**PROXY STATEMENT FOR THE
2003 ANNUAL MEETING OF STOCKHOLDERS**

To Be Held May 14, 2003

Our Board of Directors is soliciting proxies for the 2003 Annual Meeting of Stockholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

The Board has set March 21, 2003 as the record date for the Annual Meeting. Stockholders of record who owned our common stock on that date are entitled to vote at and attend the Annual Meeting, with each share entitled to one vote. There were 30,770,177 shares of common stock outstanding on the record date.

Voting materials, which include this proxy statement, a proxy card and the 2002 Annual Report, are being mailed to stockholders on or about April 11, 2003.

In this proxy statement:

We, us, our and the Company refer to Seattle Genetics, Inc.

Annual Meeting means our 2003 Annual Meeting of Stockholders

Board of Directors or Board means our Board of Directors

SEC means the Securities and Exchange Commission

We have summarized below important information with respect to the Annual Meeting.

TIME AND PLACE OF THE ANNUAL MEETING

Edgar Filing: SEATTLE GENETICS INC /WA - Form DEF 14A

The Annual Meeting is being held on Wednesday, May 14, 2003 at 10:00 a.m. local time at our principal offices located at 21823 - 30th Drive S.E., Bothell, Washington 98021.

All stockholders who owned shares of our stock as of March 21, 2003, the record date, may attend and vote on the proposals considered at the Annual Meeting.

PURPOSE OF THE PROXY STATEMENT AND PROXY CARD

You are receiving this proxy statement and proxy card from us because you owned shares of our common stock on March 21, 2003, the record date. This proxy statement describes issues on which we would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision.

When you sign the proxy card, you appoint Clay B. Siegall and H. Perry Fell as your representatives at the Annual Meeting. Clay B. Siegall and H. Perry Fell will vote your shares, as you have instructed them on the proxy card, at the Annual Meeting. This way, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting it is a good idea to complete, sign and return your proxy card in advance of the Annual Meeting in the event your plans change.

PROPOSALS TO BE VOTED ON AT THIS YEAR S ANNUAL MEETING

You are being asked to vote on:

The election of two directors to serve on our Board of Directors.

The ratification of our appointment of PricewaterhouseCoopers LLP as our independent accountants for the current fiscal year.

The Board of Directors recommends a vote FOR each proposal.

VOTING PROCEDURE

You may vote by mail.

To vote by mail, please sign your proxy card and return it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

You may vote in person at the Annual Meeting.

We will pass out written ballots to anyone who wants to vote at the Annual Meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the Annual Meeting. Holding shares in street name means your shares of stock are held in an account by your stockbroker, bank, or other nominee, and the stock certificates and record ownership are not in your name. If your shares are held in street name and you wish to attend the Annual Meeting, you must notify your broker, bank or other nominee and obtain the proper documentation to vote your shares at the Annual Meeting.

You may vote by telephone or electronically via the Internet.

To submit your proxy by telephone or via the Internet, follow the instructions on the proxy card.

You may change your mind after you have returned your proxy.

If you change your mind after you return your proxy, you may revoke your proxy at any time before the polls close at the Annual Meeting. You may do this by:

signing another proxy with a later date, or

voting in person at the Annual Meeting.

MULTIPLE PROXY CARDS

If you received more than one proxy card, it means that you hold shares in more than one account. Please sign and return all proxy cards to ensure that all your shares are voted.

QUORUM REQUIREMENT

Shares are counted as present at the Annual Meeting if the stockholder either:

is present and votes in person at the Annual Meeting, or

has properly submitted a proxy card.

A majority of our outstanding shares as of the record date must be present at the Annual Meeting (either in person or by proxy) in order to hold the Annual Meeting and conduct business. This is called a quorum.

CONSEQUENCES OF NOT RETURNING YOUR PROXY; BROKER NON-VOTES

If your shares are held in your name, you must return your proxy (or attend the Annual Meeting in person) in order to vote on the proposals. If your shares are held in street name and you do not vote your proxy, your brokerage firm may either:

vote your shares on routine matters, or

leave your shares unvoted.

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, brokers may vote such shares on behalf of their clients with respect to routine matters (such as the election of directors or the ratification of auditors), but not with respect to non-routine matters (such as a proposal submitted by a stockholder). If the proposals to be acted upon at any meeting include both routine and non-routine matters, the broker may turn in a proxy card for uninstructed shares that vote FOR the routine

matters, but expressly states that the broker is not voting on non-routine matters. This is called a broker non-vote. The two proposals described in this proxy statement qualify as routine matters.

Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast.

We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures that your shares will be voted at the Annual Meeting.

EFFECT OF ABSTENTIONS

Abstentions are counted as shares that are present and entitled to vote for the purposes of determining the presence of a quorum and as votes AGAINST for purposes of determining the approval of any matter submitted to the stockholders for a vote.

REQUIRED VOTE

Assuming a quorum is present, the two nominees receiving the highest number of yes votes will be elected as directors. The ratification of the independent accountants will require the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting.

VOTE SOLICITATION; NO USE OF OUTSIDE SOLICITORS

Seattle Genetics, Inc. is soliciting your proxy to vote your shares at the Annual Meeting. In addition to this solicitation by mail, our directors, officers and other employees may contact you by telephone, via the Internet, in person or otherwise to obtain your proxy. These persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse these entities and our transfer agent for their reasonable out-of-pocket expenses in forwarding proxy material. We have not retained the services of a proxy solicitor.

VOTING PROCEDURES

Votes cast by proxy or in person at the Annual Meeting will be tabulated by a representative of Mellon Investor Services, our transfer agent, who will act as the Inspector of Election. The Inspector will also determine whether a quorum is present at the Annual Meeting.

The shares represented by the proxy cards received, properly marked, dated, signed and not revoked, will be voted at the Annual Meeting. If the proxy card specifies a choice with respect to any matter to be acted on, the shares will be voted in accordance with that specified choice. Any

Edgar Filing: SEATTLE GENETICS INC /WA - Form DEF 14A

proxy card that is returned but not marked will be voted FOR each of the director nominees, FOR ratification of the Company's independent accountants and as the proxy holders deem desirable for any other matters that may come before the Annual Meeting. Broker non-votes will not be considered as voting with respect to any matter for which the broker does not have voting authority.

We believe that the procedures to be used by the Inspector to count the votes are consistent with Delaware law concerning voting of shares and determination of a quorum.

PUBLICATION OF VOTING RESULTS

We will announce preliminary voting results at the Annual Meeting. We will publish the final results in our quarterly report on Form 10-Q for the second quarter of 2003, which we will file with the SEC. You can get a copy by contacting our Investor Relations Department at (425) 527-4000, by calling the SEC at (800) 732-0330 for the location of the nearest public reference room or through the EDGAR system at www.sec.gov.

OTHER BUSINESS

We do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement. If any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to Clay B. Siegall and H. Perry Fell to vote on such matters at their discretion.

PROPOSALS FOR 2004 ANNUAL MEETING

To have your proposal included in our proxy statement for the 2004 Annual Meeting, you must submit your proposal in writing by December 12, 2003 to Clay B. Siegall, President and Chief Executive Officer, Seattle Genetics, 21823 - 30th Drive S.E., Bothell, Washington 98021.

If you submit a proposal for the 2004 Annual Meeting after December 12, 2003, management may or may not, at their discretion, present the proposal at that meeting, and the proxies for the 2004 Annual Meeting will confer discretion on the management proxy holders to vote against your proposal.

Proposals of stockholders intended to be considered at the 2004 Annual Meeting but not included in our proxy statement for that meeting must be received at the above address no earlier than January 14, 2004 and no later than February 13, 2004.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Amended and Restated Certificate of Incorporation provides that the Board of Directors is divided into three approximately equal classes with staggered three-year terms. As a result, approximately one-third of the total number of directors will be elected every year. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred.

The Board of Directors is presently composed of eight members. The Class II directors, whose terms expire at the 2003 Annual Meeting, are Clay B. Siegall, Douglas E. Williams and Charles P. Waite, Jr. The Class III directors, whose terms expire at the 2004 Annual Meeting, are H. Perry Fell, Marc E. Lippman and Douglas G. Southern. The Class I directors, whose terms expire at the 2005 Annual Meeting, are Karl Erik Hellström and Michael F. Powell. Our stockholders only elect one class of directors at each annual meeting. The other classes continue to serve for the remainder of their three-year terms.

Edgar Filing: SEATTLE GENETICS INC /WA - Form DEF 14A

Dr. Siegall and Dr. Williams have been nominated by the Board for re-election at the Annual Meeting as Class II directors for three-year terms expiring at the 2006 Annual Meeting. Mr. Waite has not been nominated for re-election, and his term as a director will expire at the Annual Meeting. Our Certificate of Incorporation and Bylaws provide that the Board of Directors may reduce the size of the Board in certain circumstances, and we intend to decrease the size of the Board of Directors to seven members effective upon expiration of Mr. Waite's term as a director.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

The Audit Committee held five meetings during the last fiscal year. Among its responsibilities, the Audit Committee appoints and establishes the fees for our independent public accountants, reviews and approves the procedures we use to prepare our periodic reports, reviews and approves our critical accounting policies, reviews the independence of the independent public accountants, monitors the effectiveness of the audit effort and oversees our financial and accounting organization and our system of internal accounting controls. The Audit Committee has a written charter, which was revised by the Board of Directors in January 2003 in light of the additional responsibilities resulting from the recently

enacted Sarbanes-Oxley Act of 2002. The Audit Committee charter is attached as Appendix A to this proxy statement. The Board of Directors will reassess the adequacy of the Audit Committee charter following the final adoption of new corporate governance standards currently proposed by the NASD and new rules regarding audit committee responsibility contemplated by the Sarbanes-Oxley Act.

Stock Option Committee

The Stock Option Committee consists of H. Perry Fell and Clay B. Siegall. The purpose of the Stock Option Committee is to make such examinations and take such actions as are necessary to grant options to purchase shares of the Company's common stock to employees and consultants of the Company who are not executive officers, director-level or above employees or members of the Board of Directors. The Stock Option Committee grants options within parameters set by the Board of Directors. Our Compensation Committee, however, retains all authority to take action and make determinations with respect to our stock option plans.

The Board does not have a nominating committee. The full Board performs the functions of a nominating committee.

DIRECTOR COMPENSATION

Our nonemployee directors not affiliated with any of our principal stockholders receive \$1,500 per Board meeting attended in person and \$500 per Board meeting attended telephonically, plus reimbursement for out-of-pocket expenses incurred in connection with attendance at Board meetings. All other directors currently receive no cash fees for Board meeting attendance but are reimbursed for reasonable and customary travel expenses. Our nonemployee directors receive \$500 per committee meeting attended in person or by telephone. The Chairman of our Audit Committee, Mr. Southern, receives \$1,500 per Audit Committee meeting attended.

The Company's 2000 Directors' Stock Option Plan provides that each person who becomes a nonemployee director of the Company, and each person who was a nonemployee director of the Company on the effective date of the Company's initial public offering, is granted a nonstatutory stock option to purchase 25,000 shares of the Company's common stock (the Initial Option). The Initial Option is granted on the date on which the optionee first becomes a nonemployee director of the Company or on the effective date of the Company's initial public offering, as the case may be.

Thereafter, on the date of each annual meeting of the Company's stockholders, each nonemployee director is granted an additional option to purchase 10,000 shares of common stock if, on such date, he or she has served on the Board for at least six months (the Annual Option). Each of the nominees for director and each continuing director will have served for more than six months at the time of the Annual Meeting, so each director who continues to serve on the Board following the Annual Meeting will receive an option to purchase 10,000 shares of common stock under the 2000 Directors' Stock Option Plan on the date of the Annual Meeting.

Both Initial Options and Annual Options have ten year terms and are subject to adjustment to reflect any stock splits, stock dividends, combinations or similar transactions. The Annual Options become fully exercisable on the day before the anniversary of the date of grant of the Annual Option and the Initial Options become exercisable as to 1/4th of the shares subject to the Initial Option on the first anniversary of the date of grant of the Initial Option and as to 1/36th of the remaining shares subject to the Initial Option ratably each month thereafter. The exercise price of the options is equal to the fair market value of our common stock on the Nasdaq National Market on the date the option is granted. The options remain exercisable for up to ninety days following the optionee's termination of service as a member of the Board of Directors, unless such termination is a result of death or disability, in which case the options remain exercisable for up to a twelve-month period (or such lesser period as is determined by the Board).

Edgar Filing: SEATTLE GENETICS INC /WA - Form DEF 14A

Charles P. Waite, Jr., Douglas E. Williams, Michael F. Powell, Karl-Erik Hellström and Marc E. Lippman each received a stock option grant of 10,000 shares on May 15, 2002, the date of our 2002 Annual Meeting. In June 2002, Douglas G. Southern was appointed to the Board for the first time and received a stock option grant of 25,000 shares.

Employee directors receive no additional compensation for serving on the Board of Directors.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is currently comprised of four independent directors and operates under a written charter originally adopted by the Board of Directors in March 2001 and amended and restated in January 2003, which is included in this proxy statement as Appendix A.

The members of the Audit Committee are currently Douglas G. Southern (chairman), Charles P. Waite, Jr., Michael F. Powell and Marc E. Lippman. Douglas E. Williams was a member of the Audit Committee from January 2002 until June 2002, when he was replaced by Mr. Southern who also assumed the chairman position formerly held by Mr. Waite. Dr. Lippman joined the Audit Committee in March 2003. Mr. Waite will cease to be a member of the Audit Committee upon expiration of his term as a director on May 14, 2003. Each of the members of the Audit Committee is an independent director as currently defined in Rule 4200 of the National Marketplace Rules of the NASD, although Dr. Lippman receives compensation for his service on our Scientific Advisory Board.

The Audit Committee appoints an accounting firm as our independent accountants, subject to stockholder ratification. The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon. Management is responsible for our internal controls and the financial reporting process. The Audit Committee is responsible for monitoring and overseeing these processes.

The Audit Committee held five meetings during 2002. The meetings were designed to facilitate and encourage communication between the Audit Committee, management and our independent accountants, PricewaterhouseCoopers LLP. Management represented to the Audit Committee that our financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee reviewed and discussed the audited financial statements for fiscal year 2002 with management and the independent accountants.

The Audit Committee discussed with the independent accountants the matters required to be discussed by United States Generally Accepted Auditing Standards, including Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

The Audit Committee has received and reviewed the written disclosures and the letter from the independent accountants, PricewaterhouseCoopers LLP, as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. Additionally, the Audit Committee has discussed with PricewaterhouseCoopers LLP the issue of its independence from Seattle Genetics, Inc.

Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002.

EMPLOYMENT CONTRACTS

In October 2001, the Company entered into employment agreements with H. Perry Fell, our current Chairman of the Board and Chief Strategy Officer, and Clay B. Siegall, our current President and Chief Executive Officer. We amended Dr. Fell's employment agreement in November 2002 in connection with his resignation as Chief Executive Officer. The employment agreements provide that Drs. Fell and Siegall will each receive annual base salaries and may each receive an annual bonus based upon performance criteria and financial and operational results of the Company as determined by the Compensation Committee of the Board of

Directors. Drs. Fell and Siegall are also eligible to receive additional grants of stock options or purchase rights from time to time in the future as determined by the Compensation Committee of the Board of Directors. In the event Dr. Siegall's employment is constructively terminated or terminated by the Company without cause, he will be entitled to receive his monthly base salary and benefits for an additional 12 months, and to continue vesting of his options during those 12 months. In the event Dr. Fell's employment is terminated by the Company or him for any reason other than cause, he will be entitled to receive his monthly base salary and benefits for an additional 12 months, and to continue vesting of his options during those 12 months. The employment agreements additionally provide that, in the event of a change of control, 100 percent of each of Drs. Fell's and Siegall's stock options shall become fully vested and exercisable. Drs. Fell's and Siegall's employment are for no specified length of time, and either party has the right to terminate employment at any time with or without cause.

OPTION GRANTS IN FISCAL YEAR 2002

The following table provides information with respect to stock options granted to our Named Executive Officers during the fiscal year that ended December 31, 2002. In addition, as required by SEC rules, the table sets forth the hypothetical gains that would exist for the options based on assumed rates of annual compound stock price appreciation during the option term.

(2) Options vest at a rate of 25 percent on the first anniversary of the vesting commencement date and ratably each month thereafter over the remaining 36-month period. The options have a ten-year term, but are subject to earlier termination in connection with termination of employment. In the event of certain change-in-control transactions, options held by Clay B. Siegall and H. Perry Fell shall become 100 percent exercisable.

(3) We granted options to purchase 1,038,350 shares of common stock to employees during 2002.

Edgar Filing: SEATTLE GENETICS INC /WA - Form DEF 14A

- (4) The exercise price may be paid in cash, in shares of common stock valued at fair market value on the exercise date or by a same-day sale of the purchased shares.

- (5) The potential realizable value illustrates value that might be realized upon exercise of the options immediately prior to the expiration of their terms, assuming the specified compounded rates of appreciation of the market price per share for the date of grant to the end of the option term. Actual gains, if any, on stock option exercise are dependent upon a number of factors, including the future performance of the common stock and the timing of option exercises, as well as the optionees' continued employment throughout the vesting period. There can be no assurance that the amounts reflected in this table will be achieved.

- (1) Available for issuance under the 1998 Stock Option Plan. The 1998 Stock Option Plan includes an evergreen feature, which provides for an automatic annual increase in the number of shares available under the plan on the first day of each of our fiscal years through 2008, equal to the lesser of (i) 1,200,000 shares, (ii) four percent of our outstanding common stock on the last day of the immediately preceding fiscal year or (iii) such lesser number of shares as is determined by the Board of Directors.
- (2) Available for issuance under the 2000 Directors' Stock Option Plan.
- (3) Assumes that employees will purchase the remaining 550,819 shares of common stock available for issuance under the 2000 Employee Stock Purchase Plan (2000 ESPP) in July 2003 at a purchase price of \$2.77 per share. Under the terms of the 2000 ESPP, shares are purchased at 85 percent of the fair market value of our common stock on either the first day of an offering period or the last day of a purchase period, whichever is lower. Therefore, the purchase price is not fixed until the July 2003 purchase date and employees may purchase the shares at a lower price per share, which could affect the weighted-average exercise price.
- (4) Available for issuance under the 2000 ESPP assuming that employees will purchase the remaining 550,819 shares of common stock available for issuance under the 2000 ESPP in July 2003. The 2000 ESPP, designed to comply with Internal Revenue Code Section 423, includes an evergreen feature, which provides for an automatic annual increase in the number of shares available under the plan on the first day of each of our fiscal years through 2010 equal to the lesser of (i) 300,000 shares, (ii) one percent of our outstanding common stock on the last day of the immediately preceding fiscal year or (iii) such lesser number of shares as determined by the Board of Directors.

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings, including this proxy statement, in whole or in part, the Compensation Committee Report and the Stock Performance Graph shall not be deemed to be incorporated by reference into any such filings.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following is a report of the Compensation Committee of the Board of Directors describing the compensation policies applicable to our executive officers during the fiscal year ended December 31, 2002. The Compensation Committee is responsible for establishing and monitoring our general compensation policies and compensation plans, as well as the specific compensation levels for executive officers. It also makes recommendations to the Board of Directors concerning the granting of options under our 1998 Stock Option Plan. Executive officers who are also directors have not participated in deliberations or decisions involving their own compensation.

GENERAL COMPENSATION POLICY

Under the supervision of the Board of Directors, our compensation policy is designed to attract and retain qualified key executives critical to our growth and long-term success. It is the objective of the Board of Directors to have a portion of each executive's compensation contingent upon our performance as well as upon the individual's personal performance. Accordingly, each executive officer's compensation package is comprised of three elements: (i) base salary that reflects individual performance and expertise, (ii) variable bonus awards payable in cash and tied to the achievement of certain corporate performance goals that the Board of Directors establishes from time to time and (iii) long-term stock-based incentive awards designed to strengthen the mutuality of interests between the executive officers and our stockholders.

The summary below describes in more detail the factors that the Board of Directors considers in establishing each of the three primary components of the compensation package provided to the executive officers.

BASE SALARY

The level of base salary is established primarily on the basis of the individual's qualifications and relevant experience, the strategic goals for which he or she has responsibility, the compensation levels at similar companies and the incentives necessary to attract and retain qualified management. Base salary is adjusted each year to take into account the individual's performance and to maintain a competitive salary structure. Company performance does not play a significant role in the determination of base salary.

CASH-BASED INCENTIVE COMPENSATION

Cash bonuses are awarded on a discretionary basis to executive officers on the basis of their success in achieving specific company-wide goals, such as product development milestones, clinical trial progress and collaboration objectives, as well as their success in achieving designated individual goals.

LONG-TERM INCENTIVE COMPENSATION

We have utilized our stock option plans to provide executives and other key employees with incentives to maximize long-term stockholder values. Awards under this plan by the Board of Directors take the form of stock options designed to give the recipient a significant equity stake and thereby closely align his or her interests with those of our stockholders. Factors considered in making such awards include the individual's position, his or her performance and responsibilities, and internal comparability considerations.

Each option grant allows the executive officer to acquire shares of common stock at a fixed price per share (the fair market value on the date of grant) over a specified period of time (up to ten years). The options typically vest in periodic installments over a four-year period, contingent upon the executive officer's continued employment with us. Accordingly, the option will provide a return to the executive officer only if he or she remains in our service, and then only if the market price of our common stock appreciates over the option term.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

Dr. Fell, who served as our Chief Executive Officer until November 2002, had a base salary during fiscal 2002 of \$224,700. His bonus for the fiscal year was \$67,410. In addition, he was granted an option to purchase 120,000 shares of the Company's common stock.

Dr. Siegall, who has served as our Chief Executive Officer since November 2002, had a base salary during fiscal 2002 of \$224,700. His bonus for the fiscal year was \$67,410. In addition, he was granted an option to purchase 120,000 shares of the Company's common stock.

The factors discussed above in Base Salaries, Cash-Based Incentive Compensation, and Long-Term Incentive Compensation were applied in establishing the amount of Dr. Fell's and Dr. Siegall's salaries and stock option grants. Significant factors in establishing Dr. Fell's and Dr. Siegall's compensation were their contributions toward achievement of the Company's operating and financial goals.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

The Compensation Committee has considered the impact of Section 162(m) of the Internal Revenue Code adopted under the Omnibus Budget Reconciliation Act of 1993, which section disallows a deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and four other most highly compensated executive officers, respectively, unless such compensation meets the requirements for the performance-based exception to Section 162(m). As the cash compensation paid by the Company to each of its executive officers is expected to be below \$1 million and the committee believes that options granted under the Company's 1998 Stock Option Plan to such officers will meet the requirements for qualifying as performance-based, the committee believes that Section 162(m) will not affect the tax deductions available to the Company with respect to the compensation of its executive officers. It is the Compensation Committee's policy to qualify, to the extent reasonable, its executive officers' compensation for deductibility under applicable tax law. However, the Company may from time to time pay compensation to its executive officers that may not be deductible.

TRANSACTIONS WITH MANAGEMENT

In November 2000, we loaned \$90,000 to Peter Senter, our Vice President, Chemistry, to facilitate his exercise of an option to purchase 30,000 shares of our common stock. This loan was made pursuant to a promissory note bearing interest at an annual rate of approximately 6 percent and is due and payable in November 2003 or upon termination of Dr. Senter's employment with us for any reason.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return data for our common stock since March 6, 2001 (the date on which our common stock was first registered under Section 12 of the Securities Exchange Act of 1934, as amended) to the cumulative return over such period of (a) the Nasdaq Stock Market (U.S.) Index, (b) the Nasdaq Biotechnology Index and (c) the Nasdaq Pharmaceutical Index. The graph assumes that \$100 was invested on March 6, 2001, the date on which we completed our initial public offering, in our common stock and in each of the comparative indices. The graph further assumes that such amount was initially invested in our common stock at a per share price of \$7.00, the price at which such stock was first offered to the public in our initial public offering, and reinvestment of any dividends. The stock price performance on the following graph is not necessarily indicative of future stock price performance.

SECTION 16 BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, our executive officers and persons who own more than ten percent of our common stock (collectively, Reporting Persons) to file initial reports of ownership and changes in ownership of our common stock. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on our review of the copies of such reports received or written representations from certain Reporting Persons that no other reports were required, we believe that during the fiscal year ended December 31, 2002 all Reporting Persons complied with all applicable filing requirements.
