PART I

ITEM 1. BUSINESS

Huffy Corporation, an Ohio corporation formed in 1928, and its subsidiaries (collectively called "Huffy" or the "Company") are engaged in the sporting goods segment in the design and sale of wheeled and related products, including bicycles, scooters, tricycles, skateboards and inline skates; golf equipment; hockey equipment; snowboards, skis and accessories. Also within the sporting goods segment, the Company designs, manufactures and markets basketball backboards and accessories and purchases excess sports equipment and accessories and resells these products to sporting goods retailers. In addition, the Company operates a service segment that is involved in the assembly and repair of a variety of wheeled and other products and merchandising services to retail customers. The Company's executive offices are located in Miamisburg, Ohio and its principal business offices and/or manufacturing facilities are located in Miamisburg and Springboro, Ohio; Sussex, Wisconsin; and Toronto, Ontario, Canada.

The general development of the business is discussed in more detail below.

The Company is reporting its operations as two segments, sporting goods products and services to retailers. The change from a single segment is a result of a shift in the mix of Huffy Service First Inc. business toward assembly services not directly related to the sporting goods industry, as well as the acquisition of McCalla Company and its subsidiaries and the Gen-X Sports Inc. businesses. Information regarding revenues from unaffiliated customers, operating profit and total assets for each of the Company's reporting segments is contained in the Notes to Consolidated Financial Statements included in this Annual Report on Form 10-K.

SPORTING GOODS SEGMENT

Huffy Bicycle Company including Royce Union Bicycle Company and American Sports Design Company, Huffy Sports Company and Gen-X Sports Inc. operate as the sporting goods segment, providing consumer products. Principal products and services include wheeled and related products, basketball backboards, balls, and related products, snowboards, skis and accessories, golf equipment, hockey equipment, and excess sports equipment. Sales of wheeled and related products represented 43.8 percent, 55.8 percent and 70.1 percent of consolidated revenues of the Company for the years ended December 31, 2002, 2001, and 2000. Sales of portable basketball backboards, poles, goals, and balls represented 20.1 percent, 20.4 percent, and 12.7 percent of consolidated revenues of the Company for the years ended December 31, 2002, 2001, and 2000.

PRODUCTS, MARKETING AND DISTRIBUTION

The Huffy(R) branded wheeled products, including bicycles, scooters, and

Edgar Filing: HUFFY CORP - Form 10-K

tricycles, hold a leading market position in the United States. Gen-X inline skates and skateboards are also included in the wheeled product group sold under such brands as Oxygen(R) and Ultra Wheels(R). In September 1999, in response to an unprecedented decline in Chinese bicycle pricing, the Company announced its decision to cease its United States bicycle manufacturing operations at its facilities located in Southaven, Mississippi and Farmington, Missouri. These facilities were closed in December 1999 and sold or the lease terminated, as applicable, in 2000. In 2001, the Huffy Bicycle Company terminated, effective May 2002, its shelter services agreement pursuant to which it imported wheeled products. The Huffy Bicycle Company imports Huffy(R) wheeled products from Southeast Asia including Taiwan and China. Included in the Huffy(R) product line are adult all-purpose bicycles; adult all-terrain bicycles; a series of innovative boys' and girls' 20" bicycles; a series of popular children's 12" and 16" sidewalk bicycles; scooters and tricycles. In July 1999, the Company acquired the assets of American Sports Design Company, which markets and distributes high-end bicycles primarily available over the World Wide Web, through distributors and directly from the Company's advertised order center. In 2002, Huffy agreed to license the trademarks owned by American Sports Design Company under which such bicycles are sold and to sell the equipment and inventory associated with such American Sports Design Company business to the licensee. Huffy(R) and Gen-X wheeled products are extensively advertised and are sold predominantly through United States and Canadian national and regional high volume retailers, a distribution network accounting for approximately 85 percent of all wheeled products sold in the United States. Approximately 80 percent of Huffy Bicycle Company's wheeled products are sold under the Huffy(R) brand name with the balance being sold under private label or other Company brands.

Huffy Sports Company, a division of the Company located in Sussex, Wisconsin, is a leading supplier of basketball backboards, poles, goals, and related products and basketball, football, and soccer balls for use at home. Huffy Sports Company products, many of which bear the logo of the National Basketball Association ("NBA") as well as the Huffy Sports(R) trademark, are sold predominately through national and regional high volume retailers in the United States.

3

Gen-X Sports Inc., a subsidiary of Huffy Corporation was acquired on September 19, 2002. Gen-X is headquartered in Toronto, Ontario, Canada, and is a leading supplier of sporting goods, including golf equipment, hockey equipment, snowboards, skis, inline skates and skateboards, and is a broker of excess merchandise, primarily in North America, and also markets product internationally, predominately in Europe. Gen-X imports the majority of its products from China and Taiwan, with certain of the ski products imported from Austria. Gen-X markets products under numerous brand names within the sporting goods segment, including LTD(R), Lamar(R), Sims(R), Tommy Armour(R), Ram(R), Teardrop(R), Zebra(R), Hespeler(R), Volant(R), Ultra Wheels(R), Rage(R), and Dukes(R). Gen-X Sports Inc. markets these products through United States and Canadian national and regional high volume retailers, as well as specialty sporting goods outlets.

RAW MATERIALS

Basic materials such as raw steel, steel and aluminum tubing, plastic, resins, and welding materials used in the Huffy Sports Company domestic manufacturing operations are purchased primarily from domestic sources. Alternate sources are available for all critical products and components, but the sudden loss of any major supplier could cause a temporary negative effect on Huffy Sports Company's operations.

Edgar Filing: HUFFY CORP - Form 10-K

PATENTS, TRADEMARKS AND LICENSES

The patents, trademarks (including the registered trademarks "Huffy" and "Huffy Sports"), licenses (including the license to use the NBA logo) and other proprietary rights of the companies used in the sporting goods segment are deemed important to the Company. Generally, the NBA license associated with the Huffy Sports products has five-year terms which are renegotiated upon termination. With the acquisition of Gen-X, the Company acquired rights in numerous trademarks and patents relating to its various sporting goods products. The Company has licensed certain of these intellectual property rights to third parties and intends to expand its licensing program with the addition of such marks. The loss by the Company of its rights under any individual patent, trademark (other than "Huffy"), license or other proprietary right would not have a material adverse effect on the Company. The Company's patents, by law, have a limited life, and patent rights expire periodically. The loss of the United States registered trademark "Huffy" could have a material adverse effect on the Company. The Company has no reason to believe that anyone has rights to either the United States "Huffy" trademark or the products for which the Company uses such trademarks.

SEASONALITY AND INVENTORY

Due to the relatively short lapse of time between placement of orders for products and shipments, the Company normally does not consider its backlog of orders as significant. Because of rapid delivery requirements of their customers, businesses in the sporting goods segment maintain sufficient quantities of inventories of finished goods to meet their customers' requirements. Sales of wheeled products are seasonal in that sales tend to be higher in the Spring and Fall of each year. Basketball products tend to have varying degrees of seasonality, none of which are significant to the operations of the Company. Sales of winter sports equipment, including snowboards, skis and accessories tend to be higher in the Fall and Winter seasons, while golf products tend to have higher demand during the Spring and Summer seasons. The excess merchandise products tend to have minimal seasonal fluctuations.

COMPETITION AND CUSTOMERS

In the high volume retailer wheeled products business, Huffy Bicycle Company has numerous competitors in the United States market, two of which are major competitors. Even though competition in the bicycle industry is intense, Huffy Bicycle Company believes that following its transformation from a single brand manufacturer of bicycles to a multi-brand design, marketing and distribution company, it is cost competitive in the high volume retailer wheeled products market and that its decision to import, rather than manufacture, its wheeled products will allow it to profitably maintain a leading market position. Huffy Bicycle Company's ability to provide its customers with low cost, innovative new products has enabled it to maintain its market position despite the marketing efforts of domestic competitors and competitors from Taiwan, China, and other nations. Huffy Sports Company has several competitors of which one is currently a major competitor. Huffy Sports Company maintains its competitive position by offering its customers high quality, innovative products at competitive prices and by supporting its products with outstanding customer service. Gen-X Sports Inc. has numerous competitors in the markets in which it competes; six of which are major competitors in golf, three of which are major competitors in action sports, four of which are major competitors in hockey equipment, and two of which are major competitors in the snowboard and ski equipment. Gen-X Sports maintains its competitive position by offering its customers high quality, innovative products at competitive prices and by supporting its products with outstanding customer service. Sales to two customers, Wal-Mart and Kmart, aggregated over ten percent or more of the Company's consolidated revenues from each such customer for the year ended December 31, 2002, and the loss of one of

Edgar Filing: HUFFY CORP - Form 10-K

these customers could have a material adverse effect on the Company and its subsidiaries as a whole.

4

Although to date the export business is not significant, the businesses within the sporting goods segment participate in various foreign markets and are actively involved in expanding export volume.

SERVICES TO RETAILERS SEGMENT

Huffy Service First, Inc. operates in the service segment providing in-store assembly and repair, and merchandising services sold to retail customers. McCalla Company, Creative Retail Services, Inc. and Creative Retail Services (Canada) Inc., acquired in March of 2002, provide merchandising services, including cycle and periodic product resets, stocking and sales training for a number of well-known manufacturers and/or distributors serving Home Depot. The services to retailers segment represented 23.5 percent, 23.8 percent and 17.3 percent of the consolidated revenues of the Company for the years ended December 31, 2002, 2001, and 2000.

Huffy Service First, Inc., a wholly-owned subsidiary of the Company, headquartered in Miamisburg, Ohio, serves the needs of major retailers in 50 states, Puerto Rico, Guam and the Virgin Islands by providing in-store and in-home assembly and repair of bicycles and outdoor power equipment, and in-store display services for a variety of products, including, among other things, grills, physical fitness equipment, and furniture. Huffy Service First, Inc. is the only assembly service business of this kind available to high volume retailers on a nationwide basis. Huffy Service First, Inc. also offers merchandising services (product resets and periodic maintenance of displays) to manufacturers who supply high volume retailers. In March 2002, Huffy Service First purchased McCalla Company and subsidiaries, Creative Retail Services, Inc. and Creative Retail Services (Canada) Inc., which together provide merchandising, including cycle and periodic product resets, stocking and sales training for a number of well-known manufacturers and/or distributors serving Home Depot throughout North America. McCalla Company and Creative Retail Services, Inc. are headquartered in Alpharetta, Georgia and Creative Retail Services (Canada) Inc. has an office in Toronto, Ontario, Canada.

SEASONALITY

The demand for services provided by Huffy Service First, Inc. is seasonal in that assembly service demand is generally strongest in Spring and at the Winter holiday season. The McCalla companies provide merchandising services throughout the year, with minimal seasonal fluctuations.

COMPETITION AND CUSTOMERS

Huffy Service First, Inc. has numerous competitors in the United States market, none of which is a major national competitor in the in-store and in-home assembly service business and three of which are major competitors in the merchandising services business. Huffy Service First, Inc. believes it remains competitive due to its nationwide network of operations, competitive pricing and full service solution marketing approach. The McCalla companies have a number of competitors in the Home Center channel and maintain their competitive position by providing excellent customer service through a well-trained workforce positioned throughout North America.

Edgar Filing: HUFFY CORP - Form 10-K

OTHER ADDITIONAL INFORMATION REGARDING THE COMPANY'S BUSINESS

On March 16, 1999, Huffy sold substantially all of the assets of True Temper Hardware Company and all of the shares of the capital stock of True Temper Limited to an affiliate of U.S. Industries, Inc. On November 3, 2000, Huffy sold all of the issued and outstanding shares of Washington Inventory Service to WIS Holdings Corp., an affiliate of Sterling Investment Partners, L.P.

The Company's website address is www.huffy.com. The Company makes available free of charge through a link provided at such website its Forms 10-K, 10-Q and 8-K as well as any amendments thereto. Such reports are available as soon as reasonably practicable after they are filed or furnished to the Securities and Exchange Commission.

The number of persons employed full-time by the Company as of December 31, 2002, was 1,514.

ITEM 2. PROPERTIES

Location and general character of the principal plants and other materially important physical properties of the Company as of January 2, 2003.

Location	Building Description	Business Segment	Area
Miamisburg, Ohio	Offices, display and warehouse facilities (Corporate and Huffy Service First, Inc.)	Sporting Goods and Services	
Springboro, Ohio	Offices and warehouse facility (Huffy Bicycle Company)	Sporting Goods	
Sussex, Wisconsin	Offices and manufacturing (Huffy Sports Company)	Sporting Goods	
Toronto, Ontario, Canada	Offices, display and retail outlets (Gen-X Sports Inc.)	Sporting Goods	
Carson City, California	Warehouse facility (Huffy Bicycle Company and Gen-X Sports Inc.)	Sporting Goods	

Edgar Filing: HUFFY CORP - Form 10-K

- (1) Subject to two consecutive options to renew for additional terms of five years each.
- (2) Subject to one option to renew for an additional term of five years.
- (3) Subject to an option to purchase during the term of or at the expiration of the lease.
- (4) Subject to one option to renew for an additional term of five years.
- (5) The Company operates two warehouses in Carson City, California. The first warehouse is 292,900 square feet, and the lease expires in 2007; the second is 105,654 square feet, and the lease expires in 2007. Each lease is subject to two consecutive options to renew for additional terms of five years.

All of the Company's facilities are in good condition and are considered suitable for the purposes for which they are used. The Sussex, Wisconsin manufacturing facility normally operates on two full shifts, with third shift operations scheduled as needed.

ITEM 3. LEGAL PROCEEDINGS

The Company along with numerous California water companies and other potentially responsible parties ("PRPs") for the Baldwin Park Operable Unit of the San Gabriel Valley Superfund have been named in fourteen civil lawsuits which allege claims related to the contaminated groundwater in the Azusa, California area (collectively, the "San Gabriel Cases").

The San Gabriel Cases had been stayed for a variety of reasons, including a number of demurrers and writs taken in the Appellate Division, relating primarily to the California Public Utilities Commission ("PUC") investigation described below. The resulting Appellate Division decisions were reviewed by the California Supreme Court, which ruled in February 2002. The cases have been reactivated as a result of the California Supreme Court's decision, with the trial level Coordination Judge holding a number of Status Conferences on all of the cases, at which conferences issues pertaining to the three master complaints (two of which include the Company as a defendant), preliminary demurrers to such master complaints, case management orders and initial written discovery were discussed. As noted by the matters being discussed with the Court, the toxic tort cases are in their initial stages. Thus, it is impossible to currently predict the outcome of any of the actions.

The Company, along with the other PRPs for the Baldwin Park Operable Unit of the San Gabriel Valley Superfund Site (the "BPOU"), was also named in four civil lawsuits filed by water purveyors. The water purveyor lawsuits alleged CERCLA, property damage, nuisance, trespass and other claims related to the contaminated groundwater in the BPOU (collectively, the "Water Entity Cases"). The Company was named as a direct defendant by the water purveyor in two of these cases, and was added as a third party defendant in the two others by Aerojet General Corporation, which, in those cases, was the only PRP sued by the water purveyors. Each of the Water Entity Cases have been settled through the entry of the Project Agreement. According to the terms of the Project Agreement, the Water Entity Cases have been dismissed without prejudice. The Third Party

complaints filed by Aerojet in connection with the Water Entity Cases are

Edgar Filing: HUFFY CORP - Form 10-K

expected to be dismissed without prejudice subject to Aerojet filing a new suit in the event a final allocation agreement cannot be worked out.

On March 12, 1998, the PUC commenced an investigation in response to the allegations in the toxic tort actions that "drinking water delivered by the water utilities caused death and personal injury to customers." The PUC's inquiry addressed two broad issues central to these allegations: 1) "whether current water quality regulation adequately protects the public health;" and 2) "whether respondent utilities are (and for the past 25 years have been) complying with existing drinking water regulation." On November 2, 2000, the PUC issued its Final Opinion and Order Resolving Substantive Water Quality Issues. Significantly, the Order finds, in pertinent part, that: 1) "existing maximum contaminant level ("MCLs") and action level ("ALs") established by the DHS are adequate to protect the public health;" 2) "there is a significant margin of safety when MCLs are calculated so that the detection of carcinogenic contaminants above MCLs that were reported in this investigation are unlikely to pose a health risk;" 3) based upon its comprehensive review of 25 years of utility compliance records, that for all periods when MCLs and ALs for specific chemicals were in effect, the PUC regulated water companies complied with DHS testing requirements and advisories, and the water served by the water utilities was not harmful or dangerous to health; and 4) with regard to the period before the adoption by DHS of MCLs and ALs, a further limited investigation by the PUC Water Division will be conducted.

Based upon information presently available, such future costs are not expected to have a material adverse effect on the Company's financial condition, liquidity, or its ongoing results of operations. However, such costs could be material to results of operations in a future period.

As previously reported, Huffly Corporation divested its Washington Inventory Service subsidiary in November 2000. Subsequently, in late 2001 and mid 2002, two class action suits were filed in California seeking damages for alleged violations of labor practices. As a previous owner, Huffly was potentially obligated to indemnify the subsidiary purchaser for some portion of any liability it or such subsidiary had in the first case and had potential liability in the latter case, both limited to the periods it owned the subsidiary. After protracted negotiations and on advice of counsel, a settlement was negotiated and preliminarily approved on January 28, 2003 by the Superior Court of California, County of Los Angeles. A one-time charge to discontinued operations of \$7,914 million or \$0.43 per common share was taken in the fourth quarter of 2002 to fully resolve this matter.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

Not applicable.

PART II

ITEM 5. MARKET PRICE OF AND DIVIDENDS ON THE REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Huffly Corporation Common Stock is traded on the New York Stock Exchange. The quarterly high and low prices of Huffly Corporation Common Stock during the years ended December 31, 2002 and 2001 were as follows:

	Year Ended December 31, 2002			Year Ended December 31, 2001	
	-----			-----	
	Common Stock			Common Stock	
	Price Range			Price Range	
Quarter	High	Low	Quarter	High	Low

Edgar Filing: HUFFY CORP - Form 10-K

	-----	-----		-----	-----
First	\$7.05	\$5.95	First	\$7.74	\$6.08
Second	8.90	6.98	Second	10.50	6.14
Third	8.60	5.48	Third	9.81	6.25
Fourth	7.98	5.97	Fourth	6.62	5.41

As of December 31, 2002, there were 14,637,809 shares of Hufffy Corporation Common Stock outstanding and there were 3,223 shareholders of record. Management estimates an additional 4,500 shareholders hold their stock in nominee name. Trading volume of the Company's Common Stock during the twelve months ended December 31, 2002 totaled 7,595,600 shares. The average number of common shares outstanding during this period was approximately 11,833,213 shares. The Company is limited in its ability to pay dividends pursuant to the terms of its Second Amended and Restated Loan and Security Agreement, as amended.

The information to be set forth in the table entitled EQUITY COMPENSATION PLAN INFORMATION is contained in the Company's Proxy Statement for its 2003 Annual Meeting of Shareholders, and is hereby incorporated herein by reference.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(Dollar amounts in thousands, except per share data)

COMPARISON OF THE YEAR ENDED DECEMBER 31, 2002 TO THE YEAR ENDED DECEMBER 31, 2001

For the year ended December 31, 2002, Hufffy Corporation ("Hufffy" or "Company") had a net loss of \$1,378, or \$0.12 per common share compared to a net loss for the same period in 2001 of \$8,410, or \$0.82 per common share. Current year results include the earnings from Gen-X Sports Inc. acquired on September 19, 2002. In addition, the current year net earnings reflect a loss from discontinued operations of \$5,970 after tax, or \$0.50 per common share. These charges are related to the settlement of contractually indemnified liabilities and a related lawsuit settlement regarding labor practices by one of the Company's former subsidiaries, Washington Inventory Service, limited to the period of the Company's ownership which was sold on November 3, 2000.

Results from continuing operations for the year ended December 31, 2002 were \$4,592, or \$0.38 per common share, compared to a net loss of \$8,410, or \$0.82 per common share in 2001. The net loss from continuing operations in 2001 included a pretax charge of \$3,713 (\$2,440 after tax), or \$0.24 per common share, associated with the termination of Mexican manufacturing operations, reductions of staffing levels at Hufffy Bicycle Company, and the consolidation of the financial and information technology groups. On January 22, 2002, Kmart Corporation filed for reorganization under Chapter 11 of the U.S. Bankruptcy

Edgar Filing: HUFFY CORP - Form 10-K

Court. The Company recorded a charge in the fourth quarter of 2001 of \$4,680 (\$3,075 after tax), or \$0.30 per common share, to reflect the Kmart bad debt. The 2001 net loss from continuing operations excluding the reconfiguration, refinancing and Kmart bad debt was \$2,895, or \$0.28 per common share.

Net Sales

Net sales in 2002 were \$372,896, an increase of 12.6%, compared to net sales of \$331,138 for the same period in 2001. This sales increase was primarily related to the acquisitions of Gen-X Sports Inc. and the McCalla Company during 2002. In addition, the Company's basketball products also experienced a 12.3% year over year increase in sales volume.

Gross Profit

Consolidated gross profit for 2002 was \$66,347, or 17.8% of net sales as compared to \$39,950, or 12.1% of net sales reported for the same period in 2001, reflecting a 47.0% improvement over the prior year gross margin. The primary reason for this very significant improvement was the addition of Gen-X Sports Inc. and the McCalla Company to the Huffy portfolio. The second most significant reason for the year over year increase was the improved margin in the Company's wheeled product line where favorable purchasing and warehousing variances in 2002 increased margins markedly over the depressed levels experienced during 2001 as a result of the close out of slow moving scooter inventory. The Company's basketball product line also experienced a 270 basis point improvement in year over year margins as a result of successful cost reduction programs. Pension charges added \$1,072 of additional expense in 2002 as compared to 2001 expense.

Selling, General and Administrative Expenses

Selling, general and administrative expenses of \$57,858, for the year ended December 31, 2002 were higher than the \$47,607 experienced during the same period in 2001. The primary reason for the year over year increase in these expenses was the selling, general and administrative expenses added as a result of the acquisitions of Gen-X Sports Inc. and the McCalla Company. 2002 administrative pension expense increased by \$2,214 over 2001 expense due to poor stock market performance and declining interest rates. Although less significant, additional reasons for the increased selling, general and administrative expenses include increased brand advertising and higher incentive based compensation. It is pertinent to note that 2001 selling, general and administrative expenses include a charge for the Kmart bankruptcy of \$4,680.

Net Interest Expense

Net interest expense increased from \$1,128 for the year ended December 31, 2001, to \$1,688 in the current year. Borrowing costs to finance the acquisitions of Gen-X Sports Inc. and the McCalla Company as well as the increased working capital needs of these subsidiaries resulted in higher interest costs in 2002.

COMPARISON OF THE YEAR ENDED DECEMBER 31, 2001 TO THE YEAR ENDED DECEMBER 31, 2000

The Company recorded a net loss from continuing operations of \$8,410, or \$0.82 per common share, in 2001 compared to net earnings from continuing operations of \$10,666, or \$1.03 per common share in 2000. Earnings for 2001 included a pretax charge of \$3,713 (\$2,440 after tax), or \$0.24 per common share, associated with the termination of Mexican manufacturing operations, reduction of staffing levels at Huffy Bicycle Company, and consolidation of the financial and information

technology groups. On January 22, 2002, Kmart filed for reorganization under Chapter 11 of the U.S. Bankruptcy Court. The Company recorded a fourth quarter 2001 charge of \$4,680 (\$3,075 after tax) or \$0.30 per common share, to reflect expected receivable losses from Kmart. Earnings for 2000 included a pretax charge of \$714 (\$446 after tax), or \$0.05 per common share for reconfiguration of the bicycle business, and \$702 (\$438 after tax), or \$0.04 per common share, for refinancing the Company. The net loss from continuing operations, excluding the reconfiguration, refinancing, and Kmart receivable charges was \$2,895, or \$0.28 per common share, in 2001 compared to 2000 net earnings of \$11,550, or \$1.12 per common share.

Net Sales

Net sales in 2001 were \$331,138, a decrease of 32.1%, compared to net sales of \$488,181 in 2000. The sales decrease was primarily attributable to lower sales of Micro(TM) scooters. The Company sold over \$128,000 of scooters in 2000 and had only minimal scooter sales in 2001. The remaining decline in sales is primarily the result of a shift to opening price point products in the bicycle business. Basketball products experienced improved sales during 2001 up 7.5% over last year. Despite a strong fourth quarter, retail service revenue was down 6.2%.

Gross Profit

Consolidated gross profit for 2001 was \$39,950, or 12.1% of net sales, down from \$81,342, or 16.7% of net sales in 2000. A 217 basis point improvement in margins from retail services, ongoing cost reduction efforts company-wide, and aggressive foreign sourcing programs partially offset the effect of lower sales of high margin scooters in 2000.

Selling, General and Administrative Expenses

Selling, general and administrative expenses of \$47,607, for 2001, include a charge for the Kmart bankruptcy of \$4,680. Including this charge, current year expenses are 11.5% lower than those incurred in 2000. These lower expenses are attributable to reduced variable selling and marketing costs, as well as steps taken throughout 2001 to properly align SG&A expense with the revised operating structure.

Net Interest Expense

Net interest expense decreased from \$8,428 in 2000 to \$1,128 in 2001. The Company has been debt free, with cash invested since the first quarter of 2001. 2001 interest expense is primarily comprised of amortization of financing costs, letter of credit, and non-usage revolver fees.

Extraordinary Item

Net extraordinary charges of \$1,573 (\$998 after taxes) were recorded in 2000 from the early extinguishment of debt. Unamortized financing costs of \$2,189 were offset by interest forgiven on the subordinated note of \$404 and early repayment debt forgiveness of \$212 on an economic development grant.

ACQUISITIONS

On September 19, 2002, the Company acquired all of the stock of Gen-X Sports Inc. in exchange for \$19,001 in cash and the issuance of 4,161,241 shares of

Edgar Filing: HUFFY CORP - Form 10-K

Huffy Corporation's Class A common shares to the stockholders of Gen-X. The purchase price is subject to certain post-closing adjustments. Should Gen-X meet certain financial performance objectives, specified in the purchase agreement, and if there are no breaches of warranties and representations, up to 838,662 additional common shares may be issued to the Gen-X stockholders. In addition, the acquired companies immediately redeemed \$4,970 of preferred stock and refinanced their existing bank debt. Included in the assets acquired are trademarks, patents and licensing agreements recorded at their fair values of \$45,800, \$1,285 and \$940, respectively, as well as goodwill in the amount of \$12,104. Gen-X is a designer, marketer and distributor of branded sports equipment, including action sports products, winter sports products and golf products, and is a purchaser and reseller of excess sporting goods and athletic footwear inventories.

On March 27, 2002, Huffy Service First acquired the stock of McCalla Company and its subsidiaries, Creative Retail Services, Inc. and Creative Retail Services (Canada), Inc. ("McCalla") for \$5,400, less \$500 net cash acquired, subject to certain post-closing adjustments. A contingent purchase price payment was recorded for the McCalla acquisition of \$1,645 in the fourth quarter of 2002. Payment of the performance-based payment is expected during the first quarter of 2003. Of the total purchase price, \$6,521 was recorded as goodwill and \$300 was recorded as a covenant not-to-compete. McCalla provides merchandising, including cycle and periodic product resets, stocking and sales training for a number of well-known manufacturers serving Home Depot, including, among others, Philips Lighting, Duracell, and Spectrum Brands.

10

DISCONTINUED OPERATIONS

On November 3, 2000, the Company sold the stock of its Washington Inventory Service (WIS) subsidiary to WIS Acquisition Corp., a subsidiary of WIS Holdings Corp., for \$84,750 subject to certain post-closing adjustments. Earnings from discontinued operations in 2000 were \$7,976 (\$4,537 after tax). The gain on disposal of discontinued operations was \$36,863 (\$20,781 after tax). The results for Washington Inventory Service have been classified as discontinued operations in the Consolidated Statements of Operations and Cash Flows for the year ended December 31, 2000.

During the year ended December 31, 2002, the Company recognized expenses of \$9,185 (\$5,970 after tax), including the pending Miranda case settlement, associated legal expenses and other contractually indemnified liabilities related to WIS. These expenses are included in the Consolidated Statements of Operations and Cash Flows as Loss from Discontinued Operations for the year ended December 31, 2002.

LIQUIDITY AND CAPITAL RESOURCES

On September 19, 2002, the Company amended its credit facility with its existing lender to incorporate Gen-X Sports Inc., into the agreement. The \$75.0 million revolving credit facility is secured by all assets of the Company and its affiliates and will expire on December 31, 2004, with a 12-month renewal option. As of December 31, 2002, the Company had \$10,517 of borrowing capacity on its revolving credit facility.

Pre-bankruptcy receivables from Kmart were sold during the second quarter of 2002. The cash recovery from this transaction was consistent with previously established reserves.

Edgar Filing: HUFFY CORP - Form 10-K

At December 31, 2002, inventory was valued at \$41,847 (\$20,636 for the Company excluding Gen-X) up from \$12,483 at December 31, 2001. This increase is primarily the result of adding safety stock to protect our customers against inventory outages resulting from the West Coast dock strike. Accounts payable at December 31, 2002 are \$65,519 (\$48,542 excluding Gen-X) as compared to \$31,161 at the end of 2001. This increase reflects higher incremental purchases to support higher sales volume as well as longer payment terms negotiated with our vendors.

At December 31, 2002, the Company valued its pension plans in accordance with SFAS Nos. 87 and 88. Due to record low interest rates and poor stock market performance, the value of the plan assets is now less than the accumulated benefit obligation, causing the Company to record an after tax charge to accumulated other comprehensive loss of \$25,234.

The Company expects cash and cash equivalents, cash flow from operations and its revolving credit facility to be sufficient to finance seasonal working capital needs and capital expenditures throughout the coming year. The Company frequently reviews its credit and capital structure and makes adjustments as necessary.

CRITICAL ACCOUNTING POLICIES

ALLOWANCE FOR DOUBTFUL ACCOUNTS

The Company evaluates the collectibility of its accounts receivable based upon an analysis of historical trends, aging of accounts receivable, write-off experience and expectations of future performance. Delinquent accounts are written off to selling, general and administrative expense when circumstances make further collection unlikely. In the event of a customer bankruptcy or reorganization, specific reserves are established to write down accounts receivable to the level of anticipated recovery. The Company may consult with third-party purchasers of bankruptcy receivables when establishing specific reserves. Non-specific reserves for doubtful accounts are based upon a historical bad debt write-off of approximately 0.2% of net sales. At December 31, 2002, a 0.1 percentage point change in bad debts as a percentage of net sales would impact the reserve for doubtful accounts by \$373.

In January 2002, Kmart Corporation filed for reorganization under Chapter 11 of the U.S. Bankruptcy Code. Pre-bankruptcy receivables from Kmart were sold during the second quarter 2002 and cash recovered was consistent with previously established reserves.

INVENTORY VALUATIONS

Inventories are valued at cost (not in excess of market) determined by the first-in, first-out (FIFO) method. Management regularly reviews inventory for salability and establishes obsolescence reserves to absorb estimated losses. The Company also maintains reserves against inventory shrinkage. On an annual basis, the Company takes a physical inventory verifying the units on hand and comparing its perpetual records to physical counts. Periodic cycle counting procedures are used to

verify inventory accuracy between physical inventories. In the interim periods, a reserve for shrinkage is established based upon historical experience and

Edgar Filing: HUFFY CORP - Form 10-K

recent physical inventory results. Inventory obsolescence and shrinkage are charged to cost of sales.

SELF-INSURANCE RESERVES

The Company is self-insured for workers compensation, medical insurance and product liability claims up to certain maximum liability amounts. Medical insurance reserves are determined based upon historical expense experience and loss reporting trends. Workers compensation and product liability reserves are determined based upon actuarial analysis of historical trends of losses, settlements, litigation costs and other factors. The amounts accrued for self-insurance are based upon management's best estimate and the amounts the Company will ultimately disburse could differ from such accrued amounts. The majority of workers compensation, medical insurance and product liability expense are charged to cost of sales with the remainder charged to selling, general and administrative expense.

ENVIRONMENTAL

Environmental expenditures that relate to current operations are expensed or capitalized as appropriate. Remediation costs that relate to an existing condition caused by past operations are accrued when it is probable that these costs will be incurred and can be reasonably estimated. In developing its estimate of environmental remediation costs, the Company considers, among other things, currently available technological solutions, alternative cleanup methods, and risk-based assessments of the contamination and, as applicable, an estimation of its proportionate share of remediation costs. The Company may also make use of external consultants and consider, when available, estimates by other PRPs and governmental agencies and information regarding the financial viability of other PRPs. Based upon information currently available, the Company believes it is unlikely that it will incur substantial previously unanticipated costs as a result of failure by other PRPs to satisfy their responsibilities for remediation costs. The Company has recorded environmental accruals that, based upon the information available, are adequate to satisfy known remediation requirements.

Impact of Recently Issued Accounting Standards

In June 2001, the Financial Accounting Standards Board issued Statement No. 143, "Accounting for Asset Retirement Obligations", (SFAS No. 143) which addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. The standard applies to legal obligations associated with the retirement of long-lived assets that result from the acquisition, construction, development or normal use of the asset.

SFAS No. 143 requires that the fair value of a liability for an asset retirement obligation be recognized in the period in which it is incurred if a reasonable estimate of fair value can be made. The fair value of the liability is added to the carrying amount of the associated asset and this additional carrying amount is depreciated over the life of the asset. The liability is accreted at the end of each period through charges to operating expense. If the obligation is settled for other than the carrying amount of the liability, the Company will recognize a gain on settlement.

The Company is required and plans to adopt the provisions of SFAS No. 143 for the quarter ending March 31, 2003. To accomplish this, the Company must identify legal obligations for asset retirement obligations, if any, and determine the fair value of these obligations at the date of adoption. The determination of fair value is complex and will require the Company to gather market information and develop cash flow models. Additionally, the Company will be required to develop processes to track and monitor those obligations.

Edgar Filing: HUFFY CORP - Form 10-K

In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44, 64, Amendment of FASB Statement No. 13, and Technical Corrections," ("SFAS No. 145"), which will be effective for the Company beginning January 1, 2003. SFAS No. 145 rescinds SFAS Nos. 4, 44, 64 and amends SFAS No. 13, "Accounting for Leases", to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions.

In June 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS No. 146"), which will be effective for the Company beginning January 1, 2003. SFAS No. 146 requires that a liability for a cost associated with an exit or disposal activity be recognized at fair value when the liability is incurred unless the liability is for one-time termination benefits incurred over time. SFAS No. 146 nullifies Emerging Issues Task Force Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (Including Costs Associated with a Restructuring)."

The Company has assessed the impact of SFAS Nos. 143, 145 and 146, and estimates that the impact of these standards will

12

not be material to the Company's financial condition, results of operations or liquidity.

In November 2002, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," which elaborates on required disclosures by a guarantor in its financial statements about obligations under certain guarantees that it has issued and clarifies the need for a guarantor to recognize, at the inception of certain guarantees, a liability for the fair value of the obligation undertaken in issuing the guarantee. The Company is reviewing the provisions of this Interpretation relating to initial recognition and measurement of guarantor liabilities, which are effective for qualifying guarantees entered into or modified after December 31, 2002, but does not expect it to have a material impact on the Company's financial statements. The disclosure requirements of the Interpretation, which are effective for the Company's year ended December 31, 2002, are included in footnotes 2 and 5 to the consolidated financial statements, which discuss contingent consideration relative to the Company's acquisition of Gen-X, as well as the Company's disclosures relative to its product warranty liability.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation--Transition and Disclosure, an Amendment of FASB Statement No. 123" ("SFAS No. 148"). SFAS No. 148 amends SFAS No. 123, "Accounting for Stock-Based Compensation," to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for employee stock-based compensation. In addition, SFAS No. 148 amends the disclosure requirements of SFAS No. 123 to require prominent disclosure in annual and interim financial statements about the method of accounting for stock-based compensation and its effect on reported results. The disclosure provisions of SFAS No. 148 are included in the accompanying Notes to Consolidated Financial Statements. The Company applies the principles of APB Opinion No. 25 and related interpretations in accounting for its stock-based compensation plans. See Note 8 to the consolidated financial statements.

Edgar Filing: HUFFY CORP - Form 10-K

In January 2003, the Financial Accounting Standards Board issued FASB Interpretation No. 46, "Consolidation of Variable Interest Entities," which addresses consolidation by a business of variable interest entities in which it is the primary beneficiary. The Interpretation is effective immediately for certain disclosure requirements and variable interest entities created after January 31, 2003, and in fiscal 2004 for all other variable interest entities. The Company is reviewing the provisions of the Interpretation and complies with the disclosure requirements, but does not expect the Interpretation to have a material impact on the Company's financial statements.

INFLATION

Inflation rates in the United States have not had a significant impact on the Company's operating results for the three years ended December 31, 2002. The impact on the Company is minimized as a result of rapid turnover of inventories and partially offset by cost reduction programs and increased operating efficiency.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to short-term interest rate risks and foreign currency exchange rate risks. In the normal course of business these risks are managed through a variety of strategies, including the use of a derivative financial instrument to hedge our underlying exposures. The Company does not use derivative instruments for trading purposes.

Interest Rate Risk

Interest rate risk arises primarily from variable rate borrowings in the United States and Canada. The Company has entered into an interest rate swap, which is recognized on the balance sheet at fair value. The Company has determined that the swap is effective; therefore, changes in the fair value of the swap are recorded on a quarterly basis as an adjustment to accumulated other comprehensive loss. The swap expires on April 4, 2004.

At December 31, 2002, a hypothetical 100 basis point increase in short-term interest rates would result in a reduction of \$606 in earnings before income taxes. During 2001 and for the first eight months of 2002, the Company did not borrow against its variable rate credit facility.

Foreign Currency Exchange Risk

All subsidiaries of the Company, except Creative Retail Services (Canada) Inc., use the U.S. dollar as their functional currency. A small portion of the Company's sales, receivables, purchases and expenses are denominated in Euros, Australian dollars and the Canadian dollar. The Company also maintains bank accounts in Euros, Australian dollars and the Canadian dollar to facilitate international operations. At this time, the Company's exposure to currency exchange risk is not considered material.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

INDEPENDENT AUDITORS' REPORT

Edgar Filing: HUFFY CORP - Form 10-K

The Board of Directors and Shareholders,
Huffy Corporation:

We have audited the accompanying consolidated balance sheets of Huffy Corporation and subsidiaries (Company) as of December 31, 2002 and 2001, and the related consolidated statements of operations, shareholders' equity and cash flows for each of the years in the three-year period ended December 31, 2002. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Huffy Corporation and subsidiaries as of December 31, 2002 and 2001, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

See accompanying notes to the consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (IN THOUSANDS, EXCEPT FOR SHARE DATA)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

CONSOLIDATION - The consolidated financial statements include the accounts of Huffy Corporation and its subsidiaries. All intercompany transactions and balances have been eliminated. The accompanying statement of operations for the year ended December 31, 2002 includes the results of operations for Gen-X Sports Inc. for the period from September 19, 2002 to December 31, 2002 and McCalla Company for the period from March 27, 2002 to December 31, 2002.

RECLASSIFICATION - Certain prior year balances have been reclassified to conform with the 2002 presentation.

CASH AND CASH EQUIVALENTS - Cash equivalents consist principally of short-term money market instruments with original maturities of three months or less.

Edgar Filing: HUFFY CORP - Form 10-K

REVENUE RECOGNITION - The Company recognizes revenue on products when shipments occur or title passes to the customer. Revenue for retail services is recognized at the time the service is performed.

CONCENTRATIONS OF CREDIT RISK - Financial instruments that potentially expose the Company to concentrations of credit risk, as defined by Statement of Financial Accounting Standards (SFAS) No. 105, consist primarily of trade accounts receivable. In the normal course of business, Huffy extends credit to various companies in the retail industry where certain concentrations of credit risk exist. These concentrations of credit risk may be similarly affected by changes in economic or credit conditions and may, accordingly, impact Huffy's overall credit risk. Management believes that the Company's diversification of accounts receivable is sufficient to reduce potential market credit risk, and that the allowance for doubtful accounts is adequate to absorb estimated losses as of December 31, 2002. The allowance for doubtful accounts was \$1,214 and \$5,766 as of December 31, 2002 and 2001, respectively.

INVENTORIES - Inventories are valued at cost (not in excess of market) determined by the first-in, first-out (FIFO) method. Management periodically reviews inventory for salability and believes that the reserve for obsolescence at December 31, 2002 is adequate to absorb estimated losses.

PROPERTY, PLANT AND EQUIPMENT - Depreciation and amortization of plant and equipment is provided on the straight-line method.

Annual depreciation and amortization rates are as follows:

Land improvements	5 - 10%
Buildings and improvements	2-1/2 - 10%
Office furniture, fixtures or machinery and equipment	10 - 33-1/3%
Leasehold improvements	4-1/2 - 33-1/3%

ASSETS HELD FOR SALE - The Company accounts for long-lived assets in accordance with the provisions of SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS No. 144 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to discounted future net cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

The Company has classified \$1,500 of land and \$3,980 of buildings obtained in the Gen-X acquisition as net assets held for sale as of December 31, 2002. The assets are stated at estimated fair value, as determined by an independent appraisal. The property is currently being marketed for sale. Assets held for sale are included in the Sporting Goods segment.

PRODUCT LIABILITY - The Company maintains a reserve for product liability based upon expected settlement charges for pending claims and an estimate of unreported claims derived from experience, volume and product sales mix.

FREIGHT- The Company classifies outbound freight expense to customers as an adjustment to product sales revenue on the accompanying consolidated statements of operations. For the years ended December 31, 2002, 2001 and 2000, freight expense was \$3,418, \$2,633 and \$2,301, respectively.

Edgar Filing: HUFFY CORP - Form 10-K

19

AMORTIZATION OF INTANGIBLES - The Company adopted the provisions of SFAS No. 141, "Business Combinations", and SFAS No. 142, "Goodwill and Other Intangible Assets", as of January 1, 2002. SFAS No. 141 addresses financial accounting and reporting for business combinations and requires the use of the purchase method of accounting for combinations initiated subsequent to June 30, 2001. SFAS No. 142 provides guidance for the financial accounting and reporting for goodwill and other intangible assets requiring that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead be tested for impairment at least annually in accordance with the provisions of SFAS No. 142. SFAS No. 142 also requires intangible assets with definite useful lives to be amortized over their respective estimated useful lives to their estimated residual values and reviewed for impairment in accordance with SFAS No. 144.

On September 19, 2002, the Company acquired all of the common stock of Gen-X Sports Inc. and Gen-X Sports, Inc. and their subsidiaries in exchange for cash and the issuance of common stock of the Company. Included in the assets acquired are trademarks, patents and licensing agreements recorded at their fair values of \$45,800, \$1,285 and \$940, respectively, as well as goodwill in the amount of \$12,104. The fair values for these assets, excluding goodwill, were determined by an independent third-party appraiser. During the fourth quarter of 2002, goodwill was increased \$1,332 for additional legal costs and other professional fees associated with the acquisition.

On March 27, 2002, the Company acquired 100% of the common stock of McCalla Company and its subsidiaries. The aggregate purchase price was \$5,400 and was paid in cash. Of the total purchase consideration, \$4,876 was allocated to goodwill and \$300 to an agreement not to compete. During the fourth quarter of 2002, goodwill was increased \$1,645 to record an earn-out payment owed at December 31, 2002 to the former owners of McCalla Company.

The Company has the following acquired intangible assets as of December 31, 2002, 2001 and 2000:

	2002		2001	
	GROSS CARRYING AMOUNT	ACCUMULATED AMORTIZATION	GROSS CARRYING AMOUNT	ACCUMULATED AMORTIZATION
Assets subject to amortization:				
Gen-X patents	\$ 1,285	\$ 49	\$ --	\$ --
Gen-X license agreements	940	119	--	--
McCalla covenant not to compete	300	45	--	--
Total assets subject to amortization	\$ 2,525	\$ 213	\$ --	\$ --
Assets not subject to amortization:				
Trademarks at Gen-X	\$ 45,800	\$ --	\$ --	\$ --
Goodwill recorded in connection with the Gen-X acquisition	12,104	--	--	--
Goodwill in the Huffey bicycle business unit	8,824	2,380	8,824	2,380
Goodwill in Huffey Sports business unit	1,973	569	1,973	569
Goodwill recorded in connection with the McCalla acquisition	6,521	--	--	--

Edgar Filing: HUFFY CORP - Form 10-K

Goodwill in Huffy Service First business unit	478	288	478	288
	-----	-----	-----	-----
Total assets not subject to amortization	\$ 75,700	\$ 3,237	\$ 11,275	\$ 3,237
	=====	=====	=====	=====

The Company recorded amortization expense of \$213 in 2002. The Company estimates that amortization expense will be \$655, \$570, \$297, \$228, \$94, and \$468 for each of the years ended December 31, 2003, 2004, 2005, 2006, 2007 and thereafter, respectively.

Prior to the adoption of SFAS No. 142, the Company amortized the excess of cost over net assets acquired on a straight-line basis over fifteen to forty years.

The Company's reporting units are tested annually during the fourth quarter for impairment.

20

The following table provides a summary of net income (loss) and related basic and diluted EPS information as reported, and as adjusted to exclude goodwill amortization, for the years ended December 31, 2001 and 2000.

	December 31, 2001	December 31, 2000
	-----	-----
Reported net income (loss)	\$ (8,410)	\$ 34,986
Add back: Goodwill amortization	726	726
	-----	-----
Adjusted net income (loss)	\$ (7,684)	\$ 35,712
	-----	-----

Reported net income (loss)	\$ (0.82)	\$ 3.43
Adjusted net income (loss)	(0.75)	3.51
Diluted EPS		
Reported net income (loss)	\$ (0.82)	\$ 3.39
Adjusted net income (loss)	(0.75)	3.46

DISCLOSURES ABOUT THE FAIR VALUE OF FINANCIAL INSTRUMENTS - The carrying value of cash and cash equivalents, trade receivables, trade accounts payable, notes payable, and accrued expenses approximates fair value due to the short maturity of these instruments.

DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES - In accordance with SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", and SFAS No. 138, "Accounting for Certain Derivative Instruments and Certain Hedging Activities, an Amendment to SFAS No. 133", during 2002 and 2001, the Company recorded an adjustment, net of tax, of \$103 and \$(311), respectively, in accumulated other comprehensive loss to recognize at fair value an interest rate swap that is designated as a cash-flow hedging instrument. No other derivative instruments have been identified.

Edgar Filing: HUFFY CORP - Form 10-K

The interest rate swap is recognized on the balance sheet at fair value. The Company has determined that the swap is effective; therefore, changes in the fair value of the swap are recorded on a quarterly basis as an adjustment to accumulated other comprehensive loss. The swap expires on April 4, 2004.

EARNINGS (LOSS) PER COMMON SHARE - Basic earnings (loss) per share of common stock excludes any dilutive effects of stock options and is based upon the weighted average number of shares of common stock outstanding during the year. Diluted earnings (loss) per share are computed based on the weighted average number of shares of common stock and common stock equivalents outstanding during the year. The dilutive effect of stock options is excluded from the diluted per share calculation, if the Company has a loss from continuing operations as the impact would be anti-dilutive.

USE OF ESTIMATES - Management of the Company has made a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

STOCK OPTION PLANS - Prior to January 1, 1996, the Company accounted for its stock option plans in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. As such, compensation expense would be recorded on the date of grant only if the current market price of the underlying stock exceeded the exercise price. On January 1, 1996, the Company adopted SFAS No. 123, "Accounting for Stock-Based Compensation," as amended by SFAS No. 148, which permits entities to recognize as expense over the vesting period the fair value of all stock-based awards on the date of grant. Alternatively, SFAS No. 123 also allows entities to continue to apply the provisions of APB Opinion No. 25 and provide pro forma net income and pro forma earnings per share disclosures for employee stock option grants made in 1995 and future years as if the fair-value-based method defined in SFAS No. 123 had been applied. The Company has elected to continue to apply the provisions of APB Opinion No. 25 and provide the pro forma disclosure required by SFAS No. 123. The Company records compensation cost for fixed awards with pro-rata vesting on a pro-rata basis over the vesting period.

At December 31, 2002, the Company has stock-based compensation plans which are described in Note 8. The Company applies the principles of APB Opinion No. 25 and related interpretations in accounting for its plans. Accordingly, no compensation cost has been recognized for its fixed stock option plans and its stock purchase plan except for options issued below fair market value. The compensation cost that has been charged against income for options issued below fair market value and options issued to replace canceled options, was \$119, \$122, and \$725, (after tax \$106, \$80, and \$452) for the years ended December 31, 2002, 2001 and 2000, respectively. Had compensation cost for the Company's stock-based

compensation plans been determined consistent with SFAS No. 123, the Company's net earnings (loss) and earnings (loss) per share would have been reduced to the pro forma amounts indicated below:

Edgar Filing: HUFFY CORP - Form 10-K

	2002	2001	2000
Net earnings (loss)			
As Reported	\$ (1,378)	\$ (8,410)	\$ 34,986

Diluted net earnings (loss)			
per common share:			
As Reported	\$ (0.12)	\$ (0.82)	\$ 3.39
Pro Forma	(0.17)	(0.90)	3.34

REPORTING SEGMENTS - The Company is reporting its operations as two segments, Sporting Goods Products and Services to Retailers. Huffy Bicycle Company including Royce Union Bicycle Company and American Sports Design Company, Huffy Sports Company, and Gen-X Sports Inc., comprise the Sporting Goods Products segment. The Services to Retailers segment is comprised of the McCalla Companies and Huffy Service First, Inc. The change from a single segment is a result of a shift in the product mix of Huffy Service First, Inc. toward assembly services not directly related to the sporting goods industry, as well as the acquisition of the McCalla Company and its subsidiaries and the Gen-X Sports Inc. business.

The Sporting Goods Products segment includes wheeled recreational products, basketball backboards, basketballs and other balls, golf clubs and accessories, snowboards and accessories, hockey equipment and apparel, snow skis and accessories, in-line skates, roller blades, other action sports accessories and the excess/opportunity inventory products. Services to Retailers include, assembly and repair of bicycles, assembly of grills, physical fitness equipment, and furniture, assembly and repair of outdoor power equipment, and merchandising services.

NOTE 2. ACQUISITIONS

On September 19, 2002, the Company acquired all of the stock of Gen-X Sports Inc. and Gen-X Sports, Inc. and their subsidiaries in exchange for \$19,001 in cash and the issuance of 4,161,241 shares of Huffy Corporation's Class A common shares to the stockholders of Gen-X. The \$7.687 per share value of the Class A common shares issued was determined based upon the average market price of Huffy Corporation's common shares over the two day period before and after the terms of the acquisition were agreed to and announced. The purchase price is subject to certain post-closing adjustments. Should Gen-X meet certain financial performance objectives, specified in the purchase agreement, and if there are no breaches of warranties and representations, up to 838,662 additional common shares may be issued to the Gen-X stockholders. In addition, the acquired companies immediately redeemed \$4,970 of preferred stock at face value and refinanced their existing bank debt. Included in the assets acquired are trademarks, patents and licensing agreements recorded at their fair values of \$45,800, \$1,285 and \$940, respectively, as well as goodwill in the amount of \$12,104. Gen-X is a designer, marketer and distributor of branded sports equipment, including action sports products, winter sports products and golf products, and is a purchaser and reseller of excess sporting goods and athletic footwear inventories. The Company believes that the combination of Huffy and Gen-X will create a stronger, more competitive sporting goods company capable of achieving greater financial strength, earnings power, operational efficiency and growth potential than either company would on its own. It will also broaden each company's brand portfolios and sporting goods product offerings and will broaden and diversify the customer base. Finally, the combination has the potential to decrease seasonal fluctuations in sales and earnings.

Edgar Filing: HUFFY CORP - Form 10-K

The table below presents unaudited pro forma condensed combining statements of operations from the Company and Gen-X Sports Inc. for the years ended December 31, 2002 and 2001. The unaudited pro Forma condensed combining statements of operations are presented as if the merger had occurred on January 1, 2002 and 2001, respectively.

22

Huffy Corporation, Gen-X Sports Inc. and Gen-X Sports, Inc.
Summary Unaudited Pro Forma Condensed Combining Statement of Operations
(Dollar amounts in thousands, except per share data)

	PRO FORMA YEAR ENDED DECEMBER 31, 2002	
	HUFFY CORPORATION	PRO FORMA COMBINED
Net sales	\$ 372,896	\$ 466,540
Earnings from continuing operations	4,592	6,318
Earnings from continuing operations per common share		
Basic	\$ 0.44	\$ 0.43
Diluted	\$ 0.43	\$ 0.43
Shares used in calculation of earnings per share		
Basic	10,446,133	14,607,374
Diluted	10,591,667	14,752,908

The following table summarized the estimated fair value of the assets acquired and the liabilities assumed at the date of acquisition.

	September 19, 2002
Accounts receivable	\$ 41,531
Inventories	23,877
Prepaid expense	3,234
Property, plant and equipment	7,979
Intangible assets	48,025
Goodwill	12,104
Other assets	1,544

Total assets acquired	138,294

Accounts payable	30,441

Edgar Filing: HUFFY CORP - Form 10-K

Accrued liabilities	8,998
Debt Obligations	42,952

Total liabilities assumed	82,391

Net assets acquired	\$ 55,903
	=====

Of the \$48,025 of acquired intangible assets, \$45,800 was assigned to registered trademarks that are not subject to amortization. The remaining \$2,225 of acquired intangible assets have weighted-average useful lives of approximately seven years. The intangible assets that make up that amount include patents of \$1,285, (approximately ten-year weighted-average useful lives), and license agreements of \$940, (approximately two-year weighted-average useful lives). During the fourth quarter of 2002, goodwill was increased \$1,332 for additional legal costs and other professional fees associated with the acquisition.

On March 27, 2002, Huffly Service First acquired the stock of McCalla Company and its subsidiaries, Creative Retail Services Inc. and Creative Retail Services (Canada), Inc. ("McCalla") for \$5,400, less \$500 net cash acquired, subject to certain post-closing adjustments. Of the total purchase price, \$4,876 was recorded as goodwill and \$300 was recorded as a covenant not-to-compete. McCalla provides merchandising, including cycle and periodic product resets, stocking and sales training for a number of well-known manufacturers serving Home Depot, including, among others, Philips Lighting, Duracell, and Spectrum Brands. The purchase agreement calls for an annual earn-out payment for 2002 and 2003 results in excess of contractual projections. The 2003 payment for 2002 results is expected to be \$1,645, and is recorded as an addition to goodwill and an accrued liability in the accompanying 2002 consolidated balance sheet.

Both of these acquisitions were accounted for on the purchase method of accounting in accordance with SFAS No. 141.

23

NOTE 3. SUPPLEMENTAL CASH FLOW INFORMATION

	2002	2001	2000
	-----	-----	-----

NOTE 4. INVENTORIES

The components of inventories are as follows:

	2002	2001	
	-----	-----	
Finished goods	\$ 36,104	\$ 10,768	
Work-in-process	147	105	
Raw materials and supplies	5,596	1,610	
	-----	-----	
	\$ 41,847	\$ 12,483	
	=====	=====	

NOTE 5. CLAIMS AND ALLOWANCES

The Company's policy is to fully reserve for claims that have been or may be incurred on all products that have been shipped. The reserves are calculated based on claims that have been submitted but not settled. The calculation also considers anticipated claims based upon historical performance. Some major retailers have chosen to manage the warranty process in exchange for a claims allowance based on sales volume. The portion of the reserve related to retailer claims allowances is netted against accounts receivable while the balance of the reserve is classified as an accrued liability on the balance sheet. Additions to the reserve are treated as a deduction from net sales if they related to a negotiated claim allowance and as selling, general and administrative costs if they related to a general warranty expense.

The following is a roll-forward of the Company's claims and allowance activity for 2002:

	RETAILER CLAIMS ALLOWANCES	GENERAL WARRANTY	
	-----	-----	
Beginning balance December 31, 2001	\$ 499	\$ 89	
Additions to reserves	463	2,785	
Settled claims	(160)	(2,731)	
	-----	-----	
Ending balance December 31, 2002	\$ 802	\$ 143	
	=====	=====	

NOTE 6. LINES OF CREDIT AND LONG-TERM OBLIGATIONS

In January 2000, the Company signed a \$170 million, 18-month borrowing facility

Edgar Filing: HUFFY CORP - Form 10-K

secured by all of the assets of the Company. The facility consisted of \$40 million of senior term debt, \$30 million of subordinated debt, and a \$100 million revolving credit facility. In November 2000, the senior term debt and subordinated debt were repaid.

In September 2002, the Company entered into an Amended and Restated Loan and Security Agreement with Congress Financial Corporation (Central), which has subsequently been amended. The amended \$75 million revolving credit facility is secured by all assets of the Company and its affiliates and will expire on December 31, 2004, with a 12-month renewal option. The interest rate under the revolving credit facility varies, based upon excess availability, from the prime rate to prime rate plus .25%, or London Interbank Offered Rate (LIBOR) plus 1.75% to LIBOR plus 2.75%. The revolving credit facility contains covenants, which require the Company to maintain a minimum of \$50,000 of net worth, restrict certain business activities, including the payment of dividends and limit capital expenditures. As of December 31, 2002, the Company is in compliance with these covenants. The Company assumed three long-term obligations in the Gen-X acquisition with a combined outstanding balance of \$5,153. The mortgage loan assumed in the Gen-X acquisition is secured by net assets held

24

for sale as described in Note 1. Sale proceeds from the disposal of this property would be used to retire the unpaid balance on the mortgage.

	2002	2001
	-----	-----
SHORT-TERM BORROWINGS:		
Revolving credit facility	\$ 54,069	\$ --
Maximum borrowings	62,543	N/A
Average borrowings	55,881	N/A
Weighted average interest rate	5.00%	N/A
LONG-TERM OBLIGATIONS:		
6% Term loan due July 2003	\$ 326	\$ --
Mortgage loan due monthly	4,744	--
Capital lease due monthly through 2005	505	--
	-----	-----
	5,575	--
Less: current installments	5,258	--
	-----	-----
	\$ 317	\$ --
	=====	=====

Prior to the acquisition of Gen-X on September 19, 2002, the Company had been debt free, with cash invested since the first quarter of 2001. Interest expense in 2001 was primarily comprised of amortization of financing costs, letters of credit and revolver non-usage fees.

Principal payments required on the long-term obligations for 2004 and 2005, are approximately, \$223 and \$94, respectively.

As of December 31, 2002, the revolving credit facility had \$10,517 of borrowing capacity. Management believes that the available balance on the amended credit facility and internally generated cash flows will be sufficient to finance the Company's seasonal working capital and capital expenditure needs in the coming

Edgar Filing: HUFFY CORP - Form 10-K

year.

Assets which are leased subject to capital leases include computer and office equipment with a cost of \$673 and accumulated depreciation of \$171 at December 31, 2002.

NOTE 7. PREFERRED STOCK

Under the Company's Amended Articles of Incorporation, there are 1,000,000 authorized, unissued shares of Cumulative Preferred Stock, \$1.00 par value. Subject to certain limitations, the Articles provide that the Board of Directors may fix the conditions of each series of Preferred Stock.

The Company entered into a Rights Agreement with its transfer agent in 1988, as amended in 1991, 1994 and 2002, and the Board of Directors declared a dividend of one Preferred Share Purchase Right for each outstanding share of the Company's Common Stock. Upon the occurrence of certain events, Preferred Share Purchase Rights entitle the holder to purchase at a price of \$60.00, one one-hundredth of a share of Series C Cumulative Preferred Stock, subject to adjustment. The Rights become exercisable only if a person or group acquires 15% or more of the Company's Common Stock, or announces a tender offer for 15% or more of the Common Stock. Under certain circumstances all Rights holders, except the person or group holding 15% or more of the Company's Common Stock, will be entitled to purchase a number of shares of the Company's Common Stock having a market value of twice the Right's current exercise price. Alternately, if the Company is acquired in a merger or other business combination, after the Rights become exercisable, the Rights will entitle the holder to buy a number of the acquiring Company's common shares having a market value at that time of twice each Right's current exercise price.

Further, after a person or group acquires 15% or more (but less than 50%) of the Company's outstanding Common Stock, the Company's Board of Directors may exchange part or all of the Rights (other than the Rights held by the acquiring person or group) for shares of Common Stock. The Rights expire December 9, 2004 and may be redeemed by the Company for \$0.01 per Right at any time prior to the acquisition by a person or group of 15% or more of the Company's Common Stock.

NOTE 8. COMMON STOCK AND COMMON STOCK PLANS

Under the Company's Amended Articles of Incorporation, there are 60,000,000 authorized shares of Common Stock, \$1.00 par value, 21,153,290 shares are issued and 14,637,809 are outstanding as of December 31, 2002.

At December 31, 2002, the Company has stock-based compensation plans which are described below. The Company applies the principles of APB Opinion No. 25 and related interpretations in accounting for its plans. Accordingly, no compensation cost has been recognized for its fixed stock option plans and its stock purchase plan except for options issued below fair market value. The compensation cost that has been charged against income for options issued below fair market value and

25

options issued to replace canceled options, was \$119, \$122, and \$725, (after tax \$106, \$80, and \$452) for the years ended December 31, 2002, 2001 and 2000, respectively. Had compensation cost for the Company's stock-based compensation plans been determined consistent with SFAS No. 123, the Company's net earnings (loss) and earnings (loss) per share would have been reduced to the pro forma amounts indicated below:

Edgar Filing: HUFFY CORP - Form 10-K

The Company has fixed option plans, which include the 1998 Qualified Plans, the 1998 Key Employee Non-Qualified Plan, the 1988 Stock Option Plan and Restricted Share Plan, and the 1987 Director Stock Option Plan. The 1998 Qualified Plans consist of the 1998 Director Stock Incentive Plan, the 1998 Key Employee Stock Plan, and the 1998 Restricted Share Plan.

The 1998 Non-Qualified Plan, the 1998 Key Employee Stock Plan, and the 1988 Stock Option Plan and Restricted Share Plan authorize the issuance of non-qualified stock options, restricted shares, incentive stock options (except under the 1998 Key Employee Non-Qualified Stock Plan), and stock appreciation rights, although no incentive stock options or stock appreciation rights have been issued. The exercise price of each non-qualified stock option, granted under the plan, equals the market price of the Company's stock on the date of the grant. The options maximum term ranges from four to ten years. Options vest at the end of the first through fourth years.

The 1998 Director Stock Incentive Plan authorizes an automatic issuance of restricted shares to non-employee Directors, which vest at the next Annual Meeting of Shareholders. The 1987 Director Stock Option Plan authorized the automatic issuance of non-qualified stock options to non-employee Directors. Under both plans, Directors can elect to receive discounted stock options in lieu of all or part of the annual retainer fee. Such shares cannot include stock appreciation rights. Under the 1998 Director Stock Incentive Plan, options vest at the end of six months. Under the 1987 Director Stock Option Plan, options vest at the end of the third, fourth, and fifth years.

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions used for grants in 2002, 2001 and 2000, respectively; expected volatility of 50.3% in 2002, 43.3% in 2001, 42.2% in 2000; risk-free interest rates from 3.00% to 6.80% for all plans and years; and expected lives from 3.93 to 8.83 years.

The 1989 Employee Stock Purchase Plan, as amended, authorizes the offering and sale to employees of up to 975,000 shares of the Company's common stock at a price approximately 90% of the closing price of the common stock on the offering date. Under the plan, the Company sold 9,516 and 5,167 shares, to employees in 2001 and 2000, respectively. At December 31, 2002, rights to purchase approximately 60,000 shares were outstanding under this plan at an exercise price of \$6.30 per share and 498,360 additional shares were available for issuance.

Under SFAS No. 123, compensation cost is recognized for the fair value of the employee's purchase rights, which was estimated using the Black-Scholes model with the following assumptions for 2002, 2001 and 2000, respectively: an expected life of one year for all years; a risk-free interest rate of 3.0% for 2002 grants, 6.1% for 2001 grants and 5.2% for 2000 grants, and expected volatility of 50.3% in 2002, 43.3% in 2001 and 42.2% in 2000. The weighted-average fair value of those purchase rights granted in 2002, 2001 and 2000 was \$1.13, \$1.22 and \$1.72, respectively.

Options to purchase 814,509, 1,026,691 and 1,276,776 shares of common stock were outstanding in 2002, 2001, and 2000, respectively, but were not included in the computation of diluted EPS because the options' exercise price was greater than the average market price of the common shares.

NOTE 10. BENEFIT PLANS

The Company sponsors defined benefit pension plans covering certain salaried and hourly employees. Benefits to salaried employees are based upon the highest three consecutive years of earnings out of their last ten years of service; benefits to hourly workers are based upon their years of credited service. Contributions to the plans reflect benefits attributed to employees' service to-date and also to services expected to be provided in the future. Plan assets consist primarily of common and preferred stocks, common stock index funds, investment grade corporate bonds, and U.S. government obligations.

In addition to the Company's defined benefit pension plans, the Company sponsors several defined benefit health care and life insurance plans that provide postretirement medical, dental, and life insurance benefits to full-time employees who meet minimum age and service requirements. The plans are contributory, with retiree contributions adjusted annually, and contain other cost-sharing features such as deductibles and coinsurance. The Company's policy is to fund the cost of medical benefits in amounts determined at the discretion of management.

Edgar Filing: HUFFY CORP - Form 10-K

The Company also sponsors a deferred compensation plan for the benefit of highly compensated management employees. The eligible employees make contributions to the plan and receive postretirement benefits based upon a stated rate of return on those contributions. The Company's policy is to fund the cost of the benefits in amounts determined at the discretion of management.

28

Assumed health care cost trend rates have a significant effect on the amounts reported for the health care plans. A one-percentage-point change in assumed health care cost trend rates would have the following effects:

	2002	

One-Percentage-Point Increase		
Effect on total service and interest cost components	\$ 16	\$
Effect on postretirement benefit obligations	243	
One-Percentage-Point Decrease		
Effect on total service and interest cost components	\$ (15)	\$
Effect on postretirement benefit obligations	(222)	

The Company maintains defined contribution retirement plans covering its eligible employees. The purpose of these defined contribution plans is generally to provide additional financial security during retirement by providing employees with an incentive to make regular savings. The Company's contributions to the plans are based on employee contributions and were \$1,128, \$871 and \$544, for the years ended December 31, 2002, 2001 and 2000, respectively.

29

The following tables sets forth the plans' funded status and amounts recognized in the Company's Consolidated Statements of Operations of as December 31, 2002 and 2001:

	PENSION PLANS		HEALTH CARE & LIFE INSURANCE PLANS

Total tax expense (benefit)	\$ 573	\$ (4,391)
	=====	=====

Certain foreign operations of the Company are subject to United States as well as foreign income tax regulations. Therefore, the preceding sources of income (loss) before income taxes by location and the provision (benefit) for income taxes by taxing jurisdiction are not directly related. These earnings are considered to be indefinitely invested, and accordingly, no United States federal or state income taxes have been provided on these earnings. Determination of the amount of unrecognized deferred taxes on these earnings is not practical, however, unrecognized foreign tax credits would be available to reduce a portion of the tax liability.

Edgar Filing: HUFFY CORP - Form 10-K

The components of the net deferred tax asset as of December 31, 2002 and 2001 were as follows:

	2002
DEFERRED TAX ASSETS:	
Allowance for doubtful accounts	\$ 36
Inventory, principally due to additional cost inventoried for tax purposes	33
Intangibles	(50)
Property, plant, and equipment	(14)
Workers' compensation	1,13
Product liability	95
Deferred compensation	2,71
Accrued vacation	13
Incurred, but not reported	21
Pension liability	11,93
Postretirement benefits other than pensions	1,47
Environmental reserves	1,06
Severance reserves	2
Promotional allowances	1,13
Legal reserve	3,02
Net operating loss carry forward and tax credits	15,35
Other liabilities and reserves	1,92
Gross deferred tax assets	41,15
Valuation allowance	(6,44)
Total deferred tax assets	34,71
DEFERRED TAX LIABILITIES:	
Other deferred liabilities	-
Total deferred tax liabilities	-
Net deferred tax asset	\$ 34,71

Net operating losses of \$38,818 expire on varying dates between 2017 and 2022. Foreign operating losses of \$1,907 expire in 2007. State net operating losses of \$415 expire on varying dates between 2004 and 2022. Tax credits of \$880 expire through varying dates between 2003 and 2017.

The valuation allowance for deferred tax assets as of December 31, 2002 and 2001 were \$6,444 and \$0, respectively. The valuation allowance changed for the period ended December 31, 2002 by \$6,444 related to deferred tax assets acquired in the Gen-X acquisition. In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers projected future taxable income, and tax planning strategies in making this assessment. In order to fully realize the deferred tax asset, the Company will need to generate future taxable income of approximately \$38,818 prior to the expiration of the net operating loss carry-forwards in 2022. Based upon the level of historical taxable income and projections for

Edgar Filing: HUFFY CORP - Form 10-K

future taxable income over the periods, which the deferred tax assets are deductible, management believes it is more likely than not the Company will realize the benefits of these deductible differences, net of the existing valuation allowances at December 31, 2002. The amount of the deferred tax asset considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced. To the extent that

32

the amount of the deferred tax asset realized differs from these estimates and the deferred tax asset was acquired in the Gen-X Sports acquisition, adjustments to the valuation allowance will be reflected as a change in goodwill.

The Company and its domestic subsidiaries file a consolidated U.S. federal income tax return. Such returns have been audited or settled through the year 1996.

NOTE 12. CREDIT CONCENTRATION

Kmart is the Company's largest customer comprising 23% of consolidated net sales in 2002 down from 38% and 28% in 2001 and 2000, respectively. In January 2002, Kmart Corporation filed for reorganization under Chapter 11 of the U.S. Bankruptcy Code. Wal-Mart, the Company's next largest customer made up 20%, 18% and 21% of consolidated net sales in 2002, 2001 and 2000, respectively. Kmart Corporation's receivable balance was 4.0% of total accounts receivable at December 31, 2002 down from 32.3% of total accounts receivable at December 31, 2001. Pre-bankruptcy receivables from Kmart were sold during the second quarter 2002 and cash recovered consistent with previously established reserves. Wal-Mart's receivable balance was 17.4% of total accounts receivable at December 31, 2002 down from 29.5% of total accounts receivable at December 31, 2001.

NOTE 13. SEGMENT DATA

Huffy classifies its business into two segments, sporting goods products and services to retailers. The sporting goods segment includes Huffy companies which market wheeled recreational products, basketballs and other balls, golf clubs and accessories, snowboards and accessories, hockey equipment and apparel, snow skis and accessories, in-line skates, skateboards, other action sports accessories and the excess/opportunity inventory products. The sporting goods segment also includes Huffy companies which manufacture and market basketball backboards. The services to retailers segment include; Huffy companies which assemble and repair bicycles, assemble grills, physical fitness equipment, and furniture, assemble and repair outdoor power equipment, and provide merchandising services to major retailers and for a number of well-known manufacturers and/or distributors serving the Home Center channel.

Segment performance is measured on operating profit or loss (before interest, corporate expenses and income taxes). The accounting policies of the reportable segments are the same as those described in the summary of significant accounting policies in Note 1 of Notes to Consolidated Financial Statements. Intercompany profit or loss is eliminated where applicable.

The information presented below is as of or for the year ended December 31.

NOTE 14. COMMITMENTS AND CONTINGENCIES

The Company leases certain manufacturing and warehouse facilities, office space, machinery, and vehicles under cancelable and non-cancelable operating leases, most of which expire within ten years and may be renewed by the Company. Rent expense under such arrangements totaled approximately \$3,490, \$3,488, and \$4,205, years ended December 31, 2002, 2001, and 2000, respectively.

Future minimum rental commitments under non-cancelable operating leases at December 31, 2002 are as follows:

YEARS ENDED	

2003	\$ 4,899
2004	4,203
2005	3,429
2006	3,210
2007	2,228
Thereafter	993

Total minimum	\$ 18,962
	=====

The Company sold the assets of the Gerry Baby Products Company on April 27, 1997. Until July of 2002 when it expired, the Company maintained an occurrence based insurance policy covering product liability expense associated with products manufactured while it owned Gerry Baby Products. When this policy expired, the Company purchased new insurance which provides claims-made coverage on each claim that exceeds \$5.0 million in value.

LITIGATION

The Company along with numerous California water companies and other potentially responsible parties ("PRPs") for the Baldwin Park Operable Unit of the San Gabriel Valley Superfund have been named in fourteen civil lawsuits which allege claims related to the contaminated groundwater in the Azusa, California area (collectively, the "San Gabriel Cases").

The San Gabriel Cases had been stayed for a variety of reasons, including a number of demurrers and writs taken in the Appellate Division, relating primarily to the California Public Utilities Commission ("PUC") investigation described below. The resulting Appellate Division decisions were reviewed by the California Supreme Court, which ruled in February 2002. The cases have been reactivated as a result of the California Supreme Court's decision, with the trial level Coordination Judge holding a number of Status Conferences on all of the cases, at which conferences issues pertaining to the three master complaints (two of which include the Company as a defendant), preliminary demurrers to such master complaints, case management orders and initial written discovery were discussed. As noted by the matters being discussed with the Court, the toxic tort cases are in their initial stages. Thus, it is impossible to currently predict the outcome of any of the actions.

The Company, along with the other PRPs for the Baldwin Park Operable Unit of the San Gabriel Valley Superfund Site (the "BPOU"), was also named in four civil lawsuits filed by water purveyors. The water purveyor lawsuits alleged CERCLA, property damage, nuisance, trespass and other claims related to the contaminated groundwater in the BPOU (collectively, the "Water Entity Cases"). The Company was named as a direct defendant by the water purveyor in two of these cases, and

Edgar Filing: HUFFY CORP - Form 10-K

was added as a third party defendant in the two others by Aerojet General Corporation, which, in those cases, was the only PRP sued by the water purveyors. Each of the Water Entity Cases have been settled through the entry of the Project Agreement.

34

According to the terms of the Project Agreement, the Water Entity Cases have been dismissed without prejudice. The Third Party complaints filed by Aerojet in connection with the Water Entity Cases are expected to be dismissed without prejudice subject to Aerojet filing a new suit in the event a final allocation agreement cannot be worked out.

On March 12, 1998, the PUC commenced an investigation in response to the allegations in the toxic tort actions that "drinking water delivered by the water utilities caused death and personal injury to customers." The PUC's inquiry addressed two broad issues central to these allegations: 1) "whether current water quality regulation adequately protects the public health;" and 2) "whether respondent utilities are (and for the past 25 years have been) complying with existing drinking water regulation." On November 2, 2000, the PUC issued its Final Opinion and Order Resolving Substantive Water Quality Issues. Significantly, the Order finds, in pertinent part, that: 1) "existing maximum contaminant level ("MCLs") and action level ("ALs") established by the DHS are adequate to protect the public health;" 2) "there is a significant margin of safety when MCLs are calculated so that the detection of carcinogenic contaminants above MCLs that were reported in this investigation are unlikely to pose a health risk;" 3) based upon its comprehensive review of 25 years of utility compliance records, that for all periods when MCLs and ALs for specific chemicals were in effect, the PUC regulated water companies complied with DHS testing requirements and advisories, and the water served by the water utilities was not harmful or dangerous to health; and 4) with regard to the period before the adoption by DHS of MCLs and ALs, a further limited investigation by the PUC Water Division will be conducted.

Based upon information presently available, such future costs are not expected to have a material adverse effect on the Company's financial condition, liquidity, or its ongoing results of operations. However, such costs could be material to results of operations in a future period.

As previously reported, Huffey Corporation divested its Washington Inventory Service subsidiary in November 2000. Subsequently, in late 2001 and mid 2002, two class action suits were filed in California seeking damages for alleged violations of labor practices. As a previous owner, Huffey was potentially obligated to indemnify the subsidiary purchaser for some portion of any liability it or such subsidiary had in the first case and had potential liability in the latter case, both limited to the periods it owned the subsidiary. After protracted negotiations and on advice of counsel, a settlement was negotiated and preliminarily approved on January 28, 2003 by the Superior Court of California, County of Los Angeles. A one-time charge to discontinued operations of \$7,914 million or \$0.43 per common share was taken in the fourth quarter of 2002 to fully resolve this matter.

Huffey Sports Company is party to a collective bargaining agreement that expires on June 15, 2003. Of the Company's total workforce 4% of the employees are subject to this agreement.

NOTE 15. ENVIRONMENTAL EXPENDITURES

Environmental expenditures that relate to current operations are expensed or

Edgar Filing: HUFFY CORP - Form 10-K

capitalized as appropriate. Remediation costs that relate to an existing condition caused by past operations are accrued when it is probable that these costs will be incurred and can be reasonably estimated.

The Company, along with others, has been designated as a potentially responsible party (PRP) by the U.S. Environmental Protection Agency (the "EPA") with respect to claims involving the discharge of hazardous substances into the environment in the Baldwin Park operable unit of the San Gabriel Valley Superfund site. The Company, along with other PRPs, the Main San Gabriel Basin Watermaster (Watermaster), the San Gabriel Water Quality Authority (WQA), and numerous local water districts (Water Districts), have worked with the EPA on a mutually satisfactory remedial plan, with the end result being a joint water supply/clean up Project Agreement which settles four different lawsuits filed by the WQA and the Water Districts. The Project Agreement was signed on March 28, 2002 and was approved by the court and became effective May 9, 2002. In developing its estimate of environmental remediation costs, the Company considers, among other things, currently available technological solutions, alternative cleanup methods, and risk-based assessments of the contamination and, as applicable, an estimation of its proportionate share of remediation costs. The Company may also make use of external consultants and consider, when available, estimates by other PRPs and governmental agencies and information regarding the financial viability of other PRPs. Based upon information currently available, the Company believes it is unlikely that it will incur substantial previously unanticipated costs as a result of failure by other PRPs to satisfy their responsibilities for remediation costs.

The Company has recorded environmental accruals that, based upon the information available, are adequate to satisfy known remediation requirements. The total accrual for estimated environmental remediation costs related to the Superfund site and other potential environmental liabilities was \$4,569 (\$6,119 before discounting at 6.75%) at December 31, 2002. Of that amount, the Company has a deposit of \$3,192 that is held in escrow under the terms of the settlement agreement. Amounts in escrow will be used to fund future costs and will serve as a long-term performance assurance pending the completion of remediation. Management expects that the expenditures relating to costs currently accrued will be made over a period of fourteen years. Expenditures for the 2003 through 2007 are expected to be \$879, \$972, \$332, \$329, and \$239, respectively.

35

Based upon information presently available, such future costs are not expected to have a material adverse effect on the Company's financial condition, liquidity, or its ongoing results of operations. However, such costs could be material to results of operations in a future period.

	2002	2001
	-----	-----
Total expenditures	\$ 4,212	\$ 2,4
Expenditures charged to environmental accrual	2,587	1,0
Environmental accrual	4,569	6,9
Escrow Account	\$ 3,192	

The environment escrow accounts are classified as current prepaid assets on the consolidated balance sheet if the funds are expected to be expended within the next 12 months and as long-term other assets for those funds, which are expected

Edgar Filing: HUFFY CORP - Form 10-K

to be expended beyond 12 months. The current escrow balance at December 31, 2002 was \$879 and the long-term escrow balance at December 31, 2002 was \$2,313. The environmental accrual is similarly classified on the consolidated balance sheet with \$879 shown in accrued liabilities and \$3,690 shown in other long-term liabilities as of December 31, 2002.

NOTE 16. ACCOUNTING PRONOUNCEMENTS ISSUED NOT IMPLEMENTED

In August 2001, the Financial Accounting Standards Board ("FASB") issued SFAS No. 143, "Accounting for Asset Retirement Obligations" ("SFAS No. 143"), which will be effective for the Company beginning January 1, 2003. SFAS No. 143 addresses the financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs.

In April 2002, the FASB issued SFAS No. 145, "Rescission of FASB Statements No. 4, 44, 64, Amendment of FASB Statement No. 13, and Technical Corrections" ("SFAS 145"), which will be effective for the Company beginning January 1, 2003. SFAS No. 145 rescinds SFAS Nos. 4, 44, 64 and amends SFAS No. 13, "Accounting for Leases", to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions.

In June 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS No. 146"), which will be effective for the Company beginning January 1, 2003. SFAS No. 146 requires that a liability for a cost associated with an exit or disposal activity be recognized at fair value when the liability is incurred unless the liability is for one-time termination benefits incurred over time. SFAS No. 146 nullifies Emerging Issues Task Force Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (Including Costs Associated with a Restructuring)".

The Company has assessed the impact of SFAS Nos. 143, 145, and 146, and estimates that the impact of these standards will not be material to the Company's financial condition, results of operations or liquidity.

In November 2002, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," which elaborates on required disclosures by a guarantor in its financial statements about obligations under certain guarantees that it has issued and clarifies the need for a guarantor to recognize, at the inception of certain guarantees, a liability for the fair value of the obligation undertaken in issuing the guarantee. The Company is reviewing the provisions of this Interpretation relating to initial recognition and measurement of guarantor liabilities, which are effective for qualifying guarantees entered into or modified after December 31, 2002, but does not expect it to have a material impact on the Company's financial statements. The disclosure requirements of the Interpretation, which are effective for the Company's year ended December 31, 2002, are included in footnotes 2 and 5 to the consolidated financial statements, which discuss contingent consideration relative to the Company's acquisition of Gen-X, as well as the Company's disclosures relative to its product warranty liability.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation -- Transition and Disclosure, an amendment of FASB Statement No. 123" ("SFAS No. 148"). SFAS No. 148 amended SFAS No. 123, "Accounting for Stock-Based Compensation", to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for employee stock-based compensation. In addition, SFAS No. 148 amends the disclosure

Edgar Filing: HUFFY CORP - Form 10-K

requirements of SFAS No. 123 to require prominent disclosure in annual and interim financial statements about the method of accounting for stock-based compensation and its effect on reported results. The disclosure provisions of SFAS No. 148 are included in the accompanying Notes to Consolidated Financial Statements. The Company applies the principles of APB Opinion No. 25 and related interpretations in accounting for its stock-based compensation plans. See Note 8 to the consolidated financial statements.

In January 2003, the Financial Accounting Board issued FASB Interpretation No. 46, "Consolidation of Variable Interest Entities," which addresses consolidation by a business of variable interest entities in which it is the primary beneficiary. The Interpretation is effective immediately for certain disclosure requirements and variable interest entities created after January 31, 2003, and is fiscal 2004 for all other variable interest entities. The Company is reviewing the provisions of the Interpretation and complies with the disclosure requirements, but does not expect the Interpretation to have a material impact on the Company's financial statements.

NOTE 17. DISCONTINUED OPERATIONS

On November 3, 2000, the Company sold the stock of its Washington Inventory Service (WIS) subsidiary to WIS Acquisition Corp., a subsidiary of WIS Holdings Corp., for \$84,750 subject to certain post-closing adjustments. Earnings from discontinued operations in 2000 were \$7,976 (\$4,537 after tax). The gain on disposal of discontinued operations was \$36,863 (\$20,781 after tax). The results for Washington Inventory Service have been classified as discontinued operations in the Consolidated Statements of Operations and Cash Flows for the year ended December 31, 2000.

During the year ended December 31, 2002, the Company recognized expenses of \$9,185 (\$5,970 after tax), including the pending Miranda case settlement, associated legal expenses and other contractually indemnified liabilities related to WIS. These expenses are included in the Consolidated Statements of Operations and Cash Flows as Loss from Discontinued Operations for the year ended December 31, 2002.

NOTE 18. EXTRAORDINARY ITEM

Net extraordinary charges of \$1,573 (\$998 after taxes) were recorded in 2000 from the early extinguishment of debt. Unamortized financing costs of \$2,189 were offset by interest forgiven on the subordinated note of \$404 and early repayment debt forgiveness of \$212 on an economic development grant.

36

NOTE 19. QUARTERLY FINANCIAL DATA (UNAUDITED)

Quarterly financial data for the years ended December 31, 2002, 2001 and 2000 as follows:

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

Not applicable.

PART III

ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF THE REGISTRANT

DIRECTORS OF THE COMPANY

The name, age and background information for each of the Company's Directors is set forth in the section entitled ELECTION OF DIRECTORS and the table therein contained in the Company's Proxy Statement for its 2003 Annual Meeting of Shareholders, and is hereby incorporated herein by reference.

EXECUTIVE OFFICERS OF THE COMPANY

The Executive Officers are elected annually to their respective positions, effective at the April meeting of the Board of Directors. The Executive Officers of the Company at January 2, 2003, were as follows:

NAME ----	AGE ---	POSITION -----
Don R. Graber	59	Chairman of the Board, President and Chief Executive Officer
Timothy G. Howard	56	Vice President -- Controller
Robert W. Lafferty	58	Vice President -- Finance, Chief Financial Officer and Treasurer
Nancy A. Michaud	56	Vice President -- General Counsel and Secretary

Mr. Lafferty was elected Vice President-Finance, Chief Financial Officer and Treasurer on January 3, 2000. Prior to such election, he served as Vice President and Chief Financial Officer of Gencor Industries, Inc. (a manufacturer of highway construction and food processing equipment) from 1998; prior thereto he was Senior Vice President of Hoechst Marion Roussel AG (a pharmaceutical business) from 1996; prior thereto he was Senior Vice President, Finance of Hoechst Marion Roussel Inc. (a pharmaceutical business).

ITEM 11. EXECUTIVE COMPENSATION

Information on executive compensation is set forth in the section entitled EXECUTIVE COMPENSATION and the tables therein, contained in the Company's Proxy Statement for its 2003 Annual Meeting of Shareholders, and is hereby incorporated herein by reference. Notwithstanding anything to the contrary set forth herein or in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended,

Edgar Filing: HUFFY CORP - Form 10-K

that might incorporate future filings, including this Form 10-K, the section entitled REPORT OF COMPENSATION COMMITTEE and the Performance Graph which is set forth in the Company's Proxy Statement for its 2003 Annual Meeting of Shareholders are not deemed to be incorporated by reference in this Form 10-K.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The number of shares of Common Stock of the Company beneficially owned by each Director and by all Directors and Officers as a group as of January 2, 2003, set forth in the section entitled SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT, and the table therein, is contained in the Company's Proxy Statement for its 2003 Annual Meeting of Shareholders, and is hereby incorporated herein by reference.

38

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Information on certain transactions with management set forth in the section entitled CERTAIN RELATIONSHIPS AND OTHER RELATED TRANSACTIONS is contained in the Company's Proxy Statement for its 2003 Annual Meeting of Shareholders, and is hereby incorporated herein by reference.

ITEM 14. CONTROLS AND PROCEDURES

EVALUATION OF CONTROLS AND PROCEDURES

Within 90 days prior to the filing of this report, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer (CEO) and Chief Financial Officer (CFO), an evaluation of the effectiveness of the Company's disclosure controls and procedures was performed. Based on this evaluation, the CEO and CFO have concluded that the Company's disclosure controls and procedures are effective to ensure that material information is recorded, processed, summarized and reported by management of the Company on a timely basis in order to comply with the Company's disclosure obligations under the Securities Exchange Act of 1934 and the SEC rules thereunder.

CHANGES IN INTERNAL CONTROLS

There were no significant changes in the Company's internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation.

39

PART IV

ITEM 15. EXHIBITS, FINANCIAL STATEMENT SCHEDULES AND REPORTS ON FORM 8-K

(a) DOCUMENTS FILED AS PART OF THIS REPORT

Edgar Filing: HUFFY CORP - Form 10-K

(1) Financial statements

The following financial statements are filed as part of this report. See index on page 2 of this report.

Report of Independent Auditors

Consolidated Balance Sheets as of December 31, 2002 and 2001

Consolidated Statements of Operations for the years ended December 31, 2002, 2001, and 2000

Consolidated Statements of Cash Flows for the years ended December 31, 2002, 2001, and 2000

Consolidated Statements of Shareholders' Equity for the years ended December 31, 2002, 2001, and 2000

Notes to Consolidated Financial Statements

(2) The Accountants' Report on Consolidated Financial Statements and the following Financial Statement Schedule of the Company is included as part of this Report at Item 8 hereof:

Schedule II. Valuation and Qualifying Accounts -- years ended December 31, 2002, 2001, and 2000

All other schedules for which provision is made in the applicable accounting regulations of the Securities and Exchange Commission are not required under the related instructions or are inapplicable and, therefore, have been omitted.

(3) The exhibits shown in "Index to Exhibits" are filed as a part of this Report.

(b) REPORTS ON FORM 8-K

During the fiscal quarter ended December 31, 2002, the Company filed five reports on Form 8-K dated October 4, 2002, October 29, 2002, November 8, 2002, November 13, 2002 and November 20, 2002 and an amendment to Form 8-K filed on December 2, 2002. These reports on Form 8-K discussed the Company's litigation involving Washington Inventory Service, Inc. and the Company's acquisition of Gen-X Sports Inc. (which reports included financial statements of the Company).

40

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

CERTIFICATIONS

I, Don R. Graber, certify that:

1. I have reviewed this annual report on Form 10-K of Hufffy Corporation;
2. Based on my knowledge, this annual report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this annual report;
3. Based on my knowledge, the financial statements, and other financial information included in this annual report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the years presented in this annual report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:
 - a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this annual report is being prepared;
 - b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this annual report (the "Evaluation Date"); and
 - c) presented in this annual report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):
 - a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The registrant's other certifying officers and I have indicated in this annual report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

CERTIFICATIONS

I, Robert W. Lafferty, certify that:

1. I have reviewed this annual report on Form 10-K of Huffly Corporation;
2. Based on my knowledge, this annual report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this annual report;
3. Based on my knowledge, the financial statements, and other financial information included in this annual report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the years presented in this annual report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:
 - a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this annual report is being prepared;
 - b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this annual report (the "Evaluation Date"); and
 - c) presented in this annual report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):
 - a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The registrant's other certifying officers and I have indicated in this annual report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

INDEPENDENT AUDITORS' REPORT
ON FINANCIAL STATEMENT SCHEDULE

The Board of Directors and Shareholders,
Huffy Corporation:

Under date of January 31, 2003, we reported on the consolidated balance sheets of Huffy Corporation and subsidiaries (Company) as of December 31, 2002 and 2001, and the related consolidated statements of operations, shareholders' equity and cash flows for each of the years in the three-year period ended December 31, 2002, which are included in the Company's 2002 Annual Report on Form 10-K. In connection with our audits of the aforementioned consolidated financial statements, we also audited the related consolidated financial statement schedule as listed in Part IV, item 15(a)(2) of Form 10-K. The financial statement schedule is the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statement schedule based on our audits.

In our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.
