Executive Board and Supervisory Board of Linde AG recommend acceptance of the exchange offer by Linde plc

Munich, 21 August 2017 – Today, the Executive Board and the Supervisory Board of Linde AG published a joint reasoned statement regarding the exchange offer by Linde plc dated 15 August 2017.

The Executive Board and the majority in the Supervisory Board are of the opinion that the business combination is in the best interests of Linde AG, its shareholders and other stakeholders. Against this background, the entire Executive Board and the majority in the Supervisory Board recommend to the Linde shareholders to accept the exchange offer in order to participate in the new group which is combined under Linde plc.

In the reasoned statement, the Executive Board and the Supervisory Board come to the conclusion that the offer consideration is appropriate.

The Executive Board and the majority in the Supervisory Board believe that the business combination provides significant advantages and opportunities to both companies and their employees.

The business combination unites Linde's longstanding leadership in engineering and technology and Praxair's operational excellence, creating a leading group in the global industrial gas industry.

The business combination brings together two leading companies with unique and complementary strengths. The combined group is expected to have combined pro forma revenues of approximately EUR 27 billion, prior to adjustments, potential divestitures and regulatory limitations, based on Linde's and Praxair's published annual results for 2016, and a strong presence in all regions and end markets. With a more diverse and balanced global portfolio, the new Linde group will be in a position to better leverage long-term growth trends.

The combined group is expected to achieve annual synergies and cost savings (including savings from ongoing cost saving programmes, in particular from the Linde LIFT programme) of approximately EUR 1.1 billion, which are targeted to be achieved within three years following the completion of the business combination.

A robust balance sheet and strong cash flows will provide financial flexibility to invest in future growth.

“The merger of Linde and Praxair creates significant value for shareholders. They now have the opportunity to participate in a company with excellent prospects and to build on the future,” said Prof Dr Wolfgang Reitzle, Chairman of the Supervisory Board of Linde AG.

“The entire Executive Board is firmly convinced that the business combination will open up great potential for shareholders, customers and employees and is in the best strategic interests of, Linde,” said Aldo Belloni, CEO of Linde AG.

Furthermore, the Executive Board and the majority of the Supervisory Board expect the shares of the combined group to receive a better valuation on the capital markets than the shares of Linde AG, as the shares of Linde plc will be listed on both the New York Stock Exchange and Frankfurt Stock Exchange and Linde plc will seek inclusion in the S&P 500 and DAX 30.

The joint reasoned statement in both English and German is now available on the Linde AG website [www.the-linde-group.com](http://www.the-linde-group.com) under the section “Proposed Merger” and is available for distribution free of charge at Linde Aktiengesellschaft, Klosterhofstraße 1, 80331 Munich, Germany (tel: +49 (0) 89 35757 1321, email: [investorrelations@linde.com](mailto:investorrelations@linde.com)).
