PROXY STATEMENT**

This proxy statement is furnished in connection with the solicitation of proxies by our Board of Directors (the "Board") for use at the annual meeting of stockholders of Exact Sciences Corporation, a Delaware corporation (the "Company" or "Exact"), to be held at 1310 Grainger Hall, University of Wisconsin School of Business, 975 University Avenue, Madison, Wisconsin 53706 on July 16, 2010, at 10:00 a.m., local time, and any adjournments or postponements thereof. Our 2009 Annual Report to Stockholders, containing financial statements for the fiscal year ended December 31, 2009, is being mailed together with this proxy statement to all stockholders entitled to vote at the annual meeting. This proxy statement and the accompanying notice and form of proxy are expected to be first sent or given to stockholders on or about June 1, 2010.

The record date for the determination of stockholders entitled to notice of and to vote at the annual meeting has been fixed by our Board of Directors as the close of business on May 18, 2010. Holders of our common stock are entitled to cast one vote for each share held of record at the close of business on May 18, 2010 on each matter submitted to a vote at the annual meeting. As of May 18, 2010, [] shares of the Company's common stock were outstanding.

Stockholders may vote in person or by proxy. Execution of a proxy will not in any way affect a stockholder's right to attend the annual meeting and vote in person. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (1) filing with the Secretary of the Company, before the taking of the vote at the annual meeting, a written notice of revocation bearing a later date than the proxy, (2) duly completing a later-dated proxy relating to the same shares and delivering it to the Secretary of the Company before the taking of the vote at the annual meeting, or (3) attending the annual meeting and voting in person (although attendance at the annual meeting will not in and of itself constitute a revocation of a proxy). If a stockholder is not attending the annual meeting, any proxy or notice of revocation should be returned to the Secretary of the Company at the above address in time for receipt no later than the close of business on the day preceding the annual meeting.

A majority in interest of the outstanding shares of our common stock entitled to vote and represented at the annual meeting in person or by proxy shall constitute a quorum for the transaction of business. Votes withheld from any nominee, abstentions and broker "non-votes" are counted as present or represented for purposes of determining the presence or absence of a quorum for the annual meeting. A "non-vote" occurs when a broker or other nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker or other nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Directors are elected by a plurality of the votes cast by stockholders entitled to vote at the annual meeting which means the three nominees receiving the most affirmative votes will be elected.

Table of Contents

On all other matters, an affirmative vote of at least a majority of the shares present, or represented by proxy, entitled to vote and voting at the annual meeting is required for approval. Broker "non-votes" on any matter shall be deemed not to have been voted on such matter.

The persons named as attorneys-in-fact in the proxy, Kevin T. Conroy and Maneesh K. Arora, were selected by the Board of Directors and are officers of the Company. All properly executed proxies returned in time to be counted at the meeting will be voted by such persons at the meeting. Where a choice has been specified on the proxy with respect to the foregoing matters, the shares represented by the proxy will be voted in accordance with the specifications. With respect to the election of directors, any stockholder submitting a proxy has a right to withhold authority to vote for any individual nominee by writing that nominee's name in the space provided on the proxy. Where a proxy is properly signed and returned without indicating any voting instructions regarding a proposal, the shares represented by the proxy will be voted FOR the proposal.

The Board of Directors knows of no other matters to be presented at the annual meeting. If any other matter should be presented at the annual meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named in the proxies.

A majority of our Board members have served multiple terms over several years. 2009 was a transformational year for our Company during which a number of important events occurred that we believe position us for future success: (1) we completed a significant transaction with Genzyme

Corporation that generated cash we are using to develop our business, (2) we hired a new President and Chief Executive Officer, (3) we hired a new Chief Financial Officer, (4) we hired a new Chief Science Officer; (5) we relocated our headquarters and operations from Boston, Massachusetts to Madison, Wisconsin; and (6) we sharply re-focused our business on the development of a stool-based DNA colorectal cancer screening product and seeking FDA clearance of that product. In light of these changes and the new opportunities and challenges ahead, the Corporate Governance and Nominating Committee is in the process of assessing the composition of our Board and is beginning to interview prospective new Board candidates. If our Board composition is changed as a result of this process, it is anticipated that new directors would be appointed by the Board, in accordance with applicable Delaware law and the Company's bylaws, based on the recommendations of our Nominating and Corporate Governance Committee.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Board Independence

The Board of Directors has determined that each of James P. Connelly, Sally W. Crawford, Edwin M. Kania, Jr., Connie Mack, III, Katherine Napier, David A. Thompson, Lance Willsey and Patrick J. Zenner is an independent director within the meaning of the director independence standards of The NASDAQ Stock Market, Inc. ("NASDAQ"). Furthermore, the Board has determined that all of the members of the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are independent within the meaning of the director independence standards of NASDAQ and the rules of the SEC applicable to each such committee.

Executive Sessions of Independent Directors

Executive sessions of our independent directors are generally held following each regularly scheduled in-person meeting of the Board of Directors. Executive sessions do not include any non-independent directors and are led by the chairman of the Board of Directors, who is independent. The independent directors of the Board of Directors met in executive session six times in 2009.

Board Leadership Structure

The Board of Directors has an independent chairman, meaning that the positions of chairman of the Board of Directors and Chief Executive Officer are not held by a single individual. The Board of Directors believes that having an independent chairman ensures that management is subject to independent and objective oversight and the independent directors have an active voice in the governance of the Company.

Policies Regarding Director Nominations

Director Qualifications

The Corporate Governance and Nominating Committee is responsible for identifying the appropriate qualifications, skills and characteristics desired of members of the Board of Directors in the context of the needs of the business and the current composition and needs of the Board of Directors. As described above, the Corporate Governance and Nominating Committee is currently in the process of evaluating the composition of our Board.

Director candidates are considered based upon a variety of criteria, including demonstrated business and professional skills and experiences relevant to our business and strategic direction, concern for long-term stockholder interests, personal integrity and sound business judgment. The Board of Directors seeks members from diverse professional backgrounds who combine a broad spectrum of relevant industry and strategic experience and expertise that, in concert, offer us and our stockholders diversity of opinion and insight in the areas most important to us and our corporate mission. In

Table of Contents

addition, nominees for director are selected to have complementary, rather than overlapping, skill sets. However, the Corporate Governance and Nominating Committee does not have a formal policy concerning the diversity of the Board of Directors. All candidates for director nominee must have time available to devote to the activities of the Board of Directors. The Corporate Governance and Nominating Committee also considers the independence of candidates for director nominee, including the appearance of any conflict in serving as a director. Candidates for director nominees who do not meet all of these criteria may still be considered for nomination to the Board of Directors, if the Corporate Governance and Nominating Committee believes that the candidate will make an exceptional contribution to us and our stockholders.

Process for Identifying and Evaluating Director Nominees

The Board of Directors is responsible for selecting its own members. The Board of Directors delegates the selection process to the Corporate Governance and Nominating Committee, with the expectation that other members of the Board of Directors, and of management, may be requested to take part in the process as appropriate. Generally, the Corporate Governance and Nominating Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisers, through the recommendations submitted by other directors or stockholders or through such other methods as the Corporate Governance and Nominating Committee deems appropriate. Once candidates have been identified, the Corporate Governance and Nominating Committee confirms that the candidates meet the qualifications for director nominees established by the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks, or any other means that the Corporate Governance and Nominating Committee deems to be helpful in the evaluation process. The Corporate Governance and Nominating Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board of Directors. Based on the results of the evaluation process, the Corporate Governance and Nominating Committee recommends candidates for the Board of Directors' approval as director nominees for election to the Board of Directors. The Corporate Governance and Nominating Committee also recommends candidates for the Board of Directors' appointment to the standing committees of the Board of Directors.

Procedures for Recommendation of Director Nominees by Stockholders

The policy of the Corporate Governance and Nominating Committee is to consider properly submitted stockholder recommendations for director candidates. To submit a recommendation to the Corporate Governance and Nominating Committee for director nominee candidates, a stockholder must make such recommendation in writing and include:

the name and address of the stockholder making the recommendation, as they appear on our books and records, and of such record holder's beneficial owner, if any;

the class and number of shares of our equity that are owned beneficially and held of record by such stockholder and such beneficial owner including all "synthetic equity instruments" (e.g., derivatives, swaps, hedges, etc.), voting rights, rights to fees, dividends, or other material rights;

a description of the material terms of any agreements, arrangements or understandings (whether or not in writing) entered into between such stockholder or such beneficial owner and any other person for the purpose of acquiring, holding, disposing or voting of any shares of any class of our equity;

the name of the individual recommended for consideration as a director nominee;

why such recommended candidate meets our criteria and would be able to fulfill the duties of a director;

how the recommended candidate meets applicable independence requirements established by the SEC and NASDAQ;

the recommended candidate's beneficial ownership in our securities;

any relationships between the recommended candidate and us which may constitute a conflict of interest; and

all other information relating to the recommended candidate that would be required to be disclosed in solicitations of proxies for the election of directors or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), including the recommended candidate's written consent to being named in the proxy statement as a nominee and to serving as a director if approved by the Board of Directors and elected.

Recommendations must be sent to the Chairman of the Corporate Governance and Nominating Committee, c/o Secretary, Exact Sciences Corporation, 441 Charmany Drive, Madison, Wisconsin 53719. The Secretary must receive any such recommendation for nomination not later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the first anniversary of the date of preceding year's annual meeting of stockholders; provided, however, that with respect to a special meeting of stockholders called by us for the purpose of electing directors to the Board of Directors, the Secretary must receive any such recommendation not earlier than the 90th day prior to such special meeting nor later than the later of (1) the close of business on the 60th day prior to such special meeting or (2) the close of business on the 10th day following the day on which a public announcement is first made regarding such special meeting. We will promptly forward any such nominations to the Corporate Governance and Nominating Committee. Once the Corporate Governance and Nominating Committee receives a recommendation for a director candidate, such candidate will be evaluated in the same manner as other candidates and a recommendation with respect to such candidate will be delivered to the Board of Directors.

Policy Governing Director Attendance at Annual Meetings of Stockholders

Our policy is to schedule a regular meeting of the Board of Directors on the same date as our annual meeting of stockholders and, accordingly, directors are encouraged to be present at such stockholder meetings. Six of our nine then-current board members attended the 2009 annual meeting of stockholders.

Role of the Board of Directors in Risk Oversight

The Board of Directors administers its risk oversight function directly and through the Audit Committee and the Innovation and Technology Committee. The Board and the Audit Committee regularly discuss with management the Company's major risk exposures, their potential financial impact on the Company, and the steps taken to monitor and control those risks. The Innovation and Technology Committee regularly consults with the Board of Directors concerning the risks related to the management and commercialization of the Company's product technologies.

The Audit Committee is comprised of James P. Connelly, Sally W. Crawford and Lance Willsey. None of the members of the Audit Committee is an officer or employee of the Company, and the Board of Directors has determined that each member of the Audit Committee meets the independence requirements promulgated by The NASDAQ Stock Market, Inc. and the Securities Exchange Commission ("SEC"), including Rule 10A-3(b)(1) under the Exchange Act.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and the certification of the integrity and reliability of the Company's internal controls procedures. In fulfilling its oversight responsibilities, the Audit Committee has reviewed the Company's audited balance sheets at December 31, 2009 and 2008 and the related statements of operations, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2009, and has discussed them with both management and Grant Thornton LLP ("Grant Thornton"), the Company's independent registered public accounting firm. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communications with Audit Committees), as currently in effect. The Audit Committee has reviewed permitted services under rules of the SEC as currently in effect and discussed with Grant Thornton its independence from management and the Company, including the matters in the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee has also considered and discussed the compatibility of non-audit services provided by Grant Thornton with that firm's independence.

Based on its review of the financial statements and the aforementioned discussions, the Audit Committee concluded that it would be reasonable to recommend, and on that basis did recommend, to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

Respectfully submitted by the Audit Committee.

COMPENSATION AND OTHER INFORMATION CONCERNING DIRECTORS AND OFFICERS

Compensation Discussion and Analysis

Objectives of Our Executive Compensation Programs

Our compensation programs for our executive officers are designed to achieve the following objectives:

Focus executive behavior on achievement of our annual and long-term objectives and strategy;

Provide a competitive compensation package that enables us to attract and retain, on a long-term basis, talented executives;

Provide a total compensation structure that the Compensation Committee believes is at least comparable with similarly-sized companies in the biotechnology industry for which we would compete for talent and which consists of a mix of base salary, cash incentives and equity; and

Align the interests of management and stockholders by providing management with longer-term incentives through equity ownership.

Elements of Executive Compensation

Our executive compensation program consists of three primary elements: salary, long-term equity interest, primarily in the form of stock options, and a cash incentive program based on both corporate and individual performance. In April 2009, we also adopted a long-term incentive plan that provides for minimum cash payments to our executive officers upon certain changes of control of the Company. All of our executive officers are also eligible for certain benefits offered to employees generally, including, life, health, disability and dental insurance, as well as participation in our 401(k) plan and 2000 Employee Stock Purchase Plan. We do not believe it is necessary for the attraction or retention of management talent to provide executive officers with compensation in the form of perquisites.

It is the responsibility of the Compensation Committee to administer our compensation practices, to ensure that they are competitive, financially prudent and that they include incentives that are designed to appropriately drive performance. To achieve this, the Compensation Committee periodically reviews commercially available, industry specific survey data for companies of generally similar

Table of Contents

employee size and complexity in the biotechnology and biopharmaceutical industries as a general guide for establishing its pay and equity practices and structures. The Compensation Committee, along with the Board of Directors, also reviews corporate and individual objectives for each of our executive officers, to confirm that appropriate goals have been established and to track performance against them. Following the completion of each fiscal year, the Compensation Committee uses this information, along with the recommendations of the Chief Executive Officer (except for his own compensation), to determine compensation for executive officers. In making these recommendations, the Compensation Committee takes into account both our overall performance and the individual performance of our executive officers, consulting with the Chief Executive Officer and the Board of Directors on these evaluations as appropriate.

In early 2009, the Compensation Committee engaged DolmatConnell & Partners to assist in the development of the compensation packages for our new President and Chief Executive Officer, Kevin Conroy, and new Chief Financial Officer, Maneesh Arora. In late 2009, the Compensation Committee engaged Radford to conduct a competitive assessment of the Company's executive compensation program. Each of these consultants reported directly to the Compensation Committee and did not provide any services to the Company other than the services provided to the Compensation Committee.

Analysis of Executive Compensation

We believe successful long term Company performance is more critical to enhancing stockholder value than short term results. For this reason and to conserve cash and better align the interests of management and stockholders, we emphasize long term equity compensation (consisting primarily of stock option awards) over annual salary and incentive compensation awards.

In late 2009 and early 2010, with the assistance of Radford we analyzed our executive compensation program keeping in mind the following key factors:

Our executive team is made up of high-profile accomplished executives all but one of whom joined the Company in 2009.

Following the completion of our strategic transaction with Genzyme in January 2009 and the departure of our former chief executive officer and chief financial officer shortly thereafter, our new executive team was charged with reformulating our basic business strategies and objectives.

We are a growth company.

At hire in 2009, our new executive officers accepted pay packages with lower cash compensation in exchange for increased equity in the form of stock option grants.

Radford analyzed the components of our executive compensation program against a peer group of companies. The peer group consisted of two different types of companies:

publicly traded diagnostics and biotechnology companies generally with less than 200 employees and market capitalization between \$50 million and \$450 million; and

a broader group of public life sciences companies with less than 100 employees.

Table of Contents

The companies in the peer group were:

Company	Product Focus
Acadia Pharmaceuticals	Central Nervous Systems
Anadys Pharmaceuticals	Hepatitis
ARIAD Pharmaceuticals	Oncology
ArQule	Oncology
AspenBio Pharma	General Diseases
BioCryst Pharmaceuticals	Infectious Diseases
Celldex Therapeutics	Oncology/General Diseases
Cytokinetics	Medical Therapeutics
EntreMed Oncology	Oncology Inflammatory Diseases
GenVec	Vaccines
Icagen	General Diseases
Idera Pharmaceuticals	Infectious/Autoimmune/Inflammatory Diseases
Immunomedics	Medical Therapeutics
Nanosphere	Medical Diagnostics
Oculus Innovative Sciences	Chronic/Acute Wounds
OncoGenex Pharmaceuticals	Oncology
Palatin Technologies	General Diseases
Sangamo BioSciences	Gene Modification
SenoRx	Medical Diagnostics
Sequenom	Medical Diagnostics
Synta Pharmaceuticals	Oncology / Inflammatory Diseases
Vical	General Diseases

Based on this analysis we believe:

Aggregate base salary levels for the named executive officers are slightly below the 25th percentile for the peer group (target philosophy is between 25th and 50th percentile).

Aggregate target cash compensation (base salary plus annual incentive award) levels for the named executive officers are slightly below the 25th percentile for the peer group (target philosophy is between 40th and 50th percentile).

Aggregate executive potential equity ownership levels (comprised primarily of inducement stock option awards granted pursuant to employment agreements) for the named executive officers approximate the 90th percentile for the peer group (target philosophy is between 60th and 75th percentile).

Employment Agreements with New Executive Officers

In April 2009, Kevin T. Conroy and Maneesh K. Arora joined us as our new President and Chief Executive Officer and Senior Vice President and Chief Financial Officer, respectively. In August 2009, Graham P. Lidgard joined us as our new Senior Vice President, Chief Scientific Officer and Barry Berger was appointed as our Senior Vice President, Chief Medical Officer. In connection with each of these appointments we entered into an employment agreement under which we agreed to certain compensation arrangements and severance and change in control benefits.

Table of Contents

The compensation packages for Messrs. Conroy and Arora were established by the Compensation Committee with assistance from DolmatConnell & Partners, a compensation consultant. The compensation packages for Drs. Lidgard and Berger were designed to be consistent with those of Messrs. Conroy and Arora. Each of these packages was determined based on negotiations with the applicable executive officer and taking into account his background and qualifications and the nature of his position. We believe that these compensation packages are appropriate in light of the intense competition for top executives in the biotechnology field and among similarly situated companies, and that the terms of these arrangements are consistent with our executive compensation goals, including the balancing of short-term and long-term compensation to properly motivate our executive officers.

Conroy Employment Agreement

Mr. Conroy's employment agreement provides for a base salary of \$340,000 and for a target bonus opportunity equal to 50 percent of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee. Mr. Conroy was also granted an option to purchase 2.5 million shares of our common stock at an exercise price of \$0.83 (the closing price of our common stock on the NASDAQ Capital Market on the date Mr. Conroy was hired).

Under his agreement, Mr. Conroy would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Payments Upon Termination or Change of Control*" on page 3 below. The agreement also prohibits Mr. Conroy from engaging in certain activities involving competition with us for an 18-month period following termination of his employment with the Company.

Arora Employment Agreement

Mr. Arora's employment agreement provides for a base salary of \$240,000 and for a target bonus opportunity equal to 40 percent of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee. Mr. Arora was also granted an option to purchase 1.25 million shares of our common stock, at an exercise price of \$0.83 (the closing price of our common stock on the NASDAQ Capital Market on the date Mr. Arora was hired).

Under his agreement, Mr. Arora would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Payments Upon Termination or Change of Control*" on page 3 below. The agreement also prohibits Mr. Arora from engaging in certain activities involving competition with us for an 18-month period following termination of his employment with the Company.

Berger Employment Agreement

Dr. Berger's employment agreement provides for a base salary of \$230,000 and for a target bonus opportunity equal to 40 percent of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by the Compensation Committee.

Under his agreement, Dr. Berger would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Payments Upon Termination or Change of Control*" on page 3 below. The agreement also prohibits Dr. Berger from engaging in certain activities involving competition with us for an 18-month period following termination of his employment with the Company.

2009 Bonus Plan

The Compensation Committee believes that some portion of overall cash compensation for executive officers should be "at risk," i.e., contingent upon successful implementation of our strategy and goals. Pursuant to his employment agreement, each of our executive officers is eligible to earn an annual cash bonus with a specified target amount equal to a percentage of base salary with the actual bonus awarded to be based upon the achievement of corporate and individual performance goals determined by the Compensation Committee in its discretion. In determining 2009 bonus awards, the Compensation Committee considered the executive team's progress on our three key priorities for 2009:

Product development;

FDA trial planning; and

Assembling the personnel and other resources to position the Company to execute on its business plan.

With the goal of building a team performance culture, the Compensation determined that executive bonuses would be paid on an "all or none" basis, meaning that management's performance would be based on a team, rather than individual, basis. After considering the executive team's achievement against a variety of specific objectives for 2009 the Compensation Committee determined that management's performance for the year exceeded expectations as a result of which the Company was in a good position to meet its long-term business plan goals. Accordingly, the Compensation Committee awarded a cash bonus to each executive officer equal to 100% of target and awarded an additional bonus award paid in shares of common stock with a value equal to 50% of the cash bonus amount.

Table of Contents

In addition to his 2009 bonus award, in January 2009, Dr. Berger was paid a one-time transaction bonus in the amount of \$230,000 in connection with the consummation of our January 2009 strategic transaction with Genzyme Corporation.

Long-Term Incentives

Our executive officers (and other employees) are eligible to receive restricted stock, stock option grants and other stock awards that are intended to promote success by aligning employee financial interests with long-term shareholder value.

Pursuant to his employment agreement, each of Mr. Conroy, Mr. Arora and Dr. Lidgard was granted an option to purchase 2.5 million, 1.25 million and 600,000 shares of our common stock, respectively, at an exercise price equal to the closing price of our common stock on the NASDAQ Capital Market on his date of hire. Twenty-five percent of the shares underlying the stock option will become vested and exercisable on the one-year anniversary of the date of grant, with the remainder vesting quarterly over the subsequent three years. The amount of these options grants were determined as part of the negotiation of each executive officer's employment agreement.

In April 2009 Dr. Berger was granted an option to purchase 250,000 shares of our common stock at an exercise price equal to the closing price of our common stock on the NASDAQ Capital Market on the date of the grant. That award will vest and become exercisable in four equal annual installments beginning on the first anniversary of the date of grant. The amount of this option grant was determined as part of the negotiation of Dr. Berger's revised employment agreement.

The Compensation Committee believes that these equity incentives provide the executive officers with the opportunity to acquire long-term stock ownership positions, and help to align the executives' interests with stockholders' interests. The Compensation Committee believes that this directly motivates executive officers to maximize long-term stockholder value. We believe that time-based vesting of stock options helps us to retain our leadership team in an extremely competitive environment.

Other Compensation

We also permit executive officers and other employees to purchase common stock at a discount through our 2000 Employee Stock Purchase Plan. Employees, including executive officers, may also participate in our 401(k) Plan. In 2006, the Compensation Committee approved an amended EXACT Sciences 401(k) Plan that provides for the investment of a portion of plan assets in shares of our common stock. The Compensation Committee also approved a discretionary matching Company contribution to the plan for fiscal 2009. The matching contribution was made using Company stock in an amount equal to 100 percent of an employee's total salary deferrals into the plan up to a limit of 6% of the employee's total wages.

Luber and Carelli Employee Retention Agreements

Messrs. Luber and Carelli, our former Chief Executive Officer and Chief Financial Officer, respectively, were parties to employee retention agreements with us. In January 2009, pursuant to these agreements we paid one-time transaction bonuses in the amount of \$315,000 and \$230,000, respectively, to Mr. Luber and Mr. Carelli in connection with the consummation of our strategic transaction with Genzyme Corporation on January 27, 2009.

Table of Contents

Under these agreements, in the event that we terminated his employment other than for cause, Mr. Lubber and Mr. Carelli would each have received severance payments in the form of salary continuation at his then-current base salary for 18 months and 15 months, respectively. In addition to the severance and retention bonus provisions, the employee retention agreements provided for acceleration of vesting of stock options and an extension of the exercisability of such options in certain circumstances. The benefits provided by the executive retention agreements were intended to ensure that each executive officer focused his attention on our management, including a willingness to undertake a reasonable degree of business risk in an effort to create shareholder value. See "*Potential Benefits Upon Termination or Change in Control*" below for a description of the benefits they received upon the termination of their employment in April 2009.

Change of Control and Severance

We believe that providing executives with severance and change of control protection is important for the following reasons:

to allow executives to fully value the forward looking elements of their compensation packages, and therefore limit retention risk; and

to provide compensation assurances which are competitive with those of other similarly-situated companies.

Accordingly, the Company's employment agreements and equity awards generally provide for salary continuation in the event of certain employment terminations beyond the control of the executive, as well as varying degrees of accelerated vesting of equity awards in the event of a change of control of the Company.

For further information see "*Potential Payments Upon Termination or Change of Control*" on page 3 below.

Mr. Conroy's compliance with an 18 month non-competition covenant; and

Mr. Conroy's compliance with an 18 month non-solicitation covenant.

Under Mr. Arora's and Drs. Lidgard's and Berger's employment agreements, the Company's obligations to provide the named executive officer with the severance benefits described above are contingent on:

The executive's delivery of a signed waiver and release in a form reasonably satisfactory to the Company of all claims he may have against the Company and his not revoking such release within 21 days after his date of termination;

The executive's compliance with the terms of his Employee Confidentiality and Assignment Agreement with the Company;

The executive's compliance with an 18 month non-competition covenant; and

The executive's compliance with an 18 month non-solicitation covenant.

Death or Disability

In accordance with each executive officer's employment agreement, in the event of the death or disability of the executive during the executive's employment term, the following shall occur:

The executive's employment and the executive's employment agreement shall immediately and automatically terminate;

The Company shall pay the executive (or in the case of death, the executive's designated beneficiary) the executive's base salary and accrued but unpaid bonuses, in each case up to the date of termination; and

All equity awards granted to the executive, whether stock options or stock purchase rights under the Company's equity compensation plan, or other equity awards, that are unvested at the time of termination shall immediately become fully vested and exercisable upon such termination.

Table of Contents***Long Term Incentive Plan***

As part of each named executive officer's employment agreement, we have established a Long Term Incentive Plan pursuant to which each named executive officer would be entitled to receive a cash payment upon a Change of Control based on the equity value of the Company as reflected in the following table.

Name	From \$100 million to \$500 million	Each incremental \$50 million from \$500 million to \$1 billion	Each incremental \$50 million from \$1 billion to \$2 billion	Any Amount Over \$2 billion
Kevin Conroy	1.00%	0.50%	0.25%	0.00%
Manesh Arora	0.50%	0.25%	0.13%	0.00%
Graham Lidgard	0.50%	0.25%	0.13%	0.00%
Barry Berger	0.50%	0.25%	0.13%	0.00%

For example, in connection with a Change of Control transaction having an equity value of \$100,000,000, Mr. Conroy would receive a cash payout of \$1,000,000, and in the case of a Change of Control transaction having an equity value of \$600,000,000, Mr. Conroy would receive a cash payout of \$5,500,000 (\$5,000,000 + \$250,000 + \$250,000).

Termination Payments to Our Former President and Chief Executive Officer and Former Senior Vice President, Chief Financial Officer, Treasurer and Secretary

On March 31, 2009, we entered into release agreements with Messrs. Luber and Carelli that provided, in exchange for a general release in favor of us, for the accelerated payment of our salary continuation obligations in an aggregate amount of \$472,500 and \$287,500, respectively (such amounts, equal to eighteen months and fifteen months, respectively, of their base salaries as of the date of termination). In addition, the release agreements also provided for the repurchase by us of options held by Messrs. Luber and Carelli with respect to an aggregate of 895,000 shares of common stock. This repurchase was in lieu of accelerated vesting and an extension of the option exercise period under each executive's respective employee retention agreement. We paid Messrs. Luber and Carelli \$39,100 and \$10,900, respectively, to repurchase Mr. Luber's options to purchase 620,000 shares and Mr. Carelli's options to purchase 275,000 shares. The purchase price of the outstanding options represented a 75% discount from the estimated fair value of the vested options as of March 31, 2009. Messrs. Luber and Carelli retained the balance of their existing options, which will remain exercisable for two years following, and received nine months acceleration of vesting upon, the termination of their respective employment with us. In addition, we paid Mr. Luber \$22,700 for continued health insurance premium payments (such amounts, equal to eighteen months of his aggregate health insurance premium payments).

Director Compensation

2009 Compensation Policy for Non-Employee Directors

We maintain a compensation package for our non-employee directors, or Director Compensation Policy, to enable us to attract and retain, on a long-term basis, high-caliber directors who are not employees or officers of us or our subsidiaries.

Pursuant to the Director Compensation Policy in effect during 2009, in January 2009 all non-employee directors received annual compensation for board service paid in shares of restricted stock with a value as measured by the closing sale price of our common stock on the first trading day following January 1 as indicated in the following table, which vested in full one year from the date of grant.

	Annual Retainer (\$ value of Restricted Stock)
Chairman of the Board	37,500
Chairman of a Committee	35,000
Director	25,000

In addition, on the date of the first meeting of the Board of Directors following each annual meeting of our stockholders, each non-employee director received \$15,000 of shares of restricted stock (as measured by the closing sale price of our common stock on the first trading day following the date of such meeting of the Board of Directors), which vested in full one year from the date of grant.

Upon his or her initial election to the Board of Directors, a new director received \$25,000 of shares of restricted stock (as measured by the closing sale price of our common stock on the first trading day following the date of initial election), which vested in full one year from the date of grant.

Table of Contents

The foregoing compensation is in addition to reimbursement of all out-of-pocket expenses incurred by directors in attending meetings of the Board of Directors.

In December 2008, in lieu of the standard compensation package for non-employee directors Mr. Singer received 130,000 shares of restricted stock as an initial election grant and as an annual retainer for 2009. In connection with Mr. Singer's resignation, effective July 17, 2009, our Board of Directors accelerated the vesting of 84,054 shares of Mr. Singer's restricted stock and he forfeited his remaining 45,946 shares.

On October 14, 2009, the Board of Directors accelerated the vesting of all outstanding shares of restricted stock held by the non-employee directors.

Non-Employee Director Compensation in 2009

The following table provides compensation information for the one-year period ended December 31, 2009 for each non-employee member of our Board of Directors. No member of our Board employed by us receives separate compensation for services rendered as a member of our Board.

Name	Stock Awards \$(1)	Total (\$)

The amounts shown in this column indicate the full grant date fair value of stock awards computed in accordance with FASB ASC Topic 718. Generally, the full grant date fair value is the amount that we would expense in our financial statements over the award's vesting schedule. For additional information regarding the assumptions made in calculating these amounts, see the Notes to our audited, consolidated financial statements included in our Annual Report on Form 10-K. These amounts reflect our accounting expense for these awards and do not correspond to the actual value that will be recognized by the directors.

In addition to restricted stock, certain of our directors have received options as compensation in prior fiscal years. The aggregate number of option awards held by the following directors outstanding on December 31, 2009 was as follows:

PROPOSAL 2 APPROVAL OF 2010 OMNIBUS INCENTIVE COMPENSATION PLAN

On April 15, 2010, our Board of Directors adopted the 2010 Omnibus Long-Term Incentive Plan (the "Omnibus Plan") subject to the approval of our stockholders. The Board has directed that the proposal to approve the Omnibus Plan be submitted to our stockholders for their approval at the 2010 annual meeting. If approved by our stockholders, the Omnibus Plan will become effective upon such approval. Upon effectiveness of the Omnibus Plan, the Company's 2000 Stock Option and Incentive Plan will be frozen and no new grants will be made under that plan. No awards have been made under the Omnibus Plan.

The Board of Directors believes that the Omnibus Plan will further our compensation philosophy and programs. Our ability to attract, retain and motivate highly qualified officers, non-employee directors, key employees, consultants and advisors is critical to our success. The Board believes that the interests of the Company and its stockholders will be advanced if we can offer our officers, non-employee directors, key employees, consultants and advisors the opportunity to acquire or increase a direct proprietary interests in operations and future success of the Company. We currently anticipate that the number of shares reserved for awards under the Omnibus Plan will be sufficient to cover our equity awards for at least the next three years.

The material terms of the Omnibus Plan are summarized below. This summary of the Omnibus Plan is not intended to be a complete description of the Omnibus Plan and is qualified in its entirety by the actual text of the Omnibus Plan, which is attached as Appendix A to this proxy statement.

Material Features of the Omnibus Plan

Administration of the Plan. Our Board of Directors has such powers and authorities related to the administration of the Omnibus Plan as are consistent with our corporate governance documents and applicable law. Pursuant to its charter, the Omnibus Plan is administered by the Compensation Committee.

Type of Awards. The following types of awards are available for grant under the Omnibus Plan: incentive stock options ("ISOs"), non-qualified stock options ("NSOs"), stock appreciation rights ("SARs"), restricted stock, restricted stock units, cash- or stock-based performance awards (as defined in the Omnibus Plan) and other stock-based awards.

Number of Authorized Shares. Subject to adjustment (in connection with certain changes in capitalization), the initial number of shares of our common stock reserved for issuance under the Omnibus Plan is 4,400,000 shares. 4,400,000 of such shares of our common stock available for issuance under the Omnibus Plan shall be available for issuance under ISOs. The maximum number of each type of award (other than cash-based performance awards (as defined in the Omnibus Plan)) intended to constitute "performance-based compensation" under Section 162(m) ("Section 162(m)") of the Internal Revenue Code of 1986, as amended (the "Code") granted to any grantee in any 36-month period shall not exceed the following: Options: 4,400,000; SARs: 4,400,000; Restricted Stock: 3,250,000; Restricted Stock Units: 3,250,000; and Other Stock-based Performance Awards: 3,250,000.

Share Counting. The Omnibus Plan uses a "fungible share" concept under which the awards of options and SARs cause one share per covered share to be removed from the available share pool, while the award of restricted stock, restricted stock units, or other stock-based awards where the price charged for the award is less than 100% of the fair market value of our common stock will be counted

Table of Contents

against the pool as 1.35 shares. The number of shares of Common Stock available for the purpose of Awards under the Plan shall be reduced by: (1) the total number of SARs exercised, regardless of whether any of the shares of Common Stock underlying such Awards are not actually issued to the Grantee as the result of a net settlement; and (2) any shares of Common Stock used to pay any exercise price or tax withholding obligation with respect to any Award. Shares of our common stock underlying any outstanding stock option or other award granted under our 2000 Stock Option and Incentive Plan or any other predecessor employee stock plan of the Company that is forfeited, terminated or cancelled for any reason without issuance of such shares shall be available for the grant of new awards under the Omnibus Plan. Any award settled in cash shall not be counted as shares of our common stock for any purpose under the Omnibus Plan. If any award under the Omnibus Plan expires, or is terminated, surrendered or forfeited, in whole or in part, the unissued shares of our common stock covered by such award shall again be available for the grant of awards under the Omnibus Plan. If shares of our common stock issued pursuant to the Omnibus Plan are repurchased by, or are surrendered or forfeited to the Company at no more than cost, such shares of our common stock shall again be available for the grant of awards under the Omnibus Plan. In addition, in the case of any substitute award (as defined in the Omnibus Plan), such substitute award shall not be counted against the number of shares reserved under the Omnibus Plan.

Eligibility and Participation. Eligibility to participate in the Omnibus Plan is limited to such employees, officers, non-employee directors, consultants and advisors of the Company, or of any affiliate, as the Compensation Committee may determine and designate from time to time. As of April 30, 2010, approximately 17 employees, four officers, seven directors, ten consultants and no advisors would have been eligible to receive Awards under the Omnibus Plan.

Stock Options and SARs

Grant of Options and SARs. The Compensation Committee may award ISOs, NSOs (together, "options"), and SARs to grantees under the Omnibus Plan. SARs may be awarded either in tandem with or as a component of other awards or alone.

Exercise Price of Options and SARs. The exercise price per share of an option will be at least 100% of the fair market value per share of our stock underlying the award on the grant date. A SAR will confer on the grantee a right to receive, upon exercise, a payment of the excess of (1) the fair market value of one share of our stock on the date of exercise over (2) the grant price of the SAR as determined by the Compensation Committee. The grant price will be fixed at the fair market value of a share of stock on the date of grant. SARs granted in tandem with an outstanding option following the grant date of such option will have a grant price that is equal to the option's exercise price; provided, however, that the SAR's grant price may not be less than the fair market value of a share of stock on the grant date of the SAR.

Vesting of Options and SARs. The Compensation Committee will determine the terms and conditions (including any performance requirements) under which an option or SAR will become exercisable and will include such information in the award agreement.

Special Limitations on ISOs. In the case of a grant of an option intended to qualify as an ISO to a grantee that owns more than ten percent of the total combined voting power of all classes of our outstanding stock (a "Ten Percent Stockholder"), the exercise price of the option will not be less than 110% of the fair market value of a share of our stock on the grant date. Additionally, an option will

Table of Contents

constitute an ISO only (1) if the grantee is an employee of the Company or a subsidiary of the Company, (2) to the extent such option is specifically designated as an ISO in the related award agreement, and (3) to the extent that the aggregate fair market value (determined at the time the option is granted) of the shares of stock with respect to which all ISOs held by such grantee become exercisable for the first time during any calendar year (under the Omnibus Plan and all other plans of the grantee's employer and its affiliates) does not exceed \$100,000.

Exercise of Options and SARs. An option may be exercised by the delivery to us of written notice of exercise and payment in full of the exercise price (plus the amount of any taxes which we may be required to withhold). The Compensation Committee has the discretion to determine the method or methods by which a SAR may be exercised.

Expiration of Options and SARs. Options and SARs will expire at such time as the Compensation Committee determines; provided, however, that no option may be exercised more than ten years from the date of grant, or in the case of an ISO held by a Ten Percent Stockholder, not more than five years from the date of grant.

Restricted Stock and Restricted Stock Units

Restricted Stock. At the time a grant of restricted stock is made, the Compensation Committee may establish the applicable "restricted period" and prescribe restrictions in addition to or other than the expiration of the restricted period, including the satisfaction of corporate or individual performance objectives. Unless the Compensation Committee otherwise provides in an award agreement, holders of restricted stock will have the right to vote such stock and the right to receive any dividends declared or paid with respect to such stock. The Compensation Committee may provide that any such dividends paid must be reinvested in shares of stock, which may or may not be subject to the same vesting conditions and restrictions applicable to such restricted stock. All distributions, if any, received by a grantee with respect to restricted stock as a result of any stock split, stock dividend, combination of shares, or other similar transaction will be subject to the restrictions applicable to the original grant.

The grantee will be required, to the extent required by applicable law, to purchase the restricted stock at a price equal to the greater of (1) the aggregate par value of the shares of stock represented by such restricted stock or (2) the price, if any, specified in the award agreement relating to such restricted stock. If specified in the award agreement, the price may be deemed paid by services already rendered.

Restricted Stock Units. A restricted stock unit is a bookkeeping entry representing the equivalent of shares of stock awarded to a grantee. At the time a grant of restricted stock units is made, the Compensation Committee may establish the applicable "restricted period" and prescribe restrictions in addition to or other than the expiration of the restricted period, including the satisfaction of corporate or individual performance objectives. Restricted stock units will not confer stockholder rights to grantees. The Compensation Committee may provide that the holder of restricted stock units will be entitled to receive dividend equivalent rights, which may be deemed reinvested in additional restricted stock units.

Cash- and Stock-Based Performance Awards

The right of a grantee to exercise or receive a grant or settlement of any award, and the timing thereof, may be subject to such performance conditions as may be specified by the Compensation Committee. The Compensation Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may, subject to certain limitations in the case of a performance award intended to qualify under Section 162(m), exercise its discretion to reduce the amounts payable under any award subject to performance conditions.

We intend that performance awards granted to persons who are designated by the Compensation Committee as likely to be "Covered Employees" within the meaning of Section 162(m) and regulations thereunder will, if so designated by the Compensation Committee, constitute "qualified performance-based compensation" within the meaning of Section 162(m) and regulations thereunder. The grant, exercise and/or settlement of such performance awards will be contingent upon achievement of pre-established performance goals which will consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criterion. Performance goals will be objective and will otherwise meet the requirements of Section 162(m) and regulations thereunder. In addition, the maximum amount of each cash-based performance award intended to constitute "performance-based compensation" under Section 162(m) granted to a grantee in any 12-month period will not exceed \$5,000,000.

One or more of the following business criteria for the Company will be used exclusively by the Compensation Committee in establishing performance goals for such awards: net sales; revenue; revenue growth or product revenue growth; operating income (before or after taxes); pre- or after-tax income (before or after allocation of corporate overhead and bonuses); net earnings; earnings per share; net income (before or after taxes); return on equity; total stockholder return; return on assets or net assets; appreciation in and/or maintenance of, share price; market share; gross profits; earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes depreciation and amortization); economic value-added models or equivalent metrics; comparisons with various stock market indices; reduction in costs; cash flows or cash flows per share (before or after dividends); return on capital (including return on total capital or return on invested capital); cash flow return on investment; improvement in or attainment of expense levels or working capital levels; operating margins; gross margins or cash margin; year-end cash; debt reductions; stockholder equity; regulatory performance; implementation, completion or attainment of measurable objectives with respect to research, development, products or projects and recruiting and maintaining personnel; and, to the extent permitted by applicable law, any other business criteria as determined by the Compensation Committee.

Other Stock-Based Awards

The Compensation Committee may, in its discretion, grant other stock-based awards, consisting of stock units or other awards, valued in whole or in part by reference to, or otherwise based upon, our common stock. The terms of such other stock-based awards will be set forth in the applicable award agreements.

Effect of Certain Transactions. Except as otherwise provided in an award agreement (as defined in the Omnibus Plan), in the event of the liquidation or dissolution of the Company or a reorganization,

Table of Contents

merger, exchange or consolidation of the Company or involving the shares of our common stock (a "transaction"), the Omnibus Plan and the awards issued pursuant to the plan shall continue in effect in accordance with their respective terms, except that following a transaction either (1) each outstanding award will be treated as provided for in the agreement entered into in connection with the transaction or (2) if not so provided in such agreement, each grantee will be entitled to receive in respect of each share of our common stock subject to any outstanding awards, upon exercise or payment or transfer in respect of any award, the same number and kind of stock, securities, cash, property or other consideration that each holder of a share of our common stock was entitled to receive in the transaction in respect of a share of common stock; provided, however, that, unless otherwise determined by the Compensation Committee, such stock, securities, cash, property or other consideration shall remain subject to all of the conditions, restrictions and performance criteria which were applicable to the awards prior to such transaction. Without limiting the generality of the foregoing, the treatment of outstanding options and SARS in connection with a transaction in which the consideration paid or distributed to our stockholders is not entirely shares of common stock of the acquiring or resulting corporation may include the cancellation of outstanding options and SARS upon consummation of the transaction as long as, at the election of the Compensation Committee, (x) the holders of affected options and SARs have been given a period of at least fifteen days prior to the date of the consummation of the transaction to exercise the options or SARs (whether or not they were otherwise exercisable) or (y) the holders of the affected options and SARs are paid (in cash or cash equivalents) in respect of each share covered by the option or SAR being canceled an amount equal to the excess, if any, of the per share price paid or distributed to our stockholders in the transaction (the value of any non-cash consideration to be determined by the Compensation Committee in its sole discretion) over the option or SAR exercise price, as applicable. For avoidance of doubt, (1) the cancellation of options and SARs as described in the preceding sentence may be effected notwithstanding anything to the contrary contained in the Omnibus Plan or any award agreement and (2) if the amount determined pursuant to the preceding sentence is zero or less, the affected option or SAR may be cancelled without any payment therefor.

Change in Control. Except as otherwise specifically provided in the applicable award agreement, upon the consummation of a change in control (as defined in the Omnibus Plan): all outstanding awards shall remain the obligation of the Company or be assumed by the surviving or acquiring entity, and there shall be automatically substituted for the shares of our common stock then subject to such awards the consideration payable with respect of the outstanding shares of our common stock in connection with the change in control and all outstanding awards shall vest as if the vesting start date with respect to such award was one year prior to the vesting start date set forth in the award agreement relating to such award. In addition to the foregoing, with respect to awards granted prior to the consummation of the change in control, in the event that any such grantee who remains an employee of the Company or the acquiring or surviving entity immediately following the consummation of the change in control is terminated without cause (as defined in the Omnibus Plan) or terminates his or her own employment for good reason (as defined in the Omnibus Plan) prior to the first anniversary of the consummation of the change in control: (1) all options outstanding on the date such grantee's employment is terminated, shall become immediately exercisable in full and will terminate, to the extent unexercised, on their scheduled expiration date, and if the shares of our common stock subject to such options are subject to repurchase provisions then such repurchase restrictions shall immediately lapse; (2) all restricted stock awards outstanding on the date such grantee's employment is terminated, shall become free of all repurchase provisions; and (3) all other stock-based awards shall

Table of Contents

become exercisable, realizable or vested in full, or shall be free of all repurchase provisions, as the case may be.

Deferral Arrangements. The Compensation Committee may permit or require the deferral of any award payment into a deferred compensation arrangement.

Nontransferability of Awards. Generally, during the lifetime of a grantee, only the grantee may exercise rights under the Omnibus Plan and no award will be assignable or transferable other than by will or laws of descent and distribution. If authorized in the award agreement, a grantee may transfer, not for value, all or part of an award (other than an ISO) to certain family members (including trusts and foundations for the benefit thereof). Neither restricted stock nor restricted stock units may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the restricted period or prior to the satisfaction of any other restrictions prescribed by the Compensation Committee.

Separation from Service. The Compensation Committee may provide in the applicable award agreements for actions that will be taken upon a grantee's separation from service from the Company, including but not limited to, accelerated vesting or termination of awards.

Tax Withholding and Tax Offset Payments. We will have the right to deduct from payments of any kind otherwise due to a grantee any federal, state, or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to an award or upon the issuance of any shares of stock upon the exercise of an option or pursuant to an award.

Term of Plan. Unless earlier terminated by our Board of Directors, the authority to make grants under the Omnibus Plan will terminate on the date that is ten years after the effective date of the Omnibus Plan.

Amendment and Termination. The Compensation Committee may, at any time and from time to time, amend, suspend, or terminate the Omnibus Plan as to any shares of stock as to which awards have not been made. An amendment will be contingent on approval of our stockholders to the extent stated by our Board of Directors, required by applicable law or required by applicable stock exchange listing requirements. No awards will be made after termination of the Omnibus Plan. No amendment, suspension, or termination of the Omnibus Plan will, without the consent of the grantee, impair rights or obligations under any award theretofore awarded under the Omnibus Plan.

New Plan Benefits. All grants of awards under the Omnibus Plan will be discretionary. Therefore, in general, the benefits and amounts that will be received under the Omnibus Plan are not determinable.

Federal Income Tax Consequences. The following is a summary of the general federal income tax consequences to the Company and to U.S. taxpayers of awards granted under the Omnibus Plan. Tax consequences for any particular individual or under state or non-U.S. tax laws may be different.

NSOs and SARs. No taxable income is reportable when a NSO or SAR is granted. Upon exercise, generally, the recipient will have ordinary income equal to the fair market value of the underlying shares of stock on the exercise date minus the exercise price. Any gain or loss upon the disposition of the stock received upon exercise will be capital gain or loss to the recipient if the appropriate holding period under federal tax law is met for such treatment.

Table of Contents

ISOs. No taxable income is reportable when an ISO is granted or exercised (except for grantees who are subject to the alternative minimum tax, who may be required to recognize income in the year in which the ISO is exercised). If the recipient exercises the ISO and then sells the underlying shares of stock more than two years after the grant date and more than one year after the exercise date, the excess of the sale price over the exercise price will be taxed as long-term capital gain or loss. If the recipient exercises the ISO and sells the shares before the end of the two- or one-year holding periods, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the ISO.

Restricted Stock and Restricted Stock Units. A recipient of restricted stock or restricted stock units will not have taxable income upon the grant unless, in the case of restricted stock, he or she elects to be taxed at that time. Instead, he or she will have ordinary income at the time of vesting equal to the fair market value on the vesting date of the shares (or cash) received minus any amount paid for the shares.

Cash- and Stock-Based Performance Awards and Other Stock-Based Awards. Typically, a recipient will not have taxable income upon the grant of cash or stock-based performance awards or other stock-based awards. Subsequently, when the conditions and requirements for the grants have been satisfied and the payment determined, any cash received and the fair market value of any common stock received will constitute ordinary income to the recipient.

Tax Effect for the Company. We generally will receive a tax deduction for any ordinary income recognized by a grantee in respect of an award under the Omnibus Plan (for example, upon the exercise of a NSO). In the case of ISOs that meet the holding period requirements described above, the grantee will not recognize ordinary income; therefore, we will not receive a deduction.

Because we are a public company, special rules limit the deductibility of compensation paid to our CEO and to each of our three most highly compensated executive officers other than our CEO whose compensation is required to be reported annually in our proxy statement. Under Section 162(m), the annual compensation paid to each of these executives may not be deductible to the extent that it exceeds \$1 million. The limitation on deductions does not apply, however, to qualified "performance-based compensation." Certain awards under the Omnibus Plan, including options, SARs and cash- and stock-based performance awards, may constitute qualified performance-based compensation and, as such, would be exempt from the \$1 million limitation on deductible compensation.

Vote Required for Approval

PROPOSAL 3 APPROVAL OF 2010 EMPLOYEE STOCK PURCHASE PLAN

On April 15, 2010, the Board of Directors adopted the 2010 Employee Stock Purchase Plan (the "Stock Purchase Plan") subject to the approval of our stockholders. The Board has directed that the proposal to approve the Stock Purchase Plan be submitted to our stockholders for their approval at the 2010 annual meeting. If approved by our stockholders, the Stock Purchase Plan will become effective upon such approval.

The Stock Purchase Plan is intended to encourage stock ownership by all eligible employees of the Company so that they may share in the growth of the Company by acquiring or increasing their proprietary interests in the Company. The Stock Purchase Plan is designed to encourage eligible employees to remain in the employ of the Company. The Stock Purchase Plan is intended to qualify as an "employee stock purchase plan" as defined under Section 423 of the Code.

The material terms of the Stock Purchase Plan are summarized below. This summary of the Stock Purchase Plan is not intended to be a complete description of the Stock Purchase Plan and is qualified in its entirety by the actual text of the Stock Purchase Plan, which is attached as Appendix B to this proxy statement.

Material Features of the Stock Purchase Plan

Plan Administration. Pursuant to its charter, the Stock Plan is administered by the Compensation Committee. The Compensation Committee shall have the authority to interpret and construe the Stock Purchase Plan and any option granted under it, and such interpretation or construction shall be final unless otherwise determined by the Board of Directors. The Compensation Committee may adopt rules and regulations it deems appropriate for administering the Stock Purchase Plan so long as any such rules and regulations are applied on a uniform basis to all employees under the Stock Purchase Plan.

Stock Subject to the Stock Purchase Plan. The stock subject to the options under the Stock Purchase Plan shall be shares of the Company's authorized but unissued common stock or shares of common stock reacquired by the Company, including shares purchased in the open market. Subject to adjustment, the aggregate number of shares of our common stock which may be issued pursuant to Stock Purchase Plan is 300,000.

Eligibility and Participation. All employees of the Company or any of its participating subsidiaries whose customary employment is more than 20 hours per week and for more than five months in any calendar year are eligible to receive options under the Stock Purchase Plan. In no event may an employee be granted an option if such employee, immediately after the option was granted, would:

Own stock possessing 5% or more of the total combined voting power or value of all classes of stock of the Company or of any parent corporation or subsidiary corporation; or

Be permitted the right to purchase stock under the Stock Purchase Plan, and under all other employee stock purchase plans, as defined in Section 423(b)(8) of the Code, of the Company and any parent or subsidiary corporations, to accrue at a rate that exceeds \$25,000 worth of fair market value of such stock for each calendar year.

As of April 30, 2010, approximately 21 employees would have been eligible to receive options under the Stock Purchase Plan.

Table of Contents

Offering Periods. The Stock Purchase Plan provides for offering periods of 24 months commencing on November 1 and May 1 of each calendar year. The Company will designate one or more dates within each offering period on which shares of our common stock may be purchased by participants in an offering period. Unless and until otherwise determined by the Compensation Committee, there shall be four exercise dates occurring on each April 30 and October 31 within each offering period. Unless otherwise specified by the Compensation Committee, a participant may purchase a maximum of 10,000 shares of common stock during an offering period.

Grant of Options. On the first business day of each offering period, the Company will grant to each participant in the Stock Purchase Plan an option to purchase shares on the exercise dates for a maximum of 10,000 shares, on the condition that such participant remains eligible to participate in the Stock Purchase Plan on the exercise date.

Payroll Deductions. The Stock Purchase Plan permits participants to authorize payroll deductions in an amount not less than 1% but not more than 15% of the participant's total compensation, including base pay or salary and any overtime, bonuses or commissions. If the participant's accumulated payroll deductions on the last date of the offering period would enable the participant to purchase more than the maximum of 10,000 shares, the excess of the amount of the accumulated payroll deductions over the aggregate purchase price shall be promptly refunded to the participant. In the event that there are unused payroll deductions remaining in a participant's account at the end of an exercise date or an offering period by reason of the inability to purchase a fractional share, such payroll deductions shall be carried forward to the next exercise date or offering period.

Exercise of Options. Amounts deducted and accumulated by the participant are used to exercise the options granted to the participant. The participant shall be entitled to exercise the option so granted only to the extent of the participant's accumulated payroll deductions on the exercise date. For each share, the exercise price of the option shall be the lesser of 85% of the average market price of our common stock on the first business day of the offering period and 85% of the average market price of our common stock on the applicable exercise date. Each employee who continues to be a participant on an exercise date within an offering period shall be deemed to have exercised his or her option and shall be deemed to have purchased as many shares as the participant's accumulated payroll deductions will pay for at the exercise price, subject to the 10,000 maximum share limit described above.

Withdrawal from Participation. A participant may withdraw from the Stock Purchase Plan (in whole but not in part) at any time prior to the last day of an offering period by delivering a withdrawal notice to the Company. Any participant who withdraws during an offering period will not be permitted to exercise his or her options. An employee who has previously withdrawn may re-enter the Stock Purchase Plan by filing a new authorization at least ten days before the first day of the next offering period in which he or she wishes to participate. The employee's re-entry into the Stock Purchase Plan becomes effective at the beginning of such offering period, provided that he or she is an eligible employee on the first business day of the offering period. A participant's participation in the Stock Purchase Plan will also cease if: the participant ceases to be an eligible employee or the Stock Purchase Plan is terminated.

Changes in Capitalization and Similar Changes. In the event of any change in the outstanding shares of our common stock by reason of any reorganization, split-up, liquidation, recapitalization or otherwise, each participant shall be entitled to purchase such number of shares of our common stock or amount of other securities of the Company as were exchangeable for the number of shares of our

Table of Contents

common stock that such participant would have been entitled to purchase except for such action. The purchase price per share shall be appropriately adjusted to reflect such action. In the event of any stock dividend upon or with respect to shares of stock of the class which shall at the time subject to an option pursuant to the Stock Purchase Plan, each participant exercising such an option shall be entitled to receive the shares as to which the participant is exercising his or her option. In such event, the participant is also entitled to such number of shares of the class or classes in which such stock dividend was declared or paid, and such amount of cash in lieu of fractional shares, as is equal to the number of shares thereof and the amount of cash in lieu of fractional shares which the participant would have received if the participant had been the holder of the shares as to which the participant is exercising his or her option at all times between the date of the granting of such option and the date of such option's exercise. Upon the happening of any of the foregoing events, the class and aggregate number of shares which are subject to options which have been or may be granted under the Stock Purchase Plan shall be appropriately adjusted to reflect the occurrence of the relevant event.

Acquisition. The Stock Purchase Plan provides that in the event of an "acquisition" (as defined in the Stock Purchase Plan), the Compensation Committee or the successor board (as defined in the Stock Purchase Plan) shall, with respect to the options outstanding under the Stock Purchase Plan, either: (1) make appropriate provision for the continuation of such options by arranging for the substitution on an equitable basis for the shares then subject to such options either (a) the consideration payable with respect to the outstanding shares of our common stock in connection with the acquisition, (b) shares of stock of the successor corporation, or a parent or subsidiary of such successor corporation, or (c) such other securities as the successor board deems appropriate, the fair market value of which shall not materially exceed the fair market value of the shares of our common stock subject to such options immediately preceding the acquisition; or (2) terminate each participant's options in exchange for a cash payment equal to the excess of (a) the fair market value on the date of the acquisition of the number of shares of our common stock that the participant's accumulated payroll deductions as of the date of the acquisition could purchase, at an option price determined with reference only to the first business day of the applicable offering period, over (b) the result of multiplying such number of shares by such option price.

Term of the Stock Purchase Plan. Unless sooner terminated, the Stock Purchase Plan shall terminate on October 31, 2020. The Stock Purchase Plan may be terminated at any time by the Board of Directors but such termination shall not affect options then outstanding under the Stock Purchase Plan. The Stock Purchase Plan will terminate when all or substantially all of the unissued shares of stock reserved for the purposes of the Stock Purchase Plan have been purchased. The Compensation Committee or the Board of Directors may from time to time adopt amendments to the Stock Purchase Plan provided that, without the approval of the stockholders of the Company, no amendment may (1) increase the number of shares that may be issued under the Stock Purchase Plan; (2) change the class of employees eligible to receive options under the Stock Purchase Plan, if such action would be treated as the adoption of a new plan for purposes of Section 423(b) of the Code; or (3) cause Rule 16b-3 under the Exchange Act to become inapplicable to the Stock Purchase Plan.

Federal Income Tax Consequences. The following is a general summary of the federal income tax consequences to the Company and to U.S. taxpayers of options purchased under the Stock Purchase Plan. Tax consequences for any particular individual or under state or non-U.S. tax laws may be different.

Table of Contents

The amounts deducted from a participant's pay under the Stock Purchase Plan are included in his or her compensation that is subject to federal income taxes, and the Company will withhold taxes on these amounts. Generally, a participant will not recognize any taxable income (1) when options are granted pursuant to the Stock Purchase Plan, (2) when the shares of our common stock are purchased under the Stock Purchase Plan or (3) at the beginning or end of any offering period.

If the participant transfers shares of our common stock received upon the exercise of an option within a period of two years from the beginning of an offering period or one year from the date of receipt of the shares of our common stock (the "holding period"), then, in general, the participant will have taxable ordinary income in the year in which the transfer occurs in an amount equal to the excess of the fair market value at the end of the offering period over the exercise price. The participant will have long-term or short-term capital gain (or loss) in an amount equal to the amount by which the amount received for such common stock exceeds (is less than) the participant's tax basis in the common stock as increased by the amount of any ordinary income recognized as a result of the disqualifying disposition, if any.

If the participant transfers the shares of our common stock after the expiration of the holding period, he or she will generally have taxable ordinary income in the year in which the transfer occurs in an amount equal to the lesser of (a) any excess of the fair market value at the beginning of the offering period over the exercise price on that same date, and (b) any excess of the fair market value on the date on which the transfer occurs over the amount paid for the shares of our common stock. The participant will recognize capital gain (or loss) equal to the difference between the fair market value on the date of such transfer and the participant's tax basis in the common stock as increased by the amount of any ordinary income recognized as a result of such transfer.

Tax Effect for the Company. We generally will be entitled to a tax deduction for any ordinary income recognized by a participant in respect of options granted pursuant to the Stock Purchase Plan. The participant must remit to the Company an amount sufficient to satisfy all federal (including social security), state, and local withholding taxes incurred in connection with any recognition of ordinary income under the Stock Purchase Plan.

Vote Required for Approval

**PROPOSAL 4 RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

Proposal and Required Vote

The Audit Committee of the Board of Directors has appointed Grant Thornton as our independent registered public accounting firm for the fiscal year ending December 31, 2010. Grant Thornton was initially selected as our independent registered public accounting firm for the fiscal year ended December 31, 2009 following completion of a competitive process to select a firm conducted by the Audit Committee. As a result of this process, the Audit Committee dismissed Ernst & Young LLP as the Company's independent registered public accounting firm on May 12, 2009. Grant Thornton was engaged as the Company's independent registered public accounting firm as of June 16, 2009.

Ernst & Young LLP's audit report on the Company's consolidated financial statements as of and for the fiscal year ended December 31, 2008 did not contain an adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal year ended December 31, 2008 and through May 12, 2009, there were: (1) no disagreements between the Company and Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Ernst & Young LLP, would have caused Ernst & Young LLP to make reference to the subject matter of the disagreement in their reports on the financial statements for such years, and (2) no "reportable events" as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

Ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the shares present or represented at the 2010 Annual Meeting, in person or by proxy, and voting on such ratification. If stockholders fail to ratify the selection of Grant Thornton as the independent registered public accounting firm for 2010, the Audit Committee will reconsider whether to retain that firm. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year. A representative of Grant Thornton is expected to be present at the 2010 Annual Meeting. In addition to having the opportunity to make a statement, Grant Thornton's representative will be available to respond to any appropriate questions.

The Board recommends that the stockholders vote **FOR** ratification of the appointment of Grant Thornton as our independent registered public accounting firm for 2010.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Other than compensation agreements and other arrangements which are described in *"Compensation And Other Information Concerning Directors And Officers"* beginning on page 3, in 2009 there was not, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000 in which any director, executive officer, holder of five percent or more of any class of our capital stock or any member of their immediate family had or will have a direct or indirect material interest.

In April 2007, our Board of Directors adopted a written related person transaction approval policy, which sets forth our policies and procedures for the review, approval or ratification of any transaction required to be reported in our filings with the Securities and Exchange Commission. This policy was reviewed by our Board of Directors and updated in October 2009. Our policy is that the Audit

Committee shall review and either approve or disapprove of the entry into any related person transaction (as defined in the related person transaction approval policy). In the event that obtaining the advance approval of the Audit Committee is not feasible, the Audit Committee may ratify the related person transaction.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers and other nominee record holders may be participating in the practice of "householding." This means that only one copy of our annual report and proxy statement will be sent to stockholders who share the same last name and address. Householding is designed to reduce duplicate mailings and save significant printing and postage costs.

If you receive a household mailing this year and would like to receive additional copies of our annual report and/or proxy statement, please submit your request in writing to: Exact Sciences Corporation, 441 Charmany Drive, Madison, Wisconsin 53719, Attention: Secretary or by calling the Company at (608) 284-5700. Any stockholder who wants to receive separate copies of the proxy statement in the future, or who is currently receiving multiple copies and would like to receive only one copy for his or her household, should contact his or her bank, broker, or other nominee record holder.

STOCKHOLDER PROPOSALS

Proposals of stockholders intended for inclusion in the proxy statement to be furnished to all stockholders entitled to vote at the next annual meeting of our stockholders, pursuant to Rule 14a-8 promulgated under the Exchange Act by the SEC, must be received at our principal executive offices no later than January 31, 2011. Such proposals must also satisfy the procedures set forth in Rule 14a-8 under the Exchange Act. Our bylaws require stockholders who wish to make a proposal at the next annual meeting of our stockholders other than one that will be included in our proxy statement to notify us between March 19, 2011 and April 17, 2011. Such proposals must also satisfy the other requirements for stockholders proposals set forth in our bylaws.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Such persons are required by regulations of the SEC to furnish us with copies of all such filings. Based solely on our review of copies of such filings, we believe that all reporting persons complied on a timely basis with all Section 16(a) filing requirements during the year ended December 31, 2009, with the exception of Messrs. Luber and Carelli and Dr. Berger. Messrs. Luber and Carelli each made one late report covering eight and six transactions, respectively, and Dr. Berger filed his initial statement of beneficial ownership late.

If the Company cures the Good Reason condition during the Cure Period, and the Grantee terminates his or her employment with the Company due to such condition (notwithstanding its cure), then the Grantee will not be deemed to have terminated his or her employment for Good Reason.

2.19. 3. ADMINISTRATION OF THE PLAN

3.1. General.

The Board shall have such powers and authorities related to the administration of the Plan as are consistent with the Company's certificate of incorporation and bylaws and applicable law. The Board shall have the power and authority to delegate its responsibilities hereunder to the Committee, which shall have full authority to act in accordance with its charter, and with respect to the authority of the Board to act hereunder, all references to the Board shall be deemed to include a reference to the Committee, to the extent such power or responsibilities have been delegated. Except as specifically provided in **Section 14** or as otherwise may be required by applicable law, regulatory requirement or the certificate of incorporation or the bylaws of the Company, the Board shall have full power and authority to take all actions and to make all determinations required or provided for under the Plan, any Award or any Award Agreement, and shall have full power and authority to take all such other actions and make all such other determinations not inconsistent with the specific terms and provisions of the Plan that the Board deems to be necessary or appropriate to the administration of the Plan. The Committee shall administer the Plan; provided that, the Board shall retain the right to exercise the authority of the Committee to the extent consistent with applicable law and the applicable requirements of any securities exchange on which the Common Stock may then be listed. The interpretation and construction by the Board of any provision of the Plan, any Award or any Award Agreement shall be final, binding and conclusive. Without limitation, the Board shall have full and final authority, subject to the other terms and conditions of the Plan, to:

(i) designate Grantees;

(ii) determine the type or types of Awards to be made to a Grantee;

(iii) determine the number of shares of Stock to be subject to an Award;

(iv) establish the terms and conditions of each Award (including, but not limited to, the Option Price of any Option, the nature and duration of any restriction or condition (or provision for lapse thereof) relating to the vesting, exercise, transfer, or forfeiture of an Award or the shares of Stock subject thereto, and any terms or conditions that may be necessary to qualify Options as Incentive Stock Options);

(v) prescribe the form of each Award Agreement; and

Table of Contents

(vi) amend, modify, or supplement the terms of any outstanding Award including the authority, in order to effectuate the purposes of the Plan, to modify Awards to foreign nationals or individuals who are employed outside the United States to recognize differences in local law, tax policy, or custom.

To the extent permitted by applicable law, the Board may delegate its authority as identified herein to any individual or committee of individuals (who need not be directors), including without limitation the authority to make Awards to Grantees who are not subject to Section 16 of the Exchange Act or who are not Covered Employees. To the extent that the Board delegates its authority to make Awards as provided by this Section, all references in the Plan to the Board's authority to make Awards and determinations with respect thereto shall be deemed to include the Board's delegate. Any such delegate shall serve at the pleasure of, and may be removed at any time by the Board.

3.2. Restrictions; No Repricing.

Notwithstanding the foregoing, no amendment or modification may be made to an outstanding Option or SAR that causes the Option or SAR to become subject to Section 409A, without the Grantee's written prior approval. Notwithstanding any provision herein to the contrary, the repricing of Options or SARs is prohibited without prior approval of the Company's stockholders. For this purpose, a "repricing" means any of the following (or any other action that has the same effect as any of the following): (A) changing the terms of an Option or SAR to lower its Option Price or SAR Exercise Price; (B) any other action that is treated as a "repricing" under generally accepted accounting principles; and (C) repurchasing for cash or canceling an Option or SAR at a time when its Option Price or SAR Exercise Price is greater than the Fair Market Value of the underlying shares in exchange for another Award, unless the cancellation and exchange occurs in connection with a change in capitalization or similar change under **Section 15**. A cancellation and exchange under clause (C) would be considered a "repricing" regardless of whether it is treated as a "repricing" under generally accepted accounting principles and regardless of whether it is voluntary on the part of the Grantee.

3.3. Award Agreements.

The grant of any Award may be contingent upon the Grantee executing the appropriate Award Agreement. The Company may retain the right in an Award Agreement to cause a forfeiture of the gain realized by a Grantee on account of actions taken by the Grantee in violation or breach of or in conflict with any employment agreement, non-competition agreement, any agreement prohibiting solicitation of employees or clients of the Company or any Affiliate thereof or any confidentiality obligation with respect to the Company or any Affiliate thereof or otherwise in competition with the Company or any Affiliate thereof, to the extent specified in such Award Agreement applicable to the Grantee. Furthermore, the Company may annul an Award if the Grantee is terminated for Cause as defined in the applicable Award Agreement or the Plan, as applicable.

If any of the Company's financial statements are required to be restated, the Company may recover all or a portion of any Award made to any Grantee with respect to any fiscal year of the Company the financial results of which are negatively affected by such restatement. The amount to be recovered shall be the amount, as determined by the Committee, by which the affected Award exceeds the amount that would have been payable had the financial statements been initially filed as restated. In no event shall the amount to be recovered by the Company be less than the amount required to be repaid or recovered as a matter of law.

3.4. Deferral Arrangement.

The Board may permit or require the deferral of any Award payment into a deferred compensation arrangement, subject to such rules and procedures as it may establish and in accordance with Section 409A, which may include provisions for the payment or crediting of interest or dividend equivalents, including converting such credits into deferred Stock units.

3.5. No Liability.

No member of the Board or of the Committee shall be liable for any action or determination made in good faith with respect to the Plan, any Award or Award Agreement.

3.6. Book Entry.

Notwithstanding any other provision of this Plan to the contrary, the Company may elect to satisfy any requirement under this Plan for the delivery of stock certificates through the use of book-entry.

4. STOCK SUBJECT TO THE PLAN

4.1. Authorized Number of Shares

Subject to adjustment under **Section 15**, the aggregate number of shares of Common Stock that may be initially issued pursuant to the Plan is 4,400,000 shares. 4,400,000 of such shares of Common Stock available for issuance under the Plan shall be available for issuance under Incentive Stock Options. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares, treasury shares, or shares purchased on the open market or otherwise, all as determined by the Company from time to time. The maximum number of each type of Award (other than cash-based Performance Awards) intended to constitute "performance-based compensation" under Code Section 162(m) granted to any Grantee in any thirty-six (36) month period shall not exceed the following: Options: 4,400,000; SARs: 4,400,000; Restricted Stock: 3,250,000; Restricted Stock Units: 3,250,000; and Other Stock-based Performance Awards: 3,250,000.

4.2. Fungible Share Pool

Subject to adjustment under **Section 15**, any Award that is not a Full-Value Award shall be counted against the share limits specified in **Section 4.1** as one share for each share of Common Stock subject to such Award and any Award that is a Full-Value Award shall be counted against the share limits specified in **Section 4.1** as 1.35 shares for each one share of Common Stock subject to such Full-Value Award. To the extent a share that was subject to an Award that counted as one share is returned to the Plan pursuant to **Section 4.3**, each applicable share reserve will be credited with one share. To the extent that a share that was subject to an Award that counts as 1.35 shares is returned to the Plan pursuant to **Section 4.3**, each applicable share reserve will be credited with 1.35 shares.

4.3. Share Counting

The number of shares of Common Stock available for the purpose of Awards under the Plan shall be reduced by: (i) the total number of SARs exercised, regardless of whether any of the shares of Common Stock underlying such Awards are not actually issued to the Grantee as the result of a net settlement; and (ii) any shares of Common Stock used to pay any exercise price or tax withholding obligation with respect to any Award. Shares of Common Stock underlying any outstanding stock option or other Award granted under the Exact Corporation 2000 Stock Option and Incentive Plan or

Table of Contents

any other predecessor employee stock plan of the Company that is forfeited, terminated or cancelled for any reason without issuance of such shares shall be available for the grant of new Awards under this Plan. Any Award settled in cash shall not be counted as shares of Common Stock for any purpose under this Plan. If any Award under the Plan expires, or is terminated, surrendered or forfeited, in whole or in part, the unissued Common Stock covered by such Award shall again be available for the grant of Awards under the Plan. If shares of Common Stock issued pursuant to the Plan are repurchased by, or are surrendered or forfeited to the Company at no more than cost, such shares of Common Stock shall again be available for the grant of Awards under the Plan. In addition, in the case of any Substitute Award, such Substitute Award shall not be counted against the number of shares reserved under the Plan.

5. EFFECTIVE DATE, DURATION AND AMENDMENTS

5.1. Term.

The Plan shall be effective as of the Effective Date, provided that it has been approved by the Company's stockholders. The Plan shall terminate automatically on the ten (10) year anniversary of the Effective Date and may be terminated on any earlier date as provided in **Section 5.2.**

5.2. Amendment and Termination of the Plan.

The Board may, at any time and from time to time, amend, suspend, or terminate the Plan as to any Awards which have not been made. An amendment shall be contingent on approval of the Company's stockholders to the extent stated by the Board, required by applicable law or required by applicable stock exchange listing requirements. Notwithstanding the foregoing, any amendment to **Section 3.2** shall be contingent upon the approval of the Company's stockholders. No Awards shall be made after the Termination Date. The applicable terms of the Plan, and any terms and conditions applicable to Awards granted prior to the Termination Date shall survive the termination of the Plan and continue to apply to such Awards. No amendment, suspension, or termination of the Plan shall, without the consent of the Grantee, materially impair rights or obligations under any Award theretofore awarded.

6. AWARD ELIGIBILITY AND LIMITATIONS

6.1. Service Providers.

Subject to this Section, Awards may be made to any Service Provider, including any Service Provider who is an officer, non-employee member of the Board, consultant or advisor of the Company or of any Affiliate, as the Board shall determine and designate from time to time in its discretion.

6.2. Successive Awards.

An eligible person may receive more than one Award, subject to such restrictions as are provided herein.

6.3. Stand-Alone, Additional, Tandem, and Substitute Awards.

Awards may, in the discretion of the Board, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Company, any Affiliate, or any business entity to be acquired by the Company or an Affiliate, or any other right of a Grantee to receive payment from the Company or any Affiliate. Such additional,

tandem, and substitute or exchange Awards may be granted at any time. If an Award is granted in substitution or exchange for another Award, the Board shall have the right to require the surrender of such other Award in consideration for the grant of the new Award. Subject to **Section 3.2**, the board shall have the right, in its discretion, to make Awards in substitution or exchange for any other award under another plan of the Company, any Affiliate, or any business entity to be acquired by the Company or an Affiliate. In addition, Awards may be granted in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any Affiliate, in which the value of Stock subject to the Award is equivalent in value to the cash compensation (for example, Restricted Stock Units or Restricted Stock).

7. AWARD AGREEMENT

Each Award shall be evidenced by an Award Agreement, in such form or forms as the Board shall from time to time determine. Without limiting the foregoing, an Award Agreement may be provided in the form of a notice which provides that acceptance of the Award constitutes acceptance of all terms of the Plan and the notice. Award Agreements granted from time to time or at the same time need not contain similar provisions but shall be consistent with the terms of the Plan. Each Award Agreement evidencing an Award of Options shall specify whether such Options are intended to be Non-qualified Stock Options or Incentive Stock Options, and in the absence of such specification such options shall be deemed Non-qualified Stock Options.

8. TERMS AND CONDITIONS OF OPTIONS

8.1. Option Price.

The Option Price of each Option shall be fixed by the Board and stated in the related Award Agreement. The Option Price of each Option (except those that constitute Substitute Awards) shall be at least the Fair Market Value on the Grant Date of a share of Stock; provided, however, that in the event that a Grantee is a Ten Percent Stockholder as of the Grant Date, the Option Price of an Option granted to such Grantee that is intended to be an Incentive Stock Option shall be not less than 110 percent of the Fair Market Value of a share of Stock on the Grant Date. In no case shall the Option Price of any Option be less than the par value of a share of Stock.

8.2. Vesting.

Subject to **Section 8.3** hereof, each Option shall become exercisable at such times and under such conditions (including, without limitation, performance requirements) as shall be determined by the Board and stated in the Award Agreement.

8.3. Term.

Each Option shall terminate, and all rights to purchase shares of Stock thereunder shall cease, upon the expiration of ten (10) years from the Grant Date, or under such circumstances and on such date prior thereto as is set forth in the Plan or as may be fixed by the Board and stated in the related Award Agreement; provided, however, that in the event that the Grantee is a Ten Percent Stockholder, an Option granted to such Grantee that is intended to be an Incentive Stock Option at the Grant Date shall not be exercisable after the expiration of five (5) years from its Grant Date.

Table of Contents

8.4. Limitations on Exercise of Option.

Notwithstanding any other provision of the Plan, in no event may any Option be exercised, in whole or in part, (i) prior to the date the Plan is approved by the stockholders of the Company as provided herein or (ii) after the occurrence of an event which results in termination of the Option.

8.5. Method of Exercise.

An Option that is exercisable may be exercised by the Grantee's delivery of a notice of exercise to the Company, setting forth the number of shares of Stock with respect to which the Option is to be exercised, accompanied by full payment for the shares. To be effective, notice of exercise must be made in accordance with procedures established by the Company from time to time.

8.6. Rights of Holders of Options.

Unless otherwise stated in the related Award Agreement, an individual holding or exercising an Option shall have none of the rights of a stockholder (for example, the right to receive cash or dividend payments or distributions attributable to the subject shares of Stock or to direct the voting of the subject shares of Stock) until the shares of Stock covered thereby are fully paid and issued to him. Except as provided in **Section 15** hereof or the related Award Agreement, no adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date of such issuance.

8.7. Delivery of Stock Certificates.

Promptly after the exercise of an Option by a Grantee and the payment in full of the Option Price, such Grantee shall be entitled to the issuance of a stock certificate or certificates evidencing his or her ownership of the shares of Stock subject to the Option.

8.8. Limitations on Incentive Stock Options.

An Option shall constitute an Incentive Stock Option only (i) if the Grantee of such Option is an employee of the Company or any Subsidiary of the Company; (ii) to the extent specifically provided in the related Award Agreement; and (iii) to the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Stock with respect to which all Incentive Stock Options held by such Grantee become exercisable for the first time during any calendar year (under the Plan and all other plans of the Grantee's employer and its Affiliates) does not exceed \$100,000. This limitation shall be applied by taking Options into account in the order in which they were granted.

9. TERMS AND CONDITIONS OF STOCK APPRECIATION RIGHTS

9.1. Right to Payment.

A SAR shall confer on the Grantee a right to receive, upon exercise thereof, the excess of (i) the Fair Market Value of one share of Stock on the date of exercise over (ii) the SAR Exercise Price, as determined by the Board. The Award Agreement for an SAR shall specify the SAR Exercise Price, which shall be fixed at the Fair Market Value of a share of Stock on the Grant Date. SARs may be granted alone or in conjunction with all or part of an Option or at any subsequent time during the term of such Option or in conjunction with all or part of any other Award. A SAR granted in tandem with an outstanding Option following the Grant Date of such Option shall have a grant price that is equal to the Option Price; provided, however, that the SAR's grant price may not be less than the Fair Market Value of a share of Stock on the Grant Date of the SAR.

9.2. Other Terms.

The Board shall determine at the Grant Date or thereafter, the time or times at which and the circumstances under which a SAR may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the time or times at which SARs shall cease to be or become exercisable following Separation from Service or upon other conditions, the method of exercise, whether or not a SAR shall be in tandem or in combination with any other Award, and any other terms and conditions of any SAR.

9.3. Term of SARs.

The term of a SAR granted under the Plan shall be determined by the Board, in its sole discretion; provided, however, that such term shall not exceed ten (10) years.

9.4. Payment of SAR Amount.

Upon exercise of a SAR, a Grantee shall be entitled to receive payment from the Company (in cash or Stock, as determined by the Board) in an amount determined by multiplying:

- (i) the difference between the Fair Market Value of a share of Stock on the date of exercise over the SAR Exercise Price; by
- (ii) the number of shares of Stock with respect to which the SAR is exercised.

10. TERMS AND CONDITIONS OF RESTRICTED STOCK AND RESTRICTED STOCK UNITS

10.1. Restrictions.

At the time of grant, the Board may, in its sole discretion, establish a period of time (a "restricted period") and any additional restrictions including the satisfaction of corporate or individual performance objectives applicable to an Award of Restricted Stock or Restricted Stock Units in accordance with **Section 12.1** and **12.2**. Each Award of Restricted Stock or Restricted Stock Units may be subject to a different restricted period and additional restrictions. Neither Restricted Stock nor Restricted Stock Units may be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the restricted period or prior to the satisfaction of any other applicable restrictions.

Table of Contents

10.2. Restricted Stock Certificates.

The Company shall issue stock, in the name of each Grantee to whom Restricted Stock has been granted, stock certificates or other evidence of ownership representing the total number of shares of Restricted Stock granted to the Grantee, as soon as reasonably practicable after the Grant Date. The Board may provide in an Award Agreement that either (i) the Secretary of the Company shall hold such certificates for the Grantee's benefit until such time as the Restricted Stock is forfeited to the Company or the restrictions lapse, or (ii) such certificates shall be delivered to the Grantee; provided, however, that such certificates shall bear a legend or legends that comply with the applicable securities laws and regulations and make appropriate reference to the restrictions imposed under the Plan and the Award Agreement.

10.3. Rights of Holders of Restricted Stock.

Unless the Board otherwise provides in an Award Agreement, holders of Restricted Stock shall have rights as stockholders of the Company, including voting and dividend rights.

10.4. Rights of Holders of Restricted Stock Units.

10.4.1. Settlement of Restricted Stock Units.

Restricted Stock Units may be settled in cash or Stock, as determined by the Board and set forth in the Award Agreement. The Award Agreement shall also set forth whether the Restricted Stock Units shall be settled (i) within the time period specified in **Section 17.9.1** for short term deferrals or (ii) otherwise within the requirements of Section 409A, in which case the Award Agreement shall specify upon which events such Restricted Stock Units shall be settled.

10.4.2. Voting and Dividend Rights.

Unless otherwise stated in the applicable Award Agreement, holders of Restricted Stock Units shall not have rights as stockholders of the Company, including no voting or dividend or dividend equivalents rights.

10.4.3. Creditor's Rights.

A holder of Restricted Stock Units shall have no rights other than those of a general creditor of the Company. Restricted Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Award Agreement.

10.5. Purchase of Restricted Stock.

The Grantee shall be required, to the extent required by applicable law, to purchase the Restricted Stock from the Company at a Purchase Price equal to the greater of (i) the aggregate par value of the shares of Stock represented by such Restricted Stock or (ii) the Purchase Price, if any, specified in the related Award Agreement. If specified in the Award Agreement, the Purchase Price may be deemed paid by Services already rendered. The Purchase Price shall be payable in a form described in **Section 11** or, in the discretion of the Board, in consideration for past Services rendered.

10.6. Delivery of Stock.

Upon the expiration or termination of any restricted period and the satisfaction of any other conditions prescribed by the Board, the restrictions applicable to shares of Restricted Stock or Restricted Stock Units settled in Stock shall lapse, and, unless otherwise provided in the Award

Table of Contents

Agreement, a stock certificate for such shares shall be delivered, free of all such restrictions, to the Grantee or the Grantee's beneficiary or estate, as the case may be.

11. FORM OF PAYMENT FOR OPTIONS AND RESTRICTED STOCK

11.1. General Rule.

Payment of the Option Price for the shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock shall be made in cash or in cash equivalents acceptable to the Company, except as provided in this **Section 11**.

11.2. Surrender of Stock.

To the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock may be made all or in part through the tender to the Company of shares of Stock, which shares shall be valued, for purposes of determining the extent to which the Option Price or Purchase Price for Restricted Stock has been paid thereby, at their Fair Market Value on the date of exercise or surrender. Notwithstanding the foregoing, in the case of an Incentive Stock Option, the right to make payment in the form of already owned shares of Stock may be authorized only at the time of grant.

11.3. Cashless Exercise.

With respect to an Option only (and not with respect to Restricted Stock), to the extent permitted by law and to the extent the Award Agreement so provides, payment of the Option Price may be made all or in part by delivery (on a form acceptable to the Company) of an irrevocable direction to a licensed securities broker acceptable to the Company to sell shares of Stock and to deliver all or part of the sales proceeds to the Company in payment of the Option Price and any withholding taxes described in **Section 17.3**.

11.4. Other Forms of Payment.

To the extent the Award Agreement so provides, payment of the Option Price or the Purchase Price for Restricted Stock may be made in any other form that is consistent with applicable laws, regulations and rules, including, but not limited to, the Company's withholding of shares of Stock otherwise due to the exercising Grantee.

12. TERMS AND CONDITIONS OF PERFORMANCE AWARDS

12.1. Performance Conditions.

The right of a Grantee to exercise or receive a grant or settlement of any Award, and the timing thereof, may be subject to such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may exercise its discretion to reduce the amounts payable under any Award subject to performance conditions, except as limited under **Section 12.2** hereof in the case of a Performance Award intended to qualify under Code Section 162(m).

Table of Contents

12.2. Performance Awards Granted to Designated Covered Employees.

If and to the extent that the Committee determines that a Performance Award to be granted to a Grantee who is designated by the Committee as likely to be a Covered Employee should qualify as "performance-based compensation" for purposes of Code Section 162(m), the grant, exercise and/or settlement of such Performance Award shall be contingent upon achievement of pre-established performance goals and other terms set forth in this **Section 12.2.**

12.2.1. Performance Goals Generally.

The performance goals for such Performance Awards shall consist of one or more business criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this **Section 12.2.** Performance goals shall be objective and shall otherwise meet the requirements of Code Section 162(m) and regulations thereunder including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being "substantially uncertain." The Committee may determine that such Performance Awards shall be granted, exercised and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance Awards. Performance goals may, in the discretion of the Committee, be established on a Company-wide basis, or with respect to one or more business units, divisions, subsidiaries or business segments, as applicable. Performance goals may be absolute or relative (to the performance of one or more comparable companies or indices). Measurement of performance goals may exclude (in the discretion of the Committee) the impact of charges for restructuring, discontinued operations, extraordinary items, and other unusual non-recurring items, and the cumulative effects of tax or accounting changes (each as defined by generally accepted accounting principles and as identified in the Company's financial statements or other SEC filings). Performance goals may differ for Performance Awards granted to any one Grantee or to different Grantees.

12.2.2. Business Criteria.

One or more of the following business criteria for the Company, on a consolidated basis, and/or specified subsidiaries or business units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used exclusively by the Committee in establishing performance goals for such Performance Awards: net sales; revenue; revenue growth or product revenue growth; operating income (before or after taxes); pre-or after-tax income (before or after allocation of corporate overhead and bonuses; net earnings; earnings per share; net income (before or after taxes); return on equity; total shareholder return; return on assets or net assets; appreciation in and/or maintenance of, share price; market share; gross profits; earnings (including earnings before taxes, earnings before interest and taxes or earnings before interest, taxes depreciation and amortization); economic value-added models or equivalent metrics; comparisons with various stock market indices; reduction in costs; cash flow or cash flow per share (before or after dividends); return on capital (including return on total capital or return on invested capital; cash flow return on investment; improvement in or attainment of expense levels or working capital levels; operating margins; gross margins or cash margin; year-end cash; debt reductions; shareholder equity; regulatory performance; implementation, completion or attainment of measurable objectives with respect to research, development, products or projects and recruiting and maintaining personnel and any other business criteria established by the Committee.

12.2.3. Timing for Establishing Performance Goals.

Performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such Performance Awards, or at such other date as may be required or permitted for "performance-based compensation" under Code Section 162(m).

12.2.4. Settlement of Performance Awards; Other Terms.

Settlement of Performance Awards shall be in cash, Stock, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance Awards. The maximum amount of each cash-based Performance Award intended to constitute "performance-based compensation" under Code Section 162(m) granted to any Grantee in any twelve (12) month period shall not exceed \$5,000,000.

12.3. Written Determinations.

All determinations by the Committee as to the establishment of performance goals, the amount of any Performance Award pool or potential individual Performance Awards and as to the achievement of performance goals relating to Performance Awards, shall be made in writing in the case of any Award intended to qualify under Code Section 162(m) to the extent required by Code Section 162(m). To the extent permitted by Code Section 162(m), the Committee may delegate any responsibility relating to such Performance Awards.

12.4. Status of Section 12.2 Awards under Code Section 162(m).

It is the intent of the Company that Performance Awards under **Section 12.2** hereof granted to persons who are designated by the Committee as likely to be Covered Employees within the meaning of Code Section 162(m) and regulations thereunder shall, if so designated by the Committee, constitute "qualified performance-based compensation" within the meaning of Code Section 162(m) and regulations thereunder. Accordingly, the terms of **Section 12.2**, including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with Code Section 162(m) and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Grantee will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of Performance Awards, as likely to be a Covered Employee with respect to that fiscal year. If any provision of the Plan or any agreement relating to such Performance Awards does not comply or is inconsistent with the requirements of Code Section 162(m) or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

13. OTHER STOCK-BASED AWARDS

13.1. Grant of Other Stock-based Awards.

Other Stock-based Awards may be granted either alone or in addition to or in conjunction with other Awards under the Plan. Other Stock-based Awards may be granted in lieu of other cash or other compensation to which a Service Provider is entitled from the Company or may be used in the settlement of amounts payable in shares of Common Stock under any other compensation plan or arrangement of the Company, including without limitation, the Company's incentive compensation plan. Subject to the provisions of the Plan, the Committee shall have the sole and complete authority to

Table of Contents

determine the persons to whom and the time or times at which such Awards shall be made, the number of shares of Common Stock to be granted pursuant to such Awards, and all other conditions of such Awards. Unless the Committee determines otherwise, any such Award shall be confirmed by an Award Agreement, which shall contain such provisions as the Committee determines to be necessary or appropriate to carry out the intent of this Plan with respect to such Award.

13.2. Terms of Other Stock-based Awards.

Any Common Stock subject to Awards made under this **Section 13** may not be sold, assigned, transferred, pledged or otherwise encumbered prior to the date on which the shares are issued, or, if later, the date on which any applicable restriction, performance or deferral period lapses.

14. REQUIREMENTS OF LAW

14.1. General.

The Company shall not be required to sell or issue any shares of Stock under any Award if the sale or issuance of such shares would constitute a violation by the Grantee, any other individual exercising an Option, or the Company of any provision of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations. If at any time the Company shall determine, in its discretion, that the listing, registration or qualification of any shares subject to an Award upon any securities exchange or under any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the issuance or purchase of shares hereunder, no shares of Stock may be issued or sold to the Grantee or any other individual exercising an Option pursuant to such Award unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company, and any delay caused thereby shall in no way affect the date of termination of the Award. Specifically, in connection with the Securities Act, upon the exercise of any Option or the delivery of any shares of Stock underlying an Award, unless a registration statement under such Act is in effect with respect to the shares of Stock covered by such Award, the Company shall not be required to sell or issue such shares unless the Board has received evidence satisfactory to it that the Grantee or any other individual exercising an Option may acquire such shares pursuant to an exemption from registration under the Securities Act. Any determination in this connection by the Board shall be final, binding, and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option or the issuance of shares of Stock pursuant to the Plan to comply with any law or regulation of any governmental authority. As to any jurisdiction that expressly imposes the requirement that an Option shall not be exercisable until the shares of Stock covered by such Option are registered or are exempt from registration, the exercise of such Option (under circumstances in which the laws of such jurisdiction apply) shall be deemed conditioned upon the effectiveness of such registration or the availability of such an exemption.

14.2. Rule 16b-3.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, it is the intent of the Company that Awards and the exercise of Options granted to officers and directors hereunder will qualify for the exemption provided by Rule 16b-3 under the Exchange Act. To the extent that any provision of the Plan or action by the Board or Committee does not comply with the requirements of Rule 16b-3, it shall be deemed inoperative to the extent permitted

Table of Contents

by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

15. EFFECT OF CHANGES IN CAPITALIZATION

15.1. Changes in Stock.

If (i) the number of outstanding shares of Stock is increased or decreased or the shares of Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the Effective Date or (ii) there occurs any spin-off, split-up, extraordinary cash dividend or other distribution of assets by the Company, the number and kinds of shares for which grants of Options and Other Stock-based Awards may be made under the Plan (including the per-Grantee maximums set forth in **Section 4**) shall be equitably adjusted by the Company; provided that any such adjustment shall comply with Section 409A. In addition, in the event of any such increase or decrease in the number of outstanding shares or other transaction described in clause (ii) above, the number and kind of shares for which Awards are outstanding and the Option Price per share of outstanding options and SAR Exercise Price per share of outstanding SARs shall be equitably adjusted; provided that any such adjustment shall comply with Section 409A.

15.2. Effect of Certain Transactions.

Except as otherwise provided in an Award Agreement and subject to the provisions of **Section 15.3**, in the event of (a) the liquidation or dissolution of the Company or (b) a reorganization, merger, exchange or consolidation of the Company or involving the shares of Common Stock (a "Transaction"), the Plan and the Awards issued hereunder shall continue in effect in accordance with their respective terms, except that following a Transaction either (i) each outstanding Award shall be treated as provided for in the agreement entered into in connection with the Transaction or (ii) if not so provided in such agreement, each Grantee shall be entitled to receive in respect of each share of Common Stock subject to any outstanding Awards, upon exercise or payment or transfer in respect of any Award, the same number and kind of stock, securities, cash, property or other consideration that each holder of a share of Common Stock was entitled to receive in the Transaction in respect of a share of Common stock; provided, however, that, unless otherwise determined by the Committee, such stock, securities, cash, property or other consideration shall remain subject to all of the conditions, restrictions and performance criteria which were applicable to the Awards prior to such Transaction. Without limiting the generality of the foregoing, the treatment of outstanding Options and Stock Appreciation Rights pursuant to this **Section 15.2** in connection with a Transaction in which the consideration paid or distributed to the Company's stockholders is not entirely shares of common stock of the acquiring or resulting corporation may include the cancellation of outstanding Options and Stock Appreciation Rights upon consummation of the Transaction as long as, at the election of the Committee, (i) the holders of affected Options and SARs have been given a period of at least fifteen days prior to the date of the consummation of the Transaction to exercise the Options or SARs (whether or not they were otherwise exercisable) or (ii) the holders of the affected Options and SARs are paid (in cash or cash equivalents) in respect of each Share covered by the Option or SAR being

Table of Contents

canceled an amount equal to the excess, if any, of the per share price paid or distributed to stockholders in the transaction (the value of any non-cash consideration to be determined by the Committee in its sole discretion) over the Option Price or SAR Exercise Price, as applicable. For avoidance of doubt, (1) the cancellation of Options and SARs pursuant to clause (ii) of the preceding sentence may be effected notwithstanding anything to the contrary contained in this Plan or any Award Agreement and (2) if the amount determined pursuant to clause (ii) of the preceding sentence is zero or less, the affected Option or SAR may be cancelled without any payment therefore. The treatment of any Award as provided in this **Section 15.2** shall be conclusively presumed to be appropriate for purposes of **Section 15.1**.

15.3. Change in Control

15.3.1. Consequences of a Change in Control

Except as otherwise specifically provided in the applicable Award Agreement and withstanding any provision herein to the contrary, upon the consummation of a Change in Control: (i) all outstanding Awards shall remain the obligation of the Company or be assumed by the surviving or acquiring entity, and there shall be automatically substituted for the shares of Common Stock then subject to such Awards the consideration payable with respect of the outstanding shares of Common Stock in connection with the Change in Control and (ii) all outstanding Awards shall vest as if the vesting start date with respect to such Award was one year prior to the vesting start date set forth in the Award Agreement relating to such Award. In addition to the foregoing, with respect to Awards granted prior to the consummation of the Change in Control, in the event that any such Grantee who remains an employee of the Company or the acquiring or surviving entity immediately following the consummation of the Change in Control is terminated without Cause or terminates his or her own employment for Good Reason prior to the first anniversary of the consummation of the Change in Control: (1) all Options outstanding on the date such Grantee's employment is terminated, shall become immediately exercisable in full and will terminate, to the extent unexercised, on their scheduled expiration date, and if the shares of Common Stock subject to such Options are subject to repurchase provisions then such repurchase restrictions shall immediately lapse; (2) all Restricted Stock Awards outstanding on the date such Grantee's employment is terminated, shall become free of all repurchase provisions; and (3) all Other Stock-based Awards shall become exercisable, realizable or vested in full, or shall be free of all repurchase provisions, as the case may be.

15.3.2. Change in Control Defined

A Change in Control shall mean: (i) any merger, consolidation or purchase of outstanding capital stock of the Company after which the voting securities of the Company outstanding immediately prior thereto represent (either by remaining outstanding or by being converted into voting securities of the surviving or acquiring entity) less than 50% of the combined voting power of the voting securities of the Company or such surviving or acquiring entity outstanding immediately after such event (other than as a result of a financing transaction); (ii) any sale of all or substantially all of the assets or capital stock of the Company (other than in a spin-off or similar transaction) or (iii) any other acquisition of the business of the Company, as determined by the Board.

Notwithstanding the foregoing, if it is determined that an Award hereunder is subject to the requirements of Section 409A, the Company will not be deemed to have undergone a Change in Control unless the Company is deemed to have undergone a "change in control event" pursuant to the definition of such term in Section 409A.

Table of Contents

15.3.3. Parachute Awards.

Except as otherwise specifically provided in the applicable Award Agreement, notwithstanding the provisions of **Section 15.3.1**, if, in connection with an Change in Control described therein, a tax under Section 4999 of the Code would be imposed on the Grantee (after taking into account the exceptions set forth in Sections 280G(b)(4) and 280(G)(b)(5) of the Code), then the number of Awards which shall become exercisable, realizable or vested as provided in such section shall be reduced (or delayed), to the minimum extent necessary, so that no such tax would be imposed on the Grantee (the Awards not becoming so accelerated, realizable or vested, the "Parachute Awards"); provided, however, that if the "aggregate present value" of the Parachute Awards would exceed the tax that, but for this sentence, would be imposed on the Grantee under Section 4999 of the Code in connection with the Change in Control, then the Awards shall become immediately exercisable, realizable, and vested without regard to the provisions of this sentence. For purposes of the preceding sentence, the "aggregate present value" of an Award shall be calculated on an after-tax basis (other than taxes imposed by Section 4999 of the Code) and shall be based on economic principles rather than the principles set forth under Section 280G of the Code and the regulations promulgated thereunder. All determinations required to be made under this **Section 15.3.3** shall be made by the Company.

15.4. Adjustments.

Adjustments under this **Section 15** related to shares of Stock or securities of the Company shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. No fractional shares or other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share.

16. NO LIMITATIONS ON COMPANY

The making of Awards pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure or to merge, consolidate, dissolve, or liquidate, or to sell or transfer all or any part of its business or assets.

17. TERMS APPLICABLE GENERALLY TO AWARDS GRANTED UNDER THE PLAN

17.1. Disclaimer of Rights.

No provision in the Plan or in any Award Agreement shall be construed to confer upon any individual the right to remain in the employ or service of the Company or any Affiliate, or to interfere in any way with any contractual or other right or authority of the Company either to increase or decrease the compensation or other payments to any individual at any time, or to terminate any employment or other relationship between any individual and the Company. In addition, notwithstanding anything contained in the Plan to the contrary, unless otherwise stated in the applicable Award Agreement, no Award granted under the Plan shall be affected by any change of duties or position of the Grantee, so long as such Grantee continues to be a Service Provider. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described herein, in the manner and under the conditions prescribed herein. The Plan shall in no way be interpreted to require the Company to

Table of Contents

transfer any amounts to a third party trustee or otherwise hold any amounts in trust or escrow for payment to any Grantee or beneficiary under the terms of the Plan.

17.2. Nonexclusivity of the Plan.

Neither the adoption of the Plan nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations upon the right and authority of the Board to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of individuals or specifically to a particular individual or particular individuals), including, without limitation, the granting of stock options as the Board in its discretion determines desirable.

17.3. Withholding Taxes.

The Company or an Affiliate, as the case may be, shall have the right to deduct from payments of any kind otherwise due to a Grantee any federal, state, or local taxes of any kind required by law to be withheld (i) with respect to the vesting of or other lapse of restrictions applicable to an Award, (ii) upon the issuance of any shares of Stock upon the exercise of an Option or SAR, or (iii) otherwise due in connection with an Award. At the time of such vesting, lapse, or exercise, the Grantee shall pay to the Company or the Affiliate, as the case may be, any amount that the Company or the Affiliate may reasonably determine to be necessary to satisfy such withholding obligation. Subject to the prior approval of the Company or the Affiliate, which may be withheld by the Company or the Affiliate, as the case may be, in its sole discretion, the Grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company or the Affiliate to withhold the minimum required number of shares of Stock otherwise issuable to the Grantee as may be necessary to satisfy such withholding obligation or (ii) by delivering to the Company or the Affiliate shares of Stock already owned by the Grantee. The shares of Stock so delivered or withheld shall have an aggregate Fair Market Value equal to such withholding obligations. The Fair Market Value of the shares of Stock used to satisfy such withholding obligation shall be determined by the Company or the Affiliate as of the date that the amount of tax to be withheld is to be determined. A Grantee who has made an election pursuant to this **Section 17.3** may satisfy his or her withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting, or other similar requirements.

17.4. Captions.

The use of captions in this Plan or any Award Agreement is for the convenience of reference only and shall not affect the meaning of any provision of the Plan or any Award Agreement.

17.5. Other Provisions.

Each Award Agreement may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Board, in its sole discretion. In the event of any conflict between the terms of an employment agreement and the Plan, the terms of the employment agreement govern.

17.6. Number and Gender.

With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

Table of Contents

17.7. Severability.

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

17.8. Governing Law.

The Plan shall be governed by and construed in accordance with the laws of the State of Wisconsin without giving effect to the principles of conflicts of law, provided that the provisions set forth herein that are required to be governed by the Delaware General Corporation Law shall be governed by such law.

17.9. Section 409A.

17.9.1. Short-Term Deferrals.

For each Award intended to comply with the short-term deferral exception provided for under Section 409A, the related Award Agreement shall provide that such Award shall be paid out by the later of (i) the 15th day of the third month following the Grantee's first taxable year in which the Award is no longer subject to a substantial risk of forfeiture or (ii) the 15th day of the third month following the end of the Company's first taxable year in which the Award is no longer subject to a substantial risk of forfeiture.

17.9.2. Adjustments.

To the extent that the Board determines that a Grantee would be subject to the additional 20% tax imposed on certain deferred compensation arrangements pursuant to Section 409A as a result of any provision of any Award, to the extent permitted by Section 409A, such provision shall be deemed amended to the minimum extent necessary to avoid application of such additional tax. The Board shall determine the nature and scope of such amendment.

17.10. Separation from Service.

The Board shall determine the effect of a Separation from Service upon Awards, and such effect shall be set forth in the appropriate Award Agreement. Without limiting the foregoing, the Board may provide in the Award Agreements at the time of grant, or any time thereafter with the consent of the Grantee, the actions that will be taken upon the occurrence of a Separation from Service, including, but not limited to, accelerated vesting or termination, depending upon the circumstances surrounding the Separation from Service.

17.11. Transferability of Awards.

17.11.1. Transfers in General.

Except as provided in **Section 17.11.2**, no Award shall be assignable or transferable by the Grantee to whom it is granted, other than by will or the laws of descent and distribution, and, during the lifetime of the Grantee, only the Grantee personally (or the Grantee's personal representative) may exercise rights under the Plan.

Table of Contents

17.11.2. Family Transfers.

If authorized in the applicable Award Agreement, a Grantee may transfer, not for value, all or part of an Award (other than Incentive Stock Options) to any Family Member. For the purpose of this **Section 17.11.2**, a "not for value" transfer is a transfer which is (i) a gift, (ii) a transfer under a domestic relations order in settlement of marital property rights; or (iii) a transfer to an entity in which more than fifty percent of the voting interests are owned by Family Members (or the Grantee) in exchange for an interest in that entity. Following a transfer under this **Section 17.11.2**, any such Award shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer. Subsequent transfers of transferred Awards are prohibited except to Family Members of the original Grantee in accordance with this **Section 17.11.2** or by will or the laws of descent and distribution.

17.12. Dividends and Dividend Equivalent Rights.

If specified in the Award Agreement, the recipient of an Award under this Plan may be entitled to receive, currently or on a deferred basis, dividends or dividend equivalents with respect to the Common Stock or other securities covered by an Award. The terms and conditions of a dividend equivalent right may be set forth in the Award Agreement. Dividend equivalents credited to a Grantee may be paid currently or may be deemed to be reinvested in additional shares of Stock or other securities of the Company at a price per unit equal to the Fair Market Value of a share of Stock on the date that such dividend was paid to shareholders, as determined in the sole discretion of the Committee.

Appendix B

EXACT SCIENCES CORPORATION

2010 EMPLOYEE STOCK PURCHASE PLAN

Article 1 Purpose.

This 2010 Employee Stock Purchase Plan (the "Plan") is intended to encourage stock ownership by all eligible employees of Exact Sciences Corporation (the "Company"), a Delaware corporation, and its participating subsidiaries (as defined in Article 17) so that they may share in the growth of the Company by acquiring or increasing their proprietary interest in the Company. The Plan is designed to encourage eligible employees to remain in the employ of the Company and its participating subsidiaries. The Plan is intended to constitute an "employee stock purchase plan" within the meaning of Section 423(b) of the Internal Revenue Code of 1986, as amended (the "Code").

Article 2 Administration of the Plan.

The Plan may be administered by a committee appointed by the Board of Directors of the Company (the "Committee"). The Committee shall consist of not less than two members of the Company's Board of Directors. The Board of Directors may from time to time remove members from, or add members to, the Committee. Vacancies on the Committee, howsoever caused, shall be filled by the Board of Directors. The Committee may select one of its members as Chairman, and shall hold meetings at such times and places as it may determine. Acts by a majority of the Committee, or acts reduced to or approved in writing by a majority of the members of the Committee, shall be the valid acts of the Committee.

The interpretation and construction by the Committee of any provisions of the Plan or of any option granted under it shall be final, unless otherwise determined by the Board of Directors. The Committee may from time to time adopt such rules and regulations for carrying out the Plan as it may deem best, provided that any such rules and regulations shall be applied on a uniform basis to all employees under the Plan. No member of the Board of Directors or the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any option granted under it.

In the event the Board of Directors fails to appoint or refrains from appointing a Committee, the Compensation Committee of the Board of Directors shall have all power and authority to administer the Plan. In such event, the word "Committee" wherever used herein shall be deemed to mean the Compensation Committee of the Board of Directors.

Article 3 Eligible Employees.

All employees of the Company or any of its participating subsidiaries whose customary employment is more than 20 hours per week and for more than five months in any calendar year shall be eligible to receive options under the Plan to purchase common stock of the Company, and all eligible employees shall have the same rights and privileges hereunder. Persons who are eligible employees on the first business day of any Offering Period (as defined in Article 5) shall receive their options as of such day. Persons who become eligible employees after any date on which options are granted under the Plan shall be granted options on the first day of the next succeeding Offering Period on which options are granted to eligible employees under the Plan. In no event, however, may an

Table of Contents

employee be granted an option if such employee, immediately after the option was granted, would be treated as owning stock possessing five percent or more of the total combined voting power or value of all classes of stock of the Company or of any parent corporation or subsidiary corporation, as the terms "parent corporation" and "subsidiary corporation" are defined in Section 424(e) and (f) of the Code. For purposes of determining stock ownership under this paragraph, the rules of Section 424(d) of the Code shall apply, and stock which the employee may purchase under outstanding options shall be treated as stock owned by the employee.

Article 4 Stock Subject to the Plan.

The stock subject to the options under the Plan shall be shares of the Company's authorized but unissued common stock, par value \$.01 per share (the "Common Stock"), or shares of Common Stock reacquired by the Company, including shares purchased in the open market. The aggregate number of shares which may be issued pursuant to the Plan is 300,000 subject to adjustment as provided in Article 12. If any option granted under the Plan shall expire or terminate for any reason without having been exercised in full or shall cease for any reason to be exercisable in whole or in part, the unpurchased shares subject thereto shall again be available under the Plan.

Article 5 Offering Period and Stock Options.

Offering Periods under the Plan shall consist of twenty-four month periods commencing on November 1 and May 1 of each calendar year ("Offering Periods"). The Company will designate one or more dates within each Offering Period on which shares of Common Stock may be purchased by participants in an Offering Period ("Exercise Date(s)"). Unless and until otherwise determined by the Committee, there shall be four Exercise Dates occurring on each April 30 and October 31 (or, if such date is not a business day, the first business day thereafter) within each such Offering Period. On the first business day at the beginning of each Offering Period, the Company will grant to each eligible employee who is then a participant in the Plan an option to purchase shares on the Exercise Dates, at the Option Price hereinafter provided for, a maximum of 10,000 shares, on condition that such employee remains eligible to participate in the Plan on the Exercise Date. If the participant's accumulated payroll deductions on the last date of the Offering Period would enable the participant to purchase more than the maximum number of shares provided herein except for the share limitation set forth herein, the excess of the amount of the accumulated payroll deductions over the aggregate purchase price of the maximum number of shares that may be purchased in accordance with this Article 5 shall be promptly refunded to the participant by the Company, without interest. The participant shall be entitled to exercise the option so granted only to the extent of the participant's accumulated payroll deductions on the Exercise Date. The Option Price per share for each Exercise Date within an Offering Period shall be the lesser of (i) 85% of the average market price of the Common Stock on the first business day of the Offering Period and (ii) 85% of the average market price of the Common Stock on the applicable Exercise Date, in either event rounded up to the nearest cent. The foregoing limitation on the number of shares subject to option and the Option Price shall be subject to adjustment as provided in Article 12.

Unless a participant files a new authorization or withdraws from the Plan, the deductions and purchases under the authorization the participant has on file under the Plan will continue from one Offering Period to succeeding (but not overlapping) Offering Periods as long as the Plan remains in effect. Notwithstanding any of the foregoing, if the average market price of the Common Stock on an

Table of Contents

Exercise Date is less than or equal to the average market price of the Common Stock on the first business day of the Offering Period to which such Exercise Date relates, all participants shall be automatically withdrawn from such Offering Period immediately after the acquisition of shares of Common Stock for such Exercise Date and automatically enrolled in the immediately following Offering Period as of the first day thereof.

For purposes of the Plan, the term "average market price" on any date means (i) the average (on that date) of the high and low prices of the Common Stock on the principal national securities exchange on which the Common Stock is traded, if the Common Stock is then traded on a national securities exchange; or (ii) the average of the closing bid and asked prices last quoted (on that date) by an established quotation service for over-the-counter securities, if the Common Stock is not reported on the NASDAQ Capital Market; or (iii) if the Common Stock is not publicly traded, the fair market value of the Common Stock as determined by the Committee after taking into consideration all factors which it deems appropriate, including, without limitation, recent sale and offer prices of the Common Stock in private transactions negotiated at arm's length.

For purposes of the Plan, the term "business day" means a day on which there is trading on the NASDAQ Capital Market or the aforementioned national securities exchange, whichever is applicable pursuant to the preceding paragraph; and if neither is applicable, a day that is not a Saturday, Sunday or legal holiday in State of Wisconsin.

No employee shall be granted an option which permits the employee's right to purchase stock under the Plan, and under all other Section 423(b) employee stock purchase plans of the Company and any parent or subsidiary corporations, to accrue at a rate which exceeds \$25,000 of fair market value of such stock (determined on the date or dates that options on such stock were granted) for each calendar year in which such option is outstanding at any time. The purpose of the limitation in the preceding sentence is to comply with Section 423(b)(8) of the Code. If the participant's accumulated payroll deductions on any Exercise Date would otherwise enable the participant to purchase Common Stock in excess of the Section 423(b)(8) limitation described in this paragraph, the excess of the amount of the accumulated payroll deductions over the aggregate purchase price of the shares actually purchased shall be promptly refunded to the participant by the Company, without interest.

Article 6 Exercise of Option.

Each eligible employee who continues to be a participant in the Plan on an Exercise Date within an Offering Period shall be deemed to have exercised his or her option on such date and shall be deemed to have purchased from the Company such number of full shares of Common Stock reserved for the purpose of the Plan as the participant's accumulated payroll deductions on such date will pay for at the Option Price, subject to the 10,000 maximum share limit of the option and the Section 423(b)(8) limitation described in Article 5. If the individual is not a participant on an Exercise Date, then he or she shall not be entitled to exercise his or her option. Only full shares of Common Stock may be purchased under the Plan. Unused payroll deductions remaining in a participant's account at the end of either an Exercise Date or an Offering Period, by reason of the inability to purchase a fractional share, shall be carried forward to the next Exercise Date or Offering Period.

Article 7 Authorization for Entering the Plan.

An employee may elect to enter the Plan by filling out, signing and delivering to the Company an authorization:

- A. Stating the percentage to be deducted regularly from the employee's pay;
- B. Authorizing the purchase of stock for the employee in each Offering Period in accordance with the terms of the Plan; and
- C. Specifying the exact name or names in which stock purchased for the employee is to be issued as provided under Article 11 hereof.

Such authorization must be received by the Company at least ten days before the first day of the next Offering Period and shall take effect only if the employee is an eligible employee on the first business day of such Offering Period.

An employee cannot participate in more than one Offering Period at any time.

Unless a participant files a new authorization or withdraws from the Plan, the deductions and purchases under the authorization the participant has on file under the Plan will continue from one Offering Period to succeeding (but not overlapping) Offering Periods as long as the Plan remains in effect.

The Company will accumulate and hold for each participant's account the amounts deducted from his or her pay. No interest will be paid on these amounts.

Article 8 Maximum Amount of Payroll Deductions.

An employee may authorize payroll deductions in an amount (expressed as a whole percentage) not less than one percent (1%) but not more than fifteen percent (15%) of the employee's total compensation, including base pay or salary and any overtime, bonuses or commissions.

Article 9 Change in Payroll Deductions.

Deductions may not be increased or decreased during a Offering Period. However, a participant may withdraw in full from the Plan.

Article 10 Withdrawal from the Plan.

A participant may withdraw from the Plan (in whole but not in part) at any time prior to the last day of an Offering Period by delivering a withdrawal notice to the Company.

To re-enter the Plan, an employee who has previously withdrawn must file a new authorization at least ten days before the first day of the next Offering Period in which he or she wishes to participate. The employee's re-entry into the Plan becomes effective at the beginning of such Offering Period, provided that he or she is an eligible employee on the first business day of the Offering Period.

Article 11 Issuance of Stock.

Certificates for stock issued to participants shall be delivered as soon as practicable after each Exercise Date by the Company's transfer agent.

Stock purchased under the Plan shall be issued only in the name of the participant, or if the participant's authorization so specifies, in the name of the participant and another person of legal age as joint tenants with rights of survivorship.

Article 12 Adjustments.

Upon the happening of any of the following described events, a participant's rights under options granted under the Plan shall be adjusted as hereinafter provided:

A. In the event that the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if, upon a reorganization, split-up, liquidation, recapitalization or the like of the Company, the shares of Common Stock shall be exchanged for other securities of the Company, each participant shall be entitled, subject to the conditions herein stated, to purchase such number of shares of Common Stock or amount of other securities of the Company as were exchangeable for the number of shares of Common Stock that such participant would have been entitled to purchase except for such action, and appropriate adjustments shall be made in the purchase price per share to reflect such subdivision, combination or exchange; and

B. In the event the Company shall issue any of its shares as a stock dividend upon or with respect to the shares of stock of the class which shall at the time be subject to option hereunder, each participant upon exercising such an option shall be entitled to receive (for the purchase price paid upon such exercise) the shares as to which the participant is exercising his or her option and, in addition thereto (at no additional cost), such number of shares of the class or classes in which such stock dividend or dividends were declared or paid, and such amount of cash in lieu of fractional shares, as is equal to the number of shares thereof and the amount of cash in lieu of fractional shares, respectively, which the participant would have received if the participant had been the holder of the shares as to which the participant is exercising his or her option at all times between the date of the granting of such option and the date of its exercise.

Upon the happening of any of the foregoing events, the class and aggregate number of shares set forth in Article 4 hereof which are subject to options which have been or may be granted under the Plan and the limitations set forth in the second paragraph of Article 5 shall also be appropriately adjusted to reflect the events specified in paragraphs A and B above. Notwithstanding the foregoing, any adjustments made pursuant to paragraphs A or B shall be made only after the Committee, based on advice of counsel for the Company, determines whether such adjustments would constitute a "modification" (as that term is defined in Section 424 of the Code). If the Committee determines that such adjustments would constitute a modification, it may refrain from making such adjustments.

If the Company is to be consolidated with or acquired by another entity in a merger, a sale of all or substantially all of the Company's assets or otherwise (an "Acquisition"), the Committee or the board of directors of any entity assuming the obligations of the Company hereunder (the "Successor Board") shall, with respect to options then outstanding under the Plan, either (i) make appropriate provision for the continuation of such options by arranging for the substitution on an equitable basis for the shares then subject to such options either (a) the consideration payable with respect to the outstanding shares of the Common Stock in connection with the Acquisition, (b) shares of stock of the successor corporation, or a parent or subsidiary of such corporation, or (c) such other securities as the Successor Board deems appropriate, the fair market value of which shall not materially exceed the fair market value of the shares of Common Stock subject to such options immediately preceding the

Acquisition; or (ii) terminate each participant's options in exchange for a cash payment equal to the excess of (a) the fair market value on the date of the Acquisition, of the number of shares of Common Stock that the participant's accumulated payroll deductions as of the date of the Acquisition could purchase, at an option price determined with reference only to the first business day of the applicable Offering Period and subject to the maximum share limitation set forth in Article 5 hereof, Code Section 423(b)(8) and fractional-share limitations on the amount of stock a participant would be entitled to purchase, over (b) the result of multiplying such number of shares by such option price.

The Committee or Successor Board shall determine the adjustments to be made under this Article 12, and its determination shall be conclusive.

Article 13 No Transfer or Assignment of Employee's Rights.

An option granted under the Plan may not be transferred or assigned, except by will or the laws of descent and distribution, and shall be exercised, during the participant's lifetime, only by the participant.

Article 14 Termination of Employee's Rights.

Whenever a participant ceases to be an eligible employee because of retirement, voluntary or involuntary termination, resignation, layoff, discharge, death or for any other reason, his or her rights under the Plan shall immediately terminate, and the Company shall promptly refund, without interest, the entire balance of his or her payroll deduction account under the Plan. Notwithstanding the foregoing, eligible employment shall be treated as continuing intact while a participant is on military leave, sick leave or other bona fide leave of absence, for up to 90 days, or for so long as the participant's right to re-employment is guaranteed either by statute or by contract, if longer than 90 days.

Article 15 Termination and Amendments to Plan.

Unless terminated sooner as provided below, the Plan shall terminate on October 31, 2020. The Plan may be terminated at any time by the Company's Board of Directors but such termination shall not affect options then outstanding under the Plan. It will terminate in any case when all or substantially all of the unissued shares of stock reserved for the purposes of the Plan have been purchased. If at any time shares of stock reserved for the purpose of the Plan remain available for purchase but not in sufficient number to satisfy all then unfilled purchase requirements, the available shares shall be apportioned among participants in proportion to the amount of payroll deductions accumulated on behalf of each participant that would otherwise be used to purchase stock, and the Plan shall terminate. Upon such termination or any other termination of the Plan, all payroll deductions not used to purchase stock will be refunded, without interest.

The Committee or the Board of Directors may from time to time adopt amendments to the Plan provided that, without the approval of the stockholders of the Company, no amendment may (i) increase the number of shares that may be issued under the Plan; (ii) change the class of employees eligible to receive options under the Plan, if such action would be treated as the adoption of a new plan for purposes of Section 423(b) of the Code; or (iii) cause Rule 16b-3 under the Securities Exchange Act of 1934 to become inapplicable to the Plan.

Article 16 Limits on Sale of Stock Purchased under the Plan.

The Plan is intended to provide shares of Common Stock for investment and not for resale. The Company does not, however, intend to restrict or influence any employee in the conduct of his or her own affairs. An employee may, therefore, sell stock purchased under the Plan at any time the employee chooses, subject to compliance with any applicable federal or state securities laws and subject to any restrictions imposed under Article 21 to ensure that tax withholding obligations are satisfied. **THE EMPLOYEE ASSUMES THE RISK OF ANY MARKET FLUCTUATIONS IN THE PRICE OF THE STOCK.**

Article 17 Participating Subsidiaries.

The term "participating subsidiary" shall mean any present or future subsidiary of the Company, as that term is defined in Section 424(f) of the Code, which is designated from time to time by the Board of Directors to participate in the Plan. The Board of Directors shall have the power to make such designation before or after the Plan is approved by the stockholders.

Article 18 Optionees Not Stockholders.

Neither the granting of an option to an employee nor the deductions from his or her pay shall constitute such employee a stockholder of the shares covered by an option until such shares have been actually purchased by the employee.

Article 19 Application of Funds.

The proceeds received by the Company from the sale of Common Stock pursuant to options granted under the Plan will be used for general corporate purposes.

Article 20 Notice to Company of Disqualifying Disposition.

By electing to participate in the Plan, each participant agrees to notify the Company in writing immediately after the participant transfers Common Stock acquired under the Plan, if such transfer occurs within two years after the first business day of the Offering Period in which such Common Stock was acquired. Each participant further agrees to provide any information about such a transfer as may be requested by the Company or any subsidiary corporation in order to assist it in complying with the tax laws. Such dispositions generally are treated as "disqualifying dispositions" under Sections 421 and 424 of the Code, which have certain tax consequences to participants and to the Company and its participating subsidiaries.

Article 21 Withholding of Additional Income Taxes.

By electing to participate in the Plan, each participant acknowledges that the Company and its participating subsidiaries are required to withhold taxes with respect to the amounts deducted from the participant's compensation and accumulated for the benefit of the participant under the Plan, and each participant agrees that the Company and its participating subsidiaries may deduct additional amounts from the participant's compensation, when amounts are added to the participant's account, used to purchase Common Stock or refunded, in order to satisfy such withholding obligations. Each participant further acknowledges that when Common Stock is purchased under the Plan the Company and its participating subsidiaries may be required to withhold taxes with respect to all or a portion of the

difference between the fair market value of the Common Stock purchased and its purchase price, and each participant agrees that such taxes may be withheld from compensation otherwise payable to such participant. It is intended that tax withholding will be accomplished in such a manner that the full amount of payroll deductions elected by the participant under Article 7 will be used to purchase Common Stock. However, if amounts sufficient to satisfy applicable tax withholding obligations have not been withheld from compensation otherwise payable to any participant, then, notwithstanding any other provision of the Plan, the Company may withhold such taxes from the participant's accumulated payroll deductions and apply the net amount to the purchase of Common Stock, unless the participant pays to the Company, prior to the exercise date, an amount sufficient to satisfy such withholding obligations. Each participant further acknowledges that the Company and its participating subsidiaries may be required to withhold taxes in connection with the disposition of stock acquired under the Plan and agrees that the Company or any participating subsidiary may take whatever action it considers appropriate to satisfy such withholding requirements, including deducting from compensation otherwise payable to such participant an amount sufficient to satisfy such withholding requirements or conditioning any disposition of Common Stock by the participant upon the payment to the Company or such subsidiary of an amount sufficient to satisfy such withholding requirements.

Article 22 Governmental Regulations.

The Company's obligation to sell and deliver shares of Common Stock under the Plan is subject to the approval of any governmental authority required in connection with the authorization, issuance or sale of such shares.

Government regulations may impose reporting or other obligations on the Company with respect to the Plan. For example, the Company may be required to identify shares of Common Stock issued under the Plan on its stock ownership records and send tax information statements to employees and former employees who transfer title to such shares.

Article 23 Governing Law.

The validity and construction of the Plan shall be governed by the laws of Delaware, without giving effect to the principles of conflicts of law thereof.

Article 24 Approval of Board of Directors and Stockholders of the Company.

The Plan was adopted by the Board of Directors on April 15, 2010 and was approved by the stockholders of the Company on July 16, 2010.
