Section 2 Financial Information

Item 2.02 Results of Operations and Financial Condition.

On May 1, 2008, The GEO Group, Inc. (GEO) issued a press release (the Press Release) announcing its financial results for the fiscal quarter ended March 30, 2008, a copy of which is incorporated herein by reference and attached hereto as Exhibit 99.1. GEO also held a conference call on May 1, 2008 to discuss its financial results for the quarter, a transcript of which is incorporated herein by reference and attached hereto as Exhibit 99.2.

In the Press Release, GEO provided certain pro forma financial information for the fiscal quarter ended March 30, 2008 that was not calculated in accordance with Generally Accepted Accounting Principles (the Non-GAAP Information). Generally, for purposes of Regulation G under the Securities Exchange Act of 1934, Non-GAAP Information is any numerical measure of a company s performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with GAAP. The Press Release presents the financial measure calculated and presented in accordance with GAAP which is most directly comparable to the Non-GAAP Information with a prominence equal to or greater than its presentation of the Non-GAAP Information. The Press Release also contains a reconciliation of the Non-GAAP Information to the financial measure calculated and presented in accordance with GAAP which is most directly comparable to the Non-GAAP Information.

The Press Release includes three non-GAAP measures, Pro Forma Income from Continuing Operations, Adjusted EBITDA and Adjusted Free Cash Flow, that are presented as supplemental disclosures. Pro Forma Income from Continuing Operations is defined as income from continuing operations excluding start-up expenses, international bid and proposal expenses and write-off of deferred financing fees. Adjusted EBITDA is defined as earnings before discontinued operations, interest, taxes, depreciation and amortization, excluding start-up expenses, international bid and proposal expenses and write-off of deferred financing fees. In calculating these adjusted financial measures, GEO excludes certain expenses which it believes are unusual or non-recurring in nature, in order to facilitate an understanding of GEO s operating performance. GEO s management uses these adjusted financial measures in conjunction with GAAP financial measures to monitor and evaluate its operating performance and to facilitate internal and external comparisons of the historical operating performance of GEO and its business units. Adjusted Free Cash Flow is defined as income from continuing operations excluding start-up expenses, international bid and proposal expenses, write-off of deferred financing fees and the other items referenced in the Press Release. GEO s management believes that the Adjusted Free Cash Flow measure provides useful information to GEO s management and investors regarding cash that GEO s operating business generates before taking into account certain cash and non-cash items that are non-operational or infrequent in nature.

Table of Contents

GEO's management believes that these adjusted financial measures are useful to investors to provide them with disclosures of GEO's operating results on the same basis as that used by GEO's management. Additionally, GEO's management believes that these adjusted financial measures provide useful information to investors about the performance of GEO's overall business because such financial measures eliminate the effects of unusual or non-recurring charges that are not directly attributable to GEO's underlying operating performance. GEO's management believes that because it has historically provided similar non-GAAP Financial Information in its earnings releases, continuing to do so provides consistency in its financial reporting and continuity to investors for comparability purposes.

The Non-GAAP Financial Information should be considered in addition to results that are prepared under current accounting standards but should not be considered a substitute for, or superior to, financial information prepared in accordance with GAAP. The Non-GAAP Financial Information may differ from similarly titled measures presented by other companies. The Non-GAAP Financial Information, as well as other information in the Press Release, should be read in conjunction with GEO's financial statements filed with the Securities and Exchange Commission. The information in this Form 8-K is being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section. The information in this Form 8-K shall not be incorporated by reference into any registration statement or other document pursuant to the Securities Act of 1933, as amended.

Section 8 Other Events

Item 8.01 Other events.

On May 1, 2008, The GEO Group, Inc. (GEO) issued a press release announcing plans for a 1,225-bed expansion of the Company's 500-bed North Lake Correctional Facility (the Facility) located in Baldwin, Michigan, at a cost of \$60.0 million. The Company does not currently have a management contract for this facility. The Company believes that this facilities as expanded will be more attractive to clients seeking economies of scale and therefore better position it to help meet the increased demand for correctional and detention beds by federal and state agencies around the country.

Safe-Harbor Statement

This Form 8-K contains forward-looking statements regarding future events and future performance of GEO that involve risks and uncertainties that could materially affect actual results, including statements regarding estimated earnings, revenues and costs and our ability to maintain growth and strengthen contract relationships. Factors that could cause actual results to vary from current expectations and forward-looking statements contained in this press release include, but are not limited to those factors contained in GEO's Securities and Exchange Commission filings, including the forms 10-K, 10-Q and 8-K reports.

Section 9 Financial Statements and Exhibits

Item 9.01 Financial Statements and Exhibits.
