Report of Independent Registered Public Accounting Firm

To the Retirement Plan Committee of
Peoples Financial Corporation Employee Stock Ownership Plan

We have audited the accompanying statement of net assets available for benefits of Peoples Financial Corporation Employee Stock Ownership Plan as of December 31, 2006 and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of Peoples Financial Corporation Employee Stock Ownership Plan as of and for the year ended December 31, 2005 were audited by other auditors whose report dated June 20, 2006, expressed an unqualified opinion on those statements.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States of America). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Peoples Financial Corporation Employee Stock Ownership Plan as of December 31, 2006 and the changes in net assets available for benefits for the year ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

Our audit of the Plan's financial statements as of and for the year ended December 31, 2006, was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management and has been subjected to the auditing procedures applied in our audit of the basic financial statements for the year ended December 31, 2006 and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

Peoples Financial Corporation

Employee Stock Ownership Plan

We have audited the accompanying statement of net assets available for benefits of Peoples Financial Corporation Employee Stock Ownership Plan as of December 31, 2005 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the trustee, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly in all material respects, the net assets available for benefits of Peoples Financial Corporation Employee Stock Ownership Plan as of December 31, 2005 and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the financial statements taken as a whole.

Notes to Financial Statements**

NOTE A DESCRIPTION OF PLAN

The following description of the Peoples Financial Corporation (the Company) Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan s provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who are age 21 or older and employed in a position requiring the completion of at least 1,000 hours of service per plan year. Entrance in the plan is on January 1st or July 1st, following the employee s initial date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employer Contributions

Annual contributions are determined by the Company s Board of Directors. The maximum annual contribution credited to a participant s account is equal to the lesser of the maximum amount which can be allocated to any participant s account as provided in Section 415(d) of the Internal Revenue Code of 1986 (IRC) or one hundred percent (100%) of the participant s IRC Section 415 compensation. The maximum annual addition to a participant s account was \$44,000 and \$42,000 for years ended December 31, 2006 and 2005, respectively.

Participant Accounts

A separate Company Stock Account and Other Investments Account will reflect each participant s interest. Vesting is based on years of credited service. A participant is 100% vested after 7 years of credited service according to the following schedule:

Less than three years	0%
Three years	20%
Four years	40%
Five years	60%
Six years	80%
Seven years	100%

Company Stock Account This account is credited annually with the employee s allocable share of Company stock purchased and paid for by the Trust or contributed in kind to the Trust, and with any stock dividends on Company stock allocated to the employee s Company Stock Account.

Table of Contents

Other Investments Account This account is credited or debited annually with the employee's share of net income or loss of the Trust, with any forfeitures of common stock, with any cash dividends on Company stock allocated to the employee's Company Stock Account, with the employee's allocable share of the employer contributions in cash and with any forfeitures from Other Investment Accounts.

Investment Funds

The Trustee will invest employer contributions primarily in Company Stock.

Diversifications

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account.

Diversification is offered to each eligible participant over a six-year period. The qualified participant may choose to receive this diversification distribution as a direct rollover to a traditional IRA or eligible employer plan or the diversification distribution may be paid directly to the qualified participant. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

Payment of Benefits

Upon retirement (as defined), a participant is entitled to receive 100% of his or her account balance in a lump-sum distribution. Upon the death of a participant, the designated beneficiary is entitled to receive 100% of the participant's account in a lump-sum distribution. In addition, disabled participants are entitled to 100% of their account balances. Plan participants who terminate for reasons other than retirement, death or disability are entitled to receive only the vested portion of their accounts.

Eligible participants are entitled to receive required minimum distributions in annual installments.

Upon termination of employment, amounts not vested will be forfeited with such forfeitures being allocated to the accounts of the remaining active participants in the same proportion that the compensation of each participant bears to the total compensation of all active participants during the year.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee, however, shall vote any allocated shares for which instructions have not been given by a participant. The Trustee is required to vote any unallocated shares.

Table of Contents

Plan Amendment

On December 9, 2005, the Plan was amended and restated effective as of March 28, 2005, to allow for the single lump sum distribution of a terminated participant's account balance when the entire vested benefit falls below certain levels as detailed in the amendment.

NOTE B SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments

The fair value of Company stock is based on the NASDAQ Capital Market Exchange. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

NOTE C COST OF PLAN ADMINISTRATION

The Company absorbs the cost of plan administration. These costs were \$14,737 and \$12,348 for the years ended December 31, 2006 and 2005, respectively.

NOTE D PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Table of Contents

NOTE E TAX STATUS

The Company received a favorable determination letter dated February 27, 2002, from the Internal Revenue Service under which the Plan qualifies for favorable tax treatment under Sections 401(a) and 4975(e)(7) of the Internal Revenue Code and, therefore, is exempt from federal income taxes under provisions of Section 501(a).

NOTE F RELATED PARTY TRANSACTIONS

Common stock of Peoples Financial Corporation, the Plan sponsor, is the only investment of the Plan. The shares held by the Plan at December 31, 2006 and 2005 had a market value of \$12,357,657 and \$7,887,215, respectively. The plan purchased \$193,404 (9,346 shares) and sold \$393,413 (19,739 shares) of the Plan sponsor's common stock during the year ended December 31, 2006.

Members of management of the Plan sponsor are participants in the Plan; however there are no transactions with these individuals other than their participation in the Plan. The Asset Management & Trust Division of The Peoples Bank, Biloxi, Mississippi, a wholly owned subsidiary of the Plan sponsor, serves as the Trustee of the Plan.

NOTE G CONCENTRATION OF MARKET RISK

The Plan has invested a significant portion of its assets in Peoples Financial Corporation common stock. This investment in Peoples Financial Corporation common stock approximates 99% of the Plan's net assets available for benefits as of December 31, 2006. As a result of the concentration, any significant reduction in the market value of the stock could adversely affect individual participant accounts and the net assets of the Plan.

NOTE H CHANGES IN TRUSTEES AND ADMINISTRATOR AND RECORDKEEPER

Effective January 1, 2005, the individuals serving as the Board of Trustees of the Plan were removed as trustees. The Asset Management & Trust Division of The Peoples Bank, Biloxi, Mississippi, was appointed as successor Trustee. Also effective January 1, 2005, 401(k) Plus, Inc. became the third party administrator and record keeper for the Plan. This change allows the participants to have online access to their accounts.
