Item 7.01 Regulation FD Disclosure

The Board of Directors (the Board) of Alkermes, Inc. (Alkermes or the Company) recently determined that the compensation attributable to certain grants of non-qualified stock options made to certain of its executive officers in the past may not be deductible by the Company as a result of the limitations imposed by Section 162(m) of the Internal Revenue Code (Section 162(m)) because such stock options were granted pursuant to a stock option plan that did not contain one of the provisions necessary in order to maintain such deductibility under Section 162(m). As a result, the Board requested that stockholders of the Company approve an Amended and Restated 1999 Stock Option Plan to add the necessary provision so that compensation attributable to stock options granted under such plan could be deductible by the Company when exercised. The Company s stockholders approved such Amended and Restated 1999 Stock Option Plan on October 9, 2007. Accordingly, on November 15, 2007, the Board decided to cancel certain of the affected stock options provided that the Compensation Committee of the Board re-grant the same stock options under the Company s Amended and Restated 1999 Stock Option Plan. On November 15, 2007, the Compensation Committee of the Board re-granted such stock options under the Company s Amended and Restated 1999 Stock Option Plan. The re-granted stock options contain the same terms as the canceled stock options, including the original exercise price which, in all cases, is higher than the fair market value of the Company s common stock on the date of grant. The sole purpose of the cancellation and re-grant is to preserve the Company s tax deduction in the future with respect to such stock options. No additional benefit is extended to the officers as a result of the cancellation and re-grant. The Board has canceled and the Compensation Committee of the Board has re-granted a total of fifty-eight options, as follows: Richard Pops, nine options, representing the right to purchase approximately 2,000,000 shares; Michael Landine, nine options, representing the right to purchase approximately 315,000 shares; James Frates, eight options, representing the right to purchase approximately 370,000 shares; Elliot Ehrich, twelve options, representing the right to purchase approximately 380,000 shares; Kathryn Biberstein, six options, representing the right to purchase approximately 160,000 shares; David Broecker, seven options, representing the right to purchase approximately 1,000,000 shares; Gordon Pugh, seven options, representing the right to purchase approximately 330,000 shares. The Company does not expect to incur any additional accounting charge as a result of the cancellation and re-grant of such stock options.
