PROXY STATEMENT

The accompanying proxy card, to be mailed to stockholders together with the Notice of Annual Meeting of Stockholders and this Proxy Statement on or about April 1, 2009, is solicited by the Board of Directors of American Campus Communities, Inc. in connection with the Annual Meeting of Stockholders (Annual Meeting) to be held on May 7, 2009.

QUESTIONS AND ANSWERS

Q: What am I voting on?

A: Election of eight directors to hold office for a one-year term and ratification of Ernst & Young LLP as our independent auditors for 2009.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on March 16, 2009 are entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote.

Q: How do I vote?

A: Sign and date each proxy card you receive and return it in the prepaid envelope. If you do not mark any selections, the proxy holders named on your proxy card will vote your shares in favor of all of the director nominees and in favor of the ratification of Ernst & Young LLP as our independent auditors for 2009. You may change your vote or revoke your proxy at any time before the Annual Meeting by submitting written notice to our Secretary, submitting another proxy that is properly signed and later dated or voting in person at the Annual Meeting. In each case, the later submitted votes will be recorded and the earlier votes revoked. If you hold your shares in street name, please follow the procedures required by your bank, broker or other nominee to revoke a proxy. You should contact that firm directly for more information on these procedures.

Under New York Stock Exchange rules, the proposals to elect directors and to ratify the appointment of independent registered public accountants are considered discretionary items. This means that brokerage firms may vote in their discretion on these matters on behalf of clients who have not furnished voting instructions at least 10 days before the date of the meeting.

In their discretion, the proxy holders are authorized to vote on any other matters that may properly come before the Annual Meeting and at any postponement or adjournment thereof. The Board knows of no other items of business that will be presented for consideration at the Annual Meeting other than the proposals described in this Proxy Statement. In addition, no stockholder proposals or nominations were received on a timely basis, so no such matters may be brought to a vote at the Annual Meeting.

Q: Is my vote confidential?

A: Yes. Proxy cards, ballots and voting tabulations that identify individual stockholders are confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the vote have access to your card. Additionally, all comments directed to management (whether written on the proxy card or elsewhere) will remain confidential, unless you ask that your name be disclosed.

Table of Contents

Q: Who will count the vote?

A: All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes and withheld votes and abstentions. In order to be elected as a director, a nominee must receive a plurality of the votes cast at the Annual Meeting at which a quorum is present. In order for Ernst & Young LLP to be ratified as our independent auditors for 2009, the proposal must receive a majority of the votes cast at the Annual Meeting at which a quorum is present. For purposes of calculating votes cast on a proposal, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote on the proposal. Broker non-votes are proxies from brokers or other nominees indicating that such person has not received instructions from the beneficial owner or other person entitled to vote the shares that are the subject of the proxy on a particular matter with respect to which the broker or other nominee does not have discretionary voting power.

Q: What constitutes a quorum?

A: As of the record date for the Annual Meeting, 42,405,460 shares of common stock were issued and outstanding. A majority of the outstanding shares, present or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted in determining the presence of a quorum.

Q: Who can attend the Annual Meeting?

A: All stockholders of record as of March 16, 2009 can attend.

Q: Who pays for this proxy solicitation?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly and mailing of this Proxy Statement, the proxy card and any additional information we furnish to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of our common stock in their names that are beneficially owned by others to forward to these beneficial owners. We may reimburse persons representing beneficial owners for their costs of forwarding the solicitation material to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, facsimile, electronic mail or personal solicitation by our directors, officers or employees. We will not pay any additional compensation to directors, officers or employees for such services.

ELECTION OF DIRECTORS

There are currently eight directors on the Board, William C. Bayless, Jr., R.D. Burck, G. Steven Dawson, Cydney C. Donnell, Edward Lowenthal, Joseph M. Macchione, Brian B. Nickel and Winston W. Walker. The employment agreements with each of Messrs. Bayless and Nickel provide that such executive will be nominated as a director. See Executive Compensation Employment Contracts. In connection with our acquisition of GMH Communities Trust, we agreed to nominate Mr. Macchione as a director at the Annual Meeting. Directors elected at the Annual Meeting will hold office for a one-year term.

All nominees have consented to serve as directors. The Board has no reason to believe that any of the nominees will be unable to act as director. However, if a director is unable to stand for re-election, the Board may either reduce the size of the Board or the Nominating and Corporate Governance Committee may designate a substitute. If a substitute nominee is named, the proxies will vote for the election of the substitute.

Directors are elected by a plurality of the votes cast at the Annual Meeting, which means the eight nominees who receive the largest number of properly cast votes will be elected as directors. Each share of our common stock is entitled to one vote for each of the eight director nominees. Cumulative voting is not permitted. It is the intention of the proxy holders named on the enclosed proxy card to vote the proxies received by them for the election of the nominees named below unless authorization to do so is withheld.

The Board of Directors, after reviewing all of the applicable facts, circumstances and attributes, has determined that Mr. Dawson is an audit committee financial expert, as such term is defined in Item 407(d)(5)(i) of Regulation S-K.

The Audit Committee operates under a written charter, which was adopted on August 17, 2004 and was subsequently amended in August 2005. The Audit Committee reviews and assesses the adequacy of its charter on an annual basis. A copy of the amended and restated charter can be viewed on our website at www.studenthousing.com. The Nominating and Corporate Governance Committee is also responsible for (i) identifying individuals qualified to become Board members, consistent with criteria approved by the Board, and recommending to the Board the director nominees for the next Annual Meeting, (ii) developing and recommending to the Board a set of corporate governance principles applicable to us, and (iii) overseeing the evaluation of the Board and management. The Nominating and Corporate Governance Committee met three times in 2008.

Consideration of Director Nominees

The Nominating and Corporate Governance Committee will consider appropriate nominees for director whose names are submitted in writing by a holder of our common stock. Table of Contents

GOVERNANCE OF THE COMPANY

Board Independence and Meetings

Board Governance Documents. The Board maintains charters for all committees. In addition, the Board has adopted a written set of corporate governance guidelines and a code of business conduct and ethics. To view our committee charters, corporate governance guidelines and code of business conduct and ethics, please visit

www.studenthousing.com. The Board has adopted and adheres to corporate governance practices that the Board and senior management believe promote the highest standards of integrity, are sound and represent best practices. The Board of Directors periodically reviews these governance practices, the rules and listing standards of the New York Stock Exchange and SEC regulations, as well as best practices suggested by recognized governance authorities.

Independence; Lead Independent Director. Currently, the Board has eight directors. The Board of Directors has determined, after considering all of the relevant facts and circumstances, that six directors (Messrs. Burck, Dawson, Lowenthal, Macchione and Walker and Ms. Donnell) are independent, as independence is defined by the New York Stock Exchange. This means that none of the independent directors has any direct or indirect material relationship with us, either directly or as a partner, stockholder or officer of an organization that has a relationship with us. As a result, the Board has a majority of independent directors on the Board as required by the listing requirements of the New York Stock Exchange. Mr. R.D. Burck serves as our Lead Independent Director.

Executive Sessions. Non-employee directors have regularly scheduled executive sessions in which they meet without the presence of management. These executive sessions typically occur after each regularly scheduled meeting of the Board of Directors. Any independent director may request that an additional executive session be scheduled. The presiding director of these executive sessions is Mr. Burck.

Meetings. The Board of Directors met eight times in 2008. All directors attended at least 75% of the total number of meetings of the Board and committees, collectively, on which they served during 2008. All directors are encouraged to attend our Annual Meeting. Seven members of the Board attended the 2008 Annual Meeting.

Director Qualifications; Limits on Board Service

The Nominating and Corporate Governance Committee reviews with the Board on an annual basis the appropriate skills and characteristics required of Board members in the context of the then-current composition of the Board. This assessment includes, in addition to qualities of intellect, integrity and judgment, business experience and knowledge, reputation and character, issues of diversity, relevant industry and trade association knowledge and participation, accounting and financial expertise, public company experience, willingness and ability to devote the time and effort required to effectively serve on the Board and relevant legal and regulatory qualifications. The committee makes this determination in the context of an assessment of the perceived needs of the Board at that point in time. The committee evaluates all nominees for director based on these criteria, including nominees that may be recommended by stockholders.

The Board recognizes that its members benefit from service on the boards of other companies. We encourage that service but also believe it is critical that directors have the opportunity to dedicate sufficient time to their service on the Board. To that end, individuals who serve on more than six other public company boards will not normally be asked to join the Board unless the Board determines that such simultaneous service would not impair the ability of such individual to effectively serve on the Board.

Term Limits; Retirement Age

The Guidelines on Governance provide that, as a general matter, non-employee directors will not stand for election to a new term of service at any Annual Meeting following their 75th birthday. However, the Board may approve exceptions to this practice when it believes it is in our interest to do so. The Board has approved such exception with respect to Mr. Burck. The Board does not believe it should establish term limits for director service, instead preferring to rely upon the mandatory retirement age and the evaluation procedures described below as the primary methods of ensuring that each director continues to act in a manner consistent with the best interests of us, our

Table of Contents

stockholders and the Board. The Board believes that term limits have the disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into our operations and, therefore, provide an increasing contribution to the Board as a whole.

Board and Committee Evaluations

Our Corporate Governance Guidelines require the Board and each committee of the Board to conduct an annual self-evaluation to determine whether the Board or respective committee is functioning effectively. The reviews focus on the performance of the entire Board or the respective committee. In connection with each annual performance evaluation, the Board or committee surveys and receives comments from each director or committee member regarding an assessment of the Board's or the committee's performance. The Board also reviews the Nominating and Corporate Governance Committee's recommendations concerning the performance and effectiveness of the Board and each of its committees. The Nominating and Corporate Governance Committee will also review the individual performance of a director as circumstances warrant.

Number of Directors; Director Vacancies

Our bylaws provide that at any regular meeting or at any special meeting called for that purpose, a majority of the entire Board of Directors may increase or decrease the number of directors, provided that there cannot be less than three directors. The tenure of office of a director will not be affected by any decrease in the number of directors. Our bylaws also provide that if any or all the directors cease to be directors, any vacancy, other than vacancies that result from an increase in the number of directors or from the removal of a director, may in general be filled solely by a majority of the remaining directors, even if the remaining directors do not constitute a quorum. Any vacancy that results from an increase in the number of directors constituting the entire Board of Directors may be filled by a majority of the entire Board of Directors. Any vacancy that results from the removal of a director may be filled either by a majority of the remaining directors or our stockholders. Any director elected to fill a vacancy will hold office until the next annual election of directors and until a successor is elected and qualified.

Stockholder Approval of Amendment of Our Charter and Bylaws and Transactions Outside the Ordinary Course of Business

Our charter, including its provisions on removal of directors, may be amended by the affirmative vote of the holders of at least a majority of all of the votes entitled to be cast on the matter. Our bylaws may be amended only by a majority of our directors.

Our charter provides that we may not merge with or into another entity, sell all or substantially all of our assets, engage in a share exchange or engage in similar transactions outside the ordinary course of our business unless the transaction or transactions are approved by the affirmative vote of the majority of all of the votes entitled to be cast on the matter, except if:

the merger will merge one of our 90% or more owned subsidiaries into us without amending our charter other than in limited respects and without altering the contract rights of the stock of the subsidiary (in which case only the approval of our Board of Directors and the board of directors of the subsidiary is necessary);

we are the successor corporation in a share exchange (in which case only the approval of our Board of Directors is necessary); or

we are the survivor in the merger and the merger does not change the terms of any class or series of our outstanding stock, or otherwise amend our charter, and the number of shares of stock of each class or series outstanding immediately before the merger does not increase by more than 20% of the number of shares of each such class or series of stock that was outstanding immediately prior to effectiveness of the merger (in which case only the approval of our Board of Directors is necessary).

Guidelines on Governance and Codes of Ethics

During 2004, the Board adopted Guidelines on Governance to address significant corporate governance issues. These guidelines provide a framework for our corporate governance initiatives and cover a variety of topics, including the role of our Board, Board selection and composition, Board committees, Board operation and structure, Board orientation and evaluation, Board planning and oversight functions and stock ownership guidelines. The Nominating and Corporate Governance Committee is responsible for overseeing and reviewing the guidelines and reporting and recommending to the Board any changes to the guidelines.

Also during 2004, the Board of Directors adopted a Code of Business Conduct and Ethics, which is designed to help officers, managers and employees resolve ethical issues in an increasingly complex business environment. It covers topics such as reporting unethical or illegal behavior, compliance with law, share trading, conflicts of interest, fair dealing, protection of our assets, disclosure of proprietary information, internal controls, personal community activities, business records, communication with external audiences and obtaining assistance to help resolve ethical issues. The Board also adopted a Code of Ethical Conduct for Senior Financial Officers, which is applicable to our principal executive officer, principal financial officer, principal accounting officer or controller and persons performing similar functions.

EXECUTIVE COMPENSATION

Compensation Committee Report

The Compensation Committee of American Campus Communities, Inc. has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board the Compensation Discussion and Analysis be included in this Proxy Statement.

THE COMPENSATION COMMITTEE

Winston W. Walker, Chairman

G. Steven Dawson

Edward Lowenthal

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes the key principles and factors underlying our executive compensation policies for our named executive officers, who are:

- our President and Chief Executive Officer, William C. Bayless, Jr.;
- our Senior Executive Vice President, Chief Investment Officer and Secretary, Brian B. Nickel;
- our Senior Executive Vice President and Chief Operating Officer, Greg A. Dowell;
- our Executive Vice President, Chief Financial Officer and Treasurer, Jonathan A. Graf; and
- our Executive Vice President-Project Management and Construction, James C. Hopke, Jr.

Compensation Program Objectives and Policies

We design our compensation programs to achieve the following objectives in the context of our results-oriented business culture:

- support our business objectives by clearly communicating what is expected of executives with respect to goals and results and by rewarding achievement;
- attract, reward, motivate and retain talented executives; and
- tie executive compensation with performance measures that are directly related to our financial performance goals and creation of stockholder value.

The following principles guide us in developing executive compensation programs and setting total compensation levels for executives;

- compensation levels should be closely tied to our success and each executive's contribution to that success;
- compensation programs should offer an opportunity for greater compensation for superior performance, balanced by the risk of lower compensation when performance is less successful; and
- the mix and level of compensation for an executive should consider the importance of the executive to us, competition for that executive's talent and relative levels of compensation for other executives.

Table of Contents

Elements of Compensation

We seek to achieve our compensation objectives through four compensation elements:

- a base salary;
- a variable, annual, performance-based bonus;
- periodic grants of long-term, equity-based compensation such as RSAs; and
- perquisites and other personal benefits.

These elements combine to promote the objectives described above. Base salary, termination payments, where applicable, and perquisites and other personal benefits provide a minimum level of compensation that helps attract and retain highly qualified executives. Performance-based bonuses reward achievement of annual goals important to our business and stockholder value-creation strategies. Equity-based compensation aligns each executive's compensation directly with the creation of longer-term stockholder value and promotes retention.

For senior executives, including the named executive officers, we believe that equity and performance-based compensation should be a higher percentage of total compensation than for less senior executives. Equity and performance-based compensation relate most directly to achievement of strategic and financial goals and to building stockholder value, and the performance of senior executives has a strong and direct impact in achieving these goals. In making decisions with respect to any element of a named executive officer's compensation, the Compensation Committee considers the total current compensation that may be awarded to the officer, including salary, annual bonus and long-term incentive compensation. The Compensation Committee's goal is to award compensation that is reasonable in relation to our compensation philosophy when all elements of potential compensation are considered.

Competitive Considerations

We operate and recruit talent across diverse markets and necessarily must make each compensation decision in the context of the particular situation, including the individual's specific roles, responsibilities, qualifications and experience. We take into account information about the competitive market for executive talent, but because individual roles and experience levels vary among companies and executives, we believe that strict benchmarking against selected groups of companies does not provide a meaningful basis for establishing compensation. Therefore, the Compensation Committee does not attempt to maintain a specific target percentile with respect to a specific list of benchmark companies in determining compensation for named executive officers. Rather, the Compensation Committee reviews information regarding competitive conditions from a variety of sources in making compensation decisions.

These sources include two peer groups of public real estate companies: an asset-based peer group comprised of 11 public REITs, with the majority of the companies focusing on multifamily properties with a wide range of market and total capitalizations; and a size-based peer group comprised of 17 public REITs that focus on a variety of property types and are similar in size to us.

Policy Regarding Recoupment of Compensation

If we are required to restate our financial results due to material noncompliance with financial reporting requirements under the securities laws as a result of misconduct by our chief executive officer or chief financial officer, applicable law permits us to recover incentive compensation from that officer (including profits realized from the sale of our securities). In such a situation, the Board of Directors would exercise its business judgment to determine what action it believes is appropriate. Action may include recovery or cancellation of any bonus or incentive payments made to that officer on the basis of having met or exceeded performance targets during a period of fraudulent activity or a material misstatement of financial results if the Board determines that such recovery or cancellation is appropriate due to intentional misconduct by the officer that resulted in performance targets being achieved that would not have been achieved absent such misconduct.

Policy with Respect to the \$1 Million Deduction Limit

Section 162(m) of the Internal Revenue Code limits the deductibility on our tax return of compensation over \$1 million to any of our named executive officers. We did not pay any compensation during 2008 that would be subject to section 162(m). We believe, because we qualify as a REIT under the Internal Revenue Code and therefore are not subject to federal income taxes on our income to the extent distributed, the payment of compensation that does not satisfy the requirements of section 162(m) will not generally affect our net income. However, to the extent compensation does not qualify for deduction under section 162(m), a larger portion of stockholder distributions may be subject to federal income taxation as dividend income rather than return of capital. We do not believe section 162(m) will materially affect the taxability of stockholder distributions, although no assurance can be given in this regard due to the variety of factors that affect the tax position of each stockholder. For these reasons, the Compensation Committee's compensation policy and practices are not directly governed by section 162(m).

Employment Agreements

We have entered into employment agreements with certain of our key employees, including the named executive officers. The employment agreements provide that, if we terminate a named executive officer's employment without cause or the executive terminates his employment for good reason (each as defined in the applicable employment agreement), the executive will be entitled to the following payments and benefits:

Table of Contents

a cash payment equal to 299% for Mr. Bayless, 200% for Messrs. Nickel and Dowell and 100% for Messrs. Graf and Hopke, in each case times the sum of his then-current annual base salary plus the average annual bonus paid or payable in respect of the last prior three years payable over the remaining term of his non-competition agreement; his prorated annual bonus for the year in which the termination occurs; health benefits for two years following the executive's termination of employment at the same cost to the executive as in effect immediately preceding such termination, subject to reduction to the extent that the executive receives comparable benefits from a subsequent employer; and excise tax equalization payments.

Determination of Compensation

Roles and Responsibilities

Compensation Committee. The Compensation Committee determines the compensation, including related terms of employment agreements, for each of the named executive officers. The Compensation Committee's responsibilities include:

- developing compensation policies that will attract and retain the highest qualified executives, that will clearly articulate the relationship of corporate performance to executive compensation and that will reward executives for our progress;
- reviewing and approving corporate goals and objectives relevant to the compensation of our executive officers and determine and approving the amount and types of compensation to be paid to executive officers based on these evaluations; and
- adopting and overseeing the administration of incentive-compensation plans and equity-based plans and approving the form and amount of awards made under these plans.

The Compensation Committee meets regularly outside of the presence of management to discuss compensation decisions and matters relating to the design of compensation programs.

Compensation Consultant. The Compensation Committee has retained the compensation consulting firm of FPL Associates L.P. to assist in the continual development and evaluation of compensation policies and the Compensation Committee's determinations of compensation awards. The consultant has met with the Compensation Committee to review an analysis of executive compensation competitiveness in the public REIT marketplace and other compensation matters prepared by the consultant.

Executive Officers. William C. Bayless, Jr., our president and chief executive officer, makes recommendations to the Compensation Committee based on the compensation philosophy and objectives set by the Compensation Committee as well as current business conditions. More specifically, for each named executive officer other than himself, Mr. Bayless recommends to the Compensation Committee the performance measures and target goals, in each case for the review, discussion and approval by the Compensation Committee. For each executive officer other than himself, Mr. Bayless also reviews the rationale and guidelines for compensation and annual RSA awards for the review, discussion and approval by the Compensation Committee. Mr. Bayless and other executive officers may attend meetings of the Compensation Committee at the request of the committee chair, but do not attend executive sessions and do not participate in any discussions relating to the final determination of their own compensation.

Base Salary

The objective of base salary is to provide fixed compensation to an individual that reflects his or her job responsibilities, experience, value to us, and demonstrated performance.

Table of Contents

Salaries are determined by the Compensation Committee based on its subjective evaluation of a variety of factors, including:

- the nature and responsibility of the position;
- the impact, contribution, expertise and experience of the individual executive;
- competitive market information regarding salaries to the extent available and relevant;
- the importance of retaining the individual along with the competitiveness of the market for the individual executive's talent and services; and
- the recommendations of the president and chief executive officer other than with respect to himself.

Merit-based salary increases to named executive officers' salaries are based on these factors as well as, with respect to Mr. Bayless, the achievement of company-wide goals and, with respect to the other named executive officers, the achievement of goals tied to their respective business unit. These goals are described below under Annual Bonus.

Annual Bonus

The compensation program provides for a cash bonus that is linked to annual performance. The objective of the program is to compensate individuals annually based on the achievement of specific annual goals that the Compensation Committee believes correlate closely with growth of long-term stockholder value.

The Compensation Committee determines the bonus awards for named executive officers using the following basic steps:

1. **Setting Target and Maximum Awards.** At the outset of each year, the Compensation Committee sets the target and maximum cash awards based on percentages of base salary that may be granted to each executive officer if threshold goals are achieved. The target awards are for achievement of the performance objectives and the maximum awards are for significantly exceeding the performance objective or rewarding significant achievement.
2. **Setting Performance Objectives.** Also at the outset of the year, the Compensation Committee receives recommended performance objectives for each named executive officer and, for each officer other than the president and chief executive officer, his individual business unit. These objectives are based on the recommendations of the president and chief executive officer. These objectives allow the Compensation Committee to play a more proactive role in identifying performance objectives beyond purely financial measures and allows bonus decisions to take into account each named executive officer's personal performance and contribution during the year and other factors related to company performance that may not have been fully captured by considering only financial performance measures.
3. **Setting Weightings of Performance Objectives.** At the same time it sets performance objectives, the Compensation Committee approves the weightings of the performance objectives to help to ensure that only a high level of performance by the individual and the company will allow an individual to realize increased compensation. These weightings are based on the recommendations of the president and chief executive officer.
4. **Measuring Performance.** In January of the following year, the Compensation Committee reviews actual performance against each of the performance objectives established for the preceding year. In determining the extent to which the financial goals are met for a given period, the Compensation Committee exercises its judgment whether to reflect or exclude the impact of changes in accounting principles and extraordinary, unusual or infrequently occurring events.

Table of Contents

5. **Adjustment.** The next step in the process is adjustment to the preliminary bonus amount to reflect the Compensation Committee's subjective determination of equity relative to compensation of senior officers of our peer group described above under Competitive Considerations.

Long-Term Incentive Compensation

RSAs. The long-term incentive program provides an annual award in the form of RSAs that vest over time for the achievement of specified goals based on the individual's position. The objective of the program is to align compensation for named executive officers over a multi-year period directly with the interests of stockholders by motivating and rewarding creation and preservation of long-term stockholder value.

RSA awards to named executive officers (and to other employees) are made by the Compensation Committee only on dates the committee meets. Compensation Committee meetings are normally scheduled well in advance and are not scheduled with an eye to announcements of material information regarding us. RSA grants are impacted by all stock price changes, so the value to named executive officers is affected by both increases and decreases in stock price from the market price at the date of grant.

Beginning on January 1, 2005, we began accounting for share-based payments to employees in accordance with the requirements of FAS 123(R).

Outperformance Bonus Plan. Upon the consummation of our initial public offering, or IPO, we granted a special award of a bonus pool equal to the value on the date of vesting of 367,682 shares of common stock to executive officers and certain key employees, subject to continued service and attainment of certain performance measures. No dividends or dividend equivalent payments accrued with respect to the shares underlying this bonus pool. We do not anticipate making future awards under the outperformance bonus plan.

Vesting of the awards occurred on August 17, 2007, the third anniversary of the IPO, with respect to the employees that maintained continued service and was subject to the occurrence of our achievement of specified performance measures. Payments of vested awards were made on August 20, 2007. The Compensation Committee, in its sole discretion, elected to pay such awards through cash and the issuance of 132,400 performance incentive units, or PIUs, which were vested as of the time of award and valued based on the closing price of our common stock on the date of issuance. As a result of the October 2007 equity offering, a book-up event occurred for tax purposes, resulting in the 132,400 PIUs being converted to Common Units. The awards that vested to our named executive officers on August 17, 2007 were as follows:

Name	Cash Portion of Award	Market Value of PIUs on Date of Issuance (1)	Total
William C. Bayless, Jr.	\$ 1,484,140	\$ 1,470,000	\$2,954,140
Brian B. Nickel	867,524	896,000	1,763,524
Greg A. Dowell	403,620	420,000	823,620
Jonathan A. Graf	210,000	210,000	420,000
James C. Hopke, Jr.	560,000		560,000

(1) Messrs. Bayless, Nickel, Dowell, Graf and Hopke received 52,500, 32,000, 15,000, 7,500 and 0 PIUs, respectively, valued (solely for the purpose of calculating the settlement of the outperformance awards) at \$28.00 per PIU, which was the closing price of our common stock on August 20, 2007, the date of issuance of the PIUs.

Common Units / PIUs. PIUs are a special class of partnership interests in our operating partnership. Each PIU is deemed equivalent to an award of one share of our common stock under our 2004 Incentive Award Plan, reducing availability for other equity awards on a one-for-one basis. PIUs will receive the same quarterly per unit distributions as Common Units, which equals the per share distributions on our common stock.

Initially, PIUs do not have full parity with Common Units with respect to liquidating distributions. Under the terms of the PIUs, our operating partnership will revalue its assets upon the occurrence of certain book-up events, and

Table of Contents

any increase in valuation from the time of the award of the PIUs until such book-up event will be allocated first to the holders of PIUs to equalize the capital accounts of such holders with the capital accounts of common unit holders. These book-up events will occur upon a contribution of cash or property to our operating partnership, including contributions by us of the proceeds from future issuances of our securities, or upon certain distributions of cash or property by our operating partnership to one or more partners of our operating partnership. Upon equalization of the capital accounts of the holders of PIUs with the other holders of Common Units, the PIUs will achieve full parity with Common Units for all purposes, including with respect to liquidating distributions. If such parity is reached, vested PIUs will thereafter be automatically converted into an equal number of Common Units, which units are exchangeable for cash or, at our option, for shares of our common stock on a one-for-one basis. No equalization will occur unless a revaluation of our assets following a book-up event results in an increase in the value of its assets from the date of the PIU award.

Holders of the PIUs are entitled to customary registration rights with respect to the shares of common stock that may be received by the PIU holders upon an exchange of the PIUs. In general, we will bear all fees, costs and expenses of such registrations, other than underwriting discounts and commissions.

Termination Payments

We provide named executive officers with severance payments plus a gross-up payment if we terminate an executive's employment without cause or the executive terminates his employment for good reason (each as defined in the applicable employment agreement). The objective of these benefits is to recruit and retain talent in a competitive market.

The employment agreements provide that if we terminate an executive's employment without cause or the executive terminates his employment for good reason, the executive will be entitled to a cash payment equal to 299% for Mr. Bayless, 200% for Messrs. Nickel and Dowell and 100% for Messrs. Graf and Hopke, in each case times the sum of his then-current annual base salary plus the average annual bonus paid or payable in respect of the last prior three years payable over the remaining term of his non-competition agreement plus his prorated annual bonus for the year in which the termination occurs. These payment are more fully described below under Compensation Tables Potential Payments Upon Termination or Change in Control starting on page 31.

Perquisites and Other Personal Benefits

We provide the named executive officers with perquisites and other personal benefits that we and the Compensation Committee believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to the named executive officers.

We maintain executive benefits that we consider necessary in order to offer fully competitive opportunities to our executive officers. These include 401(k) retirement savings plans and business expense reimbursements. Executive officers are also eligible to participate in all of our employee benefit plans, such as medical, dental, group life, disability and accidental death and dismemberment insurance, in each case on the same basis as other employees.

Table of Contents***2008 Decisions***

The following is a discussion of the specific factors considered in determining salary, bonus and long-term incentive compensation for the named executive officers in 2008.

Base Salary

The following table identifies actions taken during 2008 with respect to salaries of the named executive officers:

Named Executive Officer	Action Effective January 1, 2008	Action Effective October 1, 2008
William C. Bayless, Jr.	Increase from \$327,500 to \$336,000	Increase from \$336,000 to \$400,000
Brian B. Nickel	Increase from \$297,000 to \$304,500	Increase from \$304,500 to \$335,000
Greg A. Dowell	Increase from \$228,750 to \$234,500	Increase from \$234,500 to \$290,000
Jonathan A. Graf	Increase from \$191,500 to \$196,250	Increase from \$196,250 to \$225,000
James C. Hopke, Jr.	Increase from \$189,000 to \$194,700	Increase from \$194,700 to \$210,000

In making each of the changes in salary effective January 1, 2008 described above, the Compensation Committee reviewed changes in job responsibility, historical salary levels, performance and contribution made to us, the impact on total compensation, competitive conditions and the relationship of compensation to that of other of our officers and determined that the compensation awarded was appropriate to reward performance, ensure retention and maintain appropriate compensation differentials among our officers. In making the changes in salary effective October 1, 2008 described above, the Compensation Committee considered, among other factors, the increased responsibilities associated with our acquisition of GMH Communities Trust and the performance of our executive officers in closing the acquisition and integrating the operations of the two companies.

Annual Bonus

For 2008, the Compensation Committee determined that target cash bonuses would be 25% to 50% of base salary for achievement of performance objectives and up to 100% of base salary for significantly exceeding the performance objectives or to reward significant accomplishments, in each case subject to the discretion of the Compensation Committee to determine the appropriate level of incentive compensation based on individual performance, company performance and other items the Committee may deem important.

For 2008, the company-wide performance objectives and weightings used in determining an award for Mr. Bayless were:

- achievement of budgeted operating results related to net operating income (NOI), funds from operations (FFO) and FFO modified for the operational performance of on-campus participating properties (FFOM), taking into our account our debt service and dividend coverage ratios (30-35%);
- achievement of budgeted same store revenue growth by re-leasing of our wholly-owned assets (15-20%);
- achievement of budgeted ACE development awards (15-20%)
- achievement of budgeted same store NOI growth (10-15%); and
- effectiveness of overall performance (15-20%).

For the other four named executive officers, performance objectives were tied to their respective business unit. For Mr. Nickel, the 2008 performance objectives were as follows:

- successful implementation of the entitlement process on owned development projects (25-30%);
- achievement of budgeted ACE development awards (25-30%);

achievement of growth of third party service revenues (10-15%); and
effectiveness of overall performance (10-15%).

achievement of budgeted operating results related to NOI, FFO and FFOM, taking into our account our debt service and dividend coverage ratios (30-35%);
optimization of our capital structure and liquidity (10-15%);
successful integration of growth assets into operational systems (20-25%);
successful management of reorganization of operational activities (10-15%); and
effectiveness of overall performance (10-15%).

successful implementation of entitlement process on owned development projects (25-30%);
successful management of operational activities (10-15%);
achievement of budgeted operating results related to NOI, FFO and FFOM, taking into our account our debt service and dividend coverage ratios (10-15%); and
effectiveness of overall performance (10-15%).

increased third-party management revenue by 133.2% and established a pipeline of future contracts totaling \$1.8 million in annual revenue commencing 2009-2010;

raised \$252.1 million of net proceeds through an equity offering on April 23, 2008, consisting of the sale of 9,200,000 shares of common stock at a price of \$28.75 per share; and

increased total assets by 102.9% through acquisitions, including GMH and others, and developments consistent with our investment criteria.

The following table identifies actions taken based on 2008 performance with respect to cash bonus awards to the named executive officers:

Named Executive Officer	GMH Transaction		Total
	Annual Cash Bonus	Bonus

The long-term incentive compensation was awarded in the form of RSAs on January 26, 2009. Because these awards for 2008 compensation were made in 2009, pursuant to applicable disclosure rules, such awards will be reflected in the Summary Compensation and Grants of Plan-Based Awards tables in our proxy statement for the 2010 annual meeting of stockholders. For the purpose of calculating the number of shares to be granted, the dollars allocated to share awards were divided by \$21.13 per share, which was the closing price of our common stock on the date of grant.

Potential Payments Upon Termination or Change in Control

The following summarizes the compensation payable to each named executive officer under his employment agreement in the event of a termination of such executive's employment.

Each employment agreement provides that the respective executive may terminate the agreement at any time by delivering written notice of termination to us at least 30 days prior to the effective date of such termination, in which case he will be entitled to payment of his base salary through the effective date of termination, plus all other benefits to which he has a vested right at that time. Additionally, each employment agreement provides that he may terminate the agreement for good reason, which is defined in the employment agreement, in general, as any substantial change by us in the nature of his employment without his express written consent; the requirement that he be based at a location at least 50 miles further than from his current principal location of employment; our failure to obtain a satisfactory agreement from any successor to assume the terms of the employment agreement; and our breach of any material provision of the employment agreement.

The employment agreements provide that, if we terminate an executive's employment without cause or the executive terminates his employment for good reason (each as defined in the applicable employment agreement), the executive will be entitled to the following payments and benefits, subject to his execution and non-revocation of a general release of claims:

- a cash payment equal to 299% for Mr. Bayless, 200% for Messrs. Nickel and Dowell and 100% for Messrs. Graf and Hopke, in each case times the sum of his then-current annual base salary plus the average annual bonus paid or payable in respect of the last prior three years payable over the remaining term of his non-competition agreement;

- his prorated annual bonus for the year in which the termination occurs;

- health benefits for two years following the executive's termination of employment at the same cost to the executive as in effect immediately preceding such termination, subject to reduction to the extent that the executive receives comparable benefits from a subsequent employer; and

- excise tax equalization payments.

The amounts set forth in the table below represent the compensation payable to each named executive officer under his respective employment agreement in the event of a termination of such executive's employment. The amounts shown assume such termination was effective as of December 31, 2008 and therefore include amounts earned through such time and are estimates of the amounts that would be paid the executives upon their termination. The actual amounts to be paid can only be determined at the time of such executive's termination.

AUDIT COMMITTEE INFORMATION

Report of the Audit Committee

The Audit Committee, on behalf of the Board of Directors, serves as an independent and objective party to monitor our financial reporting process and internal control system, and to review and appraise the audit efforts of our independent auditors. The Audit Committee performs these oversight responsibilities in accordance with its Audit Committee Charter (as amended and restated in August 2005), a copy of which was included as Appendix A to the proxy statement relating to our 2006 Annual Meeting.

Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements in our Annual Report, and discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also reviewed and discussed our earnings releases with management.

During 2008, the Audit Committee met with management and our independent auditors and internal auditor periodically to consider the adequacy of our internal controls and the objectivity of our financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act and related regulations. The Audit Committee also discussed with management and our independent auditors and internal auditor the process used for certifications by our chief executive officer and chief financial officer that are required for certain of our filings with the Securities and Exchange Commission.

Ernst & Young LLP, our independent auditors, is responsible for auditing our financial statements and for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. The Audit Committee reviewed and discussed with the independent auditors their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee also received the written disclosures and the letter from the independent auditors required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence and has discussed with the independent auditors the auditors' independence from management and us and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee discussed with the independent auditors the overall scope and plans for their audit. The Audit Committee meets at least quarterly with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting. The Audit Committee also meets with management and the independent auditors prior to the filing of the quarterly reports on Form 10-Q with the SEC and release to the public of its quarterly and year-end financial results to, among other things, review and discuss such filings, review any related financial statements and related variances, review significant accounting policies and discuss any significant accounting treatments applied during the period. In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the SEC.

This section of the proxy statement is not deemed filed with the SEC and is not incorporated by reference into our Annual Report on Form 10-K.

This Audit Committee report is given by the following members of the Audit Committee:

G. Steven Dawson, Chairman

R.D. Burck

Winston W. Walker

In considering the nature of the services provided by Ernst & Young LLP, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with representatives of Ernst & Young LLP and management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as by the American Institute of Certified Public Accountants.

The Audit Committee has developed policies and procedures concerning its pre-approval of audit and non-audit services provided to us by the independent auditors. These provide that the Audit Committee must pre-approve all audit and permitted non-audit services (including the fees and terms thereof) to be rendered to us by the independent auditors.

The independent auditors provide the Audit Committee with a list describing the services expected to be performed by the independent auditor. Any request for services not contemplated by this list must be submitted to the Audit Committee for specific pre-approval and the provision of such services cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the Audit Committee has authorized the committee's Chairman to approve the provision by our independent auditors of up to \$50,000 per occurrence of non-audit services not prohibited by law. Each decision made by the Audit Committee Chairman will be reported to the full Audit Committee at its next meeting.

In addition, although not required by the rules and regulations of the SEC, the Audit Committee generally requests a range of fees associated with each proposed service. The Audit Committee believes that providing a range of fees for a service incorporates appropriate oversight and control of the independent auditor relationship, while permitting us to receive immediate assistance from the independent auditor when time is of the essence.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, and to be given an opportunity to make a statement if they desire to do so and to be available to respond to appropriate questions.
