COMMITTEE REPORTS

THE FOLLOWING REPORT OF THE COMPENSATION COMMITTEE AND AUDIT COMMITTEE OF THE COMPANY'S BOARD OF DIRECTORS (THE "COMMITTEE") AND THE PERFORMANCE GRAPH INCLUDED ELSEWHERE IN THIS PROXY STATEMENT SHALL NOT BE DEEMED SOLICITING MATERIAL OR OTHERWISE DEEMED FILED AND SHALL NOT BE DEEMED TO BE INCORPORATED BY REFERENCE BY ANY GENERAL STATEMENT INCORPORATING BY REFERENCE THIS PROXY STATEMENT INTO ANY OTHER FILING UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES EXCHANGE ACT OF 1934, EXCEPT TO THE EXTENT THE COMPANY SPECIFICALLY INCORPORATES THIS REPORT OR THE PERFORMANCE GRAPH BY REFERENCE THEREIN.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Committee recommends the compensation of the Chief Executive Officer to the Board and reviews and approves the design, administration and effectiveness of compensation programs for other key executive officers, including salary, cash bonus levels, other perquisites and certain option grants under the Company's stock option plans (the "Plans").

COMPENSATION PHILOSOPHY

The objectives of the Company's executive compensation policies are to attract, retain and reward executive officers who contribute to the Company's success, to align the financial interests of executive officers with the performance of the Company, to strengthen the relationship between executive pay and shareholder value, to motivate executive officers to achieve the Company's business objectives and to reward individual performance. During 2001, the Company used base salary, executive officer cash bonuses and stock options to achieve these objectives. In carrying out these objectives, the Committee considers the following:

- (1) THE LEVEL OF COMPENSATION PAID TO EXECUTIVE OFFICERS IN POSITIONS OF COMPANIES SIMILARLY SITUATED IN SIZE AND PRODUCTS. To ensure that pay is competitive, the Committee, from time to time, compares the Company's executive compensation packages with those offered by other companies in the same or similar industries or with other similar attributes. The Company typically surveys publicly available

7

information regarding companies listed on the Nasdaq National Market which are comparable in size, products or industry with the Company.

- (2) THE INDIVIDUAL PERFORMANCE OF EACH EXECUTIVE OFFICER. Individual performance includes any specific accomplishments of such executive officer, demonstration of job knowledge and skills and teamwork.
- (3) CORPORATE PERFORMANCE. Corporate performance is evaluated both subjectively and objectively. Subjectively, the Compensation Committee discusses and makes its own determination of how the Company performed relative to the opportunities and difficulties encountered during the year and relative to the performance of competitors and business conditions. Objectively, corporate performance is measured by

Edgar Filing: ORTHOLOGIC CORP - Form DEF 14A

predetermined operating and financial goals.

(4) THE RESPONSIBILITY AND AUTHORITY OF EACH POSITION RELATIVE TO THE OTHER POSITIONS WITHIN THE COMPANY.

The Committee does not quantitatively weigh these factors but considers all factors as a whole, using its discretion, best judgment and the experiences of its members, in establishing executive compensation. The application given each of these factors in establishing the components of executive compensation are as follows:

BASE SALARY. In establishing base salaries, the Committee believes that it tends to give greater weight to factors 1, 2 and 4 above. The Company seeks to pay salaries to executive officers that are commensurate with their qualifications, duties and responsibilities and that are competitive in the market. In conducting annual salary reviews, the Committee considers each individual executive officer's achievements during the prior fiscal year in meeting the Company's financial and business objectives, as well as the executive officer's performance of individual responsibilities and the Company's financial position and overall performance. The Committee considers the low, midpoint and upper ranges of base salaries publicly disclosed by companies that OrthoLogic believes are comparable to it and generally targets base salary to the mid-point of the ranges.

PERFORMANCE BONUSES. In establishing performance bonuses, the Committee believes that it tends to give greater weight to factors 2 and 4 above and further believes that such performance bonuses are a key link between executive pay and stockholder value. The Company has adopted a Management Bonus Plan that is based upon the financial performance of the Company and other specific company-wide objectives established by the Committee and approved by the full Board of Directors. For 2001, executive bonuses were targeted at between 40% and 56% of the executive officers' base salaries if the goals were achieved, with the more senior executive officers having a higher percentage of total compensation from annual cash bonuses. The measures chosen by the Committee to evaluate the Company's performance may vary from year to year depending on the particular facts and circumstances at the time.

OPTION GRANTS. In establishing option grants or recommendations to the entire Board, the Committee believes it tends to give greater weight to factors 2 and 3 above. The Committee believes that equity ownership by executive officers provides incentives to build stockholder value and aligns the interests of officers with the stockholders. The Committee typically recommends or awards a grant under a Plan upon hiring executive officers, subject to a four-year vesting schedule. After the initial stock option grant, the Committee considers additional grants, usually on an annual basis, under the Plan. Options are granted at the current market price for the Company's Common Stock and, consequently, have value only if the price of the Common Stock increases over the exercise price for the period during which the option is exercisable. The size of the initial grant is usually determined with reference to the seniority of the officer, the contribution the officer is expected to make to the Company and comparable equity compensation offered by others in the industry. In determining the size of the periodic grants, the Committee considers prior option grants to the officer, independent of whether the options have been exercised, the executive's performance during the year and his or her expected contributions in the succeeding year. The Committee believes that periodic option grants provide incentives for executive officers to remain with the Company.

The Omnibus Budget Reconciliation Act of 1993 includes potential limitations on tax deductions for compensation in excess of \$1,000,000 paid to the Company's Chief Executive Officer and four highest-paid executive officers. The Compensation Committee has analyzed the impact of this change in the tax law

Edgar Filing: ORTHOLOGIC CORP - Form DEF 14A

on the compensation policies of the Company, has determined that historically the effect of this provision on the taxes paid by the Company has and would not have been significant and has decided for the present to not modify the compensation policies of the Company based on such changes in the tax law. In the event that the Committee determines that a material amount of compensation

8

might potentially not be deductible, it will consider what actions, if any, should be taken to seek to make such compensation deductible without compromising its ability to motivate and reward excellent performance.

CHIEF EXECUTIVE OFFICER COMPENSATION

The Committee reviews the performance of the Chief Executive Officer at least annually. When Mr. Trotter was hired in October 1997, the Compensation Committee reviewed data from a survey of salaries for companies comparable in size, products and industry and considered the Company's earnings and financial position. Based on this criteria, the Compensation Committee set Mr. Trotter's salary at \$260,000 with a bonus percentage within the range previously approved for all executive officers. Mr. Trotter's compensation package was structured in the same manner for 2001, with an increase in salary to \$315,000.

In January 2002, the Compensation Committee met to determine bonuses based on performance during 2001 and awarded \$483,885 to its Chief Executive Officer and its top five executive officers. At the same meeting, the Compensation Committee set performance goals for 2002 and structured the 2002 Management Bonus Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2001, Fredric J. Feldman and Elwood D. Howse, Jr., independent directors, served on the Compensation Committee of the Board of Directors.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The role of the Audit Committee (the "Committee") is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors, in its business judgment, has determined that all members of the Committee are "independent," as required by applicable listing standards of the Nasdaq National Market. As set forth in the Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

Among other matters, the Committee monitors the activities and performance of the external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Committee and the Board have ultimate authority and responsibility to select, evaluate and, when appropriate, replace the company's independent auditor. Management and independent auditor presentations to and discussions with the Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor.

Edgar Filing: ORTHOLOGIC CORP - Form DEF 14A

In the performance of its oversight function, the Committee has considered and discussed the audited financial statements with management and the independent auditors. The Committee has also discussed with the independent auditors the matters required to be discussed by statement on Auditing Standards No. 61, COMMUNICATION WITH AUDIT COMMITTEES, as currently in effect. Finally, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, INDEPENDENCE DISCUSSIONS WITH AUDIT COMMITTEES, as currently in effect, and written confirmations from management with respect to services provided by the auditors, has considered whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence. The Audit Committee met four times in 2001, once separately with the auditors without the presence of management.

9

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 to be filed with the Securities and Exchange Commission.

The potential realizable value of the foregoing options is calculated by assuming that the market price of the underlying security appreciates at the indicated rate for the entire term of the option and that the option is exercised at the exercise price and sold on the last day of its term at the appreciated price.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT, AND CHANGE-IN-CONTROL ARRANGEMENTS

The Company has entered into an employment agreement with Mr. Trotter (effective October 20, 1997). The employment agreement provides that salary and bonuses shall be determined annually by the Compensation Committee of the Board of Directors. The Company may terminate the employee's employment with cause, in which case the Company shall be obligated to pay such employee's salary through the date of termination. If the Company terminates the employee's employment without cause, Mr. Trotter is entitled to 12 months salary.

The Company has entered into employment agreements with each of Sherry Sturman, Shane Kelly, Donna Lucchesi, Ruben Chairez and James Ryaby. If the Company terminates the employee's employment without cause, the employee is entitled, upon executing a severance agreement, to 12 months of salary.

Under the Company's stock option plans, upon the occurrence of a merger in which the Company is not the surviving entity, a sale of substantially all of the assets of the Company, an acquisition by a third party of 100% of the Company's outstanding equity securities or a similar reorganization of the Company, 75% of all unvested options will vest, with the balance vesting equally over 12 months or according to the individual's vesting schedule, whichever is earlier. Additionally, the Company's 1997 Stock Option Plan provides that, upon a merger, consolidation or reorganization with another corporation in which the Company is not the surviving corporation, outstanding options shall be substituted on an equitable basis for options for appropriate shares of the surviving corporation, or optionees shall receive cash in exchange for cancellation of outstanding options.

In addition, the Board of Directors in October 2001 renewed and amended the 1999 Special Incentive/Contingent Bonus Program pursuant to which Mr. Trotter will receive a bonus of up to \$2 million upon a change of control of the Company. Mr. Trotter abstained from voting on the proposal to renew and amend the 1999 plan.

13

The Compensation Committee of the Board of Directors has approved a 2002 bonus plan for the Company's executive officers that provides for bonuses of up to 40-50% of base salary, depending on Company and individual performance.
