TWEETER HOME ENTERTAINMENT GROUP, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

The unaudited interim condensed consolidated financial statements of Tweeter Home Entertainment Group, Inc. and its subsidiaries (Tweeter or the Company) have been prepared in accordance with accounting principles generally accepted in the United States of America. In the opinion of management, all material adjustments (consisting only of normal and recurring adjustments) considered necessary for a fair presentation of the interim condensed consolidated financial statements have been included. Operating results for the nine-month period ended June 30, 2006 are not necessarily indicative of the results that may be expected for the fiscal year ending September 30, 2006. Tweeter typically records its highest revenue and income in its first fiscal quarter.

Certain information and footnote disclosures normally included in our annual consolidated financial statements have been condensed or omitted. Accordingly, the accompanying financial information should be read in conjunction with the consolidated financial statements and notes thereto contained in the Company s Annual Report on Form 10-K for the fiscal year ended September 30, 2005.

2. Summary of Selected Accounting Policies

Inventory Inventory, which consists primarily of goods purchased for resale, is stated at the lower of average cost or market. The Company capitalizes distribution center operating costs in its inventory. These distribution center operating costs include compensation, occupancy, vehicle, supplies and maintenance, utilities, depreciation, insurance and other distribution center-related expenses.

Long-Term Investments Long-term investments consist of investments in marketable equity securities and investments in one privately held company as of June 30, 2006 and two privately held companies as of June 30, 2005. Marketable equity securities are stated at fair value and classified as available-for-sale. Unrealized holding gains and losses, net of the related tax effect, on available-for-sale securities are included in accumulated other comprehensive income, which is reflected in stockholders equity.

The investments in the privately held companies are accounted for under the equity method. The Company s proportionate part of the intercompany profits and losses relating to inventory purchased from its equity method investees is eliminated until realized as the Company does not have a controlling interest in its equity method investees. Inventory is purchased on an arm s length basis.

Revenue Recognition Revenue from merchandise sales is recognized upon shipment or delivery of goods. The Company sells its products directly to retail customers, through its direct business-to-business division and through its Internet web site. Generally, revenue from products sold in its retail stores is recognized at the point of sale, when transfer of title takes place and the customer receives the product. In some instances, customers request the product be delivered to specified locations, in which case revenue is recognized when the customer receives the product. Products sold through the Company s business-to-business division and Internet web site are shipped free on board shipping point and the related revenues are recognized upon shipment. Revenue excludes collected sales taxes.

Service revenue is recognized when the repair service is completed. Revenue from installation labor is recognized as labor is provided.

The Company sells extended warranties provided by third-parties. The Company receives a commission from the third-party provider, which is recorded as revenue at the time the related product is shipped or delivered.

The Company records a sales returns reserve to reflect estimated sales returns after the period.

3. Recent Accounting Pronouncements

In July 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation (FIN) No. 48, *Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement 109*. FIN 48 prescribes a

comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including a decision whether to file or not to file in a particular jurisdiction. FIN 48 is effective for fiscal years beginning after December 15, 2006. If there are changes in net assets as a result of application of FIN 48 these will be accounted for as an adjustment to retained earnings. The Company is currently assessing the impact of FIN 48 on its consolidated financial position and results of operations.

4. Stock Based Compensation

Stock-based compensation In December 2004, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 123 (revised 2004), *Share-Based Payment* (Statement 123(R)), which requires the recognition of the cost of employee services received in exchange for an award of equity instruments in the financial statements and measurement based on the grant-date fair value of the award. It also requires the cost to be recognized over the period during which an employee is required to provide service in exchange for the award (presumptively the vesting period). Statement 123(R) replaces SFAS No. 123, *Accounting for Stock-Based Compensation*, and supersedes Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees* (APB 25), and its related interpretations. The Company adopted Statement 123(R) on October 1, 2005. The Company chose the Modified Prospective Application (MPA) method for implementing Statement 123(R). Under the MPA method, new awards are valued and accounted for prospectively upon adoption. Outstanding prior awards that are unvested as of October 1, 2005 will be recognized as compensation cost over the remaining requisite service period. Prior periods will not be restated.

Adoption of Statement 123(R) did not affect the Company s cash flow or financial position but it did reduce its reported net income and earnings per share, since adopting Statement 123(R) results in the Company recording compensation cost for employee stock options and employee share purchase rights.

On September 30, 2005 the Board of Directors approved the full acceleration of the vesting of each otherwise unvested outstanding stock option granted under the Company s 1995 and 1998 Stock Option and Incentive Plans and its 2004 Long Term Incentive Plan for those grants whose strike price was higher than the closing market value of a share of the Company s common stock on that date. As a result, options to purchase approximately 867,000 shares, including approximately 374,000 options held by the Company s executive officers and directors, became immediately exercisable effective as of September 30, 2005.

The decision to accelerate vesting of these options was made primarily to minimize future compensation expense that the Company would otherwise recognize in its consolidated statements of operations upon the effectiveness of Statement 123(R). As a result of the acceleration, the Company expects to reduce the stock option expense it otherwise would have been required to record in connection with accelerated options by approximately $2.0 million in 2006, $653,000 in 2007 and $63,000 in 2008 under the MPA method.

Prior to its adoption of Statement 123(R) the Company accounted for stock-based compensation in compliance with APB 25, which addressed the financial accounting and reporting standards for stock or other equity-based compensation arrangements. The Company accounted for stock based compensation to employees using the intrinsic method and provided disclosures under the fair value-based method, as permitted by SFAS No. 123. Stock or other equity-based compensation for non-employees was accounted for under the fair value-based method as required by SFAS No. 123 and EITF No. 96-18, *Accounting for Equity Instruments That Are Issued to Other Than Employees for Acquiring, or in Conjunction with Selling, Goods or Services*, and other related interpretations. Under this method, the equity-based instrument was valued at either the fair value of the consideration received or the equity instrument issued on the date of grant. The resulting compensation cost was recognized and charged to operations over the service period, which was usually the vesting period.

The Company included $177,451 and $547,882 in total stock-based compensation expense to employees in its condensed consolidated statement of operations for the three and nine months ended June 30, 2006, respectively, as a result of the adoption of Statement 123(R). Prior to the adoption of Statement No. 123(R), the Company reported all tax benefits resulting from the exercise of non-qualified stock options as operating cash flows in its consolidated statements of cash flows. In accordance with Statement No. 123(R), the Company now reports its current year excess tax benefits from the exercise of non-qualified stock options as financing cash flows. There were no excess tax benefits recorded from the exercise of non-qualified stock options for the nine months ended June 30, 2006.

Table of Contents

For purposes of recording stock option-based compensation expense as required by Statement No. 123(R), the fair values of each stock option granted under the Company s stock option plan for the three and nine months ended June 30, 2006 were estimated as of the date of grant using the Black-Scholes option-pricing model. The weighted average fair value of all stock option grants issued for the three and nine months ended June 30, 2006 was $4.64 and $2.18, respectively.

For purposes of recording Employee Stock Purchase Plan (ESPP) compensation expense as required by Statement No. 123(R), the fair values of each share subject to purchase under the ESPP for the three and nine months ended June 30, 2006 were estimated as of the beginning of the ESPP period using the Black-Scholes option-pricing model. The weighted average fair value of all ESPP shares issued for the three and nine months ended June 30, 2006 was $2.11 and $1.84, respectively.

The fair values of all stock option grants and ESPP shares issued were determined using the following assumptions:

	Three Months Ended June 30, 2006		Nine Months Ended June 30, 2006	
	Stock Option Plan	ESPP	Stock Option Plan	ESPP
Risk-free interest rate	4.9%	4.5%	4.3%	3.9%
Expected dividend yield	0.0%	0.0%	0.0%	0.0%
Expected life of option grants and ESPP shares (years)	5.17	0.25	5.17	0.25
Expected volatility of underlying stock	73.9%	114.8%	77.7%	100.5%
Expected forfeitures as percentage of total option grants and ESPP shares	5.7%	0.0%	5.7%	0.0%

The risk-free rates for the stock option plan and ESPP are the weighted average of the yield rates on 5-year U.S. Treasury notes on the dates of the stock option grants and the yield rates on 3-month U.S. Treasury bills at the inception of each quarterly ESPP period, respectively. The dividend yield of zero is based on the fact that the Company has never paid cash dividends and has no present intention to pay cash dividends. The expected life of the option grants is based on the Company s analysis of its experience with its option grants. The expected life of the ESPP shares is 0.25 years, since shares are purchased through the plan on a quarterly basis. Expected volatility is based on the historical volatility of the Company s common stock over the period commensurate with the expected life of the options and the ESPP shares, respectively. The expected forfeitures as a percentage of total grants are based on the Company s analysis of its experience with its option grants and ESPP shares, respectively. Under the true-up provisions of Statement 123(R) additional expense will be recorded if the actual forfeiture rate is lower than estimated and a recovery of prior expense will be recorded if the actual forfeiture rate is higher than estimated.

SFAS No. 123 requires the presentation of pro forma information for the comparative period prior to the adoption as if all of the Company s employee stock options and ESPP shares had been accounted for under the fair value method of the original SFAS No. 123. The following table illustrates the effect on net loss and loss per share if the Company had applied the fair value recognition provisions of SFAS No. 123 to stock-based employee compensation in the prior-year periods.

Table of Contents

	Three Months Ended June 30, 2005	Nine Months Ended June 30, 2005
Net loss as reported	$ (31,943,964)	$ (54,362,917)
Add:		
Total stock-based employee compensation expense recorded, net of related tax effects	1,410	75,727
Deduct:		
Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects	(1,158,208)	(3,488,013)
Pro forma net loss	$ (33,100,762)	$ (57,775,203)
Loss per share		
Basic and diluted as reported	$ (1.30)	$ (2.22)
Basic and diluted pro forma	$ (1.35)	$ (2.35)

For purposes of determining the disclosures required by SFAS No. 123, the fair values of each stock option granted in the three and nine months ended June 30, 2005 under the Company s stock option plan were estimated on the date of grant using the Black-Scholes option-pricing model. The Company granted 5,278 options under our 2004 Long-Term Incentive Plan for the three and nine months ended June 30, 2005. The weighted average grant date fair value of all stock option grants issued for the nine months ended June 30, 2005 was $3.18, using the following assumptions:

	Three Months Ended June 30, 2005	Nine Months Ended June 30, 2005
Risk-free interest rate	4.1%	3.4%
Expected dividend yield	0.0%	0.0%
Expected life of option grants (years)	10.0	10.0
Expected volatility of underlying stock	83.0%	83.2%
Expected forfeitures as percentage of total grants	7.0%	7.0%

During the three and nine months ended June 30, 2006 the Company recorded stock-based compensation expense of $0 and $191,000, respectively, representing the value of common stock issued to a vendor.

Stock Option Activity

A summary of award activity under the stock option plans as of June 30, 2006 and changes during the 3-month period is presented below:

	Number of Options	Weighted-Average Exercise Price
Outstanding at March 31, 2006	3,484,184	$ 6.93
Granted	20,000	8.59
Exercised	(262,845)	6.11
Forfeited or expired	(202,873)	14.16

Outstanding at June 30, 2006	3,038,466	$	6.52
Exercisable at June 30, 2006	2,402,879	$	7.19

A summary of award activity under the stock option plan as of June 30, 2006 and changes during the 9-month period is presented below:

Table of Contents

	Number of Options	Weighted-Average Exercise Price
Outstanding at September 30, 2005	3,601,505	$ 7.21
Granted	748,159	3.94
Exercised	(723,072)	5.55
Forfeited or expired	(588,126)	8.60
Outstanding at June 30, 2006	3,038,466	$ 6.52
Exercisable at June 30, 2006	2,402,879	$ 7.19

The options outstanding and exercisable at June 30, 2006 were in the following exercise price ranges:

	Options Outstanding				Options Exercisable			
Range of Exercise Prices	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value
$2.70 - $4.38	596,184	$ 3.60	9.2	$ 2,089,528	34,236	$ 3.54	9.0	$ 121,766
$4.70 - $5.64	901,685	5.48	6.4	1,460,502	892,140	5.48	6.4	1,442,175
$5.90 - $7.18	547,114	6.06	6.5	572,934	505,114	6.00	6.2	556,034
$7.27 - $8.59	705,313	7.85	4.8		683,219	7.82	4.6	
$12.00 - $32.00	288,170	13.50	1.2		288,170	13.50	1.2	
Total	3,038,466	$ 6.52	6.1	$ 4,122,964	2,402,879	$ 7.19	5.3	$ 2,119,975

The weighted average remaining contractual life of options exercisable at June 30, 2006 was 5.3 years.

The aggregate intrinsic value in the table above represents the total intrinsic value, based on the Company s closing stock price of $7.10 as of June 30, 2006, which would have been received by the option holders had all option holders exercised their options as of that date. The total of in-the-money options exercisable as of June 30, 2006 was 1,431,490.

The aggregate intrinsic value of all stock options exercised during the three and nine months ended June 30, 2006 was approximately $650,000 and $1,733,000, respectively.

The Company settles employee stock option exercises with newly issued common shares.

There were no grants of restricted stock during the three and nine months ended June 30, 2006.

As of June 30, 2006, there was $1,104,305 of total unrecognized compensation cost related to non-vested share-based compensation arrangements granted under the plans. That cost is expected to be recognized over a weighted-average period of 2.3 years. The total fair value of shares vested was $1,890 and $61,616 during the three and nine months ended June 30, 2006, respectively.

A summary of the activity for non-vested stock options as of June 30, 2006 and changes during the 3-month period is presented below:

	Number of Options	Weighted-Average Exercise Price
Non-vested at March 31, 2006	662,225	$ 3.83
Granted	20,000	8.59
Vested	(700)	2.70
Forfeited	(45,938)	3.60
Non-vested at June 30, 2006	635,587	$ 4.00

A summary of the activity for non-vested stock options as of June 30, 2006 and changes during the 9-month period is presented below:

	Number of Options	Weighted-Average Exercise Price
Non-vested at September 30, 2005	1,750	$ 2.70
Granted	718,159	3.96
Vested	(700)	2.70
Forfeited	(83,622)	3.60
Non-vested at June 30, 2006	635,587	$ 4.00

5. Restructuring Charges

During the third quarter of fiscal year 2005, the Company initiated a restructuring plan designed to close 19 underperforming stores and re-align its resources and cost structure.

Thirteen of the closed stores were in markets where the Company continues to have a presence and accordingly, the results of their operations are included in continuing operations. The closing of these thirteen stores resulted in restructuring charges of $16.9 million, including $5.9 million of non-cash charges in the three and nine months ended June 30, 2005. At June 30, 2005 the Company had accrued expenses associated with these store closings totaling $10.5 million. The Company completed 12 of these store closings as of June 30, 2005 and the remaining store closed on October 30, 2005.

During the nine months ended June 30, 2006, the Company recorded additional incremental costs totaling $483,530, consisting of lease termination and other related charges. At June 30, 2006 the Company had accrued expenses associated with these store closings totaling $4,900,702 which the Company believes is adequate to cover the charges associated with these store closings.

In accounting for restructuring charges, the Company complied with SFAS 146, *Accounting for Costs Associated with Exit or Disposal Activities*, which requires that a liability for costs associated with an exit or disposal activity be recognized and measured initially at fair value only when the liability is incurred.

The following is a summary of restructuring charge activity for the nine months ended June 30, 2006:

	Lease Termination and Other Related Charges	Professional Fees	Severance	Total

Balance as of September 30, 2005	$ 6,394,552	$ 928,564	$ 8,992	$ 7,332,108
Change in estimate revised assumptions	483,530			483,530
Payments	(2,678,397)	(227,547)	(8,992)	(2,914,936)
Balance as of June 30, 2006	$ 4,199,685	$ 701,017	$	$ 4,900,702

Lease termination and other related charges represent lease termination costs and accrued rent on certain closed stores. Professional fees include amounts paid to third parties in connection with the negotiation of lease terminations and with the liquidation of inventory for the closed stores.

6. Discontinued Operations

In the third quarter of fiscal year 2005, as part of the restructuring plan described in Note 5, the Company closed or committed to close six stores in markets where the Company does not continue to have a presence. The Company completed these store closings by July 31, 2005. In fiscal year 2005 the Company recorded exit costs associated with these six store closings within discontinued operations totaling $6,291,420, including $2,012,280 of non-cash charges, principally related to impairment of fixed assets. Previously, in the fourth quarter of fiscal year 2004 the Company closed, sold or committed to close eight stores, all of which were closed by December 31, 2004.

The Company recorded a loss on discontinued operations associated with all these store closings totaling $154,347 and $9,323,039 for the nine months ended June 30, 2006 and June 30, 2005, respectively. At June 30, 2006 the Company had accrued expenses associated with these store closings totaling $1,579,209, which the Company believes is adequate to cover charges associated with the remaining lease terminations and professional fees for the stores included in discontinued operations.

In accordance with SFAS No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, the Company classified the operating results of these stores as discontinued operations in the accompanying consolidated statements of operations. Revenue from the closed stores amounted to $4,067,061 and $10,966,432 for the three and nine months ended June 30, 2005, respectively. There was no revenue from the closed stores for the three or nine months ended June 30, 2006.

The following is a summary of discontinued operations activity for the nine months ended June 30, 2006:

	Lease Termination and Other Related Charges	Professional Fees	Severance	Total
Balance as of September 30, 2005	$ 1,565,310	$ 530,885	$ 6,653	$ 2,102,848
Change in estimate revised assumptions	154,347			154,347
Payments	(508,588)	(162,745)	(6,653)	(677,986)
Balance as of June 30, 2006	$ 1,211,069	$ 368,140	$	$ 1,579,209

Lease termination and other related charges represent lease termination costs and accrued rent on certain closed stores. Professional fees include amounts paid to third parties in connection with the negotiation of lease terminations and with the liquidation of inventory for the closed stores.

7. Income Taxes

SFAS No. 109, *Accounting for Income Taxes*, requires the Company to provide a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets will not be realized. In March 2005 the Company recorded a full valuation allowance and has continued to record such an allowance through June 30, 2006 based upon its determination that it was more likely than not that it would not realize the deferred tax benefits related to those assets. The Company based that determination, in part, on its prior three years of losses and consideration of store closings. As of June 30, 2006 the Company provided a full valuation related to federal and state net deferred tax assets. In future periods the Company will re-evaluate the likelihood of realizing benefits from the deferred tax assets and adjust the valuation allowance as deemed necessary. Further, based on the availability of net operating losses being carried forward, the Company did not record any regular federal tax provision on fiscal year 2006 income. During the third quarter of fiscal 2006 the Company reversed the $110,000 federal alternative minimum tax provision recorded during the first six months of fiscal 2006.

Table of Contents

8. Net Income per Share

Basic earnings (loss) per share are calculated based on the weighted average number of common shares outstanding. Diluted earnings (loss) per share are based on the weighted average number of common shares outstanding plus dilutive potential common shares (common stock options and warrants). Common stock options and warrants are not included in the earnings (loss) per share calculation when their exercise price is greater than the average market price for the period.

The following is a reconciliation of the weighted average shares outstanding for basic and diluted earnings (loss) per share from continuing operations:

	Three Months Ended June 30,		Nine Months Ended June 30,	
	2006	**2005**	**2006**	**2005**
Basic Earnings (Loss) Per Share:				
Numerator:				
Net income (loss) from continuing operations	$ (14,341,957)	$ (24,521,418)	$ 432,164	$ (45,039,878)
Denominator:				
Weighted-average shares outstanding	25,369,473	24,600,731	25,044,992	24,538,937
Basic net income (loss) per share	$ (0.57)	$ (1.00)	$ 0.02	$ (1.84)
Diluted Earnings (Loss) Per Share:				
Numerator:				
Net income (loss) from continuing operations	$ (14,341,957)	$ (24,521,418)	$ 432,164	$ (45,039,878)
Denominator:				
Weighted-average shares outstanding	25,369,473	24,600,731	25,472,935	24,538,937
Diluted net income (loss) per share	$ (0.57)	$ (1.00)	$ 0.02	$ (1.84)
Anti-dilutive options and warrants not included in earnings per share calculation	3,995,046	4,342,352	1,981,063	4,429,388

Low	$ 2.70	$ 0.31	$ 6.70	$ 0.31
High	$ 32.00	$ 32.13	$ 32.00	$ 32.13

9. Related-Party Transactions

Tweeter held an 18.75% ownership interest in Tivoli Audio, LLC (Tivoli), a manufacturer of consumer electronic products, as of June 30, 2006 and 2005. The Company accounts for this investment in Tivoli under the equity method of accounting, recognizing the Company s share of Tivoli s income or loss in the Company s statement of operations. Distributions received from Tivoli amounted to $583,000 and $1,404,000 for the nine months ended June 30, 2006 and 2005, respectively. The Company purchased inventory from Tivoli costing approximately $1,108,000 and $1,288,000 during the nine months ended June 30, 2006 and 2005, respectively. Amounts receivable from Tivoli were $11,000 at June 30, 2006, reflecting prepayments on purchases of inventory. Amounts payable to Tivoli were $61,900 at June 30, 2005.

On December 31, 2004, Tweeter made an initial investment of $300,000 in Sapphire Audio, LLC (Sapphire), a manufacturer of consumer electronic products, to obtain a 25% ownership interest. This investment was being accounted for under the equity method of accounting. Sapphire was liquidated during the three months ended June 30, 2006 and the Company recorded a gain of $90,000 in income from equity investments in connection with the liquidation. Distributions received from Sapphire amounted to $292,000 for the nine months ended June 30, 2006. Distributions received from Sapphire amounted to $31,900 for the nine months ended June 30, 2005. The Company purchased inventory from Sapphire costing $6,497,000 and $2,707,000 during the nine months ended June 30, 2006 and 2005, respectively. Amounts payable to Sapphire were $0 and $161,300 at June 30, 2006 and 2005, respectively.

On April 20, 2005, the Company entered into an agreement with DJM Asset Management, LLC, (DJM) a Gordon Brothers Group company, to negotiate possible lease terminations, sublease, assignment or other disposition of certain leases. Since 2001, Mr. Jeffrey Bloomberg, a member of Tweeter s Board of Directors, has been with

Table of Contents

Gordon Brothers Group LLC in the Office of the Chairman. Mr. Jeffrey Bloomberg and Samuel Bloomberg, Chairman of Tweeter s Board of Directors, are brothers. Tweeter paid $391,000 to DJM associated with this agreement during the nine months ended June 30, 2006. Effective May 26, 2006 the Company terminated the agreement with DJM. As of June 30, 2006 the Company did not have any accruals outstanding related to DJM.

Mr. Jeffrey Bloomberg is a member of the Board of Directors of Nortek, Inc. (Nortek), which is a supplier for Tweeter. The Company purchased inventory from Nortek and its subsidiaries costing approximately $6,323,000 and $3,429,000 during the nine months ended June 30, 2006 and 2005, respectively and had amounts payable to Nortek and its subsidiaries of approximately $258,000 and $905,000 at June 30, 2006 and 2005, respectively.

10. Sale-Leaseback Transaction

During the quarter ended March 31, 2006, the Company entered into a sale-leaseback arrangement with Tweet Canton LLC, an unrelated party. The Company sold its Canton, Massachusetts distribution and corporate properties, including land and related leasehold improvements, located at 10 and 40 Pequot Way, Canton, Massachusetts, to Tweet Canton LLC for the sum of $13,750,000 and the Company entered into a 16-year lease agreement (with two additional successive option periods for ten and nine years, respectively) with Tweet Canton LLC. Under the new lease agreement the Company will make rental payments of $1,200,000 in year one of the lease, $1,220,000 in year two of the lease, $1,230,000 in year three of the lease, $1,240,000 in each of lease years four through ten, and $1,325,000 in each of the remaining six years of the lease term. The Company received approximately $13.5 million associated with this transaction, net of related fees, which was used to pay down existing debt. The Company recorded a deferred gain of approximately $4.6 million on the sale for the nine months ended June 30, 2006, which is being amortized over the life of the lease.

Item 2. Management s Discussion and Analysis of Financial Condition and Results of Operations.

INTRODUCTION

We are a specialty retailer of mid- to high-end audio and video consumer electronics products. As of June 30, 2006, we operated 153 stores under the Tweeter, hifi Buys, Sound Advice and Showcase Home Entertainment names. Our stores are located in the following markets: New England, the Mid-Atlantic, the Southeast (including Florida), Texas, Chicago, Southern California, Phoenix and Las Vegas.

During the third quarter of fiscal year 2005 we initiated a restructuring plan designed to close 19 underperforming stores and re-align our resources and cost structure. As of July 20, 2006 we had executed 13 lease termination agreements or sublet agreements, were in the process of completing negotiations on one location and had five locations remaining to be negotiated.

Six of the 19 stores we closed were in stand-alone markets and, in accordance with Statement of Financial Accounting Standards (SFAS) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, we classified the operating results of these stores as discontinued operations in the accompanying consolidated statements of operations. Revenue from the stores included in discontinued operations amounted to $4,067,000 and $10,966,000 for the three and nine months ended June 30, 2005. There was no revenue from these stores for the three and nine months ended June 30, 2006. Discontinued stores are excluded from the comparable store sales calculation.

The remaining 13 stores were deemed part of continuing operations and the costs associated with their closings were treated as a restructuring charge. In fiscal year 2005 we recorded restructuring charges associated with these 13 store closings totaling $16,480,000, including $6,331,000 of non-cash charges, principally related to impairment of fixed assets. During fiscal year 2006, we recorded additional incremental costs for these 13 store closings totaling $0 and $484,000 for the three and nine months ended June 30, 2006. At June 30, 2006 we had accrued expenses associated with these 13 store closings totaling $4,901,000, which we believe is adequate to cover costs associated with the remaining lease terminations and professional fees. Revenue from these 13 stores amounted to $8,914,000 and $23,445,000 for the three and nine months ended June 30, 2005. We had $0 and $175,000 of revenue from these stores for the three and nine months ended June 30, 2006, respectively. We have excluded the sales of these 13 stores from the comparable store calculation for the three and nine months ended June 30, 2006 as compared to the three and nine months ended June 30, 2005.

Table of Contents

Our operations, as is common with other retailers, follow a seasonal pattern. Historically, we realize more of our revenue and net income in our first fiscal quarter, which includes the holiday season, than in any other fiscal quarter. Our selling expenses and administrative expenses remain relatively fixed during the year, while our revenues fluctuate in accordance with the seasonal patterns. As a result of the seasonal patterns, our net income in any interim quarter will fluctuate dramatically, and one should not rely on our interim results as indicative of our results for the entire fiscal year.

We use the term comparable store sales to compare the year-over-year sales performance of our stores. We include a store in comparable store sales after it has been in operation for 12 full months, while we include an acquired store after 12 full months from the acquisition date. In addition, comparable store sales include Internet-originated sales. We exclude remodeled or relocated stores from comparable store sales until they have been operating for 12 full months from the date we completed the remodeling or the date the store re-opened after relocation. Stores that are part of discontinued operations are also excluded from comparable store sales.

RESULTS OF OPERATIONS

THREE MONTHS ENDED JUNE 30, 2006 AS COMPARED TO THREE MONTHS ENDED JUNE 30, 2005

Total Revenue Our total revenue includes delivered merchandise, home installation labor, commissions on service contracts sold, completed service center work orders, direct business-to-business sales, delivery charges and Internet-originated sales and excludes collected sales taxes. Our total revenue from continuing operations decreased $7.3 million, or 4.4%, to $159.3 million for the three months ended June 30, 2006 from $166.6 million for the three months ended June 30, 2005. Our comparable store sales increased $3.5 million, or 2.4%. Sales increased $921,000 from new stores opened for less than 12 months. We recorded a decrease in sales of $12.2 million related to stores that closed and are included in continuing operations.

For the three months ended June 30, 2006 flat panel televisions and home installation continued to drive our business. Flat panel televisions grew to 32.5% of our total retail revenue for the period, compared to 25.8% for the three months ended June 30, 2005. This increase was partially offset by declining revenue from projection TVs, TV monitors, satellite TV equipment, DVD equipment and camcorders, a category we no longer offer for sale. Collectively, these categories declined to 15.4% of our total retail revenue for the period compared to 21.5% for the three months ended June 30, 2005. Revenue from our audio and mobile categories also declined compared to the same quarter last year. Together they were down to 26.0% of our total retail revenue for the period compared to 28.2% for the three months ended June 30, 2005. Home installation labor revenue grew to 7.6% of our total retail revenue for the period, compared to 6.3% in the same quarter last year.

Cost of Sales and Gross Profit Our cost of sales includes merchandise costs, delivery costs, distribution costs, home installation labor costs, purchase discounts and vendor allowances. Our cost of sales related to continuing operations decreased $8.6 million, or 8.3%, to $94.7 million for the three months ended June 30, 2006 from $103.3 million for the three months ended June 30, 2005. Our gross profit increased $1.3 million, or 2.1%, to $64.6 million for the three months ended June 30, 2006 from $63.3 million for the three months ended June 30, 2005. Our gross margin percentage increased to 40.6% for the three months ended June 30, 2006 from 38.0% for the three months ended June 30, 2005. The increase in our gross margin was led by improvement in our video and audio categories, primarily due to the effect that closed stores had on our results for the three months ended June 30, 2005, when sales from closed stores were liquidated at a loss.

Selling, General and Administrative Expenses Our selling, general and administrative expenses (SG&A) include the compensation of store personnel and store specific support functions, occupancy costs, store level depreciation, advertising, pre-opening expenses, credit card fees and the costs of the finance, information systems, merchandising, marketing, human resources and training departments, related support functions and executive officers. Our SG&A expenses declined $2.0 million, or 2.5%, to $78.1 million for the three months ended June 30, 2006 from $80.1 million for the three months ended June 30, 2005. As a percentage of total revenue, our SG&A expenses increased to 49.1% for the three months ended June 30, 2006 from 48.1% for the three months ended June 30, 2005. The decrease in expense dollars is related to our having closed 13 stores in June 2005 as well as other stores since then upon the expiration of their leases. The increase in our expenses as a percentage of revenue is due to increases of 0.7% for insurance, where we experienced increases in the cost of claims and increases in reserves

based on our claims experience, 0.6% for depreciation, 0.3% for vehicles and 0.2% for store maintenance. These increases were partially offset by a reduction of 0.3% in marketing and smaller reductions in other categories.

Amortization of Intangibles We incurred amortization of intangibles expense of $170,000 for both the three months ended June 30, 2006 and 2005.

Interest Expense Our interest expense increased to $1,001,000 for the three months ended June 30, 2006 compared to $780,000 for the three months ended June 30, 2005. Our interest expense increased due to an increase in our average borrowings and higher interest rates. In addition, our term loans of $13 million as of June 30, 2006 bear higher interest rates than our revolving credit facility. There were no term loans outstanding during the three months ended June 30, 2005.

Income from Equity Investments Our income from equity investments increased to $275,000 for the three months ended June 30, 2006 from $249,000 for the three months ended June 30, 2005. We owned 18.75% of Tivoli for the three months ended June 30, 2006 and 2005. We owned a 25% interest in Sapphire up until its liquidation during the three months ended June 30, 2006. We recorded a gain of $90,000 in connection with the liquidation for the three months ended June 30, 2006.

Income Taxes SFAS No. 109, *Accounting for Income Taxes*, requires that we record a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets will not be realized. At June 30, 2006, we provided a full valuation allowance related to federal and state net deferred tax assets. The third quarter loss resulted in the reversal of the $110,000 federal alternative minimum tax provision recorded during the first six months of fiscal year 2006. The effective tax rate for the three months ended June 30, 2006 and 2005 was (0.7%) and 0.0%, respectively.

Discontinued Operations In the third quarter of fiscal year 2005, we closed or committed to close six stores classified as discontinued operations. In the fourth quarter of fiscal year 2004 we closed or committed to close eight stores classified as discontinued operations. The decision to exit these stores was primarily related to their poor operating results. The loss from discontinued operations associated with these store closings amounted to $26,000 and $7,423,000 for the three months ended June 30, 2006 and 2005, respectively. Revenue from the closed stores, included in pre-tax loss from discontinued operations, amounted to $4,067,000 for the three months ended June 30, 2005. There was no revenue from closed stores included in pre-tax loss from discontinued operations for the three months ended June 30, 2006.

NINE MONTHS ENDED JUNE 30, 2006 AS COMPARED TO NINE MONTHS ENDED JUNE 30, 2005

Total Revenue Our total revenue from continuing operations increased $6.2 million, or 1.0%, to $613.0 million for the nine months ended June 30, 2006 from $606.8 million for the nine months ended June 30, 2005. Our comparable store sales increased $26.6 million, or 4.9%. We generated an increase in sales of $8.3 million from new stores opened for less than 12 months. We recorded a decrease in sales of $30.4 million related to stores that closed and are included in continuing operations.

For the nine months ended June 30, 2006 flat panel televisions and home installation continued to drive our business. Flat panel televisions grew to 33.1% of our total retail revenue for the period, compared to 24.8% for the nine months ended June 30, 2005. This increase was partially offset by declining revenue from projection TVs, TV monitors, satellite TV equipment, DVD equipment and camcorders, a category we no longer offer for sale. Collectively, these categories declined to 20.2% of our total retail revenue for the period compared to 26.4% for the nine months ended June 30, 2005. Revenue from our audio and mobile categories also declined compared to the same period last year. Together they were down to 23.7% of our total retail revenue for the period compared to 26.6% for the nine months ended June 30, 2005. Our home installation labor revenue grew to 6.3% of our total retail revenue for the period, compared to 5.1% in the same period last year.

Cost of Sales and Gross Profit Our cost of sales related to continuing operations decreased $6.9 million, or 1.9%, to $358.6 million for the nine months ended June 30, 2006 from $365.5 million for the nine months ended June 30, 2005. Our gross profit increased $13.1 million, or 5.4%, to $254.4 million for the nine months ended June 30, 2006 from $241.3 million for the nine months ended June 30, 2005. Our gross margin percentage increased to 41.5% for the nine months ended June 30, 2006 from 39.8% for the nine months ended June 30, 2005. This increase

is primarily the result of an increase in revenue and improvement in gross margin percentage from our flat panel televisions, an increase in revenue from home installation labor, which carries a higher gross margin percentage than sales of our merchandise, and the negative impact on gross margin from the stores that we closed during the nine months ended June 30, 2005.

Selling, General and Administrative Expenses Our SG&A expenses declined $4.5 million, or 1.8%, to $250.9 million for the nine months ended June 30, 2006 from $255.5 million for the nine months ended June 30, 2005. As a percentage of total revenue, our SG&A expenses decreased to 40.9% for the nine months ended June 30, 2006 from 42.1% for the nine months ended June 30, 2005. The decrease in our SG&A expenses as a percentage of revenue was mainly the result of decreases of 1.0% for marketing, largely attributable to reductions in newspaper advertising, and 0.4% for compensation, due in part to our having closed stores last year that couldn t leverage their fixed payroll costs and reductions in mobile installation labor. These decreases were partially offset by an increase of 0.3% for insurance, where we experienced increases in the cost of claims and increases in reserves based on our claims experience.

Amortization of Intangibles We incurred amortization of intangibles expense of $510,000 in both the nine months ended June 30, 2006 and 2005.

Restructuring Charges We incurred restructuring charges associated with the closing of 13 stores totaling $484,000 for the nine months ended June 30, 2006 and $16.9 million for the nine months ended June 30, 2005. The restructuring charges are related to lease termination and other related costs.

Interest Expense Our interest expense increased to $3,500,000 for the nine months ended June 30, 2006 compared to $2,008,000 for the nine months ended June 30, 2005. Our interest expense increased due to an increase in our average borrowings and higher interest rates. In addition, our term loans of $13 million as of June 30, 2006 bear higher interest rates than our revolving credit facility. There were no term loans outstanding during the nine months ended June 30, 2005.

Income from Equity Investments Our income from equity investments increased to $1,461,000 for the nine months ended June 30, 2006 from $540,000 for the nine months ended June 30, 2005. This is due to the increased profitability in Tivoli. We owned 18.75% of Tivoli for the nine months ended June 30, 2006. For the nine months ended June 30, 2005 we owned 25% of Tivoli up until May 4, 2005 when we sold 68,750 shares of our investment and we owned 18.75% after this transaction occurred. Our income from equity investments for the nine months ended June 30, 2006 also reflects our 25% ownership of Sapphire up until their liquidation during the period, which was acquired on December 31, 2004.

Income Taxes SFAS No. 109, *Accounting for Income Taxes*, requires that we record a valuation allowance when it is more likely than not that some portion or all of the deferred tax assets will not be realized. At June 30, 2006, we provided a full valuation allowance related to federal and state net deferred tax assets. The effective tax rate for the nine months ended June 30, 2006 and 2005 was 0% and (93)%, respectively. Our effective tax rate for the nine months ended June 30, 2005 was adversely affected by a deferred tax asset write-off of $22.3 million.

Discontinued Operations In the third quarter of fiscal year 2005, we closed or committed to close six stores classified as discontinued operations. In the fourth quarter of fiscal year 2004 we closed or committed to close eight stores classified as discontinued operations. The decision to exit these stores was primarily related to their poor operating results. The loss on discontinued operations associated with these store closings amounted to $154,000 and $9,323,000 for the nine months ended June 30, 2006 and June 30, 2005, respectively. Revenue from the closed stores, included in pre-tax loss from discontinued operations, amounted to $10,966,000 for the nine months ended June 30, 2005. There was no revenue from closed stores included in pre-tax loss from discontinued operations for the nine months ended June 30, 2006.

LIQUIDITY AND CAPITAL RESOURCES

Our cash needs are primarily to support our inventory requirements and capital expenditures, pre-opening expenses and beginning inventory for new stores, remodeling or relocating older stores and, in recent years, to fund operating losses.

Table of Contents

For the nine months ended June 30, 2006, we generated approximately $22.7 million of cash from operating activities. This includes net income of $0.3 million and distributions from equity investment of $0.6 million. Non-cash expenses, net recorded for the period totaled $19.0 million. These non-cash expenses consisted primarily of $19.6 million for depreciation, amortization and accretion and $0.7 million of stock based compensation, offset in part by $1.5 million for income from equity investments. Other sources of cash totaled $15.9 million, which primarily consisted of decreases in accounts receivable, inventory and prepaid and other assets due to seasonal variations and the timing of expenditures for the nine month period. These sources were partially offset by other uses of cash that totaled $13.1 million, consisting primarily of decreases in accounts payable, associated with our lower level of inventory, accrued expenses, due to the timing of payments made for operating costs, and customer deposits, related to the seasonality of our revenue.

For the nine months ended June 30, 2006, we generated $0.6 million of cash from investing activities. Sources of cash totaled $13.8 million and consisted primarily of net proceeds of $13.5 million from the sale-leaseback transaction on our corporate office and New England distribution facilities and proceeds of $250,000 from the liquidation of our investment in Sapphire. Offsetting these sources of cash were capital expenditures of $13.2 million.

Our net cash used in financing activities during the nine months ended June 30, 2006 was $23.7 million. The decrease in the short-term portion of long-term debt was $2.6 million and repayments of long-term debt were $25.3 million. In addition, we received proceeds from stock options exercised and employee stock purchases of $4.2 million.

Our senior secured revolving credit facility (credit facility), as amended July 25, 2005, provides for up to $90 million in revolving credit loans and $13 million in term loans. The credit facility is secured by substantially all of our assets and contains various covenants and restrictions, including that: (i) we cannot create, incur, assume or permit additional indebtedness, (ii) we cannot create, incur, assume or permit any lien on any property or asset, (iii) we cannot merge or consolidate with any other person or permit any other person to merge or consolidate with us, (iv) we cannot purchase, hold or acquire any investment in any other person except those specifically permitted, (v) we cannot sell, transfer, lease, or otherwise dispose of any asset except permitted exceptions, and (vi) we cannot declare or make any restricted payments, which includes any dividend or certain other distributions. Borrowings are restricted to applicable advance rates based principally on eligible inventory and receivables, reduced by a $5 million reserve, a portion of customer deposits and outstanding letters of credit. At June 30, 2006, $22.4 million was available for future borrowings. The credit facility expires on April 1, 2008.

The interest rate on our revolving credit loan ranges from 1.5% to 2% over LIBOR or 0% over the prime rate, depending on our commitment at various dates during the course of the agreement. In addition, there is a commitment fee of 0.25% for the unused portion of the line. Our term loans are in two tranches Tranche A-1 and Tranche B. The Tranche A-1 term loan is for $5 million at an interest rate of either 0.75% over the prime rate or 3.00% over LIBOR, whichever rate we choose. The Tranche B term loan is for $8 million at an interest rate of 4.00% over the prime rate or 10.00%, whichever is greater. Neither term loan will require any scheduled principal payments until maturity.

Our weighted average interest rates on all outstanding borrowings for the nine months ended June 30, 2006 and 2005 were approximately 7.4% and 5.2%, respectively.

On January 17, 2006, we entered into a sale-leaseback arrangement with Tweet Canton LLC, an unrelated party, with respect to our distribution and corporate properties, including land and related leasehold improvements, located at 10 and 40 Pequot Way, Canton, Massachusetts. We received approximately $13.5 million, net of related fees, for the sale of these properties, which we used to pay down existing debt. Future lease commitments amount to $1.2 million in each of years one to ten of the lease and $1.3 million in each of the remaining six years of the lease term.

We believe that our existing cash, together with cash generated by operations and available borrowings under our credit facility, will be sufficient to finance our working capital and capital expenditure requirements for at least the next twelve months. Furthermore, due to the seasonality of our business, our working capital needs are significantly higher in the first and second fiscal quarters and there is the possibility that this could cause unforeseen capital constraints in the future. Our credit facility provides us with the option of having more availability on our credit line during our peak holiday season buying periods.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Quarterly Report on Form 10-Q, including, without limitation, statements containing the words expects, anticipates, believes and words of similar import, constitute forward-looking statemen within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are subject to various risks and uncertainties, including our growth and acquisitions, dependence on key personnel, the need for additional financing, competition and seasonal fluctuations, and those referred to in our Annual Report on Form 10-K filed on December 29, 2005, that could cause actual future results and events to differ materially from those currently anticipated. Readers are cautioned not to place undue reliance on these forward-looking statements.

Item 3. Quantitative and Qualitative Disclosures about Market Risk.

The principle market risk inherent in our financial instruments and in our financial position is the potential for loss arising from adverse changes in interest rates. We do not enter into financial instruments for trading purposes.

At June 30, 2006 we had $44.0 million of variable rate borrowings outstanding under our revolving credit facility and term loans. A hypothetical 10% change in interest rates for this variable rate debt would have an approximate $364,000 annual impact on our income and cash flows based on our June 30, 2006 borrowing levels.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures. The Company s management, under the supervision of and with the participation of the Company s Chief Executive Officer, who also is presently serving as acting Chief Financial Officer, has evaluated the effectiveness of the Company s disclosure controls and procedures, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act), as of June 30, 2006. Based on such evaluation, the Company s Chief Executive Officer has concluded that, because of the material weaknesses in internal control over financial reporting described in the Company s Annual Report on Form 10-K filed on December 29, 2005, the Company s disclosure controls and procedures were not effective as of June 30, 2006.

Changes in Internal Control over Financial Reporting. In an effort to remediate the identified material weaknesses and other deficiencies in internal controls over financial reporting that were described in the Company s Annual Report on form 10-K filed on December 29, 2005, the Company has taken the following actions regarding internal control over financial reporting:

The Company has added resources to its accounting and finance staff, including appointing a Director of Internal Audit to spearhead its internal control compliance efforts. The Company is actively recruiting to further add staff with financial reporting and internal control expertise and the Company expects to add an adequate number of experienced finance and accounting personnel to eliminate the delays in the financial statement preparation and other issues that have occurred in the past. In addition, training of the finance and accounting staff will be formalized and enhanced. The Company has also engaged outside consultants to augment its staff and to add internal control expertise.

The Company has re-emphasized to store, distribution center, and corporate personnel the importance of controls surrounding the accurate and timely approval and reporting of information to the corporate office, and has begun a program of education and audit to ensure that these controls are understood and uniformly applied. This re-emphasis is expected to eliminate certain of the weaknesses cited above.

The Company has taken steps to correct weaknesses relating to system access, segregation of duties, supervisory controls, and control over spreadsheets.
