent of our Ordinary Shares, to file with the SEC initial reports of ownership and reports of changes in ownership of such shares. Directors, officers and beneficial owners of more than 10% of our Ordinary Shares are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

On August 27, 2002, the SEC adopted new rules accelerating the timing of when reports under Section 16(a) must be filed with the SEC. The following filings were not made in a timely manner under the new Section 16(a) filing schedule: (1) Mr. Adkins, Mr. Jackson and Ms. Robertson each filed late Form 4s, regarding 28 Ordinary Shares, 25 Ordinary Shares and 39 Ordinary Shares, respectively, for Ordinary Shares deposited in each person's 401(k) Restoration Plan account (shares represented the employer match) on September 25, 2002; (2) Mr. Day filed a late Form 4 regarding 481 Ordinary Shares deposited into his Restoration Plan account on September 25, 2002; and (3) Mr. Adkins filed a late Form 4 regarding 267 Ordinary Shares deposited into his Restoration Plan account on October 1, 2002. All of the reports were filed with the SEC by October 7, 2002. To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the year ended December 31, 2002, our directors, officers and beneficial owners of more than 10% of our Ordinary Shares otherwise complied with all applicable Section 16(a) filing requirements in a timely manner. We have instituted new procedures to assist our officers and directors in complying with the accelerated filing requirements under Section 16(a) on a going forward basis.

AUDITORS

The audit committee of our board of directors has appointed PricewaterhouseCoopers LLP, which has audited our financial statements since 1994, to audit our financial statements for the year ending December 31, 2003. We will not submit this appointment to members for ratification or approval. Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual general meeting to respond to appropriate questions from members, and will be given the opportunity to make a statement should they desire to do so.

REPORT OF THE AUDIT COMMITTEE

To the Members of
Noble Corporation:

The board of directors of Noble Corporation ("Noble") maintains an audit committee comprising three outside directors. The board of directors and the audit committee believe that the audit committee's current member composition satisfies the rules of the New York Stock Exchange in effect on the date of this report that govern audit committee composition, including the requirement that audit committee members all be "independent" as that term is defined in Section 303.01(B)(2)(a) and (3) of the NYSE's listing standards.

The audit committee oversees Noble's financial process on behalf of the entire board of directors. Management has the primary responsibility for Noble's financial statements and the reporting process, including the systems of internal controls. The primary responsibilities of the audit committee are to review with Noble's auditors the company's financial reports (and other financial information) provided to the SEC and the investing public and to assist the board of directors with oversight of the integrity of the company's financial statements, compliance with Noble's business ethics and legal and regulatory requirements, the qualification and independence of Noble's independent auditors and the performance of independent and internal auditors.

Edgar Filing: NOBLE CORP - Form DEF 14A

In fulfilling its oversight responsibilities, the audit committee reviewed and discussed the audited financial statements with management.

The audit committee reviewed and discussed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61. In addition, the audit committee has discussed with Noble's independent auditors the auditors' independence from management and Noble, including the matters in the written disclosures below and the letter from the independent auditors required by the Independence Standards Board, Standard No. 1.

The audit committee discussed with the independent auditors the overall scope and plans for their audit. The audit committee meets with the independent auditors, with and without management present, to discuss the results of

17

their examination, their evaluation of Noble's internal controls and the overall quality of Noble's financial reporting. The audit committee held four meetings during 2002 and met again on January 30, 2003.

AUDIT FEES

The aggregate fees billed for professional services rendered by PricewaterhouseCoopers LLP for the audit of Noble's annual financial statements for the fiscal year ended December 31, 2002 and the reviews of the financial statements included in Noble's Quarterly Reports on Form 10-Q for 2002 fiscal year (collectively, the "Audit Services") were \$814,800.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

PricewaterhouseCoopers LLP did not render any professional services described in Paragraph (c) (4) (ii) of Rule 2-01 of Regulations S-X (17 CFR 210.2-01) during the year ended December 31, 2002.

ALL OTHER FEES

The aggregate fees billed for all other services (the "Other Services") rendered to Noble by PricewaterhouseCoopers LLP during the fiscal year ended December 31, 2002, other than the Audit Services, were \$1,919,588. The Other Services consisted of tax compliance and advisory services totaling \$1,142,199, internal audit services totaling \$306,262, employee benefit plan audit services totaling \$44,000, and other services totaling \$427,127.

SUMMARY

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors (and the Board has approved) that the audited financial statements be included in Noble's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the SEC. The audit committee also determined that the provision of the Other Services rendered by PricewaterhouseCoopers LLP was compatible with maintaining PricewaterhouseCoopers LLP's independence.
