PROXY STATEMENT

2004 ANNUAL MEETING OF SHAREHOLDERS

The enclosed proxy is solicited on behalf of the board of directors of Transcat, Inc., an Ohio corporation, for use at the annual meeting of shareholders to be held on Tuesday, August 17, 2004, at 12:00 noon, local time, or at any adjournment or postponement thereof, for the purposes set forth in this proxy statement and in the accompanying notice of annual meeting of shareholders.

Location of Annual Meeting

The annual meeting will be held at our headquarters, which are located at 35 Vantage Point Drive, Rochester, New York 14624.

Principal Executive Offices

Our principal executive offices are located at 35 Vantage Point Drive, Rochester, New York 14624, and our telephone number is (585) 352-7777.

Mailing Date

These proxy solicitation materials are first being mailed by us on or about July 7, 2004 to all shareholders entitled to vote at the annual meeting.

Record Date; Outstanding Shares

Shareholders of record at the close of business on June 30, 2004, the record date for the annual meeting, are entitled to notice of and to vote at the annual meeting. We have one class of shares outstanding, designated common stock, \$0.50 par value per share. As of the record date, 6,368,442 shares of our common stock were issued and outstanding.

Solicitation of Proxies

We are making this solicitation of proxies, and we will bear all related costs. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited on our behalf, in person or by telephone or facsimile, by our directors, officers and regular employees, none of whom will receive additional compensation for doing so. In addition, we have retained Regan & Associates, Inc., a professional solicitation firm, which will assist us in delivering material and soliciting proxies for a fee of \$5,500.

Revocability of Proxies

You may revoke any proxy given pursuant to this solicitation, at any time before it is voted, by either:

delivering a written notice of revocation or a duly executed proxy bearing a later date; or

attending the annual meeting and voting in person.

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the annual meeting, you must bring to the annual meeting a letter from the broker, bank or other nominee confirming both (1) your beneficial ownership of the shares; and (2) that the broker, bank or other nominee is not voting the shares at the meeting.

Voting; Cumulative Voting

Generally, each shareholder is entitled to one vote for each share held as of the record date. With respect to the election of directors, shareholders can cumulate their votes in certain circumstances. Cumulative voting is a system of voting whereby each shareholder receives a number of votes equal to the number of shares that the shareholder holds as of the record date multiplied by the number of directors to be elected. Thus, for example, if you held 100 shares as of the record date, you would be entitled to cast 300 votes (100 shares x three directors) for the election of directors. Cumulative voting is only allowed for the election of directors and is not permitted for voting on any other proposal.

To employ cumulative voting for the election of directors at the annual meeting, you must notify the president, a vice president or the secretary that you desire that cumulative voting be used at the annual meeting for the election of directors. Such notice must be in writing, and it must be given at least 48 hours before the time fixed for holding the annual meeting. In addition, a formal announcement must be made at the commencement of the annual meeting by the chairman, the secretary or by or on behalf of you, stating that such notice has been given.

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the annual meeting in accordance with the instructions on such proxies. If no specific instructions are given, the shares will be voted:

FOR the election of the three nominees for directors described herein;

FOR the proposal to fix the number directors constituting the board of directors at 11; and

FOR the ratification of the selection of PricewaterhouseCoopers LLP as the company's independent auditors for the fiscal year ending March 26, 2005.

The shares may also be voted for such other business as may properly come before the annual meeting or at any adjournment or postponement thereof.

Quorum

A quorum is required for shareholders to conduct business at the annual meeting. The presence, in person or by proxy, of the holders of shares having a majority of the votes that could be cast by the holders of all outstanding shares of stock entitled to vote at the meeting will constitute a quorum.

Effect of Abstentions

Abstentions are counted for the purpose of establishing a quorum and will have the same effect as a vote against a proposal (other than the election of directors).

Effect of Broker Non-Votes

Under the rules governing brokers who have record ownership of shares that they hold in street name for their clients, who are the beneficial owners of such shares, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Broker non-votes generally occur when shares held by a broker nominee for a beneficial owner are not voted with respect to a proposal because the nominee has not received voting instructions from the beneficial owner and lacks discretionary authority to vote the shares. Brokers normally have discretion to vote on routine matters, such as director elections and the ratification of the selection of independent auditors, but not on non-routine matters.

Because the proposals to be acted upon at the annual meeting may include both routine and non-routine matters, with respect to uninstructed shares, the broker may turn in a proxy card and vote on the routine matters but not on the non-routine matters. Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of shares entitled to vote on a specific proposal. A broker non-vote will not affect the outcome of any proposal in this proxy statement.

Vote Required

The table below shows the vote required to approve each of the proposals described in this proxy statement, assuming the presence of a quorum at the annual meeting.

Proposal Number	Proposal Description	Vote Required
Proposal One	Election of three members of the board of directors	Plurality of the votes duly cast
Proposal Two	Fix the number of directors constituting the board of directors at 11	Majority of the votes duly cast
Proposal Three	Ratification of the selection of PricewaterhouseCoopers LLP as the company's independent auditors for the fiscal year ending March 26, 2005	Majority of the votes duly cast

PROPOSAL ONE

ELECTION OF DIRECTORS

Nominees Proposed for Election as Directors for a Term Expiring in 2007

We currently have nine directors (see Proposal Two which, if adopted by the shareholders, would result in the board having 11 directors). Our articles of incorporation provide for a classified board of directors consisting of three classes of directors, each serving staggered three-year terms. As a result, only a portion of our board of directors is elected each year.

At the annual meeting, the shareholders will elect three directors to hold office for a term expiring in 2007 or until each of their successors is duly elected and qualified. Based on the recommendation of the corporate governance and nominating committee, we have nominated Nancy D. Hessler, Robert G. Klimasewski, and Paul D. Moore for election. Each of Ms. Hessler and Messrs. Klimasewski and Moore is currently a director, and we recommend their election.

Unless authority to vote for one or more of the nominees is specifically withheld according to the instructions on your proxy card, proxies in the enclosed form will be voted FOR the election of each of Ms. Hessler and Messrs. Klimasewski and Moore. The votes represented by such proxies may be cumulated if proper notice is given (see Voting; Cumulative Voting on page 2).

We do not contemplate that any of the nominees will be unable to serve as a director, but if that contingency should occur prior to the voting of the proxies, the persons named in the enclosed proxy reserve the right to vote for such substitute nominee or nominees as they, in their discretion, determine. However, proxies in the enclosed form cannot be voted for a greater number of persons than the number of nominees named in this proxy statement.

PROPOSAL TWO

NUMBER OF DIRECTORS

Background and Purpose

Article II, Section 1 of our Code of Regulations (or by-laws), dealing with the size of our board of directors, currently provides that the board will consist of such number of directors, not less than three nor more than 12, as may be fixed from time to time by a majority vote of the shares present at a meeting of shareholders. Currently, the board of directors consists of nine directors. The board of directors believes that it is in the best interest of the company that the size of the board of directors be increased to 11. By increasing the size of the board of directors to 11, we will be able to increase diversity of experience and points of view on the board and to add to the board's membership highly qualified individuals who can contribute their knowledge, experience and expertise to the management of the company. In addition, by allowing for a larger group of directors, we will be better prepared to satisfy current and future corporate governance requirements under the Sarbanes-Oxley Act of 2002, rules promulgated by the Securities and Exchange Commission and the rules of the Nasdaq Stock Market, such as those requiring that independent directors constitute a majority of the board of directors and that each member of the audit, compensation and nominating committees be independent.

If this proposal is approved and the number of directors is fixed at 11, there will be two vacancies on the board of directors existing following the annual meeting. These vacancies will not be filled at the annual meeting. The board of directors will have the authority to fill such vacancies pursuant to Article II, Section 2 of our Code of Regulations. After identifying and evaluating prospective candidates, the corporate governance and nominating committee will submit to the full board for consideration recommendations for candidates for appointment to the board of directors to fill such vacancies. The corporate governance and nominating committee's procedures for identifying and evaluating candidates is described in CORPORATE GOVERNANCE; Board Committees; Corporate Governance and Nominating Committee on pages 8 and 9. One of the new directors appointed to fill such vacancies will be added to the class whose term expires at the 2005 annual meeting, and the other new director will be added to the class whose term expires at the 2006 annual meeting, and each such director shall continue for the remainder of the term of the class to which he or she is appointed.

Required Vote and Board Recommendation

The affirmative vote of at least a majority of the shares of common stock present at the meeting, in person or by proxy, without regard to broker non-votes, is required to approve the proposal to fix the number of directors constituting the board of directors at 11. The board recommends a vote in favor of the proposal to fix the number of directors at 11, and the persons named in the enclosed proxy (unless otherwise instructed therein) will vote such proxies FOR such proposal.

PROPOSAL THREE

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The firm of PricewaterhouseCoopers LLP, an independent registered public accounting firm, served as our independent auditors for the fiscal year ended March 27, 2004, which for convenience is referred to as fiscal year 2004 in this proxy statement. In addition to the audit of the fiscal year 2004 financial statements, we engaged PricewaterhouseCoopers LLP to perform certain services, for which it was paid professional fees, as discussed below.

The audit committee has selected PricewaterhouseCoopers LLP as our independent auditors for the fiscal year ending March 26, 2005. This selection is being presented to the shareholders for ratification at the annual meeting. The board of directors recommends a vote in favor of the proposal to ratify the selection of PricewaterhouseCoopers LLP to serve as our independent auditors for the fiscal year ending March 26, 2005, and the persons named in the enclosed proxy (unless otherwise instructed therein) will vote such proxies FOR this proposal. If the shareholders do not ratify this selection, the audit committee will reconsider its choice.

We have been advised by PricewaterhouseCoopers LLP that a representative will be present at the annual meeting and will be available to respond to appropriate questions. We intend to give such representative an opportunity to make a statement if he or she should so desire.

Fees Billed by PricewaterhouseCoopers LLP during Fiscal Years 2003 and 2004

During the fiscal year ended March 31, 2003, which for convenience is referred to as fiscal year 2003 in this proxy statement, and fiscal year 2004, PricewaterhouseCoopers LLP billed us fees for services as follows (in thousands):

	Fiscal Year 2003	Fiscal Year 2004
Audit Fees	\$ 67,600	\$ 70,000
Audit-Related Fees	2,000	2,200
Tax Fees	84,130	96,770
All Other Fees	9,500	9,750
Total	\$ 163,230	\$ 178,720

Audit Fees consist of fees billed for professional services rendered for the audit of our annual financial statements, reviews of the financial statements included in our Quarterly Reports on Form 10-Q, and other services provided in connection with statutory and regulatory filings.

Audit-Related Fees consist of fees billed for assurance and related services rendered that are reasonably related to the performance of the audit or review of our financial statements, and which are not included in Audit Fees. Tax Fees consist of fees for tax compliance, tax advice and tax planning services. All Other Fees consist of fees for services rendered in connection with the limited-scope audit of our Long-Term Savings and Deferred Profit Sharing Plan.

The audit committee considered the provision by PricewaterhouseCoopers LLP of non-audit services to the company and determined that the provision of these services was compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Policy on Pre-Approval of Retention of Independent Auditors

The engagement of PricewaterhouseCoopers LLP for non-audit accounting and tax services performed for the company is limited to those circumstances where these services are considered integral to the audit services that it provides or in which there is another compelling rationale for using its services. Pursuant to the Sarbanes-Oxley Act of 2002 and the audit committee's charter, the audit committee is responsible for the engagement of our independent auditors and for pre-approving all audit and non-audit services provided by our independent auditors that are not prohibited by law.

The pre-approval requirements are not applicable with respect to the provision of de-minimis non-audit services that are approved in accordance with the Securities Exchange Act of 1934, as amended and our audit committee charter. The audit committee may delegate to one or more designated members of the audit committee the authority to grant required pre-approval of auditing and non-audit services. The decision of any member to whom authority is delegated shall be presented to the full audit committee at its next scheduled meeting.

The pre-approval requirements became effective during fiscal year 2004, and 89 percent of the services listed above as Audit-Related Fees, Tax Fees and All Other Fees for fiscal year 2004 (which constitute all of such services that were contracted for after the effective date of such requirements) were pre-approved by the audit committee.

CORPORATE GOVERNANCE

Board Meetings

The board of directors held six meetings during fiscal year 2004. Each director then in office attended at least 75% of the total of such board meetings and meetings of board committees on which he or she served.

Board Committees

The board of directors has established, among other committees, an audit committee, a compensation committee (formerly the compensation, benefits and stock options committee), and a corporate governance and nominating committee (formerly the committee on directors).

Audit Committee

The current members of the audit committee are Mr. Moore (chair), Mr. Bradley, Dr. Palmer and Mr. Smith. The board has determined that each of Mr. Moore, Mr. Bradley, Dr. Palmer and Mr. Smith is independent pursuant to the listing standards for the Nasdaq Stock Market. The board of directors has determined that each audit committee member has sufficient knowledge in financial and auditing matters to serve on the audit committee. The board of directors has designated Mr. Moore, the audit committee chairman, as an audit committee financial expert in accordance with the definition of audit committee financial expert set forth in Item 401(h)(2) of Regulation S-K, as adopted by the Securities and Exchange Commission. The board determined that Mr. Moore qualifies as an audit committee financial expert by virtue of his 25-year career in banking and corporate lending with M&T Bank Corporation.

The audit committee serves as an independent and objective party to monitor our financial reporting process and internal control system; retains, pre-approves audit and non-audit services to be performed by, and directly consults with our independent auditors; reviews and appraises the efforts of our independent auditors; and provides an open avenue of communication among our auditors, financial and senior management and the board of directors. Our revised audit committee charter, which has been adopted by the board and is attached as appendix A to this proxy statement, more specifically sets forth the duties and responsibilities of the audit committee. The audit committee's report relating to fiscal year 2004 appears on page 16. The audit committee held five meetings during fiscal year 2004.

Compensation Committee

The current members of the compensation committee are Ms. Hessler (chair) and Mr. Murphy. The board has determined that each of Ms. Hessler and Mr. Murphy is independent pursuant to the listing standards for the Nasdaq Stock Market. Among its duties, the compensation committee determines the compensation and benefits paid to Mr. Sassano, our chairman, president and chief executive officer (see EXECUTIVE COMPENSATION on page 12). Mr. Sassano routinely consults with the compensation committee in connection with his determination of the compensation and benefits paid to our other executive officers. However, he neither participates nor is otherwise involved in the deliberations of the compensation committee with respect to his own compensation and benefits. The compensation committee's report relating to fiscal year 2004 begins on page 14. The compensation committee held one meeting during fiscal year 2004.

Corporate Governance and Nominating Committee

The current members of the corporate governance and nominating committee are Mr. Murphy (chair) and Mr. Smith. The board has determined that each of Mr. Murphy and Mr. Smith is independent pursuant to the listing standards for the Nasdaq Stock Market.

The corporate governance and nominating committee is charged with determining the slate of director nominees for election to the board of directors, identifying and recommending candidates to fill vacancies on the board, and reviewing, evaluating and recommending changes to our corporate governance processes. Among its duties and responsibilities, the corporate governance and nominating committee periodically evaluates and

assesses the performance of the board of directors; reviews the qualifications of candidates for director positions; assists in identifying, interviewing and recruiting candidates for the board; reviews the composition of each committee of the board and presents recommendations for committee memberships; reviews the compensation paid to non-employee directors; reviews and recommends changes to the charter of the corporate governance and nominating committee and to the charters of other board committees.

The process followed by the corporate governance and nominating committee to identify and evaluate candidates includes requests to board members, the chief executive officer, and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and their qualifications, and interviews of selected candidates.

The corporate governance and nominating committee also considers and establishes procedures regarding recommendations for nomination to the board submitted by shareholders. Such recommendations for nomination, together with appropriate biographical information, should be sent to the following address: Transcat, Inc., 35 Vantage Point Drive, Rochester, New York 14624, Attention: Corporate Secretary. The qualifications of recommended candidates will be reviewed by the corporate governance and nominating committee.

In evaluating the suitability of candidates (other than our chief executive officer) to serve on the board of directors, including shareholder nominees, the corporate governance and nominating committee will seek candidates who are independent pursuant to the listing standards for the Nasdaq Stock Market and meet certain selection criteria established by the corporate governance and nominating committee. The corporate governance and nominating committee will also consider an individual's skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria that may contribute to our success. This evaluation is performed in light of the skill set and other characteristics that would most complement those of the current directors, including the diversity, maturity, skills and experience of the board as a whole.

The corporate governance and nominating committee acts pursuant to a written charter adopted by the board of directors, a copy of which is attached as appendix B to this proxy statement. The corporate governance and nominating committee held one meeting during fiscal year 2004.

Shareholder Communications

Shareholders may send correspondence by mail to the full board of directors or to individual directors. Shareholders should address such correspondence to the board of directors or the relevant board members in care of: Transcat, Inc., 35 Vantage Point Drive, Rochester, New York 14624, Attention: Corporate Secretary.

All shareholder correspondence will be compiled by our corporate secretary and forwarded as appropriate. In general, correspondence relating to corporate governance issues, long-term corporate strategy or similar substantive matters will be forwarded to the board of directors, one of the aforementioned committees of the board, or a member thereof for review. Correspondence relating to the ordinary course of business affairs, personal grievances, and matters as to which we tend to receive repetitive or duplicative communications are usually more appropriately addressed by the officers or their designees and will be forwarded to such persons accordingly.

Directors Compensation

Directors who are also employees of the company (currently, only Mr. Sassano) are paid no compensation for their services as directors. Our Amended and Restated Directors Stock Plan (the Directors Stock Plan) provides for automatic, non-discretionary awards of shares of common stock, in lieu of cash directors fees, to each non-employee director who elects to participate. During fiscal year 2004 (but prior to October 28, 2003), Mr. Bradley, Mr. Garelick, Ms. Hessler, Mr. Klimasewski, Mr. Moore, Mr. Murphy, Dr. Palmer and Mr. Smith elected to participate in the Directors Stock Plan, and an aggregate of 36,928 shares of common stock were awarded to them. Mr. Bradley has elected to defer receipt of 50% of the shares awarded to him under the Directors Stock Plan between June 20, 2001 and March 31, 2003, and Ms. Hessler has elected to defer receipt of all of the shares awarded to her under the Directors Stock Plan between July 5, 2001 and March 31, 2003.

Messrs. Klimasewski and Murphy and Dr. Palmer have elected to defer receipt of all of the shares awarded to each of them under the Directors Stock Plan between April 1, 2002 and March 31, 2003. All of such shares will be issued to each director at such time and in accordance with the terms of his or her prior election.

As of October 28, 2003, all non-employee directors voluntarily elected to stop receiving awards under the Directors Stock Plan, and to receive cash compensation for service, as hereafter described, until further notice. Specifically, as approved by our board of directors on October 28, 2003, we will pay to all non-employee directors the following: \$1,500 for attendance at each board meeting, \$500 for attendance at each meeting of a committee on which that director serves, and a retainer of \$10,000 per year. The Board further approved an additional annual retainer to our lead director (\$10,000), chairman of the audit committee (\$5,000), chairman of the compensation committee (\$2,500), chairman of the corporate governance and nominating committee (\$2,500) and chairmen of other committees (\$2,500).

During fiscal year 2004, we paid Mr. Murphy \$20,000 in cash for his additional services during the prior fiscal year as chairman of the board and, subsequently, as lead director; we paid Mr. Moore \$5,000 in cash for his additional services during the prior fiscal year as chair of the audit committee; and we paid Ms. Hessler \$2,500 in cash for her additional services during the prior fiscal year as chair of the compensation committee. Mr. Bradley is also reimbursed for travel expenses for board and committee meetings he attends in person.

Pursuant to our Amended and Restated Directors Warrant Plan, during fiscal year 2004 each non-employee director then in office received an automatic, non-discretionary grant of a warrant, expiring on August 19, 2008, to purchase 4,000 shares of common stock at an exercise price of \$2.31 per share (the market price of the common stock on the grant date). Each warrant becomes exercisable in 1,000-share increments on specified dates provided that the market price of the common stock reaches and maintains certain specified levels; in any event, each warrant vests and becomes exercisable on August 20, 2007. None of the warrants is transferable, except by will or intestacy, and during the director's lifetime they are exercisable only by the director. Unexercised warrants lapse 90 days after the date a director ceases to be a director. No directors' warrants were exercised during fiscal year 2004.

- (2) Does not include the value of perquisites and other personal benefits because the aggregate amount of such compensation for any year does not exceed 10% of the total amount of annual salary and bonus for any named executive.
- (3) In fiscal year 2004, Mr. Sassano received a restricted stock grant of 60,000 shares and Mr. Hadeed received a restricted stock grant of 10,000 shares, and the dollar value attributed to these shares represents the aggregate fair market value of the shares on the respective dates of the awards. As of March 27, 2004, Mr. Sassano held 60,000 shares of restricted stock and Mr. Hadeed held 10,000 shares. The dollar value of these shares or units held as of March 27, 2004 (based on the closing market price on such date of \$2.40 per share) was Mr. Sassano - \$144,000, and Mr. Hadeed - \$24,000. Stock Options

The table below shows information with respect to stock options granted during fiscal year 2004 to the named executives under our 2003 Incentive Plan and its predecessor, our Amended and Restated 1993 Stock Option Plan. We have no provisions for stock appreciation rights.

Option Grants in Fiscal Year 2004

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term (1)

Alan J. Olderstein (2)	10,000	6.8	2.20	10/27/2013	13,800	35,100

(1) The dollar amounts in these columns are the result of calculations of potential realizable value at the 5% and 10% rates set by the Securities and Exchange Commission and are not intended to forecast future appreciation of our common stock. There can be no assurance that our common stock will perform at the assumed annual rates shown in the table. We will neither make nor endorse any predictions as to future stock performance. As an alternative to the assumed potential realizable values stated in the 5% and 10% columns, Securities and Exchange Commission rules would permit stating the present value of such options at the date of grant. Methods of computing present value suggested by different authorities can produce significantly different results. Moreover, since stock options granted by us are not transferable, there are no objective criteria by which any computation of present value can be verified. Consequently, we have not chosen this alternative for the purposes of the table.

(2) Mr. Olderstein left the company in December 2003.

The table below shows information with respect to (1) options exercised by the named executives during fiscal year 2004; and (2) unexercised options held by them at the end of fiscal year 2004.

Change-in-Control Arrangements

On February 12, 2004, we entered into an Agreement for Severance Upon Change in Control with each of Carl E. Sassano, our chairman, president and chief executive officer, and Charles P. Hadeed, our vice president of finance and chief financial officer. Pursuant to these agreements, if a change in control of the company occurs and the employment of Mr. Sassano or Mr. Hadeed is terminated for any reason (other than voluntary resignation, death, disability, or retirement, or termination by the company for certain reasons) during the period beginning with the agreement for or announcement of a proposed change in control and ending 24 months following the change in control, we would be required to continue to pay them their full salary and bonus and continue their benefits for a period of 24 months following the date of termination of employment, and all stock grants, stock options and similar arrangements would immediately vest.

REPORT OF THE COMPENSATION COMMITTEE*

The following report of the compensation committee covers the compensation of all our senior executives, including Carl E. Sassano, our chairman, president and chief executive officer.

Executive Compensation Philosophy

The goals of the company's executive compensation program are to align compensation with business objectives and performance, and to enable the company to attract, retain and reward executives who contribute to the short-term and long-term success of the company and thus contribute to increasing shareholder value.

The company attempts to compensate its executives competitively. To ensure that compensation is competitive, the company periodically compares its compensation practices with those of comparable companies and adjusts its compensation parameters based on this review. More importantly, the company's executive compensation program is intended to compensate sustained performance. Executives are rewarded based upon both corporate performance and individual performance. Corporate performance is evaluated by reviewing the extent to which strategic and business plan goals are met, including such factors as operating profit and performance. Individual performance is evaluated by reviewing organizational and management development progress against set objectives and goals.

The primary criteria for the awarding of incentive compensation are as follows:

company-wide profitability in excess of an annually pre-determined amount is generally a prerequisite to the payment of any incentive compensation, so that every executive is motivated to achieve profitability for the entire company;

incentive compensation is measured by the company's success in meeting key line items in the company's budget, particularly profits;

leadership is rewarded, as is the extent to which an individual sets, meets and exceeds goals that are beneficial to both the company's short-term and long-term success; and

controlling expenses, as measured against budget, is rewarded.

Annually, the compensation committee reviews with the chief executive officer an annual salary plan for the executives, other than those officers whose salaries are fixed by contract approved by the board of directors. Currently, there are no employment contracts with the company's executives, but the company has entered into an Agreement for Severance Upon Change in Control with each of Carl E. Sassano and Charles P. Hadeed (see EXECUTIVE COMPENSATION; Change-in-Control Arrangements), and might enter into employment contracts with key executives in the future. This salary plan is developed under the direction of the chief executive officer,

based on industry peer group information and performance judgments as to the past and expected future contributions of each executive.

Prior to the start of each fiscal year, the chief executive officer sets individual objectives for each of the company's executives that are in keeping with the criteria set forth above. During each fiscal year, the chief executive officer gives executives ongoing feedback on performance. After the end of the fiscal year, the chief executive officer evaluates each executive's accomplishment of objectives and provides summaries of performance appraisals to the compensation committee. The performance appraisals are considered by the compensation committee in deciding whether to grant performance awards. The lead director provides similar objective-setting, feedback and evaluation with respect to the chief executive officer's performance.

Executive Compensation Program

The company's executive compensation program is structured to attract and retain executives capable of improving services, fostering teamwork, and motivating employees, all with the ultimate goal of improving profitability and enhancing shareholder value.

The company's Annual Executive Bonus Plan, which is formulated and approved annually by the compensation committee, provides for the payment of cash bonuses. Under this plan, the company must first make a profit at a level determined annually by the compensation committee before any bonuses can be paid. Once that threshold is reached, a bonus pool is established from which a participating executive receives a bonus consisting of a targeted percentage of salary earned that is weighted by the achievement of company objectives and the performance of certain personal objectives. Based on the company's financial performance in fiscal year 2004, the named executives were each awarded a cash bonus for fiscal year 2004, as more specifically set forth on page 12 of this proxy statement, and are eligible for an annual performance bonus based upon the attainment by the company of certain financial goals.

Long-term incentives are provided through the grant of stock options under the company's 2003 Incentive Plan. The compensation committee views stock options as a means of aligning the long-range interests of all employees, including executives, with those of the shareholders by providing them with the opportunity to build a meaningful stake in the company. Other than the company's current executive officers, during fiscal year 2004, the compensation committee granted to an aggregate of 62 employees options to purchase an aggregate of 67,100 shares of common stock. In addition to stock options, performance awards may be granted by the compensation committee in the case of a unique performance contributing to the company's long-term success. No such awards were granted during fiscal year 2004.

Executives and other employees are entitled to participate in the company's Long-Term Savings and Deferred Profit Sharing Plan, a 401(k) plan.

Chief Executive Officer Compensation

Carl E. Sassano served as the company's chairman, president and chief executive officer during fiscal year 2004 (chairman since October 2003). Currently, Mr. Sassano and the company are not parties to an employment agreement. Accordingly, Mr. Sassano serves as the company's chairman, president and chief executive officer at the pleasure of the board of directors. However, the company and Mr. Sassano are parties to an Agreement for Severance Upon Change in Control dated February 12, 2004, which provides Mr. Sassano with certain rights if his employment is terminated in connection with a change in control of the company, as described in EXECUTIVE COMPENSATION; Change-in-Control Arrangements. For fiscal year 2004, Mr. Sassano received an annual salary of \$262,500. Mr. Sassano is eligible to participate in the company's Annual Executive Bonus Plan, and he received a bonus of \$19,458 for fiscal year 2004.

Based on its study and review of comparable companies, the compensation committee believes that Mr. Sassano's total compensation for fiscal year 2004 was at a level that is commensurate with amounts paid to chief executive officers at comparable companies and in comparable businesses. Mr. Sassano's compensation was approved by the compensation committee, reflecting its assessment of Mr. Sassano's prior performance as the company's president and chief executive officer, and his proven ability and dedication to provide the leadership and vision necessary to return the company to profitability and enhance the company's long-term value.
