PROXY STATEMENT

THE GEO GROUP, INC.

621 NW 53rd Street, Suite 700
Boca Raton, Florida 33487
Telephone: (866) 301-4436

April 5, 2004

The GEO Group Inc. (GEO, we or us) is furnishing this proxy statement in connection with the solicitation of proxies by its board of directors for use at its annual meeting of shareholders to be held at the Boca Raton Resort & Club, Boca Raton, Florida, May 6, 2004, at 9:00 A.M. (EST). Please note the proxy card provides a means to withhold authority to vote for any individual director-nominee. Also, note the format of the proxy card, which provides an opportunity to specify your choice between approval, disapproval or abstention with respect to the proposals indicated on the proxy card. A proxy card, which is properly executed, returned and not revoked, will be voted in accordance with the instructions indicated. A proxy voted by telephone and not revoked will be voted in accordance with the shareholder's instructions. If no instructions are given, proxies that are signed and returned or voted by telephone will be voted as follows:

FOR The election of directors for the ensuing year; and

FOR The proposal to ratify the appointment of Ernst & Young LLP as the independent certified public accountants of GEO.
The enclosed proxy gives discretionary authority as to any matters not specifically referred to therein. Management is not aware of any other matters to be presented for action by shareholders at the annual meeting. If any such matter or matters properly come before the annual meeting, it is understood that the designated proxy holders have discretionary authority to vote thereon.

Holders of shares of GEO common stock, par value \$0.01 per share, of record as of the close of business on March 26, 2004, will be entitled to one vote for each share of common stock standing in their name on the books of GEO. On March 26, 2004, GEO had 9,332,552 shares of common stock issued and outstanding.

The presence, in person or by proxy, of at least a majority of the total number of shares of common stock outstanding on the record date will constitute a quorum for purposes of the annual meeting. With the exception of the election of directors, which requires a plurality of the votes cast, any other proposals to come before the annual meeting will be approved if the number of votes cast in favor of the proposal exceed the number of votes cast against the proposal. Shares of common stock represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the annual meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. However, neither abstentions nor broker non-votes are counted as voted either for or against a proposal. If less than a majority of the outstanding shares of common stock are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting to another date and time.

Any person giving a proxy has the power to revoke it any time before it is voted by written notice to GEO, by executing and delivering a later dated proxy, or by attending the meeting and voting the shares.

The costs of preparation, assembly and mailing this proxy statement and the accompanying materials will be borne by GEO. It is contemplated that the solicitation of proxies will be by mail and telephone. We mailed this proxy statement, the notice of annual meeting, the proxy card and our 2003 annual report to shareholders on or about April 5, 2004.

Table of Contents***Proposal 1*****Election of Directors****Directors and Nominees**

The board of directors will be comprised of seven (7) members. The seven (7) nominees are listed below. All of the nominees are presently directors of GEO. All seven (7) of the directors were elected by the shareholders at their last annual meeting.

On July 8, 2003, the board of directors unanimously accepted the resignations of Group 4 Falck officers, Lars Nørby Johansen and Søren Lundsberg-Nielsen, effective July 7, 2003, reducing our board of directors from nine (9) to seven (7) members. The resignations resulted from GEO's repurchase on July 9, 2003 of 12 million shares of GEO common stock from Group 4 Falck, which eliminated Group 4 Falck's majority ownership interest in GEO.

Unless instructed otherwise, the persons named on the accompanying proxy card will vote for the election of the nominees named below to serve for the ensuing year and until their successors are elected and qualified. If any nominee for director shall become unavailable (which management has no reason to believe will be the case), it is intended that the shares represented by the enclosed proxy card will be voted for any such replacement or substitute nominee as may be nominated by the board of directors.

OTHER CORPORATE GOVERNANCE INFORMATION

Director Independence

Pursuant to the corporate governance standards applicable to companies listed on the NYSE, the board of directors must be comprised of a majority of directors who qualify as independent directors. In determining independence, each year the board of directors affirmatively determines whether directors have a material relationship with GEO. When assessing the materiality of a director's relationship with GEO, the board of directors considers all relevant facts and circumstances, not merely from the director's standpoint, but also from that of the persons or organizations with which the director has an affiliation. An independent director is free from any relationship with GEO that may impair the director's ability to make independent judgments. Particular attention is paid to whether the director is independent from management and, with respect to organizations affiliated with a director with which GEO does business, the frequency and regularity of the business conducted, and whether the business is carried out at arm's length on substantially the same terms to GEO as those prevailing at the time from unrelated third parties for comparable business transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships.

Applying the NYSE's independence standards, the board of directors has determined that Norman A. Carlson, Benjamin R. Civiletti, G. Fred DiBona, Jr., Anne N. Foreman and Richard H. Glanton qualify as independent under the New York Stock Exchange's corporate governance standards, and that the board of directors is therefore comprised of a majority of independent directors. The board of directors' determination that each of these directors is independent was based on the fact that none of the directors had a material relationship with GEO outside of such person's position as a director, including a relationship that would disqualify such director from being considered independent under the NYSE's listing standards.

Director Identification and Selection

The processes for director selection and director qualifications are set forth in Section 3 of our Governance Guidelines. The board of directors, acting on the recommendation of the Nominating and Corporate Governance Committee, will nominate a slate of director candidates for election at each annual meeting of shareholders and will elect directors to fill vacancies, including vacancies created as a result of any increase in the size of the board, between annual meetings. Nominees for director are selected on the basis of outstanding achievement in their personal careers, broad experience, wisdom, integrity, ability to make independent, analytical inquiries, understanding of the business environment, and willingness to devote adequate time to duties of the board of directors. The board is committed to diversified membership and will not discriminate on the basis of race, color, national origin, gender, religion or disability in selecting nominees. The Nominating and Corporate Governance Committee may, to the extent it deems appropriate, engage a third party professional search firm to identify and review new director candidates and their credentials.

Table of Contents

The Nominating and Corporate Governance Committee will consider proposed nominees whose names are submitted to it by shareholders; however, it does not have a formal process for that consideration. The Nominating and Corporate Governance Committee has not adopted a formal process because it believes that the informal consideration process has been adequate to date. The Nominating and Corporate Governance Committee intends to review periodically whether a more formal policy should be adopted. If a shareholder wishes to suggest a proposed name for committee consideration, the name of that nominee and related personal information should be forwarded to the Nominating and Corporate Governance Committee, in care of the Corporate Secretary, at least six months before the next annual meeting to assure time for meaningful consideration by the committee.

Code of Business Conduct and Ethics

The board of directors has adopted a code of business conduct and ethics applicable to GEO's directors, officers, employees, agents and representatives, including its consultants. The code strives to deter wrongdoing and promote honest and ethical conduct, the avoidance of conflicts of interest, full, fair, accurate, timely and transparent disclosure, compliance with the applicable government and self-regulatory organization laws, rules and regulations, prompt internal reporting of violations of the code, and accountability for compliance with the code. The code can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link Corporate on our homepage and then clicking on the link Corporate Governance. In addition, the code is available in print to any shareholder who requests it by contacting Pablo E. Paez, Manager, Corporate Communications, at 561-999-7306.

Code of Ethics for CEO, Senior Financial Officers and Other Employees

Pursuant to Section 406 of the Sarbanes-Oxley Act of 2002, the board of directors has also adopted a code of ethics for the CEO, its senior financial officers and all other employees. The text of this code is located in Section 18 of the code of business conduct and ethics. The code can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link Corporate on our homepage and then clicking on the link Corporate Governance. In addition, the code is available in print to any shareholder who requests it by contacting Pablo E. Paez, Manager, Corporate Communications, at 561-999-7306.

Corporate Governance Guidelines

The board of directors has adopted corporate governance guidelines to promote the effective functioning of the board of directors and its committees, and the continued implementation of good corporate governance practices. The corporate governance guidelines address matters such as the role and structure of the board of directors, the selection, qualifications and continuing education of members of the board of directors, board meetings, non-employee director executive sessions, board self-evaluation, board committees, CEO performance review, succession planning, non-employee director compensation, certain shareholder matters and certain shareholder rights.

The corporate governance guidelines can be found on our website at <http://www.thegeogroupinc.com> by clicking on the link Corporate on our homepage and then clicking on the link Corporate Governance. In addition, the corporate governance guidelines are available in print to any shareholder who requests them by contacting Pablo E. Paez, Manager, Corporate Communications, at 561-999-7306.

Annual Board and Committee Self-Assessments and Non-Employee Director Executive Sessions

The board of directors conducts a self-assessment annually, which is reported by the Nominating and Corporate Governance Committee to the board of directors. In addition, the Audit and Finance Committee, the Compensation Committee and the Nominating and Corporate Governance Committee also undergo annual self-assessments of their performance. The non-employee directors of the board of directors meet in executive session at least twice per year and such meetings are presided over by a presiding director who is typically the chairman of the Nominating and Corporate Governance Committee.

Shareholder Communications with Directors

The board of directors has adopted a process to facilitate written communications by shareholders or other interested parties to the board. Persons wishing to write to the board of directors of GEO, or to a specified director or committee of the board, should send correspondence to the Corporate Secretary at 621 NW 53rd Street, Suite 700, Boca Raton, Florida, 33487.

The Corporate Secretary will forward to the directors all communications that, in his or her judgment, are appropriate for consideration by the directors. Examples of communications that would not be appropriate for consideration by the directors include commercial solicitations and matters not relevant to the shareholders, to the functioning of the board, or to the affairs of GEO.

Board Member Attendance at Annual Meetings

GEO encourages all of its directors to attend the annual meeting of shareholders. We generally hold a board meeting coincident with our annual meeting to minimize director travel obligations and facilitate their attendance at the annual shareholders' meeting. All of our then current directors attended the 2003 annual meeting of shareholders.

INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

The board of directors has retained the firm of Ernst & Young LLP, which we refer to as Ernst & Young, independent certified public accountants, to serve as independent auditors for the fiscal year ending January 2, 2005. Ernst & Young has served as GEO's independent certified public accountants since 2002. Through May 27, 2002, Arthur Andersen LLP, which we refer to as Arthur Andersen, was GEO's principal independent auditor. It is expected that a member of Ernst & Young will be present at the annual meeting with the opportunity to make a statement if so desired and will be available to respond to appropriate questions. The following sets forth the aggregate fees billed by Ernst & Young and Arthur Andersen to GEO related to fiscal years 2003 and 2002:

Audit Fees

Fees billed by Ernst & Young for audit services were approximately \$1,711,741 for 2003 and \$437,714 for 2002, including fees associated with the annual audit, the reviews of GEO's quarterly reports on Form 10-Q, statutory audits required internationally, fees related to filings with the SEC and accounting consultations.

The aggregate fees billed by Arthur Andersen for professional services rendered in connection with the review of the financial statements included in certain of GEO's quarterly reports on Form 10-Q for 2002 were \$15,000.

Audit-Related Fees

Fees billed by Ernst & Young for audit-related services were approximately \$8,693 for 2003 for consultations on proposed financial reporting standards on internal controls. There were no audit-related services for 2002 billed by Ernst & Young.

The aggregate fees billed by Arthur Andersen for audit-related services in 2002, including contract audits and other attest services under professional standards, were approximately \$66,000.

Tax Fees

Fees billed by Ernst & Young for tax services, including tax compliance and tax advice primarily in GEO's foreign locations, were approximately \$135,236 for 2003 and \$93,282 for 2002.

The aggregate fees billed by Arthur Andersen for tax return preparation and tax-consulting services were approximately \$9,450 in 2002.

All Other Fees

Fees billed by Ernst & Young for all other services were approximately \$113,491 for 2003 and primarily included fees for advisory services in connection with the sale of GEO's interest in its joint venture in the United Kingdom. There were no other fees billed by Ernst & Young in 2002.

The Audit and Finance Committee of the board of directors has implemented procedures to ensure that all audit and permitted non-audit services provided to GEO are pre-approved by the Audit and Finance Committee. All of the audit-related, tax and all other services provided by Ernst & Young to GEO in 2003 were approved by the Audit and Finance Committee pursuant to these procedures. All non-audit services provided in 2003 were reviewed with the Audit and Finance Committee, which concluded that the provision of such services by Ernst & Young was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Audit and Finance Committee Pre-Approvals of Audit, Audit-Related, Tax and Permissible Non-Audit Services

On March 8, 2004, the Audit and Finance Committee approved various audit, audit-related, tax and other services scheduled to be provided by Ernst & Young during 2004. The Audit and Finance Committee plans to continue to review and pre-approve such services, as appropriate, on a periodic basis. In addition, the Audit and Finance Committee has delegated to its Chairman, G. Fred DiBona Jr., the authority to grant, on behalf of the Audit and Finance Committee, the pre-approvals required under the Sarbanes-Oxley Act for the provision by Ernst & Young to GEO of auditing and permissible non-audit services; provided, however, that any decision made by Mr. DiBona with respect to any such pre-approvals must be presented at the next regularly scheduled full Audit and Finance Committee meeting that is held after such decision is made.
