PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS

These proxy materials are furnished in connection with the solicitation of proxies by the Board of Directors of I-trax, Inc., a Delaware corporation ("I-trax" or the "Company"), for the Annual Meeting of Stockholders of I-trax to be held at 10:00 A.M. on May 22, 2002, at 1735 Market Street, 51st Floor, Philadelphia, Pennsylvania 19103, and any adjournments or postponements of the Annual Meeting. These proxy materials were first mailed to stockholders on or about April 26, 2002. The address of the principal executive office of I-trax is One Logan Square, Suite 2615, 130 N. 18th Street, Philadelphia, Pennsylvania 19103. Sending a signed proxy will not affect the stockholder's right to attend the Annual Meeting and vote in person. Every stockholder has the power to revoke

Edgar Filing: I TRAX INC - Form DEF 14A

his or her proxy at any time before it is voted. The proxy, before it is exercised at the meeting, may be revoked by filing with the Secretary of the Company a notice in writing revoking it, by delivering a duly executed proxy bearing a later date, or by attending the meeting and voting in person.

Stockholders Entitled to Vote

The close of business of April 2, 2002 was the record date for stockholders entitled to notice of and to vote at the Annual Meeting. As of the record date, there were 46,358,856 outstanding shares of the common stock, \$.001 par value (the "Common Stock"), of I-trax.

Quorum Required

The presence, in person or by proxy, of stockholders entitled to cast at least a majority of the votes that all stockholders are entitled to cast on a particular issue constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

Votes Required

Proposal 1. Directors are elected by a plurality of the affirmative votes cast by those shares present in person, or represented by proxy, and entitled to vote at the Annual Meeting. The eleven (11) nominees for director receiving the highest number of affirmative votes will be elected. Abstentions and broker non-votes will not be counted toward a nominee's total. Stockholders may not cumulate votes in the election of directors.

Proposals 2, 3 and 4. Approval of the alternative proposals to amend the Company's Certificate of Incorporation requires the affirmative vote of holders of a majority of the shares of Common Stock issued and outstanding and entitled to vote at the Annual Meeting. Abstentions and broker non-votes are not affirmative votes and, therefore, will have the same effect as votes against the proposal.

Proposal 5. Ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending December 31, 2002 requires the affirmative vote of a majority of those shares present in person, or represented by proxy, and cast either affirmatively or negatively at the Annual Meeting. Abstentions and broker non-votes will not be counted as having been voted on the proposal.

1

Proxies

A form of proxy is enclosed. All properly executed proxies received by the Board of Directors, and not revoked, will be voted as indicated in accordance with the instructions written on the proxies. In the absence of contrary instructions, shares represented by returned proxies will be voted for the election of the directors as described in this Proxy Statement; in favor of each alternate proposal to amend the Company's Certificate of Incorporation; in favor of the ratification of the selection of the independent auditors; and in the discretion of the proxy holders, on any other matter as may properly come before the meeting.

Solicitation of Proxies

Edgar Filing: I TRAX INC - Form DEF 14A

The entire cost of soliciting proxies will be borne by I-trax. I-trax will arrange with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to the beneficial owners of Common Stock, and may reimburse these persons or institutions for expenses incurred in connection with this distribution. Proxies may be solicited in person or by telephone, facsimile, e-mail, telegraph or other means by directors, officers or employees of I-trax, none of whom will receive additional compensation for doing this.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The Board of Directors currently consists of eleven directors. All eleven directors are to be elected at the Annual Meeting to serve until the 2003 Annual Meeting. The Board's nominees for election as directors are John Blazek, David R. Bock, Philip D. Green, Michael M.E. Johns, M.D., Craig Jones, M.D., Hans C. Kastensmith, Arthur N. Leibowitz, M.D., Frank A. Martin, John R. Palumbo, Carol Rehtmeyer, Ph.D., and William S. Wheeler, each of whom currently serves on the Board.

The proxy holders intend to vote all proxies received by them in the accompanying form for these nominees unless otherwise directed. In the event any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who may be designated by the present Board of Directors to fill the vacancy, or, in the alternative, the Board may reduce the number of directors. As of the date of this Proxy Statement, the Company is not aware of any nominee who is unable or unwilling to serve as a director.

The following table lists the name and age, as of April 2, 2002, of each Board nominee to serve as a director of the Company.

Frank A. Martin has been a director, Chairman and Chief Executive Officer of I-trax since September 2000. Mr. Martin has been a director of I-trax Health Management Solutions, Inc. ("Health Management"), one of the Company's predecessors and currently its wholly owned operating subsidiary, since 1996. Mr. Martin founded, and has been a Managing Director of, The Nantucket Group,

Edgar Filing: I TRAX INC - Form DEF 14A

LLC ("Nantucket"), a health care venture capital firm specializing in investing in early stage healthcare service and technology companies since December 1998. He currently serves on the Board of Directors of Saddletude, Inc., an Internet-based equestrian sports network. Mr. Martin served as the Chief Executive Officer and director of EduNeering, Inc., an electronic knowledge management company, from April 1999 to April 2000. In November 1992, Mr. Martin founded Physician Dispensing Systems, Inc. ("PDS"), a health care information technology company that developed pharmaceutical software for physicians' offices. Mr. Martin assisted in the sale of PDS to Allscripts Healthcare Solutions, Inc. ("Allscripts"), a provider of point-of-care solutions to physicians, in December 1996 and joined its Board of Directors on which he served until 1998.

John Blazek, MBA, RPh, has been a director and Member of the Office of the President of I-trax since February 2002. Mr. Blazek joined I-trax when I-trax acquired WellComm Group, Inc. ("WellComm"), a disease management company, in February 2002. From May 2000 to February 2002, Mr. Blazek served as the Chief Executive Officer of WellComm. From 1998 to 1999, Mr. Blazek served as an Assistant to Mayor Hal Daub, City of Omaha, in which capacity he oversaw economic development for the City of Omaha. From 1996 to 1999, Mr. Blazek served as President of Blazek & Associates, Inc., a consulting firm. Mr. Blazek was co-owner of a company that was twice named among Omaha's "25 fastest growing companies" before it was sold to Coram Healthcare in 1992.

David R. Bock has been a director of I-trax since February 2001. Mr. Bock was a director of Health Management from February 2000 to February 2001. Mr. Bock has been the Executive Vice President and Chief Financial Officer of Pedestal, Inc., an Internet-based company providing information on the secondary mortgage marketplace, since January 2000. Prior to that, Mr. Bock was a managing partner in Federal City Capital Advisors, LLC, an investment-banking firm located in Washington, D.C. Mr. Bock is also a Managing Director of Nantucket. From 1992 to 1995, Mr. Bock was a Managing Director in the London corporate finance group of Lehman Brothers and was responsible for developing Lehman Brothers' investment banking business in a wide range of emerging markets, including India, Russia, Turkey and Central Europe. Mr. Bock also served in a variety of management positions at the World Bank, including as Chief of Staff for the Bank's worldwide lending operations. From 1995 to 1997, he was President of Maitland-Ruick & Company, a predecessor firm to Federal City. Mr. Bock has extensive experience in economic policy, capital markets and corporate strategy across a wide range of sectors, including financial services, healthcare, real estate, energy and natural resources.

Philip D. Green has been a director of I-trax since February 2001. Mr. Green was a director of Health Management from March 2000 to February 2001. Since July 2000, Mr. Green has been a partner of Akin, Gump, Strauss, Hauer & Feld, L.L.P., a leading international law firm. From its formation in 1989 until it merged with Akin Gump in July 2000, Mr. Green was the founding principal of the Washington, D.C. based law firm of Green, Stewart, Farber & Anderson, P.C. From 1978 through 1989, Mr. Green was a partner in the Washington, D.C. based law firm of Schwalb, Donnenfeld, Bray and Silbert, P.C. Mr. Green practices healthcare law and assists entities in corporate planning and transactions. Mr. Green represents a significant number of major teaching hospitals and integrated healthcare delivery systems. Mr. Green also represents a number of public and private for-profit healthcare companies. Mr. Green is currently a member of the Board of Directors of Allscripts and Imagyn Medical Technologies, Inc., a medical device manufacturer.

Michael M.E. Johns, M.D., has been a director of I-trax since February 2001. Dr. Johns was a director of Health Management from October 2000 to February 2001. Since 1996, Dr. Johns has served as an Executive Vice President for Health Affairs of Emory University, overseeing Emory University's widespread academic and clinical programs in health sciences. In this position, Dr. Johns

Edgar Filing: I TRAX INC - Form DEF 14A

leads strategic planning initiatives for both patient care and research. In addition, since 1996, Dr. Johns has served as the Chairman of the Board and Chief Executive Officer of Emory Healthcare, a comprehensive healthcare system in metropolitan Atlanta. Emory Healthcare includes two physician practices, three wholly owned hospitals and a jointly owned fourth hospital, as well as numerous affiliated hospitals in Atlanta and throughout Georgia. Dr. Johns also is Chairman of the Board of EHCA, LLC, a company overseen jointly by Emory Healthcare and HCA Corporation. Through EHCA, Emory is responsible for clinical performance improvement and quality assurance in six local hospitals and five surgery centers owned by HCA

Corporation. From 1990 to 1996, Dr. Johns served as the Dean of the Johns Hopkins School of Medicine and Vice President of the Medical Faculty at Johns Hopkins University.

Craig A. Jones, M.D., has been a director of I-trax since February 2001. Dr. Jones was a director of Health Management from January 2000 to February 2001. Dr. Jones is currently Director of the Division of Allergy & Immunology and the Allergy & Immunology Residency Training Program at the Los Angeles County and University of Southern California Medical Center and an Assistant Professor of Pediatrics at the University of Southern California School of Medicine. Since November 1996, Dr. Jones has served as Director of the Breathmobile Mobile Asthma Clinic Program, a program that he developed. The Company's AsthmaWatch(R) system is currently installed and in use in the Breathmobiles. Because of its clinical impact, the program is serving as a model for community-based preventive healthcare and disease management. From January 1997 to December 1997, Dr. Jones served as President of the Los Angeles Society of Asthma, Allergy & Immunology. Currently, he is designing and implementing a program for the Los Angeles County Department of Health Services, which integrates clinical operations and patient flow in four Breathmobiles serving more than eighty-five school sites, County Comprehensive Health Centers, and Pediatric Services at the LAC+USC Medical Center.

Hans C. Kastensmith has been a director of I-trax since February 2001 and Vice-Chairman of I-trax since March 2001. Mr. Kastensmith was a director and President of Health Management from September 1999 to February 2001. Mr. Kastensmith founded Member-Link Systems, Inc. ("Member-Link"), a company acquired by Health Management in 1999. Mr. Kastensmith formed Member-Link in 1992 and served as its Chief Executive Officer until it merged with Health Management. Mr. Kastensmith is currently leading a business development effort for Medical Archival Systems at the University of Pittsburgh Medical Center Health System.

Arthur (Abbie) N. Leibowitz, M.D., FAAP, has been a director of I-trax since March 2002. Since 2001, Dr. Leibowitz has been the Executive Vice President for Business Development and Chief Medical Officer of Health Advocate, a health services company, which he helped form. Health Advocate helps consumers navigate the healthcare system. In 2000, Dr. Leibowitz served as Executive Vice President for Digital Health Strategy and Business Development and director of Medscape, Inc., a clinical information company. Dr. Leibowitz's experience includes his tenure at Aetna U.S. Healthcare from 1987 to 2000 where he served in several senior positions, including as Aetna's Chief Medical Officer for over four years. As Aetna's Chief Medical Officer, he was responsible for directing the company's patient management and clinical activities and relationships with numerous physicians, hospitals and other healthcare providers. Dr. Leibowitz is a nationally recognized leader in the healthcare industry and an authority on managed care, clinical management and medical information systems. He is also a popular speaker and has appeared frequently on national and regional television

Edgar Filing: I TRAX INC - Form DEF 14A

and radio.

John R. Palumbo has been a director of I-trax since February 2001. Mr. Palumbo was a director of Health Management from March 2000 to February 2001. Mr. Palumbo has been a Vice President of Siemens Medical Solutions Health Services, a provider of solutions and services for integrated healthcare, since July 2001. From 1996 until it was acquired by Siemens, Mr. Palumbo served as Area Vice President of Shared Medical Systems Corporation, a worldwide leader of health information solutions serving over 5,000 providers in the United States, Europe and the Pacific Rim. At Shared Medical Systems, Mr. Palumbo oversaw the start-up of the National Health Services division, which markets to and services the for-profit and not-for profit national health systems, such as Tenant, UHS, and Ascension, and in 1999 assumed additional responsibilities for the Western Operations division. From 1995 to 1996, Mr. Palumbo served as an Executive Vice President and Chief Operating Officer of Allscripts. From 1990 to 1995, Mr. Palumbo was the Executive Vice President of Healthworks Alliance, Inc., a company he founded specializing in point-of-care technology and reengineering services allowing physicians to process patients through the healthcare delivery system.

Carol M. Rehtmeyer, Ph.D., MSN, RN, has been a director and Member of the Office of the President of I-trax since February 2002. Ms. Rehtmeyer joined I-trax when I-trax acquired WellComm in February 2002. Ms. Rehtmeyer formed WellComm in 1997 after determining there was a need in healthcare for clinically based, customer oriented telehealth information services. Ms. Rehtmeyer served as the President of WellComm from its formation until February 2002. Ms. Rehtmeyer has more than twenty-five years of healthcare experience in areas of practice teaching, administration and leadership in clinical and managed care settings.

4

William S. Wheeler has been a director of I-trax since February 2001. Mr. Wheeler was a director of Health Management from September 1999 to February 2001. Mr. Wheeler has been the Chief Operating Officer and Chief Financial Officer of Net2Voice, a telecommunications company, since March 2001. In May 1999, Mr. Wheeler co-founded an Internet communications business that was launched in April 2000. Mr. Wheeler was a Vice President at Cable & Wireless USA from June 1989 until February 1999. During this period, Mr. Wheeler held the positions of Vice President and Controller, Senior Vice President, Finance and acting President of the Dial Internet Services division. While leading the Dial Internet Services division, Mr. Wheeler oversaw aspects of Cable & Wireless' acquisition of MCI's Internet business. In this capacity, Mr. Wheeler had full responsibility for marketing, finance, a customer service center and all operational support systems. He developed a marketing and financial plan to increase the customer base and improve profitability in a very short time frame and directed the launch of Cable & Wireless USA's first consumer Internet service (www.cwix.com). The business was sold to Prodigy Internet in 1999.

Board of Directors Meetings and Committees

The Board of Directors of I-trax held a total of five meetings during 2001. Each director who served in 2001, other than Dr. Jones and Mr. Palumbo, attended more than 75% of the meetings of the Board and any committee of which he is a member.

The Board of Directors has a Compensation Committee and an Audit Committee.

The Compensation Committee is primarily responsible for determining the

Edgar Filing: I TRAX INC - Form DEF 14A

compensation payable to the officers and key employees of the Company and to recommend to the Board additions, deletions and alterations with respect to the various employee benefit plans and other fringe benefits provided by the Company, except that no member of the Committee takes part in any decision pertaining to his compensation or benefits in his capacity as a director of the Company. The Committee also is primarily responsible for administering the Company's stock option plans, awarding stock options to the Company's key employees and non-employee directors and determining the terms and conditions on which the options are granted. The Committee, which currently consists of Dr. Jones and Mr. Bock, held no separate meetings during 2001. Rather, the members of the Committee participated in all Board meetings concerning compensation issues and had recommended a course of action with respect to compensation matters to the Board at those meetings.

The Audit Committee is primarily responsible for approving the services performed by the Company's independent auditors and reviewing and evaluating the Company's accounting principles and reporting practices. The Audit Committee is also responsible for monitoring the Company's system of internal accounting controls and has the responsibility and authority described in its charter, which is attached as Exhibit A. This Committee currently consists of Messrs. Wheeler, as Chairman, Palumbo and Bock. The Committee held one separate meeting in 2001 to review the Company's 2000 financial statements and one separate meeting in 2002 to review the Company's 2001 financial statements. All of the members of the Audit Committee are independent, as defined by the National Association of Securities Dealers listing standards.

Compensation of Directors

During 2001, directors of the Company did not receive any cash payments. Messrs. Green and Palumbo and Dr. Johns each received an option grant of 100,000 shares and Mr. Wheeler received an option grant of 50,000 shares. These option grants are exercisable over a period of two years. Each director is also reimbursed for out-of-pocket expenses incurred in connection with attending Board meetings.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE NOMINEES LISTED IN THIS PROXY STATEMENT.

5

PROPOSALS NO. 2, 3 AND 4 ALTERNATIVE AMENDMENTS TO THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT

The Board of Directors has determined that it is in the best interests of the Company and its stockholders to effect one of the three following alternative reverse stock split transactions:

- o a reverse 1-for-3 stock split;
- o a reverse 1-for-4 stock split; and
- o a reverse 1-for-5 stock split.

In the discussion that follows, the term "Minimum Number" means: 3, if the 1-for-3 reverse split is implemented; 4, if the 1-for-4 reverse split is implemented; and 5, if the 1-for-5 reverse split is implemented.

Edgar Filing: I TRAX INC - Form DEF 14A

Each of these three alternative transactions is a reverse stock split (the "Reverse Split") pursuant to which each Minimum Number of shares of Common Stock registered in the name of a stockholder at the effective time of the Reverse Split will be converted into one share of Common Stock. As permitted under Delaware law, shares of Common Stock that would be converted into less than one share in the Reverse Split will instead be converted into the right to receive a cash payment as further described below.

The Company is submitting the separate proposals to approve the three alternative Reverse Split transactions in connection with the Company's pending application for listing of its Common Stock for trading on the American Stock Exchange. The Board believes that one of the alternative Reverse Split transactions will be required to increase the trading price of the Common Stock to more than \$3 and thus satisfy an important listing requirement of the American Stock Exchange. The Board is soliciting stockholder approval for each of three alternative Reverse Split transactions. The availability of three alternatives will provide the Board with the flexibility to implement the Reverse Split transaction that may be required to satisfy the American Stock Exchange's minimum stock price requirement.

If each of the three alternative Reverse Split transactions are approved by the requisite vote of the stockholders, the Board, in its discretion, may elect to effect any one (but not more than one) of three alternative transactions. Prior to exercising this discretion, the Company will seek reasonable assurances that its application for listing Common Stock for trading on the American Stock Exchange has been approved pending the effectiveness of applicable Reverse Split transaction and will consult with the American Stock Exchange regarding which of the three alternative Reverse Split transactions will be appropriate in light of the American Stock Exchange's listing qualifications and the Company's then stock price. Ultimately, however, even if approved by the stockholders, the Board will have the discretion to determine if and when to effect any of these transactions and reserves the right to abandon any or all of these transactions, but only if the Board concludes that the Common Stock should not be listed on the American Stock Exchange.

We expect that if stockholders approve, and the Board elects to implement, the Reverse Split, the Company is likely to consummate the Reverse Split on or about the date on which the Company's application to the American Stock Exchange is approved. If the Board determines to implement any of the alternative Reverse Split transactions approved by the stockholders, before the Reverse Split goes into effect, I-trax will issue a press release announcing which of the alternative Reverse Split transactions the Board has elected to effect and post it on its website at <http://www.i-trax.com>. The Company will abandon the Reverse Split transaction if the Company's application to the American Stock Exchange is not approved within nine months of the 2002 Annual Meeting or if the Board concludes that the Common Stock should not be listed on the American Stock Exchange.

If approved by the stockholders and implemented by the Board, the Reverse Split will become effective on the date selected by the Board upon the filing of the necessary amendment to I-trax's Certificate of Incorporation with the Secretary of State of the State of Delaware (the "Effective Date"). The form of proposed amendment to I-trax's Certificate of Incorporation necessary to effect the Reverse Split is attached to this Proxy Statement as Exhibit B. The highlights of the Reverse Split are as follows.

Edgar Filing: I TRAX INC - Form DEF 14A

If approved by stockholders at the Annual Meeting and implemented by the Board, the Reverse Split will affect I-trax stockholders as follows:

Stockholders Before Completion of the Reverse Split	Net Effect After Completion of the Reverse Split
Registered stockholders holding the Minimum number or more shares of Common Stock.	Any shares that would result in the registered stockholder receiving a fraction of a share after the Reverse Stock Split will be converted into cash to receive cash.
Registered stockholders holding fewer than the Minimum Number of shares of Common Stock.	Shares will be converted into the right to receive cash.
Stockholders holding Common Stock in street name through a nominee (such as a bank or broker).	I-trax intends that the holders of Common Stock in street name accounts (such as through a bank or a broker) will receive the same offer of the Reverse Split as the holders whose shares are registered in their names. The nominee is instructed to effect the Reverse Split for the benefit of the registered stockholders. However, nominees may have different procedures, and a stockholder holding shares in street name should contact their nominee.

Structure of the Reverse Stock Split

If one of the three alternative Reverse Split transactions is approved by stockholders and implemented by the Board, the Reverse Split is expected to occur at 6:00 p.m. on the Effective Date. Upon consummation of the Reverse Split, each registered stockholder on the Effective Date will receive one share of Common Stock for each Minimum Number of shares of Common Stock held in his or her account at that time. If a registered stockholder holds the Minimum Number or more shares of Common Stock in his or her account, any fractional share in such account will be cashed out after the Reverse Split and the total number of shares held by the holder will be equal to the whole number of shares after the Reverse Split less any fractional share. Any registered stockholder who holds fewer than the Minimum Number of shares of Common Stock in his or her account at the time of the Reverse Split will receive a cash payment instead of a fractional share. We describe how we will calculate the payment we will make on account of fractional shares below. We intend that a holder of Common Stock in a nominee account (such as through a bank or a broker) will experience the same offer of the Reverse Split as the stockholder whose shares are registered in his or her name. Nominees will be instructed to effect the Reverse Split for their beneficial holders. However, nominees may have different procedures, and a stockholder holding shares in street name should contact his or her nominee.

In general, the Reverse Split can be illustrated by the following examples:

Mr. Smith is a registered holder of 2 shares of Common Stock.

After the Effective Date, Mr. Smith will receive a cash payment equal to the cash-out price for his shares. To explain how we calculate the cash-out price: if the cash-out price is \$1, Mr. Smith will receive \$2.

Ms. Doe is a registered holder of 125 shares of Common Stock.

1-for-3 reverse stock split

After the Effective Date, Ms. Doe will be a 41 shares of Common Stock because this is 41 shares after her 125 shares are divided by 3 and she will receive a cash payment equal to the cash-out value of 2 fractional shares that would have resulted in a fractional share on the Effective Date. ($41 \times 3 = 123$ and $123 + 2 = 125$) As the share price of \$1, Ms. Doe will receive a check for \$2.

1-for-4 reverse stock split

After the Effective Date, Ms. Doe will be a 31 shares of Common Stock because this is 31 shares after her 125 shares are divided by 4 and she will receive a cash payment equal to the cash-out value of 1 fractional share that would have resulted in a fractional share on the Effective Date. ($31 \times 4 = 124$ and $124 + 1 = 125$) As the share price of \$1, Ms. Doe will receive a check for \$1.

1-for-5 reverse stock split

After the Effective Date, Ms. Doe will be a 25 shares of Common Stock because this is 25 shares after her 125 shares are divided by 5 and she will receive any cash payment.

Background and Purpose of the Reverse Split

In March 2002, the Company applied for the listing of its Common Stock on the American Stock Exchange. The Company believes that other than meeting the stock price requirement, the Company's application generally meets the listing requirements of the American Stock Exchange. The Company's stock price at this time is less than the \$3 per share, which is the minimum stock price required by the American Stock Exchange. As an example, on April 3, 2002 the closing sale price of the Common Stock on the Over-the-Counter Bulletin Board ("OTC BB") was \$1.04, and since January 1, 2002 and through April 2, 2002 the Common Stock's closing sales price has ranged from a low of \$1.02 to a high of \$1.47.

The Board of Directors has concluded that it is in the best interest of the Company and its stockholders to secure the listing of the Common Stock on the American Stock Exchange and if necessary in connection with obtaining listing, to effect one of the alternative Reverse Split transactions. In determining which of the three alternative Reverse Split transactions to implement, if any, following stockholder approval, the Board will consider many factors, including: (1) the then prevailing trading price and trading volume of the Common Stock and the anticipated impact of the Reverse Split on the trading market for the Common Stock; (2) whether the American Stock Exchange has approved the listing of the Common Stock subject to the Reverse Split; (3) the Board's determination as to which of the alternative transactions would best satisfy the applicable listing requirements of, and conditions set by, the American Stock Exchange; and (4) prevailing general market and economic conditions.

Effect of the Reverse Split on I-trax Stockholders

Registered Stockholders with Fewer than the Minimum Number of Shares of Common Stock:

If we complete the Reverse Split and you are a cashed-out stockholder (i.e., a stockholder with fewer than the Minimum Number of shares of Common Stock immediately prior to the Reverse Split):

- o You will not receive fractional shares of stock as a result of the Reverse Split.
- o Instead of receiving fractional shares, you will receive a cash payment in lieu of your fractional shares in the manner described below.
- o After the Reverse Split, you will have no further interest in I-trax with respect to your cashed-out shares. These shares will no longer entitle you to the right to vote as a stockholder or share in I-trax's assets, earnings, or profits or in any dividends paid after the Reverse Split. In other words, you will no longer hold your cashed-out shares. You will have only the right to receive cash for these shares. In addition, you will not be entitled to receive interest for the period of time between the Effective Date and the date you receive your payment in lieu of your fractional shares.
- o You will not have to pay any service charges or brokerage commissions in connection with the Reverse Split.
- o As soon as practicable after the time we effect the Reverse Split, you will receive a payment for the cashed-out shares you held immediately prior to the Reverse Split in accordance with the procedures below.

If You Hold Book-Entry Shares:

- o Certain I-trax registered stockholders may hold their shares in book-entry form. These stockholders do not have stock certificates evidencing their ownership of Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.
- o If you are a cashed-out stockholder who holds registered shares in a book-entry account, you do not need to take any action to receive your cash payment. A check will be mailed to you at your registered address as soon as practicable after the Effective Date. By signing and cashing this check, you will warrant that you owned the shares for which you received a cash payment.

If You Hold Certificated Shares:

- o If you are a cashed-out stockholder with a stock certificate representing your cashed-out shares, you will be contacted by the Company or its transfer agent, StockTrans, Inc., as soon as practicable after the Effective Date. You will then receive instructions on how to surrender your certificate(s) for your cash payment. You will not receive your cash payment until you surrender your outstanding certificate(s) to StockTrans. Please do not send

Edgar Filing: I TRAX INC - Form DEF 14A

your certificates until you receive separate instructions from the Company or StockTrans.

- o All amounts owed to you will be subject to applicable federal income tax and state abandoned property laws.
- o You will not receive any interest on cash payments owed to you as a result of the Reverse Split.

NOTE: If you want to continue to hold Common Stock after the Reverse Split, you may do so by purchase a sufficient number of shares of Common Stock so that you hold at least the Minimum Number of shares of Common Stock in your account prior to the Reverse Split.

9

Registered Stockholders with the Minimum Number or More Shares of Common Stock:

If we complete the Reverse Split and you would be a holder of more than the Minimum Number of shares of Common Stock:

- o You will not receive fractional shares of stock as a result of the Reverse Split.
- o Instead of receiving fractional shares, you will receive a cash payment in lieu of your fractional shares in the manner described below in the Section titled "Stock Certificates."
- o After the Reverse Split, you will have no further interest in I-trax, including no right to vote or share in I-trax's assets, earnings, or profits or in any dividends paid after the Reverse Split with respect to your fractional shares. You will only have the right to receive cash for your fractional shares. In addition, you will not be entitled to receive interest for the period of time between the Effective Date and the date you receive your payment in lieu of your fractional shares.
- o You will not have to pay any service charges or brokerage commissions in connection with the Reverse Split.

Street Name Holders of Common Stock:

I-trax intends that the holders of Common Stock in nominee accounts (such as through a bank or a broker) will experience the same offer of the Reverse Split as the stockholders whose shares are registered in their names. Nominees will be instructed to effect the Reverse Split for their beneficial holders. However, nominees may have different procedures and stockholders holding shares in street name should contact their nominees.

Determination of Cash-Out Price

In order to avoid the expense and inconvenience of issuing fractional shares to stockholders who would hold less than one share of Common Stock or would hold any fraction of one share of Common Stock after the Reverse Split, under Delaware state law I-trax will pay cash for their fair value. If stockholders approve any of these proposals at the Annual Meeting and the Reverse Split is completed, the cash payment with respect to each share that is cashed out in the Reverse Split will be equal to an amount per share equal to the average of the closing prices per share of Common Stock on the OTC BB for

Edgar Filing: I TRAX INC - Form DEF 14A

the period of ten consecutive trading days ending on (and including) the Effective Date, without interest.

I-trax will obtain the funds for these payments from its working capital.

Effect of the Reverse Split On I-trax

The Reverse Split will not affect the registration of the Common Stock with the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended.

The number of authorized shares of Common Stock will not change as a result of the Reverse Split. On April 2, 2002, there were 46,358,856 shares of Common Stock issued and outstanding. If the Board elects to effect a 1-for-3 reverse stock split, the number of issued and outstanding shares of Common Stock will be reduced to approximately 15,452,952; if the Board elects to effect a 1-for-4 reverse stock split, the number of issued and outstanding shares of Common Stock will be reduced to approximately 11,589,714; and if the Board elects to effect a 1-for-5 reverse stock split, the number of issued and outstanding shares of Common Stock will be reduced to approximately 9,271,771. Furthermore, in the case of each of the alternative Reverse Split transactions, the issued and outstanding number of shares of Common Stock will be further reduced by a nominal amount on account of the cashed out fractional shares. At this time, we do not know the total number of shares that will be cashed out and the total cash to be paid by I-trax. Also at this time, we do not know the average daily closing price per share of the Common Stock on the OTC BB for the period of ten trading days ending on the Effective Date. However, by way of an example, if the 1-for-3 Reverse Split had been completed as of April 2, 2002, when the average daily closing

10

price per share of the Common Stock on the OTC BB for the ten consecutive trading days then ended was \$1.097, the cash payments that would have been issued on account of all fractional shares, including both registered and street name holders, would have been approximately \$2,500. The actual amounts will depend on the number of fractional shares cashed out on the Effective Date and the then applicable cash out price.

The par value of the Common Stock will remain at \$.001 per share after the Reverse Split.

Stock Certificates

The Reverse Split will not affect any certificates representing shares of Common Stock held by registered stockholders owning the Minimum Number or more shares of Common Stock immediately prior to the Reverse Split. Old certificates held by these stockholders will continue to evidence ownership of the post-Reverse Split shares. Our transfer agent, however, will make an entry in our stock records indicating the post-Reverse Split number of shares held by each registered stockholder and of any cash payment to which such stockholder is entitled on account of any cashed out fractional share. New stock certificates and cash payments will be delivered and paid to stockholders on an ad hoc basis as old certificates are surrendered to StockTrans in connection with future transactions.

Registered stockholders owning less than the Minimum Number of shares of Common Stock immediately prior to the Reverse Split will be contacted by the Company or its transfer agent, StockTrans, Inc., as soon as practicable after

Edgar Filing: I TRAX INC - Form DEF 14A

the Effective Date. At that time, these stockholders will receive instructions on how to surrender their certificates for cash payment. These stockholders will not receive cash payment until they surrender their outstanding certificate(s) to StockTrans. Please do not send your certificates until you receive separate instructions from the Company or StockTrans.

Certain Federal Income Tax Consequences

We summarize below certain federal income tax consequences to I-trax and its stockholders resulting from the Reverse Split. This summary is based on U.S. Federal income tax law existing as of the date of this Proxy Statement, and such tax laws may change, even retroactively. This summary does not discuss all aspects of Federal income taxation that may be important to you in light of your individual circumstances. Many stockholders (such as financial institutions, insurance companies, broker-dealers, tax-exempt organizations, and foreign persons) may be subject to special tax rules. Other stockholders may also be subject to special tax rules, including but not limited to: stockholders who received Common Stock as compensation for services or pursuant to the exercise of an employee stock option, or stockholders who have held, or will hold, stock as part of a straddle, hedging, or conversion transaction for Federal income tax purposes. In addition, this summary does not discuss any state, local, foreign, or other tax considerations. This summary assumes that you are a U.S. citizen and have held, and will hold, your shares as capital assets under the Internal Revenue Code. You should consult your tax advisor as to the particular federal, state, local, foreign, and other tax consequences, in light of your specific circumstances.

We believe that the Reverse Split will be treated as a tax-free "recapitalization" for Federal income tax purposes.

Federal Income Tax Consequences to Stockholders who are not Cashed Out by the Reverse Split:

If you (1) continue to hold Common Stock immediately after the Reverse Split, and (2) receive no cash as a result of the Reverse Split, you will not recognize any gain or loss in the Reverse Split and you will have the same adjusted tax basis and holding period in your Common Stock as you had in such stock immediately prior to the Reverse Split.

Federal Income Tax Consequences to Cashed-Out Stockholders:

If you receive cash as a result of the Reverse Split, your tax consequences will depend on whether, in addition to receiving cash, you or a person or entity related to you continues to hold Common Stock immediately after the Reverse Split.

Stockholders who Exchange all of their Common Stock for Cash as a Result of the Reverse Split

If you (1) receive cash in exchange for a fractional share as a result of the Reverse Split, (2) do not continue to hold any Common Stock immediately after the Reverse Split, and (3) are not related to any person or entity which holds Common Stock immediately after the Reverse Split, you will recognize capital gain or loss. The amount of capital gain or loss you recognize will equal the difference between the cash you receive for your cashed-out stock and your aggregate adjusted tax basis in such stock.

Edgar Filing: I TRAX INC - Form DEF 14A

If you are related to a person or entity who continues to hold Common Stock immediately after the Reverse Split, you will recognize gain in the same manner as set forth in the previous paragraph, provided that your receipt of cash either (1) is "not essentially equivalent to a dividend," or (2) is a "substantially disproportionate redemption of stock," as described below.

- o "Not Essentially Equivalent to a Dividend." You will satisfy the "not essentially equivalent to a dividend" test if the reduction in your proportionate interest in I-trax resulting from the Reverse Split is considered a "meaningful reduction" given your particular facts and circumstances. The Internal Revenue Service has ruled that a small reduction by a minority shareholder whose relative stock interest is minimal and who exercises no control over the affairs of the corporation will meet this test.
- o "Substantially Disproportionate Redemption of Stock." The receipt of cash in the Reverse Split will be a "substantially disproportionate redemption of stock" for you if the percentage of the outstanding shares of Common Stock owned by you immediately after the Reverse Split is less than 80% of the percentage of shares of Common Stock owned by you immediately before the Reverse Split.

In applying these tests, you will be treated as owning shares actually or constructively owned by certain individuals and entities related to you. If the taxable amount is not treated as capital gain under any of the tests, it will be treated first as ordinary dividend income to the extent of your ratable share of I-trax's undistributed earnings and profits, then as a tax-free return of capital to the extent of your aggregate adjusted tax basis in your shares, and any remaining gain will be treated as capital gain.

Stockholders who both Receive Cash and Continue to hold Common Stock Immediately after the Reverse Split

If you both receive cash as a result of the Reverse Split and continue to hold Common Stock immediately after the Reverse Split, you generally will recognize gain, but not loss, in an amount equal to the lesser of (1) the excess of the sum of aggregate fair market value of your shares of Common Stock plus the cash received over your adjusted tax basis in the shares, and (2) the amount of cash received in the Reverse Split. In determining whether you continue to hold Common Stock immediately after the Reverse Split, you will be treated as owning shares actually or constructively owned by certain individuals and entities related to you. Your aggregate adjusted tax basis in your shares of Common Stock held immediately after the Reverse Split will be equal to your aggregate adjusted tax basis in your shares of Common Stock held immediately prior to the Reverse Split, increased by any gain recognized in the Reverse Split, and decreased by the amount of cash received in the Reverse Split.

Any gain recognized in the Reverse Split will be treated, for Federal income tax purposes, as capital gain, provided that your receipt of cash either (1) is "not essentially equivalent to a dividend" with respect to you, or (2) is a "substantially disproportionate redemption of stock" with respect to you. (The terms in quotation marks in the previous sentence are discussed above.) In applying these tests, you may possibly take into account sales of shares of Common Stock that occur substantially contemporaneously with the Reverse Split. If your gain is not treated as capital gain under any of these tests, the gain will be treated as ordinary dividend income to you to the extent of your ratable share of I-trax's undistributed earnings and profits, then as a tax-free return of capital to the extent of your aggregate adjusted tax basis in your shares, and any remaining gain will be treated as a capital gain.

You should consult your tax advisor as to the particular Federal, state, local, foreign, and other tax consequences of the Reverse Split, in light of

Edgar Filing: I TRAX INC - Form DEF 14A

your specific circumstances.

Appraisal Rights

Stockholders do not have appraisal rights under Delaware state law or under I-trax's Certificate of Incorporation or By-laws in connection with the Reverse Split.

Reservation Of Rights

We reserve the right to abandon the Reverse Split without further action by our stockholders at any time before the filing of the necessary amendments to I-trax's Certificate of Incorporation with the Delaware Secretary of State, even if the Reverse Split has been authorized by our stockholders at the Annual Meeting, and by voting in favor of the Reverse Split you are expressly also authorizing us to determine not to proceed with the Reverse Split if we should so decide.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE PROPOSALS TO AMEND THE CERTIFICATE OF INCORPORATION OF I-TRAX, INC. TO EFFECT, ALTERNATIVELY, AS DETERMINED BY THE BOARD OF DIRECTORS IN ITS DISCRETION, ONE OF THREE DIFFERENT REVERSE STOCK SPLITS.

PROPOSAL NO. 5 RATIFICATION OF INDEPENDENT AUDITORS

The Company is asking the stockholders to ratify the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors for the fiscal year ending December 31, 2002. The affirmative vote of the holders of a majority of shares present or represented by proxy and voting at the Annual Meeting will be required to ratify the appointment of PricewaterhouseCoopers LLP.

In the event the stockholders fail to ratify the appointment, the Board of Directors will reconsider its selection. Even if the appointment is ratified, the Board, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Board feels that such a change would be in the Company's and its stockholders' best interests.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

The Company engaged PricewaterhouseCoopers LLP on November 2, 2000, pursuant to the authorization of the Board.

During 2001, PricewaterhouseCoopers LLP provided services in the following categories and amounts:

1. Audit Fees	\$37,500
2. Financial Information Systems Design and Implementation	--
3. All Other Fees	15,000

The Audit Committee has considered the above non-audit services and has determined that these services do not compromise the independence of PricewaterhouseCoopers LLP.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS, LLP TO SERVE AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2002.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The table below sets forth, as of April 2, 2002, the number of shares and percentage of Common Stock beneficially owned by:

- o our Chief Executive Officer, four other most highly compensated executive officers based on compensation earned during 2001 and one former executive officer;
- o each director;
- o all directors and executive officers as a group; and
- o each person who is known by the Company to own beneficially five percent or more of the outstanding Common Stock.

Beneficial ownership has been determined in accordance with Rule 13d-3 under the Exchange Act. Under this rule, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option or warrant) within sixty (60) days of April 2, 2002, the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of such acquisition rights. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date.

14

To the Company's knowledge, except as indicated in the footnotes to this table and under applicable community property laws, the persons named in the table have sole voting and investment power with respect to all shares of Common Stock shown as beneficially owned by them.

Edgar Filing: I TRAX INC - Form DEF 14A

Management from March 2000 to February 2001. Mr. Reiss has over nine years of experience as the chief operating officer of health and medical information management companies. From November 1999 to March 2000, Mr. Reiss served as the Chief Operating Officer of EduNeering, Inc., an electronic knowledge management company, where he was responsible for positioning the company as a web provider and portal. From 1996 to 1999, Mr. Reiss served as the Chief Operating Officer of Allscripts. From 1992 to 1995, Mr. Reiss was an Executive Vice President and Chief Operating Officer of PDS, a company he founded with Mr. Martin and which was later acquired by Allscripts.

Anthony Tomaro, CPA has been the Chief Financial Officer of I-trax and Health Management since January 2001. Prior to joining I-trax, Mr. Tomaro was a partner in the New York certified public accounting firm of Massella, Tomaro & Co., LLP. He is a member of the American Institute of Certified Public Accountants and New York State Society of Certified Public Accountants. Since 1994, Mr. Tomaro has served as a partner in accounting firms specializing in Securities and Exchange Commission accounting and auditing services along with domestic taxes and consulting services. Prior to 1994, he was a manager with a large regional accounting firm specializing in the real estate industry.

16

David C. McCormack has been the Chief Technology Officer of I-trax since February 2001 and of Health Management since January 2000. Mr. McCormack was the Vice President of Engineering of Member-Link from January 1999 until it was acquired by Health Management in December 1999. Mr. McCormack oversees all of I-trax's software development efforts. He has developed and deployed systems in most major programming languages. From April 1997 until January 1999, Mr. McCormack served as a partner in a Virginia based consulting firm, where he oversaw all software developed by the firm, including: an inventory management system; an EDI transaction processing system; and an electronic document management system. From January 1995 until April 1997, Mr. McCormack acted as a consultant to Lockheed Martin Mission Systems during its development of the Global Transportation Network (GTN) for the Air Force. Mr. McCormack prior responsibilities have included the design, development and integration of mission critical systems for the Army, Navy and Air Force. Mr. McCormack has a U.S. Government Top Secret clearance.

Michael O'Connell, M.D., has been the Chief Medical Officer of I-trax since February 2001 and of Health Management since November 1999. In this role, he oversees the content of numerous I-trax software applications and population health management programs. He is responsible for intellectual content and successful compliance with current Center for Disease Control and other national immunization guidelines. Dr. O'Connell has served as the Assistant Chief of the Allergy-Immunology Department at Walter Reed Army Medical Center and as a Co-Consultant to the Army Surgeon General for Allergy & Immunizations since May 1997. Dr. O'Connell has served as a United States Army Medical Officer since 1985.

Yuri Rozenfeld has been the General Counsel of I-trax since July 2000 and Secretary of I-trax since March 2002. From July 2000 to March 2002, Mr. Rozenfeld served as the General Counsel and Assistant Secretary of I-trax and of Health Management. From April 1997 to July 2000, Mr. Rozenfeld was an associate in the Business and Finance Group at Ballard Spahr Andrews & Ingersoll, LLP, where he represented small- and mid-cap public companies and venture capital funds in a broad range of corporate matters, including stock and asset acquisitions, mergers, venture capital investments, venture fund formations, partnership and limited liability company matters and securities law matters. From 1995 to April 1997, Mr. Rozenfeld was an associate specializing in product

EMPLOYMENT CONTRACTS AND CHANGE IN CONTROL ARRANGEMENTS

Employment Contracts

Health Management is party to an employment agreement with each of Frank

Edgar Filing: I TRAX INC - Form DEF 14A

A. Martin, Gary Reiss, Hans C. Kastensmith and David C. McCormack.

Frank A. Martin and Gary Reiss

On December 29, 2000, Health Management entered into an employment agreement with each of Frank A. Martin, the Chief Executive Officer of I-trax and of Health Management and Gary Reiss, the Chief Operating Officer of I-trax and of Health Management. Each agreement is for an initial term of three years ending on December 28, 2003. Thereafter, each employment agreement extends automatically for successive periods of one year, unless the applicable executive officer elects not to renew the agreement. Each agreement provides for an annual base salary during the initial term of \$175,000 and such bonuses and option grants as may be approved by the Board of Directors or its Compensation Committee from time to time.

The Company may terminate Mr. Martin or Mr. Reiss's employment with or without cause at any time. In addition, Mr. Martin or Mr. Reiss may terminate his employment upon 90 days notice or upon shorter notice for good reason. Good reason includes the failure by the Company to continue the executive officer in his executive position, material diminution of the executive officer's responsibilities, duties or authority, assignment to the executive officer of duties inconsistent with his position or requiring the executive officer to be permanently based anywhere other than within 25 miles of Philadelphia, Pennsylvania.

In the event either employment agreement is terminated without cause or for good reason the Company will pay the applicable executive officer severance, equal to one year's salary, payable over one year. In addition, in the event either employment agreement is terminated without cause or for good reason, the executive officer will remain subject to the non-competition restrictions described below only so long as he is receiving severance payments. Finally, one hundred percent (100%) of options granted to such executive officers shall accelerate and vest immediately.

20

With the exception of the circumstances described in the immediately preceding paragraph, each executive officer agreed not to compete against the Company for a period of one year following the expiration of the initial term or any renewal term, even if the actual employment is terminated prior to such expiration. Each executive officer also agreed not to use or disclose any confidential information of the Company for at least five years after the expiration of the original term or any additional term, even if the actual employment is terminated prior to such expiration. Finally, each executive officer also agreed that any invention he develops during his employment relating to the business of the Company will belong to the Company.

Hans C. Kastensmith

On June 1, 1999, Member-Link, a company acquired by Health Management in 1999, entered into an employment agreement with Hans C. Kastensmith, the Vice-Chairman and director of I-trax. The term of the agreement is three years ending on May 31, 2002. Health Management is bound by the agreement as a successor-in-interest to Member-Link. The agreement provides for an annual base salary of \$175,000 and cash bonuses from time to time as the Company's Board of Directors may deem appropriate.

The agreement prohibits Mr. Kastensmith from using or disclosing any of the Company's confidential information at any time in the future and he has agreed that any inventions he develops during his employment relating to the

Edgar Filing: I TRAX INC - Form DEF 14A

Company's business will become the Company's property. He is also prohibited from competing with the Company for a period of one year following the termination of the agreement, unless the resulting termination is due to the Company's breaching the agreement.

Mr. Kastensmith and the Company agreed to terminate Mr. Kastensmith's full-time employment in August 2001 without a formal amendment of his employment agreement. Mr. Katensmith, in his capacity as the Vice-Chairman and director of the Company, continues to assist the Company on an as needed basis.

David C. McCormack

On September 28, 2000 and effective as of January 1, 2000, Health Management entered into an employment agreement with David C. McCormack, the Chief Technology Officer of I-trax and of Health Management, for an initial term of three years ending on December 31, 2002. Thereafter, the employment agreement renews automatically for successive periods of one year, unless either party elects not to renew. The agreement provides for an annual base salary during the initial term of \$125,000 and bonuses and option grants that may be approved by the Company's Board of Directors or its Compensation Committee from time to time.

In the event the Company terminates Mr. McCormack's employment without cause at any time during his employment, the Company will pay Mr. McCormack severance, equal to one year's salary, payable over one year. In the event the employment agreement is terminated without cause, the executive officer will remain subject to the non-competition restrictions described below only so long as he is receiving severance payments.

With the exception of the circumstance described above, Mr. McCormack agreed not to compete against the Company for a period of one year following the expiration of the original term or any renewal term, even if the actual employment is terminated prior to such expiration. Mr. McCormack also agreed not to use or disclose any confidential information of the Company for at least five years after the expiration of the original term or any additional term, even if the actual employment is terminated prior to such expiration. Mr. McCormack also agreed that any invention he develops during his employment relating to the business of the Company will be its sole and absolute property.

Mr. McCormack may terminate the agreement at any time upon at least 60 days written notice.

Change of Control Arrangements

The Compensation Committee, as administrator of the Company's 2000 Equity Compensation Plan and 2001 Equity Compensation Plan, can provide for accelerated vesting of the shares of Common Stock subject to outstanding options in connection with certain changes in control of the Company.

SECTION 16(a) OF THE EXCHANGE ACT BENEFICIAL OWNERSHIP COMPLIANCE

The members of the Board of Directors, the executive officers of the Company and persons who hold more than ten percent (10%) of the Company's outstanding Common Stock are subject to the reporting requirements of Section 16(a) of the Exchange Act which require them to file reports with respect to their ownership of Common Stock and their transactions in Common Stock. Based upon (1) the copies of Section 16(a) reports that the Company received from such

Edgar Filing: I TRAX INC - Form DEF 14A

persons for their 2001 fiscal year transactions in the Common Stock and their Common Stock holdings and (2) the written representations received from one or more of these persons that no annual Form 5 reports were required to be filed by them for the 2001 fiscal year, the Company believes that all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by its executive officers, Board members and greater than ten-percent stockholders, except Frank A. Martin, an executive officer and a 10% beneficial owner, filed a delinquent Form 4, reporting: a conversion of a loan into Common Stock; the receipt of warrants in exchange for accrued salary and participation in a salary deferment program; and receipt of Common Stock upon the exercise of a warrant.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Dr. Craig A. Jones, a director of I-trax, is the Director of the Division of Allergy & Immunology at the Los Angeles County and University of Southern California Medical Center, which is operated by the Los Angeles County Department of Health Services (DHS). The Los Angeles County DHS purchased an information system from the Company to support implementation of a clinical disease management program for which it paid the Company approximately \$100,000 in 2000 and \$61,000 in 2001. Dr. Jones is the director of that clinical program. In September 2000, the Company also entered into a verbal consulting agreement with Dr. Jones. Under the agreement, in addition to attending Board meeting, Dr. Jones agreed to assist the Company with product development efforts, attend trade shows on its behalf and originate business leads. Under the agreement, Dr. Jones was to be compensated at a rate of \$3,000 per month. The payments were suspended in November 2000.

In May 2000, Health Management entered into a consulting agreement with Health Industry Investments, LLC, an affiliate of Philip D. Green, a director of the Company. Under the consulting agreement, Health Industry agreed to perform certain services for Health Management, which include arranging introductions with potential customers. In turn, Health Industry received the right to purchase 20,000 shares of common stock of Health Management at a purchase price of \$2 per share. The beneficial owners of Health Industry exercised this right and purchased these shares in September 2000 pursuant to a private placement conducted by Health Management. In addition, Health Industry received options to acquire up to 80,000 shares of common stock of Health Management at an exercise price of \$0.625 as compensation for performing services under the consulting agreement. The options were to vest in equal monthly installments over the one-year term of the consulting agreement. All options were accelerated in October 2000. In April 2001, Health Industry received options to acquire an additional 200,000 shares of Common Stock at an exercise price of \$0.55 as compensation for continuing to perform services under the consulting agreement. These options vest over two years.

Effective as of December 29, 2000, Health Management issued to each of Messrs. Martin and Reiss 250,000 shares of common stock of Health Management at a per share purchase price of \$2. The aggregate purchase price was payable pursuant to a Promissory Note and Pledge Agreement in the principal amount of \$499,750. The principal amount of each Promissory Note and Pledge Agreement accrues interest at an annual rate of 5.87%. The principal and interest on each Promissory Note and Pledge Agreement was payable in five annual installments of principal and interest beginning on December 29, 2001. Furthermore, in the event these officers were performing their duties adequately and were accomplishing the Company's goals, the Company's Compensation Committee had the option of waiving and forgiving any of the annual payments of principal and interest in lieu of granting such officers a cash bonus. This transaction was rescinded in 2001.

From November 2000 through May 2001, the Company completed an offering of

Edgar Filing: I TRAX INC - Form DEF 14A

convertible promissory notes and stock purchase warrants. The Company raised \$2,000,000 in this offering. Of this total, \$700,000 was loaned to the Company by Woodglen Group, L.P., a 5% stockholder of the Company, \$250,000 was loaned to the Company by Frank A. Martin, its Chief Executive Officer, and \$250,000 was loaned to the Company by Gary Reiss,

22

a Member of the Company's Office of the President. The convertible promissory notes had a maturity date of one year from the date of issue and accrue interest at an annual rate of 8% with a default annual rate of 12%. The principal amount of, and accrued and unpaid interest under, the convertible promissory notes were convertible into Common Stock. The stock purchase warrants grant the holders a right to purchase two shares of Common Stock for each \$1 in original principal amount of convertible promissory notes. The initial conversion price of the convertible promissory notes and the exercise price of the stock purchase warrants were \$2 per share, subject, in each case, to full-ratchet anti-dilution adjustment in the event of a subsequent offering with an effective per share price of less than \$2.

On June 25, 2001 and pursuant to an Exchange Agreement dated May 14, 2001, the holders of the convertible promissory notes, including Woodglen Group, L.P., a 5% stockholder of the Company, Mr. Martin, our Chief Executive Officer, and Mr. Reiss, a Member of the Company's Office of the President, agreed to exchange the principal of, and accrued interest through May 15, 2001 under, the promissory notes in the aggregate amount of \$2,280,157 for Common Stock at the exchange price of \$.50 per share. As consideration for the exchange, the Company reset the exercise price of the warrants to acquire 2,200,000 shares of Common Stock, originally issued together with the convertible promissory notes, to \$.50 per share. Accordingly, in the transaction, Woodglen Group, L.P. received 1,455,540 shares and warrants to acquire 700,000 shares, Mr. Martin received 523,452 shares and warrants to acquire 250,000 shares and Mr. Reiss received 521,808 shares and warrants to acquire 250,000 shares.

Effective as of June 25, 2001, the Company completed a private placement of 2,200,000 shares of Common Stock at \$.50, yielding to the Company a total of \$1,100,000. Woodglen Group, L.P., a 5% stockholder of the Company, invested \$850,000 in this private placement. As consideration for completing the private placement, the Company issued to the participating investors stock purchase warrants to purchase one share of Common Stock for each \$2 invested in this private placement at an exercise price of \$1.00 per share. The Company, therefore, issued warrants to acquire a total of 550,000 shares of Common Stock, of which warrant to acquire 425,000 shares of Common Stock was issued to Woodglen Group, L.P.

During the first and second quarters of 2001, Mr. Martin, the Company's Chief Executive Officer, loaned the Company \$515,000 to fund the Company's working capital deficiency. Of this amount, the Company repaid \$240,000 in June 2001. On June 25, 2001, Mr. Martin exchanged the remaining \$275,000 of the loan, and accrued interest of \$9,163, into Common Stock at the exchange price of \$.50 per share. The Company issued 568,324 shares in this exchange. In addition, the Company issued Mr. Martin a stock purchase warrants to acquire 515,000 shares at an exercise price of \$.50 per share as consideration for this bridge financing. The terms of this exchange transaction and warrant issuance, including the exchange price and the calculation of the number of warrants granted, were intended to be identical to those applicable to the debt exchange transaction closed by the Company on June 25, 2001 and described above.

During the first and second quarters of 2001, Mr. Reiss, a Member of the

Edgar Filing: I TRAX INC - Form DEF 14A

Company's Office of the President, loaned the Company \$240,000 to fund the Company's working capital deficiency. The Company repaid this amount in June 2001. On June 25, 2001, as consideration for the loan, the Company issued Mr. Reiss stock purchase warrants to acquire 240,000 shares of Common Stock at an exercise price of \$.50 per share. The terms of the warrant issuance, including the calculation of the number of warrants granted, were intended to be identical to those applicable to the debt exchange transaction closed by the Company on June 25, 2001 and described above.

On March 2, 2001, the Company entered into an Amended and Restated Promissory Note and Warrant Purchase Agreement with a group of investors led by Psilos Group Partners, L.P. (collectively, the "Psilos Group") pursuant to which the Psilos Group agreed, among other things, to loan the Company up to \$1,000,000. The Psilos Group included Nantucket Healthcare Ventures I, L.P., a 5% stockholder of the Company and a venture fund managed by Mr. Martin, the Company's Chief Executive Officer. As consideration, the Company granted the Psilos Group warrants to acquire 2.632 shares of its Common Stock at \$.10 per share for each \$1 of the face amount of the loan. The loan accrues interest at an annual rate of 8%, with an annual default rate of 12%, and is due five years from original date of issuance. The Psilos Group funded \$692,809 of the \$1,000,000 and received warrants to purchase 1,823,474 shares of Common Stock. Of such total amounts, Nantucket Healthcare Ventures funded \$75,000 and received warrants to purchase 197,400 shares of Common Stock. Effective as of January 4, 2002, all Psilos Group investors exercised their warrants using a cashless exercise feature and received an aggregate of 1,701,584 shares of Common Stock.

23

Beginning in November 2000, in an effort to conserve cash, the Company established a salary deferment program whereby certain executive officers, including Messrs. Martin, Reiss, Tomaro, McCormack and Rozenfeld and Dr. O'Connell, and other employees agreed to defer all or a portion of their salaries. To induce employees to participate in the salary deferment program the Company agreed to pay interest at an annual rate of 8% on the deferred salary. In addition, the Company promised participating employees that they would receive (1) an option to convert deferred salary into equity on the same basis as third-party investors in the Company and (2) "coverage warrants" to the extent they were also granted to third-party investors while participating employees were deferring pay. The Company ended the salary deferment program on December 31, 2001. As of December 31, 2001, the Company accrued \$1,038,876 on account of deferred salaries and interest thereon. Certain participating employees, including Messrs. Martin, Reiss, Tomaro, McCormack and Rozenfeld, agreed to exchange a total of \$814,595 of accrued salary, together with interest thereon, for warrants to acquire 2,327,415 shares of Common Stock with an exercise price of \$0.15 per share. The number of warrants issued to each employee electing to surrender accrued salary was calculated by dividing the employee's total accrued salary and interest thereon by \$0.35. Accordingly, if an employee elected to exchange accrued salary for warrants and later exercised these warrants, the effective per share price for the shares of Common Stock that the employee would receive would be \$.50. The price of \$.50 per share was intended to equal the price per share paid by third-party investors purchasing Common Stock in several private placements completed by I-trax in 2001. The Company also granted the participating employees warrants to acquire an aggregate of 710,983 shares of Common Stock at an exercise price of \$.50 per share and warrants to acquire an aggregate of 102,073 shares of Common Stock at an aggregate of \$1.00 per share. These extra warrants were issued to all employees that participated in the salary deferment program because similar warrants were issued by the Company to third-party investors in connection with the several private placement completed by the Company in 2001.

Edgar Filing: I TRAX INC - Form DEF 14A

During the third and fourth quarters of 2001, Mr. Reiss, the Company's Chief Operating Officer, loaned the Company \$296,000, Mr. Martin, the Company's Chief Executive Officer, loaned the Company \$280,000 and Alan Sakal, the Company's Senior Vice President, loaned the Company \$100,000, in each case, to fund the Company's working capital deficiency. The Company repaid Mr. Sakal's loan in January 2002. The outstanding loans accrue interest at an annual rate of 8%. On December 20, 2001, as consideration for the loans, the Company issued Messrs. Reiss, Martin and Sakal stock purchase warrants to acquire 148,000 shares, 140,000 shares and 50,000 shares of Common Stock, respectively, at an exercise price of \$1.00 per share. The terms of these warrants, including the calculation of the number of warrants granted, were intended to be identical to the warrants issued by the Company in a private placement of \$1,100,000 of Common Stock and warrants closed on June 25, 2001 and described above.

In addition to advances to the Company made by Messrs. Martin and Reiss described elsewhere in this section, Messrs. Martin and Reiss also advanced to the Company an aggregate of \$380,000 during the course of 2001. These advances accrue interest at an annual rate of 8%. The Company and Messrs. Martin and Reiss have not yet agreed on repayment terms.

Effective as of December 31, 2001, Mr. Martin, the Company's Chief Executive Officer, exercised 470,066 warrants by agreeing to cancel a portion of a loan in the amount of \$70,510 payable by the Company to Mr. Martin. The exercised warrants were originally issued to Mr. Martin under the salary deferment program described above.

Lauren Reiss-Pollard is employed by the Company as a Vice President. Mrs. Reiss-Pollard received cash compensation of \$78,000 in 2001. Ms. Reiss is the daughter of Mr. Reiss, a Member of the Company's Office of the President.

The Certificate of Incorporation limits the liability of the Company's directors for monetary damages arising from a breach of their fiduciary duty as directors, except for any breach of the director's duty of loyalty to the Company or its stockholders, for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, for any transaction from which the director derived an improper personal benefit and as otherwise required by Delaware General Corporation Law. This limitation of liability does not limit equitable remedies such as injunctive relief or rescission.

24

The Company's bylaws provide that the Company shall indemnify its directors and officers to the fullest extent permitted by Delaware law, including in circumstances in which indemnification is otherwise discretionary under Delaware law.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors consists entirely of non-employee directors, and its primary function is to make recommendations to the Board of Directors concerning executive compensation, option grants pursuant to the Company's 2000 Equity Compensation Plan and 2001 Equity Compensation Plan and other benefit policies for the Company.

The Committee believes that the most effective compensation program is one that provides executives competitive base salaries and incentives to achieve both current and long-term strategic business goals of the Company.

The Company's executive compensation programs are designed to:

Edgar Filing: I TRAX INC - Form DEF 14A

- o Align the interests of executive officers with the long-term interests of the Company's stockholders.
- o Motivate and challenge executive officers to achieve both annual and long-term strategic business goals.
- o Support an environment that rewards executive officers based upon corporate and individual performance and results.
- o Attract and retain executive officers critical to the long-term success of the Company.

In 2001, the basic components of executive officer compensation consisted of base salary and long-term incentives in the form of stock options. Although the Compensation Committee believes that cash bonuses are typically appropriate to meet the goals discussed above, the Committee believed that the Company's performance in 2001 did not merit such cash bonuses. The executive officers also participate in employee benefit plans available generally to the Company's employees.

Base Salary. Technology companies face intense competition for qualified employees, and the Committee believes it is important that the Company's executive officer compensation levels be competitive with other technology companies. The Committee reviewed the compensation of its executives in comparison with other publicly traded technology companies and targeted base salary levels to be consistent with comparable positions at these companies.

Salary Deferment Program. Beginning in November 2000, in an effort to conserve cash, the Company established a salary deferment program whereby certain executive officers, including Messrs. Martin, Reiss, Tomaro, McCormack and Rozenfeld and Dr. O'Connell, and other employees agreed to defer all or a portion of their salaries. To induce employees to participate in the salary deferment program the Company agreed to pay interest at an annual rate of 8% on the deferred salary. In addition, the Company promised participating employees that they would receive (1) an option to convert deferred salary into equity on the same basis as third-party investors in the Company and (2) "coverage warrants" to the extent they were also granted to third-party investors while participating employees were deferring pay. The Company ended the salary deferment program on December 31, 2001. As of December 31, 2001, the Company accrued \$1,038,876 on account of deferred salaries and interest thereon. Certain participating employees, including Messrs. Martin, Reiss, Tomaro, McCormack and Rozenfeld, agreed to exchange a total of \$814,595 of accrued salary, together with interest thereon, for warrants to acquire 2,327,415 shares of Common Stock with an exercise price of \$0.15 per share. The number of warrants issued to each employee electing to surrender accrued salary was calculated by dividing the employee's total accrued salary and interest thereon by \$0.35. Accordingly, if an employee elected to exchange accrued salary for warrants and later exercised these warrants, the effective per share price for the shares of Common Stock that the employee would receive would be \$.50. The price of \$.50 per share was intended to equal the price per share paid by third-party investors purchasing Common Stock in several private placements completed by I-trax in 2001. The Company also

granted the participating employees warrants to acquire an aggregate of 710,983 shares of Common Stock at an exercise price of \$.50 per share and warrants to acquire an aggregate of 102,073 shares of Common Stock at an aggregate of \$1.00 per share. These extra warrants were issued to all employees that participated

Edgar Filing: I TRAX INC - Form DEF 14A

in the salary deferment program because similar warrants were issued by the Company to third-party investors in connection with the several private placement completed by the Company in 2001.

Long-Term Incentives in Form of Stock Options. The Committee believes that significant management ownership of the Company's stock effectively motivates the building of stockholder wealth and aligns the interests of management with those of the Company's stockholders. During calendar year 2001, the Company's executive officers received option grants totaling 1,100,000 shares under the terms of the Company's 2001 Equity Compensation Plan and 350,000 outside of any plan. All such options were granted at per share exercise prices equal to the fair market value of the underlying Common Stock on the date of grant.

Chief Executive Officer Compensation. The compensation plan for Mr. Martin for 2001 contained the same elements and operated in the same manner as the compensation plan described above for the other executive officers. The Committee believes that Mr. Martin's total 2001 compensation was appropriate in light of his importance to the achievement of the Company's goals.

During 2001, Mr. Martin was granted options to acquire 350,000 shares of Common Stock at \$.55 per share, the fair market value of such stock on the date of grant. Mr. Martin is a significant stockholder of the Company and has advanced to the Company a significant sum for working capital requirements. The Committee believes that Mr. Martin's interests align directly with the Company's stockholders. To the extent his performance translates into an increased value of Common Stock, all stockholders will benefit.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1,000,000 per covered officer in any fiscal year. The limitation applies only to compensation that is not considered to be performance-based. Non-performance-based compensation paid to the Company's executive officers for 2001 did not exceed the \$1,000,000 limit per officer, and the Committee does not anticipate that the non-performance-based compensation to be paid to the Company's executive officers in the foreseeable future will exceed that limit.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee was formed in February 2000, and the members of the Compensation Committee are Dr. Jones and Mr. Bock. Neither of these individuals was at any time during fiscal 2001, or at any other time, an officer or employee of the Company. No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors or Compensation Committee.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors developed an updated charter for the Committee in 2000, which was approved by the full Board. The complete text of the new charter is reproduced in Exhibit A to this Proxy Statement.

Edgar Filing: I TRAX INC - Form DEF 14A

The Audit Committee of the Board of Directors recommends to the Board the accounting firm to be retained to audit the Company's financial statements and, once retained, consults with and reviews recommendations made by the accounting firm with respect to financial statements, financial records, and financial controls of the Company.

Accordingly, the Audit Committee has (a) reviewed and discussed the audited financial statements with management; (b) discussed with PricewaterhouseCoopers, LLP, the Company's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees); (c) received the written disclosures and the letter from PricewaterhouseCoopers, LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees); and (d) discussed with PricewaterhouseCoopers, LLP its independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board. The Audit Committee also discussed with PricewaterhouseCoopers, LLP the overall scope and plans for its audit. The Audit Committee met with management and PricewaterhouseCoopers, LLP to discuss the results of the auditors' examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2001.

This report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other I-trax or Health Management filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that I-trax specifically incorporates this report by reference therein.

David R. Bock
John R. Palumbo

FORM 10-KSB

The Company will mail without charge, upon written request, a copy of the Company's Form 10-KSB Report for fiscal year ended December 31, 2001, including its financial statements. Requests should be sent to I-trax, Inc., One Logan Square, Suite 2615, 130 N. 18th Street, Philadelphia, Pennsylvania 19103, Attn: Corporate Secretary.

STOCKHOLDER PROPOSALS FOR 2003 ANNUAL MEETING

Stockholders who intend to have a proposal considered for inclusion in the Company's proxy materials for presentation at the Company's 2003 annual meeting of stockholders pursuant to Rule 14a-8 under the Exchange Act must submit the proposal to the Company at its offices at One Logan Square, Suite 2615, 130 N. 18th Street, Philadelphia, Pennsylvania 19103, Attn: Yuri Rozenfeld, not later than January 21, 2003. Stockholders who intend to present a proposal at such meeting without inclusion of such proposal in the Company's proxy materials pursuant to Rule 14a-8 under the Exchange Act are required to provide advance notice of such proposal to the Company at the aforementioned address not later than January 21, 2003. The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements, including conditions established by the Securities and Exchange Commission.

OTHER MATTERS

The Board of Directors knows of no other matters to be presented for stockholder action at the Annual Meeting. However, if other matters do properly come before the Annual Meeting or any adjournments or postponements thereof, the Board of Directors intends that the persons named in the proxies will vote upon such matters in accordance with their best judgment.

EXHIBIT A

I-TRAX, INC.

Audit Committee Charter

Role

The Audit Committee of the Board of Directors shall be responsible to the Board of Directors for oversight of the quality and integrity of the accounting, auditing, and reporting practices of the Company and shall perform such other duties as may be directed by the Board. The Committee shall maintain free and open communication with the Company's independent auditors and management of the Company and shall meet in executive session at least annually. In discharging this oversight role, the Committee is empowered to investigate any matter brought to its attention, with full power to retain outside counsel or other experts for this purpose.

Membership and Independence

The membership of the Committee shall consist of at least three directors who are generally knowledgeable in financial and auditing matters, including at least one member with accounting or related financial management expertise. Each member shall be free of any relationship that, in the opinion of the Board, would interfere with his or her individual exercise of independent judgment, and shall meet the director independence requirements for serving on audit committees as set forth in the American Stock Exchange's listing standards applicable to companies with securities traded on The American Stock Exchange. The Chairperson of the Audit Committee, who shall be appointed by the Board of Directors, shall be responsible for leadership of the Committee, including preparing agendas for and presiding over meetings, making Committee assignments and reporting to the Board of Directors. The chairperson will also maintain regular liaison with the Chief Executive Officer and Chief Financial Officer of the Company and the lead independent audit partner.

Responsibilities

Internal Control

- o Discuss with management and the independent auditors the quality and adequacy of the Company's computer systems (and their security), internal accounting controls and personnel.
- o Review with the independent auditors and management any management letter issued by the independent auditors and management's responses

Edgar Filing: I TRAX INC - Form DEF 14A

thereto.

Financial Reporting

- o Keep informed of important new pronouncements from the accounting profession and other regulatory bodies, as well as other significant accounting and reporting issues, that may have an impact on the Company's accounting policies and/or financial statements.
- o Review the audited financial statements and management's discussion and analysis of financial condition and results of operations and discuss them with management and the independent auditors. These discussions shall include consideration of the quality of the Company's accounting policies and principles as applied in its financial reporting, including review of estimates, reserves and accruals, review of judgment areas, review of audit adjustments, whether or not recorded, and such other inquiries as may be appropriate. Based on the review, the Committee shall make a recommendation to the Board as to the inclusion of the Company's audited financial statements in the Company's annual report on Form 10-KSB.

A-1

External Audit

- o Review the performance of the independent auditors and recommend to the Board the independent auditors to be engaged to audit the financial statements of the Company and, if appropriate, the termination of that relationship. In doing so, the Committee will request from the auditors a written affirmation that the auditors are independent, discuss with the auditors any relationships that may impact the auditors' independence (including non-audit services), and recommend to the Board any actions necessary to oversee the auditors' independence.
- o Oversee the independent auditors relationship by discussing with the independent auditors the nature, scope and rigor of the audit process, receiving and reviewing audit reports, and providing the auditors full access to the Committee (and the Board) to report on appropriate matters.

Reporting to Board of Directors

- o Report Audit Committee activities to the full Board and issue annually a report (including appropriate oversight conclusions) to be included in the Company's proxy statement for its annual meeting of shareholders.
- o Review the Audit Committee Charter with the Board of Directors annually.

CERTIFICATE OF AMENDMENT
OF
CERTIFICATE OF INCORPORATION
OF
I-TRAX, INC.

I-trax, Inc., a corporation organized and existing under and by virtue of the Section 242 of the General Corporation Law of the State of Delaware (the "Corporation"),

DOES HEREBY CERTIFY:

FIRST: That the Board of Directors adopted a resolution setting forth a proposed amendment to the Amended Certificate of Corporation of said Corporation and declaring said amendment advisable and directing that said amendment be submitted to the stockholders of said Corporation entitled to vote in respect thereof for their approval. The resolution setting forth said amendment is as follows:

RESOLVED, that the FOURTH Article shall be amended to read in full as follows:

"FOURTH: The total number of shares of stock which the Corporation shall have authority to issue is 102,000,000 shares, of which (i) 100,000,000 shares are designated as Common Stock, \$0.001 par value per share, and (ii) 2,000,000 shares are designated as Preferred Stock, \$0.001 par value per share.

The Board of Directors of the Corporation is authorized, by resolution or resolutions and subject to limitations prescribed by law and the provisions of this Article FOURTH, to provide for the issuance of shares of Preferred Stock, in one or more series or class, and, by filing a statement pursuant to the General Corporation Law of Delaware, to establish from time to time the number of shares to be included in each such series or class and to fix the designations, powers, preferences and rights of the shares of each such series or class and the qualifications, limitations or restrictions thereof..

Effective as of 5:00 p.m., Eastern time, on _____, 2002 ("Effective Time"), each one (1) share of Common Stock issued and outstanding prior to the Effective Time shall be and is hereby automatically reclassified and changed (without any further act) into [one-third (1/3rd)] [one-fourth (1/4th)] [one-fifth (1/5th)] of a fully-paid and nonassessable share of Common Stock without increasing or decreasing the amount of stated capital or paid in surplus of the Corporation, provided that no fractional shares shall be issued and instead of issuing such fractional shares, the Corporation shall pay in cash the fair value of such fractions of a share as of the Effective Time.

SECOND: That thereafter said amendment was duly adopted in accordance with the provisions of Sections 242 of the General Corporation Law of the State of Delaware.

IN WITNESS WHEREOF, the Corporation has caused this certificate to be signed by its Chief Executive Officer this ___ day of _____ 2002.
