Progress updates of proposed projects

Huaneng Power International, Inc. has obtained approvals from the State Council regarding its project proposals for its Yingkou Power Plant Phase II and Qinbei Power Plant Phase II as well as the feasibility study report on Taicang Power Plant Phase II.

This announcement is issued pursuant to Rule 13.09(2) of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited ("Listing Rules").

Huaneng Power International, Inc. (the "Company") has obtained approvals from the State Council regarding its project proposals for Yingkou Power Plant Phase II and Qinbei Power Plant Phase II as well as the feasibility study report on Taicang Power Plant Phase II.

The Huaneng Yingkou Power Plant Phase II project, located in Yingkou City, Liaoning Province, is proposed to build two 600 MW domestic supercritical coal-fired generating units and will be installed with flue gas desulfurization facilities. According to the calculations based on the pricing level of 2002, the investment amount (including financial cost) of this project is estimated to be approximately RMB4.5 billion, 20% of which is equity capital to be funded by the Company's internal cash resources, with the remaining amount to be funded by bank loans.

The Huaneng Qinbei Power Plant Phase II project, located in Jiyuan City, Henan Province, is proposed to build two 600 MW supercritical coal-fired generating units and will be installed with flue gas desulfurization facilities. According to the calculations based on the pricing level of 2003, the investment amount (including financial cost) of this project is estimated to be approximately RMB4.489 billion, 20% of which will be in form of equity capital injection while the Company will contribute 60% of such in accordance with its shareholding in the power plant. The Company will be funded by its internal cash resources. The remaining part of investment amount will be funded by bank loans.

The Huaneng Taicang Power Plant Phase II project, located at Taicang City, Jiangsu Province, is proposed to build two 600 MW domestic supercritical coal-fired generating units and will be installed with flue gas desulfurization facilities. According to the calculations based on the pricing level of 2002, the investment amount (including financial cost) of the project is estimated to be approximately RMB4.446 billion, 25% of which will be in form of equity capital injection while the Company will contribute 75% of such in accordance with its shareholding in the power plant. The Company will be funded by its internal cash resources. The remaining part of the investment amount will be funded by bank loans.

Further announcement will be made by the Company in due course for compliance with the Listing Rules.

By Order of the Board
HUANENG POWER INTERNATIONAL, INC.
