**AMARC AND FALKIRK AGREE TO INVEST \$900,000 TO EXPLORE THE
BIG TIME COPPER-MOLYBDENUM PORPHYRY TARGET IN BRITISH COLUMBIA**

July 6, 2009, Vancouver, BC: - Amarc Resources Ltd. ("Amarc" or the "Company") (TSX-V: AHR, OTCBB: AXREF) announces that it has signed an Option and Joint Venture Agreement ("Agreement") with Falkirk Resources Corp. ("Falkirk") on Amarc's Big Time copper-molybdenum property ("Property") in north central British Columbia.

Under the terms of the Agreement, Falkirk has the right to earn a 50% interest in the Big Time property by committing to issue 200,000 shares to Amarc and by funding \$900,000 in exploration expenditures before December 31, 2009. Amarc will act as the operator. On exercise of the option by Falkirk, the two parties will enter into a Joint Venture Agreement. The Agreement is subject to an underlying option agreement ("Bodine Agreement") with an arm's length party, whereby Amarc has the right to acquire a 100% undivided interest in all claims held under this agreement through a series of staged payments and exploration expenditures. The claims held under the Bodine Agreement ("Bodine Claim Block") are subject to a 3% net smelter royalty, 2% of which may be purchased for \$2,000,000 with the remaining 1% subject to a right of first refusal in favor of Amarc. Annual advance royalty payments of \$50,000 are required starting in 2012.

The Big Time property is located within the 218 square kilometer Bodine Claim Block (a Big Time Location Map is posted on Amarc's website www.amarcresources.com/ahr/NewsReleases.asp). Results returned from approximately 360 soil geochemical samples collected on the Property during the 2008 field season defined a significant 1 kilometer by 1 kilometer, open-ended, multi-element anomaly having a strong porphyry copper-molybdenum affinity with high gold and silver.

To test this high priority porphyry copper-molybdenum deposit target, additional definition work, including geological mapping, soil sampling and an induced polarization geophysical survey, will be conducted. Drilling is planned to follow in 2009.

Amarc Resources Ltd. is a Vancouver-based exploration and development company, focused on making the next major new mineral deposit discovery in the province of British Columbia. Amarc is affiliated with Hunter Dickinson Services Inc., the personnel and management of which have enjoyed considerable success in BC through their involvement with the Golden Bear, Mt. Milligan, Kemess, Prosperity, Gibraltar and Harmony deposits. Hunter Dickinson expects to further its B.C. success through Amarc.

Mark Rebagliati, P.Eng., a Qualified Person as defined under National Instrument 43-101, is supervising the exploration and quality assurance and quality control programs on behalf of Amarc and has reviewed the content of this release.

Cautionary and Forward Looking Statement Information

This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address possible future exploration results, resource potential or developments that Amarc expects to occur are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking statements. Factors that could cause actual results to differ materially from those in forward-looking statements include market prices, exploitation and exploration successes, effect of and changes to government policies regarding mining and natural resource exploration and exploitation, availability of capital and financing, geopolitical uncertainty and political and economic instability, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and those actual results or developments may differ materially from those projected in the forward-looking statements. For more information on the Company, Investors should review the Company's annual Form 20-F filing with the United States Securities and Exchange Commission and its home jurisdiction filings that are available at www.sedar.com.
