 - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Item 8.01 Other Events.

Medicis Pharmaceutical Corporation (Medicis) today announced that it has received Paragraph IV Patent Certifications from each of Sandoz, Inc., a division of Novartis AG (Sandoz), and Impax Laboratories, Inc. (Impax), advising that they have each filed an Abbreviated New Drug Application (ANDA) with the U.S. Food and Drug Administration (FDA) for generic SOLODYN in its current forms of 45mg, 90mg and 135mg strengths. Neither Sandoz nor Impax has advised Medicis as to the timing or status of the FDA 's review of their respective filings, or whether either has complied with FDA requirements for proving bioequivalence. Sandoz 's Paragraph IV Certification alleges that Medicis 's U.S. Patent No. 5,908,838 (the 838 Patent), is invalid, unenforceable and/or will not be infringed by either Sandoz 's manufacture, use, or sale of the product for which the ANDA was submitted. Impax 's certification alleges that the 838 Patent will not be infringed by Impax 's manufacture, use or sale of the product for which the ANDA was submitted because it has been granted a patent license by Medicis for the 838 Patent. The expiration date for the 838 Patent is 2018. Medicis is evaluating the details of Sandoz 's certification letter and considering its options.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, as amended, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
