(Issuer's telephone number, including area code)

Not applicable
(Former name, former address and former fiscal year, if changed since last report)

Check whether the issuer (1) filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act during the past 12 months (or such shorter period that the issuer was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

As of January 31, 2005, the issuer had 39,242,251 shares of common stock, \$0.01 par value, issued and outstanding.

Transitional Small Business Disclosure Format. Yes No

Documents incorporated by reference: None.

YOUTHSTREAM MEDIA NETWORKS, INC. AND SUBSIDIARIES

The Company has elected to file a Quarterly Report on Form 10-QSB for the quarterly period ended December 31, 2004, as the Company qualifies as a Small Business Issuer in accordance with Regulation S-B. The Company intends to file subsequent periodic reports under Regulation S-B.

This Quarterly Report on Form 10-QSB for the quarterly period ended December 31, 2004 contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, including statements that include the words "believes", "expects", "anticipates", or similar expressions. These forward-looking statements include, but are not limited to, statements concerning the Company's expectations regarding its working capital requirements, financing requirements, business prospects, and other statements of expectations, beliefs, future plans and strategies, anticipated events or trends, and similar expressions concerning matters that are not historical facts. The forward-looking statements in this Quarterly Report on Form 10-QSB for the quarterly period ended December 31, 2004 involve known and unknown risks, uncertainties and other factors that could cause the actual results, performance or achievements of the Company to differ materially from those expressed in or implied by the forward-looking statements contained herein. The Company undertakes no obligation to publicly release the results of any revisions to these forward-looking statements that may be made to reflect any future events or circumstances.

YOUTHSTREAM MEDIA NETWORKS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
THREE MONTHS ENDED DECEMBER 31, 2004 AND 2003

1. Organization and Basis of Presentation

Basis of Presentation

The accompanying condensed consolidated financial statements include the accounts of YouthStream Media Networks, Inc. ("YouthStream"), and its wholly-owned inactive subsidiaries, Network Event Theater, Inc. ("NET"), American Passage Media, Inc. ("American Passage"), Beyond the Wall, Inc. ("Beyond the Wall" or "BTW"), and W3T.com, Inc. ("Teen.com") (collectively, the "Company"). During fiscal 2001, the Company reorganized into two market segments: media and retail. The condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America. All intercompany items and transactions have been eliminated in consolidation.

In August 2002, the Company sold substantially all of its remaining media assets and assigned certain liabilities of its NET and American Passage subsidiaries to Alloy, Inc. and ceased operating the media segment.

In February 2004, the Company sold the assets and operations of its Beyond the Wall subsidiary and ceased operating the retail segment. Beyond the Wall was engaged in the sale of decorative wall posters through on-campus sales events, retail stores and internet sales, primarily to teenagers and young adults. During the three months ended December 31, 2003, Beyond the Wall operated 17 stores in 12 states, plus Washington, D.C., throughout the East and mid-West, as well as a warehouse and distribution center in Stroudsburg, Pennsylvania, and was the Company's only revenue-generating business operation. The condensed consolidated financial statements for the three months ended December 31, 2003 have been restated to reflect Beyond the Wall's operations as a discontinued operation as a result of the disposal of the its assets and operations on February 25, 2004 (see Note 3).

The Company did not have any revenue-generating business operations during the three months ended December 31, 2004.

The accompanying condensed consolidated financial statements are unaudited, but in the opinion of management of the Company, contain all adjustments, which include normal recurring adjustments, necessary to present fairly the financial position at December 31, 2004, the results of operations for the three months December 31, 2004 and 2003, and the cash flows for the three months ended December 31, 2004 and 2003. The balance sheet as of September 30, 2004 is derived from the Company's audited financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2004.

Certain information and footnote disclosures normally included in financial statements that have been prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission, although management of the Company believes that the disclosures contained in these financial statements are adequate to make the information presented therein not misleading. For further information, refer to the financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2004, as filed with the Securities and Exchange Commission.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The results of operations for the three months ended December 31, 2004 are not necessarily indicative of the results of operations to be expected for the full fiscal year ending September 30, 2005.

7

Financial Statement Presentation

The Company has incurred recurring operating losses since its inception. As of September 30, 2004, the Company had an accumulated deficit of \$343,834,836, a stockholders' deficiency of \$13,065,365, a working capital deficiency of \$3,452,840, and a net loss and negative cash flows from operating activities for the year ended September 30, 2004 of \$2,365,620 and \$901,443, respectively. As of December 31, 2004, the Company had an accumulated deficit of \$344,043,452, a stockholders' deficiency of \$13,273,981, a working capital deficiency of \$3,597,743, and a net loss and negative cash flows from operating activities for the three months ended December 31, 2004 of \$208,616 and \$203,147, respectively. The Company has insufficient capital to fund all of its obligations. The Company also sold its remaining operating business during the year ended September 30, 2004. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The condensed consolidated financial statements do not include any adjustments to reflect the possible future effect of the recoverability and classification of assets or the amounts and classifications of liabilities that may result from the outcome of this uncertainty. The Company's independent registered public accounting firm, in its report dated December 17, 2004, included an explanatory paragraph stating that the Company's recurring losses and accumulated deficit, working capital deficiency and negative cash flow, among other things, raise substantial doubt about the Company's ability to continue as a going concern.

The Company's management intends to continue efforts to settle the Company's outstanding obligations and minimize operating costs. The Company believes that its current cash resources will be adequate to fund its operations at current levels during the remainder of fiscal 2005. However, to the extent the Company's estimates and assumptions are inaccurate and/or the Company is unable to successfully settle outstanding obligations at reduced amounts, the Company may not have sufficient cash resources to fund such obligations and maintain its operations. In such event, the Company may be required to consider a formal or informal restructuring or reorganization.

As a result of the sale of the assets and operations of Beyond the Wall in February 2004, the Company did not have any revenue-generating business operations at December 31, 2004. In July 2004, the Company entered into a letter of intent to acquire a steel mini-mill located in Ashland, Kentucky (see Note 2). If the Company is able to complete this transaction, the Company expects to utilize all or most of its available cash resources to fund such endeavor, and will therefore need to obtain additional operating capital to fund corporate general and administrative expenses either through internal or external resources.

The Company's management may also consider various strategic alternatives in the future, including the acquisition of new business opportunities, which may be from related or unrelated parties. However, there can be no assurances that such efforts will ultimately be successful. The Company may finance any acquisitions through a combination of debt and/or equity securities.

Stock-Based Compensation

The Company generally grants stock options to management and employees for a fixed number of shares with an exercise price equal to or greater than the fair value of the shares at the date of grant. The Company accounts for stock option grants in accordance with Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees", and, accordingly, recognizes compensation expense only if the fair value of the underlying common stock exceeds the exercise price of the stock option on the date of grant. As permitted by SFAS No. 123, the Company continues to account for stock-based compensation in accordance with APB Opinion No. 25 and has elected the pro forma disclosure alternative of SFAS No. 123, as amended by SFAS No. 148 (see Note 4).

Net Loss Per Share

The Company calculates net loss per share as required by SFAS No. 128, "Earnings per Share". Basic earnings per share excludes any dilution for common stock equivalents and is computed by dividing net loss by the weighted average number of common shares outstanding during the relevant period. Diluted earnings per share reflects the potential dilution that could occur if options or other

8

securities or contracts entitling the holder to acquire shares of common stock were exercised or converted, resulting in the issuance of additional shares of common stock that would then share in earnings. However, diluted earnings per share does not consider such dilution if its effect would be anti-dilutive. Accordingly, basic and diluted loss per share are the same for all periods presented.

Recent Accounting Pronouncements

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS No. 150 establishes standards for how an issuer classifies and measures in its statement of financial position certain financial instruments with characteristics of both liabilities and equity. SFAS No. 150 requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances) because that financial instrument embodies an obligation of the issuer. SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003 and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. SFAS No. 150 is to be implemented by reporting the cumulative effect of a change in accounting principle for financial instruments created before the issuance date of SFAS No. 150 and still existing at the beginning of the interim period of adoption. Restatement is not permitted. The impact from the adoption of SFAS No. 150 for the year ended September 30, 2003 resulted in the reclassification of the mandatorily redeemable preferred stock from the mezzanine section of the balance sheet to non-current liabilities.

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN 46"), which clarifies the application of Accounting Research Bulletin No. 51, "Consolidated Financial Statements", relating to consolidation of certain entities. In December 2003, the FASB issued a revised version of FIN 46 ("FIN 46R") that replaced the original FIN 46. FIN 46R requires identification of a company's participation in variable interest entities ("VIEs"), which are defined as entities with a level of invested equity that is not sufficient to fund future activities to permit it to operate on a standalone basis. For entities identified as a VIE, FIN 46R sets forth a model to evaluate potential consolidation based on an assessment of which party to the VIE (if any) bears a majority of the exposure to its expected losses, or stands to gain from a majority of its expected returns. FIN 46R also sets forth certain disclosures regarding interests in VIEs that are deemed significant, even if consolidation is not required. The

Company is not currently participating in, or invested in any VIEs, as defined in FIN 46R. Accordingly, the implementation of the provisions of FIN 46R did not have a significant effect on the Company's consolidated financial statement presentation or disclosures.

In December 2004, the FASB issued SFAS No. 123(R), "Share-Based Payment". SFAS No. 123(R) revises SFAS No. 123, "Accounting for Stock-Based Compensation" and supersedes APB Opinion No. 25, "Accounting for Stock Issued to Employees". SFAS No. 123(R) focuses primarily on the accounting for transactions in which an entity obtains employee services in share-based payment transactions. SFAS No. 123(R) requires companies to recognize in the statement of operations the cost of employee services received in exchange for awards of equity instruments based on the grant-date fair value of those awards (with limited exceptions). SFAS No. 123(R) is effective as of the first interim or annual reporting period that begins after June 15, 2005 for non-small business issuers and after December 15, 2005 for small business issuers. Accordingly, the Company will adopt SFAS No. 123(R) in its quarter ending March 31, 2006. The Company is currently evaluating the provisions of SFAS No. 123(R) and has not yet determined the impact, if any, that SFAS No. 123(R) will have on its financial statement presentation or disclosures.

2. Investment in KES Holdings

In September 2003, the Company announced that it made an investment of \$125,000 for a 1.00% membership interest in KES Holdings, LLC, a Delaware limited liability company ("KES Holdings"), which was formed to acquire certain assets of Kentucky Electric Steel, Inc., a Delaware company ("KES"), consisting of a non-operating steel mini-mill located in Ashland, Kentucky. On September 2, 2003, KES Holdings, through its subsidiary, KES Acquisition Company, LLC, a Delaware limited liability company ("KES Acquisition"), completed the acquisition of the steel-mini-mill pursuant to

9

Section 363 of the United States Bankruptcy Code for cash consideration of \$2,650,000. KES ceased production on or about December 16, 2002 and filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code on February 5, 2003. The steel mini-mill had been in operation for approximately 50 years, and was refurbished by KES Acquisition subsequent to its acquisition. The refurbished steel mini-mill has been generating revenues since early 2004.

In addition to the Company, investors in KES Holdings include, among others, affiliates of Libra Securities, LLC, a Delaware limited liability company, which is a broker-dealer registered with the Securities and Exchange Commission and an NASD member ("Libra"), consisting of Libra's parent entity, certain employees of Libra and the Ravich Revocable Trust of 1989 (Jess M. Ravich, Trustee) (the "Ravich Trust"). Robert Scott Fritz, one of the directors of the Company, is also an investor in KES Holdings. Jess M. Ravich, the President and Chief Executive Officer of Libra and the principal stockholder of Libra's parent entity, is the manager of KES Holdings, but does not have a controlling equity interest in KES Holdings. Hal G. Byer, a director of the Company, is a Senior Vice President of Libra, and by virtue of his employment with Libra, Mr. Byer has an economic interest in the investment in KES Holdings made by Libra's parent entity. The contributions of the members of KES Holdings were used in part to fund the purchase price of the steel mini-mill, with the balance used for start-up costs, working capital purposes and payment of deferred maintenance of the steel mini-mill.

Effective July 18, 2004, the Company entered into a preliminary letter of intent with KES Holdings to acquire KES Acquisition. In conjunction with the proposed acquisition, the Company will form a new subsidiary in which it will own 80.01% of the total outstanding common stock and 100% of the voting common stock, and will capitalize that

subsidiary with \$500,000. In connection with the acquisition, the new subsidiary is expected to issue to the owners of KES Acquisition in exchange for 100% of their equity interest in KES Acquisition (i) \$25,000,000 of its non-convertible non-voting redeemable preferred stock with a redemption price equal to \$25,000,000 and a 13% annual cumulative dividend and (ii) senior subordinated promissory notes in the aggregate principal amount of \$40,000,000 with an annual interest rate of 8%. As part of this transaction, the remaining 19.99% common stock interest in the new subsidiary will be owned by the former owners of KES Acquisition.

The letter of intent is subject to, among other conditions, negotiation, preparation and execution of definitive transaction documents, preparation of consolidated financial statements, compliance with state and federal securities laws and regulations, and receipt of requisite corporate approvals. The transaction is expected to close in the first calendar quarter of 2005. However, as a result of the foregoing uncertainties, there can be no assurances that the transaction will be completed. Furthermore, even if the transaction is completed, there can be no assurances that the future operations of the steel mini-mill will be successful.

As of December 31, 2004 and September 30, 2004, the Company incurred \$335,146 and \$175,144, respectively, in professional fees with respect to this transaction, which the Company has presented as deferred costs in the accompanying condensed consolidated balance sheets. These costs will be accounted for as part of the purchase consideration if and when this transaction is completed. If the Company does not complete this transaction, these costs will be charged to operations in the period that the Company's efforts to complete this transaction are terminated.

3. Discontinued Operations

On August 5, 2002, the Company sold substantially all of its media assets and assigned certain liabilities to Cass Communications, Inc., a subsidiary of Alloy, Inc. and, as a result of the sale, the media segment of the Company's operations was discontinued during the three months ended September 30, 2002.

In early fiscal 2003 the Company followed through on its previously announced plans to close a number of under performing retail stores within its Beyond the Wall chain and incurred approximately \$989,000 of store-closing costs during the three months ended December 31, 2002. The loss from discontinued operations for the three months ended December 31, 2003 of \$321,108 consists of an operating loss of \$821,108, offset by a gain of \$500,000 resulting from the reduction of a prior accrual

10

with respect to the closing of retail stores. The reduction in the accrual was a result of the Company completing settlements with landlords below what had been originally accrued.

Effective February 25, 2004, the Company's wholly-owned subsidiary, Beyond the Wall, Inc. ("BTW"), sold substantially all of its assets and operations to a group unaffiliated with the Company (which included certain former management of BTW), for \$1,920,000, consisting of a cash payment of \$820,000 and a subordinated secured promissory note (the "Note") for \$1,100,000, with interest at 10% per annum, due October 31, 2006. The buyer had the right to make certain optional principal pre-payments on the Note by June 30, 2004, which would result in the principal balance of the Note being adjusted downward, in excess of such principal pre-payments, based on an agreed-upon sliding scale as set forth in the Note.

On April 30, 2004, the buyer made an optional principal pre-payment on the Note of \$400,000. Accordingly, under the provisions of the sale agreement, the buyer received a credit of \$107,000 against the \$1,100,000 note (in excess of

the \$400,000 payment), as well as an additional \$150,000 back-end credit on the Note. On October 31, 2004, the buyer made its scheduled principal payment on the Note of \$198,000, plus accrued interest of \$49,227. Remaining scheduled principal payments at December 31, 2004 with respect to the Note totaling \$245,000 are as follows: October 31, 2005 – \$198,000; October 31, 2006 – \$47,000.

The Company initially recognized a loss of \$565,000 with respect to this sale before taking into consideration the effect of the \$400,000 principal pre-payment made on April 30, 2004. Inclusive of such payment, the effect of the accelerated payment credit and the back-end credit resulted in an additional loss of \$257,000, which decreased the carrying value of the note receivable from \$1,100,000 to \$843,000 and increased the loss on the BTW sale from \$565,000 to \$822,000. The loss on the BTW sale was reported as a loss on the disposal of discontinued operations for the three months ended March 31, 2004. As a result of the sale, the retail segment operations were discontinued during the three months ended March 31, 2004.

Net revenues and gain (loss) from discontinued operations are summarized as follows:

	Three Months Ended December 31,	
	2004	2003
Net revenues	\$ —	\$ 1,053,567
Gain (loss) from discontinued operations	\$ 2,691	\$ (821,108)
Gain on disposal of discontinued operations	—	500,000
Net gain (loss) from discontinued operations	\$ 2,691	\$ (321,108)

As of December 31, 2004 and September 30, 2004, the Company has accrued liabilities of \$2,490,993 and \$2,498,468, respectively, remaining from its discontinued businesses. The accruals primarily consists of severance, lease payments and other costs related to the operations of the discontinued businesses

4. Stock-Based Compensation

During October 2003, the Company issued an option to purchase 50,000 shares of common stock to its Chief Executive Officer, exercisable through October 2010 at \$0.26 per share, which was the fair market value on the date of issuance.

The Company accounts for stock-based employee compensation in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25 and FASB Interpretation No. 44 ("FIN 44"), "Accounting for Certain Transactions Involving Stock Compensation", and complies with the disclosure requirements of SFAS No. 123, "Accounting for Stock-Based Compensation". Under APB No. 25, compensation expense is recorded based on the difference, if any, between the fair value of the Company's stock and the exercise price on the measurement date. The Company accounts for stock issued to non-employees in accordance with SFAS No. 123, which requires entities to recognize as expense over the service period the fair value of all stock-based awards on the date of grant and

such transactions.

Pro forma information regarding net loss per share is required by SFAS 123, and has been determined as if the Company had accounted for its employee stock options under the fair value method of such statement. The fair value for these options was estimated at the date of grant using the Black-Scholes option-pricing model.

For purpose of pro forma disclosures, the estimated fair value of the options is amortized to operations over the vesting period of the options or the expected period of benefit. The Company's unaudited pro forma information is summarized as follows:

	Three Months Ended	
	December 31,	
	2004	2003
Net loss attributable to common shares – as reported	\$ (208,616)	\$ (664,672)
Add: Total stock-based employee compensation expense included in reported net loss	—	—
Deduct: Total stock-based employee compensation expense determined under fair value method for all awards	—	(13,000)
Net loss, pro forma	\$ (208,616)	\$ (677,672)
Basic and diluted net loss per common share, as reported	\$ (0.01)	\$ (0.02)
Basic and diluted net loss per common share, pro forma	\$ (0.01)	\$ (0.02)

Securities entitling the holder to acquire shares of common stock that have been excluded from the calculation of diluted earnings per share due to their anti-dilutive effect are summarized as follows:

	December 31, 2004	September 30, 2004
Stock options	1,205,404	1,205,404
Common stock purchase warrants	1,000,000	1,000,000

5. Property and Equipment

At December 31, 2004, in conjunction with the relocation of the Company's administrative offices, the Company wrote off the remaining balance of its office equipment of \$20,429.

6. Legal Proceedings

The Company and/or its former subsidiary, Beyond the Wall, are also defendants in various other lawsuits and claims from various trade creditors and former landlords seeking damages aggregating approximately \$300,000. Certain of these claims are the responsibility of the buyer of the Beyond the Wall business. The Company evaluates its response in each situation based on the particular facts and circumstances of a claim. Accordingly, the ultimate outcome of these matters cannot be determined at this time and may ultimately result in judgments and liens against the Company, its real estate or its other assets. The Company has made sufficient accruals for the exposure related to such matters that have been deemed probable and reasonably estimable at December 31, 2004 and September 30, 2004.

Given the Company's current financial situation, the costs of defending these proceedings and diversion of management's attention to these matters, the outcome of such proceedings could have a material adverse effect on the Company's financial condition or operating results, including its ability to restructure its debts without seeking

bankruptcy protection or being the subject of an involuntary bankruptcy petition, or its ability to continue as a going concern.

12

7. Income Taxes

No current or deferred federal tax provision or benefit has been provided for the three months ended December 31, 2004 and 2003 due to the significant losses incurred to date.

The Company is subject to periodic audits by federal, state and local tax authorities for various tax liabilities incurred in prior periods from the parent entity and its subsidiaries, including any discontinued businesses. The amount of any tax assessments and penalties may be material and may negatively impact the Company's operations. Given the uncertainty in the amount and the difficulty in estimating the probability of the assessments arising from future tax audits, the Company has not made accruals for such tax contingencies.

13

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

General Overview

During fiscal 2001, the Company reorganized into two market segments: media and retail. In August 2002, the Company sold substantially all of its remaining media assets and assigned certain liabilities of its NET and American Passage subsidiaries to Alloy, Inc. and ceased operating the media segment.

In February 2004, the Company sold the assets and operations of its Beyond the Wall subsidiary and ceased operating the retail segment. Beyond the Wall was engaged in the sale of decorative wall posters through on-campus sales events, retail stores and internet sales, primarily to teenagers and young adults. During the three months ended December 31, 2003, Beyond the Wall operated 17 stores in 12 states, plus Washington, D.C., throughout the East and mid-West, as well as a warehouse and distribution center in Stroudsburg, Pennsylvania, and was the Company's only revenue-generating business operation. The condensed consolidated financial statements for the three months ended December 31, 2003 have been restated to reflect Beyond the Wall's operations as a discontinued operation as a result of the disposal of the assets and operations of Beyond the Wall on February 25, 2004.

The Company did not have any revenue-generating business operations during the three months ended December 31, 2004.

Going Concern

The Company has incurred recurring operating losses since its inception. As of September 30, 2004, the Company had an accumulated deficit of \$343,834,836, a stockholders' deficiency of \$13,065,365, a working capital deficiency of

\$3,452,840, and a net loss and negative cash flows from operating activities for the year ended September 30, 2004 of \$2,365,620 and \$901,443, respectively. As of December 31, 2004, the Company had an accumulated deficit of \$344,043,452, a stockholders' deficiency of \$13,273,981, a working capital deficiency of \$3,597,743, and a net loss and negative cash flows from operating activities for the three months ended December 31, 2004 of \$208,616 and \$203,147, respectively. The Company has insufficient capital to fund all of its obligations. The Company also sold its remaining operating business during the year ended September 30, 2004. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The condensed consolidated financial statements do not include any adjustments to reflect the possible future effect of the recoverability and classification of assets or the amounts and classifications of liabilities that may result from the outcome of this uncertainty. The Company's independent registered public accounting firm, in its report dated December 17, 2004, included an explanatory paragraph stating that the Company's recurring losses and accumulated deficit, working capital deficiency and negative cash flow, among other things, raise substantial doubt about the Company's ability to continue as a going concern.

Sale of Assets and Operations of Beyond the Wall, Inc.

Effective February 25, 2004, the Company's wholly-owned subsidiary, Beyond the Wall, Inc. ("BTW"), sold substantially all of its assets and operations to a group unaffiliated with the Company (which included certain former management of BTW), for \$1,920,000, consisting of a cash payment of \$820,000 and a subordinated secured promissory note (the "Note") for \$1,100,000, with interest at 10% per annum, due October 31, 2006. The buyer had the right to make certain optional principal pre-payments on the Note by June 30, 2004, which would result in the principal balance of the Note being adjusted downward, in excess of such principal pre-payments, based on an agreed-upon sliding scale as set forth in the Note.

On April 30, 2004, the buyer made an optional principal pre-payment on the Note of \$400,000. Accordingly, under the provisions of the sale agreement, the buyer received a credit of \$107,000 against the \$1,100,000 note (in excess of the \$400,000 payment), as well as an additional \$150,000 back-end credit on the Note. On October 31, 2004, the buyer made its scheduled principal payment on

14

the Note of \$198,000, plus accrued interest of \$49,227. Remaining scheduled principal payments at December 31, 2004 with respect to the Note totaling \$245,000 are as follows: October 31, 2005 – \$198,000; October 31, 2006 – \$47,000.

The Company initially recognized a loss of \$565,000 with respect to this sale before taking into consideration the effect of the \$400,000 principal pre-payment made on April 30, 2004. Inclusive of such payment, the effect of the accelerated payment credit and the back-end credit resulted in an additional loss of \$257,000, which decreased the carrying value of the note receivable from \$1,100,000 to \$843,000 and increased the loss on the BTW sale from \$565,000 to \$822,000. The loss on the BTW sale was reported as a loss on the disposal of discontinued operations for the three months ended March 31, 2004. As a result of the sale, the retail segment operations were discontinued during the three months ended March 31, 2004.

Investment in KES Holdings

In September 2003, the Company announced that it made an investment of \$125,000 for a 1.00% membership interest in KES Holdings, LLC, a Delaware limited liability company ("KES Holdings"), which was formed to acquire certain

assets of Kentucky Electric Steel, Inc., a Delaware company ("KES"), consisting of a non-operating steel mini-mill located in Ashland, Kentucky. On September 2, 2003, KES Holdings, through its subsidiary, KES Acquisition Company, LLC, a Delaware limited liability company ("KES Acquisition"), completed the acquisition of the steel-mini-mill pursuant to Section 363 of the United States Bankruptcy Code for cash consideration of \$2,650,000. KES ceased production on or about December 16, 2002 and filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code on February 5, 2003. The steel mini-mill had been in operation for approximately 50 years, and was refurbished by KES Acquisition subsequent to its acquisition. The refurbished steel mini-mill has been generating revenues since early 2004.

In addition to the Company, investors in KES Holdings include, among others, affiliates of Libra Securities, LLC, a Delaware limited liability company, which is a broker-dealer registered with the Securities and Exchange Commission and an NASD member ("Libra"), consisting of Libra's parent entity, certain employees of Libra and the Ravich Revocable Trust of 1989 (Jess M. Ravich, Trustee) (the "Ravich Trust"). Robert Scott Fritz, one of the directors of the Company, is also an investor in KES Holdings. Jess M. Ravich, the President and Chief Executive Officer of Libra and the principal stockholder of Libra's parent entity, is the manager of KES Holdings, but does not have a controlling equity interest in KES Holdings. Hal G. Byer, a director of the Company, is a Senior Vice President of Libra, and by virtue of his employment with Libra, Mr. Byer has an economic interest in the investment in KES Holdings made by Libra's parent entity. The contributions of the members of KES Holdings were used in part to fund the purchase price of the steel mini-mill, with the balance used for start-up costs, working capital purposes and payment of deferred maintenance of the steel mini-mill.

Effective July 18, 2004, the Company entered into a preliminary letter of intent with KES Holdings to acquire KES Acquisition. In conjunction with the proposed acquisition, the Company will form a new subsidiary in which it will own 80.01% of the total outstanding common stock and 100% of the voting common stock, and will capitalize that subsidiary with \$500,000. In connection with the acquisition, the new subsidiary is expected to issue to the owners of KES Acquisition in exchange for 100% of their equity interest in KES Acquisition (i) \$25,000,000 of its non-convertible non-voting redeemable preferred stock with a redemption price equal to \$25,000,000 and a 13% annual cumulative dividend and (ii) senior subordinated promissory notes in the aggregate principal amount of \$40,000,000 with an annual interest rate of 8%. As part of this transaction, the remaining 19.99% common stock interest in the new subsidiary will be owned by the former owners of KES Acquisition.

The letter of intent is subject to, among other conditions, negotiation, preparation and execution of definitive transaction documents, preparation of consolidated financial statements, compliance with state and federal securities laws and regulations, and receipt of requisite corporate approvals. The transaction is expected to close in the first calendar quarter of 2005. However, as a result of the foregoing uncertainties, there can be no assurances that the transaction will be completed. Furthermore, even if the transaction is completed, there can be no assurances that the future operations of the steel mini-mill will be successful.

15

As of December 31, 2004 and September 30, 2004, the Company incurred \$335,146 and \$175,144, respectively, in professional fees with respect to this transaction, which the Company has presented as deferred costs in the accompanying condensed consolidated balance sheets. These costs will be accounted for as part of the purchase consideration if and when this transaction is completed. If the Company does not complete this transaction, these costs will be charged to operations in the period that the Company's efforts to complete this transaction are terminated.

Critical Accounting Policies

The Company prepared its financial statements in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Management periodically evaluates the estimates and judgments made. Management bases its estimates and judgments on historical experience and on various factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates as a result of different assumptions or conditions.

The following critical accounting policies affect the more significant judgments and estimates used in the preparation of the Company's financial statements.

Impairment of Assets

The Company periodically evaluates its non-current assets for potential impairment indicators. The Company's judgments regarding the potential impairment are based on legal factors, market conditions and operational performance indicators, among others. Future events could cause us to conclude that impairment indicators exist and that such assets (primarily investments, notes receivable and fixed assets) are impaired.

Income Taxes

The Company records a valuation allowance to reduce its deferred tax assets to the amount that is more likely than not to be realized. In the event the Company was to determine that it would be able to realize its deferred tax assets in the future in excess of its recorded amount, an adjustment to the deferred tax assets would be credited to operations in the period such determination was made. Likewise, should the Company determine that it would not be able to realize all or part of its deferred tax assets in the future, an adjustment to the deferred tax assets would be charged to operations in the period such determination was made.

Results of Operations – Three Months Ended December 31, 2004 and 2003

The assets and operations of the Company's Beyond the Wall subsidiary were sold in February 2004, as a result of which the operations of this subsidiary for the three months ended December 31, 2003 are presented below as a discontinued operation.

General and Administrative. For the three months ended December 31, 2004, corporate general and administrative expenses were \$189,691, as compared to \$328,563 for the three months ended December 31, 2003. The decrease of \$138,872 or 42.3% was due to various cost reductions, including reduced corporate personnel and office expenses, in 2004 as compared to 2003. Significant components of general and administrative expenses include management compensation, legal and accounting fees and insurance costs.

Write-off of Fixed Assets. At December 31, 2004, in conjunction with the relocation of the Company's administrative offices, the Company wrote off the remaining balance of its office equipment of \$20,429.

Depreciation and Amortization. For the three months ended December 31, 2004 and 2003, depreciation and amortization expense was \$4,980 for each period.

Edgar Filing: YOUTHSTREAM MEDIA NETWORKS INC - Form 10QSB

Interest Income. For the three months ended December 31, 2004, interest income was \$14,365, as compared to \$299 for the three months ended December 31, 2003, as a result of an increase in interest-bearing cash balances.

Interest Expense. For the three months ended December 31, 2004, interest expense was \$10,572, as compared to \$10,260 for the three months ended December 31, 2003.

Income Taxes. For the three months ended December 31, 2003, the Company recorded a benefit from income taxes of \$60. The Company did not record any provision for or benefit from income taxes for the three months ended December 31, 2004.

Loss From Continuing Operations. For the three months ended December 31, 2004, as a result of the aforementioned factors, the loss from continuing operations was \$211,307, as compared to a loss from continuing operations of \$343,564 for the three months ended December 31, 2003.

Gain (Loss) From Discontinued Operations. For the three months ended December 31, 2004, the Company had a gain from discontinued operations of \$2,691, as compared to a loss from discontinued operations of \$321,108 for the three months ended December 31, 2003. The loss from discontinued operations for the three months ended December 31, 2003 of \$321,108 consists of an operating loss of \$821,108, offset by a gain of \$500,000 resulting from the reduction of a prior accrual with respect to the closing of retail stores. The reduction in the accrual was a result of the Company completing settlements with landlords below what had been originally accrued.

Net Loss. For the three months ended December 31, 2004, as a result of the aforementioned factors, the Company had a net loss of \$208,616, as compared to a net loss of \$664,672 for the three months ended December 31, 2003.

Liquidity and Capital Resources – December 31, 2004

To date, the Company has financed its operations primarily through the sale of equity securities and debt, and the sale or liquidation of its previous operating businesses. As of December 31, 2004, the Company had \$558,958 in cash, a decrease of \$115,922 as compared to September 30, 2004. The Company has never been profitable and as currently configured expects to continue to incur losses subsequent to December 31, 2004. Since the sale of the assets and operations of Beyond the Wall in February 2004, the Company has not had any revenue-generating business operations.

The Company's consolidated financial statements have been prepared on the assumption that the Company will continue as a going concern. The Company's independent registered public accounting firm, in its report on the Company's consolidated financial statements for the fiscal year ended September 30, 2004, has included an explanatory paragraph stating that the Company's recurring losses and accumulated deficit, working capital deficiency and negative cash flow, among other factors, raise substantial doubt about the Company's ability to continue as a going concern. The Company may find it necessary to rely upon financing from the issuance of debt and/or equity securities to be able to sustain its operations, acquire or develop new operations, and fund its ongoing obligations. However, there can be no assurance that the Company will be able to obtain sufficient additional capital under acceptable terms or conditions. Furthermore, there can be no assurances that the Company will be able to generate sufficient revenues from a new business opportunity to meet the Company's ongoing obligations. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

The Company's management intends to continue efforts to settle the Company's outstanding obligations and minimize operating costs. The Company believes that its current cash resources will be adequate to fund its operations at current levels during the remainder of fiscal 2005. However, to the extent the Company's estimates and assumptions are inaccurate and/or the Company is unable to successfully settle outstanding obligations at reduced amounts, the Company may not have sufficient cash resources to fund such obligations and maintain its operations. In such event, the Company may be required to consider a formal or informal restructuring or reorganization.

As a result of the sale of the assets and operations of Beyond the Wall in February 2004, the Company did not have any revenue-generating business operations at December 31, 2004. In July

17

2004, the Company entered into a letter of intent to acquire a steel mini-mill located in Ashland, Kentucky. If the Company is able to complete this transaction, the Company expects to utilize all or most of its available cash resources to fund such endeavor, and will therefore need to obtain additional operating capital to fund corporate general and administrative expenses either through internal or external resources.

The Company's management may also consider various strategic alternatives in the future, including the acquisition of new business opportunities, which may be from related or unrelated parties. However, there can be no assurances that such efforts will ultimately be successful. The Company may finance any acquisitions through a combination of debt and/or equity securities.

Operating Activities. During the three months ended December 31, 2004, the Company used \$203,147 of cash in operating activities, primarily to fund its net loss in 2004 of \$208,616. During the three months ended December 31, 2003, the Company used \$300,561 of cash in operating activities, primarily to fund its loss from continuing operations in 2003 of \$343,564.

Investing Activities. During the three months ended December 31, 2004, net cash provided by investing activities was \$87,225, consisting of the October 31, 2004 scheduled principal payment of \$198,000, plus accrued interest of \$49,227, on the note that the Company received in the February 2004 sale of the assets and operations of Beyond the Wall, offset by \$160,002 of deferred costs with respect to the KES Holdings transaction.

Financing Activities. During the three months ended December 31, 2004 and 2003, the Company did not generate or use any cash in financing transactions.

Principal Commitments

At December 31, 2004, the Company's principal commitments consisted of the following obligations:

	Total	Payments Due by Period			
		Less than 1 year	Between 2-3 years	Between 4-5 years	After 5 years
Contractual cash obligations					
Long-term debt	\$ 4,914,783	\$ —	\$ —	\$ —	\$ 4,914,783
Preferred stock subject to mandatory redemption	5,269,333	—	—	—	5,269,333
Total	\$10,184,116	\$ —	\$ —	\$ —	\$10,184,116

At December 31, 2004, the Company does not have any material commitments for operating leases or capital expenditures, or have any transactions, obligations or relationships that could be considered off-balance sheet arrangements.

Off-Balance Sheet Arrangements

The Company does not have any transactions, obligations or relationships that could be considered off-balance sheet arrangements at December 31, 2004.

Recent Accounting Pronouncements

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity". SFAS No. 150 establishes standards for how an issuer classifies and measures in its statement of financial position certain financial instruments with characteristics of both liabilities and equity. SFAS No. 150 requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances) because that financial instrument embodies an obligation of the issuer. SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003 and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. SFAS No. 150 is to be implemented by reporting the cumulative effect of a change in accounting principle for financial instruments created before the issuance date of SFAS No. 150 and still existing at the beginning of the interim period of adoption. Restatement is not permitted. The impact from the adoption of SFAS No. 150 for the year ended September 30, 2003 resulted in the reclassification of the mandatorily redeemable preferred stock from the mezzanine section of the balance sheet to non-current liabilities.

18

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN 46"), which clarifies the application of Accounting Research Bulletin No. 51, "Consolidated Financial Statements", relating to consolidation of certain entities. In December 2003, the FASB issued a revised version of FIN 46 ("FIN 46R") that replaced the original FIN 46. FIN 46R requires identification of a company's participation in variable interest entities ("VIEs"), which are defined as entities with a level of invested equity that is not sufficient to fund future activities to permit it to operate on a standalone basis. For entities identified as a VIE, FIN 46R sets forth a model to evaluate potential consolidation based on an assessment of which party to the VIE (if any) bears a majority of the exposure to its expected losses, or stands to gain from a majority of its expected returns. FIN 46R also sets forth certain disclosures regarding interests in VIEs that are deemed significant, even if consolidation is not required. The Company is not currently participating in, or invested in any VIEs, as defined in FIN 46R. Accordingly, the implementation of the provisions of FIN 46R did not have a significant effect on the Company's consolidated financial statement presentation or disclosures.

In December 2004, the FASB issued SFAS No. 123(R), "Share-Based Payment". SFAS No. 123(R) revises SFAS No. 123, "Accounting for Stock-Based Compensation" and supersedes APB Opinion No. 25, "Accounting for Stock Issued to Employees". SFAS No. 123(R) focuses primarily on the accounting for transactions in which an entity obtains employee services in share-based payment transactions. SFAS No. 123(R) requires companies to recognize in the statement of operations the cost of employee services received in exchange for awards of equity instruments based on the grant-date fair value of those awards (with limited exceptions). SFAS No. 123(R) is effective as of the first interim or annual reporting period that begins after June 15, 2005 for non-small business issuers and after December 15, 2005 for small business issuers. Accordingly, the Company will adopt SFAS No. 123(R) in its quarter ending March 31, 2006. The Company is currently evaluating the provisions of SFAS No. 123(R) and has not yet determined the impact, if any, that SFAS No. 123(R) will have on its financial statement presentation or disclosures.

ITEM 3. CONTROLS AND PROCEDURES

(a) Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures are designed to ensure that information required to be disclosed in the reports filed or submitted under the Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified in the rules and forms of the Securities and Exchange Commission. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the reports filed under the Exchange Act of 1934 is accumulated and communicated to management, including its principal executive and financial officers, as appropriate, to allow timely decisions regarding required disclosure.

The Company carried out an evaluation, under the supervision and with the participation of the Company's management, including its principal executive and financial officers, of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the period covered by this report. Based upon and as of the date of that evaluation, the Company's principal executive and financial officers concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed in the reports the Company files and submits under the Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

(b) Changes in Internal Controls

There were no changes in the Company's internal controls or in other factors that could have significantly affected those controls subsequent to the date of the Company's most recent evaluation.

19

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company and/or its former subsidiary, Beyond the Wall, are also defendants in various other lawsuits and claims from various trade creditors and former landlords seeking damages aggregating approximately \$300,000. Certain of these claims are the responsibility of the buyer of the Beyond the Wall business. The Company evaluates its response in each situation based on the particular facts and circumstances of a claim. Accordingly, the ultimate outcome of these matters cannot be determined at this time and may ultimately result in judgments and liens against the Company, its real estate or its other assets. The Company has made sufficient accruals for the exposure related to such matters that have been deemed probable and reasonably estimable at December 31, 2004 and September 30, 2004.

Given the Company's current financial situation, the costs of defending these proceedings and diversion of management's attention to these matters, the outcome of such proceedings could have a material adverse effect on the Company's financial condition or operating results, including its ability to restructure its debts without seeking bankruptcy protection or being the subject of an involuntary bankruptcy petition, or its ability to continue as a going concern.

ITEM 6. EXHIBITS

A list of exhibits required to be filed as part of this report is set forth in the Index to Exhibits, which immediately precedes such exhibits, and is incorporated herein by reference.
