PART I

ITEM 1. BUSINESS

MGM MIRAGE is referred to as the Company or the Registrant, and together with our subsidiaries may also be referred to as we, us or our.

Liquidity and Financial Position

For discussion of our liquidity and financial position, please see Management's Discussion and Analysis of Financial Condition and Results of Operations Executive Overview Liquidity and Financial Position and Note 2 to the accompanying consolidated financial statements.

Overview

MGM MIRAGE is one of the world's leading development companies with significant gaming and resort operations. We believe the resorts we own, manage, and invest in are among the world's finest casino resorts. MGM MIRAGE was organized as MGM Grand, Inc. on January 29, 1986 and is a Delaware corporation. MGM MIRAGE acts largely as a holding company and its operations are conducted through its wholly-owned subsidiaries.

Our strategy is based on developing and maintaining competitive advantages in the following areas:

Developing and maintaining a strong portfolio of resorts;

Operating our resorts to ensure excellent customer service and maximize revenue and profit;

Executing a sustainable growth strategy;

Leveraging our brand and management assets.

Resort Portfolio

We execute our strategy through a portfolio approach, seeking to ensure that we own, invest in and manage resorts in each market segment that are superior to our competitors' resorts. We also seek to own and invest in superior real estate assets, with a blend of developing these assets on our own, partnering with others, and strategically buying and selling real estate.

Our approach to resort ownership and investment is based on operating the premier resorts in each geographic market and each customer segment in which we operate. We discuss customer segments in the Resort Operation section. Regarding our approach to resort locations, we feel it is important to selectively operate in markets with stable regulatory environments. As seen in the table below, this means that a large portion of our resorts are located in Nevada. In addition, we target markets with growth potential. We also believe there is growth potential in investing in and managing non-gaming resorts. See the Sustainable Growth and Leveraging Our Brand and Management Assets sections for further details on these initiatives.

Table of Contents*Our Operating Resorts*

We have provided below certain information about our resorts as of December 31, 2008. Except as otherwise indicated, we wholly own and operate the resorts shown below.

Name and Location	Number of Guestrooms and Suites	Approximate Casino Square Footage	Slots(1)	Gaming Tables(2)
<i>Las Vegas Strip, Nevada</i>				
Bellagio	3,933	160,000	2,320	151
MGM Grand Las Vegas(3)	6,264	158,000	2,455	167
Mandalay Bay(4)	4,752	160,000	1,962	117

Borgata 50% owned (<i>Atlantic City, New Jersey</i>)	2,771	160,000	3,931	182
Grand Victoria 50% owned (<i>Elgin, Illinois</i>)		35,000	1,144	30
Grand Total	48,904	2,124,000	35,735	1,928

(1) Includes slot machines, video poker machines and other electronic gaming devices.

(2) Includes blackjack (21), baccarat, craps, roulette and other table games; does not include poker.

(3) Includes 1,220 rooms available for rent as of December 31, 2008 at The Signature at MGM Grand.

- (4) Includes the Four Seasons Hotel with 424 guest rooms and THEhotel with 1,117 suites.
- (5) In December 2008 we entered into an agreement to sell TI; the sale is expected to close no later than March 31, 2009.
- (6) Includes Slots-A-Fun.

More detailed information about each of our operating resorts can be found in Exhibit 99.1 to this Annual Report on Form 10-K, which Exhibit is incorporated herein by reference.

Investing in Existing Resorts

We believe that ensuring our resorts are the premier resorts in their respective markets requires significant capital investment. We have a track record of reinvesting cash flows into our existing resorts and we have achieved strong returns on these investments in the past. We have made significant investments in our resorts over the past few years, we do not expect to reinvest significantly in our resorts in 2009 or 2010.

For instance, between 2003 and 2006 we invested a significant amount of capital at MGM Grand Las Vegas, with additions such as *KÁ*, the acclaimed show by Cirque du Soleil; the Skylofts and West Wing room enhancements; two highly acclaimed restaurants by Joël Robuchon; and new poker and race and sports areas. That resort

Table of Contents

earned \$290 million of operating income in 2007, a dramatic increase from the \$127 million earned in 2002. Similarly, we transformed The Mirage, a resort many market observers credit with changing the face of the Las Vegas Strip. We felt strongly about the allure of the resort, but also believed that customers need fresh, updated experiences. Therefore, we invested significant capital at The Mirage between 2004 and 2006, adding several new restaurants; a category-defining nightclub, *Jet*; upgraded high-limit gaming areas; and the Beatles-themed *Love* show by Cirque du Soleil. The Mirage earned \$108 million of operating income in 2003; in 2007, The Mirage earned \$173 million of operating income.

Capital additions have not had the same impact on profitability due to the severe downturn in economic conditions in general and the impact on tourism and travel spending specifically – see Management’s Discussion and Analysis. For instance, we invested in new amenities and remodeled the standard rooms at Mandalay Bay in 2007, but operating income did not rise appreciably in 2008. However, we believe these improvements, and improvements at other resorts such as Luxor and New York-New York, still increase our relative market position during times where we and our competitors are trying to draw from a smaller customer base. In addition, we believe such investments will allow us to earn an above – market return when economic conditions improve.

We also actively manage our portfolio of land holdings. We own approximately 700 acres of land on the Las Vegas Strip, with a meaningful portion of those acres undeveloped or considered by us to be under-developed.

Risks Associated with Our Portfolio Strategy

The principal risk factors relating to our current portfolio of resorts are:

Our limited geographic diversification – our major resorts are concentrated on the Las Vegas Strip and some of our largest competitors operate in more gaming markets than we do;

There are a number of gaming facilities located closer to where our customers live than our resorts;

Additional new hotel-casinos and expansion projects at existing Las Vegas hotel-casinos are under construction or have been proposed. We are unable to determine to what extent increased competition will affect our future operating results.

Resort Operation

Our operating philosophy is predicated on creating resorts of memorable character, treating our employees well and providing superior service for our guests. We also seek to develop competitive advantages in specific markets and among specific customer groups.

General

We primarily own and operate casino resorts, which includes offering gaming, hotel, dining, entertainment, retail and other resort amenities. Over half of our net revenue is derived from non-gaming activities, a higher percentage than many of our competitors, as our operating philosophy is to provide a complete resort experience for our guests, including non-gaming amenities which command a premium price based on their quality.

As a resort-based company, our operating results are highly dependent on the volume of customers at our resorts, which in turn impacts the price we can charge for our hotel rooms and other amenities. Since we believe that the number of walk-in customers affects the success of our casino resorts, we design our facilities to maximize their attraction to guests of other hotels. We also generate a significant portion of our operating income from the high-end

gaming segment, which can cause variability in our results.

Most of our revenue is essentially cash-based, through customers wagering with cash or paying for non-gaming services with cash or credit cards. Our resorts, like many in the industry, generate significant operating cash flow. Our industry is capital intensive and we rely heavily on the ability of our resorts to generate operating cash flow to repay debt financing, fund maintenance capital expenditures and provide excess cash for future development.

Table of Contents

Our results of operations do not tend to be seasonal in nature, though a variety of factors can affect the results of any interim period, including the timing of major Las Vegas conventions, the amount and timing of marketing and special events for our high-end customers, and the level of play during major holidays, including New Year and Chinese New Year. Our significant convention and meeting facilities allow us to maximize hotel occupancy and customer volumes during off-peak times such as mid-week or during traditionally slower leisure travel periods, which also leads to better labor utilization. Our results do not depend on key individual customers, though our success in marketing to customer groups such as convention customers or the financial health of customer segments such as business travelers or high-end gaming customers from a particular country or region can impact our results.

All of our casino resorts operate 24 hours a day, every day of the year, with the exception of Grand Victoria which operates 22 hours a day, every day of the year. At our wholly-owned resorts, our primary casino and hotel operations are owned and managed by us. Other resort amenities may be owned and operated by us, owned by us but managed by third parties for a fee, or leased to third parties. We generally have an operating philosophy that prefers ownership of amenities, since guests have direct contact with staff in these areas and we prefer to control all aspects of the guest experience. However, we do lease space to retail and food and beverage operators in certain situations, particularly for branding opportunities. We also operate many managed outlets, utilizing third party management for specific expertise in areas such as restaurants and nightclubs, as well as for branding opportunities.

Customers and Competition

Our casino resorts generally operate in highly competitive environments. We compete against other gaming companies as well as other hospitality and leisure and business travel companies. Our primary methods of competing successfully include:

- Locating our resorts in desirable leisure and business travel markets, and operating at superior sites within those markets;

- Constructing and maintaining high-quality resorts and facilities, including luxurious guestrooms along with premier dining, entertainment and retail amenities;

- Recruiting, training and retaining well-qualified and motivated employees who provide superior and friendly customer service;

- Providing unique, must-see entertainment attractions; and

- Developing distinctive and memorable marketing and promotional programs.

Our Las Vegas casino resorts compete for customers with a large number of other hotel-casinos in the Las Vegas area, including major hotel-casinos on or near the Las Vegas Strip, major hotel-casinos in the downtown area, which is about five miles from the center of the Strip, and several major facilities elsewhere in the Las Vegas area. Our Las Vegas Strip resorts also compete, in part, with each other. According to the Las Vegas Convention and Visitors Authority, there were approximately 141,000 guestrooms in Las Vegas at December 31, 2008, up 6% from approximately 133,000 rooms at December 31, 2007. Las Vegas visitor volume was 37.5 million in 2008, a decrease of 4% from the 39.2 million reported for 2007.

The principal segments of the Las Vegas gaming market are leisure travel; premium gaming customers; conventions, including small meetings, trade associations, and corporate incentive programs; and tour and travel. Our high-end properties, which include Bellagio, MGM Grand Las Vegas, Mandalay Bay, and The Mirage, appeal to the upper end of each market segment, balancing their business by using the convention and tour and travel segments to fill the

mid-week and off-peak periods. Our marketing strategy for TI, New York-New York, Luxor and Monte Carlo is aimed at attracting middle- to upper-middle-income wagerers, largely from the leisure travel and, to a lesser extent, the tour and travel segments. Excalibur and Circus Circus Las Vegas generally cater to the value-oriented and middle-income leisure travel and tour and travel segments.

Outside Las Vegas, our other wholly-owned Nevada operations compete with each other and with many other similar sized and larger operations. A significant portion of our customers at these resorts come from California. We believe the expansion of Native American gaming has had a negative impact on all of our Nevada resorts not located

Table of Contents

on the Las Vegas Strip, and additional expansion in California could have a further adverse effect on these resorts. Our Nevada resorts not located in Las Vegas appeal primarily to the value-oriented leisure traveler and the value-oriented local customer.

Outside Nevada, our wholly-owned resorts mainly compete for customers in local gaming markets, where location is a critical factor to success. In Tunica, Mississippi, one of our competitors is closer to Memphis, the area's principal market. In addition, we compete with gaming operations in surrounding jurisdictions and other leisure destinations in each region. For instance, in Detroit, Michigan we also compete with a casino in nearby Windsor, Canada and with Native American casinos in Michigan. In Biloxi, Mississippi we also compete with regional riverboat and land-based casinos in Louisiana, Native American casinos in central Mississippi, the Florida market, and with casinos in the Bahamas.

Our unconsolidated affiliates mainly compete for customers against casino resorts in their respective markets. Much like our wholly-owned resorts, our unconsolidated affiliates compete through the quality of amenities, the value of the experience offered to guests, and the location of their resorts.

Our casino resorts also compete for customers with hotel-casino operations located in other areas of the United States and other parts of the world, and for leisure and business travelers with non-gaming tourist destinations such as Hawaii, Florida and cruise ships. Our gaming operations compete to a lesser extent with state-sponsored lotteries, off-track wagering, card parlors, and other forms of legalized gaming in the United States.

Marketing

We advertise on radio, television and billboards and in newspapers and magazines in selected cities throughout the United States and overseas, as well as on the Internet and by direct mail. We also advertise through our regional marketing offices located in major United States and foreign cities. A key element of marketing to premium gaming customers is personal contact by our marketing personnel. Direct marketing is also important in the convention segment. We maintain Internet websites which inform customers about our resorts and allow our customers to reserve hotel rooms, make restaurant reservations and purchase show tickets. We also operate call centers to allow customer contact by phone to make hotel and restaurant reservations and purchase show tickets.

We utilize our world-class golf courses in marketing programs at our Las Vegas Strip resorts. Our major Las Vegas resorts offer luxury suite packages that include golf privileges at Shadow Creek. In connection with our marketing activities, we also invite our premium gaming customers to play Shadow Creek on a complimentary basis. Additionally, marketing efforts at Beau Rivage benefit from the Fallen Oak golf course just 20 minutes north of Beau Rivage.

Employees and Management

We believe that knowledgeable, friendly and dedicated employees are a key success factor in the casino resort industry. Therefore, we invest heavily in recruiting, training and retaining our employees, as well as seeking to hire and promote the strongest management team possible. We have numerous programs, both at the corporate and business unit level, designed to achieve these objectives. For example, our diversity program extends throughout our Company, and focuses on the unique strengths of our individuals combined with a culture of working together to achieve greater performance. Our diversity program has been widely recognized, including the honor of Top 50 Best Companies for Diversity given by DiversityInc magazine. We have also invested heavily in training, and we believe our programs, such as the MGM Grand University and various leadership and management training programs, are best-in-class among our industry peers.

Technology

We utilize technology to maximize revenue and efficiency in our operations. Our Players Club program links our major resorts, and consolidates all slots and table games activity for customers with a Players Club account. Customers qualify for benefits across all of the participating resorts, regardless of where they play. We believe that our Players Club enables us to more effectively market to our customers. A large number of the slot machines at our

Table of Contents

resorts operate with International Game Technology's EZ-Play™ cashless gaming system. We believe that this system enhances the customer experience and increases the revenue potential of our slot machines.

Technology is an important part of our strategy in non-gaming and administrative operations as well. Our hotel systems include yield management modules which allow us to maximize occupancy and room rates. Additionally, these systems capture charges made by our customers during their stay, including allowing customers of our resorts to charge meals and services at certain other MGM MIRAGE resorts to their hotel accounts. We implemented a new hotel management system at most of our major resorts in 2007, which has enhanced our guest service and improved our yield management capabilities across our portfolio of resorts.

Internal Controls

We have a strong culture of compliance, driven by our history in the highly regulated gaming industry and our belief that compliance is a value-added activity. Our system of internal controls and procedures including internal control over financial reporting is designed to ensure reliable and accurate financial records, transparent disclosures, compliance with laws and regulations, and protection of our assets. Our internal controls start at the source of business transactions, and we have rigorous enforcement through controllership at both the business unit and corporate level. Our corporate management also review each of our businesses on a regular basis and we have a corporate internal audit function that performs reviews around gaming compliance, internal controls over financial reporting, and operational areas.

In connection with the supervision of gaming activities at our casinos, we maintain stringent controls on the recording of all receipts and disbursements and other activities, such as cash transaction reporting. These controls include:

Locked cash boxes on the casino floor;

Daily cash counts performed by employees who are independent of casino operations;

Constant observation and supervision of the gaming area;

Observation and recording of gaming and other areas by closed-circuit television;

Constant computer monitoring of our slot machines; and

Timely analysis of deviations from expected performance.

Marker play represents a significant portion of the table games volume at Bellagio, MGM Grand Las Vegas, Mandalay Bay and The Mirage. Our other facilities do not emphasize marker play to the same extent, although we offer markers to customers at certain of those casinos as well. We maintain strict controls over the issuance of markers and aggressively pursue collection from those customers who fail to pay their marker balances timely. These collection efforts are similar to those used by most large corporations when dealing with overdue customer accounts, including the mailing of statements and delinquency notices, personal contacts, the use of outside collection agencies and civil litigation.

In Nevada, Mississippi, Michigan, and Illinois, amounts owed for markers which are not timely paid are enforceable under state laws. All other states are required to enforce a judgment for amounts owed for markers entered into in Nevada, Mississippi, Illinois or Michigan which are not timely paid, pursuant to the Full Faith and Credit Clause of the United States Constitution. Amounts owed for markers which are not timely paid are not legally enforceable in some foreign countries, but the United States assets of foreign customers may be reached to satisfy judgments entered

in the United States.

Risks Associated With Our Operating Strategy

The principal risk factors relating to our operating strategy are:

Our guestroom, dining and entertainment prices are often higher than those of most of our competitors in each market, although we believe that the quality of our facilities and services is also higher;

Table of Contents

Our hotel-casinos compete to some extent with each other for customers. Bellagio, MGM Grand Las Vegas, Mandalay Bay and The Mirage, in particular, compete for some of the same premium gaming customers; MGM Grand Las Vegas and Mandalay Bay also compete to some extent against each other in the large-scale conference and convention business; and

Additional new hotel-casinos and expansion projects at existing Las Vegas hotel-casinos are under construction or have been proposed. We are unable to determine to what extent increased competition will affect our future operating results.

Sustainable Growth

In allocating capital, our financial strategy is focused on managing a proper mix of investing in existing resorts, spending on new resorts or initiatives, repaying long-term debt, and returning capital to shareholders. We have actively allocated capital to each of these areas historically. We believe there are reasonable investments for us to make in new initiatives that will provide returns in excess of the other options, though the pace and extent of such investments have been impacted by the current state of credit markets.

The following sections discuss certain of our current and potential development opportunities. We regularly evaluate possible expansion and acquisition opportunities in both the domestic and international markets, but cannot determine the likelihood of proceeding with specific development opportunities. Opportunities we evaluate may include the ownership, management and operation of gaming and other entertainment facilities in Nevada or in states other than Nevada or outside of the United States. We may undertake these opportunities either alone or in cooperation with one or more third parties.

CityCenter

We own 50% of CityCenter, currently under development on a 67-acre site on the Las Vegas Strip, between Bellagio and Monte Carlo. Infinity World Development Corp. (Infinity World), a wholly-owned subsidiary of Dubai World, a Dubai, United Arab Emirates government decree entity, owns the other 50% of CityCenter. CityCenter will feature a 4,000-room casino resort designed by world-famous architect Cesar Pelli; two 400-room non-gaming boutique hotels, one of which will be managed by luxury hotelier Mandarin Oriental; approximately 425,000 square feet of retail shops, dining and entertainment venues; and approximately 2.1 million square feet of residential space in approximately 2,400 luxury condominium and condominium-hotel units in multiple towers. CityCenter is expected to open in late 2009, except CityCenter postponed the opening of The Harmon Hotel & Spa until late 2010 and cancelled the development of approximately 200 residential units originally planned. We are serving as the developer of CityCenter and, upon completion of construction, we will manage CityCenter for a fee.

Atlantic City, New Jersey

We own approximately 130 acres on Renaissance Pointe in Atlantic City, New Jersey. We lease ten acres to Borgata under long-term leases for use in its current operations and for its expansion. Of the remaining 120 acres, approximately 72 acres are suitable for development. We lease nine of these developable acres to Borgata on a short-term basis for surface parking and a portion of the remaining acres consists of common roads, landscaping and master plan improvements which we designed and developed as required by our agreement with Boyd. We own an additional 14 acres in the Marina District near Renaissance Pointe.

In October 2007, we announced plans for a multi-billion dollar resort complex on our 72-acre site in Atlantic City. Since making that announcement, we have made extensive progress in design and other pre-development activities.

However, current economic conditions, including limited access to capital markets for projects of this scale, have caused us to reassess timing for this project. Accordingly, we have postponed current development activities.

Kerzner/Istithmar Joint Venture

In September 2007, we entered into a definitive agreement with Kerzner International and Istithmar forming a joint venture to develop a multi-billion dollar integrated resort to be located on the southwest corner of Las Vegas

Table of Contents

Boulevard and Sahara Avenue. In September 2008, we and our partners agreed to defer additional design and pre-construction activities and amended our joint venture agreement accordingly. In the event the joint venture partners agree that the resort will be developed, we will contribute 40 acres of land, at an agreed value of \$20 million per acre, for fifty percent of the equity in the joint venture. Kerzner International and Istithmar will contribute cash totaling \$600 million, of which \$200 million will be distributed to us, for the other 50% of the equity.

Risks Associated With Our Growth Strategy

The principal risk factors relating to our growth strategy are:

Development and operation of gaming facilities in new or existing jurisdictions are subject to many contingencies. Several of these contingencies are outside of our control and may include the passage of appropriate gaming legislation, the issuance of necessary permits, licenses and approvals, the availability of appropriate financing and the satisfaction of other conditions;

Expansion projects involve risks and uncertainties. For instance, the design, timing and costs of the projects may change and are subject to risks attendant to large-scale projects.

Leveraging Our Brand and Management Assets

We also seek to leverage our management expertise and well-recognized brands through strategic partnerships and international expansion opportunities. We feel that several of our brands, particularly the MGM Grand brand, are well suited to new projects in both gaming and non-gaming developments. The recently opened MGM Grand Macau and MGM Grand at Foxwoods, and the recently announced MGM Grand Abu Dhabi are all part of our brand expansion strategy.

In 2007, we formed MGM MIRAGE Hospitality, LLC (Hospitality). The purpose of this entity is to source strategic resort development and management opportunities, both gaming and non-gaming. Hospitality will have a particular focus on international opportunities, where we feel future growth opportunities are greatest. We have hired senior personnel with established backgrounds in the development and management of international hospitality operations to maximize the profit potential of Hospitality's operations. In 2008, Hospitality announced the formation of MGM MIRAGE Global Gaming Development, a new subsidiary principally focused on international gaming expansion.

Mubadala Development Company

In November 2007, we announced plans to develop MGM Grand Abu Dhabi, a multi-billion dollar, large-scale, mixed-use development that will serve as an incoming gateway to Abu Dhabi, a United Arab Emirate, located at a prominent downtown waterfront site on Abu Dhabi Island. The project will be wholly owned by Mubadala; we will serve as developer of the project and manage the development for a fee. The initial phase will utilize 50 acres and consist of an MGM Grand hotel, two additional MGM branded luxury hotels, and a variety of luxury residential offerings. Additionally, the development will feature a major entertainment facility, high-end retail shops, and world-class dining and convention facilities.

Mashantucket Pequot Tribal Nation

We entered into a series of agreements to implement a strategic alliance with the Mashantucket Pequot Tribal Nation (MPTN), which owns and operates Foxwoods Casino Resort in Ledyard, Connecticut. Under the strategic alliance, we consulted with MPTN in the development of a new \$700 million casino resort adjacent to the existing Foxwoods casino resort. The new resort utilizes the MGM Grand brand name and opened in May 2008. We and MPTN have also

formed a jointly owned company Unity Gaming, LLC to acquire or develop future gaming and non-gaming enterprises.

Table of Contents

China

We have formed a joint venture with the Diaoyutai State Guesthouse in Beijing, People's Republic of China, to develop luxury non-gaming hotels and resorts globally, initially targeting prime locations, including Beijing, in the People's Republic of China.

Vietnam

In November 2008, we and Asian Coast Development Ltd. announced plans to develop MGM Grand Ho Tram, which is expected to open in 2011. MGM Grand Ho Tram will anchor a multi-property complex on the Ho Tram Strip in the Ba Ria Vung Tau Province in southwest Vietnam. MGM Grand Ho Tram will be owned and financed by Asian Coast Development Ltd. and we will provide development assistance and operate the five-star integrated resort upon completion.

Risks Associated With Our Brand and Management Strategy

Operations in which we may engage in foreign territories are subject to risk pertaining to international operations. These may include financial risks: foreign currency, adverse tax consequences, inability to adequately enforce our rights; or regulatory and political risks: foreign government regulations, general geopolitical risks such as political and economic instability, hostilities with neighboring countries, and changes in diplomatic and trade relationships.

In addition, to the extent we become involved with development projects as an owner or investor, we are subject to similar risks as described in the Sustainable Growth section.

Employees and Labor Relations

As of December 31, 2008, we had approximately 46,000 full-time and 15,000 part-time employees. At that date, we had collective bargaining contracts with unions covering approximately 30,000 of our employees. We consider our employee relations to be good. In August 2007, we entered a new five-year collective bargaining agreement covering approximately 21,000 of our Las Vegas Strip employees, not including MGM Grand Las Vegas. The collective bargaining agreement covering approximately 4,000 employees at MGM Grand Las Vegas expired in 2008. We have signed an extension of such agreement and are currently negotiating a new agreement. In addition, in October 2007 we entered into a new four-year agreement covering approximately 2,900 employees at MGM Grand Detroit.

Regulation and Licensing

The gaming industry is highly regulated, and we must maintain our licenses and pay gaming taxes to continue our operations. Each of our casinos is subject to extensive regulation under the laws, rules and regulations of the jurisdiction where it is located. These laws, rules and regulations generally concern the responsibility, financial stability and character of the owners, managers, and persons with financial interest in the gaming operations. Violations of laws in one jurisdiction could result in disciplinary action in other jurisdictions. A more detailed description of the regulations to which we are subject is contained in Exhibit 99.2 to this Annual Report on Form 10-K, which Exhibit is incorporated herein by reference.

Our businesses are subject to various federal, state and local laws and regulations in addition to gaming regulations. These laws and regulations include, but are not limited to, restrictions and conditions concerning alcoholic beverages, environmental matters, employees, currency transactions, taxation, zoning and building codes, and marketing and advertising. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Material changes, new laws or regulations, or material differences in interpretations by

courts or governmental authorities could adversely affect our operating results.

Table of Contents**Forward-Looking Statements**

(Cautionary Statements Under the Private Securities Litigation Reform Act of 1995)

This Form 10-K and our 2008 Annual Report to Stockholders contain some forward-looking statements. Forward-looking statements give our current expectations or forecasts of future events. You can identify these statements by the fact that they do not relate strictly to historical or current facts. They contain words such as anticipate, estimate, expect, project, intend, plan, believe, may, could, might, and other words or meaning in connection with any discussion of future operating or financial performance. In particular, these include statements relating to future actions, new projects, future performance, the outcome of contingencies such as legal proceedings, and future financial results. From time to time, we also provide oral or written forward-looking statements in our Forms 10-Q and 8-K, as well as press releases and other materials we release to the public. Any or all of our forward-looking statements in this Form 10-K, in our 2008 Annual Report to Stockholders and in any other public statements we make may turn out to be wrong. They can be affected by inaccurate assumptions we might make or by known or unknown risks and uncertainties. Many factors mentioned in this Form 10-K for example, government regulation and the competitive environment will be important in determining our future results. Consequently, no forward-looking statement can be guaranteed. Our actual future results may differ materially.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise. You are advised, however, to consult any further disclosures we make on related subjects in our Forms 10-K, 10-Q and 8-K reports to the Securities and Exchange Commission (SEC). Also note that we provide a discussion of risks, uncertainties and possible inaccurate assumptions relevant to our business in Item 1A, Risk Factors. This discussion is provided as permitted by the Private Securities Litigation Reform Act of 1995.

You should also be aware that while we from time to time communicate with securities analysts, we do not disclose to them any material non-public information, internal forecasts or other confidential business information. Therefore, you should not assume that we agree with any statement or report issued by any analyst, irrespective of the content of the statement or report. To the extent that reports issued by securities analysts contain projections, forecasts or opinions, those reports are not our responsibility.

Executive Officers of the Registrant

The following table sets forth, as of February 15, 2009, the name, age and position of each of our executive officers. Executive officers are elected by and serve at the pleasure of the Board of Directors.

Name	Age	Position
James J. Murren	47	Chairman, Chief Executive Officer, President and Director
Robert H. Baldwin	58	Chief Design and Construction Officer and Director
Gary N. Jacobs	63	Executive Vice President, General Counsel, Secretary and Director
Aldo Manzini	45	Executive Vice President and Chief Administrative Officer
Daniel J. D. Arrigo	40	Executive Vice President and Chief Financial Officer
Robert C. Selwood	53	Executive Vice President and Chief Accounting Officer
Alan Feldman	50	Senior Vice President - Public Affairs
Phyllis A. James	56	Senior Vice President and Senior Counsel
Punam Mathur	48	Senior Vice President - Corporate Diversity and Community Affairs
John McManus	41	Senior Vice President, Assistant General Counsel and Assistant Secretary

Shawn T. Sani
Cathryn Santoro

43 Senior Vice President Taxes
40 Senior Vice President and Treasurer

Table of Contents

Mr. Murren has served as Chairman and Chief Executive Officer of the Company since December 2008 and as President since December 1999. He has served as Chief Operating Officer since August 2007. He was Chief Financial Officer from January 1998 to August 2007 and Treasurer from November 2001 to August 2007.

Mr. Baldwin has served as Chief Design and Construction Officer since August 2007. He served as Chief Executive Officer of Mirage Resorts from June 2000 to August 2007 and President and Chief Executive Officer of Bellagio, LLC from June 1996 to March 2005.

Mr. Jacobs has served as Executive Vice President and General Counsel of the Company since June 2000 and as Secretary since January 2002. Prior thereto, he was a partner with the law firm of Glaser, Weil, Fink, Jacobs, & Shapiro, LLP.

Mr. Manzini has served as Executive Vice President and Chief Administrative Officer since March 2007. Prior thereto, he served as Senior Vice President of Strategic Planning for the Walt Disney Company and in various senior management positions throughout his tenure from April 1990 to January 2007.

Mr. D Arrigo has served as Executive Vice President and Chief Financial Officer since August 2007. He served as Senior Vice President Finance of the Company from February 2005 to August 2007 and as Vice President Finance of the Company from December 2000 to February 2005.

Mr. Selwood has served as Executive Vice President and Chief Accounting Officer since August 2007. He served as Senior Vice President Accounting of the Company from February 2005 to August 2007 and as Vice President Accounting of the Company from December 2000 to February 2005.

Mr. Feldman has served as Senior Vice President Public Affairs of the Company since September 2001. He served as Vice President Public Affairs of the Company from June 2000 to September 2001.

Ms. James has served as Senior Vice President and Senior Counsel of the Company since March 2002. From 1994 to 2001 she served as Corporation (General) Counsel and Law Department Director for the City of Detroit. In that capacity she also served on various public and quasi-public boards and commissions on behalf of the City, including the Election Commission, the Detroit Building Authority and the Board of Ethics.

Ms. Mathur has served as Senior Vice President Corporate Diversity and Community Affairs of the Company since May 2004. She served as Vice President Corporate Diversity and Community Affairs of the Company from December 2001 to May 2004. She served as Vice President Community Affairs of the Company from November 2000 to December 2001.

Mr. McManus has served as Senior Vice President, Assistant General Counsel and Assistant Secretary of the Company since July 2008. He served as Vice President and General Counsel for CityCenter's residential and retail divisions from January 2006 to July 2008. Prior thereto, he served as General Counsel or Assistant General Counsel for various of the Company's operating subsidiaries from May 2001 to January 2006.

Mr. Sani has served as Senior Vice President Taxes of the Company since July 2005. He served as Vice President Taxes of the Company from June 2002 to July 2005. Prior thereto he was a partner in the Transaction Advisory Services practice of Arthur Andersen LLP, having served that firm in various other capacities since 1988.

Ms. Santoro has served as Senior Vice President and Treasurer since August 2007. She served as Vice President Treasury of the Company from August 2004 to August 2007. Prior thereto she was a Vice President for Wells Fargo Bank, serving in the gaming division.

Available Information

We maintain a website, www.mgmmirage.com, which includes financial and other information for investors. We provide access to our SEC filings on our website, free of charge, through a link to the SEC's EDGAR database. Through that link, our filings are available as soon as reasonably practical after we file the documents.

These filings are also available on the SEC's website at www.sec.gov. In addition, the public may read and copy any materials that we file with the SEC at the SEC's Public Reference Room at 100 F Street, N.E.,

Table of Contents

Washington, D.C. 20549 and may obtain information on the operation of the Public Reference Room by calling the SEC at 1-800-SEC-0330.

Our Corporate Governance Policies, the charter of our Audit Committee and our Code of Business Conduct and Ethics and Conflict of Interest Policy, along with any amendments or waivers to the Code, are available on our website under the Investor Relations link. We will provide a copy of these documents without charge to any stockholder upon receipt of a written request addressed to MGM MIRAGE, Attn: Corporate Secretary, 3600 Las Vegas Boulevard South, Las Vegas, Nevada 89109.

Reference in this document to our website address does not constitute incorporation by reference of the information contained on the website.

ITEM 1A. RISK FACTORS

You should be aware that the occurrence of any of the events described in this section and elsewhere in this report or in any other of our filings with the SEC could have a material adverse effect on our business, financial position, results of operations and cash flows. In evaluating us, you should consider carefully, among other things, the risks described below.

Our substantial indebtedness and significant financial commitments could adversely affect our operations and financial results and impact our ability to satisfy our obligations. As of December 31, 2008, we had approximately \$13.5 billion of indebtedness. In late February 2009, we borrowed \$842 million under our senior credit facility, which amount represented after giving effect to \$93 million in outstanding letters of credit the total amount of unused borrowing capacity available under our \$7.0 billion senior credit facility. In connection with the waiver and amendment described below, on March 17, 2009 we repaid \$300 million under the senior credit facility, which amount is not available for reborrowing without the consent of the lenders. We have no other existing sources of borrowing availability, except to the extent we pay down further amounts outstanding under the senior credit facility.

As of December 31, 2008, we had approximately \$2.8 billion of financial commitments and estimated capital expenditures in 2009, excluding commitments under employment, entertainment and other operational agreements. Furthermore, the interest rate applicable to our borrowings under the senior credit facility is based on variable reference rates and our leverage ratio. Any increase in the interest rates applicable to our existing or future borrowings would increase the cost of our indebtedness and reduce the cash flow available to fund our other liquidity needs. Our substantial indebtedness and significant financial commitments could have important negative consequences, including:

- increasing our exposure to general adverse economic and industry conditions;
- limiting our flexibility in planning for, or reacting to, changes in our business and industry;
- limiting our ability to borrow additional funds; and
- placing us at a competitive disadvantage compared to other less leveraged competitors.

Our senior credit facility contains financial covenants, and we do not expect to be in compliance with such financial covenants in 2009. While we were in compliance with the financial covenants under our senior credit facility at December 31, 2008, if the recent adverse conditions in the economy in general and the gaming industry in particular continue, we believe that we will not be in compliance with those financial covenants

during 2009. In fact, given these conditions and the recent borrowing under the senior credit facility, we do not expect to be in compliance with those financial covenants at March 31, 2009. As a result, on March 17, 2009 we obtained from the lenders under the senior credit facility a waiver of the requirement that we comply with such financial covenants through May 15, 2009. Additionally, we entered into an amendment of our senior credit facility which provides for, among other terms, the following:

We agreed to repay \$300 million of the outstanding borrowings under the senior credit facility, which amount is not available for reborrowing without the consent of the lenders;

We are prohibited from prepaying or repurchasing our outstanding long-term debt or disposing of material assets; and other restrictive covenants were added that limit our ability to make investments and incur indebtedness;

Table of Contents

The interest rate on outstanding borrowings under the senior credit facility was increased by 100 basis points; and

Our required equity contributions in CityCenter are limited through May 15, 2009 such that we can only make contributions if Infinity World makes its required contributions; our equity contributions do not exceed specified amounts (though we believe the limitation is in excess of the amounts expected to be required through May 15, 2009); and the CityCenter senior secured credit facility has not been accelerated.

Following expiration of the waiver on May 15, 2009, we will be subject to an event of default related to the expected noncompliance with financial covenants under the senior credit facility at March 31, 2009. We intend to work with our lenders to obtain additional waivers or amendments prior to May 15, 2009 to address future noncompliance with the senior credit facility; however, we can provide no assurance that we will be able to secure such waivers or amendments. The lenders holding at least a majority of the principal amount under our senior credit facility could, among other actions, accelerate the obligation to repay borrowings under our senior credit facility in such an event of default. As a result of such event of default, under certain circumstances, cross defaults could occur under our indentures and the CityCenter \$1.8 billion senior secured credit facility, which could accelerate the obligation to repay amounts outstanding under such indentures and the CityCenter credit facility and could result in termination of the unfunded commitments under the CityCenter credit facility. If the lenders exercise any or all such rights, we or CityCenter may determine to seek relief through a filing under the U.S. Bankruptcy Code.

There is substantial doubt about our ability to continue as a going concern. The uncertainties described above regarding 1) our ability to meet our financial commitments, and 2) our potential noncompliance with financial covenants under our senior credit facility, raise a substantial doubt about our ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should we be unable to continue as a going concern. As a result, the report of our independent registered public accounting firm on our consolidated financial statements for the year ended December 31, 2008 contains an explanatory paragraph with respect to our ability to continue as a going concern. We can provide no assurance that we will be able to secure a waiver or amendment related to potential noncompliance under our senior credit facility or be able to address our 2009 financial commitments in such a way as to be able to continue as a going concern.

Current economic conditions adversely impact our ability to service or refinance our indebtedness and to make planned expenditures. Our ability to make payments on, and to refinance, our indebtedness and to fund planned or committed capital expenditures and investments in joint ventures, such as CityCenter, depends on our ability to generate cash flow in the future and our ability to borrow under our senior credit facility to the extent of available borrowings. If adverse regional and national economic conditions persist, worsen, or fail to improve significantly, we could experience decreased revenues from our operations attributable to decreases in consumer spending levels and could fail to generate sufficient cash to fund our liquidity needs or fail to satisfy the financial and other restrictive covenants which we are subject to under our indebtedness. We cannot provide assurance that our business will generate sufficient cash flow from operations or that future borrowings will be available to us under our senior credit facility in an amount sufficient to enable us to pay our indebtedness or to fund our other liquidity needs.

Our casinos in Las Vegas and elsewhere are destination resorts that compete with other destination travel locations throughout the United States and the world. We do not believe that our competition is limited to a particular geographic area, and gaming operations in other states or countries could attract our customers. To

the extent that new casinos enter our markets or hotel room capacity is expanded by others in major destination locations, competition will increase. Major competitors, including new entrants, have either recently expanded their hotel room capacity or are currently expanding their capacity or constructing new resorts in Las Vegas. Also, the growth of gaming in areas outside Las Vegas, including California, has increased the competition faced by our operations in Las Vegas and elsewhere. In particular, as large scale gaming operations in Native American tribal lands has increased, particularly in California, competition has increased.

Table of Contents

The ownership and operation of gaming facilities are subject to extensive federal, state and local laws, regulations and ordinances, which are administered by the relevant regulatory agencies in each jurisdiction. These laws, regulations and ordinances vary from jurisdiction to jurisdiction, but generally concern the responsibility, financial stability and character of the owners and managers of gaming operations as well as persons financially interested or involved in gaming operations. As such, our gaming regulators can require us to disassociate ourselves from suppliers or business partners found unsuitable by the regulators. In addition, unsuitable activity on our part or on the part of our domestic or foreign unconsolidated affiliates in any jurisdiction could have a negative impact on our ability to continue operating in other jurisdictions. For a summary of gaming regulations that affect our business, see Regulation and Licensing. The regulatory environment in any particular jurisdiction may change in the future and any such change could have a material adverse effect on our results of operations. In addition, we are subject to various gaming taxes, which are subject to possible increase at any time.

Our business is affected by economic and market conditions in the markets in which we operate and in the locations our customers reside. Bellagio, MGM Grand Las Vegas, Mandalay Bay and The Mirage are particularly affected by economic conditions in the Far East, and all of our Nevada resorts are affected by economic conditions in the United States, and California in particular. A recession, economic slowdown or other economic issues affecting consumers is likely to cause a reduction in visitation to our resorts, which would adversely affect our operating results.

For example, the downturn in consumer spending and economic conditions that existed in 2008, and is expected to continue in 2009, has had a negative impact on our results of operations. In addition, the weak housing and real estate market both generally and in Nevada particularly has negatively impacted CityCenter's ability to sell residential units.

Certain of our casino properties are located in areas that may be subject to extreme weather conditions, including, but not limited to, hurricanes. Such extreme weather conditions may interrupt our operations, damage our properties, and reduce the number of customers who visit our facilities in such areas. Although we maintain both property and business interruption insurance coverage for certain extreme weather conditions, such coverage is subject to deductibles and limits on maximum benefits, including limitation on the coverage period for business interruption, and we cannot assure you that we will be able to fully insure such losses or fully collect, if at all, on claims resulting from such extreme weather conditions. Furthermore, such extreme weather conditions may interrupt or impede access to our affected properties and may cause visits to our affected properties to decrease for an indefinite period.

We are a large consumer of electricity and other energy. Accordingly, increases in energy costs, such as those experienced in 2007 and 2008, may have a negative impact on our operating results. Additionally, higher energy and gasoline prices which affect our customers may result in reduced visitation to our resorts and a reduction in our revenues.

Many of our customers travel by air. As a result, the cost and availability of air service and the impact of any events which disrupt air travel can affect our business. We cannot control the number or frequency of flights into or out of Las Vegas, but we rely on air traffic for a significant portion of our visitors. Reductions in flights by major airlines, such as those implemented in 2008 as a result of higher fuel prices and lower demand, can impact the number of visitors to our resorts. Additionally, there is one principal interstate highway between Las Vegas and Southern California, where a large number of our customers reside. Capacity constraints of that highway or any other traffic disruptions may also affect the number of customers who visit our facilities.

Leisure and business travel, especially travel by air, are particularly susceptible to global geopolitical events, such as terrorist attacks or acts of war or hostility. These events can create economic and political uncertainties that could adversely impact our business levels. Furthermore, although we have been able to purchase some insurance coverage for certain types of terrorist acts, insurance coverage against loss or business interruption resulting from war and some forms of terrorism continues to be unavailable.

Table of Contents

Our City Center joint venture involves significant risks. The development and ultimate operation of CityCenter is subject to unique risk given the scope of the development and financing requirements placed on us and our partner, Infinity World. If we or our partner are unable to meet our funding requirements or if City Center's \$1.8 billion senior secured credit facility is terminated for instance, due to cross defaults at the partner level then this could cause the development of CityCenter to be delayed or suspended indefinitely. Such an event could have adverse financial consequences to us.

Our joint venture in Macau S.A.R. involves significant risks. The operation of MGM Grand Macau, 50% owned by us, is subject to unique risks, including risks related to: (a) Macau's regulatory framework; (b) our ability to adapt to the different regulatory and gaming environment in Macau while remaining in compliance with the requirements of the gaming regulatory authorities in the jurisdictions in which we currently operate, as well as other applicable federal, state, or local laws in the United States and Macau; (c) potential political or economic instability; and (d) the extreme weather conditions in the region.

Furthermore, such operations in Macau or any future operations in which we may engage in any other foreign territories are subject to risk pertaining to international operations. These may include financial risks, such as foreign economy, adverse tax consequences, and inability to adequately enforce our rights. These may also include regulatory and political risks, such as foreign government regulations, general geopolitical risks such as political and economic instability, hostilities with neighboring countries, and changes in diplomatic and trade relationships.

Our plans for future construction can be affected by a number of factors, including time delays in obtaining necessary governmental permits and approvals and legal challenges. We may make changes in project scope, budgets and schedules for competitive, aesthetic or other reasons, and these changes may also result from circumstances beyond our control. These circumstances include weather interference, shortages of materials and labor, work stoppages, labor disputes, unforeseen engineering, environmental or geological problems, and unanticipated cost increases. Any of these circumstances could give rise to delays or cost overruns. Major expansion projects at our existing resorts can also result in disruption of our business during the construction period.

Claims have been brought against us and our subsidiaries in various legal proceedings, and additional legal and tax claims arise from time to time. It is possible that our cash flows and results of operations could be affected by the resolution of these claims. Please see the further discussion in Item 3. Legal Proceedings.

Tracinda Corporation beneficially owned approximately 54% of our outstanding common stock as of December 31, 2008. As a result, Tracinda Corporation has the ability to elect our entire Board of Directors and determine the outcome of other matters submitted to our stockholders, such as the approval of significant transactions.

A significant portion of our labor force is covered by collective bargaining agreements. Approximately 30,000 of our 61,000 employees are covered by collective bargaining agreements. A prolonged dispute with the covered employees could have an adverse impact on our operations. In addition, wage and or benefit increases resulting from new labor agreements may be significant and could also have an adverse impact on our results of operations. The collective bargaining agreement covering approximately 4,000 employees at MGM Grand Las Vegas expired in 2008. We have signed an extension of such agreement and are currently negotiating a new agreement.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

Table of Contents**ITEM 2. PROPERTIES**

Our principal executive offices are located at Bellagio. The following table lists our significant land holdings; unless otherwise indicated, all properties are wholly-owned. We also own or lease various other improved and unimproved property in Las Vegas and other locations in the United States and certain foreign countries.

Name and Location	Approximate Acres	Notes
Las Vegas, Nevada operations:		
Bellagio	76	Two acres of the site are subject to two ground leases that expire (giving effect to our renewal options) in 2019 and 2073.
MGM Grand Las Vegas	102	
Mandalay Bay	100	
The Mirage	102	Site is shared with TI. Approximately 21 acres will be transferred upon the close of the TI sale.
Luxor	60	
TI	NA	See The Mirage.
New York-New York	20	
Excalibur	53	
Monte Carlo	28	
Circus Circus Las Vegas	69	Includes Slots-A-Fun.
Shadow Creek Golf Course	240	
Other Nevada operations:		
Circus Circus Reno	10	A portion of the site is subject to two ground leases, which expire in 2032 and 2033, respectively.
Primm Valley Golf Club	448	Located in California, four miles from the Primm Valley Resorts.
Gold Strike, Jean, Nevada	51	
Railroad Pass, Henderson, Nevada	9	
Other domestic operations:		
MGM Grand Detroit	27	
Beau Rivage, Biloxi, Mississippi	41	Includes 10 acres of tidelands leased from the State of Mississippi under a lease that expires (giving effect to our renewal options) in 2066.
Fallen Oak Golf Course, Saucier, Mississippi	508	
Gold Strike, Tunica, Mississippi	24	
Other land:		
CityCenter Support Services	12	Includes approximately 10 acres behind New York-New York, being used for project administration offices and approximately two acres adjacent to New York-New York, being used for the residential sales pavilion. We own this land and these facilities, and we are leasing them to CityCenter on a rent-free basis.
Las Vegas Strip south	20	Located immediately south of Mandalay Bay.

Edgar Filing: MGM MIRAGE - Form 10-K

Las Vegas Strip north	15	Located across the Las Vegas Strip from Luxor.
North Las Vegas, Nevada	34	Located north of Circus Circus.
Henderson, Nevada	66	Located adjacent to Shadow Creek.
Jean, Nevada	47	Adjacent to Railroad Pass.
Sloan, Nevada	116	Located adjacent to, and across I-15 from, Gold Strike.
Stateline, California at Primm	89	
Detroit, Michigan	125	Adjacent to the Primm Valley Golf Club.
Tunica, Mississippi	8	Site of former temporary casino.
	388	We own an undivided 50% interest in this site with another, unaffiliated, gaming company.
Atlantic City, New Jersey	152	Approximately 19 acres are leased to Borgata including nine acres under a short-term lease. Of the remaining land, approximately 74 acres are suitable for development.

Table of Contents

The land underlying New York-New York, along with substantially all the assets of that resort, serve as collateral for our 13% Senior Secured Notes due 2013 issued in 2008.

Borgata occupies approximately 46 acres at Renaissance Pointe, including 19 acres we lease to Borgata. Borgata owns approximately 27 acres which are used as collateral for bank credit facilities in the amount of up to \$850 million. As of December 31, 2008, \$741 million was outstanding under the bank credit facility.

MGM Grand Macau occupies an approximately 10 acre site which it possesses under a 25 year land use right agreement with the Macau government. MGM Grand Paradise Limited's interest in the land use right agreement is used as collateral for MGM Grand Paradise Limited's bank credit facility. As of December 31, 2008, approximately \$818 million was outstanding under the bank credit facility. At December 31, 2008, MGM Grand Paradise Limited obtained a waiver of its financial covenants under the bank credit facility.

Silver Legacy occupies approximately five acres in Reno, Nevada, adjacent to Circus Circus Reno. The site is used as collateral for Silver Legacy's senior credit facility and 10.125% mortgage notes. As of December 31, 2008, \$160 million of principal of the 10.125% mortgage notes were outstanding.

CityCenter occupies approximately 67 acres of land between Bellagio and Monte Carlo. The site is used as collateral for CityCenter's bank credit facility. As of December 31, 2008, there is \$1.0 billion outstanding under the CityCenter bank credit facility, though such borrowings are held as restricted cash by the venture.

All of the borrowings by our unconsolidated affiliates described above are non-recourse to MGM MIRAGE. Other than as described above, none of our other assets serve as collateral.

ITEM 3. LEGAL PROCEEDINGS

Mandalay Bay Ticket Processing Fee Litigation

On July 14, 2008, the Company was served with a putative class action lawsuit filed in Los Angeles Superior Court in California (*Jeff Feld v. Mandalay Corp. d/b/a Mandalay Bay Resort & Casino*). The action purports to be brought pursuant to California's Consumer Legal Remedies Act on behalf of all California residents who during the previous six years purchased event tickets from our subsidiary, paid a separate processing fee in addition to the ticket price, and did not receive or received inaccurate notice of the processing fee when they purchased the ticket. The plaintiff alleges that our subsidiary advertised event tickets at a specified price and then charged purchasers undisclosed additional fees, specifically a \$5 processing fee, and that the foregoing was unlawful, a breach of contract, an unfair business practice, and a violation of California's Civil Code and Business & Professions Code. The plaintiff was seeking unspecified monetary damages including restitution, injunctive relief, attorneys' fees and costs. In February 2009, Mandalay Bay reached a satisfactory settlement with the individual plaintiff in this action. The settlement and dismissal of the action against Mandalay Bay and the Company are subject to court approval. No class has been certified in this case.

Other

We and our subsidiaries are also defendants in various other lawsuits, most of which relate to routine matters incidental to our business. We do not believe that the outcome of this other pending litigation, considered in the aggregate, will have a material adverse effect on the Company.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

There were no matters submitted to a vote of our security holders during the fourth quarter of 2008.

Table of Contents**PART II****ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES****Common Stock Information**

Our common stock is traded on the New York Stock Exchange under the symbol **MGM** formerly our stock trading symbol was **MGG**. The following table sets forth, for the calendar quarters indicated, the high and low sale prices of our common stock on the New York Stock Exchange Composite Tape.

	2008		2007	
	High	Low	High	Low
First quarter	\$ 84.92	\$ 57.26	\$ 75.28	\$ 56.40
Second quarter	62.90	33.00	87.38	61.17
Third quarter	38.49	21.65	91.15	63.33
Fourth quarter	27.70	8.00	100.50	80.50

There were approximately 4,198 record holders of our common stock as of March 9, 2009.

We have not paid dividends on our common stock in the last two fiscal years. As a holding company with no independent operations, our ability to pay dividends will depend upon the receipt of dividends and other payments from our subsidiaries. Furthermore, our senior credit facility contains financial covenants that could restrict our ability to pay dividends. Our Board of Directors periodically reviews our policy with respect to dividends, and any determination to pay dividends in the future will be at the sole discretion of the Board of Directors.

Share Repurchases

Our share repurchases are only conducted under repurchase programs approved by our Board of Directors and publicly announced. We did not repurchase shares of our common stock during the quarter ended December 31, 2008. The maximum number of shares available for repurchase under our May 2008 repurchase program was 20 million as of December 31, 2008.

Equity Compensation Plan Information

The following table includes information about our equity compensation plans at December 31, 2008:

The following events/transactions affect the year-to-year comparability of the selected financial data presented above:

Discontinued Operations

In January 2004, we sold the Golden Nugget Las Vegas and the Golden Nugget Laughlin including substantially all of the assets and liabilities of those resorts (the Golden Nugget Subsidiaries).

In July 2004, we sold the subsidiaries that owned and operated MGM Grand Australia.

In April 2007, we sold the Primm Valley Resorts.

In June 2007, we sold the Colorado Belle and Edgewater resorts in Laughlin, Nevada (the Laughlin Properties).

The results of the above operations are classified as discontinued operations for all periods presented.

Acquisitions

The Mandalay acquisition closed on April 25, 2005.

Other

Beau Rivage was closed from August 2005 to August 2006 due to Hurricane Katrina.

Beginning January 1, 2006, we began to recognize stock-based compensation in accordance with Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment (SFAS 123(R)). For the years ended December 31, 2008, 2007 and 2006, incremental expense, before tax, resulting from the adoption of SFAS 123(R) was \$36 million, \$46 million and \$70 million, respectively.

During 2007 and 2006, we recognized our share of profits from the sale of condominium units at The Signature at MGM Grand. We recognized \$93 million and \$117 million (pre-tax) of such income in 2007 and 2006, respectively.

During 2007 and 2006, we recognized \$284 million and \$86 million, respectively, of pre-tax income for insurance recoveries related to Hurricane Katrina.

During 2007, we recognized a \$1.03 billion pre-tax gain on the contribution of CityCenter to a joint venture.

During 2008, we recognized \$19 million of pre-tax income for insurance recoveries related to the Monte Carlo fire.

In the fourth quarter of 2008, we recognized a \$1.2 billion non-cash impairment charge related to goodwill and indefinite-lived intangible assets recognized in the Mandalay acquisition.

Table of Contents

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Executive Overview

Liquidity and Financial Position

We have significant indebtedness and significant financial commitments in 2009. As of December 31, 2008, we had approximately \$13.5 billion of total long-term debt. In late February 2009, we borrowed \$842 million under our senior credit facility, which amount represented after giving effect to \$93 million in outstanding letters of credit the total amount of unused borrowing capacity available under our \$7.0 billion senior credit facility. In connection with the waiver and amendment described below, on March 17, 2009 we repaid \$300 million under the senior credit facility, which amount is not available for reborrowing without the consent of the lenders. We have no other existing sources of borrowing availability, except to the extent we pay down further amounts outstanding under the senior credit facility.

In addition to commitments under employment, entertainment and other operational agreements, our financial commitments and estimated capital expenditures in 2009, as of December 31, 2008, totaled approximately \$2.8 billion see *Liquidity and Capital Resources* *Commitments and Contractual Obligations* and consisted of:

Contractual maturities of long-term debt totaling approximately \$1.0 billion;

Interest payments on long-term debt, estimated at \$0.8 billion;

CityCenter required equity contributions of approximately \$0.7 billion;

Other commitments of approximately \$0.3 billion, including \$0.2 billion of estimated capital expenditures;

To fund our anticipated 2009 financial commitments, we have the following sources of funds in 2009:

Available borrowings under our senior credit facility of \$1.2 billion as of December 31, 2008;

Expected proceeds in 2009 from the sale of TI of approximately \$0.6 billion;

Operating cash flow: Our current expectations for 2009 indicate that operating cash flow will be lower than in 2008. In 2008, we generated approximately \$1.8 billion of cash flow from operations before deducting a) cash paid for interest, which commitments are included in the list above, and b) the tax payment on the 2007 CityCenter transaction.

We are uncertain as to whether the sources listed above will be sufficient to fund our 2009 financial commitments and we cannot provide any assurances that we will be able to raise additional capital to fund our anticipated expenditures in 2009 if the sources listed above are not adequate.

While we were in compliance with the financial covenants under our senior credit facility at December 31, 2008, if the recent adverse conditions in the economy in general and the gaming industry in particular continue, we believe that we will not be in compliance with those financial covenants during 2009. In fact, given these conditions and the recent borrowing under the senior credit facility, we do not believe we will be in compliance with those financial covenants at March 31, 2009. As a result, on March 17, 2009 we obtained from the lenders under the senior credit facility a

waiver of the requirement that we comply with such financial covenants through May 15, 2009. Additionally, we entered into an amendment of our senior credit facility which provides for, among other terms, the following:

We agreed to repay \$300 million of the outstanding borrowings under the senior credit facility, which amount is not available for reborrowing without the consent of the lenders;

We are prohibited from prepaying or repurchasing our outstanding long-term debt or disposing of material assets; and other restrictive covenants were added that limit our ability to make investments and incur indebtedness;

The interest rate on outstanding borrowings under the senior credit facility was increased by 100 basis points; and

Our required equity contributions in CityCenter are limited through May 15, 2009 such that we can only make contributions if Infinity World makes its required contributions; our equity contributions do not exceed

Table of Contents

specified amounts (though we believe the limitation is in excess of the amounts expected to be required through May 15, 2009); and the CityCenter senior secured credit facility has not been accelerated.

Following expiration of the waiver on May 15, 2009, we will be subject to an event of default related to the expected noncompliance with financial covenants under the senior credit facility at March 31, 2009. Under the terms of the senior credit facility, noncompliance with financial covenants is an event of default, under which the lenders (with a vote of more than 50% of the lenders) may exercise any or all of the following remedies:

Terminate their commitments to fund additional borrowings;

Require cash collateral for outstanding letters of credit;

Demand immediate repayment of all outstanding borrowings under the senior credit facility: and

Decline to release subsidiary guarantees which would impact our ability to execute asset dispositions.

In addition, there are provisions in certain of the indentures governing our senior and senior subordinated notes under which a) the event of default under the senior secured credit facility, or b) the remedies under an event of default under the senior credit facility, would cause an event of default under the relevant senior and senior subordinated notes, which would also allow holders of our senior and senior subordinated notes to demand immediate repayment and decline to release subsidiary guarantees. Also, under the terms of the CityCenter senior secured credit facility, if an event of default has occurred under our borrowings and a) such event of default is certified to in writing by the relevant lenders, and b) such default allows the relevant lenders to demand immediate repayment, then an event of default has occurred relative to the CityCenter senior secured credit facility. Under such event of default, one of the remedies is the termination of the CityCenter senior secured credit facility. If the lenders exercise any or all such rights, we or CityCenter may determine to seek relief through a filing under the U.S. Bankruptcy Code.

The conditions and events described above raise a substantial doubt about our ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should we be unable to continue as a going concern.

We intend to work with the lenders to obtain additional waivers or amendments prior to May 15, 2009 to address future noncompliance with our senior credit facility; however, we can provide no assurance that we will be able to secure such waivers or amendments.

We have also retained the services of outside advisors to assist us in instituting and implementing any required programs to accomplish management's objectives. We are evaluating the possibility of a) disposing of certain assets, b) raising additional debt and/or equity capital, and c) modifying or extending our long-term debt. However, there can be no assurance that we will be successful in achieving our objectives.

Current Operations

At December 31, 2008, our operations consisted of 17 wholly-owned casino resorts and 50% investments in four other casino resorts, including:

Las Vegas, Nevada:

Edgar Filing: MGM MIRAGE - Form 10-K

Bellagio, MGM Grand Las Vegas, Mandalay Bay, The Mirage, Luxor, TI, New York-New York, Excalibur, Monte Carlo, Circus Circus Las Vegas and Slots-A-Fun.

Other: Circus Circus Reno and Silver Legacy (50% owned) in Reno, Nevada; Gold Strike in Jean, Nevada; Railroad Pass in Henderson, Nevada; MGM Grand Detroit; Beau Rivage in Biloxi, Mississippi and Gold Strike Tunica in Tunica, Mississippi; Borgata (50% owned) in Atlantic City, New Jersey; Grand Victoria (50% owned) in Elgin, Illinois; and MGM Grand Macau (50% owned).

Other operations include the Shadow Creek golf course in North Las Vegas; the Primm Valley Golf Club at the California state line; and Fallen Oak golf course in Saucier, Mississippi. In December 2008, we entered into an agreement to sell TI for \$775 million; the sale is expected to close by June 30, 2009.

Table of Contents

We own 50% of CityCenter, currently under development on a 67-acre site on the Las Vegas Strip, between Bellagio and Monte Carlo. Infinity World Development Corp. (Infinity World), a wholly-owned subsidiary of Dubai World, a Dubai, United Arab Emirates government decree entity, owns the other 50% of CityCenter. CityCenter will feature a 4,000-room casino resort designed by world-famous architect Cesar Pelli; two 400-room non-gaming boutique hotels, one of which will be managed by luxury hotelier Mandarin Oriental; approximately 425,000 square feet of retail shops, dining and entertainment venues; and approximately 2.1 million square feet of residential space in approximately 2,400 luxury condominium and condominium-hotel units in multiple towers. CityCenter is expected to open in late 2009, except CityCenter postponed the opening of The Harmon Hotel & Spa until late 2010 and cancelled the development of approximately 200 residential units originally planned. We are serving as the developer of CityCenter and, upon completion of construction, we will manage CityCenter for a fee.

Key Performance Indicators

Our primary business is the ownership and operation of casino resorts, which includes offering gaming, hotel, dining, entertainment, retail and other resort amenities. Over half of our net revenue is derived from non-gaming activities, a higher percentage than many of our competitors, as our operating philosophy is to provide a complete resort experience for our guests, including non-gaming amenities which command above market prices based on their quality. Our significant convention and meeting facilities allow us to maximize hotel occupancy and customer volumes during off-peak times such as mid-week or during traditionally slower leisure travel periods, which also leads to better labor utilization. We believe that we own several of the premier casino resorts in the world and have continually reinvested in our resorts to maintain our competitive advantage.

As a resort-based company, our operating results are highly dependent on the volume of customers at our resorts, which in turn impacts the price we can charge for our hotel rooms and other amenities. We also generate a significant portion of our operating income from the high-end gaming customers, which can cause variability in our results. Key performance indicators related to revenue are:

Gaming revenue indicators table games drop and slots handle (volume indicators); win or hold percentage, which is not fully controllable by us. Our normal table games win percentage is in the range of 18% to 22% of table games drop and our normal slots win percentage is in the range of 6.5% to 7.5% of slots handle;

Hotel revenue indicators hotel occupancy (volume indicator); average daily rate (ADR , price indicator); revenue per available room (REVPAR), a summary measure of hotel results, combining ADR and occupancy rate.

Most of our revenue is essentially cash-based, through customers wagering with cash or paying for non-gaming services with cash or credit cards. Our resorts, like many in the industry, generate significant operating cash flow. Our industry is capital intensive and we rely heavily on the ability of our resorts to generate operating cash flow to repay debt financing, fund maintenance capital expenditures and provide excess cash for future development.

We generate a majority of our net revenues and operating income from our resorts in Las Vegas, Nevada, which exposes us to certain risks outside of our control, such as increased competition from new or expanded Las Vegas resorts, and the impact from expansion of gaming in California. We are also exposed to risks related to tourism and the general economy, including national and global economic conditions and terrorist attacks or other global events.

Our results of operations do not tend to be seasonal in nature, though a variety of factors may affect the results of any interim period, including the timing of major Las Vegas conventions, the amount and timing of marketing and special events for our high-end customers, and the level of play during major holidays, including New Year and Chinese New Year. We market to different customer segments to manage our hotel occupancy, such as targeting large conventions

to ensure mid-week occupancy. Our results do not depend on key individual customers, though our success in marketing to customer groups, such as convention customers, or the financial health of customer segments, such as business travelers or high-end gaming customers from a particular country or region, can impact our results.

Table of Contents

Impact of Current Economic Conditions and Credit Markets on Results of Operations

The current state of the United States economy has negatively impacted our results of operations during 2008 and we expect these impacts to continue in 2009. The decrease in liquidity in the credit markets which began in late 2007 and accelerated in late 2008 has significantly impacted our Company.

We believe recent economic conditions and our customers' inability to access near-term credit has led to a shift in spending from discretionary items to fundamental costs like housing, as witnessed in broader indications of consumer behavior such as the declining sales trends in automobile and other retail sales and other discretionary spending in sectors like restaurants. We believe these factors have impacted our customers' willingness to plan vacations and conventions and their level of spending while at our resorts. Other conditions currently or recently present in the economic environment are conditions which tend to negatively impact our results, such as:

Weak housing market and significant declines in housing prices and related home equity;

Higher oil and gas prices which impact travel costs;

Weaknesses in employment and increases in unemployment;

Decreases in air capacity to Las Vegas; and

Decreases in equity market value, which impacted many of our customers.

See *Goodwill Impairment* and *Operating Results - Detailed Revenue Information* for specific impacts of these conditions on our results of operations. Beyond the impact on our operating results, these factors have led to a significant decrease in equity market value in general and in our market capitalization specifically.

Given the uncertainty in the economy and the unprecedented nature of the situation with the financial and credit markets, forecasting future results has become very difficult. In addition, leading indicators such as forward room bookings are difficult to assess, as our booking window has shortened significantly due to consumer uncertainty. Businesses and consumers appear to have altered their spending patterns which may lead to further decreases in visitor volumes and customer spending including convention and conference customers cancelling or postponing their events.

Because of these economic conditions, we have increasingly focused on managing costs. For example, we have reduced our salaried management positions; we did not pay discretionary bonuses in 2008 due to not meeting our internal profit targets; we suspended Company contributions to certain nonqualified deferred compensation plans; and we have been managing staffing levels across all our resorts. For the full year of 2008, the average number of full-time equivalents at our resorts decreased 7%. We continue to review costs at the corporate and operating levels to identify further opportunities for cost reductions.

Additionally, our results of operations are impacted by decisions we make related to our capital allocation, our access to capital, and our cost of capital; all of which are impacted by the uncertain state of the global economy and the continued instability in the capital markets. For example:

We postponed development on MGM Grand Atlantic City and our joint venture with Kerzner and Istithmar for a Las Vegas Strip project;

We have significantly reduced our estimated capital expenditures for 2009;

We entered into an agreement in December 2008 to sell TI for \$775 million;

The ability of CityCenter to obtain project financing was negatively impacted by credit market conditions, leading to a longer process than anticipated, with more funding from the venture partners required than anticipated;

In connection with the September 2008 amendment to our bank credit facility to increase the maximum leverage covenant, we will incur higher interest costs;

Our recent senior secured notes offering was completed at a higher interest rate than our existing fixed-rate indebtedness;

As discussed above, in February 2009, we borrowed \$842 million, the remaining amount of available funds (other than outstanding letters of credit) under our senior credit facility, which will increase our interest costs;

Table of Contents

In February 2009, all of the major credit rating agencies Moody's, Standard & Poors, and Fitch downgraded the rating on our long-term debt and in March 2009, Moody's downgraded our rating again. These rating downgrades may make it more difficult to obtain debt financing or may increase the cost of our future debt financing; and

Based on our current financial situation, we may be required to alter our working capital management practices to, for instance, post cash collateral for purchases or pay vendors on different terms than we have in the past.

Goodwill Impairment

With respect to our goodwill and indefinite-lived intangible assets, we performed our annual test during the fourth quarter of 2008. As a result of this analysis, we recognized a non-cash impairment charge of \$1.18 billion related to goodwill and certain indefinite-lived intangible assets in the fourth quarter. The impairment charge relates solely to the goodwill and other indefinite-lived intangible assets recognized in the 2005 acquisition of Mandalay Resort Group, and represents substantially all of the goodwill recognized at the time of the Mandalay acquisition and a minor portion of the value of trade names related to the Mandalay resorts. The impairment charge resulted from factors impacted by current economic conditions, including: 1) lower market valuation multiples for gaming assets; 2) higher discount rates resulting from turmoil in the credit and equity markets; and 3) current cash flow forecasts for the Mandalay resorts.

Other Items Affecting Future Operating Results

Our Las Vegas Strip resorts require ongoing capital investment to maintain their competitive advantages. We believe the investments we have made in the past several years in additional non-gaming amenities relative to our competitors enhances our ability to maintain visitor volume and allows us to charge higher prices for our amenities relative to our competitors. In 2008, we completed many improvements at our Las Vegas strip resorts, including:

A remodel of approximately 2,700 standard rooms at The Mirage, approximately 2,700 standard rooms at TI, approximately 1,100 rooms at Gold Strike Tunica, and approximately 900 rooms at Excalibur.

A new Cirque du Soleil production show, *Believe* featuring Criss Angel, at Luxor.

New restaurants and bars such as BLT Burger at The Mirage, RokVegas at New York-New York, Brand Steakhouse at Monte Carlo, and Yellowtail at Bellagio.

A complete re-design and refurbishment of the casino floor at New York-New York.

In addition, the following items are relevant to our overall outlook:

In August 2007, we entered into a new five-year collective bargaining agreement covering approximately 21,000 of our Las Vegas Strip employees. The new agreement provides for increases in wages and benefits of approximately 4% annually. This does not include the collective bargaining agreement covering employees at MGM Grand Las Vegas, which expired in 2008. A new agreement for MGM Grand Las Vegas is currently being negotiated. In addition, in October 2007 we entered into a new four-year labor agreement covering approximately 2,900 employees at MGM Grand Detroit which provides for average annual increases in wages and benefits of approximately 6%.

We expect to recognize a substantial gain from the sale of TI during 2009.

Financial Statement Impact of Hurricane Katrina and the Monte Carlo Fire

We maintain insurance covering both property damage and business interruption relating to catastrophic events, such as Hurricane Katrina affecting Beau Rivage in August 2005 and the rooftop fire at Monte Carlo in January 2008. Business interruption coverage covered lost profits and other costs incurred during the construction period and up to six months following the reopening of the facility.

Non-refundable insurance recoveries received in excess of the net book value of damaged assets, clean-up and demolition costs, and post-event costs are recognized as income in the period received or committed based on our estimate of the total claim for property damage (recorded as Property transactions, net) and business interruption (recorded as a reduction of General and administrative expenses) compared to the recoveries received at that time. All post-event costs and expected recoveries are recorded net within General and administrative expenses, except for depreciation of non-damaged assets, which is classified as Depreciation and amortization.

Table of Contents

Insurance recoveries are classified in the statement of cash flows based on the coverage to which they relate. Recoveries related to business interruption are classified as operating cash flows and recoveries related to property damage are classified as investing cash flows. We classify insurance recoveries as being related to property damage until the full amount of damaged assets and demolition costs are recovered, and classify additional recoveries up to the amount of post-event costs incurred as being related to business interruption. Insurance recoveries beyond that amount are classified as operating or investing cash flows based on our estimated allocation of the total claim.

Hurricane Katrina. By December 31, 2007, we had reached final settlement agreements with our insurance carriers and received insurance recoveries of \$635 million which exceeded the \$265 million of net book value of damaged assets and post-storm costs incurred. During the year ended December 31, 2007, we recognized \$284 million of insurance recoveries in income, of which \$217 million was recorded within Property transactions, net and \$67 million was recorded within General and administrative expense. The remaining \$86 million previously recognized in income was recorded within Property transactions, net in 2006.

During 2007, we received \$280 million in insurance recoveries, of which \$207 million was classified as investing cash flows and \$73 million was classified as operating cash flows. During 2006, we received \$309 million in insurance recoveries related to Hurricane Katrina, of which \$210 million was classified as investing cash flows and \$99 million was classified as operating cash flows.

Monte Carlo. As of December 31, 2008, we had received \$50 million of proceeds from our insurance carriers related to the Monte Carlo fire and recognized \$19 million of insurance recoveries in income, of which \$10 million was recorded within Property transactions, net and \$9 million was recorded within General and administrative expenses. Also, in 2008, we recorded a write-down of \$4 million related to the net book value of damaged assets, demolition costs of \$7 million, and operating costs of \$21 million related to the fire.

Results of Operations*Summary Financial Results*

The following table summarizes our financial results:

	Year Ended December 31,

Diluted net income (loss) per share	(3.06)	(158)%	5.31	139%	2.22

Table of Contents

On a consolidated basis, the most significant events and trends contributing to our performance over the last three years have been:

The economic factors discussed in *Impact of Current Economic Conditions and Credit Markets on Results of Operations*.

The rooftop fire at Monte Carlo in January 2008, which caused the closure of the resort for several weeks and reduced the number of rooms available at Monte Carlo for the remainder of 2008.

Recognition of a \$1.2 billion impairment charge in the fourth quarter of 2008 related to goodwill and indefinite-lived intangible assets recognized in the Mandalay acquisition in 2005. This non-cash charge is recorded in *Property transactions, net* in the accompanying consolidated statement of operations.

Recognition of a \$1.03 billion gain in 2007 related to the contribution of the CityCenter assets to a joint venture.

The closure of Beau Rivage in August 2005 after Hurricane Katrina and subsequent reopening in August 2006, and income related to insurance recoveries. Operating income at Beau Rivage includes income from insurance recoveries of \$284 million in 2007 and \$86 million in 2006.

Recognition of our share of profits from the closings of condominium units of The Signature at MGM Grand, which were complete as of December 31, 2007. The venture recorded revenue and cost of sales as units closed. In 2007, we recognized income of approximately \$84 million related to our share of the venture's profits and \$8 million of deferred profit on land contributed to the venture. In 2006, we recognized income of approximately \$102 million related to our share of the venture's profits and \$15 million of deferred profit on land contributed to the venture. These amounts are classified in *Income from unconsolidated affiliates* in the accompanying consolidated statements of operations.

Recognition of an \$88 million pre-tax gain on the repurchase of certain of our outstanding senior notes and redemption of our 7% debentures in the fourth quarter of 2008, which was recorded within *Other, net* in the accompanying consolidated statement of operations.

Net revenues decreased 6% in 2008 compared to 2007 due to the market conditions described above. On a comparable basis, operating income decreased 30% in 2008 compared to 2007, excluding the goodwill and indefinite-lived intangible impairment charge, the CityCenter gain, insurance recoveries, property transactions, reopening and start-up expenses, and profits from The Signature. Our operating margin decreased to 15% from 22% in the prior year on a comparable basis. The 44% decrease in corporate expense in 2008 was mainly attributable to cost reduction efforts implemented throughout the year, including the elimination of annual bonuses due to not meeting internal profit targets. Also, corporate expense in the prior year included severance costs, costs associated with our CityCenter joint venture transaction, and development costs associated with our planned MGM Grand Atlantic City project. Depreciation and amortization expense increased 11% in 2008 on top of an 11% increase in 2007 due to the significant capital investments in our resorts over the past few years.

Excluding Beau Rivage, net revenues in 2007 increased 4% over 2006, largely due to strength in hotel room rates and other non-gaming revenues. Operating income in 2007 compared to 2006 decreased 5% on a comparable basis, excluding the CityCenter gain, Hurricane Katrina insurance recoveries, operations at Beau Rivage, profits from The Signature at MGM Grand, reopening and start-up expenses, and property transactions. The decrease in operating income in 2007 on a comparable basis mainly related to higher depreciation and amortization expense and higher corporate expense.

Table of Contents*Operating Results Detailed Revenue Information*

The following table presents detail of our net revenues:

	Year Ended December 31,				
	2008	Percentage Change	2007	Percentage Change	2006
	(In thousands)				
Casino revenue, net:					
Table games	\$ 1,078,897	(12)%	\$ 1,228,296	(2)%	\$ 1,251,304
Slots	1,795,226	(5)%	1,897,610	7%	1,770,176
Other	101,557	(10)%	113,148	4%	108,958
Casino revenue, net	2,975,680	(8)%	3,239,054	3%	3,130,438
Non-casino revenue:					
Rooms	1,907,093	(10)%	2,130,542	7%	1,991,477
Food and beverage	1,582,367	(4)%	1,651,655	11%	1,483,914
Entertainment, retail and other	1,419,055	3%	1,376,417	16%	1,190,904
Non-casino revenue	4,908,515	(5)%	5,158,614	11%	4,666,295
	7,884,195	(6)%	8,397,668	8%	7,796,733
Less: Promotional allowances	(675,428)	(4)%	(706,031)	14%	(620,777)
	\$ 7,208,767	(6)%	\$ 7,691,637	7%	\$ 7,175,956

Table games revenue decreased 12% in 2008 mainly due to a decrease in volumes. The table games hold percentage was near the mid-point of the range for both years. In 2007, table games revenue decreased 7% excluding Beau Rivage, with volumes essentially flat and a slightly lower hold percentage in 2007.

Volume decreases mainly at our Las Vegas Strip resorts in 2008 led to a 5% decrease in slots revenue. Slots revenue at Bellagio and Mandalay Bay decreased 4% while the majority of our other Las Vegas Strip resorts experienced year-over-year decreases in the low double digits. Slots revenue increased 7% at MGM Grand Detroit and 5% at Gold Strike Tunica. In 2007, slots revenue was flat, excluding Beau Rivage. Slots revenue was strong in 2007 at many of our Las Vegas Strip Resorts, including Bellagio and MGM Grand Las Vegas each up 8% over 2006 and The Mirage and Mandalay Bay each up 5% over 2006.

Hotel revenue decreased 10% in 2008 due to decreased occupancy and lower average room rates leading to a 10% decrease in REVPAR. Average room rates decreased 7% at our Las Vegas Strip resorts with a decrease in occupancy from 96% to 93%. In 2007, hotel revenue increased 5% excluding Beau Rivage, with a 7% increase in company-wide REVPAR. Strength in demand and room pricing in 2007 on the Las Vegas Strip led to a 5% increase in ADR.

Food and beverage, entertainment, and retail revenues in 2008 were all impacted by lower customer spending and decreased occupancy at our resorts. In 2007, increases in food and beverage revenue were a result of investments in new restaurants and nightclubs. In 2008, entertainment revenues benefited from the addition of *Believe* at Luxor. In

2007, entertainment revenues benefited from *Love*, the Beatles-themed Cirque du Soleil show at The Mirage, which opened July 2006. Other revenues from continuing operations in 2008 increased 18% mainly due to reimbursed cost from CityCenter recognized as other revenue with corresponding amounts recognized as other expense.

Operating Results Details of Certain Charges

Stock compensation expense is recorded within the department of the recipient of the stock compensation award. The following table shows the amount of compensation expense related to employee stock-based awards:

Table of Contents

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Casino	\$ 10,828	\$ 11,513	\$ 13,659
Other operating departments	3,344	3,180	5,319
General and administrative	9,485	12,143	20,937
Corporate expense and other	12,620	19,707	32,444

	\$ 36,277	\$ 45,678	\$ 73,626

Preopening and start-up expenses consisted of the following:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
CityCenter	\$ 17,270	\$ 24,169	\$ 9,429
MGM Grand Macau		36,853	5,057
MGM Grand Detroit	135	26,257	3,313
The Signature at MGM Grand		1,130	8,379
Other	5,654	3,696	10,184
	\$ 23,059	\$ 92,105	\$ 36,362

Preopening and start-up expenses for CityCenter will continue to increase as the project nears its expected completion in late 2009. Subsequent to the CityCenter joint venture transaction in November 2007 we only recognize our 50% share of these preopening costs. MGM Grand Macau preopening and start-up expenses in 2007 and 2006 related to our share of that venture's preopening costs.

Property transactions, net consisted of the following:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Goodwill and other indefinite-lived intangible assets impairment charge	\$ 1,179,788	\$	\$
Other write-downs and impairments	52,170	33,624	40,865
Demolition costs	9,160	5,665	348
Insurance recoveries	(9,639)	(217,290)	(86,016)
Other net (gains) losses on asset sales or disposals	(20,730)	(8,312)	3,823

\$ 1,210,749 \$ (186,313) \$ (40,980)

See discussion of goodwill and other indefinite-lived intangible assets impairment charge and insurance recoveries in the Executive overview section. Other write-downs and impairments in 2008 included \$30 million related to land and building assets of Primm Valley Golf Club. The 2008 period also includes demolition costs associated with various room remodel projects and a gain on the sale of an aircraft of \$25 million. Insurance recoveries relate to the Monte Carlo fire in 2008 and Hurricane Katrina in 2007 and 2006. See further discussion in Executive Overview section.

Write-downs and impairments in 2007 included write-offs related to discontinued construction projects and a write-off of the carrying value of the Nevada Landing building assets due to its closure in March 2007. The 2007 period also includes demolition costs primarily related to the Mandalay Bay room remodel.

Write-downs and impairments in 2006 included \$22 million related to the write-off of the tram connecting Bellagio and Monte Carlo, including the stations at both resorts, in preparation for construction of CityCenter. Other impairments related to assets being replaced in connection with several capital projects.

Table of Contents*Non-operating Results*

The following table summarizes information related to interest on our long-term debt:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Total interest incurred	\$ 773,662	\$ 930,138	\$ 900,661
Interest capitalized	(164,376)	(215,951)	(122,140)
Interest allocated to discontinued operations		(5,844)	(18,160)
	\$ 609,286	\$ 708,343	\$ 760,361
Cash paid for interest, net of amounts capitalized	\$ 622,297	\$ 731,618	\$ 778,590
Weighted average total debt balance	\$ 12.8 billion	\$ 13.0 billion	\$ 12.7 billion
End-of-year ratio of fixed-to-floating debt	58/42	71/29	66/34
Weighted average interest rate	6.0%	7.1%	7.1%

In 2008, gross interest costs decreased compared to 2007 mainly due to lower interest rates on our variable rate borrowings. Capitalized interest decreased in 2008 due to less capitalized interest related to CityCenter and cessation of capitalized interest related to our investment in MGM Grand Macau upon opening in November 2007. The amounts presented above exclude non-cash gross interest and corresponding capitalized interest related to our CityCenter delayed equity contribution see Note 8 to the accompanying consolidated financial statements for further discussion.

Gross interest costs increased in 2007 compared to 2006 due to higher average debt balances during the year up until the significant reduction in debt in the fourth quarter resulting from the \$2.47 billion received upon the close of the CityCenter joint venture transaction and the \$1.2 billion received from our sale of common stock to Infinity World Investments, a wholly-owned subsidiary of Dubai World. Higher capitalized interest in 2007 resulted from the ongoing construction of CityCenter, MGM Grand Detroit, and MGM Grand Macau.

The following table summarizes information related to our income taxes:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Income (loss) from continuing operations before income tax	\$ (668,988)	\$ 2,158,428	\$ 977,926
Income tax provision	186,298	757,883	341,930
Effective income tax rate	NM	35.1%	35.0%
Cash paid for income taxes	\$ 437,874	\$ 391,042	\$ 369,450

The write-down of goodwill in 2008, which is treated as a permanently non-deductible item in our federal income tax provision, caused us to incur a provision for income tax expense even though our pre-tax result was a loss for the year. Excluding the impact of the goodwill write-down, the effective tax rate from continuing operations for 2008 was 37.3%. This is higher than the 2007 rate due to the impact of the CityCenter transaction on the 2007 rate, which greatly minimized the impact of permanent and other tax items, and due to the deduction taken in 2007 for domestic

production activities resulting primarily from the CityCenter transaction. The effective income tax rate in 2006 benefited from a reversal of tax reserves that were no longer required, primarily due to guidance issued by the Internal Revenue Service related to the deductibility of certain complimentary.

Cash taxes were paid in 2008 despite the pre-tax operating loss due to the non-deductible goodwill write-down and cash taxes paid on the CityCenter gain in 2008. Since the CityCenter gain was realized in the fourth quarter of 2007, the associated income taxes were paid in 2008. Absent the cash taxes paid on the CityCenter gain, cash taxes were approximately \$250 million less in 2008 than in 2007. In addition, cash taxes for 2007 were only slightly higher than 2006 despite significantly higher pre-tax income due to the deferral of taxes on the CityCenter gain into 2008.

Table of Contents**Liquidity and Capital Resources***Cash Flows Summary*

Our cash flows consisted of the following:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Net cash provided by operating activities	\$ 753,032	\$ 994,416	\$ 1,231,952

Net increase (decrease) in cash and cash equivalents	\$ (106,326)	\$ (36,820)	\$ 99,549

Cash Flows Operating Activities

Trends in our operating cash flows tend to follow trends in our operating income, excluding gains and losses from investing activities and net property transactions, since our business is primarily cash-based. Cash flow from operations decreased 26% in 2008 partially due to a decrease in operating income. The 2008 period also included a significant tax payment, approximately \$300 million, relating to the 2007 CityCenter transaction. Cash flow from operations decreased 19% in 2007 over 2006, due in part to an additional \$135 million of net cash outflows related to real estate under development expenditures partially offset by residential sales deposits when CityCenter was wholly owned.

At December 31, 2008 and 2007, we held cash and cash equivalents of \$296 million and \$416 million, respectively. We require a certain amount of cash on hand to operate our resorts. Beyond our cash on hand, we utilize a company-wide cash management system to minimize the amount of cash held in banks. Funds are swept from accounts at our resorts daily into central bank accounts, and excess funds are invested overnight or are used to repay borrowings under our bank credit facilities.

Table of Contents*Cash Flows Investing Activities*

Capital expenditures consisted of the following:

	Year Ended December 31,		
	2008	2007	2006
	(In millions)		
Development and expansion projects:			
CityCenter	\$ 58	\$ 962	\$ 520
MGM Grand Detroit	19	336	262
Beau Rivage		63	446
Las Vegas Strip land		584	
MGM Grand Atlantic City	24		
Capitalized interest on development and expansion projects	43	191	101
	144	2,136	1,329
Other:			
Room remodel projects	230	205	39
Corporate aircraft		102	48
Other	408	474	343
	638	781	430
	\$ 782	\$ 2,917	\$ 1,759

In 2008, we and Dubai World each made loans to CityCenter of \$500 million and equity contributions of \$653 million. The insurance recoveries classified as investing cash flows relate to Monte Carlo in 2008 and Hurricane Katrina in 2007 and 2006 as discussed earlier in the Executive Overview section.

In 2007, we received net proceeds of \$579 million from the sale of the Primm Valley Resorts and the Laughlin Properties. Also in 2007, we purchased a \$160 million convertible note issued by The M Resort LLC, which is developing a casino resort on Las Vegas Boulevard, 10 miles south of Bellagio. The note is convertible, with certain restrictions, into a 50% equity position in The M Resort LLC. Investments in unconsolidated affiliates in 2006 primarily represented investments in MGM Grand Macau.

Cash Flows Financing Activities

We borrowed net debt of \$2.4 billion in 2008, including \$2.5 billion under our senior credit facility. Also in 2008, we issued \$750 million of 13% senior secured notes due 2013 at a discount to yield 15%. The senior secured notes require that upon consummation of an asset sale, such as the proposed sale of TI, we either a) reinvest the net after-tax proceeds, which can include committed capital expenditures; or b) make an offer to repurchase a corresponding amount of senior secured notes at par plus accrued interest. We repaid the following senior and senior subordinated notes at maturity during 2008:

\$180.4 million of 6.75% senior notes; and

\$196.2 million of 9.5% senior notes.

In October 2008, our Board of Directors authorized the purchase of up to \$500 million of our public debt securities. In 2008, we repurchased \$345 million of principal amounts of our outstanding senior notes at a purchase price of \$263 million in open market repurchases as follows:

\$230 million of our 6% senior notes due 2009;

\$43 million of our 8.5% senior notes due 2010;

\$3.7 million of our 6.375% senior notes due 2011;

\$5.4 million of our 6.75% senior notes due 2012;

\$15.8 million of our 6.75% senior notes due 2013;

\$16.1 million of our 5.875% senior notes due 2014;

Table of Contents

\$7.1 million of our 6.875% senior notes due 2016;

\$17.3 million of our 7.5% senior notes due 2016; and

\$7 million of our 7.625% senior notes due 2017.

Also in the fourth quarter of 2008, we redeemed at par \$149.4 million of the principal amount of our 7% debentures due 2036 pursuant to a one-time put option by the holders of such debentures.

We repaid net debt of \$1.8 billion in 2007, including \$1.2 billion under our senior credit facility. In 2007, we issued \$750 million of 7.5% senior notes maturing in 2016 and we repaid the following senior and senior subordinated notes at their scheduled maturity: \$710 million of 9.75% senior subordinated notes; \$200 million of 6.75% senior notes; and \$492.2 million of 10.25% senior subordinated notes.

In 2007, we received approximately \$1.2 billion from the sale of 14.2 million shares of our common stock to Infinity World Investments at a price of \$84 per share. We received \$14 million, \$98 million and \$89 million in proceeds from the exercise of employee stock options in the years ended December 31, 2008, 2007 and 2006, respectively.

In 2006, we borrowed net debt of \$662 million, due to the level of capital expenditures, share repurchases and investments in unconsolidated affiliates. We repaid at their scheduled maturity our \$200 million 6.45% senior notes and our \$245 million 7.25% senior notes, and we issued \$1.5 billion of senior notes at various times throughout the year, with interest rates ranging from 6.75% to 7.625% and maturities ranging from 2013 to 2017.

Our share repurchases are only conducted under repurchase programs approved by our Board of Directors and publicly announced. In May 2008, our Board of Directors approved a 20 million share authorization which is still fully available at December 31, 2008. Our share repurchase activity was as follows:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
July 2004 authorization (8 million and 6.5 million shares purchased)	\$	\$ 659,592	\$ 246,892
December 2007 authorization (18.1 million and 1.9 million shares purchased)	1,240,856	167,173	
	\$ 1,240,856	\$ 826,765	\$ 246,892
Average price of shares repurchased	\$ 68.36	\$ 83.92	\$ 37.98

Principal Debt Arrangements

Our long-term debt consists of publicly held senior, senior secured, and senior subordinated notes and our senior credit facility. We pay fixed rates of interest ranging from 5.875% to 13% on the senior, senior secured, and subordinated notes. We pay variable interest based on LIBOR or a base rate on our senior credit facility. Our current senior credit facility has a total capacity of \$7.0 billion, matures in 2011, and consists of a \$4.5 billion revolving credit facility and a \$2.5 billion term loan facility. As of December 31, 2008, we had approximately \$1.2 billion of available liquidity under our senior credit facility. After giving effect to our February 2009 borrowing, we have borrowed the

entire amount of available borrowings under the senior credit facility.

All of our principal debt arrangements are guaranteed by each of our material subsidiaries, excluding MGM Grand Detroit, LLC and our foreign subsidiaries. MGM Grand Detroit is a guarantor under the senior credit facility, but only to the extent that MGM Grand Detroit, LLC borrows under such facilities. At December 31, 2008, the outstanding amount of borrowings related to MGM Grand Detroit, LLC was \$404 million. Substantially all of the assets of New York-New York serve as collateral for the 13% senior secured notes issued in 2008; otherwise, none of our assets serve as collateral for our principal debt arrangements.

Table of Contents

Other Factors Affecting Liquidity

Amendment to senior credit facility. In September 2008, we amended our senior credit facility to increase the maximum total leverage ratio (debt to EBITDA, as defined) to 7.5:1.0 beginning with the fiscal quarter ending December 31, 2008, which will remain in effect through December 31, 2009, with step downs thereafter. The amendment modified drawn and undrawn pricing levels as well as revised certain definitions and limitations on secured indebtedness. Our drawn pricing levels over LIBOR remain unchanged when the maximum total leverage ratio is less than 5.0:1. When the maximum total leverage ratio exceeds that level, the drawn pricing levels over LIBOR range from 1.25% to 2.00%.

Request to borrow remaining available funds under the senior credit facility. In February 2009, we submitted a borrowing request for \$842 million, the remaining amount of available funds (other than outstanding letters of credit) under our senior credit facility. The borrowing request was fully funded as of February 26, 2009. For further discussion of this event and its impact on our liquidity and financial position, see Executive Overview Liquidity and Financial Position.

Long-term debt payable in 2009. We have \$226 million of principal of senior notes due in July 2009 and \$820 million of principal of senior notes due in October 2009.

Sale of TI. In December 2008, we entered into a purchase agreement pursuant to which we have agreed to sell TI to Ruffin Acquisition, LLC (Ruffin Acquisition) for a purchase price of \$775 million. The purchase price is to be paid at closing as follows: \$500 million in cash and \$275 million in secured notes bearing interest at 10%, with \$100 million payable not later than 175 days after closing and \$175 million payable not later than 24 months after closing. The notes, to be issued by Ruffin Acquisition, will be secured by the assets of TI and will be senior to any other financing. In March 2009, we entered into an amendment to the purchase agreement which a) extends the maturity of the \$175 million note to 36 months, and b) offers Ruffin Acquisition a \$20 million discount on the purchase price effected through a reduction in principal of the notes if they are paid in full by April 30, 2009. The transaction is subject to customary closing conditions contained in the purchase agreement, including receipt of all gaming and other regulatory approvals. In addition, the ability of Ruffin Acquisition to obtain financing is not a closing condition. We anticipate that the transaction will be completed by March 31, 2009, and we expect to report a substantial gain on the sale. Under the terms of our 13% senior secured notes, within 360 days of the receipt of the proceeds from the TI sale we must either invest such proceeds in qualifying investments, which includes capital expenditures, or offer to repurchase the senior notes at par.

MGM Grand Atlantic City development. In October 2007, we announced plans for a multi-billion dollar resort complex on our 72-acre site in Atlantic City. Since making that announcement, we have made extensive progress in design and other pre-development activities. However, current economic conditions, including limited access to capital markets for projects of this scale have caused us to reassess timing for this project. Accordingly, we have postponed current development activities.

Mashantucket Pequot Tribal Nation. We have entered into a series of agreements to implement a strategic alliance with the Mashantucket Pequot Tribal Nation (MPTN), which owns and operates Foxwoods Casino Resort in Mashantucket, Connecticut. Under the strategic alliance, a new casino resort owned and operated by MPTN located adjacent to the existing Foxwoods casino resort carries the MGM Grand brand name. The resort opened in May 2008. We are receiving a brand licensing and consulting fee in connection with this agreement. We have also formed a jointly owned company with MPTN Unity Gaming, LLC to acquire or develop future gaming and non-gaming enterprises. Under certain circumstances, we will provide a loan of up to \$200 million to finance a portion of MPTN's investment in joint projects.

Kerzner/Istithmar joint venture. In September 2007, we entered into a definitive agreement with Kerzner International and Istithmar forming a joint venture to develop a multi-billion dollar integrated resort to be located on the southwest corner of Las Vegas Boulevard and Sahara Avenue. In September 2008, we and our partners agreed to defer additional design and pre-construction activities and amended the joint venture agreement accordingly. In the event the joint venture partners agree that the resort will be developed, we will contribute 40 acres of land, valued at \$20 million per acre, for fifty percent of the equity in the joint venture. Kerzner International and Istithmar will contribute cash totaling \$600 million, of which \$200 million will be distributed to us, for the other 50% of the equity.

Table of Contents*Off Balance Sheet Arrangements*

Investments in unconsolidated affiliates. Our off balance sheet arrangements consist primarily of investments in unconsolidated affiliates, which currently consist primarily of our investments in CityCenter, Borgata, Grand Victoria, Silver Legacy, and MGM Grand Macau. We have not entered into any transactions with special purpose entities, nor have we engaged in any derivative transactions. Our unconsolidated affiliate investments allow us to realize the proportionate benefits of owning a full-scale resort in a manner that minimizes our initial investment. We have not historically guaranteed financing obtained by our investees, and there are no other provisions of the venture agreements which we believe are unusual or subject us to risks to which we would not be subjected if we had full ownership of the resort.

CityCenter. In October 2008, CityCenter closed on a \$1.8 billion senior secured bank credit facility. The credit facility can be increased up to \$3 billion and consists of a \$250 million revolver with the remaining amount being in the form of term loans. The credit facility matures in April 2013 and is secured by substantially all of the assets of CityCenter. The credit facility is initially priced at LIBOR plus 3.75% through the construction period.

Through December 31, 2008, we and Infinity World had each made loans of \$925 million to CityCenter, which are subordinate to the credit facility. During the fourth quarter of 2008, \$425 million of each partner's loan funding was converted to equity and each partner provided equity contributions of \$228 million. Under the terms of the credit facility, we and Infinity World were each required to fund future construction costs through equity commitments of up to \$731 million as of December 31, 2008, which requirement would be reduced by future qualifying financing obtained by CityCenter. Subsequent to December 31, 2008, each partner made an additional \$237 million of required equity contributions. The proceeds from the subordinated loans and equity contributions will be used to fund construction costs prior to accessing borrowings under the credit facility.

In conjunction with the CityCenter credit facility, we and Infinity World have entered into partial completion guarantees on a several basis. The partial completion guarantees provide for additional funding of construction costs in the event such funding is necessary to complete the project, up to a maximum amount of \$600 million each.

Letters of credit. At December 31, 2008, we had outstanding letters of credit totaling \$92 million, of which \$50 million support bonds issued by the Economic Development Corporation of the City of Detroit and maturing in 2009. These bonds are recorded as a liability in our consolidated balance sheets. This obligation was undertaken to secure our right to develop a permanent casino in Detroit.

Commitments and Contractual Obligations

The following table summarizes our scheduled contractual obligations as of December 31, 2008:

	2009	2010	2011	2012	2013	Thereafter
	(In millions)					
Long-term debt	\$ 1,048	\$ 1,081	\$ 6,240	\$ 545	\$ 1,384	\$ 3,216
Estimated interest payments on long-term debt(1)	783	666	653	409	302	520
Capital leases	2	2	2	1		
Operating leases	14	11	9	8	6	44
Tax liabilities(2)	1					
Long-term liabilities(3)	77	18	1	1		6

Edgar Filing: MGM MIRAGE - Form 10-K

CityCenter funding commitments(4)	731	319				
Other purchase obligations:						
Construction commitments	54	3	1			
Employment agreements	113	65	21	3		
Entertainment agreements(5)	127	26	4			
Other(6)	86	16	15	9	1	
	\$ 3,036	\$ 2,207	\$ 6,946	\$ 976	\$ 1,693	\$ 3,786

(1) Estimated interest payments on long-term debt are based on principal amounts outstanding at December 31, 2008 and forecasted LIBOR rates for our bank credit facility.

Table of Contents

- (2) Approximately \$118 million of tax liabilities related to unrecognized tax benefits are excluded from the table as we cannot reasonably estimate when examination and other activity related to these amounts will conclude.
- (3) Includes our obligation to support \$50 million of bonds issued by the Economic Development Corporation of the City of Detroit as part of our development agreement with the City. The bonds mature in 2009.
- (4) As of December 31, 2008 we were committed to fund equity contributions of \$731 million to CityCenter during 2009. In addition, we are committed to fund up to \$600 million under a partial completion guarantee. Based on current forecasted expenditures we estimate that we will be required to fund \$319 million for such guarantee during 2010, excluding the benefit of proceeds to be received from residential closing.
- (5) Our largest entertainment commitments consist of minimum contractual payments to Cirque du Soleil, which performs shows at several of our resorts. We are generally contractually committed for a period of 12 months based on our ability to exercise certain termination rights; however, we expect these shows to continue for longer periods.
- (6) The amount for 2009 includes approximately \$58 million of open purchase orders. Other commitments are for various contracts, including advertising, maintenance and other service agreements.

See Executive Overview Liquidity and Financial Position for discussion of the impacts of the above contractual obligations on our liquidity and financial position.

Critical Accounting Policies and Estimates

Management's discussion and analysis of our results of operations and liquidity and capital resources are based on our consolidated financial statements. To prepare our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, we must make estimates and assumptions that affect the amounts reported in the consolidated financial statements. We regularly evaluate these estimates and assumptions, particularly in areas we consider to be critical accounting estimates, where changes in the estimates and assumptions could have a material impact on our results of operations, financial position or cash flows. Senior management and the Audit Committee of the Board of Directors have reviewed the disclosures included herein about our critical accounting estimates, and have reviewed the processes to determine those estimates.

Allowance for Doubtful Casino Accounts Receivable

Marker play represents a significant portion of the table games volume at Bellagio, MGM Grand Las Vegas, Mandalay Bay and The Mirage. Our other facilities do not emphasize marker play to the same extent, although we offer markers to customers at those casinos as well. We maintain strict controls over the issuance of markers and aggressively pursue collection from those customers who fail to pay their marker balances timely. These collection efforts are similar to those used by most large corporations when dealing with overdue customer accounts, including the mailing of statements and delinquency notices, personal contacts, the use of outside collection agencies and civil litigation. Markers are generally legally enforceable instruments in the United States. At December 31, 2008 and 2007, approximately 52% and 47%, respectively, of our casino accounts receivable was owed by customers from the United States. Markers are not legally enforceable instruments in some foreign countries, but the United States assets of foreign customers may be reached to satisfy judgments entered in the United States. At December 31, 2008 and 2007, approximately 34% and 38%, respectively, of our casino accounts receivable was owed by customers from the Far East.

We maintain an allowance, or reserve, for doubtful casino accounts at all of our operating casino resorts. The provision for doubtful accounts, an operating expense, increases the allowance for doubtful accounts. We regularly evaluate the allowance for doubtful casino accounts. At resorts where marker play is not significant, the allowance is generally established by applying standard reserve percentages to aged account balances. At resorts where marker play is significant, we apply standard reserve percentages to aged account balances under a specified dollar amount and specifically analyze the collectibility of each account with a balance over the specified dollar amount, based on the age of the account, the customer's financial condition, collection history and any other known information. We also monitor regional and global economic conditions and forecasts to determine if reserve levels are adequate.

Table of Contents

The collectibility of unpaid markers is affected by a number of factors, including changes in currency exchange rates and economic conditions in the customers' home countries. Because individual customer account balances can be significant, the allowance and the provision can change significantly between periods, as information about a certain customer becomes known or as changes in a region's economy occur.

The following table shows key statistics related to our casino receivables:

	2008	At December 31, 2007 (In thousands)	2006
Casino accounts receivable	\$ 243,600	\$ 266,059	\$ 248,044
Allowance for doubtful casino accounts receivable	92,278	76,718	83,327
Allowance as a percentage of casino accounts receivable	38%	29%	34%
Median age of casino accounts receivable	36 days	28 days	46 days
Percentage of casino accounts outstanding over 180 days	21%	18%	21%

The allowance for doubtful accounts as a percentage of casino accounts receivable has increased in the current year due to an increase in aging of accounts. At December 31, 2008, a 100 basis-point change in the allowance for doubtful accounts as a percentage of casino accounts receivable would change net income by \$2 million, or less than \$0.01 per share.

Fixed Asset Capitalization and Depreciation Policies

Property and equipment are stated at cost. For the majority of our property and equipment, cost has been determined based on estimated fair values in connection with the April 2005 Mandalay acquisition and the May 2000 Mirage Resorts acquisition. Maintenance and repairs that neither materially add to the value of the property nor appreciably prolong its life are charged to expense as incurred. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets. We account for construction projects in accordance with Statement of Financial Accounting Standards No. 67, Accounting for Costs and Initial Rental Operations of Real Estate Projects. When we construct assets, we capitalize direct costs of the project, including fees paid to architects and contractors, property taxes, and certain costs of our design and construction subsidiaries.

We must make estimates and assumptions when accounting for capital expenditures. Whether an expenditure is considered a maintenance expense or a capital asset is a matter of judgment. When constructing or purchasing assets, we must determine whether existing assets are being replaced or otherwise impaired, which also may be a matter of judgment. Our depreciation expense is highly dependent on the assumptions we make about our assets' estimated useful lives. We determine the estimated useful lives based on our experience with similar assets, engineering studies, and our estimate of the usage of the asset. Whenever events or circumstances occur which change the estimated useful life of an asset, we account for the change prospectively.

In accordance with Statement of Financial Accounting Standards No. 34, Capitalization of Interest Cost (SFAS 34), interest cost associated with major development and construction projects is capitalized as part of the cost of the project. Interest is typically capitalized on amounts expended on the project using the weighted-average cost of our outstanding borrowings, since we typically do not borrow funds directly related to a development project. Capitalization of interest starts when construction activities, as defined in SFAS 34, begin and ceases when construction is substantially complete or development activity is suspended for more than a brief period.

Impairment of Long-lived Assets, Goodwill and Indefinite-lived Intangible Assets

We evaluate our property and equipment and other long-lived assets for impairment in accordance with Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. For assets to be disposed of, we recognize the asset at the lower of carrying value or fair market value less costs of disposal, as estimated based on comparable asset sales, offers received, or a discounted cash flow model. For assets to be held and used, we review for impairment whenever indicators of impairment exist. We then compare the estimated future cash flows of the asset, on an undiscounted basis, to the carrying value of the asset. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, then an impairment is recorded based on the fair value of the asset, typically

Table of Contents

measured using a discounted cash flow model. If an asset is still under development, future cash flows include remaining construction costs. All recognized impairment losses, whether for assets to be disposed of or assets to be held and used, are recorded as operating expenses.

There are several estimates, assumptions and decisions in measuring impairments of long-lived assets. First, management must determine the usage of the asset. To the extent management decides that an asset will be sold, it is more likely that an impairment may be recognized. Assets must be tested at the lowest level for which identifiable cash flows exist. This means that some assets must be grouped, and management has some discretion in the grouping of assets. Future cash flow estimates are, by their nature, subjective and actual results may differ materially from our estimates.

On a quarterly basis, we review our major long-lived assets to determine if events have occurred or circumstances exist that indicate a potential impairment. We estimate future cash flows using our internal budgets. When appropriate, we discount future cash flows using our weighted-average cost of capital, developed using a standard capital asset pricing model.

We review goodwill and indefinite-lived intangible assets for impairment in accordance with Statement of Financial Accounting Standards No. 142, *Goodwill and Other Intangible Assets*. Goodwill represents the excess of purchase price over fair market value of net assets acquired in business combinations. Goodwill and indefinite-lived intangible assets must be reviewed for impairment at least annually and between annual test dates in certain circumstances. We perform our annual impairment test for goodwill and indefinite-lived intangible assets in the fourth quarter of each fiscal year. Goodwill for relevant reporting units is tested for impairment using a discounted cash flow analysis based on our budgeted future results discounted using our weighted average cost of capital and market indicators of terminal year capitalization rates. Indefinite-lived intangible assets consist primarily of license rights, which are tested for impairment using a discounted cash flow approach, and trademarks; which are tested for impairment using the relief-from-royalty method. See Note 3 and Note 9 to the accompanying consolidated financial statements for further discussion related to goodwill and indefinite-lived intangible assets.

There are several estimates inherent in evaluating these assets for impairment. In particular, future cash flow estimates are, by their nature, subjective and actual results may differ materially from our estimates. In addition, the determination of capitalization rates and the discount rates used in the goodwill impairment test are highly judgmental and dependent in large part on expectations of future market conditions.

See *Results of Operations* for discussion of write-downs and impairments of long-lived assets recorded in 2008, 2007 and 2006. In 2006, we entered into agreements to sell Primm Valley Resorts and Laughlin Properties. The fair value less costs to sell exceeded the carrying value, therefore no impairment was indicated. See *Goodwill Impairment* for discussion of impairment of goodwill recorded in 2008. Other than the above items, we are not aware of events or circumstances through December 31, 2008 that would cause us to review any material long-lived assets, goodwill or indefinite-lived intangible assets for impairment.

Income Taxes

We account for income taxes in accordance with Statement of Financial Accounting Standards No. 109, *Accounting for Income Taxes* (SFAS 109). SFAS 109 requires the recognition of deferred tax assets, net of applicable reserves, related to net operating loss carryforwards and certain temporary differences. The standard requires recognition of a future tax benefit to the extent that realization of such benefit is more likely than not. Otherwise, a valuation allowance is applied. Except for certain New Jersey state net operating losses, certain other New Jersey state deferred tax assets, a foreign tax credit carryforward and certain foreign deferred tax assets, we believe that it is more likely than not that our deferred tax assets are fully realizable because of the future reversal of existing taxable temporary

differences and future projected taxable income.

Our income tax returns are subject to examination by the Internal Revenue Service (IRS) and other tax authorities. Positions taken in tax returns are sometimes subject to uncertainty in the tax laws and may not ultimately be accepted by the IRS or other tax authorities.

Effective January 1, 2007, we adopted Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes an Interpretation of FASB Statement No. 109 (FIN 48). FIN 48 requires

Table of Contents

that tax positions be assessed using a two-step process. A tax position is recognized if it meets a more likely than not threshold, and is measured at the largest amount of benefit that is greater than 50 percent likely of being realized. As required by the standard, we review uncertain tax positions at each balance sheet date. Liabilities we record as a result of this analysis are recorded separately from any current or deferred income tax accounts, and are classified as current (Other accrued liabilities) or long-term (Other long-term liabilities) based on the time until expected payment. Additionally, we recognize accrued interest and penalties related to unrecognized tax benefits in income tax expense, a policy that did not change as a result of the adoption of FIN 48.

We file income tax returns in the U.S. federal jurisdiction, various state and local jurisdictions, and foreign jurisdictions, although the taxes paid in foreign jurisdictions are not material. As of December 31, 2008, we were no longer subject to examination of our U.S. federal income tax returns filed for years ended prior to 2003. While the IRS examination of the 2001 and 2002 tax years closed during the first quarter of 2007, the statute of limitations for assessing tax for such years has been extended in order for us to appeal issues related to a land sale transaction that were not agreed upon at the closure of the examination. The appeals discussions continue, and the Company has requested to enter into appeals mediation procedures with the IRS. Consequently, we believe that it is reasonably possible to settle these issues within the next twelve months. The IRS is currently examining our federal income tax returns for the 2003 and 2004 tax years and one of our subsidiaries for the 2004 through 2006 tax years. Tax returns for subsequent years are also subject to examination. In addition, during the first quarter of 2009, the IRS initiated an examination of the federal income tax return of Mandalay Resort Group for the pre-acquisition year ended April 25, 2005. The statute of limitations for assessing tax for the Mandalay Resort Group federal income tax return for the year ended January 31, 2005 has been extended but such return is not currently under examination by the IRS.

As of December 31, 2008, we are no longer subject to examination for our various state and local tax returns filed for years ended prior to 2003. A Mandalay Resort Group subsidiary return for the pre-acquisition year ended April 25, 2005 is under examination by the City of Detroit. During the first quarter of 2008, the state of Mississippi settled an examination of returns filed by subsidiaries of MGM MIRAGE and Mandalay Resort Group for the 2004 through 2006 tax years. This settlement resulted in a payment of additional taxes and interest of less than \$1 million. No other state or local income tax returns are currently under exam.

Stock-based Compensation

We account for stock-based compensation in accordance with SFAS 123(R). For stock options and stock appreciation rights (SARs) we measure fair value using the Black-Scholes model. For restricted stock units, compensation expense is calculated based on the fair market value of our stock on the date of grant. There are several management assumptions required to determine the inputs into the Black-Scholes model. Our volatility and expected term assumptions can significantly impact the fair value of stock options and SARs. The extent of the impact will depend, in part, on the extent of awards in any given year. In 2008, we granted 4.9 million SARs with a total fair value of \$72 million. In 2007, we granted 2.6 million SARs with a total fair value of \$68 million. In 2006, we granted 1.9 million stock options and SARs with a total fair value of \$28 million.

For 2008 awards, a 10% change in the volatility assumption (50% for 2008; for sensitivity analysis, volatility was assumed to be 45% and 55%) would have resulted in a \$5.5 million, or 8%, change in fair value. A 10% change in the expected term assumption (4.6 years for 2008; for sensitivity analysis, expected term was assumed to be 4.1 years and 5.1 years) would have resulted in a \$3.3 million, or 5%, change in fair value. These changes in fair value would have been recognized over the five-year vesting period of such awards. It should be noted that a change in the expected term would cause other changes, since the risk-free rate and volatility assumptions are specific to the term; we did not attempt to adjust those assumptions in performing the sensitivity analysis above.

Table of Contents

Recently Issued Accounting Standards

Accounting for Business Combinations and Non-Controlling Interests

In December 2007, the Financial Accounting Standards Board (FASB) issued SFAS No. 141(R), Business Combinations, (SFAS 141R) and SFAS No. 160 Non-controlling interests in Consolidated Financial Statements an amendment of ARB No. 51, (SFAS 160). These standards amend the requirements for accounting for business combinations, including the recognition and measurement of additional assets and liabilities at their fair value, expensing of acquisition-related costs which are currently capitalizable under existing rules, treatment of adjustments to deferred taxes and liabilities subsequent to the measurement period, and the measurement of non-controlling interests, previously commonly referred to as minority interests, at fair value. SFAS 141R also includes additional disclosure requirements with respect to the methodologies and techniques used to determine the fair value of assets and liabilities recognized in a business combination. SFAS 141R and SFAS 160 apply prospectively to fiscal years beginning on or after December 15, 2008, except for the treatment of deferred tax adjustments which apply to deferred taxes recognized in previous business combinations. These standards became effective for us on January 1, 2009. We do not believe the adoption of SFAS 141R and SFAS 160 will have a material impact on our consolidated financial statements.

Transfers of Financial Assets and Interests in Variable Entities

In December 2008, the FASB issued FSP FAS 140-4 and FIN 46(R)-8 Disclosures by Public Entities (Enterprises) About Transfers of Financial Assets and Interests in Variable Interest Entities. The FSP enhances disclosures required by FIN 46(R) to include a discussion of significant judgments made in determining whether a variable interest entity (VIE) should be consolidated, as well as the nature of the risks and how its involvement with a VIE affects the financial position of the entity. The FSP is effective for us for the fiscal year ended December 31, 2008. The adoption of the FSP did not have a material impact on our consolidated financial statements.

Equity Method Investment Accounting Considerations

In November 2008, the Emerging Issues Task Force (EITF) of the FASB ratified its consensus on EITF No. 08-6). The EITF reached a consensus on the following four issues addressed: a) the initial carrying value of an equity method investment is determined in accordance with SFAS 141(R); b) equity method investors should not separately test an investee's underlying assets for impairment, but rather recognize other than temporary impairments of an equity method investment in accordance with APB Opinion 18; c) exceptions to recognizing gains from an investee's issuance of shares in earnings in accordance with the SEC's Staff Accounting Bulletin 51 were removed to achieve consistency with SFAS 160; and d) the guidance in APB Opinion 18 to account for a change in the investor's accounting from the equity method to the cost method should still be applied. EITF 08-6 became effective for us on January 1, 2009. We do not believe the adoption of EITF 08-6 will have a material impact on our consolidated financial statements.

Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our long-term debt. We attempt to limit our exposure to interest rate risk by managing the mix of our long-term fixed rate borrowings and short-term borrowings under our bank credit facilities.

As of December 31, 2008, long-term fixed rate borrowings represented approximately 58% of our total borrowings. Based on December 31, 2008 debt levels, an assumed 100 basis-point change in LIBOR would cause our annual

interest cost to change by approximately \$57 million.

Table of Contents

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We incorporate by reference the information appearing under "Market Risk" in Item 7 of this Form 10-K.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

Our Consolidated Financial Statements and Notes to Consolidated Financial Statements, including the Independent Registered Public Accounting Firm's Report thereon, referred to in Item 15(a)(1) of this Form 10-K, are included at pages 52 to 88 of this Form 10-K.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer) have concluded that the design and operation of our disclosure controls and procedures are effective as of December 31, 2008. This conclusion is based on an evaluation conducted under the supervision and participation of the principal executive officer and principal financial officer along with company management. Disclosure controls and procedures are those controls and procedures which ensure that information required to be disclosed in this filing is accumulated and communicated to management and is recorded, processed, summarized and reported in a timely manner and in accordance with Securities and Exchange Commission rules and regulations.

Management's Annual Report on Internal Control Over Financial Reporting

Management's Annual Report on Internal Control Over Financial Reporting, referred to in Item 15(a)(1) of this Form 10-K, is included at page 50 of this Form 10-K.

Attestation Report of the Independent Registered Public Accounting Firm

The Independent Registered Public Accounting Firm's Attestation Report on our internal control over financial reporting referred to in Item 15(a)(1) of this Form 10-K, is included at page 51 of this Form 10-K.

Changes in Internal Control Over Financial Reporting

During the quarter ended December 31, 2008, there were no changes in our internal control over financial reporting that materially affected, or are reasonably likely to affect, our internal control over financial reporting.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

We incorporate by reference the information appearing under Executive Officers of the Registrant in Item 1 of this Form 10-K and under Election of Directors and Corporate Governance in our definitive Proxy Statement for our 2009 Annual Meeting of Stockholders, which we expect to file with the Securities and Exchange Commission on or about April 3, 2009 (the Proxy Statement).

ITEM 11. EXECUTIVE COMPENSATION

We incorporate by reference the information appearing under Executive and Director Compensation and Other Information and Corporate Governance Compensation Committee Interlocks and Insider Participation, and Compensation Committee Report in the Proxy Statement.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

We incorporate by reference the information appearing under Equity Compensation Plan Information in Item 5 of this Form 10-K, and under Principal Stockholders and Election of Directors in the Proxy Statement.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

We incorporate by reference the information appearing under Transactions with Related Persons and Corporate Governance in the Proxy Statement.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

We incorporate by reference the information appearing under Selection of Independent Registered Public Accounting Firm in the Proxy Statement.

PART IV

ITEM 15. EXHIBITS, FINANCIAL STATEMENT SCHEDULES.

(a)(1). Financial Statements.

Included in Part II of this Report:

Management's Annual Report on Internal Control Over Financial Reporting
Report of Independent Registered Public Accounting Firm on Internal Control Over Financial Reporting
Report of Independent Registered Public Accounting Firm on Consolidated Financial Statements
Consolidated Balance Sheets December 31, 2008 and 2007
Years Ended December 31, 2008, 2007 and 2006
Consolidated Statements of Operations
Consolidated Statements of Cash Flows
Consolidated Statements of Stockholders' Equity
Notes to Consolidated Financial Statements

(a)(2). Financial Statement Schedule.

Years Ended December 31, 2008, 2007 and 2006
Schedule II Valuation and Qualifying Accounts

We have omitted schedules other than the one listed above because they are not required or are not applicable, or the required information is shown in the financial statements or notes to the financial statements.

Table of Contents**(a)(3). Exhibits.**

Exhibit Number	Description
3(1)	Certificate of Incorporation of the Company, as amended through 1997 (incorporated by reference to Exhibit 3(1) to Registration Statement No. 33-3305 and to Exhibit 3(a) to the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 1997).
3(2)	Certificate of Amendment to Certificate of Incorporation of the Company, dated January 7, 2000, relating to an increase in the authorized shares of common stock (incorporated by reference to Exhibit 3(2) to the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 1999 (the 1999 10-K)).
3(3)	Certificate of Amendment to Certificate of Incorporation of the Company, dated January 7, 2000, relating to a 2-for-1 stock split (incorporated by reference to Exhibit 3(3) to the 1999 10-K).
3(4)	Certificate of Amendment to Certificate of Incorporation of the Company, dated August 1, 2000, relating to a change in name of the Company (incorporated by reference to Exhibit 3(i).4 to the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2000 (the September 2000 10-Q)).
3(5)	Certificate of Amendment to Certificate of Incorporation of the Company, dated June 3, 2003, relating to compliance with provisions of the New Jersey Casino Control Act relating to holders of Company securities (incorporated by reference to Exhibit 3.1 to the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended June 30, 2003 (the June 2003 10-Q)).
3(6)	Certificate of Amendment to Certificate of Incorporation of the Company, dated May 3, 2005, relating to an increase in the authorized shares of common stock (incorporated by reference to Exhibit 3.10 to Amendment No. 1 to the Company's Form 8-A filed with the Commission on May 11, 2005).
3(7)	Amended and Restated Bylaws of the Company, effective December 4, 2007 (incorporated by reference to Exhibit 3 to the Company's Current Report on Form 8-K dated December 4, 2007).
4(1)	Indenture dated July 21, 1993, by and between Mandalay and First Interstate Bank of Nevada, N.A., as Trustee with respect to \$150 million aggregate principal amount of 7.625% Senior Subordinated Debentures due 2013 (incorporated by reference to Exhibit 4(a) to Mandalay's Current Report on Form 8-K dated July 21, 1993).
4(2)	Indenture, dated February 1, 1996, by and between Mandalay and First Interstate Bank of Nevada, N.A., as Trustee (the Mandalay February 1996 Indenture) (incorporated by reference to Exhibit 4(b) to Mandalay's Current Report on Form 8-K dated January 29, 1996 (the Mandalay January 1996 8-K)).
4(3)	Supplemental Indenture, dated as of November 15, 1996, by and between Mandalay and Wells Fargo Bank (Colorado), N.A., (successor to First Interstate Bank of Nevada, N.A.), as Trustee, to the Mandalay February 1996 Indenture, with respect to \$150 million aggregate principal amount of 6.70% Senior Notes due 2096 (incorporated by reference to Exhibit 4(c) to Mandalay's Quarterly Report on Form 10-Q for the fiscal quarter ended October 31, 1996 (the Mandalay October 1996 10-Q)).
4(4)	6.70% Senior Notes due February 15, 2096 in the principal amount of \$150,000,000 (incorporated by reference to Exhibit 4(d) to the Mandalay October 1996 10-Q).
4(5)	Indenture, dated November 15, 1996, by and between Mandalay and Wells Fargo Bank (Colorado), N.A., as Trustee (the Mandalay November 1996 Indenture) (incorporated by reference to Exhibit 4(e) to the Mandalay October 1996 10-Q).
4(6)	Supplemental Indenture, dated as of November 15, 1996, to the Mandalay November 1996 Indenture, with respect to \$150 million aggregate principal amount of 7.0% Senior Notes due 2036 (incorporated by reference to the Mandalay October 1996 10-Q).
4(7)	7.0% Senior Notes due February 15, 2036, in the principal amount of \$150,000,000 (incorporated by reference to Exhibit 4(g) to the Mandalay October 1996 10-Q).

- 4(8) Indenture, dated as of August 1, 1997, between MRI and First Security Bank, National Association, as trustee (the MRI 1997 Indenture) (incorporated by reference to Exhibit 4.1 to the Quarterly Report on Form 10-Q of MRI for the fiscal quarter ended June 30, 1997 (the MRI June 1997 10-Q)).

**MANAGEMENT'S ANNUAL REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING**

Management's Responsibilities

Management is responsible for establishing and maintaining adequate internal control over financial reporting for MGM MIRAGE and subsidiaries (the Company).

Objective of Internal Control Over Financial Reporting

In establishing adequate internal control over financial reporting, management has developed and maintained a system of internal control, policies and procedures designed to provide reasonable assurance that information contained in the accompanying consolidated financial statements and other information presented in this annual report is reliable, does not contain any untrue statement of a material fact or omit to state a material fact, and fairly presents in all material respects the financial condition, results of operations and cash flows of the Company as of and for the periods presented in this annual report. Significant elements of the Company's internal control over financial reporting include, for example:

Hiring skilled accounting personnel and training them appropriately;

Written accounting policies;

Written documentation of accounting systems and procedures;

Segregation of incompatible duties;

Internal audit function to monitor the effectiveness of the system of internal control;

Oversight by an independent Audit Committee of the Board of Directors.

Management's Evaluation

Management has evaluated the Company's internal control over financial reporting using the criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on its evaluation as of December 31, 2008, management believes that the Company's internal control over financial reporting is effective in achieving the objectives described above.

Report of Independent Registered Public Accounting Firm

Deloitte & Touche LLP audited the Company's consolidated financial statements as of and for the year ended December 31, 2008 and issued their report thereon, which is included in this annual report. Deloitte & Touche LLP has also issued an attestation report on the effectiveness of the Company's internal control over financial reporting and such report is also included in this annual report.

Table of Contents

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders
of MGM MIRAGE

We have audited the internal control over financial reporting of MGM MIRAGE and subsidiaries (the Company) as of December 31, 2008, based on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Annual Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the effectiveness of the Company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed by, or under the supervision of, the company's principal executive and principal financial officers, or persons performing similar functions, and effected by the company's board of directors, management, and other personnel to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of the inherent limitations of internal control over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may not be prevented or detected on a timely basis. Also, projections of any evaluation of the effectiveness of the internal control over financial reporting to future periods are subject to the risk that the controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2008, based on the criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated financial statements and financial statement schedule as of and for the year ended December 31, 2008. Our report dated March 17, 2009 expressed an unqualified opinion on those financial statements and financial statement schedule and included (a) an explanatory paragraph expressing substantial doubt about the

Company's ability to continue as a going concern; and (b) an explanatory paragraph regarding the adoption of Financial Accounting Standards Board Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* and an interpretation of FASB Statement No. 109.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders
of MGM MIRAGE

We have audited the accompanying consolidated balance sheets of MGM MIRAGE and subsidiaries (the Company) as of December 31, 2008 and 2007, and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the three years in the period ended December 31, 2008. Our audits also included the financial statement schedule of Valuation and Qualifying Accounts included in Item 15(a)(2). These financial statements and financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements and financial statement schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of MGM MIRAGE and subsidiaries as of December 31, 2008 and 2007, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2008, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company believes it will not be in compliance with the financial covenants under its senior credit facility during 2009 and there is uncertainty regarding the Company's ability to fulfill its financial commitments as they become due. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans concerning these matters are also discussed in Note 2 to the consolidated financial statements. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As discussed in Note 12 to the consolidated financial statements, on January 1, 2007, the Company adopted the provisions of Financial Accounting Standards Board Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* — an interpretation of FASB Statement No. 109.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Company's internal control over financial reporting as of December 31, 2008, based on the criteria established in *Internal Control — Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 17, 2009 expressed an unqualified opinion on the Company's internal control over financial reporting.

MGM MIRAGE AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 ORGANIZATION

MGM MIRAGE (the Company) is a Delaware corporation, incorporated on January 29, 1986. As of December 31, 2008, approximately 54% of the outstanding shares of the Company's common stock were owned by Tracinda Corporation, a Nevada corporation wholly owned by Kirk Kerkorian. As a result, Tracinda Corporation has the ability to elect the Company's entire Board of Directors and determine the outcome of other matters submitted to the Company's stockholders, such as the approval of significant transactions. MGM MIRAGE acts largely as a holding company and, through wholly-owned subsidiaries, owns and/or operates casino resorts.

The Company owns and operates the following casino resorts in Las Vegas, Nevada: Bellagio, MGM Grand Las Vegas, Mandalay Bay, The Mirage, Luxor, Treasure Island (TI), New York-New York, Excalibur, Monte Carlo, Circus Circus Las Vegas and Slots-A-Fun. Operations at MGM Grand Las Vegas include management of The Signature at MGM Grand Las Vegas, a condominium-hotel consisting of three towers. Other Nevada operations include Circus Circus Reno, Gold Strike in Jean, and Railroad Pass in Henderson. The Company has a 50% investment in Silver Legacy in Reno, which is adjacent to Circus Circus Reno. The Company also owns Shadow Creek, an exclusive world-class golf course located approximately ten miles north of its Las Vegas Strip resorts, and Primm Valley Golf Club at the California/Nevada state line.

In December 2008, the Company entered into an agreement to sell TI for \$775 million; the sale is expected to close by March 31, 2009. In April 2007, the Company completed the sale of Buffalo Bills, Primm Valley, and Whiskey Pete's casino resorts (the Primm Valley Resorts), not including the Primm Valley Golf Club, with net proceeds to the Company of approximately \$398 million. In June 2007, the Company completed the sale of the Colorado Belle and Edgewater in Laughlin (the Laughlin Properties), with net proceeds to the Company of approximately \$199 million.

The Company is a 50% owner of CityCenter, a mixed-use development on the Las Vegas Strip, between Bellagio and Monte Carlo. CityCenter will feature a 4,000-room casino resort designed by world-famous architect Cesar Pelli; two 400-room non-gaming boutique hotels, one of which will be managed by luxury hotelier Mandarin Oriental; approximately 425,000 square feet of retail shops, dining and entertainment venues; and approximately 2.1 million square feet of residential space in approximately 2,400 luxury condominium and condominium-hotel units in multiple towers. CityCenter is expected to open in late 2009, except CityCenter postponed the opening of The Harmon Hotel & Spa until late 2010 and cancelled the development of approximately 200 residential units originally planned. The other 50% of CityCenter is owned by Infinity World Development Corp. (Infinity World), a wholly-owned subsidiary of Dubai World, a Dubai, United Arab Emirates government decree entity. The Company is managing the development of CityCenter and, upon completion of construction, will manage the operations of CityCenter for a fee. Construction costs for the major components of CityCenter are covered by guaranteed maximum price contracts (GMPs) totaling \$6.9 billion, which have been fully executed. Including the cancellation of The Harmon residential component, the Company anticipates total cost savings of approximately \$0.5 billion which would reduce the \$6.9 billion in GMP construction costs. In addition, by postponing The Harmon Hotel & Spa by one year the Company expects to defer \$0.2 billion of construction costs necessary to complete the interior fit out. Additional budgeted cash expenditures include \$1.8 billion of construction costs not included in the GMPs, \$0.2 billion of preopening costs, and \$0.3 billion of financing costs.

The Company and its local partners own and operate MGM Grand Detroit in Detroit, Michigan. The resort's interim facility closed on September 30, 2007 and the new casino resort opened on October 2, 2007. The Company also owns and operates two resorts in Mississippi—Beau Rivage in Biloxi and Gold Strike Tunica. Beau Rivage reopened in

August 2006, after having been closed due to damage sustained as a result of Hurricane Katrina in August 2005.

The Company has 50% interests in three resorts outside of Nevada - MGM Grand Macau, Grand Victoria and Borgata. MGM Grand Macau is a casino resort that opened on December 18, 2007. Pansy Ho Chiu-King owns the

Table of Contents

other 50% of MGM Grand Macau. Grand Victoria is a riverboat in Elgin, Illinois an affiliate of Hyatt Gaming owns the other 50% of Grand Victoria and also operates the resort. Borgata is a casino resort located on Renaissance Pointe in the Marina area of Atlantic City, New Jersey. Boyd Gaming Corporation owns the other 50% of Borgata and also operates the resort.

The Company owns additional land adjacent to Borgata, a portion of which consists of common roads, landscaping and master plan improvements, a portion of which is being utilized for an expansion of Borgata, and a portion of which is planned for a wholly-owned development, MGM Grand Atlantic City. The Company has made extensive progress in design and other pre-development activities. However, current economic conditions and the impact of the credit market environment have caused the Company to reassess timing for this project. Accordingly, the Company has postponed additional development activities. The Company has also postponed further design and pre-construction activities for its planned North Las Vegas Strip project with Kerzner International and Istithmar see Note 13 for further discussion.

NOTE 2 LIQUIDITY AND FINANCIAL POSITION

The Company has significant indebtedness and significant financial commitments in 2009. As of December 31, 2008, the Company had approximately \$13.5 billion of total long-term debt. In late February 2009, the Company borrowed \$842 million under the senior credit facility, which amount represented after giving effect to \$93 million in outstanding letters of credit the total amount of unused borrowing capacity available under its \$7.0 billion senior credit facility. In connection with the waiver and amendment described below, on March 17, 2009 the Company repaid \$300 million under the senior credit facility, which amount is not available for reborrowing without the consent of the lenders. The Company has no other existing sources of borrowing availability, except to the extent it pays down further amounts outstanding under the senior credit facility.

In addition to commitments under employment, entertainment and other operational agreements, the Company's financial commitments and estimated capital expenditures in 2009, as of December 31, 2008, totaled approximately \$2.8 billion and consisted of:

Contractual maturities of long-term debt totaling approximately \$1.0 billion;

Interest payments on long-term debt, estimated at \$0.8 billion;

CityCenter required equity contributions of approximately \$0.7 billion;

Other commitments of approximately \$0.3 billion, including \$0.2 billion of estimated capital expenditures;

To fund its anticipated 2009 financial commitments, the Company has the following sources of funds in 2009:

Available borrowings under its senior credit facility of \$1.2 billion as of December 31, 2008;

Expected proceeds in 2009 from the sale of TI of approximately \$0.6 billion;

Operating cash flow: The Company's current expectations for 2009 indicate that operating cash flow will be lower than in 2008. In 2008, the Company generated approximately \$1.8 billion of cash flow from operations before deducting a) cash paid for interest, which commitments are included in the list above, and b) the tax payment on the 2007 CityCenter transaction.

The Company is uncertain as to whether the sources listed above will be sufficient to fund our 2009 financial commitments and cannot provide any assurances that it will be able to raise additional capital to fund its anticipated expenditures in 2009 if the sources listed above are not adequate.

While the Company was in compliance with the financial covenants under its senior credit facility at December 31, 2008, if the recent adverse conditions in the economy in general and the gaming industry in particular continue, the Company believes that it will not be in compliance with those financial covenants during 2009. In fact, given these conditions and the recent borrowing under the senior credit facility, the Company does not believe it will be in compliance with those financial covenants at March 31, 2009. As a result, on March 17, 2009 the Company obtained from the lenders under the senior credit facility a waiver of the requirement that the Company comply with such financial covenants through May 15, 2009. Additionally, the Company entered into an amendment of its senior credit facility which provides for, among other terms, the following:

The Company agreed to repay \$300 million of the outstanding borrowings under the senior credit facility, which amount is not available for reborrowing without the consent of the lenders;

Table of Contents

The Company is prohibited from prepaying or repurchasing its outstanding long-term debt or disposing of material assets; and other restrictive covenants were added that limit the Company's ability to make investments and incur indebtedness;

The interest rate on outstanding borrowings under the senior credit facility was increased by 100 basis points; and

The Company's required equity contributions in CityCenter are limited through May 15, 2009 such that it can only make contributions if Infinity World makes its required contributions; the Company's equity contributions do not exceed specified amounts (though the Company believes the limitation is in excess of the amounts expected to be required through May 15, 2009); and the CityCenter senior secured credit facility has not been accelerated.

Following expiration of the waiver on May 15, 2009, the Company will be subject to an event of default related to the expected noncompliance with financial covenants under the senior credit facility at March 31, 2009. Under the terms of the senior credit facility, noncompliance with such financial covenants is an event of default, under which the lenders (with a vote of more than 50% of the lenders) may exercise any or all of the following remedies:

Terminate their commitments to fund additional borrowings;

Require cash collateral for outstanding letters of credit;

Demand immediate repayment of all outstanding borrowings under the senior credit facility.

Decline to release subsidiary guarantees, which would impact the Company's ability to execute asset dispositions.

In addition, there are provisions in certain of the Company's indentures governing its senior and senior subordinated notes under which a) the event of default under the senior secured credit facility, or b) the remedies under an event of default under the senior credit facility, would cause an event of default under the relevant senior and senior subordinated notes, which would allow holders of the Company's senior and senior subordinated notes to demand immediate repayment and decline to release subsidiary guarantees. Also, under the terms of the CityCenter senior secured credit facility, if an event of default has occurred under the Company's borrowings and a) such event of default is certified to in writing by the relevant lenders, and b) such default allows the relevant lenders to demand immediate repayment, then an event of default has occurred relative to the CityCenter senior secured credit facility. Under such event of default, one of the remedies is the termination of the CityCenter senior secured credit facility. If the lenders exercise any or all such rights, the Company or CityCenter may determine to seek relief through a filing under the U.S. Bankruptcy Code.

The conditions and events described above raise a substantial doubt about the Company's ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Company be unable to continue as a going concern. Management's plans in regard to these matters are described below.

The Company intends to work with its lenders to obtain additional waivers or amendments prior to May 15, 2009 to address future noncompliance with the senior credit facility; however, the Company can provide no assurance that it will be able to secure such waivers or amendments.

The Company has also retained the services of outside advisors to assist the Company in instituting and implementing any required programs to accomplish management's objectives. The Company is evaluating the possibility of a) disposing of certain assets, b) raising additional debt and/or equity capital, and c) modifying or extending its long-term debt. However, there can be no assurance that the Company will be successful in achieving its objectives.

NOTE 3 SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

Principles of consolidation. The consolidated financial statements include the accounts of the Company and its subsidiaries. Investments in unconsolidated affiliates which are 50% or less owned and do not meet the consolidation criteria of Financial Accounting Standards Board Interpretation No. 46(R) (as amended), Consolidation of Variable Interest Entities an Interpretation of ARB No. 51 (FIN 46(R)), are accounted for under the

Table of Contents

equity method. All significant intercompany balances and transactions have been eliminated in consolidation. The Company's operations are primarily in one segment—operation of casino resorts. Other operations, and foreign operations, are not material.

Management's use of estimates. The consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. Those principles require the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Financial statement impact of Hurricane Katrina and Monte Carlo fire. The Company maintains insurance for both property damage and business interruption relating to catastrophic events, such as Hurricane Katrina affecting Beau Rivage in August 2005 and the rooftop fire at Monte Carlo in January 2008. Business interruption coverage covers lost profits and other costs incurred during the closure period and up to six months following re-opening.

Non-refundable insurance recoveries received in excess of the net book value of damaged assets, clean-up and demolition costs, and post-event costs are recognized as income in the period received or committed based on the Company's estimate of the total claim for property damage (recorded as Property transactions, net) and business interruption (recorded as a reduction of General and administrative expenses) compared to the recoveries received at that time. All post-event costs and expected recoveries are recorded net within General and administrative expenses, except for depreciation of non-damaged assets, which is classified as Depreciation and amortization.

Insurance recoveries are classified in the statement of cash flows based on the coverage to which they relate. Recoveries related to business interruption are classified as operating cash flows and recoveries related to property damage are classified as investing cash flows. However, the Company's insurance policy includes undifferentiated coverage for both property damage and business interruption. Therefore, the Company classifies insurance recoveries as being related to property damage until the full amount of damaged assets and demolition costs are recovered, and classifies additional recoveries up to the amount of post-event costs incurred as being related to business interruption. Insurance recoveries beyond that amount are classified as operating or investing cash flows based on the Company's estimated allocation of the total claim.

The following table shows the net pre-tax impact on the statements of operations for insurance recoveries from Hurricane Katrina and the Monte Carlo fire:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Reduction of general and administrative expenses:			
Hurricane Katrina	\$	\$ 66,748	\$
Monte Carlo fire	9,146		
	\$ 9,146	\$ 66,748	\$
Reduction of property transactions, net:			
Hurricane Katrina	\$	\$ 217,290	\$ 86,016
Monte Carlo fire	9,639		
	\$ 9,639	\$ 217,290	\$ 86,016

The following table shows the cash flow statement impact of insurance proceeds from Hurricane Katrina and the Monte Carlo fire:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Cash flows from operating activities:			
Hurricane Katrina	\$	\$ 72,711	\$ 98,786
Monte Carlo fire	28,891		
	\$ 28,891	\$ 72,711	\$ 98,786
Cash flows from investing activities:			
Hurricane Katrina	\$	\$ 207,289	\$ 209,963
Monte Carlo fire	21,109		
	\$ 21,109	\$ 207,289	\$ 209,963

Table of Contents

Hurricane Katrina. The Company reached final settlement agreements with its insurance carriers related to Hurricane Katrina in late 2007. In total, the Company received insurance recoveries of \$635 million, which exceeded the \$265 million net book value of damaged assets and post-storm costs incurred. The Company recognized the \$370 million of excess insurance recoveries in income in 2007 and 2008.

Monte Carlo fire. As of December 31, 2008, the Company received \$50 million of proceeds from its insurance carriers related to the Monte Carlo fire. Through December 31, 2008, the Company recorded a write-down of \$4 million related to the net book value of damaged assets, demolition costs of \$7 million, and operating costs of \$21 million. As of December 31, 2008, the Company had a receivable of approximately \$1 million from its insurance carriers.

Cash and cash equivalents. Cash and cash equivalents include investments and interest bearing instruments with maturities of three months or less at the date of acquisition. Such investments are carried at cost which approximates market value. Book overdraft balances resulting from the Company's cash management program are recorded as accounts payable, construction payable, or other accrued liabilities, as applicable.

Accounts receivable and credit risk. Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of casino accounts receivable. The Company issues markers to approved casino customers following background checks and investigations of creditworthiness. At December 31, 2008, a substantial portion of the Company's receivables were due from customers residing in foreign countries. Business or economic conditions or other significant events in these countries could affect the collectibility of such receivables.

Trade receivables, including casino and hotel receivables, are typically non-interest bearing and are initially recorded at cost. Accounts are written off when management deems the account to be uncollectible. Recoveries of accounts previously written off are recorded when received. An estimated allowance for doubtful accounts is maintained to reduce the Company's receivables to their carrying amount, which approximates fair value. The allowance is estimated based on specific review of customer accounts as well as historical collection experience and current economic and business conditions. Management believes that as of December 31, 2008, no significant concentrations of credit risk existed for which an allowance had not already been recorded.

Real estate under development. Until November 2007, the Company capitalized costs of wholly-owned real estate projects to be sold, which consisted entirely of condominium and condominium-hotel developments at CityCenter. Subsequent to the contribution of CityCenter to a joint venture See Note 5 the Company no longer has real estate under development.

Inventories. Inventories consist of food and beverage, retail merchandise and operating supplies, and are stated at the lower of cost or market. Cost is determined primarily by the average cost method for food and beverage and supplies and the retail inventory or specific identification methods for retail merchandise.

Property and equipment. Property and equipment are stated at cost. Gains or losses on dispositions of property and equipment are included in the determination of income. Maintenance costs are expensed as incurred. Property and equipment are generally depreciated over the following estimated useful lives on a straight-line basis:

Buildings and improvements	30 to 45 years
Land improvements	10 to 20 years
Furniture and fixtures	3 to 10 years
Equipment	3 to 20 years

The Company evaluates its property and equipment and other long-lived assets for impairment in accordance with the Financial Accounting Standards Board's Statement of Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. For assets to be disposed of, the Company recognizes the asset to be sold at the lower of carrying value or estimated fair value less costs of disposal. Fair value for assets to be disposed of is estimated based on comparable asset sales, offers received, or a discounted cash flow model.

For assets to be held and used, the Company reviews fixed assets for impairment whenever indicators of impairment exist. If an indicator of impairment exists, the Company compares the estimated future cash flows of the asset, on an undiscounted basis, to the carrying value of the asset. If the undiscounted cash flows exceed the carrying

Table of Contents

value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, then an impairment is measured based on estimated fair value compared to carrying value, with fair value typically based on a discounted cash flow model. If an asset is still under development, future cash flows include remaining construction costs.

During the third quarter of 2008, the Company concluded that the Primm Valley Golf Club (PVGC) should be reviewed for impairment due to its recent operating losses and the Company's expectation that such operating losses will continue. The estimated future undiscounted cash flows of PVGC do not exceed its carrying value. The Company determined the estimated fair value of PVGC to be approximately \$14 million based on the comparable sales approach. The carrying value of PVGC exceeds its estimated fair value and as a result, the Company recorded an impairment charge of \$30 million which is included in Property transactions, net in the accompanying consolidated statements of operations for the year ended December 31, 2008. For a discussion of recognized impairment losses, see Note 17.

Capitalized interest. The interest cost associated with major development and construction projects is capitalized and included in the cost of the project. When no debt is incurred specifically for a project, interest is capitalized on amounts expended on the project using the weighted-average cost of the Company's outstanding borrowings. Capitalization of interest ceases when the project is substantially complete or development activity is suspended for more than a brief period.

Investment in The M Resort LLC convertible note. In June 2007, the Company purchased a \$160 million convertible note issued by The M Resort LLC, which is developing a casino resort on Las Vegas Boulevard, 10 miles south of Bellagio. The convertible note matures in June 2015, contains certain optional and mandatory redemption provisions, and is convertible into a 50% equity interest in The M Resort LLC beginning in December 2008. The convertible note earns interest at 6% which may be paid in cash or accrued in kind for the first five years; thereafter interest must be paid in cash. There are no scheduled principal payments before maturity.

The convertible note is accounted for as a hybrid financial instrument consisting of a host debt instrument and an embedded call option on The M Resort LLC's equity. The debt component is accounted for separately as an available-for-sale marketable security, with changes in value recorded in other comprehensive income. The call option is treated as a derivative with changes in value recorded in earnings. The initial value of the call option was \$0 and the initial value of the debt was \$155 million, with the discount accreted to earnings over the term of the note. The fair value of the call option was \$0 at December 31, 2008 and 2007. The entire carrying value of the convertible note is included in Deposits and other assets, net in the accompanying consolidated balance sheets.

Investments in and advances to unconsolidated affiliates. The Company has investments in unconsolidated affiliates accounted for under the equity method. Under the equity method, carrying value is adjusted for the Company's share of the investees' earnings and losses, as well as capital contributions to and distributions from these companies.

The Company evaluates its investments in unconsolidated affiliates for impairment when events or changes in circumstances indicate that the carrying value of such investment may have experienced an other-than-temporary decline in value. If such conditions exist, the Company compares the estimated fair value of the investment to its carrying value to determine if an impairment is indicated and determines whether such impairment is other-than-temporary based on its assessment of all relevant factors. Estimated fair value is determined using a discounted cash flow analysis based on estimated future results of the investee and market indicators of terminal year capitalization rates.

Goodwill and other intangible assets. Goodwill represents the excess of purchase price over fair market value of net assets acquired in business combinations. Goodwill and indefinite-lived intangible assets must be reviewed for impairment at least annually and between annual test dates in certain circumstances. The Company performs its annual impairment tests in the fourth quarter of each fiscal year. No impairments were indicated as a result of the annual impairment review for goodwill and indefinite-lived intangible assets in 2007 and 2006. See Note 9 for results of our 2008 annual impairment tests.

Goodwill for relevant reporting units is tested for impairment using a discounted cash flow analysis based on the estimated future results of the Company's reporting units discounted using the Company's weighted average

Table of Contents

cost of capital and market indicators of terminal year capitalization rates. The implied fair value of a reporting unit's goodwill is compared to the carrying value of that goodwill. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit to its assets and liabilities and the amount remaining, if any, is the implied fair value of goodwill. If the implied fair value of the goodwill is less than its carrying value then it must be written down to its implied fair value. License rights are tested for impairment using a discounted cash flow approach, and trademarks are tested for impairment using the relief-from-royalty method. If the fair value of an indefinite-lived intangible asset is less than its carrying amount, an impairment loss must be recognized equal to the difference.

Revenue recognition and promotional allowances. Casino revenue is the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs (casino front money) and for chips in the customers' possession (outstanding chip liability). Hotel, food and beverage, entertainment and other operating revenues are recognized as services are performed. Advance deposits on rooms and advance ticket sales are recorded as accrued liabilities until services are provided to the customer.

Gaming revenues are recognized net of certain sales incentives, including discounts and points earned in point-loyalty programs. The retail value of accommodations, food and beverage, and other services furnished to guests without charge is included in gross revenue and then deducted as promotional allowances. The estimated cost of providing such promotional allowances is primarily included in casino expenses as follows:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Rooms	\$ 91,292	\$ 96,183	\$ 91,799
Food and beverage	288,522	303,900	296,866
Other	30,742	33,457	34,439
	\$ 410,556	\$ 433,540	\$ 423,104

Reimbursed expenses. The Company recognizes costs reimbursed pursuant to management services as revenue in the period it incurs the costs. Reimbursed costs related mainly to the Company's management of CityCenter and totaled \$47 million for 2008 and \$5 million for 2007, and are classified as other revenue and other operating expenses in the accompanying consolidated statements of operations.

Point-loyalty programs. The Company's primary point-loyalty program, in operation at its major resorts, is Players Club. In Players Club, customers earn points based on their slots play, which can be redeemed for cash or free play at any of the Company's participating resorts. The Company records a liability based on the points earned times the redemption value and records a corresponding reduction in casino revenue. The expiration of unused points results in a reduction of the liability. Customers' overall level of table games and slots play is also tracked and used by management in awarding discretionary complimentary free rooms, food and beverage and other services for which no accrual is recorded. Other loyalty programs at the Company's resorts generally operate in a similar manner, though they generally are available only to customers at the individual resorts. At December 31, 2008 and 2007, the total company-wide liability for point-loyalty programs was \$52 million and \$56 million, respectively, including amounts classified as liabilities related to assets held for sale.

Advertising. The Company expenses advertising costs the first time the advertising takes place. Advertising expense of continuing operations, which is generally included in general and administrative expenses, was \$122 million,

\$141 million and \$119 million for 2008, 2007 and 2006, respectively.

Corporate expense. Corporate expense represents unallocated payroll and aircraft costs, professional fees and various other expenses not directly related to the Company's casino resort operations. In addition, corporate expense includes the costs associated with the Company's evaluation and pursuit of new business opportunities, which are expensed as incurred until development of a specific project has become probable.

Preopening and start-up expenses. The Company accounts for costs incurred during the preopening and start-up phases of operations in accordance with the American Institute of Certified Public Accountants (AICPA) Statement of Position 98-5, Reporting on the Costs of Start-up Activities. Preopening and start-up costs, including

Table of Contents

organizational costs, are expensed as incurred. Costs classified as preopening and start-up expenses include payroll, outside services, advertising, and other expenses related to new or start-up operations and new customer initiatives.

Property transactions, net. The Company classifies transactions related to long-lived assets such as write-downs and impairments, demolition costs, and normal gains and losses on the sale of fixed assets as Property transactions, net in the accompanying consolidated statements of operations. See Note 17 for a detailed discussion of these amounts.

Income per share of common stock. The weighted-average number of common and common equivalent shares used in the calculation of basic and diluted earnings per share consisted of the following:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Weighted-average common shares outstanding used in the calculation of basic earnings per share	279,815	286,809	283,140
Potential dilution from stock options, stock appreciation rights and restricted stock		11,475	8,607
Weighted-average common and common equivalent shares used in the calculation of diluted earnings per share	279,815	298,284	291,747

The Company had a loss from continuing operations in 2008. Therefore, approximately 26 million shares underlying outstanding stock-based awards were excluded from the computation of diluted earnings per share because inclusion would be anti-dilutive. In 2007 and 2006, shares underlying outstanding stock-based awards excluded from the diluted share calculation were not material.

Currency translation. The Company accounts for currency translation in accordance with Statement of Financial Accounting Standards No. 52, Foreign Currency Translation. Balance sheet accounts are translated at the exchange rate in effect at each balance sheet date. Income statement accounts are translated at the average rate of exchange prevailing during the period. Translation adjustments resulting from this process are charged or credited to other comprehensive income.

Comprehensive income. Comprehensive income includes net income (loss) and all other non-stockholder changes in equity, or other comprehensive income. Elements of the Company's other comprehensive income are reported in the accompanying consolidated statements of stockholders' equity, and the cumulative balance of these elements consisted of the following:

	At December 31,	
	2008	2007
	(In thousands)	
Other comprehensive income (loss) from unconsolidated affiliates	\$	\$ (305)
Valuation adjustment to M Resort convertible note, net of taxes	(54,267)	
Currency translation adjustments	(2,634)	861

\$ (56,901) \$ 556

Reclassifications. The consolidated financial statements for prior years reflect certain reclassifications, which have no effect on previously reported net income, to conform to the current year presentation. Substantially all of the prior year reclassifications relate to the classification of meals provided free to employees as a General and administrative expense, while in past periods the cost of these meals was charged to each operating department. The total amount reclassified to general and administrative expenses for the years ending 2007 and 2006 was \$112 million and \$98 million, respectively.

Fair value measurement. The Company adopted Statement of Financial Accounting Standards No. 157, Fair Value Measurements (SFAS 157) for financial assets and liabilities on January 1, 2008. SFAS 157 establishes a framework for measuring the fair value of financial assets and liabilities and requires certain disclosures about fair value. The framework utilizes a fair value hierarchy consisting of the following: Level 1 inputs, which are observable inputs for identical assets, such as quoted prices in an active market; Level 2 inputs,

Table of Contents

which are observable inputs for similar assets; and Level 3 inputs, which are unobservable inputs. The Company's only significant assets and liabilities affected by the adoption of SFAS 157 are:

- 1) Marketable securities held in connection with the Company's deferred compensation and supplemental executive retirement plans, and the plans' corresponding liabilities. As of December 31, 2008, the assets and liabilities related to these plans each totaled \$68 million, measured entirely using Level 1 inputs.
- 2) The Company's investment in The M Resort LLC convertible note and embedded call option. The fair value of the convertible note was measured using Level 2 inputs. The fair value of the embedded call option was measured using Level 3 inputs, consisting primarily of estimates of future cash flows. See Comprehensive income in Note 3 for valuation adjustment recognized during 2008.
- 3) The partial completion guarantee provided in connection with the CityCenter credit facility, discussed in Note 13, which fair value was measured using Level 3 inputs, consisting of budgeted and historical construction costs.

Recently Issued Accounting Standards. The following accounting standards were issued in 2007 and 2008 but will impact the Company in future periods.

Accounting for Business Combinations and Non-Controlling Interests. In December 2007, the Financial Accounting Standards Board (FASB) issued SFAS No. 141(R), Business Combinations, (SFAS 141R) and SFAS No. 160 Non-controlling interests in Consolidated Financial Statements—an amendment of ARB No. 51 (SFAS 160). These standards amend the requirements for accounting for business combinations, including the recognition and measurement of additional assets and liabilities at their fair value, expensing of acquisition-related costs which are currently capitalizable under existing rules, treatment of adjustments to deferred taxes and liabilities subsequent to the measurement period, and the measurement of non-controlling interests, previously commonly referred to as minority interests, at fair value. SFAS 141R also includes additional disclosure requirements with respect to the methodologies and techniques used to determine the fair value of assets and liabilities recognized in a business combination. SFAS 141R and SFAS 160 apply prospectively to fiscal years beginning on or after December 15, 2008, except for the treatment of deferred tax adjustments which apply to deferred taxes recognized in previous business combinations. These standards became effective for the Company on January 1, 2009. The Company does not believe the adoption of SFAS 141R and SFAS 160 will have a material impact on its consolidated financial statements.

Transfers of Financial Assets and Interests in Variable Interest Entities. In December 2008, the FASB issued FSP FAS 140-4 and FIN 46(R)-8 Disclosures by Public Entities (Enterprises) About Transfers of Financial Assets and Interests in Variable Interest Entities. The FSP amends SFAS 140 and FIN 46(R) to enhance the disclosures required by the standards. The FSP enhances disclosures required by FIN 46(R) to include a discussion of significant judgments made in determining whether a variable interest entity (VIE) should be consolidated, as well as the nature of the risks and how an entity's involvement with a VIE affects the financial position of the entity. The FSP is effective for the Company for the fiscal year ended December 31, 2008. The adoption of the FSP did not have a material impact on the Company's consolidated financial statements.

Equity Method Investment Accounting Considerations. In November 2008, the Emerging Issues Task Force (EITF) of the FASB ratified its consensus on EITF No. 08-6 Equity Method Investment Accounting Considerations (EITF 08-6). The EITF reached a consensus on the following four issues addressed: a) the initial carrying value of an equity method investment is determined in accordance with SFAS 141(R); b) equity method investors should not separately test an investee's underlying assets for impairment, but rather recognize other than temporary impairments of an equity method investment in accordance with APB Opinion 18; c) exceptions to recognizing gains from an investee's issuance of shares in earnings in accordance with the SEC's Staff Accounting Bulletin 51 were removed to

achieve consistency with SFAS 160; and d) the guidance in APB Opinion 18 to account for a change in the investor's accounting from the equity method to the cost method should still be applied. EITF 08-6 is effective for the Company on January 1, 2009. The Company does not believe the adoption of EITF 08-6 will have a material impact on its consolidated financial statements.

Table of Contents**NOTE 4 ASSETS HELD FOR SALE AND DISCONTINUED OPERATIONS**

The asset and liabilities of TI are classified as held for sale as of December 31, 2008. However, the results of its operations have not been classified as discontinued operations because the Company expects to continue to receive significant cash flows from customer migration.

The following table summarizes the assets held for sale and liabilities related to assets held for sale in the accompanying consolidated balance sheets:

	December 31, 2008 (In thousands)
Cash	\$ 14,154
Accounts receivable, net	9,962
Inventories	3,069
Prepaid expenses and other	3,459
Total current assets	30,644
Property and equipment, net	494,807
Goodwill	7,781
Other assets, net	5,743
Total assets	538,975
Accounts payable	4,162
Other current liabilities	26,111
Total current liabilities	30,273
Other long-term obligations	
Total liabilities	30,273
Net assets	\$ 508,702

The sale of the Primm Valley Resorts in April 2007 resulted in a pre-tax gain of \$202 million and the sale of the Laughlin Properties in June 2007 resulted in a pre-tax gain of \$64 million. The results of the Laughlin Properties and Primm Valley Resorts are classified as discontinued operations in the accompanying consolidated statements of operations for the years ended 2007 and 2006. The cash flows of discontinued operations are included with the cash flows of continuing operations in the accompanying consolidated statements of cash flows.

Other information related to discontinued operations is as follows:

	Year Ended December 31,		
	2008	2007	2006

(In thousands)

Net revenues of discontinued operations	\$	\$ 128,619	\$ 412,032
Interest allocated to discontinued operations (based on the ratio of net assets of discontinued operations to total consolidated net assets and debt)		5,844	18,160

NOTE 5 CITYCENTER TRANSACTION

In August 2007, the Company and Dubai World agreed to form a 50/50 joint venture for the CityCenter development. The joint venture, CityCenter Holdings, LLC, is owned equally by the Company and Infinity World. In November 2007 the Company contributed the CityCenter assets which the parties valued at \$5.4 billion, subject to certain adjustments. Infinity World contributed \$2.96 billion in cash. At the close of the transaction, the Company received a cash distribution of \$2.47 billion, of which \$22 million was repaid in 2008 to CityCenter as a result of a post-closing adjustment. The Company will continue to serve as developer of CityCenter and, upon completion of construction, will manage CityCenter for a fee.

The initial contribution of the CityCenter assets was accounted for as a partial sale of real estate. As a partial sale, profit can be recognized when a seller retains an equity interest in the assets, but only to the extent of the outside equity interests, and only if the following criteria are met: 1) the buyer is independent of the seller;

Table of Contents

2) collection of the sales price is reasonably assured; and 3) the seller will not be required to support the operations of the property to an extent greater than its proportionate retained interest.

The transaction met criteria 1 and 3, despite the Company's equity interest and ongoing management of the project, because the Company does not control the venture and the management and other agreements between the Company and CityCenter have been assessed as being fair market value contracts. In addition, the Company assessed whether it had a prohibited form of continuing involvement based on the presence of certain contingent repurchase options, including an option to purchase Infinity World's interest if Infinity World or Dubai World is denied required gaming approvals. The Company assessed the probability of such contingency as remote and, therefore, determined that a prohibited form of continuing involvement does not exist.

As described above, the Company did not receive the entire amount of the sales price, as a portion remained in the venture to fund near-term construction costs. Therefore, the Company believes that portion of the gain does not meet criteria 2 above and has been deferred. The Company recorded a gain of \$1.03 billion based on the following (in millions):

Cash received:		
Initial distribution	\$	2,468
Post-closing adjustment		(22)
Net cash received		2,446
Less: 50% of carrying value of assets contributed		(1,387)
Less: Liabilities resulting from the transaction		(29)
	\$	1,030

The Company is accounting for its ongoing investment in CityCenter using the equity method, consistent with its other investments in unconsolidated affiliates. The Company assessed whether CityCenter should be consolidated under the provisions of FIN 46(R) and determined that CityCenter is not a variable interest entity, based on the following: 1) CityCenter does not meet the scope exceptions in FIN 46(R); 2) the equity at risk in CityCenter is sufficient, based on qualitative assessments; 3) the equity holders of CityCenter (the Company and Infinity World) have the ability to control CityCenter and the right/obligation to receive/absorb expected returns/losses of CityCenter; and 4) while the Company's 50% voting rights in CityCenter may not be proportionate to its rights/obligations to receive/absorb expected returns/losses given the fact that the Company manages CityCenter, substantially all of the activities of CityCenter do not involve and are not conducted on behalf of the Company.

NOTE 6 ACCOUNTS RECEIVABLE, NET

Accounts receivable consisted of the following:

	At December 31,	
	2008	2007
	(In thousands)	
Casino	\$ 243,600	\$ 266,059

NOTE 8 INVESTMENTS IN AND ADVANCES TO UNCONSOLIDATED AFFILIATES

. Investments in and advances to unconsolidated affiliates consisted of the following:

	At December 31,	
	2008	2007
	(In thousands)	
CityCenter Holdings, LLC CityCenter (50)%	\$ 3,581,188	\$ 1,421,480
Marina District Development Company Borgata (50)%	474,171	453,277
Elgin Riverboat Resort-Riverboat Casino Grand Victoria (50)%	296,746	297,328
MGM Grand Paradise Limited Macau (50)%	252,060	258,298
Circus and Eldorado Joint Venture Silver Legacy (50)%	27,912	35,152
Turnberry/MGM Grand Towers The Signature at MGM Grand (50)%	3,309	5,651
Other	7,479	11,541
	\$ 4,642,865	\$ 2,482,727

Through December 31, 2008, the Company and Infinity World had each made loans of \$925 million to CityCenter, which are subordinate to the credit facility, to fund construction costs. During the fourth quarter of 2008, \$425 million of each partner's loan funding was converted to equity and each partner provided additional equity contributions of \$228 million. Under the terms of the credit facility described below, the Company and Infinity World were each required to make additional equity commitments of up to \$731 million as of December 31, 2008, which requirement would be reduced by future qualifying financing obtained by CityCenter. During the fourth quarter of 2008, the Company recorded a liability equal to the present value of the required future equity contributions, classified as Other accrued liabilities in the accompanying consolidated balance sheet, and a corresponding increase to its investment

balance. Subsequent to December 31, 2008, each partner made additional contributions of \$237 million each.

In October 2008, CityCenter closed on a \$1.8 billion senior secured bank credit facility. The credit facility requires the Company and Infinity World to provide subordinated loans and equity contributions which will be used to fund construction costs prior to amounts being drawn under the credit facility. In conjunction with the CityCenter credit facility, the Company and Infinity World have entered into partial completion guarantees on a several basis see Note 13.

During the year ended December 31, 2008 and 2007, the Company incurred \$46 million and \$5 million, respectively, of costs reimbursable by CityCenter, which was comprised primarily of employee compensation, residential sales costs, and certain allocated costs. Such costs are recorded as Other operating expenses, and the reimbursement of such costs is recorded as Other revenue in the accompanying consolidated statements of operations.

Table of Contents

During 2007, sales of units at The Signature at MGM Grand were completed and the joint venture essentially ceased sales operations. During the fourth quarter of 2007, the Company purchased the remaining 88 units in Towers B and C from the joint venture for \$39 million. These units have been recorded as property, plant and equipment in the accompanying consolidated balance sheets.

The Company recognized the following related to its share of profit from condominium sales, based on when sales were closed in 2007 and 2006.

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Income from joint venture	\$	\$ 83,728	\$ 102,785
Gain on land previously deferred		8,003	14,524
Other income (loss)		776	(108)
	\$	\$ 92,507	\$ 117,201

The Company's investment in unconsolidated affiliates does not equal the venture-level equity due to various basis differences. Basis differences related to depreciable assets are being amortized based on the useful lives of the related assets and liabilities and basis differences related to non-depreciable assets are not being amortized. Differences between the Company's venture-level equity and investment balances are as follows:

	At December 31,	
	2008	2007
	(In thousands)	
Venture-level equity	\$ 3,711,900	\$ 2,874,157
Fair value adjustments to investments acquired in business combinations(A)	321,814	321,814
Capitalized interest(B)	236,810	99,055
Adjustment to CityCenter equity upon contribution of net assets by MGM MIRAGE(C)	(662,492)	(662,492)
CityCenter delayed equity contribution and partial completion guarantee(D)	883,831	
Advances to CityCenter, net of discount(E)	323,950	
Other adjustments(F)	(172,948)	(149,807)
	\$ 4,642,865	\$ 2,482,727

(A) Includes: a \$90 million increase for Borgata, related to land; a \$267 million increase for Grand Victoria, related to indefinite-lived gaming license rights; and a \$35 million reduction for Silver Legacy, related to long-term assets and long-term debt.

(B) Relates to interest capitalized on the Company's investment balance during the unconsolidated affiliates development and construction stages.

- (C) Relates to land, construction in progress, real estate under development, and other assets see Note 5.
- (D) The Company recorded increases to its investment and corresponding liabilities for its partial completion guarantee and equity contributions, both as required under the CityCenter credit facility. These basis differences will be resolved as the Company makes the related payments or such liabilities are otherwise resolved.
- (E) The advances to CityCenter are recognized as long-term debt by CityCenter; however, since such advances were provided at below market rates, CityCenter recorded the advances at a discount with a corresponding equity contribution. This basis difference will be resolved when the advances are repaid.
- (F) Other adjustments include the deferred gain on the CityCenter transaction as discussed in Note 5.

Table of Contents

The Company recorded its share of the results of operations of the unconsolidated affiliates as follows:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Income from unconsolidated affiliates	\$ 96,271	\$ 222,162	\$ 254,171

Equity	6,188,359	4,566,752

Summarized income statement information of the CityCenter joint venture is as follows:

	Year Ended	
	December 31,	2007
	2008	2007
	(In thousands)	
Operating expenses, except preopening expenses	\$ (39,347)	\$ (3,842)
Preopening and start-up expenses	(34,420)	(5,258)
Operating loss	(73,767)	(9,100)
Interest income	5,808	1,913
Other non-operating income	154	
Net loss	\$ (67,805)	\$ (7,187)

Table of Contents**NOTE 9 GOODWILL AND OTHER INTANGIBLE ASSETS**

Goodwill and other intangible assets consisted of the following:

	At December 31,	
	2008	2007
	(In thousands)	
Goodwill:		
Mirage Resorts acquisition (2000)	\$ 39,648	\$ 47,186
Mandalay Resort Group acquisition (2005)	45,510	1,214,297
Other	1,195	1,439
	\$ 86,353	\$ 1,262,922
Indefinite-lived intangible assets:		
Detroit development rights	\$ 98,098	\$ 98,098
Trademarks, license rights and other	235,672	247,346
	333,770	345,444
Other intangible assets, net	13,439	16,654
	\$ 347,209	\$ 362,098

Changes in the recorded balances of goodwill are as follows:

	Year Ended December 31,	
	2008	2007
	(In thousands)	
Balance, beginning of year	\$ 1,262,922	\$ 1,300,747
Goodwill impairment charge	(1,168,088)	
Resolution of Mirage Resorts acquisition tax reserves		(29,156)
Finalization of the Mandalay purchase price allocation		(2,693)
Other	(8,481)	(5,976)
Balance, end of the year	\$ 86,353	\$ 1,262,922

Goodwill related to the Mirage Resorts acquisition was assigned to Bellagio, The Mirage and TI. Goodwill related to the Mandalay Resort Group acquisition was primarily assigned to Mandalay Bay, Luxor, Excalibur and Gold Strike Tunica. As a result of the Company's annual impairment test of goodwill, the Company recognized a non-cash impairment charge of goodwill of \$1.17 billion in the fourth quarter of 2008 included in Property transactions, net in the accompanying consolidated statement of operations. Such charge solely related to goodwill recognized in the Mandalay acquisition. Assumptions used in such analysis were impacted by current market conditions including:

1) lower market valuation multiples for gaming assets; 2) higher discount rates resulting from turmoil in the credit and equity markets; and 3) current cash flow forecasts for the affected resorts. The remaining balance of the Mandalay acquisition goodwill primarily relates to goodwill assigned to Gold Strike Tunica.

The Company's indefinite-lived intangible assets balance of \$334 million includes trademarks and trade names of \$217 million related to the Mandalay acquisition. As a result of the Company's annual impairment test of indefinite-lived intangible assets, the Company recognized a non-cash impairment charge of \$12 million in the fourth quarter of 2008 included in Property transactions, net in the accompanying consolidated statement of operations. Such charge solely related to trade names recognized in the Mandalay acquisition. The fair value of the trade names was determined using the relief-from-royalty method and was negatively impacted by the factors discussed above relating to the impairment of goodwill. The Company's indefinite-lived intangible assets consist primarily of development rights in Detroit and trademarks.

The Company's remaining finite-lived intangible assets consist primarily of customer lists amortized over five years, lease acquisition costs amortized over the life of the related leases, and certain license rights amortized over their contractual life.

Table of Contents**NOTE 10 OTHER ACCRUED LIABILITIES**

Other accrued liabilities consisted of the following:

	At December 31,	
	2008	2007
	(In thousands)	
Payroll and related	\$ 251,750	\$ 304,101
Advance deposits and ticket sales	105,809	137,814
Casino outstanding chip liability	96,365	105,015
Casino front money deposits	74,165	71,069

\$0.5 million 7% debentures due 2036, net	573	155,835
\$4.3 million 6.7% debentures, due 2096	4,265	4,265
Other notes	4,233	5,630
	13,464,166	11,175,229
Less: Current portion	(1,047,614)	
	\$ 12,416,552	\$ 11,175,229

At December 31, 2007, amounts due within one year of the balance sheet date were classified as long-term in the accompanying consolidated balance sheets because the Company had both the intent and ability to repay these amounts with available borrowings under its senior credit facility. As discussed in Note 2, the senior credit facility was fully drawn during February 2009; therefore, the Company's senior notes due in 2009 have been classified as current obligations as of December 31, 2008. We have not reclassified amounts outstanding on other long-term debt obligations including the senior credit facility as current. The Company does not believe that the inclusion of

Table of Contents

an explanatory paragraph relating to its ability to continue as a going concern in the report of the Company's independent registered public accounting firm constitutes an event of default under the senior credit facility, and does not believe the lenders could successfully assert such claim. However, in entering into the waiver and amendment described in Note 2, the lenders have indicated they are likely to assert such claim, though they have waived their right to assert such claim through May 15, 2009. To the extent the lenders were successful in such assertion, they could demand immediate repayment of all outstanding borrowings under the senior credit facility, and holders of our other long-term debt obligations could make similar demands under cross-default provisions.

Interest expense, net consisted of the following:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Total interest incurred	\$ 795,049	\$ 930,138	\$ 900,661
Interest capitalized	(185,763)	(215,951)	(122,140)
Interest allocated to discontinued operations		(5,844)	(18,160)
	\$ 609,286	\$ 708,343	\$ 760,361

The senior credit facility has a total capacity of \$7 billion and matures in 2011. The Company has the ability to solicit additional lender commitments to increase the capacity to \$8 billion. The components of the senior credit facility include a term loan facility of \$2.5 billion and a revolving credit facility of \$4.5 billion. The weighted average interest rate on outstanding borrowings under the senior credit facility at December 31, 2008 was 3.4%. At December 31, 2008, the Company had approximately \$1.2 billion of available borrowing capacity under the senior credit facility. After giving effect to the events described in Note 2, the Company has borrowed the entire amount of available borrowings under the senior credit facility as of February 28, 2009.

In November 2008, the Company issued \$750 million in aggregate principal amount of 13% senior secured notes due 2013, at a discount to yield 15% with net proceeds to the Company of \$687 million. The notes are secured by the equity interests and assets of New York-New York and otherwise rank equally with the Company's existing and future senior indebtedness. The senior secured notes require that upon consummation of an asset sale, such as the proposed sale of TI, the Company either a) reinvest the net after-tax proceeds, which can include committed capital expenditures; or b) make an offer to repurchase a corresponding amount of senior secured notes at par plus accrued interest.

In November 2008, the Company redeemed \$149.4 million of the aggregate outstanding principal amount of its 7% debentures due 2036 pursuant to a one-time put option by the holders of such debentures. The Company recognized a \$6 million gain on the redemption of these debentures, included within Other, net in the accompanying consolidated statement of operations.

In October 2008, the Company's Board of Directors authorized the purchase of up to \$500 million of the Company's public debt securities. In 2008, the Company repurchased \$345 million of principal amounts of its outstanding senior notes at a purchase price of \$263 million in open market repurchases as follows:

\$230 million in principal amount of our 6% senior notes due 2009;

\$43 million in principal amount of our 8.5% senior notes due 2010;
\$3.7 million in principal amount of the 6.375% senior notes due 2011;
\$5.4 million in principal amount of our 6.75% senior notes due 2012;
\$15.8 million in principal amount of our 6.75% senior notes due 2013;
\$16.1 million in principal amount of our 5.875% senior notes due 2014;
\$7.1 million in principal amount of our 6.875% senior notes due 2016;
\$17.3 million in principal amount of our 7.5% senior notes due 2016; and
\$7 million in principal amount of our 7.625% senior notes due 2017.

Table of Contents

The Company recognized an \$82 million gain on the repurchase of the above senior notes, included in other, net in the accompanying consolidated statement of operations.

In February 2008, the Company repaid the \$180.4 million of 6.75% senior notes at maturity using borrowings under the senior credit facility. In August 2008, the Company repaid the \$196.2 million of 9.5% senior notes at maturity using borrowings under the senior credit facility.

In May 2007, the Company issued \$750 million of 7.5% senior notes due 2016. In June 2007, the Company repaid the \$710 million of 9.75% senior subordinated notes at maturity. In August 2007, the Company repaid the \$200 million of 6.75% senior notes and the \$492.2 million of 10.25% senior subordinated notes at maturity using borrowings under the senior credit facility.

The Company and each of its material subsidiaries, excluding MGM Grand Detroit, LLC and the Company's foreign subsidiaries, are directly liable for or unconditionally guarantee the senior credit facility, senior notes, senior debentures, and senior subordinated notes. MGM Grand Detroit, LLC is a guarantor under the senior credit facility, but only to the extent that MGM Grand Detroit, LLC borrows under such facilities. At December 31, 2008, the outstanding amount of borrowings related to MGM Grand Detroit, LLC was \$404 million. See Note 19 for consolidating condensed financial information of the subsidiary guarantors and non-guarantors. Substantially all of the assets of New York-New York serve as collateral for the 13% senior secured notes issued in 2008; otherwise, none of our assets serve as collateral for our principal debt arrangements.

The Company's long-term debt obligations contain customary covenants, including requiring the Company to maintain certain financial ratios. In September 2008, the Company amended its senior credit facility to increase the maximum total leverage ratio (debt to EBITDA, as defined) to 7.5:1.0 beginning with the fiscal quarter ending December 31, 2008, which will remain in effect through December 31, 2009, with step downs thereafter. The Company is also required to maintain a minimum coverage ratio (EBITDA to interest charges, as defined) of 2.0:1.0. At December 31, 2008, the Company's leverage and interest coverage ratios were 6.7:1.0 and 2.7:1.0, respectively. See Note 2 for further discussion of the financial covenants in our senior credit facility.

Maturities of the Company's long-term debt as of December 31, 2008 are as follows:

	(In thousands)
Years ending December 31,	
2009	\$ 1,047,675
2010	1,080,891
2011	6,240,015
2012	544,879
2013	1,384,226
Thereafter	3,215,837
	13,513,523
Debt premiums and discounts, net	(49,357)
	\$ 13,464,166

The estimated fair value of the Company's long-term debt at December 31, 2008 was approximately \$8.5 billion, versus its book value of \$13.5 billion. At December 31, 2007, the estimated fair value of the Company's long-term debt was approximately \$10.9 billion, versus its book value of \$11.2 billion. The estimated fair value of the Company's senior and senior subordinated notes was based on quoted market prices on or about December 31, 2008 and 2007; the fair value of the Company's senior credit facility is based on estimated amounts.

NOTE 12 INCOME TAXES

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109, Accounting for Income Taxes (SFAS 109). SFAS 109 requires the recognition of deferred income tax assets, net of applicable reserves, related to net operating loss carryforwards and certain temporary differences. The standard requires recognition of a future tax benefit to the extent that realization of such benefit is more likely than not. Otherwise, a valuation allowance is applied.

Table of Contents

The income tax provision attributable to continuing operations and discontinued operations is as follows:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Continuing operations	\$ 186,298	\$ 757,883	\$ 341,930

Table of Contents

The major tax-effected components of the Company's net deferred tax liability are as follows:

	At December 31,	
	2008	2007
	(In thousands)	
Deferred tax assets – federal and state		
Bad debt reserve	\$ 41,452	\$ 38,144
Deferred compensation	35,978	48,439
Net operating loss carryforward	1,204	1,054
Preopening and start-up costs	4,928	4,278
Accruals, reserves and other	69,321	70,350
Stock-based compensation	50,677	37,059
Tax credits	2,491	2,491
	206,051	201,815
Less: Valuation allowance	(4,197)	(4,047)
	\$ 201,854	\$ 197,768
Deferred tax liabilities – federal and state		
Property and equipment	\$ (3,455,987)	\$ (3,420,115)
Long-term debt	(6,500)	(1,479)
Investments in unconsolidated affiliates	(15,709)	(26,643)
Intangibles	(101,703)	(102,738)
	(3,579,899)	(3,550,975)
Deferred taxes – foreign	2,034	2,214
Less: Valuation allowance	(2,034)	(2,214)
Net deferred tax liability	\$ (3,378,045)	\$ (3,353,207)

For federal income tax purposes, the Company has a foreign tax credit carryforward of \$2 million that will expire in 2015 if not utilized.

For state income tax purposes, the Company has New Jersey net operating loss carryforwards of \$21 million, which equates to a deferred tax asset of \$1 million, after federal tax effect, and before valuation allowance. The New Jersey net operating loss carryforwards will expire at various dates from 2009 through 2015 if not utilized.

At December 31, 2008, there is a \$2 million valuation allowance, after federal effect, provided on certain New Jersey state net operating loss carryforwards and other New Jersey state deferred tax assets, a valuation allowance of \$2 million on the foreign tax credit, and a \$2 million valuation allowance related to certain foreign deferred tax assets because management believes these assets do not meet the more likely than not criteria for recognition under SFAS 109. Management believes all other deferred tax assets are more likely than not to be realized because of the future reversal of existing taxable temporary differences and expected future taxable income. Accordingly, there are no other valuation allowances provided at December 31, 2008.

Effective January 1, 2007, the Company adopted Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement No. 109 (FIN 48). FIN 48 requires that tax positions be assessed using a two-step process. A tax position is recognized if it meets a more likely than not threshold, and is measured at the largest amount of benefit that is greater than 50 percent likely of being realized. Uncertain tax positions must be reviewed at each balance sheet date. Liabilities recorded as a result of this analysis must generally be recorded separately from any current or deferred income tax accounts, and at December 31, 2008, the Company has classified \$1 million as current (Other accrued liabilities) and \$118 million as long-term (Other long-term obligations) in the accompanying consolidated balance sheets, based on the time until expected payment. A cumulative effect adjustment to retained earnings was not required as a result of the implementation of FIN 48.

Table of Contents

A reconciliation of the beginning and ending amounts of gross unrecognized tax benefits is as follows (in thousands):

	Year Ended December 31,	
	2008	2007
Gross unrecognized tax benefits at January 1	\$ 77,328	\$ 105,139
Gross increases Prior period tax positions	25,391	14,423
Gross decreases Prior period tax positions	(12,467)	(47,690)
Gross increases Current period tax positions	13,058	13,220
Settlements with taxing authorities	(527)	(7,162)
Lapse in statutes of limitations		(602)
Gross unrecognized tax benefits at December 31	\$ 102,783	\$ 77,328

The total amount of net unrecognized tax benefits that, if recognized, would affect the effective tax rate was \$29 million and \$24 million at December 31, 2008 and December 31, 2007, respectively.

The Company recognizes accrued interest and penalties related to unrecognized tax benefits in income tax expense. This policy did not change as a result of the adoption of FIN 48. The Company had \$17 million and \$11 million in interest related to unrecognized tax benefits accrued as of December 31, 2008 and December 31, 2007, respectively. No amounts were accrued for penalties as of either date. Income tax expense for the years ended December 31, 2008 and December 31, 2007 includes interest related to unrecognized tax benefits of \$6 million and \$7 million, respectively. For the year prior to adoption of FIN 48, income tax expense included amounts accrued for interest expense of \$2 million for the year ended December 31, 2006.

The Company files income tax returns in the U.S. federal jurisdiction, various state and local jurisdictions, and foreign jurisdictions, although the taxes paid in foreign jurisdictions are not material. As of December 31, 2008, the Company was no longer subject to examination of its U.S. federal income tax returns filed for years ended prior to 2003. While the IRS examination of the 2001 and 2002 tax years closed during the first quarter of 2007, the statute of limitations for assessing tax for such years has been extended in order for the Company to appeal issues related to a land sale transaction that were not agreed upon at the closure of the examination. The appeals discussions continue, and the Company has requested to enter into appeals mediation procedures with the IRS. Consequently, the Company believes that it is reasonably possible to settle these issues within the next twelve months. The IRS is currently examining the Company's federal income tax returns for the 2003 and 2004 tax years and a subsidiary of the Company for the 2004 through 2006 tax years. Tax returns for subsequent years of the Company are also subject to examination. In addition, during the first quarter of 2009, the IRS initiated an examination of the federal income tax return of Mandalay Resort Group for the pre-acquisition year ended April 25, 2005. The statute of limitations for assessing tax for the Mandalay Resort Group federal income tax return for the year ended January 31, 2005 has been extended but such return is not currently under examination by the IRS.

As of December 31, 2008, the Company was no longer subject to examination of its various state and local tax returns filed for years ended prior to 2003. A Mandalay Resort Group subsidiary return for the pre-acquisition year ended April 25, 2005 is under examination by the City of Detroit. During the first quarter of 2008, the state of Mississippi settled an examination of returns filed by subsidiaries of MGM MIRAGE and Mandalay Resort Group for the 2004 through 2006 tax years. This settlement resulted in a payment of additional taxes and interest of less than \$1 million. No other state or local income tax returns of the Company are currently under exam.

The Company believes that it is reasonably possible that the total amounts of unrecognized tax benefits at December 31, 2008 may decrease by a range of \$0 to \$2 million within the next twelve months, primarily on the expectation that the appeal of the 2001 and 2002 tax year issues may close during such period. As of December 31, 2007, the Company believed that it was reasonably possible that the amount of unrecognized tax benefits at such date may decrease by a range of \$0 to \$8 million during the year ended December 31, 2008, primarily on the expectation that the appeal of the 2001 and 2002 tax year issues would close and various statutes of limitation would lapse during 2008. However, the appeal did not close during 2008 and the Company increased the amount of certain other unrecognized tax benefits during 2008 based upon a reassessment of the measurement of such tax benefits during the year.

Table of Contents**NOTE 13 COMMITMENTS AND CONTINGENCIES**

Leases. The Company leases real estate and various equipment under operating and, to a lesser extent, capital lease arrangements. Certain real estate leases provide for escalation of rent based upon a specified price index and/or based upon periodic appraisals.

At December 31, 2008, the Company was obligated under non-cancelable operating leases and capital leases to make future minimum lease payments as follows:

	Operating Leases	Capital Leases
	(In thousands)	
Years ending December 31,		
2009	\$ 13,626	\$ 1,887
2010	10,844	1,859
2011	8,974	1,670
2012	7,901	1,204
2013	5,884	37
Thereafter	44,052	
Total minimum lease payments	\$ 91,281	6,657
Less: Amounts representing interest		(212)
Total obligations under capital leases		6,445
Less: Amounts due within one year		(1,685)
Amounts due after one year		\$ 4,760

The current and long-term obligations under capital leases are included in Other accrued liabilities and Other long-term obligations, respectively, in the accompanying consolidated balance sheets. Rental expense for operating leases, including rental expense of discontinued operations, was \$29 million for December 31, 2008 and \$36 million for each of the years ended December 31, 2007 and 2006.

Mashantucket Pequot Tribal Nation. The Company entered into a series of agreements to implement a strategic alliance with the Mashantucket Pequot Tribal Nation (MPTN), which owns and operates Foxwoods Casino Resort in Mashantucket, Connecticut. The Company and MPTN have formed a jointly owned company Unity Gaming, LLC to acquire or develop future gaming and non-gaming enterprises. Under certain circumstances, the Company will provide a loan of up to \$200 million to finance a portion of MPTN's investment in joint projects.

Kerzner/Istithmar Joint Venture. In September 2007, the Company entered into a definitive agreement with Kerzner International and Istithmar forming a joint venture to develop a multi-billion dollar integrated resort to be located on the southwest corner of Las Vegas Boulevard and Sahara Avenue. In September 2008, the Company and its partners agreed to defer additional design and pre-construction activities and amended their joint venture agreement accordingly. In the event the joint venture determines that the resort will be developed, the Company will contribute 40 acres of land, valued at \$20 million per acre, for fifty percent of the equity in the joint venture. Kerzner

International and Istithmar will contribute cash totaling \$600 million, of which \$200 million will be distributed to the Company, for the other 50% of the equity.

CityCenter completion guarantee. As discussed in Note 8, the Company and Infinity World have entered into partial completion guarantees in conjunction with the CityCenter credit facility. The partial completion guarantees provide for additional contingent funding of construction costs in the event such funding is necessary to complete the project, up to a maximum amount of \$600 million from each partner. During the fourth quarter of 2008, the Company recorded a liability of \$205 million, classified as Other long-term obligations in the accompanying consolidated balance sheets, equal to the fair value of its partial completion guarantee in accordance with FASB Interpretation No. 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others.

Table of Contents

Other guarantees. The Company is party to various guarantee contracts in the normal course of business, which are generally supported by letters of credit issued by financial institutions. The Company's senior credit facility limits the amount of letters of credit that can be issued to \$250 million, and the amount of available borrowings under the senior credit facility is reduced by any outstanding letters of credit. At December 31, 2008, the Company had provided \$92 million of total letters of credit, including \$50 million to support bonds issued by the Economic Development Corporation of the City of Detroit, which are recorded as a liability of the Company. Though not subject to a letter of credit, the Company has an agreement with the Nevada Gaming Control Board to maintain \$120 million of availability under its senior credit facility to support normal bankroll requirements at the Company's Nevada operations. Due to the fact that the Company borrowed the remaining available funds under its senior credit facility after December 31, 2008 as described in Note 2, the Company has established separate bank accounts to hold a minimum of \$120 million to support its obligation under the bankroll requirements.

Sales and use tax on complimentary meals. In March 2008, the Nevada Supreme Court ruled, in a case involving another casino company, that food and non-alcoholic beverages purchased for use in providing complimentary meals to customers and to employees were exempt from sales and use tax. The Company had previously paid use tax on these items and has generally filed for refunds for the periods from January 2001 to February 2008 related to this matter. The amount subject to these refunds, including amounts related to the Mandalay Resort Group properties prior to the Company's 2005 acquisition of Mandalay Resort Group, is approximately \$38 million.

The Nevada Department of Taxation (the Department) filed a petition for rehearing, which the Nevada Supreme Court announced in July 2008 it would not grant. As of December 31, 2008, the Company had not recorded income related to this matter because the refund claims are subject to audit and it is unclear whether the Department will pursue alternative legal theories in connection with certain issues raised in the Supreme Court case in any audit of the refund claims. However, the Company is claiming the exemption on sales and use tax returns for periods after February 2008 in light of the Nevada Supreme Court decision.

Litigation. The Company is a party to various legal proceedings, most of which relate to routine matters incidental to its business. Management does not believe that the outcome of such proceedings will have a material adverse effect on the Company's financial position or results of operations.

NOTE 14 STOCKHOLDERS EQUITY

Tender offer. In February 2008, the Company and a wholly-owned subsidiary of Dubai World completed a joint tender offer to purchase 15 million shares of Company common stock at a price of \$80 per share. The Company purchased 8.5 million shares at a total purchase price of \$680 million.

Stock sale. On October 18, 2007, the Company completed the sale of 14.2 million shares of common stock to Infinity World Investments, a wholly-owned subsidiary of Dubai World, at a price of \$84 per share for total proceeds of approximately \$1.2 billion. These shares were previously held by the Company as treasury stock. Proceeds from the sale were used to reduce amounts outstanding under the senior credit facility.

Stock repurchases. Share repurchases are only conducted under repurchase programs approved by the Board of Directors and publicly announced. At December 31, 2008, the Company had 20 million shares available for repurchase under the May 2008 authorization. Share repurchase activity was as follows:

Year Ended December 31,		
2008	2007	2006
(In thousands)		

Edgar Filing: MGM MIRAGE - Form 10-K

July 2004 authorization (8 million and 6.5 million shares purchased)	\$	\$ 659,592	\$ 246,892

	\$	1,240,856	\$ 826,765
			\$ 246,892
Average price of shares repurchased	\$	68.36	\$ 83.92
			\$ 37.98

Table of Contents**NOTE 15 STOCK-BASED COMPENSATION**

Information about the Company's share-based awards. The Company adopted an omnibus incentive plan in 2005 which, as amended, allows it to grant stock options, stock appreciation rights (SARs), restricted stock, restricted stock units (RSUs), and other stock-based awards to eligible directors, officers and employees of the Company and its subsidiaries. The plans are administered by the Compensation Committee (the Committee) of the Board of Directors. The Committee has discretion under the omnibus plan regarding which type of awards to grant, the vesting and service requirements, exercise price and other conditions, in all cases subject to certain limits, including:

As amended, the omnibus plan allows for the issuance of up to 35 million (20 million prior to an August 2008 amendment) shares or share-based awards;

For stock options and SARs, the exercise price of the award must be at least equal to the fair market value of the stock on the date of grant and the maximum term of such an award is 10 years.

Stock options and SARs granted under all plans generally have terms of either seven or ten years, and in most cases vest in either four or five equal annual installments. RSUs granted vest ratably over 4 years. The Company's practice is to issue new shares upon exercise or vesting of awards.

Exchange offer. In September 2008, the Company offered certain eligible employees an opportunity to exchange certain outstanding stock options and SARs for RSUs which provide a right to receive one share of common stock for each RSU. The exchange offer expired in October 2008. The number of RSUs to be granted in the exchange offer was based on an exchange ratio for each grant determined by the Committee. The total number of stock options and SARs eligible to be exchanged was approximately 4.7 million, of which approximately 4.2 million were exchanged for a total of approximately 0.7 million RSUs. On the date of the exchange, the estimated fair value of the RSUs did not exceed the estimated fair value of the exchanged stock options and SARs calculated immediately prior to the exchange. Therefore, the Company will not record additional expense related to the exchange and the unamortized compensation related to the exchanged stock options and SARs will continue to be amortized to expense ratably over the remaining life of the new RSUs. The RSUs granted in the exchange offer will vest on the same dates that the underlying stock options and SARs would have otherwise vested, except that no RSUs will vest prior to July 1, 2009. All exchanged stock options and SARs which have vested, or would have vested, before July 1, 2009 were replaced by RSUs that vest on July 1, 2009.

Activity under share-based payment plans. As of December 31, 2008, the aggregate number of share-based awards available for grant under the omnibus plan was 17.6 million. A summary of activity under the Company's share-based payment plans for the twelve months ended December 31, 2008 is presented below:

Stock options and stock appreciation rights

	Shares (000 s)	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term	Aggregate Intrinsic Value (\$000 s)
Outstanding at January 1, 2008	26,674	\$ 31.90		
Granted	4,952	35.60		
Exercised	(888)	16.08		
Exchanged	(4,235)	68.06		

Edgar Filing: MGM MIRAGE - Form 10-K

Forfeited or expired	(1,293)	34.91			
Outstanding at December 31, 2008	25,210	26.98	4.02	\$	7,348
Vested and expected to vest at December 31, 2008	24,938	26.96	4.75	\$	7,348
Exercisable at December 31, 2008	16,301	23.34	3.60	\$	7,348

Table of Contents

As of December 31, 2008, there was a total of \$54 million of unamortized compensation related to stock options and SARs expected to vest, which is expected to be recognized over a weighted-average period of 1.9 years. The following table includes additional information related to stock options and SARs:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Intrinsic value of stock options and SARs exercised	\$ 33,342	\$ 339,154	\$ 166,257
Income tax benefit from stock options and SARs exercised	10,494	114,641	56,351
Proceeds from stock option exercises	14,116	97,792	89,113

Restricted stock units

During the fourth quarter of 2008, the Company issued RSUs for 0.7 million shares as part of the exchange offer discussed above and granted additional RSUs for 0.4 million shares to certain eligible employees.

	Shares (000 s)	Weighted Average Grant-Date Fair Value
Nonvested at January 1, 2008		\$
Granted in exchange offer	699	18.90
Granted	386	19.00
Vested		
Forfeited	(31)	19.00
Nonvested at December 31, 2008	1,054	18.93

As of December 31, 2008, there was a total of \$73 million of unamortized compensation related to restricted stock units, which is expected to be recognized over a weighted-average period of 2.1 years. \$67 million of such unamortized compensation relates to the RSUs granted in the exchange. RSUs granted to corporate officers are subject to certain performance requirements determined by the Committee. Such performance requirements do not apply to RSUs granted in the exchange offer.

Recognition of compensation cost. The Company adopted Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment (SFAS 123(R)) on January 1, 2006 using the modified prospective method. The Company recognizes the estimated fair value of stock options and SARs granted under the Company's omnibus plan based on the estimated fair value of these awards measured at the date of grant using the Black-Scholes model. For restricted stock units, compensation cost is calculated based on the fair market value of our stock on the date of grant. For stock options awards granted prior to adoption, the unamortized expense is being recognized on an accelerated basis, since this was the method used for disclosure purposes prior to the adoption of SFAS 123(R). For all awards granted after adoption, such expense is being recognized on a straight-line basis over the vesting period of the awards. Forfeitures are estimated at the time of grant, with such estimate updated periodically and with actual forfeitures recognized currently to the extent they differ from the estimate. The Company capitalizes stock-based compensation

related to employees dedicated to construction activities. In addition, the Company charges CityCenter for stock-based compensation related to employees dedicated to CityCenter.

Table of Contents

The following table shows information about compensation cost recognized:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Compensation cost:			
Stock options and SARs	\$ 37,766	\$ 48,063	\$ 71,386
Restricted stock and RSUs	4,652		3,038
Total compensation cost	42,418	48,063	74,424
Less: CityCenter reimbursed costs	(6,019)	(796)	
Less: Compensation cost capitalized	(122)	(1,589)	(798)
Compensation cost recognized as expense	36,277	45,678	73,626
Less: Related tax benefit	(12,569)	(15,734)	(24,901)
Compensation expense, net of tax benefit	\$ 23,708	\$ 29,944	\$ 48,725

Compensation cost for stock options and SARs was based on the estimated fair value of each award, measured by applying the Black-Scholes model on the date of grant, using the following weighted-average assumptions:

	Year Ended December 31,		
	2008	2007	2006
Expected volatility	50%	32%	33%
Expected term	4.6 years	4.1 years	4.1 years
Expected dividend yield	0%	0%	0%
Risk-free interest rate	2.7%	4.4%	4.9%
Forfeiture rate	3.5%	4.6%	4.6%
Weighted-average fair value of options granted	\$ 14.49	\$ 25.93	\$ 14.50

Expected volatility is based in part on historical volatility and in part on implied volatility based on traded options on the Company's stock. The expected term considers the contractual term of the option as well as historical exercise and forfeiture behavior. The risk-free interest rate is based on the rates in effect on the grant date for U.S. Treasury instruments with maturities matching the relevant expected term of the award.

NOTE 16 EMPLOYEE BENEFIT PLANS

Employees of the Company who are members of various unions are covered by union-sponsored, collectively bargained, multi-employer health and welfare and defined benefit pension plans. The Company recorded an expense of \$192 million in 2008, \$194 million in 2007 and \$189 million in 2006 under such plans. The plans' sponsors have not provided sufficient information to permit the Company to determine its share of unfunded vested benefits, if any.

The Company is self-insured for most health care benefits for its non-union employees. The liability for claims filed and estimates of claims incurred but not reported \$22 million and \$25 million at December 31, 2008 and 2007,

respectively is included in Other accrued liabilities in the accompanying consolidated balance sheets.

The Company has retirement savings plans under Section 401(k) of the Internal Revenue Code for eligible employees. The plans allow employees to defer, within prescribed limits, up to 30% of their income on a pre-tax basis through contributions to the plans. The Company matches, within prescribed limits, a portion of eligible employees contributions. In the case of certain union employees, the Company contributions to the plan are based on hours worked. The Company recorded charges for 401(k) contributions of \$25 million in 2008 and \$27 million in 2007 and 2006.

The Company maintains nonqualified deferred retirement plans for certain key employees. The plans allow participants to defer, on a pre-tax basis, a portion of their salary and bonus and accumulate tax deferred earnings, plus investment earnings on the deferred balances, as a deferred tax savings. Through December 31, 2008 participants earned a Company match of up to 4% of salary, net of any Company match received under the Company's 401(k) plan. All employee deferrals vest immediately. The Company matching contributions vest

Table of Contents

rately over a three-year period. The Company recorded charges for matching contributions of \$1 million in 2008 and 2007, and \$2 million in 2006.

The Company also maintains nonqualified supplemental executive retirement plans (SERP) for certain key employees. Until September 30, 2008, the Company made quarterly contributions intended to provide a retirement benefit that is a fixed percentage of a participant's estimated final five-year average annual salary, up to a maximum of 65%. Company contributions and investment earnings on the contributions are tax-deferred and accumulate as deferred tax savings. Employees do not make contributions under these plans. A portion of the Company contributions and investment earnings thereon vest after three years of SERP participation and the remaining portion vests after both five years of SERP participation and 10 years of continuous service. The Company recorded expense under this plan of \$4 million in 2008 and \$7 million in 2007 and 2006.

Pursuant to the amendments of the nonqualified deferred retirement plans and SERP plans during 2008, and consistent with certain transitional relief provided by the Internal Revenue Service pursuant to rules governing nonqualified deferred compensation, the Company permitted participants under the plans to make a one-time election to receive, without penalty, all or a portion of their respective vested account balances. Based on elections made, the Company made payments to participants of \$62 million subsequent to December 31, 2008. In addition, the Company made payments of \$57 million to participants in 2008 related to previous versions of these plans that were terminated during the year.

NOTE 17 PROPERTY TRANSACTIONS, NET

Property transactions, net consisted of the following:

	Year Ended December 31,		
	2008	2007	2006
	(In thousands)		
Goodwill and other indefinite-lived intangible assets impairment charge	\$ 1,179,788	\$	\$
Other write-downs and impairments	52,170	33,624	40,865
Demolition costs	9,160	5,665	348
Insurance recoveries	(9,639)	(217,290)	(86,016)
Other net (gains) losses on asset sales or disposals	(20,730)	(8,312)	3,823
	\$ 1,210,749	\$ (186,313)	\$ (40,980)

See discussion of goodwill and other indefinite-lived intangible assets impairment charge in Note 9. Other write-downs and impairments in 2008 included \$30 million related to land and building assets of Primm Valley Golf Club. The 2008 period also includes demolition costs associated with various room remodel projects and a gain on the sale of an aircraft of \$25 million.

Write-downs and impairments in 2007 included write-offs related to discontinued construction projects and a write-off of the carrying value of the Nevada Landing building assets due to its closure in March 2007. The 2007 period also includes demolition costs primarily related to the Mandalay Bay room remodel.

Write-downs and impairments in 2006 included \$22 million related to the write-off of the tram connecting Bellagio and Monte Carlo, including the stations at both resorts, in preparation for construction of CityCenter. Other impairments related to assets being replaced in connection with several capital projects.

Insurance recoveries in 2008 related to the insurance recoveries received related to property damage from the Monte Carlo fire in excess of the book value of the damaged assets and post-fire costs incurred. Insurance recoveries in 2007 and 2006 related to the insurance recoveries received related to property damage from Hurricane Katrina in excess of the book value of the damaged assets and post-storm costs incurred.

Table of Contents

NOTE 18 RELATED PARTY TRANSACTIONS

The Company and CityCenter have entered into agreements whereby the Company will be responsible for oversight and management of the design, planning, development and construction of CityCenter and will manage the operations of CityCenter for a fee upon completion of construction. The Company is being reimbursed for certain costs in performing the development services. During the years ended December 31, 2008 and 2007, the Company incurred \$46 million and \$5 million, respectively of costs reimbursable by the joint venture, primarily for employee compensation and certain allocated costs. As of December 31, 2008, CityCenter owes the Company \$5 million for unreimbursed development services costs.

Borgata leases 10 acres from the Company on a long-term basis for use in its current operations and for its expansion, and nine acres from the Company on a short-term basis for surface parking. Total payments received from Borgata under these lease agreements were \$6 million in each of the years ended December 31, 2008, 2007 and 2006.

The Company paid legal fees to a firm that was affiliated with the Company's general counsel. Payments to the firm totaled \$10 million, \$11 million, and \$8 million for the years ended December 31, 2008, 2007, and 2006, respectively. At December 31, 2008 and 2007, the Company owed the firm \$4 million and \$3 million, respectively.

The Company has occasionally chartered aircraft from its majority shareholder, Tracinda, and pays Tracinda at market rates. No payments were made to Tracinda in 2008 or 2007. Payments to Tracinda for the use of its aircraft totaled \$2 million for the year ended December 31, 2006.

Members of the Company's Board of Directors, senior management, and Tracinda signed contracts in 2006 and 2007 for the purchase of condominium units at CityCenter, at prices consistent with prices charged to unrelated third parties, when CityCenter was a wholly-owned development. The Company collected \$6 million of deposits related to such purchases in 2007; amounts collected in 2006 were not material.

Table of Contents**NOTE 19 CONDENSED CONSOLIDATING FINANCIAL INFORMATION**

The Company's subsidiaries (excluding MGM Grand Detroit, LLC and certain minor subsidiaries) have fully and unconditionally guaranteed, on a joint and several basis, payment of the senior credit facility, and the senior and senior subordinated notes of the Company and its subsidiaries. Separate condensed consolidating financial statement information for the subsidiary guarantors and non-guarantors as of December 31, 2008 and 2007 and for the years ended December 31, 2008, 2007 and 2006 is as follows:

Income from continuing operations	\$.55	\$.62	\$.62	\$ 2.85	\$ 4.70
Net income	.57	1.22	.62	2.85	5.31

Because income per share amounts are calculated using the weighted average number of common and dilutive common equivalent shares outstanding during each quarter, the sum of the per share amounts for the four quarters may not equal the total income per share amounts for the year.

As discussed in Note 9, the Company recorded a \$1.18 billion impairment charge related to goodwill and indefinite-lived intangible assets recognized in the Mandalay acquisition in 2005. The impairment was recorded in the fourth quarter of 2008, and resulted in a \$4.25 impact on fourth quarter 2008 diluted loss per share and a \$4.20 impact on full year 2008 diluted loss per share.

As discussed in Note 5, the Company recorded a \$1.03 billion pre-tax gain on the contribution of the CityCenter assets to a joint venture. The gain was recorded in the fourth quarter of 2007, and resulted in a \$2.23 impact on fourth quarter 2007 diluted earnings per share and a \$2.28 impact on full year 2007 diluted earnings per share.

As discussed in Note 1, Beau Rivage closed in August 2005 due to damage sustained from Hurricane Katrina and re-opened one year later. During 2007, we recorded pre-tax income from insurance recoveries of \$284 million with an annual impact on diluted earnings per share of \$0.62. We recorded \$135 million in the third quarter of 2007 and \$149 million in the fourth quarter of 2007, with corresponding impacts on diluted earnings per share of \$0.30 and \$0.32, respectively.
