Annual Meeting of Stockholders

PROXY STATEMENT

Our Board of Directors is furnishing you this Proxy Statement to solicit proxies on its behalf at the 2002 Annual Meeting of Stockholders of Haverty Furniture Companies, Inc., (the Company). The Meeting will be held on May 7, 2002, at the Harbor Court Hotel, 550 Light Street, Baltimore, Maryland 21202, beginning promptly at 10:00 a.m. local time. We anticipate that this Proxy Statement and the accompanying proxy will first be mailed to our stockholders on or about March 29, 2002.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

Q: Why am I receiving this Proxy Statement and proxy card?

A: You are receiving a Proxy Statement and proxy card from us because you own shares of our stock. This Proxy Statement describes issues on which we would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision.

Q: What am I voting on?

A: You will be voting on the election of the directors.

Q: Why are there two groups of Directors?

A: The owners of Common Stock and Class A Common Stock vote as separate classes in the election of directors. The owners of Common Stock are entitled to elect 25% of the members of the Board of Directors, or the nearest higher whole number that is at least 25% of the total number of directors standing for election. The owners of Class A Common Stock are entitled to elect 75% of the members of the Board of Directors, or the remaining number of directors standing for election.

Q: Who is entitled to vote?

A: You may vote if you owned stock as of the close of business on March 13, 2002. With respect to all stockholder matters, owners of Common Stock are entitled to one vote for each share held. The owners of Class A Common Stock are entitled to ten votes for each share held except for the election of directors, which owners are entitled to one vote for each share held. As of March 13, 2002, we had 16,880,062 shares of the Company's \$1.00 par value of Common Stock and 4,652,232 shares of the Company's \$1.00 par value of Class A Stock outstanding.

Table of Contents

Q: What is the difference between a stockholder of Record and a stockholder who holds stock in Street Name ?

A: If your shares are registered in your name, you are a stockholder of record. If your shares are in the name of your broker or bank, your shares are held in street name.

Q: How do I vote before the meeting?

A: You do this by signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. If you hold your shares in street name, you may have options to vote by telephone or the internet in addition to mail depending on the bank's or broker's voting processes. Please follow the directions on your proxy card carefully.

Q: Can I vote at the meeting?

A: You may vote your shares at the meeting if you attend in person. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy.

Q: Can I change my mind after I vote?

A: You may change your vote at any time before the polls close at the meeting. You may do this by either signing another proxy with a later date and returning it to us prior to the meeting or voting again at the meeting.

Q: What is a proxy?

A: It is your legal designation of another person to vote stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. When you sign the proxy card, you appoint Dennis L. Fink and Jenny H. Parker as your representatives at the meeting.

Q: How will the proxies vote on any other business brought up at the meeting?

A: By submitting your proxy card, you authorize the proxies to use their judgment to determine how to vote on any other matter brought before the Annual Meeting. The Company does not know of any other business to be considered at the Annual Meeting.

The proxies' authority to vote according to their judgment applies only to shares you own as the stockholder of record.

Table of Contents

Q: What if I return my proxy card but do not provide voting instructions?

A: Proxies that are signed and returned but do not contain instructions will be voted For each of the matters set forth in the Notice accompanying this Proxy Statement.

Q: What does it mean if I receive more than one proxy card?

A: It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is SunTrust Bank, which may be reached at 1-800-568-3476.

Q: Will my shares be voted if I do not provide my proxy?

A: Your shares may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms have the authority under the New York Stock Exchange rules to vote customers' unvoted shares, which are referred to as broker non-votes, on certain routine matters, including the election of directors. Shares represented by broker non-votes are counted for purposes of establishing a quorum. At our meeting, shares represented by broker non-votes will be counted as voted by the brokerage firm in the election of directors, but will not be counted for all other matters to be voted on because these other matters are not considered routine under the applicable rules. If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy.

Q: How are the Company's shares in the Havertys 401(k) Savings Plan and Retirement Plan and Trust voted?

A: The Trustees of the Plans vote the shares in accordance with instructions from the Company's Compensation and Employee Benefits Committee of the Board of Directors.

Q: How many votes must be present to hold the meeting?

A: Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy. In order for us to conduct our meeting, a majority of our outstanding shares of the combined classes of common stock as of March 13, 2002, must be present in person or by proxy at the meeting. This is referred to as a quorum.

Q: How many votes are needed to elect Directors?

A: The nominees receiving the highest number of For votes will be elected as directors. This number is called a plurality. Shares not voted, whether by broker non-vote (which is described above), or otherwise, will have no impact on the election of directors. Unless a properly executed proxy card is marked Withhold Authority, the proxy given will be voted For the nominees for director.

Table of Contents

Q: Can my shares be voted on matters other than those described in this Proxy Statement?

A: Yes. The Company has not received proper notice of, and is not aware of, any business to be transacted at the meeting other than as indicated in this Proxy Statement. If any other item or proposal properly comes before the meeting, the proposal will be voted upon in accordance with the discretion of the appointed proxies.

Q: Are votes confidential?

A: We will continue our long-standing practice of holding the votes of all stockholders in confidence except: (a) as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company, (b) in case of a contested proxy solicitation, (c) if a stockholder makes a written comment on the proxy card or otherwise communicates his/her vote to management, or (d) to allow the independent inspectors of election to certify the results of the vote.

Q: How is this proxy solicitation being conducted?

A: The Company bears all costs of this solicitation and distribution of proxy materials. The Company will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to stockholders.

The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held two meetings during fiscal 2001.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and representations that no other reports were required during the fiscal year ended December 31, 2001, the Company's officers, directors and 10% stockholders complied with all Section 16(a) filing requirements applicable to them.

Options granted on December 20, 2001 vest in annual increments of 25% beginning April 30, 2003 except for those issued to Mr. Slater which are vested 100% due to the acceleration of vesting for optionees reaching age 65.

Risk-Free Rate (i):	5.0%	Contractual Term (Years):	10
Volatility (ii):	39.3%	Expected Life (Years):	6
Dividend Yield:	1.3%		

(i) Based on US Stripped Treasury Securities with similar maturities to the expected life of the option term.

(ii) Based on 438 consecutive beginning-of-week stock prices.

The exercise price of each grant is equal to the market price on the Grant Date. The Black-Scholes option values for those grants made on January 18, 2001 and December 20, 2001 are \$5.32 and \$6.47 per share, respectively.

Retirement Plan

The Company maintains a tax-qualified, non-contributory defined benefit retirement plan (the Retirement Plan). All employees of the Company are eligible to participate upon completion of one year of service and reaching age 21. Officers are eligible to participate in the Retirement Plan, but directors are not eligible unless they are also full-time employees. Annual contributions to the Retirement Plan are made in amounts determined by the Retirement Plan's actuaries to be sufficient to fund the benefits to be paid and to meet regulatory requirements.

The Retirement Plan provides for the payment of fixed monthly benefits upon an employee's normal retirement at age 65. Benefits may also be paid upon early retirement as provided in the Retirement Plan. Benefits upon retirement are based upon years of service (up to a maximum of 40 years for calculating such benefits) and final average earnings. Final average earnings means the average annual earnings for the five consecutive years in which a participant had the highest earnings during the last ten years of employment. Compensation for purposes of computing annual benefits under the Retirement Plan includes basic salary, wages, overtime pay, bonuses, commissions, amounts contributed to the 401(k) plan by the employee and other direct compensation included in the IRS Form W-2.

Table of Contents

The table below illustrates the estimated annual benefits payable upon retirement under the Retirement Plan to persons in specified years of service and compensation categories. The benefits shown are straight-life annuities and are based upon an assumed retirement during 2001. The compensation amounts shown are compensation in the final year of employment. For purposes of determining final average earnings, a 5% per year increase in earnings was used for prior years.

* Under existing federal laws, earnings used to calculate benefits under the Retirement Plan may not exceed \$170,000 for 2001, and \$200,000 for 2002. Also, annual benefits under the Retirement Plan may not exceed \$140,000 for 2001, and \$160,000 for 2002 regardless of the benefit amount otherwise produced by the Retirement Plan formula. These limits are subject to future adjustments for cost of living increases. Annual benefits in the above table do not reflect either of these limits, and are in addition to any amounts payable from Social Security.

The years of service accrued to the Named Executive Officers are as follows:

Employee	Years of Service Accrued As of 12/31/01
Clarence H. Ridley	1
John E. Slater, Jr.	45
Clarence H. Smith	28

Supplemental Executive Retirement Plan

On November 3, 1995, the Board of Directors adopted a non-qualified Supplemental Executive Retirement Plan (the Plan), effective January 1, 1996, for the benefit of those employees whose retirement benefits would otherwise be reduced by the limitation imposed by federal pension law and I.R.S. regulations on the amount of compensation that may be taken into account in computing benefits under a defined benefit retirement plan. Federal pension law and I.R.S. regulations currently prohibit providing benefits on annual compensation above \$170,000 for 2001, and \$200,000 for 2002. Under the provisions of the 1996 Supplemental Plan, participation in the Plan will be automatic for any employee who has pay that cannot be included in computing benefits under the Company's defined benefit Retirement Plan because it exceeds the I.R.S. limit; however, the total amount of annual retirement benefits that may be paid to an eligible participant in the Plan from all sources (Retirement Plan, Social Security and the 1996 Supplemental Plan) may not exceed \$125,000. [See Retirement Plan (p. 17) for information on the amount of benefits which the Named Executive Officers are eligible to receive upon retirement.]

Mutual Fund Option Plan

On January 15, 1999, the Board of Directors adopted the Havertys Top Hat Mutual Fund Option Plan (the Plan). The Plan covers certain executives and employees as designated by the Executive Committee of the Board of Directors. The Plan is designed to accumulate retirement funds for selected employees, including the executive officers. The Plan allows participants to defer up to 100% of their bonus compensation in exchange for an option to buy selected mutual funds at a discount equal to the bonus he or she would have otherwise received. The Plan required participants to defer 100% of their 1998 awarded bonus compensation and subsequent bonuses are deferrable, all or in part, by advance election by covered employees. The Plan is administered by the Company.

Agreements with Executives Regarding Change in Control

On February 7, 1997, and February 23, 2001, the Board of Directors approved agreements (the Agreement or Agreements) between the Company and certain executive officers of the Company, including each of the Named Executive Officers. These Agreements provide for certain cash payments and continuation of benefits in the event of a Change in Control or Potential Change in Control of the Company, as defined in the Agreement. Generally, a Change in Control shall be deemed to have occurred if (i) any person becomes a beneficial owner of 20% or more of the combined voting power of the Company's outstanding securities (other than Rawson Haverty, Mrs. Betty Haverty Smith, Clarence H. Ridley, John Rhodes Haverty, M.D., and Frank S. McGaughey, Jr., and their spouses, lineal descendants, heirs, administrators or representatives), or (ii) during any period of two consecutive years, individuals who at the beginning of such period constitute the Board and any new director approved by two-thirds of the directors then in office cease for any reason to constitute a majority of the Board of Directors, or (iii) the stockholders of the Company approve a merger or statutory share exchange with any other corporation (other than a transaction which results in the Company's outstanding voting securities prior thereto continuing to represent at least 75% of the combined voting power of the Company's outstanding securities, or a transaction in which no person acquires more than 50% of the combined voting power of the Company's outstanding securities), or (iv) the stockholders of the Company approve a plan of complete liquidation or an agreement for the sale or disposition of all or substantially all of the Company's assets. Messrs. Clarence H. Ridley, John E. Slater, Jr., Clarence H. Smith, Dennis L. Fink and M. Tony Wilkerson have entered into agreements providing for the following:

Upon termination of the Executive's employment following a Change in Control and during the term of the Agreement, unless termination is for cause, by reason of death, disability or retirement, or by the Executive without Good Reason as defined in the Agreement, or if termination occurs prior to a Change in Control but following a Potential Change in Control in which the Company has entered into an agreement, the consummation of which will constitute a Change in Control, the Company will:

- (a) pay to the Executive a lump severance payment in cash equal to the sum of (1) the higher of two times the Executive's annual base salary in effect immediately prior to the event upon which the notice of termination is based or two times the average of the Executive's annual base salary for the three years immediately prior to the event upon which the notice of termination is based, and (2) the higher of two times the amount paid to the Executive as an annual discretionary bonus in the year preceding the year in which the date of termination occurs or two times the average amount paid in the three years preceding that in which the date of termination occurs;

Table of Contents

- (b) pay to the Executive a lump sum amount in cash equal to the sum of any annual discretionary bonus which has been allocated or awarded to the Executive for a complete fiscal year preceding the date of termination but has not yet been paid and a pro rata portion of an annual discretionary bonus for the fiscal year in which the date of termination occurs (based upon the discretionary bonus paid or awarded in the most recently completed fiscal year);
- (c) at the option of the Executive, repurchase of all options held by the Executive for a lump sum amount in cash equal to the product of the spread (the value of one share of stock less the per share exercise price) times the number of shares covered by each option. The value of the stock for purposes of determining the spread shall be the higher of the current market value per share or the highest per share price paid for shares within the six months preceding or after any Change in Control;
- (d) for 24 months after the date of termination, arrange to provide the Executive with life, disability, accident and health insurance benefits substantially similar to those which the Executive is receiving immediately prior to the notice of termination.

In addition, following a Change in Control and during the term of the Agreement, during any period that the Executive fails to perform full-time duties as a result of incapacity due to physical or mental illness, the Company will pay the Executive's full salary together with all compensation and benefits payable to the Executive until the Executive's employment is terminated by the Company for disability. If the Executive's employment is terminated for any reason following a Change in Control and during the term of the Agreement, the Company will pay the Executive's full salary through the date of termination together with all compensation and benefits payable through the date of termination, and will pay the Executive's normal post-termination compensation and benefits as such payments become due in accordance with the Company's retirement, insurance and other compensation or benefit plans or programs.

Rawson Haverty, Jr., has also entered into an Agreement with the Company on identical terms and conditions described above, except that the severance payments with respect to annual base salary and bonus shall be with respect to one year's base salary and one year's annual bonus (or the average of the annual salary and the annual bonus over the previous three years, whichever is higher) as opposed to twice such amounts, and post-termination insurance benefits shall be provided for 12 months after termination as opposed to 24 months.

The Company may reduce payments under any Agreement in accordance with provisions of the Agreement in order to insure that the total payments to an Executive will be deductible pursuant to Section 280G of the Internal Revenue Code of 1986, as amended. The term of each Agreement is for a period of one year commencing on January 1 and will renew automatically each January 1 thereafter for a period of one year unless earlier terminated under the Agreement or in the event a Change of Control occurs prior to such January 1. If a Change in Control occurs during the term of the Agreement, the Agreement will continue in effect for a period of not less than 36 months beyond the month in which the Change in Control occurred.

Compensation of Directors

Annual retainer fees to directors are paid semi-annually each year on May 1 and November 1. Fees for employee directors total \$3,000 and fees for non-employee directors were increased to \$30,000 from \$15,000 in November 2001. Pursuant to the Directors' Compensation Plan adopted by the Board of Directors and approved by stockholders in 1996, the semi-annual portion of the annual retainer fee to be paid on May 1 each year shall be paid in shares of the Company's \$1 par value Common Stock equal to the fair market value of such stock at the close of the market on that day. At the election of the director, the remaining portion of the annual retainer fee may be paid in shares of Common Stock. In addition to the annual retainer, each non-employee director receives a fee of \$1,250 (increased from \$600 in November) for attendance at each Board meeting and each meeting of a Board committee on which such director serves.

Table of Contents

The Company maintains a Directors' Deferred Compensation Plan that permits all directors who choose participation in the Plan to defer to a future date receipt of payment of retainer fees and/or meeting fees (meeting fees being applicable only to non-employee directors) which would otherwise be paid in cash or in shares of Common Stock for their services as directors and members of committees of the Board of Directors. Under the Plan, such deferred fees (to be accrued in a director's account in the form of an equivalent number of shares of Common Stock and/or cash), plus accrued interest (at a rate determined annually by the Executive Committee in accordance with the Plan), shall be distributed in the future to a director in one lump sum or in no more than ten equal annual installments on the date or dates that had been pre-determined and elected by such director upon his initial election to participate in the Plan, or in accordance with the terms of the Plan. Six directors will participate in the Plan in 2002.

Pursuant to an automatic grant provision under the Company's 1998 Stock Option Plan, the Plan authorizes that each non-employee director of the Company be granted, on a pre-determined date annually, an option to purchase 6,000 shares of Common Stock at an exercise price equal to 100% of the market price of such stock on the date of grant. On October 31, 2001, options were granted to the five non-employee directors of the Company at that date covering an aggregate of 30,000 shares of Common Stock at an exercise price per share of \$12.50. Such options were granted to John T. Glover, L. Phillip Humann, Mylle B. Mangum, Frank S. McGaughey, III, and Robert R. Woodson.

Additional Information With Respect to Compensation Committee Interlocks and Insider Participation in Compensation Decisions

The Compensation Committee of the Board of Directors performs the function of determining executive officer compensation. During the fiscal year ended December 31, 2001, the Compensation Committee was comprised of three members: Frank S. McGaughey, III, L. Phillip Humann, and Mylle B. Mangum.

L. Phillip Humann, a director of the Company and a member of the Compensation Committee of the Board of Directors, is Chairman of the Board of Directors, President, and Chief Executive Officer of SunTrust Banks, Inc. SunTrust Banks, Inc. and its subsidiaries (SunTrust) provide commercial banking, trust and transfer agent services to the Company on terms comparable to other customers similarly situated. During 2001, SunTrust made a \$25 million 364-day secured loan to the Company for which upfront fees of \$75,000 were paid. As of December 31, 2001, the Company's indebtedness to SunTrust Banks, Inc. totaled \$64.6 million. During March 2002, the Company's unsecured committed revolving credit agreement was replaced. The new agreement includes SunTrust and five other commercial banks under which the Company can borrow up to \$80 million for general corporate purposes over a three and a half-year period and \$45 million over a 364-day period. Rates of interest under this credit agreement are competitive. SunTrust earned arrangement fees totaling \$150,000 with respect to this transaction. SunTrust also provided services to the Company during March 2002 in connection with the structuring of a \$20 million operating lease facility for which the Company paid fees to SunTrust totaling \$250,000. The Company had no similar transactions requiring disclosure during 1999 and 2000. In the opinion of Management, the terms of such banking, credit, and capital markets transactions are fair and reasonable and as favorable to the Company as those which could be obtained from unrelated third parties at the time of their execution.

Certain Relationships and Related Transactions

See Additional Information with Respect to Compensation Committee Interlocks and Insider Participation in Compensation Decisions above, which describes certain business relationships between the Company and certain of its directors.

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Exchange Act that might incorporate future filings, including this Proxy Statement in, whole or in part, the following Report of the Compensation Committee on Executive Compensation and the Stockholder Return Performance Graph shall not be incorporated by reference into any such filings.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors determines salary and bonus arrangements for all executive officers of the Company, including the Chief Executive Officer. The Compensation Committee is composed of Frank S. McGaughey, III, L. Phillip Humann, and Mylle B. Mangum.

The Compensation Committee (the Committee) reviews and approves the proposed compensation of the Company's Chief Executive Officer and all other corporate officers and considers management succession and related matters. In addition, the Committee reviews all awards made to executives under the Company's stock plans and its other incentive compensation plans.

Under the supervision of the Committee, the Company has developed and implemented compensation policies, plans and programs that seek to enhance the profitability of the Company, and thus stockholder value, by aligning closely the financial interests of the Company's executives with those of its stockholders. The objectives of the Company's compensation program are to:

Support the achievement of the Company's strategic operating objectives;

Provide compensation that will attract and retain superior talent and reward the executives based upon Company and individual performance;

Align the executives' financial interests with the success of the Company by placing a substantial portion of pay at risk (i.e., payout that is dependent upon Company and individual performance); and

Provide a strategic balance among short, medium and long-term compensation such that it encourages a balanced perspective on the part of the executive between short-term profit goals and long-term value creation.

The Company's executive compensation program consists of base salary, annual cash incentive compensation in the form of performance bonuses, long-term incentive compensation in the form of stock options, supplemental executive benefits and various other benefits, including life and medical insurance plans.

Base Salaries: It is the Committee's objective to maintain base salaries that are reflective of the financial performance of the Company and the individual executive's experience, responsibility level and performance, and that are competitive with the salary levels offered to executives sought out by other companies engaged in the same or similar lines of business with revenues in a range comparable to those of the Company and companies of similar size and complexity of operations. The Committee intends to monitor the salaries of all corporate officers annually and to make any adjustments it deems necessary and appropriate.

Table of Contents

Bonuses: For fiscal 2001, the annual bonuses available to the Company's market area and regional managers and corporate executive officers were based upon quantitative measures of the Company's financial performance as measured by profits before bonuses, LIFO provision and income taxes (corporate profits). Market area and regional manager bonuses are based on a pre-set formula related to annual profits produced in such area or region. Bonus amounts for executive officers, department heads and other key persons are based on the profits of the Company and assessment of individual contribution. These bonuses are determined subjectively by the Compensation Committee.

Total bonuses earned for fiscal year 2001 by 88 individuals amounted to \$4,381,000, a decrease of \$599,000, or 12.0%, as compared to the 2000 bonuses. Of this amount 25.3% was earned by the five officers holding the five most highly compensated positions during fiscal year 2001.

In 1999, corporate profits increased 56.3% from the prior year, and net income of the Company increased 62.8%, as compared to an overall increase in bonuses of 38.8%. In 2000, corporate profits increased 7.3% from the prior year, and net income of the Company increased 1.6%, as compared to an overall increase in bonuses of 9.8%. Diluted earnings per share for 2000 before the cumulative effect of a change in accounting principle increased 10.1%. In 2001, corporate profits decreased 17.5% from the prior year and income before the cumulative effect of a change in accounting principle of the Company decreased 18.5% as compared to an overall decrease in bonuses of 12.0%. Diluted earnings per share decreased 19.1% to \$1.06.

Equity Incentives: The Company's 1998 Stock Option Plan currently is the basis for the Company's long-term incentive plan for executives and key employees. The purpose of the 1998 Stock Option Plan is to promote the interests of the Company and its shareholders by providing officers and other employees (including directors who are employees) of the Company with appropriate incentives and rewards to encourage them to enter into and continue in the employ of the Company and to acquire a proprietary interest in the long-term success of the Company.

During fiscal year 2001, option awards were made to approximately 186 of the Company's employees covering an aggregate of 734,000 shares of Common Stock including the named executive officers. All options were granted with an exercise price equal to the market value of the Company's Common Stock at the date of grant and have a term of ten years. The options become exercisable beginning up to one year from the date of grant with annual vesting schedules based on the number of shares per individual grant. Grants of under 2,000 shares vest after one year; grants of 2,000 up to 5,000 shares vest ratably over two years; grants of 5,000 up to 10,000 shares vest 30%, 30% and 40% over three years; and grants of 10,000 or more shares vest ratably over four years. Additionally, vesting is accelerated for optionees reaching age 65, such that any remaining options are fully vested.

Chief Executive Officer: In setting the Chief Executive Officer's compensation, the Committee considers salary, bonus and stock options as discussed above. The principal burden of corporate management decisions is carried by a Management Committee that is appointed by the Chief Executive Officer and which is currently comprised of the Named Executive Officers and four other officers; however, the Chief Executive Officer bears final responsibility for such management decisions.

Traditionally, the compensation of the Chief Executive Officer and other executive officers has increased or decreased in relation to the profitability of the Company, as well as its market position and in light of competitive compensation levels. Based upon a review of available information on public companies as discussed above, the Executive Committee believes that the compensation of the Chief Executive Officer of the Company is comparable to the compensation of chief executive officers of other such companies.

Section 162(m): To the extent readily determinable and as one of the factors in its consideration of the various components of executive compensation, the committee considers the anticipated tax treatment to the Company and to the executives of various payments and benefits. Some types of compensation payments and their deductibility (e.g., the spread on exercise of non-qualified options and exercises under the mutual fund option plan) depend upon the timing of an executive's vesting or exercise of previously granted rights.

Further, interpretations of and changes in the tax laws and other factors beyond the Committee's control also affect the deductibility of compensation. For these and other reasons, the Committee will not necessarily and in all circumstances be able to limit executive compensation to that amount deductible under Section 162(m) of the Internal Revenue Code. The Committee will consider various alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with its other compensation objectives.

APPENDIX A

AUDIT COMMITTEE CHARTER

Organization

This charter governs the operations of the Audit Committee. The Committee shall review and reassess the charter at least annually and submit it to the Board of Directors for approval and adoption. The Committee shall be appointed by the Board of Directors and shall comprise at least three directors, each of whom are independent of management and the Company. A member of the Committee shall be considered independent if the Board of Directors determines in its business judgment that such member has no relationship that may interfere with the exercise of independence from management and the Company. All Committee members shall be financially literate, or shall become financially literate within a reasonable period of time after appointment to the Committee, and at least one member shall have accounting or related financial management expertise.

Statement of Policy

The Audit Committee shall provide assistance to the Board of Directors in fulfilling its oversight responsibility relating to the Company's financial statements and financial reporting process, the Company's systems of internal accounting and financial controls, the Company's internal audit function, the annual independent audit of the Company's financial statements, and the Company's legal compliance and ethics programs as established by management and the Board. In so doing, the Committee shall maintain free and open communication with the Company's independent auditors, the Company's internal auditors, and management of the Company. In discharging its oversight role, the Committee is empowered to investigate, if it deems such action appropriate, any matter brought to its attention, and shall have full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel, or other experts for this purpose.

Responsibilities and Processes

The primary responsibility of the Audit Committee is to oversee the Company's financial reporting process on behalf of the Board and report the results of its activities to the Board. Management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements. The Committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The Committee, together with the Board, will take the appropriate actions to reinforce the overall corporate tone for quality financial reporting, sound business risk practices, and ethical behavior.

The following shall be the principal recurring processes of the Audit Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Committee may supplement or modify them as appropriate.

The Committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the Board and the Audit Committee, as representatives of the Company's shareholders. The Committee shall have the authority and responsibility to evaluate and, where appropriate, recommend to the Board the replacement of the independent auditors. The Committee shall discuss with the auditors their independence from management and the Company and any matters which the Committee believes are included in the written disclosures required by the Independence Standards Board and such other matters as the Committee deems appropriate. Annually, the Committee shall review and recommend to the Board the selection of the Company's independent auditors, subject to shareholders' approval.

Table of Contents

The Committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits, including the adequacy of staffing and compensation. Also, the Committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the Company's accounting and financial controls, including the Company's systems of monitoring and managing business risk, and the Company's legal and ethical compliance programs. Further, the Committee shall meet separately with the internal auditors and with the independent auditors, with and without management present, to discuss the results of their respective examinations.

At least one member of the Committee shall review the interim financial statements with management and the independent auditors in connection with the filing of the Company's Quarterly Report on Form 10-Q. Also, the Committee shall discuss with the independent auditors the results of the quarterly review and any other matters communicated to the Committee by the independent auditors. The chair, or other member designated by the chair, of the Committee may represent the Committee for the purposes of this quarterly review.

The Committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including the judgment of management and the independent auditors, about the quality and not just acceptability, of the Company's accounting principles, the reasonableness of significant judgments and estimates by management, and the clarity of the disclosures in the Company's financial statements.
