**GENERAL INFORMATION**

**Who May Vote**

Shareholders of Petroleum Development Corporation ( PDC or the Company ), as recorded in the Company s stock register on April 15, 2009, may vote at the meeting. The outstanding voting securities of the Company as of April 15, 2009, consisted of 14,881,853 shares of common stock. Each share is entitled to one vote on each matter considered at the meeting.

**How Proxies Work**

The Board is asking for your proxy. Giving the Board your proxy means that you authorize the Board to vote your shares at the meeting in the manner you direct. You may vote for either or both Director Candidates, or you may withhold your vote from either or both of the Director Candidates. You may also vote for or against the other proposals, or abstain from voting. Cumulative voting is not permitted by the Company s By-Laws in the election of Directors.

If your shares are held in your name, you can vote by completing, signing and dating your proxy card and returning it in the enclosed envelope.

If you give the Board your signed proxy but do not specify how to vote, your shares will be voted in favor of the Director Candidates named on the proxy and in favor of the ratification of the outside auditors.

If you hold shares through someone else, such as a stockbroker, you will receive material from that firm asking how you want to vote. Check the voting form used by that firm to see what voting options you have available and to determine what procedures you must follow.

**Revoking a Proxy**

You may revoke your proxy before it is voted by:

- . Submitting a new signed proxy with a later date;
- . Notifying PDC s Secretary in writing before the meeting that you wish to revoke your proxy; or
- . Appearing at the meeting, notifying the Inspector of the Election that you wish to revoke your proxy, and voting in person at the meeting. Merely attending the meeting will not result in your revoking your proxy.

If you hold your shares through someone else, such as a stockbroker, you will need to follow the directions they give you to revoke a proxy or otherwise vote at the meeting.

**Quorum**

In order to carry on the business of the meeting, there must be a quorum. This means that at least a majority of the outstanding shares eligible to vote must be represented at the meeting, either by proxy or in person. Treasury shares, which are shares owned by PDC itself, are not voted and do not count for this purpose.

**Votes Needed**

The Director Candidates who receive the most votes will be elected to fill the available seats on the Board. There is no provision in the Company's By-Laws which requires Director Candidates to receive a majority of the votes cast to be elected. Approval of the other proposal requires the favorable vote of a majority of the votes cast. Only votes for or against a proposal count. Abstentions and broker non-votes count for quorum purposes but not for voting purposes. Broker non-votes occur when a broker returns a proxy but does not have authority from the owner of the stock to vote on a particular

## **Table of Contents**

proposal. Although there are no controlling precedents under Nevada law regarding the treatment of broker non-votes in certain circumstances, the Company intends to apply the principles presented herein.

### **Attending in Person**

Only shareholders or their proxy holders and PDC's guests may attend the annual meeting. For safety and security reasons, no cameras, audio or video recording equipment, large bags, briefcases or packages will be permitted in the meeting. In addition, each shareholder and guest may be asked to present valid, government-issued picture identification, such as a driver's license, before being admitted to the meeting.

If your shares are held in the name of your broker, bank, or other nominee, you must bring to the meeting an account statement or letter from the nominee indicating that you beneficially owned the shares on April 15, 2009, the record date for voting. Shareholders who do not present such information at the meeting will be admitted upon verification of ownership at the admissions counter.

### **Conduct of the Meeting**

The Chairman has broad authority to conduct the annual meeting in an orderly and timely manner. This authority includes establishing rules for shareholders who wish to address the meeting. The Chairman may also exercise broad discretion in recognizing shareholders who wish to speak and in determining the extent of discussion on each item of business. In light of the need to conclude the meeting within a reasonable period of time, there can be no assurance that every shareholder who wishes to speak on an item of business will be able to do so. The Chairman may also rely on applicable law regarding disruptions or disorderly conduct to ensure that the meeting is conducted in a manner that is fair to all shareholders.

### **Contact Information**

Table of Contents**PROPOSALS REQUIRING SHAREHOLDER VOTE****PROPOSAL 1 ELECTION OF DIRECTORS****(ITEM 1 ON THE PROXY)**

As of the date of this proxy statement and as permitted by the Company's By-Laws, the Company's Board of Directors ( Board ) has nine members divided into three classes. Directors are usually elected for three-year terms. The terms for members of each class end in successive years.

The Board has nominated two continuing Directors, Kimberly Luff Wakim and Anthony J. Crisafio, whose terms expire in 2009 at the annual meeting, to stand for election to the Board for a three-year term expiring in 2012. Steven R. Williams, the third continuing Director, has chosen not to stand for re-election. By resolution, the Board of Directors has decreased the size of the Board to eight members, effective as of the annual meeting. Ms. Wakim has served on the Board since 2003 and currently serves as Chair of the Compensation Committee and is a member of the Audit Committee and Nominating and Governance Committee. Mr. Crisafio has served on the Board since 2006 and currently serves as Chair of the Audit Committee and is a member of the Compensation Committee.

The appointed proxies will vote your proxy for the election of the two nominees unless you withhold your authority to vote for either or both of them. The Board does not contemplate that either of the nominees will become unavailable for any reason; however, if any Director is unable to stand for election, the Board may reduce its size or choose a substitute. Proxies cannot be voted for a greater number of persons than the number of nominees named or for a person who is not named in this proxy statement as a candidate for Director.

**Table of Contents****DIRECTOR COMPENSATION**

For the 2008-2009 Board term, each Non-Employee Director was paid an annual fee of \$55,000 and received 2,000 shares of restricted stock of the Company, which was awarded on the date of the 2008 annual meeting. The Presiding Independent Director was paid an additional fee of \$27,500. Each Non-Employee Director received for services on each committee on which he or she served the following fees:

**2008-2009 Director Term Committee Fees**

Standing Committees of the Board	Chair	Non-Chair Member
Audit	\$ 22,500	\$ 10,000
Compensation	10,000	5,000
Executive		5,000
Nominating and Governance	7,500	2,500
Planning and Finance	7,500	2,500

In addition, in the fall of 2008 a Special Committee, consisting of Messrs. Crisafio, Mazza, Parke and Swoveland, was created to consider the potential repurchase of certain of the partnerships for which the Company is the managing general partner. Each Special Committee member was paid a fee of \$7,500 in 2008. The Special Committee has not been active in 2009 to date.

Pursuant to the shareholder-approved 2005 Non-Employee Director Restricted Stock Plan, as of the date of each annual shareholders meeting of the Company, each Non-Employee Director will be awarded a specified number of shares of restricted stock as determined by the Board. Directors receiving restricted stock under the Restricted Stock Plan will have all of the rights of a shareholder including the right to vote the shares and receive cash dividends and other cash distributions. Restricted stock will be subject to the restrictions for the restricted period commencing on the date the stock is awarded.

Each Non-Employee Director may also choose to defer a portion or all of his/her annual cash compensation by participating in the Non-Employee Director Deferred Compensation Plan. The plan's trustee invests all cash deposits received exclusively in the common stock of the Company.

On March 4, 2009, the Board of Directors approved compensation for the 2009-2010 Board year. Such compensation is principally the same as in the prior Board year with the exception that the Audit Committee Chair fee was raised from \$22,500 to \$27,500 and, as a result of the decrease in price of the Company's shares, the portion of annual compensation received in stock was increased from 2,000 to 4,000 restricted shares.

as a director while serving concurrently as an executive officer. Pursuant to an agreement dated August 29, 2008, Mr. Williams ceased employment at the Company on September 30, 2008, at which time he began earning fees as a non-employee director.

Compensation paid to each of Messrs. Swoveland, Parke, Crisafio and Mazza include fees earned of \$7,500 for services rendered on a special committee commenced during 2008 as described above.

Mr. D Annunzio deferred 100% of his 2008 fees pursuant to the stock purchase election under the Company's Non Employee Deferred Compensation Plan.

- (2) Awards reflect the Company's expense recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008, in accordance with Statement of Financial Accounting Standards No. 123R. The Company's expense recognized for awards varies due to different tenure. For 2008 grants, the grant date fair value for each non-employee director restricted stock award of 2,000 shares is \$142,700. Mr. Williams did not receive a non-employee director restricted stock award upon his retirement as chief executive officer; however, on March 4, 2009, Mr. Williams received a restricted stock award of 1,500 shares, representing the pro-rata portion of the 2008-2009 Board term non-employee director restricted stock award.

**PROPOSAL 2 RATIFICATION OF SELECTION OF AN INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee and the Board have ratified the engagement of PricewaterhouseCoopers LLP ( PwC ) as the Company s independent registered public accounting firm with respect to its year ending December 31, 2009. The Board is submitting the appointment of PwC to the shareholders for ratification. If the appointment of PwC is not ratified, the Board will require the Audit Committee to reconsider its selection. A representative of PwC is expected to be present at the meeting, will have an opportunity to make a statement if he or she so desires, and will also be available to respond to appropriate questions. It is not expected that representatives of KPMG LLP ( KPMG ), the Company s independent registered public accounting firm for 2006, will be present at the 2009 Annual Meeting of Shareholders.

On May 24, 2007, the Audit Committee recommended, and the Board ratified, the dismissal of KPMG as its independent registered public accounting firm. On May 24, 2007 the Audit Committee recommended and the Board of Directors ratified the engagement of PwC as the Company s independent registered public accounting firm with respect to its fiscal year ending December 31, 2007.

During the Company s fiscal years ended December 31, 2006 and 2005, and through May 24, 2007, the Company did not consult with PwC regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company s financial statements, and neither a written report was provided to the Company nor oral advice was provided that PwC concluded was an important factor considered by the Company in reaching a decision as to any of the accounting, auditing or financial reporting issues; or (ii) any matter that was either the subject of a disagreement, as that term is defined in paragraph 304(a)(1)(iv) of Regulation S-K, or a reportable event required to be reported under paragraph 304(a)(1)(v) of Regulation S-K.

The audit reports of KPMG on the consolidated financial statements of the Company as of December 31, 2006, and for the three years ended December 31, 2006, contained no adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles, except as follows:

The audit report of KPMG on the Company s consolidated financial statements as of December 31, 2006, and for the three years ended December 31, 2006, dated May 22, 2007, indicated that, as described in Note 1 to such consolidated financial statements, the Company adopted the provisions of Statement of Financial Accounting Standards No. 123(R), Share-Based Payment, and the Company changed its method of quantifying errors based on SEC Staff Accounting Bulletin No. 108, Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements, in 2006.

The audit reports of KPMG on management s assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting as of December 31, 2006, did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles, except that:

- (1) KPMG s report as of December 31, 2006, includes an explanatory paragraph stating that the Company acquired Unioil on December 6, 2006, and management excluded from its assessment of the effectiveness of the Company s internal control over financial reporting as of December 31, 2006, Unioil s internal control over financial reporting associated with total assets of \$26.1 million and total revenues of \$0.3 million included in the consolidated financial statements of the Company as of and for the year ended December 31,

2006. Our audit of internal control over financial reporting of the Company also excluded an evaluation of the internal control over financial reporting of Unioil.

**Table of Contents**

- (2) KPMG's reports indicate that the Company did not maintain effective internal control over financial reporting as of December 31, 2006, because of the effect of material weaknesses on the achievement of the objectives of the control criteria as described below:

**Material Weaknesses as of December 31, 2006, Identified in KPMG's Report**

The Company did not have effective policies and procedures to ensure the timely reconciliation, review and adjustment of significant balance sheet and income statement accounts. As a result, material misstatements were identified during the Company's closing process in certain significant balance sheet and income statement accounts of the Company's 2006 consolidated financial statements. This deficiency resulted in a more than remote likelihood that a material misstatement of the Company's annual or interim financial statements would not be prevented or detected.

The Company did not have effective policies and procedures, or personnel with sufficient technical expertise to ensure proper accounting for derivative instruments. Specifically, the Company's internal control processes did not ensure the completeness of all derivative contracts related to oil and gas sales, and also did not ensure the determination of the fair value of certain derivatives. As a result, misstatements were identified in the fair value of derivatives and related income statement accounts of the Company's 2006 consolidated financial statements. This deficiency resulted in a more than remote likelihood that a material misstatement of the Company's annual or interim financial statements would not be prevented or detected.

The Company did not have effective policies and procedures to ensure proper accounting for oil and gas properties. Specifically, the Company's review procedures were not sufficient to ensure that the calculations of depreciation and depletion were performed accurately and that the capitalization of costs was performed in accordance with the applicable authoritative accounting guidance. As a result, misstatements were identified in 2006 in depreciation, depletion and amortization expense of the Company's consolidated financial statements. This deficiency resulted in a more than remote likelihood that a material misstatement of the Company's annual or interim financial statements would not be prevented or detected.

During the two years ended December 31, 2006, and the subsequent interim period through May 24, 2007, there were no: 1) disagreements with KPMG on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure that, if not resolved to KPMG's satisfaction, would have caused KPMG to make reference to the subject matter of the disagreement in connection with its audit reports on the Company's financial statements for such years, or 2) reportable events, except for the material weaknesses described above.

KPMG has been authorized to respond fully to the inquiries of the successor independent registered public accounting firm concerning the subject matter of the foregoing.

In connection with its change in independent registered public accounting firm, the Company provided KPMG with a copy of the foregoing statements and requested that KPMG furnish the Company with a letter addressed to the Securities and Exchange Commission stating whether KPMG agreed with the foregoing statements, and, if not, stating the respects in which KPMG did not agree. KPMG furnished the Company with such a letter, addressed to the SEC. A copy of KPMG's letter was filed as an Exhibit to a Current Report on Form 8-K filed with the SEC on May 31, 2007.

- (1) Audit fees consist of the aggregate fees billed for professional services rendered for audit procedures performed with regard to the Company's annual consolidated financial statements and the report on management's assessment of internal control over financial reporting and the effectiveness of the Company's internal control over financial reporting, including reviews of the consolidated financial statements included in our Quarterly Reports on Form 10-Q, and services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements.
- (2) Audit-related fees consist of the aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's annual consolidated financial statements and are not reported under Audit fees. Fees billed include primarily amounts related to the audits of the annual financial statements of the Company-sponsored drilling partnerships.
- (3) Tax fees consist of the aggregate fees billed for professional services rendered for tax compliance, tax advice and tax planning for the Company and its Company-sponsored drilling partnerships.
- (4) All other fees consist of aggregate fees billed for products and services other than the services reported above. Fees billed in 2008 were primarily related to potential acquisition projects and, in 2007, fees billed were primarily related to the investigation of the potential offering of a Master Limited Partnership.

**Audit Committee Pre-Approval Policies and Procedures**

The Sarbanes-Oxley Act of 2002 requires that all services provided to the Company by its Independent Registered Public Accounting Firm be subject to pre-approval by the Audit Committee or authorized members of the Committee. The Audit Committee has adopted policies and procedures for pre-approval of all audit services and non-audit services to be provided by the Company's Independent Registered Public Accounting Firm. Services necessary to conduct the annual audit must be pre-approved by the Audit Committee annually. Permissible non-audit services to be performed by the independent accountant may also be approved on an annual basis by the Audit Committee if they are of a recurring nature. Permissible non-audit services, which are not eligible for annual pre-approval, to be conducted by the independent accountant must be pre-approved individually by the full Audit Committee or by an authorized Audit Committee member. Actual fees incurred for all services performed by the independent accountant will be reported to the Audit Committee after the services are fully performed. The duties of the Committee are described in the Audit Committee Charter, which is available at the Company's website under Corporate Governance .

**REPORT OF THE AUDIT COMMITTEE**

The Audit Committee of the Board is composed of five Directors (four prior to October 2007) and operates under a written charter adopted by the Board of Directors. Each member of the Committee meets the independence requirements of Rule 5605(a)(2) of the NASDAQ's listing standards. The duties of the Committee are summarized in this proxy statement under "Committees of the Board of Directors" and are more fully described in the charter, which is available at the Company's website under "Corporate Governance."

Management is responsible for the Company's internal controls and preparation of the consolidated financial statements in accordance with generally accepted accounting principles. The Company's Independent Registered Public Accounting Firm is responsible for performing an independent audit of consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) ( **PCAOB** ) and issuing a report thereon. The Committee's responsibilities include monitoring and overseeing these processes.

The Committee met 12 times during 2008 and the subcommittee related to the partnerships operated by the Company met an additional seven times. The Committee has continued to meet frequently during 2009. In addition to normal meetings to accomplish the work of the Committee, the Committee also held numerous meetings with the management of the Company and PricewaterhouseCoopers LLP ( **PwC** ) to review the progress on the implementation of improved internal controls early in the year, and regarding the causes, impacts and corrective measures related to the Company's historical accounting errors and financial statements.

In this context, the Committee reviewed and discussed the Company's audited consolidated financial statements for the year ended December 31, 2008 (the "audited financial statements" ) with management and the Company's Independent Registered Public Accounting Firm for 2008, PwC. The Committee also discussed with PwC the matters required to be discussed by Statement of Auditing Standards No. 61, as amended and PwC directly provided reports on significant matters to the Committee.

The Committee has received the written disclosures and the letter from PwC required by PCAOB Rule 3526 and has discussed with PwC its independence from the Company.

The Committee has discussed with management and PwC such other matters and received such assurances from them as the Committee deemed appropriate.

Based on the foregoing review and discussions and relying thereon, the Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

The Board approved the Committee's recommendation to appoint PwC to serve as the Company's Independent Registered Public Accounting Firm for 2009. In connection therewith, the Audit Committee considered whether the provision of non-audit services by PwC prior to their engagement was compatible with maintaining the Independent Registered Public Accounting Firm's independence. This appointment is subject to ratification by the Company's shareholders.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors, and persons who own more than 10% of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and holders of more than 10% of the common stock are required by regulations promulgated by the Commission pursuant to the Exchange Act to furnish the Company with copies of all Section 16(a) forms they file. The Company assists officers and directors, and will assist beneficial owners, if any, of more than 10% of the common stock, in complying with the reporting requirements of Section 16(a) of the Exchange Act.

Based solely on its review of the copies of such forms received by it, the Company believes that for the year ended December 31, 2008, all Section 16(a) filing requirements applicable to its directors, officers and greater than 10% beneficial owners were met with the following exceptions. On May 21, 2008, the broker for Steven R. Williams entered a large series of transactions. Some of these transactions were reported one day late due to the mechanics of submitting each of the transactions. The SEC has since issued guidance that such multiple transactions can be reported on one line item of a Form 4 with a range of transaction prices. On June 23, 2008, Kimberly Wakim, Director, entered a stock transaction, for which the Company timely submitted a Form 4, which was rejected on a technicality by the SEC; proper filing was effected on the following day.

**CORPORATE GOVERNANCE**

**Corporate Governance Guidelines**

The Board has adopted Corporate Governance Guidelines that govern the structure and functioning of the Board and establish the Board's policies on a number of corporate governance issues. The Guidelines are posted under Governance Policies in the Corporate Governance section of the Company's internet site at [www.petd.com](http://www.petd.com). They are also available to any shareholder on request; see Contact Information above.

## **Table of Contents**

### **Board of Directors**

The Company's By-Laws provide that the number of members of the Board of Directors shall be designated from time to time by a resolution of the Board, and currently the designated number of Directors is nine, but such number will be reduced to eight effective on the date of the 2009 Annual Shareholders Meeting. The By-Laws provide that the Board shall be divided into three separate classes of directors which are required to be as nearly equal in number as practicable. At each annual meeting of shareholders one class of directors, whose term expires, will be elected to a term of three years. The classes are staggered so that the term of one class expires each year. There is no family relationship between any director or executive officer and any other director or executive officer of the Company. There are no arrangements or understandings between any director or officer and any other person pursuant to which the person was selected as an officer.

### **Director Independence**

Subject to some exceptions and transition provisions, the NASDAQ listing standards generally provide that a director will not be independent if:

- (A) the director is, or at any time during the past three years was, employed by the Company;
- (B) the director or a member of the director's immediate family has received from the Company compensation of more than \$120,000 during any period of 12 consecutive months within the three years preceding the determination of independence other than for service as a director; or compensation paid to a family member who is an employee of the Company (other than an executive officer);
- (C) the director is a family member of an individual who is, or at any time during the past three years was, an executive officer of the Company;
- (D) the director or a member of the director's immediate family is a partner in, or a controlling person of, or an executive officer of any organization to which PDC made, or from which PDC received, payments for property or services in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more;
- (E) the director or a member of the director's immediate family is employed as an executive officer of another entity where at any time during the past three years any of the Company's executive officers serves on the compensation committee of the other entity; or
- (F) the director or a member of the director's immediate family is a current partner of PwC, the Company's independent registered public accounting firm, or during the past three years was a partner or employee of either PwC or KPMG, the Company's former independent registered public accounting firm.

Audit Committee members are subject to additional, more stringent NASDAQ and Exchange Act requirements.

The Board has reviewed business and charitable relationships between the Company and each non-employee director to determine compliance with the NASDAQ Listing standards described above and to evaluate whether there are any other facts or circumstances that might impair a director's independence. The Board has determined that all non-employee directors are independent under NASDAQ Listing Rule 5605 and the Exchange Act with the exception of Steven R. Williams, the prior Chief Executive Officer of the Company.

**Board Meetings and Attendance**

The Board met nine times in 2008. Each of PDC's directors attended at least 75% of the aggregate Board and committee meetings (on which he or she served) during 2008.

**Table of Contents****Annual Meeting Attendance**

As specified in the Company's Corporate Governance Guidelines, directors are strongly encouraged to attend the annual meeting of shareholders. All directors attended last year's meeting.

**Committees of the Board**

The following table identifies the current membership and chair of the five standing committees of the Board.

Name	Audit	Compensation	Executive	Nominating and Governance	Planning and Finance

The non-employee directors generally meet in executive sessions without the presence of employee directors at their discretion in connection with each regularly scheduled Board meeting. Mr. Swoveland serves as Presiding Independent Director at these sessions; however, the other non-employee directors may, in the event of his absence, select another director to preside over a particular session.

**Audit Committee**

The Audit Committee, which met 12 times in 2008, is composed entirely of persons whom the Board has determined to be independent under NASDAQ Listing Rule 5605(a)(2), Section 301 of the Sarbanes-Oxley Act of 2002 and Section 10A(m)(3) of the Exchange Act. Mr. Crisafio chairs the Committee; other Audit Committee members are Ms. Wakim and Messrs. Parke, Casabona and Swoveland. The Board has determined that Mr. Swoveland, Ms. Wakim, Mr. Crisafio and Mr. Casabona qualify as audit committee financial experts as defined by SEC regulations and that all of the Audit Committee members are independent of management. The Audit Committee's purpose is to assist the Board in monitoring the integrity of the financial reporting process, systems of internal controls and financial statements of the Company, and compliance by the Company with legal and regulatory requirements. Additionally, the Committee is directly responsible for the appointment, compensation and oversight of the independent auditors employed by the Company for the purpose of preparing or issuing an audit report or related work and to assess the need for an internal audit function and recommend its establishment when deemed appropriate.

In performing its responsibilities, the Audit Committee monitors the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and legal compliance; monitors the independence of the Independent Registered Public Accounting Firm; and provides an avenue of communications among the Independent Registered Public Accounting Firm, management and the Board of Directors. The Board has adopted a Charter of the Audit Committee which is posted on the Company's website. The Board continues to assess

the adequacy of the Charter and will revise it as necessary.

### **Compensation Committee**

The Board has determined that all members of the Compensation Committee are independent of the Company under Rule 5605(a)(2) of the NASDAQ's listing standards. The Compensation Committee met 11 times in 2008. The Board has adopted a Compensation Committee Charter which is posted on the Company's website.

The purpose and functions of the Compensation Committee are to (1) oversee the development of a compensation strategy for the Company; (2) oversee the administration of the Company's compensation programs; (3) evaluate the performance of and set compensation for the Chief Executive Officer; (4) review and approve the elements of compensation for other executive officers of the Company; (5) negotiate the terms of employment agreements with executive officers of the Company; (6) review and recommend to the full Board compensation of the Company's directors and changes in compensation levels to the Board of Directors; (7) approve equity grants and recommend equity-based incentive plans necessary to implement the Company's compensation strategy; and (8) administer all equity-based incentive programs of the Company.

### **Compensation Committee Interlocks and Insider Participation.**

There are no Compensation Committee interlocks.

### **Executive Committee**

The purpose and functions of the Executive Committee are to exercise the powers and duties of the Board between Board meetings and, while the Board is not in session, implement the policy decisions of the Board. The Board has adopted an Executive Committee Charter which is posted on the Company's website.

### **Nominating and Governance Committee**

The Board has determined that all members of the Nominating and Governance Committee are independent of the Company under Rule 5605(a)(2) of the NASDAQ's listing standards. The Nominating and Governance Committee met five times in 2008. The purpose and functions performed by the Committee are to (1) assist the Board by identifying individuals qualified to become Board members and to recommend to the Board the Director nominees for the next annual meeting of shareholders or fill any vacancies; (2) recommend to the Board corporate governance guidelines applicable to the Company; (3) lead the Board in its annual review of the Board's performance; and (4) recommend to the Board Director nominees for each committee. The Board has adopted a Charter for the Nominating and Governance Committee. The Charter has been posted on the Company's website.

### ***Director Qualifications and Selection***

The Board has adopted Director Nomination Procedures that prescribe the process the Nominating and Governance Committee will use to select the Company's nominees for election to the Board. The Nominating and Governance Committee evaluates each candidate based on the candidate's level and diversity of experience and knowledge (specifically within the industry and relevant industries in which the Company operates, as well as his or her general overall experience and knowledge), skills, education, reputation and integrity, professional stature and other factors that may be relevant depending on the particular candidate.

Additional factors considered by the Committee include the size and composition of the Board at a particular time, and allowing the Company to benefit from having a broad mixture of skills, experience and perspectives on the Board. Accordingly, one or more of these factors may be given more weight in a particular case at a particular time, no single factor would be viewed as determinative, and the Committee has not specified any minimum qualifications that the

Committee believes must be met by

**Table of Contents**

any particular nominee. The Company's Director Nomination Procedures are posted on the Company's website.

The Committee identifies Director Candidates primarily through recommendations made by the Non-Employee Directors. These recommendations are developed based on the directors' own knowledge and experience in a variety of fields, and research conducted by PDC staff at the Committee's direction. The Committee also considers recommendations made by the employee directors, employees, shareholders, and others, including search firms. All recommendations, regardless of the source, are evaluated on the same basis against the criteria contained in the guidelines. The Committee has the authority to engage consultants to help identify or evaluate potential Director Nominees but has not done so recently.

***Shareholder Recommendations***

The Company's Nominating and Governance Committee will consider Director Candidates recommended by shareholders of the Company. Any shareholder who wishes to recommend a prospective Board nominee to the Committee should notify the Nominating and Governance Committee of the recommendation by writing to the Committee at the Company's headquarters, or by sending the information via email to [board@petd.com](mailto:board@petd.com). All recommendations will be received by the Nominating and Governance Committee.

A submission recommending a candidate should include:

Sufficient biographical information to allow the Committee to evaluate the candidate in light of the guidelines;

An indication as to whether the proposed candidate will meet the requirements for independence under the NASDAQ guidelines;

Information concerning any relationships between the candidate and the shareholder recommending the candidate; and

Material indicating the willingness of the candidate to serve if nominated and elected.

***Shareholder Nominations***

Shareholders who wish to may nominate candidates for election to the Board. The Company's By-Laws require shareholders who wish to submit nominations of persons for election to the Board of Directors at the annual meeting of shareholders to follow certain procedures. The shareholder must give written notice to the Corporate Secretary at Petroleum Development Corporation, 1775 Sherman Street, Suite 3000, Denver, Colorado 80203 or may email notice to [board@petd.com](mailto:board@petd.com), not later than 80 days nor more than 90 days prior to the first anniversary of the preceding year's annual meeting or within 10 days of the Company's public announcement of the date of its annual shareholder meeting. The shareholder notice also must be received by the Company no earlier than 90 days prior to the annual meeting. The shareholder must be a shareholder of record at the time the notice is given. The written notice must set forth (a) as to each nominee all information relating to that person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a Director if elected); (b) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made (1) the name and address of the shareholder, as they appear on the Company's books, and of such beneficial owner and (2) the class and number of shares of the Company's securities that are beneficially owned by such shareholder and the beneficial owner; and (c) any material interest of such shareholder and such beneficial owner in such nomination.

**Planning and Finance Committee**

The purpose of the Planning and Finance Committee is to oversee the responsibilities of the Board relating to planning and finance, including: (1) to organize and oversee the Board's participation in

## **Table of Contents**

the development of the Strategic Plan and the risk assessment and management process; (2) to follow the progress in the implementation of the Strategic Plan and to advise the Board if additional Board action appears to be needed to assure successful implementation of the plan or if a need exists to revise the plan in the face of changing conditions or other factors; (3) to assure that management is addressing the personnel requirements for the successful implementation of the Strategic Plan; (4) to assure that a talent-rich organization is being developed to address both current and future leadership needs; (5) to assure that robust management development and succession planning processes are developed and implemented for management at all levels in the Company; and (6) to work with the CFO and other executive management regarding corporate financial matters including operating and capital budgets, capital structure, dividends, and other significant financial and capital issues. The Board has adopted a charter for the Planning and Finance Committee which is posted on the Company's website.

## **CEO Succession**

During 2007, Steven R. Williams communicated to the Board his intention to retire as CEO during 2008. The Board designated a committee comprised of five independent Board members serving at the time (Messrs. Swoveland (Chair), D. Annunzio, Parke and Crisafio and Ms. Wakim) to serve as a search committee for a new CEO and to recommend a successor to the Board. The Search Committee developed a process, identified and evaluated candidates, and recommended to the Board that Richard W. McCullough, the Company's CFO, be the next CEO. In December 2007, the full Board announced the intended succession by Mr. McCullough, and on June 23, 2008, such appointment was implemented. Effective November 11, 2008, Mr. McCullough was additionally appointed as Chairman.

## **Communications with Directors**

Shareholders wishing to communicate with the Board or a committee may do so by writing to the attention of the Board or Committee at the corporate headquarters or by emailing the Board at [board@petd.com](mailto:board@petd.com), with Board or the appropriate committee in the subject line.

## **Code of Business Conduct and Ethics**

In January 2003, the Company adopted its Code of Business Conduct and Ethics, as amended (the Code of Conduct) applicable to all directors, officers, employees, agents and representatives of the Company and consultants. The Company's principal executive officer, principal financial officer and principal accounting officer are subject to additional specific provisions under the Code of Conduct. The Company's Code of Conduct is posted on its website at [www.petd.com](http://www.petd.com). In the event of an amendment to, or a waiver of, including an implicit waiver, the Code of Conduct, the Company will disclose the information on its internet website. The Board approved a waiver regarding any potential conflict related to the service of Mr. Swoveland on the Board of Directors of Linn Energy LLC. If the Board of Directors becomes aware of a potential conflict in the future, the Board of Directors will consider at that time whether or not to continue this waiver.

## **Policies and Procedures with Respect to Transactions with Related Persons**

The Board has adopted a written policy for the review, approval and ratification of transactions that involve related parties and potential conflicts of interest.

The related party transaction policy applies to each director and executive officer of the Company, any nominee for election as a Director, any security holder who is known to own more than five percent of the Company's voting securities, any immediate family member of any of the foregoing persons and any corporation, firm or association in which one or more of the Company's directors are directors or officers, or have a substantial financial interest.

Under the related party transaction policy, a related person transaction is a transaction or arrangement involving a related person in which the Company is a participant or that would require disclosure in the Company's filings with the SEC as a transaction with a related person.

## **Table of Contents**

The related persons must disclose to the Audit Committee any potential related person transactions and must disclose all material facts with respect to such interest. All related person transactions will be reviewed by the Audit Committee. In determining whether to approve or ratify a transaction, the Audit Committee will consider the relevant facts and circumstances of the transaction which may include factors such as the relationship of the related person with the Company, the materiality or significance of the transaction to the Company and the business purpose and reasonableness of the transaction, whether the transaction is comparable to a transaction that could be available to the Company on an arms-length basis, and the impact of the transaction on the Company's business and operations.

Since January 1, 2008 to the present, there was no transaction or series of transactions, or any currently proposed transaction, in which the amount involved exceeds \$120,000 and in which any director, executive officer, holder of more than five percent of the Company's common stock or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

## **Indemnification of Directors and Officers**

The Company's By-Laws provide that the Company shall indemnify any director, officer, employee, or other agent of the Company who is or was a party, or is threatened to be made a party, to any proceeding (other than an action by or in the right of the Company to procure a judgment in its favor) by reason of the fact that such person is or was an agent of the Company, against expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with such proceeding, if that person acted in good faith and in a manner that person reasonably believed to be in the best interest of the Company, and in the case of a criminal proceeding, had no reasonable cause to believe the conduct of that person was unlawful.

The Company has entered into separate indemnification agreements with each of its Directors whereby the Company has agreed to indemnify the Director against all expenses, including attorneys' fees, and other amounts reasonably incurred by the director in connection with any threatened, pending or completed civil, criminal, administrative or investigative action or proceeding to which such person is party by reason of the fact that he is or was a Director, as the case may be, of the Company, if the person acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, the person had no reasonable cause to believe such conduct to be unlawful. The agreements provide for the advancement of expenses and that the Company has the right to purchase and maintain insurance on behalf of the director against any liability or liabilities asserted against such person, whether or not the Company would have the power to indemnify the person against such liability under any provision of the agreement. The Company has agreed to indemnify such person against expenses actually and reasonably incurred in connection with any action in which the person has been successful on the merits or otherwise. Indemnification must also be provided by the Company (unless ordered otherwise by a court) only as authorized in the specific case upon a determination that the indemnification of the person is appropriate because he or she has met the applicable standard of conduct described in the agreement made by (i) the Board of Directors, by a majority vote of a quorum consisting of Directors who are not parties to such action or proceeding, (ii) independent legal counsel in a written opinion or (iii) the shareholders of the Company.

## **Additional Information**

The Corporate Governance section of the Company's internet site contains additional information, including PDC's Certificate of Incorporation and By-Laws; written charters for each Board committee; and Board policy statements.

The Company files annual, quarterly and current reports, proxy statements and other information with the SEC. Copies of the Company's filings with the SEC are available to the public at the SEC's website at <http://www.sec.gov>. These documents may also be viewed at the SEC's public reference room located at 100 F Street, N.E., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information on the public reference

room.

**COMPENSATION DISCUSSION AND ANALYSIS**

The Board has assigned to the Compensation Committee (the Committee) responsibility for developing and overseeing the Company's compensation programs and executive compensation. The Committee consists entirely of independent Board members. The Committee has been authorized by the Board to make final determinations for all elements of compensation for the executive officers. Independent Board members who are not part of the Committee are often consulted as part of the Committee's decision making process. The Committee also negotiates terms and approves all executive employment agreements and administers the Company's long-term incentive plans.

**Summary**

The Committee's overall goal is to design an executive compensation plan with the following characteristics:

Is fair to both the executive and the Company

Is competitive with compensation being paid by other oil and gas companies of similar size and complexity

Is competitive with companies located in the same geographic regions as the Company's operations

Helps retain key executives

Avoids encouraging illegal or unethical activities

Rewards efforts that improve the performance of the Company

Is appropriate considering compensation of other employees in the Company

The Committee, working with nationally recognized compensation consultant Towers Perrin, (sometimes herein the Consultant) has developed and annually reviews and updates a peer group of companies to use to establish total level of compensation and components of compensation at competitive companies. Executive compensation includes salary, short-term incentive (cash bonus) and long-term incentive (stock or stock-based) compensation. In addition, executives participate in and benefit from the qualified retirement plan and other benefit programs available to all employees as well as to an executive retirement plan and other perquisites.

The peer group median compensation levels are the primary basis for salary, short-term and long-term incentive target levels. Position, contributions to company performance, future potential, skills and other factors are also considered. The Committee seeks to tie a large percentage of the short-term incentive to specific performance goals established within the first ninety (90) days of the year. In 2008, the Committee set a target for production growth and for earnings per share. In making its decision about the discretionary portion of the awards, positive factors the Committee considered included the timely and significant increase in oil and gas price hedging and its effectiveness in 2008, the elimination of the material weakness in the internal control over financial reporting, progress made in the accounting area, the installation and start-up of a new enterprise software system, and the very competitive level of the Company's finding and development costs. Areas of concern included the high levels of G&A and operating costs. The Committee also considered the depth of the recession at the time of its determination and the rapid recent decline in oil and gas prices.

For long-term incentives the Committee first sets dollar targets based on the peer group levels and factors related to the individual executive, and then determines the number of shares to be awarded using valuation methods based on the average price for the preceding December (the December 2007 average closing price for 2008 awards) and adjusted for the type of award and the timing and likelihood of vesting. The Consultant assists the Company in evaluating the value of awards based on generally accepted valuation methods consistent with the compensation reported for SEC reporting.

The Committee also consults with the CEO regarding proposed peer group changes and for his evaluation of performance and suggestions for compensation of the other executive officers. Topics discussed with the CEO include individual executive achievement of key operating targets, participation in and support for development and execution of the Company's strategic plan, management development and succession planning, the CEO's assessment of the executives contributions to the Company's

success, and the limitations or shortcomings in the executives performance or potential. The NASDAQ listing rules forbid the CEO to be present during voting or deliberations with regard to the CEO's compensation.

In 2008, using a similar method to establish compensation levels, for the six highest paid executives at the Company three were above the median total compensation and three were below the median total compensation.

The Committee also recommended, and the Board approved, changes to Board Compensation for 2008. As with the executive compensation, the peer group compensation was a primary factor used to determine competitive levels of cash and equity compensation for Board members.

## **COMPENSATION DESIGN**

### **Compensation Philosophy and Objectives**

The Committee's philosophy is to provide compensation packages that will attract, motivate and retain executive talent and deliver rewards for superior performance and consequences for underperformance. The Committee considers many factors in establishing the compensation packages for the executive officers of the Company. The ultimate goal is to provide compensation that is fair to both the Company and the executive officers, that motivates behavior that will enhance the value of the Company, that avoids encouraging behavior that does not serve the best interests of the Company, and that will allow the Company to attract and retain executive officers.

The Committee believes the following characteristics of a compensation program contribute to the implementation of its philosophy:

Offer a total compensation program that is competitive with the compensation practices of those peer companies with which the Company competes for talent;

Tie a significant portion of executive compensation to the Company's achievement of pre-established financial and operating objectives and to personal objectives established for each executive individually;

Provide a significant portion of overall compensation in the form of equity-based compensation in order to align the interests of the Company's executives with those of the Company's shareholders and to avoid excess focus on short-term results; and

Structure a significant proportion of total compensation in a fashion that promotes executive retention.

The Compensation Committee has been monitoring the ongoing global recession. No significant changes have been made in the compensation program at this time, although the short term bonus goals were shifted from the traditional focus on earnings and production to a focus on liquidity and debt levels, as the ultimate depth of the recession is still uncertain. On the other hand, no repricing or accommodation was made for past equity awards which are now worth a fraction of their value upon issuance, or for options that now have no exercise value.

### **Pay-for-Performance**

The Committee believes that a significant portion of executive compensation should be closely linked to both the Company's and the individual's performance. The Committee's pay-for-performance philosophy is reflected in the Company's compensation practices, which tie a significant portion of executive compensation to the achievement of

financial and operating objectives of the Company and also take into account personal objectives and performance. This philosophy is reflected in annual incentive awards, which are directly linked to the achievement of short-term financial and operating objectives set by the Committee and have potential payouts ranging from zero to as much as 180% of the target for each of the components. During 2008, the targets were based on production, earnings per share, and the Committee's assessment of other factors related to the individual's performance and

development. Factors deemed particularly important in the Committee's assessment of the discretionary portion of the STI for 2008 included increased and advantageous hedging, elimination of material weakness in internal reporting, dramatic increases in production and the overall growth of the Company, management's efforts relating to the CEO transition and management's efforts in improving the Company's historical financial and accounting systems and reporting. The following table summarizes the criteria used in determining the 2008 bonus amount. The discretionary portion of the STI program permits the Committee to account for individual performance and differentiate among executives. The Committee also assesses individual executive performance with input from the CEO as well as other Board members and Committees. When determining what portion of the discretionary income to award, the Committee discusses each executive individually and considers all the available information.

**Pay-for-Performance Table**

Criteria	Lower Threshold Amount	Target Bonus	Maximum Bonus	Percent of Total Maximum Bonus
2008:				
Production (Mmcfe)	35,000	37,000	39,000	40%
Diluted earnings per share	\$ 2.55	\$ 3.05	\$ 3.55	30%
Discretionary evaluation	Compensation Committee Determination			30%

The Committee also ties compensation to performance through equity-based LTI awards that are designed to motivate executives to meet the Company's long-term performance goals and to tie their interests to those of the shareholders. In 2008, the LTI awards are restricted stock which vest over time, and long-term incentive performance shares ( LTIP shares ). The LTIP shares will vest only if certain minimum thresholds of stock price appreciation are met. One-half of the LTIP shares will vest and be issued based upon an annual stock price increase of approximately 12%, with the starting price based on the average price of the stock in December preceding the award year. An additional 25% of the awarded LTIP shares will vest and be issued at an annualized hurdle rate of 16% and an additional 25% at 20%. The stock price used to determine if the LTIP shares will vest will be the average daily closing price for each of the three monthly periods: December 2010, 2011, and 2012 for the 2008 awards. Any shares not vested in 2010 and 2011 will remain eligible to be vested in future years; however, any unvested shares at December 31, 2012 will be forfeited. The Committee decided to use three measurement dates to take into account the volatility of energy prices and their impact on the stock price of the Company.

As a result of the structure of the STI and LTI compensation, a significant amount of variable compensation under the Company's compensation program is contingent on the achievement of key financial and operating objectives of the Company and on increasing the value of the shares of the Company's stock.

**The Role of Equity-Based Compensation**

The Company's LTI program is an integral part of the Company's overall executive compensation program. The LTI program is intended to serve a number of objectives including aligning the interests of executives with those of the Company's shareholders and focusing senior executives on the achievement of well-defined, long-term performance objectives that are aligned with the Company's corporate strategy, thereby establishing a direct relationship between compensation and shareholder value. The program also furthers the goal of executive retention, since the executive officer will forfeit any unvested awards in the event the officer voluntarily terminates employment with the Company without good reason.

Historically, the primary form of equity compensation awarded by the Company was qualified and non-qualified stock options, although such grants were not issued on a regular basis. This form was selected because of the favorable individual and corporate accounting and tax treatments provided by rules at the time, and the widespread use of stock options in executive compensation. Beginning in

**Table of Contents**

2006, the accounting treatment for stock options changed as a result of the applicability of Statement of Financial Accounting Standards No. 123(R), making the use of stock options less attractive. As a result, the Committee assessed the desirability of granting only shares of restricted stock to executives, and concluded that shifting entirely to restricted stock would provide an equally motivating form of incentive compensation, while permitting the issuance of fewer shares, thereby reducing potential dilution to other shareholders. The Committee tied the value received by executives to performance for a portion of the equity compensation, thereby providing executives with a greater incentive to focus on the long-term appreciation of the stock. To accomplish this, a portion of the LTI for each executive consists of LTIP shares, which require both the passage of time and specified increases in the stock price to become vested.
