## **Section 1 Registrant's Business and Operations**

### **Item 1.01 Entry into a Material Definitive Agreement**

On May 16, 2007, Sonoco Products Company signed a definitive agreement to acquire privately held Matrix Packaging, Inc. (Matrix), a leading manufacturer of custom designed blow molded rigid plastic containers and injected molded products, for an all-cash purchase price of approximately \$210 million.

Matrix, headquartered in Mississauga, Ontario, Canada, operates a total of six manufacturing facilities in the United States and Canada and employs approximately 860 workers. Matrix utilizes technologically advanced rigid plastic packaging equipment, including extrusion blow molding, injection stretch blow molding and injection molding capable of producing mono-layer and multi-layer rigid plastic containers utilizing a number of plastic materials. The company manufactures a variety of custom-designed and stock containers and closures for multi-national consumer product goods companies serving the personal care, household chemicals, automotive, pharmaceutical and other markets. In addition, Matrix provides full-service decorating and component assembly capabilities including silk-screen printing, pressure sensitive and heat transfer labeling.

The acquisition, which is subject to regulatory approval, is expected to be modestly accretive in 2007 and is expected to generate sales on an annualized basis of approximately \$140 million in Sonoco's consumer packaging segment. The transaction is expected to be closed by the end of June 2007.

Sonoco intends to fund this acquisition through a combination of cash on hand and additional debt.
