Item 1.01 Entry into a Material Definitive Agreement.

On March 13, 2007, Mesa Air Group, Inc. (the Company) issued a press release announcing that it has reached an agreement with Delta Air Lines (Delta) for an amendment to and assumption of its existing Delta Connection Agreement (Amended DCA), as well as for a new code share agreement to operate 14 CRJ-900 regional jet aircraft (Expansion DCA), both subject to approval by the Bankruptcy Court overseeing Delta's Chapter 11 bankruptcy proceedings. After service begins pursuant to the Expansion DCA and the Amended DCA, the Mesa regional jet fleet flying for Delta will consist of 14 CRJ-900s and 36 ERJ-145s.

The full text of the Company's press release is attached hereto as Exhibit 99.1.

Expansion DCA

The Expansion DCA authorizes Mesa to operate 14 CRJ-900 regional jet aircraft as a Delta Connection Carrier for a term of up to ten (10) years. This new service is expected to begin in September 2007. The compensation structure for the Expansion DCA will be similar to the structure in the existing Delta Connection agreement, except that the CRJ-900 aircraft will be owned by Delta and leased to Mesa for a nominal amount and no mark-up or incentive compensation will be paid to Mesa on fuel costs above a certain level or on fuel provided by Delta.

Amended DCA

The Amended DCA provides, among other things, for the addition of six (6) additional ERJ-145 aircraft to the scope of existing Delta Connection Agreement for up to three (3) years beginning immediately. Commencing in August 2008, eight (8) of the original thirty (30) ERJ-145 aircraft will be removed at a rate of three (3) aircraft per month. As part of entering into the Amended DCA, Mesa will receive a general unsecured claim of \$35 million as part of Delta's bankruptcy proceedings. This claim will be in full and final satisfaction of any and all claims Mesa may have against Delta for pre-petition debt.
