If the subject report could not be filed without unreasonable effort or expense and the registrant seeks relief pursuant to Rule 12b-25(b), the following should be completed. (Check box if appropriate)

**PART III NARRATIVE**

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Saga Communications, Inc. (the Company), without unreasonable effort or expense, is unable to file its Annual Report on Form 10-K (the Form 10-K) for the period ended December 31, 2008 by the prescribed filing due date because of the complexity of determining the amount of certain impairments related to goodwill and indefinite-lived intangible assets, and the related tax impact. Extra time is needed to account for and review these impairments, in part, due to the magnitude and the number of impairments. These reviews and analyses are related to the recent and ongoing economic conditions and the deterioration in the capital markets, which have negatively affected the Company's operating results and market capitalization value, causing the Company to evaluate and test its goodwill and indefinite-lived intangible assets for impairment. The Company expects to file its Form 10-K on or before March 31, 2009, the fifteenth calendar day following the prescribed due date.

Management has concluded that the Company will record impairment charges related to goodwill and indefinite-lived intangible assets. These conclusions were reached in connection with the preparation of the audited financial statements for the year ended December 31, 2008. Management is currently completing the valuations required to determine the extent of impairment charges to be recorded as of December 31, 2008.

**PART IV OTHER INFORMATION**

(1) Name and telephone number of person to contact in regard to this notification

(Name)	(Area Code)	(Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).

Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Net operating revenue for the year ended December 31, 2008 decreased 2.8% over the comparable period in 2007 to \$140.0 million. Station operating expense decreased 0.5% to \$105.8 million (station operating expense includes depreciation and amortization attributable to the stations) and operating income (excluding non-cash impairment charge) decreased 11.6% to \$24.7 million.

For the quarter ended December 31, 2008 net operating revenue decreased 7.0% from the comparable period in 2007 to \$35.0 million. Station operating expense decreased 2.8% to \$26.6 million (station operating expense includes depreciation and amortization attributable to the stations) and operating income (excluding non-cash impairment charge) decreased 21.2% to \$6.0 million.

The Company has not finalized the fourth quarter non-cash impairment charge and its related tax impact (which could be significant) and therefore is not able to determine net income (loss) or earnings (loss) per basic and diluted share at this time. Based on a combination of factors, including the current economic environment, the Company's operating results and current market capitalization value, the Company has concluded that it is likely that the value of certain intangible assets will be reduced below their current carrying value. The Company is continuing to conduct their required impairment analysis to determine the amount of the non-cash impairment charge.

Certain statements contained in this Form 12b-25 are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended.

Words such as believes, expects, anticipates, guidance and similar expressions are intended to identify forward-looking statements. Key risks, including risks associated with Saga's ability to effectively integrate the stations it acquires and the impact of federal regulation on Saga's business, are described in the reports Saga Communications, Inc. periodically files with the U.S. Securities and Exchange Commission, including Item 1A of our annual report on form 10-K. Readers should note that these statements may be impacted by several factors, including national and local economic changes and changes in the radio and television broadcast industry in general, as well as Saga's actual performance. Results may vary from those stated herein and Saga undertakes no obligation to update the information contained here.
