**ITEM 5. OTHER EVENTS**

On April 6, 2004, we announced that we had entered into a definitive agreement to acquire Dakota Imaging, Inc., a privately held provider of automated healthcare claims processing technology and business process outsourcing services. Dakota's solutions assist its customers in reducing costly manual processing of healthcare documents and increase auto-adjudication and auto-payment of medical claims through advanced data scrubbing.

WebMD has agreed to pay \$40 million in cash at closing and has agreed to pay up to an additional \$25 million in cash over a three year period beginning in April 2005 if certain milestones are achieved. The transaction is subject to Dakota shareholder approval and other customary closing conditions and is expected to be completed in April 2004. Upon completion of the transaction, Dakota will be included in our WebMD Envoy segment. With the acquisition of Dakota, WebMD Envoy becomes a leading supplier of paper, electronic and web based medical transaction processing solutions for both commercial and government payers.
