COMPENSATION COMMITTEE REPORT

The Board of Directors appointed a Compensation Committee comprised of the undersigned, Messrs. Bourne, Hinkle and Jennings. Members of the Compensation Committee, all of whom must be independent directors of the Company, are selected each year by the full Board of Directors. The Compensation Committee is responsible for establishing and administering executive compensation programs including administration of the 2000 Commercial Net Lease Realty, Inc. Performance Incentive Plan (the "2000 Plan") as well as approval of changes in directors' compensation.

The Compensation Committee believes the Company's degree of success is largely attributable to the talent and dedication of its associates and to the management and leadership efforts of its executive officers. The goal of the Compensation Committee is to establish a compensation program that will attract and retain talented corporate officers, motivate them to perform to their fullest potential, as well as align their long-term interests with the interests of the Company's stockholders. In evaluating performance, the Compensation Committee considers quantitative and qualitative improvement in the Company's Funds From Operations ("FFO"), capital structure, and individual performance and contribution to corporate goals and objectives.

Edgar Filing: COMMERCIAL NET LEASE REALTY INC - Form DEF 14A

Historically, the key elements in the Company's executive compensation program has consisted of salary, annual bonus and stock options. The Committee completed a comprehensive evaluation of the Company's executive compensation plan in order to assure such plan is competitive and to more effectively utilize the compensation elements of the 2000 Plan. In making compensation decisions, the Compensation Committee considers the compensation practices and financial performance of other REIT industry participants and from time to time receives assessments and advice regarding compensation practices from independent compensation consultants. Additionally, the Compensation Committee makes a subjective assessment of the general performance of the Company, the officer's contribution to the Company's performance, the officer's anticipated performance and contribution to the Company's achievement of its long-term goals and the position, level, and scope of the officer's responsibility.

For 2001, Mr. Seneff received total cash payments of \$140,000 in salary. The Compensation Committee considered this level of payment appropriate in light of Mr. Seneff's responsibilities and the

13

Company's performance. No bonus was paid to Mr. Seneff in 2001 in light of FFO results below expectations. As a result of the compensation plan evaluation, restricted stock awards vesting over a five year period were granted to Executive Officers. Salary increases in 2001 for Executive Officers were based on FFO per share targets, individual performance, position, tenure, experience, leadership and competitive data in compensation surveys of comparable companies.
