ITEM 1 -- ELECTION OF TRUSTEES

The Board of Trustees which oversees each Trust provides broad supervision over the affairs of each Trust. Massachusetts Financial Services Company ("MFS" or the "Adviser"), each Trust's investment adviser and administrator, is responsible for the investment management of each Trust's assets and for providing a variety of other administrative services to each Trust. The officers of each Trust are responsible for its operations.

Under the provisions of each Trust's Declaration of Trust, the Trustees are divided into three classes, each having a term of three years. It is intended that proxies not limited to the contrary will be voted in favor of electing John W. Ballen, William J. Poorvu, J. Dale Sherratt and Ward Smith as Trustees of the class whose term will expire at the 2006 Annual Meeting of Shareholders (or special meeting in lieu thereof) of each Trust. Under the terms of each Trust's retirement policy, the Trustees have a mandatory retirement age. Mr. Smith will retire in accordance with this policy on December 31, 2005. Messrs. Ballen, Poorvu, Sherratt and Smith presently are Trustees of each Trust. If, before the election, any nominee refuses or is unable to serve, proxies will be voted for a replacement nominee designated by each Trust's current Trustees.

The following table presents certain information regarding the Trustees of each Trust, including their principal occupations, which, unless specific dates are shown, are of more than five years duration, although the titles may not have been the same throughout.

An asterisk beside a Trustee's name indicates that he or she is an "interested person", as defined in the Investment Company Act of 1940, as amended (the "1940 Act"), of MFS and has been affiliated with MFS for more than five years, unless otherwise indicated.

ITEM 2 -- SHAREHOLDER PROPOSAL RECOMMENDING THAT EACH TRUST'S TRUSTEES BE REQUIRED TO INVEST AT LEAST 10% OF THEIR TRUSTEE FEES IN TRUST SHARES

SHAREHOLDER PROPOSAL

Each Trust has been informed on March 28, 2003 by Mr. Edwin S. Mullett, 1420 Fern Court, Vero Beach, Florida 32963-4009, a shareholder of record who owned 5,600 shares of the MFS Intermediate Income Trust and 8,600 shares of the MFS Charter Income Trust, that he intends to submit the following proposal at each Meeting:

"Recommend that the Board take the necessary steps to implement a Trustees Stock Purchase Program through which all Independent Trustees would invest at least 10% of their future fees in shares of the Trust."

In support of his proposal, Mr. Mullett states that:

"Surely the Trustees would be better able to represent the interests of the shareholders if they were shareholders themselves. However, only two of the ten Independent Trustees are shareholders (none of the Interested Trustees are). Wouldn't you prefer to have Trustees who

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

were also shareholders? Please support this proposal and encourage the Trustees to join us as shareholders."

EACH TRUST'S BOARD OF TRUSTEES UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THE RESOLUTION CONTAINED IN THIS SHAREHOLDER PROPOSAL FOR THE REASONS SET FORTH BELOW.

RECOMMENDATION OF TRUSTEES

The statement in support of the resolution suggests that the Trustees could best represent shareholder interests if they were shareholders themselves. The Trustees disagree with this proposition in principle and do not believe that the practical effect of ownership of a Trust's shares by the Trustees would result in better representation or understanding of shareholder interests.

The Trustees are unaware that there is any established basis for the proposition that share ownership by trustees makes a trustee a more effective representative of shareholders. The Trustees are responsible for overseeing the Trust's operations and for acting in the best interests of shareholders. In furtherance of these responsibilities, the Trustees meet regularly with each Trust's officers, independent public accountants and legal counsel and with officers of the Adviser, and review each Trust's portfolio holdings and strategy, operations and share value, market price and trading activity. Whether or not the Trustees own a Trust's shares has no impact on their responsibilities to the Trust and its shareholders or on the degree of diligence with which the Trustees exercise their duties. The Trustees believe that the proper focus of shareholder concern should be on the background and experience of an individual trustee, and his or her level of diligence and skill in seeking to protect and promote shareholder interests, and do not believe that ownership of Trust shares in and of itself should or would result in an enhanced degree of oversight or better representation or understanding of shareholder interests.

While the resolution contained in the shareholder proposal would only require that the Trustees own shares of a Trust, the principle advanced by Mr. Mullett which underlies this proposal would suggest that the Trustees also should own shares of each fund they oversee. As noted above under "Item 1 - Election of Trustees," the Trustees are also trustees of 112 different closed-end and open-end funds sponsored by the Adviser. Each of these funds has its own investment objective and policies; for example, some funds seek capital growth by investing primarily in equity securities, some funds seek income by investing primarily in fixed-income securities, some funds seek a combination of capital growth and income by investing in both equity and fixed income securities, some funds seek high current income by investing primarily in below investment grade bonds (i.e., junk bonds), some funds seek income exempt from federal income taxes or income exempt from both federal and state income taxes, and some funds seek current income while preserving capital by investing in money market instruments.

Just like any other individual investor, a Trustee's decision to purchase shares in any fund is based on a number of personal considerations, including the individual's investment goals, risk tolerance, investment time horizon, existing investments, tax situation and the manner in which the fund will fit within the individual's overall investment portfolio. Any one of the funds currently supervised by the Trustees, including each Trust, may or may not be an appropriate investment for any particular Trustee based upon these personal considerations. Indeed, a number of funds which the Trustees oversee seek income exempt from both federal income taxes and the taxes of particular states, and only shareholders who reside in these states benefit from the unique tax advantages these funds are designed to produce. As a matter of principle, the Trustees do not believe that a share purchase program is appropriate and should dictate how they approach making a personal investment

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

decision, especially given that a particular fund may not be an appropriate investment vehicle for them.

Each Trust's shareholders have an interest in attracting and retaining highly qualified individuals to serve as Trustees of the Trust. The imposition of a requirement that Trustees own a Trust's shares, or shares of any other fund they supervise, may discourage qualified individuals from serving in this capacity given the likelihood that some of these investments would not be appropriate in light of the individual's particular investment goals and personal situation. To the extent that this requirement would deter highly qualified individuals from serving as Trustees of a Trust, the resolution contained in the shareholder proposal requiring such share ownership may have the unintended effect of attracting less highly qualified candidates, which is clearly contrary to the interests of each Trust and its shareholders.

In addition, the imposition of this requirement, if applied to each Trust and the other funds the Trustees oversee, would be impracticable and undesirable because it could make it more difficult, for the reasons discussed above, to maintain the same board of trustees for all of these funds given their large number. The Trustees believe that there are distinct advantages to the funds and their shareholders in having a single board oversee multiple funds within a fund complex. First, serving as a Trustee of a number of funds tends to increase each Trustee's knowledge and expertise regarding matters which affect all the funds he or she oversees. Second, having a common board enhances the ability of each fund to obtain, at modest cost to each separate fund, the services of high caliber trustees. Third, having a common board avoids the duplication of effort that would arise from having different groups of individuals serving as trustees of each of the funds and avoids the cost and confusion that may arise from different conclusions being reached by different boards on the same operational and management issues.

Accordingly, for the reasons discussed herein, the Board of Trustees unanimously recommends that shareholders vote AGAINST the resolution contained in the shareholder proposal.

REQUIRED VOTE. Approval of the shareholder proposal will require the affirmative vote of a majority of a Trust's outstanding shares cast at the Meeting on this proposal in person or by proxy.

ITEM 3 -- RATIFICATION OF SELECTION OF ACCOUNTANTS

It is intended that proxies not limited to the contrary will be voted in favor of ratifying the selection, by a majority of the Trustees who are not "interested persons" (as that term is defined in the 1940 Act) of each Trust, of the following auditors (each an "Auditor") under section 32(a) of the 1940 Act as independent public accountants of a Trust for the current fiscal year.

TRUST	AUDITOR	FISCAL YEAR END
MFS Charter Income Trust	Ernst & Young LLP ("Ernst & Young")	November 30
MFS Intermediate Income Trust	Deloitte & Touche LLP ("Deloitte")	October 31

No Auditor has a direct or material indirect interest in a Trust.

Representatives of the applicable Auditor are expected to be present at each Meeting and will have an opportunity to make a statement if they desire to do so. Such representatives also are expected to be available to respond to

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

appropriate questions.

The Audit Committee of the Board of Trustees of each Trust issued the following report concerning the financial statements for each Trust's most recent fiscal year.

The Audit Committee reviewed and discussed the audited financial statements with Trust management. The Audit Committee also discussed with the Auditor the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards). The Audit Committee received the written disclosures and the letter from the Auditor required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with the Auditor its independence.

Based on this review and these discussions, the Audit Committee recommended to the Board of Trustees that the audited financial statements be included in the Trust's annual report to shareholders for the Trust's 2002 fiscal year for filing with the Securities and Exchange Commission.

The following table sets forth the aggregate fees paid to each Auditor (or certain of its affiliates) for each Trust's 2002 fiscal year, for professional services rendered for: (i) the audit of the Trust's financial statements for that fiscal year; (ii) the audits of the annual financial statements for all funds in the MFS fund complex audited by the Auditor; (iii) financial information systems design and implementation services to the Trust, MFS and any entity controlling, controlled by or under common control with MFS that provides services to the Trust (including MFS Service Center, Inc.); and (iv) all other services (other than the foregoing services) to the Trust, MFS, and any entity controlling, controlled by or under common control with MFS that provides services to the Trust. The Audit Committee of each Trust considered whether the provision of information technology services and of non-audit services by the Auditor is compatible with the maintenance of that firm's independence.

NOMINATING COMMITTEE	0	Recommends qualified candidates to the Board in the event that a position is vacated or created. The Nominating Committee would consider recommendations by shareholders if a vacancy is to exist. Shareholders wishing to recommend Trustee candidates for consideration by the Nominating Committee may do so by writing the Trust's Secretary. Such suggestions must be accompanied by complete biographical and occupational data on the prospective nominee, along with a written consent of the prospective nominee to consideration of his or her name by the Committee.

Each Trust held 10 Board meetings during the Trust's 2002 fiscal year. Each Trustee attended at least 75% of the Board and applicable committee meetings noted for each Trust.

Each Trust's Board has adopted a written charter for the Audit Committee that was previously included as an appendix to each Trust's proxy statement as required by applicable rules. The charter most recently was included in each Trust's 2001 proxy statement.

Each Trust's Audit Committee consists only of Trustees who are not "interested persons" of the Trust as defined in the 1940 Act and who are independent of the Trust as defined by New York Stock Exchange Listing Standards. Each Trust's Audit Committee's report on the Trust's most recent audited financials is included in Item 2 above.

Each Trust's Declaration of Trust currently provides that the Trust will indemnify its Trustees and officers against liabilities and expenses incurred in connection with litigation in which they may be involved because of their offices with the Trust, unless it is finally adjudicated or, in case of a settlement, it has been determined by Trustees not involved in the matter or independent legal counsel, that they have not acted in good faith in the reasonable belief that their actions were in the best interests of the Trust or that they engaged in willful misfeasance or acted with bad faith, gross negligence or reckless disregard of the duties involved in the conduct of their offices.

INVESTMENT ADVISER AND ADMINISTRATOR

Each Trust engages as its investment adviser and administrator MFS, a Delaware corporation with offices at 500 Boylston Street, Boston, Massachusetts 02116. MFS is a majority-owned subsidiary of Sun Life of Canada (U.S.) Financial Services Holdings, Inc., 500 Boylston Street, Boston Massachusetts 02116, which is in turn a majority-owned subsidiary of Sun Life Assurance Company of Canada-U.S. Operations Holdings, Inc., One SunLife Executive Park, Wellesley Hills, Massachusetts 02481. Sun Life Assurance Company of Canada-U.S. Operations Holdings, Inc., is a wholly-owned subsidiary of Sun Life Assurance Company of Canada, 150 King Street West, 14th Floor, Toronto, Canada MSH 1J9, which in turn is a wholly-owned subsidiary of Sun Life Financial Services of Canada, Inc., at the same address.

MANNER OF VOTING PROXIES

All proxies received by the management will be voted on all matters presented at the Meeting, and if not limited to the contrary, will be voted FOR the election of Messrs. Ballen, Poorvu, Sherratt and Smith as Trustees of the Trust (if still available for election), FOR the ratification of the selection of the applicable Auditor as independent public accountants, and AGAINST the shareholder proposal.

All proxies voted, including proxies that reflect (i) broker non-votes (if a broker has voted on an item before the Meeting), (ii) abstentions or (iii) the withholding of authority to vote for a nominee for election as Trustee, will be counted toward establishing a quorum. A majority of a Trust's outstanding

Edgar Filing: MFS INTERMEDIATE INCOME TRUST - Form DEF 14A

shares entitled to be cast on a particular matter, present in person or represented by proxy, constitutes a quorum as to such matter. Passage of any proposal being considered at the Meeting will occur only if a sufficient number of votes are cast FOR the proposal. With respect to the election of Trustees, the shareholder proposal, and the ratification of public accountants, neither withholding authority to vote nor abstentions nor broker non-votes have any effect on the outcome of the voting.

The Trusts have engaged the services of Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies for the Trusts. The costs of the proxy solicitation are expected to be approximately \$28,000 and \$42,000 for MFS Charter Income Trust and MFS Intermediate Income Trust, respectively. Solicitation costs are borne separately by each Trust. Each Trust will reimburse the record holders of its shares for their expenses incurred in sending proxy material to and obtaining voting instructions from beneficial owners.

Each Trust knows of no other matters to be brought before the Meeting. If, however, because of any unexpected occurrence, any nominee is not available for election or if any other matters properly come before the Meeting, it is each Trust's intention that proxies not limited to the contrary will be voted in accordance with the judgment of the persons named in the enclosed form of proxy.

SUBMISSION OF PROPOSALS

Proposals of shareholders which are intended to be presented at the 2004 Annual Meeting of Shareholders must be received by the Trust on or prior to April 20, 2004.

SECTION 16(a) -- BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Trustees, directors and certain officers of each Trust and MFS, and persons who own more than ten percent of a Trust's shares, to file reports of ownership and changes in ownership with the Securities and Exchange Commission ("SEC") and the New York Stock Exchange. Such persons are required by SEC regulation to furnish each Trust with copies of all Section 16(a) forms they file in relation to that Trust.

Based solely on a review of the copies of Forms 3, 4 and 5 and amendments thereto furnished to each Trust with respect to its most recent fiscal year, or written representations that no Forms 5 were required, each Trust believes that during its 2002 fiscal year, all Section 16(a) filing requirements applicable to Trustees, directors and certain officers of the Trust and MFS and greater than ten percent beneficial owners were complied with except as follows. Each Trust believes that MFS personnel failed to make Form 3 (Initial Statement of Beneficial Ownership) filings for the following persons on a timely basis: James C. Baillie (MFS Director); James R. Bordewick, Jr. (Assistant Secretary of the Trusts); Ellen Moynihan (Assistant Treasurer of the Trusts); Donald M. Mykrantz (Senior Vice President of MFS); C. James Prieur (MFS Director); Richard D. Schmalensee (MFS Director); Robin A. Stelmach (Senior Vice President of MFS); William W. Stinson (MFS Director); and James O. Yost (Assistant Treasurer of the Trusts). In no case did any of these persons own shares of any Trust, and none of the late filings noted involved a failure to report current trading in any Trust's shares.
