**PROXY STATEMENT
FOR THE
ANNUAL MEETING OF STOCKHOLDERS
December 5, 2013**

This Proxy Statement accompanies the Notice (the "Notice") of the Annual Meeting of Stockholders (the "Annual Meeting") of Evolution Petroleum Corporation, a Nevada corporation (hereinafter, "us", "we", "our" or the "Company"), in connection with the solicitation of proxies by and on behalf of our Board of Directors (the "Board") for use at our Annual Meeting to be held at 10 a.m., Central Time, at our Company's principal executive offices at 2500 CityWest Boulevard, Suite 1300, Houston, Texas 77042, on December 5, 2013, and at any postponement or adjournment thereof.

The Company's Annual Report for the fiscal year ended June 30, 2013 is being mailed to stockholders with the mailing of the Notice of Meeting and Proxy Statement. This Proxy Statement and the accompanying proxy card are first being sent to our stockholders on or about October 28, 2013.

The solicitation of proxies by the Board of Directors will be conducted primarily by mail. Continental Stock Transfer & Trust Company ("CST"), as part of CST's services as the Company's transfer agent, assists in the solicitation of proxies in connection with the Annual Meeting. In addition, officers, directors and employees of the Company may solicit proxies personally or by telephone, email, or facsimile communication. These officers, directors and employees will not receive any compensation for these services. The Company will reimburse brokers, custodians, nominees, and fiduciaries for reasonable expenses incurred by them in forwarding proxy material to beneficial owners of common stock of the Company. The costs of solicitation will be borne by the Company.

What is the purpose of the 2013 Annual Meeting?

At the Annual Meeting, stockholders will act upon the matters outlined in the attached Notice of Meeting and described in detail in this Proxy Statement, which is to:

- (1) Elect five directors, each to serve until the 2014 Annual Meeting of Stockholders or until their successors are elected and qualified;
- (2) Ratify the appointment of Hein & Associates, LLP, an independent registered public accounting firm, as our independent registered public accountants for the fiscal year ending June 30, 2014;
- (3) Approve, in a non-binding advisory vote, the compensation of our named executive officers;
- (4) Determine, in a non-binding advisory vote, whether a stockholder vote to approve the compensation of our named executive officers should occur every one, two or three years; and

Edgar Filing: EVOLUTION PETROLEUM CORP - Form DEF 14A

(5) Transact such other business as may properly come before the Annual Meeting or any postponement or adjournment thereof.

In addition, Company management will report on our performance during the fiscal year ended June 30, 2013, which we refer to as fiscal 2013, and respond to questions from stockholders.

Although the Board does not anticipate that any other matters will come before the Annual Meeting, your executed proxy gives the official proxies the right to vote your shares at their discretion on any other matter properly brought before the Annual Meeting.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on October 18, 2013 (the "Record Date") will be entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement thereof.

How can I Vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record (i.e., your shares are registered directly in your name, as opposed to being held in a stock brokerage account or by a bank or other nominee), you may vote in person at the Annual Meeting or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy. To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive. To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. Properly executed proxies in the accompanying form, received in due time and not previously revoked, will be voted at the Annual Meeting or any adjournment thereof as specified therein by the person giving the proxy; however, if no specification is made the shares represented by proxy will be voted as recommended by our Board of Directors, to the extent permitted by law.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

Due to regulatory changes, your broker is not able to vote on your behalf for the election of directors without specific voting instructions from you.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of shares held in the "street name" of the entity holding your shares.

As a beneficial owner, you have the right to direct your broker or nominee how to vote and you are also invited to attend the Annual Meeting. However, since you are not the stockholder of record (record holder) you may not vote these shares in person at the Annual Meeting unless you obtained a signed proxy from the record holder giving you the right to vote these shares.

If you hold your shares in street name, you will receive instructions from your broker or other nominee describing how to vote your shares. If you do not instruct your broker or nominee how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary authority.

There are also non-discretionary matters for which brokers and other nominees do not have discretionary authority to vote your shares unless they receive timely instructions from you. When a broker or other nominee does not have discretion to vote on a particular matter, you have not given timely instructions on how the broker or other nominee should vote your shares and the broker or other nominee indicates it does not have authority to vote such shares on its proxy, a "broker non-vote" results. Although any broker non-vote would be counted as present at the meeting for

purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-discretionary matters.

Changes to regulatory rules eliminated broker discretionary voting with respect to the election of directors. This restriction also applies to all non-routine matter. Where a matter is not considered "routine," such as Proposal No. 1 regarding the election of directors, Proposal 3 regarding say on pay and Proposal 4 regarding the frequency of the say on pay vote, the shares held by the broker will not be voted on those proposals without specific instruction from the beneficial holder of the shares.

How Can I Revoke My Proxy or Change My Vote?

Even if you have given a proxy or given your broker, bank or other agent voting instructions, you have the power to revoke your proxy or change your voting instructions at any time before the Annual Meeting. Stockholders of record may revoke their proxy prior to its exercise by delivering written notice of revocation to our Corporate Secretary, at 2500 CityWest Boulevard, Suite 1300, Houston, Texas 77042, by executing a later-dated proxy, or by attending the Annual Meeting and voting in person. If your shares are held by your broker or bank as a nominee or agent (such as in your brokerage account), you may change your vote by following the instructions provided by your broker or bank. You may also change your vote by voting in person at the Annual Meeting if you have obtained a valid proxy from your broker, bank, or other agent to vote your shares at the Annual Meeting.

What are the voting rights of the holders of our common stock?

Holders of our common stock are entitled to one vote per share with respect to each of the matters to be presented at the Annual Meeting.

With regard to the election of directors, the Company has adopted a majority voting policy wherein any of the five nominees receiving the majority of votes cast will be elected provided a quorum is present. Any nominee who does not receive at least a majority of the votes cast with respect to his election shall tender his resignation to the Board, whereupon, the Board in its sole discretion can accept such resignation within 60 days. If the Board does not accept such resignation, the director will continue to serve as a member of the Board of Directors.

On each other matter to be presented, the affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote will be necessary to approve the matter.

Abstentions will be counted towards the tabulation of votes cast on matters properly presented to the stockholders (except the election of directors) and will have the same effect as negative votes. Broker non-votes will not be counted as votes cast, and therefore they will have no effect on the outcome of the matters presented at the Annual Meeting.

What constitutes a quorum?

Our Bylaws provide that the presence, in person or by proxy, of the holders of a majority of outstanding shares of our common stock at our Annual Meeting shall constitute a quorum.

For the purpose of determining the presence of a quorum, proxies marked "withhold authority" or "abstain" will be counted as present. Shares represented by proxies that include broker non-votes will also be counted as shares present for purposes of establishing a quorum. On the Record Date there were 28,599,669 shares of our common stock (including restricted shares) issued and outstanding and such shares are the only shares entitled to vote at the Annual Meeting.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendations are set forth together with the description of the Proposals in this Proxy Statement. In summary, the Board unanimously recommends that you vote:

FOR the election of each of the five directors named in this Proxy Statement, to serve until our annual meeting of shareholders in 2014 and until their successors are elected;

FOR the ratification of the appointment of Hein & Associates, LLP, an independent registered public accounting firm, as our independent registered public accountant for the year ending June 30, 2014;

FOR the approval of, on an advisory basis, the compensation of the Company's named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and other related compensation tables, notes and narrative in the Proxy Statement for the Company's 2013 Annual Meeting of Stockholders; and

FOR the option every "3 Years" for future advisory votes on executive compensation.

The proxy holders will vote in their discretion with respect to any other matter that may properly come before the Annual Meeting.

Proxies

If the enclosed proxy card is executed, returned in time and not revoked, the shares represented thereby will be voted at the Annual Meeting and at any postponement or adjournment thereof in accordance with the instructions indicated on such proxy. **If no instructions are indicated on the proxy card, the official proxies will vote (1) "for" the proposals described in this proxy statement and (2) as to any other matters properly brought before the annual meeting or any postponement or adjournment thereof, in the sole discretion of the proxy holders.**

A stockholder who has returned a proxy card may revoke it at any time prior to its exercise at the Annual Meeting by (i) giving written notice of revocation to our Corporate Secretary, (ii) properly submitting to Evolution Petroleum Corporation a duly executed proxy bearing a later date, or (iii) appearing at the Annual Meeting and voting in person. All written notices of revocation of proxies should be addressed as follows: Evolution Petroleum Corporation, 2500 CityWest Boulevard, Suite 1300 Houston, Texas 77042, Attention: Corporate Secretary.

What are the Company's Governance Practices and Policies?

See the detailed discussion under "Corporate Governance", beginning on page 9.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors

Our directors are elected annually by the stockholders to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified. The minimum number of directors is established by our Bylaws, and may be increased by the majority vote of the Board. The current number of directors is six; however that number will be reduced to five upon the retirement of Mr. Laird Cagan from the Board at the Annual Meeting. Assuming the presence of a quorum, a majority of the votes cast in person or by proxy at the Annual Meeting is required for the election of each director.

Director Nominees

All five nominees are currently serving as directors of the Company. We have determined there are four "independent" directors serving on our Board as defined in the listing standards of the NYSE MKT. Five of our incumbent directors are standing for re-election. Mr. Laird Cagan, a current member of the Board, whose term expires on December 5, 2013, is retiring from the Board and will not seek re-election.

As discussed in more detail under the heading "Nominating and Corporate Governance Committee" in this proxy statement, the Board considers qualifications and other factors when evaluating individual directors, as well as the composition of the Board as a whole. As part of this process, the Board and its Nominating and Corporate Governance Committee review the particular experiences, qualifications, attributes or skills of each of the nominees. The biographies of each of the nominees below contain information regarding the person's service as a director, business experience, director positions held currently or at any time during the last five years, and information regarding involvement in certain legal or administrative proceedings, if applicable. They also highlight the particular experiences, qualifications, attributes or skills that have caused the Nominating and Corporate Governance Committee and the Board to conclude that such persons should serve as a director of the Company. In particular, each nominee brings extensive and specific expertise in key functional and industry areas in which we, as a company, are active.

PROPOSAL 2

PROPOSAL TO RATIFY THE APPOINTMENT OF HEIN & ASSOCIATES LLP, AN INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANT FOR FISCAL YEAR 2014

The Audit Committee of our Board has appointed the firm of Hein & Associates LLP, an independent registered public accounting firm, as our independent registered public accountant to audit our consolidated financial statements for the fiscal year ending June 30, 2014. From June 30, 2004 through June 30, 2013, Hein & Associates LLP served as our independent registered public accountant.

We are not required to seek stockholder approval for the appointment of our independent registered public accountant; however, the Audit Committee and the full Board believe it to be sound corporate practice to seek such approval. If the appointment is not ratified, the Audit Committee will investigate the reasons for stockholder rejection and will re-consider the appointment. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accountant at any time during the year if it determines that such a change would be in the best interests of our company and our stockholders.

Audit Fees

The aggregate fees billed to us by our independent registered public accountant, Hein & Associates LLP, for professional services rendered for the audit of our annual financial statements included in our Annual Report on Form 10-K for fiscal years ending June 30, 2013 and 2012 were as follows:

	2013	2012
Audit Fees	\$ 122,575	\$ 128,862
Audit-Related Fees		
Tax Fees		
All Other Fees		

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees we paid Hein & Associates LLP for professional services for the audit of our consolidated financial statements included in our Form 10-K, including professional services rendered in connection with the audit of internal controls over financial reporting in compliance with Section 404 of the Sarbanes-Oxley Act of 2002, the review of financial statements included in our Form 10-Q's and for services that are normally provided by the auditors in connection with statutory and regulatory filings or engagements. "Audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements.

All audit fees were pre-approved by our Audit Committee Chairman.

The Audit Committee has considered the compatibility of the non-audit services provided by Hein & Associates LLP, to Hein & Associates' continued independence and has concluded that its independence is not compromised. In order to reduce non-audit services performed by our independent registered public accounting firm, we retained Grant Thornton LLP to replace Hein & Associate's tax compliance, tax advice and tax planning services starting in fiscal 2008.

Pre-Approval of Services by External Auditor

The Audit Committee adopted a Pre-Approval Policy with respect to services which may be performed by the independent auditor. This policy lists specific audit, audit-related, and tax services as well as any other services that the independent auditor is authorized to perform and sets out specific dollar limits for each specific service, which may not be exceeded without additional Audit Committee authorization. The Audit Committee receives quarterly reports on the status of expenditures pursuant to that Pre-Approval Policy. The Audit Committee reviews the policy at least annually in order to approve services and limits for the current year. Any service that is not clearly enumerated in the policy must receive specific pre-approval by the Audit Committee or by its Chairman, to whom such authority has been conditionally delegated, prior to engagement. During fiscal year 2012, no fees for services outside the scope of audit, review, or attestation that exceed the waiver provisions of 17 CFR 210.2-01(c)(7)(i)(C) were requested of or approved by the Audit Committee.

The Board of Directors unanimously recommends a vote "FOR" the ratification of the appointment of Hein & Associates LLP, an independent registered public accounting firm, as our independent registered public accountant for fiscal year 2014.

The Company does not anticipate a representative from Hein & Associates LLP to be present at the Annual Meeting. In the event that a representative of Hein and Associates LLP is present at the Annual Meeting, they will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 and the related rules of the Securities and Exchange Commission, the company is providing stockholders with the opportunity to cast an advisory (non-binding) vote on the compensation programs of our named executive officers (sometimes referred to as "say on pay"). Accordingly, you may vote on the following resolution at the meeting:

"Resolved, that the compensation paid to the company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion in the proxy statement relating to the company's 2013 annual meeting, is hereby approved."

This vote is non-binding. The Board of Directors and the Compensation Committee, which is comprised of independent directors, expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

As described in detail under "Compensation Discussion and Analysis" our compensation programs are designed to attract, retain, motivate and reward highly qualified and competent executives who have extensive oil and gas industry experience. To do this we offer a compensation package that recognizes individual and company performance. Elements of this compensation package include base salary, annual cash incentives and long-term equity incentives. Our compensation package is meant to provide incentives and maximize stockholder value by (i) emphasizing equity-based compensation to more closely align the interests of executives with those of our stockholders, (ii) structuring annual incentive compensation to be contingent upon the achievement of performance measures, and (iii) designing each component of executive compensation to be competitive with the compensation practices of our oil and gas industry peer companies. The structure of our executive compensation is the same structure as provided to all employees. We have adopted this compensation philosophy because we believe that it is critical for our continued success, the achievement of our short-term and long-term goals and because we believe it helps our executives maximize stockholder value. Stockholders are encouraged to read the section of this proxy statement titled "Compensation Discussion and Analysis," the accompanying compensation tables, and the related narrative disclosure.

Vote Required

The approval of the advisory vote on the compensation of our named executive officers requires the affirmative vote of the holders of a majority of the shares represented at the meeting, in person or by proxy, and entitled to vote. As a result, abstentions will have the same practical effect as a vote against this proposal. Broker non-votes will have no effect on the outcome of the proposal. For the approval of the advisory vote on the compensation of our named executive officers, you may vote "FOR" or "AGAINST" or abstain from voting.

The Board of Directors recommends that you vote "FOR" the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in the section of this proxy statement titled "Compensation Discussion and Analysis," the accompanying compensation tables and the related narrative disclosure contained in this proxy statement.

PROPOSAL 4

ADVISORY VOTE ON THE FREQUENCY OF HOLDING FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 and the related rules of the Securities and Exchange Commission, the company is providing stockholders with the opportunity to cast an advisory vote on whether future advisory votes on executive compensation should be held every one, two or three years.

The Board of Directors believes that a frequency of every "3 years" for future advisory votes on executive compensation is the optimal interval for conducting and responding to a "say on pay" vote. Stockholders who have concerns about executive compensation during the interval between "say on pay" votes are welcome to bring their specific concerns to the attention of the Board of Directors. Please refer to the section titled "Communicating with our Board of Directors" in this proxy statement for information about communicating with the Board of Directors.

The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the Board's recommendation.

Although this advisory vote on the frequency of the "say on pay" vote is non-binding, the Board of Directors and the Compensation Committee will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

Vote Required

The alternative "1 Year," "2 Years," or "3 Years" receiving the greatest number of votes cast by the stockholders, a plurality, will be the stockholders' non-binding choice as to the frequency of the occurrence of future advisory votes on executive compensation. As a result, broker non-votes and abstentions will not be counted in determining which alternative received the largest number of votes cast. For the advisory vote on the frequency of the "say on pay" vote, you may choose between "1 Year," "2 Years," or "3 Years" or abstain from voting.

The Board of Directors unanimously recommends that you vote "FOR" the option every "3 Years" for future advisory votes on executive compensation.

CORPORATE GOVERNANCE

Meetings of the Board of Directors and Committees

Board of Directors

The property, affairs and business of our company are under the general management of our Board of Directors as provided by the laws of the State of Nevada and our Bylaws. We have separately designated standing Audit, Compensation and Nominating and Corporate Governance Committees of the Board of Directors. The Audit Committee was established in accordance with section 3(a)(58)(A) of The Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Board of Directors held three meetings during fiscal 2013. Each director attended at least 75% of the aggregate of the total meetings of the Board and the total number of meetings held by all committees of the Board on which such director served during fiscal 2013. The Company currently has no formal policy with respect to the attendance of members of the Board of Directors at annual meetings. Four Directors, Messrs. Robert Herlin, Gene Stoever, Edward DiPaolo and William Dozier attended our 2012 Annual Meeting of Stockholders.

Director Independence

The Board of Directors affirmatively determines the independence of each director in accordance with the NYSE MKT rules and listing standards. The Board has determined that Messrs. William E. Dozier, Edward J. DiPaolo, Gene G. Stoever and Kelly W. Loyd each qualify as independent non-employee directors with no relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Mr. Robert S. Herlin is not independent since he is a Named Executive Officer of the Company.

Audit Committee

The Board of Directors has instructed the Audit Committee to meet periodically with our management and independent auditors to, among other things, review the results of the annual audit and quarterly reviews and discuss our financial statements, recommend to our board the independent auditors to be retained, and receive and consider the auditors' comments as to controls, adequacy of staff and management performance and procedures in connection with audit and financial controls. The Audit Committee is also authorized to review related party transactions for potential conflicts of interest. The Audit Committee's functions are further described under the heading "Audit Committee Report". A copy of the written charter adopted by the Board of Directors for the Audit Committee and as currently in effect is included on our website, http://www.evolutionpetroleum.com/company_governance.html.

The Audit Committee is currently composed of Mr. Gene G. Stoever, Chairman, and Messrs. Edward J. DiPaolo and William E. Dozier. Each member of the Audit Committee is "independent," as such term is defined in the listing standards for companies listed on the NYSE MKT. Each member of the Audit Committee also satisfies the Securities and Exchange Commission's additional independence requirements for members of audit committees. The Board has determined that Mr. Stoever qualifies as a "financial expert" as defined under Item 401(e)(2) of Regulation S-K of the Securities Act of 1933. The Audit Committee met four times during fiscal year 2013.

Audit Committee Report

The management of Evolution Petroleum Corporation has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and disclosure controls and procedures. The Company's independent registered public accounting firm (herein, our "independent auditor") is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America. The independent auditor is also responsible for performing independent audits of the Company's internal controls over financial reporting. The Audit Committee monitors and oversees these processes and reports to our Board of Directors with respect to its findings.

In order to fulfill its monitoring and oversight duties, the Audit Committee has reviewed and discussed the audited financial statements contained in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2013 with both management and the independent registered public accounting firm, Hein & Associates LLP, matters related to Section 404 of the Sarbanes-Oxley Act of 2002, and the matters required to be discussed by the statement on Auditing Standards No. 61, as amended and adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed with the independent auditor the independent auditor's independence.

Edgar Filing: EVOLUTION PETROLEUM CORP - Form DEF 14A

The Audit Committee discussed with our independent auditors, the overall scope and plans for the audit. We met with our independent auditors, with and without management, to discuss the results of their examination, their evaluation of our internal controls, and the overall quality of our financial reporting.

Based on the forgoing reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the year ended June 30, 2013 be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2013 for filing with the Securities and Exchange Commission. The Board of Directors approved such inclusion.

Respectfully submitted by the Audit Committee,

Mr. Gene Stoever, Chairman
Mr. Edward DiPaolo
Mr. William Dozier

Compensation Committee

The Compensation Committee is authorized to review and recommend annual salaries and short-term incentive bonuses of our executive officers and has the authority to recommend to the Board of Directors the recipients of options and stock awards, the time or times at which options and stock awards shall be granted, the exercise price of each option, and the number of shares to be issuable upon the exercise of each option under our stock plan. In particular, the Compensation Committee recommends to the full Board the compensation of our Chief Executive Officer. In fulfilling its responsibilities, the Compensation Committee has the authority to engage independent compensation consultants or legal advisers when determined by the Committee to be necessary or appropriate. The members of the Compensation Committee currently consist of Mr. Dozier, Chairman, Mr. DiPaolo and Mr. Loyd. A copy of the written charter adopted by the Board of Directors for the Compensation Committee and as currently in effect is included on our website, http://www.evolutionpetroleum.com/company_governance.html. All members of the Compensation Committee are "independent," as such term is defined in the listing standards for companies listed on the NYSE MKT. The Compensation Committee met nine times during fiscal year 2013.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, the current members of which are Mr. DiPaolo, Chairman, and Messrs. Stoever, Cagan and Loyd, is responsible for identifying, screening, and recommending qualified candidates to serve on our Board of Directors and providing guidance and policy on corporate governance. As previously disclosed, Mr. Cagan's term on the Committee ends upon his retirement from the Board of Directors effective at the Annual Meeting. Upon Mr. Cagan's retirement, assuming their respective election at the Annual Meeting, the three remaining members of the Committee will be Messrs. DiPaolo, Stoever and Loyd. A copy of the written charter adopted by the Board of Directors for the Committee and as currently in effect is included on our website, http://www.evolutionpetroleum.com/company_governance.html. Pursuant to its charter, the Committee is directed, among other things, to: develop and recommend to the Board specific guidelines and criteria for selecting nominees to the Board; formulate a process to identify and evaluate candidates to be recommended; review periodically compensation programs for non-employee directors and make recommendations for changes when appropriate; and evaluate the performance of incumbent members of the Board to determine whether to recommend such persons for re-election. Each of Mr. DiPaolo, Stoever and Loyd is "independent" as defined in the listing standards for companies listed on the NYSE MKT.

It is our policy that the Committee consider recommendations for the nomination of directors submitted by our stockholders. All such stockholder nominating recommendations must be in writing,

Edgar Filing: EVOLUTION PETROLEUM CORP - Form DEF 14A

addressed to the Nominating and Corporate Governance Committee, care of the Corporate Secretary at Evolution Petroleum Corporation, 2500 CityWest Boulevard, Suite 1300, Houston, Texas 77042. Submissions must be made by mail, courier or personal delivery. E-mailed submissions will not be considered. Stockholders wishing to recommend nominees for election as directors at an annual meeting should submit such recommendation, together with any relevant information that they wish the Nominating Committee to consider, to the Corporate Secretary no later than 120 days prior to the date of the notice of annual meeting released to stockholders in connection with the current year's annual meeting. The stockholder's nomination notice shall set forth: (i) as to each person whom the stockholder proposes to nominate for election or reelection as a director: (a) the name, age, business address and residence address of the person; (b) the principal occupation or employment and business experience of the person for at least the previous five years; (c) the class and number of shares of our capital stock which are beneficially owned by the person; and (d) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to the rules and regulations of the SEC under Section 14 of the Exchange Act; and (ii) as to the stockholder giving the notice: (a) the name and record address of the stockholder; and (b) the class and number of shares of our capital stock which is beneficially owned by the stockholder. Such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director, if elected. We may require any proposed nominee to furnish such other information as may reasonably be required by us to determine the eligibility of such proposed nominee to serve as a director.

The Committee has determined that, at the minimum, nominees for directorship should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's stockholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. The Company endeavors to have a board representing diverse experience in areas that are relevant to the Company's business activities. Directors must be willing to devote sufficient time to carrying out their duties and responsibilities efficiently, and should be committed to serve on the Board for an extended period of time.

Prior to nominating a candidate for election to the Board, the Committee will review the qualifications of each candidate. The Committee does not have a formal policy with regard to considering diversity in its identification of director candidates; however, the Committee does consider diversity in business and professional experience, education, and background that can benefit us by increasing the range of skills and perspectives available to our Board of Directors. Members will be selected without regard to race, gender, religious belief, ancestry, national origin or disability. Our Board of Directors believes that adherence to these principles will provide an environment and practices that will yield the best return for our stockholders.

Final candidates may be interviewed by the Company's Chairman of the Board and one or more other Committee members. The Committee will then make a recommendation to the Board based on its review, the results of interviews with the candidate and all other available information.

In determining whether to nominate an incumbent director for reelection, the Committee will evaluate each incumbent's continued service, in light of the Board's collective requirements, at the time such Director comes up for reelection.

In determining whether to include a stockholder nominee in the Board's slate of nominees, the Committee will consider all information relevant in their business judgment to the decision of whether to nominate the particular candidate for a Board seat, taking into account the current composition of the Company's Board.

In addition to the foregoing, stockholders may nominate directors for election without consideration by the Committee so long as we are provided with proper notice of such nomination, which notice includes all the information required pursuant to Regulation 14A under the Exchange Act

Edgar Filing: EVOLUTION PETROLEUM CORP - Form DEF 14A

including the consent to serve as a director. The Nominating Committee met twice during fiscal 2013. Mr. Cagan, a current member of the Nominating and Corporate Governance Committee, is retiring from the Board on December 5, 2013.

Annual Meeting Attendance

We do not have a policy requiring members of our Board of Directors to attend annual meetings of our stockholders.

Leadership Structure of the Board

As prescribed by our bylaws, the Chairman of our Board of Directors has the power to preside at all meetings of the Board. Robert S. Herlin, our Chief Executive Officer and President, serves as the Chairman of our Board of Directors. The Board of Directors created the position of Lead Independent Director in 2012 and following the 2012 Annual Meeting elected Mr. DiPaolo to serve in that role until the next meeting of the Board of Directors following the 2013 Annual Meeting.

Our Chief Executive Officer is appointed by the Board to manage our daily affairs and operations. We believe that Mr. Herlin's extensive industry experience and direct involvement in our operations make him best suited to serve as Chairman in order to (i) lead the Board in productive, strategic planning, (ii) determine necessary and appropriate agenda items for meetings of the Board with input from both our independent directors and management, and (iii) determine and manage the amount of time and information devoted to discussion and analysis of agenda items and other matters that may come before the Board. Our Board structure also fosters strong oversight by our independent directors, with Mr. DiPaolo currently serving as our Lead Independent Director. Mr. Herlin is the only member of management who serves on the Board, and all of the other directors are fully independent. Each of the committees of the Board is chaired by an independent director.

Meetings of Non-Management Directors

Our non-management Board members regularly meet in executive session outside the presence of management, generally at each Board meeting. Executive sessions of our outside directors are led by our lead independent director, currently Mr. DiPaolo. These executive sessions may be attended by our outside legal counsel as requested by the non-management Board members. The Lead Independent Director is responsible for providing feedback regarding these meetings to the Chairman.

Risk Oversight

The Audit Committee discusses with management and the independent auditors the Company's major financial risk exposures (including potential or pending litigation) and steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The Board has oversight of our risk management. The Board's role in risk oversight includes receiving regular reports from members of senior management on areas of material risk to us, including but not limited to operational, financial, personnel, information technology, environmental, legal and regulatory, strategic and reputational risks. The full Board receives these reports to enable the Board to understand our risk identification, risk management, and risk mitigation strategies. The Board also makes risk management an integral part of our annual strategic planning process, which addresses, among other things, the risks and opportunities facing us.

Transactions with Related Parties

Laird Q. Cagan, a member of our Board of Directors until the Annual Meeting, is a Managing Director and co-owner of Cagan McAfee Capital Partners, LLC ("CMCP"). CMCP has performed financial advisory services to us pursuant to a written agreement amended in December 2008. Also

pursuant to the Agreement, Mr. Cagan, as a registered representative of Colorado Financial Services Corporation and as a partner of CMCP, could serve as our placement agent in private equity financings, wherein CMCP could earn cash fees equal to 8% of gross equity proceeds, declining to 4% subject to the amount of equity raised through CMCP, and a fixed 4% warrant fee. Neither Mr. Cagan nor CMCP have provided any advisory services since December 2008, or placement services since May 2006. On May 3, 2012, 65,261 shares of common stock were issued to Mr. Cagan through a net cashless exercise of placement warrants. The placement warrants, which were issued to Mr. Cagan in 2004 in connection with a financing transaction, gave Mr. Cagan the right to purchase 91,200 shares, with a weighted average exercise price of \$1.00 per share. On June 12, 2013, 922 shares of common stock were issued to Mr. Cagan through a net cashless exercise of placement warrants. The placement warrants, which were issued to Mr. Cagan in 2004 in connection with a financing transaction, gave Mr. Cagan the right to purchase 1,165 shares, with a weighted average exercise price of \$2.25 per share. Mr. Cagan's term on the Board will expire at the Annual Meeting.

The Company has adopted policies and procedures for approval of related party transactions (a "Transaction"), which is set forth in our Code of Business Conduct and Ethics. The Audit Committee and the Board of Directors will be responsible for approving and negotiating the terms of such a proposed Transaction. If a Transaction involves a corporate opportunity, such opportunity must have been approved in writing by the Board. The Board has the authority to approve or disapprove the use of the rejected corporate opportunity by the individual who wants to utilize the opportunity that the Company has rejected. The Company will make all required disclosures as appropriate in its periodic or special filings.

Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors, including the principal executive officer, principal financial officer and principal accounting officer. It covers all areas of professional conduct, but not limited to, conflicts of interest, disclosure obligations, insider trading, confidential information, as well as compliance with all laws, rules and regulations applicable to Evolution's business.

Confidential and anonymous reports of suspected or actual violations of our Code of Ethics should be directed to our Compliance Officer, Sterling H. McDonald, either by writing to him at 2500 CityWest Boulevard, Suite 1300, Houston, Texas 77042, or by calling him at (713) 935-0122. Reports of such violations would include, among other things:

accounting practices, internal accounting controls, or auditing matters and procedures;

theft or fraud of any amount;

insider trading;

performance and execution of contracts;

conflicts of interest;

violations of securities and antitrust laws; and

violations of the Foreign Corrupt Practices Act.

You can access the latest copy of our Code of Business Conduct and Ethics on our website, http://www.evolutionpetroleum.com/company_governance.html. Or, to obtain a copy of Evolution's Code of Business Conduct and Ethics, without charge, any person may submit a written request to Evolution Petroleum Corporation, c/o Corporate Secretary, 2500 CityWest Boulevard, Suite 1300, Houston, Texas 77042.

Legal Proceedings

Currently, no director or executive officer, to our knowledge, is a party to any material legal proceeding adverse to the interests of the Company. Additionally, no director or executive officer has a material interest in a material proceeding adverse to the Company.

Stockholder Communications with the Board

Any stockholder can communicate with all directors or with specified directors by sending correspondence to our Corporate Secretary at 2500 CityWest Boulevard, Suite 1300, Houston, Texas 77042. All such letters will be forwarded to the entire Board or to the Director(s) specified by the stockholder.

COMPENSATION OF DIRECTORS

Except as noted, our directors receive compensation for serving on the board and for serving as committee members. Robert S. Herlin, who serves as the Chairman of the Board, President and Chief Executive Officer, receives no additional compensation for serving as a director or committee member. During fiscal 2012, Mr. Loyd began receiving compensation as an outside director and for his service on the Compensation and Nominating and Corporate Governance committees. Information is supplied with respect to Mr. Cagan, whose retirement from the Board will be effective at the Annual Meeting.

The compensation plan for our outside directors constitutes a cash retainer of \$40,000 per year, plus meeting fees of \$1,000 per day for board and committee meetings attended in person and \$500 per day for those meetings attended telephonically, with a maximum of one fee paid per day in total. The Chair of the Audit Committee, who also chairs the Dividend Committee, is paid an additional retainer of \$18,000 per annum, the Chair of the Compensation Committee is paid an additional retainer of \$12,000 per annum, and the Chair of the Nominating and Governance Committee is paid an additional \$7,500 per annum. In addition to the cash retainers and fees, the outside directors receive a payment of restricted stock with a fair market value of \$50,000 per annum awarded as of the date of each annual stockholders meeting. These shares of restricted stock vest at the earlier of one year from the date of grant or the date of the next Annual Meeting. We also reimburse our non-employee directors for any direct expenses they incur in their capacity as directors, generally limited to travel costs related to board and committee meetings.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis is intended to assist the reader in understanding the Company's compensation programs. It is intended to explain the philosophy underlying the Company's compensation strategy and the fundamental elements of compensation paid to the Company's President and Chief Executive Officer ("CEO") and other officers whose compensation is reported in the Summary Compensation Table (together with the CEO, the "Named Executive Officers"). This Compensation Discussion and Analysis is organized as follows:

- I. Executive Summary
- II. Objectives and Key Considerations of Our Compensation Programs
- III. Roles in the Decision-Making Process
- IV. Items the Compensation Committee Considers When Making Compensation Decisions
- V. Elements of Our Compensation Program for Fiscal 2013
- VI. Employment Agreements and Severance Arrangements
- VII. Other Compensation Policies Affecting the Named Executive Officers

I. Executive Summary

The Company's compensation programs are designed to incentivize the Named Executive Officers to build meaningful shareholder value over the long-term. Our primary strategy to achieve alignment between shareholders and the Named Executive Officers has been to provide a substantial portion of the Named Executive Officers' compensation in the form of long-term incentives. This strategy has complemented the life cycle of the Company, which as a relatively young organization has delivered a significant portion of employee compensation through the use of equity-based awards, thus aligning employees with shareholders and conserving cash to invest in operations. The Compensation Committee continues to believe that share ownership by the Named Executive Officers is an essential aspect of linking the actions and goals of management with the well-being of shareholders.

The Company attracts, retains and motivates the Named Executive Officers also through competitive base salaries and performance-based annual bonuses. For more information on the different elements of compensation paid to the Named Executive Officers during Fiscal 2013, see the section entitled "Elements of Our Compensation Program for Fiscal Year 2013."

Edgar Filing: EVOLUTION PETROLEUM CORP - Form DEF 14A

As described later, the Compensation Committee takes many factors into consideration when making decisions affecting the compensation of our Named Executive Officers. During Fiscal 2013, the Compensation Committee considered, among other things, the exemplary performance of the Company during the year, including the following financial and strategic achievements:

Achieved \$6.0 million in net income compared to \$4.5 million in Fiscal 2012;

Increased revenues by 19% year-over-year to approximately \$21.3 million;

Increased proved developed reserves by 26% year-over-year to 10.1 million BOE;

Increased Delhi proved reserves estimates by 23% to 13.5 million BOE;

Continued to operate and grow our business using a conservative capital structure, resulting in a strong balance sheet that provides flexibility to meet opportunities; and

Achieved an actual total shareholder return (TSR) of +31% during Fiscal 2013, compared to a 7% TSR for the SIG Oil Exploration & Production Index and -3% TSR for companies that make up our Peer Group.

Finally, the compensation programs for our Named Executive Officers are intended to be clear and not overly complicated. The Compensation Committee structures executive compensation to provide a direct link between pay and performance. In an effort to allow all employees, including our Named Executive Officers, to understand how their behavior and actions impact corporate performance, and ultimately their compensation, the Company has adopted an egalitarian approach to compensation whereby every employee in the Company receives grants of equity-based awards and participates in the same incentive compensation program. All employees are measured in part based on the same set of performance goals. Similarly, employee benefits and change in control provisions are the same for all employees, including Named Executive Officers, to foster an atmosphere of teamwork that is focused on achieving a consistent set of objectives, all of which are developed with a singular purpose in mind-to increase shareholder value.

II. Objectives and Key Considerations of Our Compensation Programs

The objectives of the Company's compensation programs for our Named Executive Officers are to attract, retain, and motivate capable individuals who are critical to developing our business plan and executing in key areas that are fundamental to meeting goals. These three objectives—attraction, retention and motivation—are central objectives and are paramount in the ultimate objective of our compensation programs: to create and protect shareholder value. As more fully described in Section V "Elements of Our Compensation Program for Fiscal Year 2013," each element of compensation is utilized to further efforts to aid in attraction, retention and motivation. In general and at this stage of the Company's growth and size relative to its peers, the Company targeted Named Executive Officer compensation to such median Peer Group total compensation for above median performance.

The Company has historically considered, and will continue to consider, the above objectives in all material compensation decisions and intends to continue doing so in the future. The Committee believes that targeting these objectives will result in building a strong management team capable of creating long-term, sustainable growth for shareholders.

III. Roles in the Decision-Making Process

The primary participants in the decision-making process in matters involving executive compensation are the Compensation Committee and the CEO. The CEO makes recommendations to the Compensation Committee regarding certain elements of compensation for the Named Executive Officers, other than himself. However, the Compensation Committee makes the final determination on

all compensation recommendations to the Board of Directors impacting the Named Executive Officers and certain other members of senior management. The Company also from time to time may engage compensation consultants, who provide benchmark data regarding competitive levels of executive pay as well as compensation trends and best practices within our industry.

As described in its charter, the Compensation Committee is tasked with reviewing and making recommendations to the Board of Directors regarding executive compensation and benefit plans and programs. For the Named Executive Officers and certain other members of senior management, the Compensation Committee makes the final determination as to levels of base salary, annual incentive program targets and payouts, and long-term incentive program targets and grants, subject to Board of Director approval.

IV. Items the Compensation Committee Considers When Making Compensation Decisions

When making compensation decisions that affect the Named Executive Officers, the Compensation Committee takes a number of items into consideration, which are discussed below. In addition, the Compensation Committee may also find it necessary from time to time to consider other items not specifically listed below.

Market Practices

On a periodic basis, the Compensation Committee reviews trends in executive compensation, both within a group of comparable exploration and production companies (our "Peer Group") and in the broader industry. In addition, the Compensation Committee also considers the relative amount of compensation paid to similar executives within the Peer Group to establish median levels. Relative to Fiscal 2011, the Compensation Committee engaged Longnecker & Associates to perform a market study to analyze absolute and targeted levels of executive pay, pay mix, long-term incentive vehicle utilization, and annual incentive program targets and structures, utilizing data from proxy statement disclosures as well as published salary surveys. The Compensation Committee used the results and observations from the Longnecker and Associates compensation study as one of many reference points in making compensation decisions for Fiscal 2012.

At the beginning of Fiscal 2013, the Company engaged Alvarez & Marsal Taxand, LLC ("A&MT") to review, among other compensation matters, the Peer Group utilized in benchmarking executive compensation levels and trends and overall compensation structure. The Peer Group for Fiscal 2013 differs from Fiscal 2012 due to the deletion of Samson Oil & Gas Ltd, GMX Resources, Gastar and Double Eagle Petroleum, and the addition of Synergy Resources to better fit our operations, product mix, organization and size. In considering companies for inclusion in the Peer Group, the Compensation Committee took into account a variety of factors, including revenue, market capitalization, capital structure, production levels, reserves, and area of strategic focus (natural gas versus liquids). The resulting Peer Group for Fiscal 2013 is comprised of the following companies:

Abraxas Petroleum Corporation;

Callon Petroleum Company;

Credo Petroleum Corporation;

Crimson Exploration, Inc.;

Miller Energy Resources, Inc.;

Panhandle Oil & Gas, Inc.;

Saratoga Resources, Inc.;

Synergy Resources Corporation;

Triangle Petroleum Corporation; and

Warren Resources, Inc.

For Fiscal 2014, the peer group will be adjusted to exclude Crimson Exploration and Credo Petroleum due to mergers involving those companies.

Business Environment

As a public company engaged in the acquisition, exploitation and development of oil and natural gas properties, we operate in an extremely cyclical industry. In an effort to combat this volatile environment, the Company recruited a seasoned management team that has grown share value in an organic manner without taking on burdensome debt that could constrain future operations. However, financial success is and will continue to be heavily impacted by commodity prices that have experienced high volatility in recent years.

As discussed in "Elements of Our Compensation Program for Fiscal 2013," annual and long term incentive compensation includes many objective performance metrics that can be measured in numerical and/or operational terms. However, the Compensation Committee has exercised, and will continue to exercise, a degree of discretion in administering the compensation programs for the Named Executive Officers due to the volatile oil and gas business environment as well as a number of other factors, including the fact that much of Company revenue is dependent on the activities of third-party operators. The Compensation Committee believes that this is necessary in order to retain and reward management for efforts that may not immediately translate to specific performance metrics, but that ultimately will drive long-term, sustainable shareholder growth.

Consideration of Risk

The compensation programs have been constructed to provide the Named Executive Officers with incentives to build shareholder value over the long term, while avoiding excessive risk-taking in the short term. A significant portion of all employees' compensation has and will continue to be paid out over multiple years through equity grants vesting over four-year periods. In establishing performance goals for compensation programs, the Compensation Committee has utilized a mix of safety, regulatory, operational, and strategic metrics to avoid excessive weight on any single criterion.

The Compensation Committee believes that the Company's executive compensation practices are appropriate to (i) encourage our Named Executive Officers to take appropriate levels of risk; and (ii) create sustained shareholder value over a long period of time.

Tax and Accounting Considerations

The Company is aware of the tax and accounting implications regarding the delivery of various forms of compensation. Section 162(m) of the Internal Revenue Code of 1986 (the "Code"), as amended, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to a corporation's Principal Executive Officer and the three other most highly compensated executive officers (excluding the Principal Financial Officer). To date, this limitation has been an insignificant factor in the deliberations of the Compensation Committee, but it will continue to evaluate the need to consider such limitations in the future.

V. Elements of Our Compensation Program for Fiscal Year 2013

As discussed in more detail below, the compensation program during fiscal year 2013 for the Named Executive Officers consisted of the following elements:

Base salary;

Cash bonus paid via our annual incentive program;

Restricted stock grants for long term incentives; and

Standard employee benefits.

Base Salary

The base salaries of the Named Executive Officers are the foundation on which all other compensation elements are built. We currently utilize base salary to attract qualified executive talent and retain our senior management team. The Company believes that paying base salaries that are competitive with companies with which we compete for talent is essential to maintaining stability in our leadership.

In the past, the Company's financial position has limited its ability to deliver competitive levels of base salary and annual cash incentive compensation to the Named Executive Officers and therefore relied more heavily on equity-based vehicles. However, as the Company has matured and begun to establish a consistent record of meaningful cash flow, we have increased cash compensation, including base salary, to levels more competitive with our peers. In establishing the Named Executive Officers' base salaries, the Compensation Committee also considers the responsibilities and duties of the individual, historical performance, industry experience, and overall importance to the Company.

The base salaries of our Named Executive Officers for Fiscal 2013 were approved by the Compensation Committee in August 2012. In August 2013, following the end of Fiscal 2013, the Compensation Committee again reviewed and made adjustments to the Named Executive Officer's base salaries after considering current pay, individual performance and market pay levels. Specifically, the Longnecker & Associates compensation study revealed that the base salaries of our Named Executive Officers were generally at or below the 25th percentile of the competitive market, and thus increases were necessary in Fiscal 2012 and 2013 to approach the competitive median. The following table sets forth the Named Executive Officers' base salaries for Fiscal 2012, 2013 and 2014.

Named Executive Officer	Fiscal 2012 Base Salary	Fiscal 2013 Base Salary	Fiscal 2014 Base Salary
Robert S. Herlin Chairman, President and Chief Executive Officer	\$ 335,000	\$ 380,000	\$ 399,000
Sterling H. McDonald Vice President, Chief Financial Officer and Treasurer	230,000	260,000	273,000
Daryl V. Mazzanti Vice President, Operations	230,000	260,000	273,000

Annual Incentive

Each fiscal year, our Named Executive Officers, as well as all employees of the Company, have the opportunity to earn cash payments under the annual incentive program designed to motivate all employees to achieve near-term corporate and individual goals. If employees are successful in satisfying their individual metrics, the annual incentive program provides for the payment of meaningful annual incentive payments.

Annual incentives are administered in a similar manner and structure for all employees of the Company. Elements of the corporate objectives that drive determination of the annual incentives for the Named Executive Officers are used in deciding cash incentive payouts for all staff. Annual incentives are determined using three inputs: the Individual Rating, Company performance relative to stretch incentive performance goals, and the Target Incentive.

Edgar Filing: EVOLUTION PETROLEUM CORP - Form DEF 14A

The individual rating of the Chief Executive Officer was determined qualitatively based on performance of the Company in achieving the following goals:

Restructure of Company to better focus on core assets of Delhi and GARP®

Continued commercialization of GARP®

Excellence in health, safety, environmental and regulatory performance

Exceed the Company's peer group median total shareholder return

Completion of strategic review as to options for maximizing shareholder value, future growth and appropriate structure.

The individual rating of the Chief Financial Officer was determined qualitatively based on individual performance in achieving goals including, but not limited to, the following:

Monetization of noncore assets

Completion of strategic review as to options for maximizing shareholder value, future growth and appropriate structure

Timely adherence to all regulatory filing requirements.

The individual rating of the Vice President-Operations/NGS Technologies was determined qualitatively based on individual performance in achieving goals including, but not limited to, the following:

Monetization of noncore assets

Maintenance of GARP® installed production

Increase of number of installations of GARP®

Management of independent reservoir engineering process

The Compensation Committee believes that disclosure of certain goals and certain quantitative targets could result in competitive harm to the Company, thus not all goals are disclosed publicly.

The Committee considered the CEO's recommendations as to the individual ratings of all employees other than the CEO and ultimately determined each Named Executive Officer's Individual Rating and ratified the CEO's ratings of employees other than the Named Executive Officers.

Once the Individual Ratings were determined, the addition of these ratings plus any special incentive awards is multiplied against the Named Executive Officer's Target Incentive. The Target Incentive is defined as a percentage of base salary. For recent years through fiscal 2012, the Target Incentives were 100% of base salary for Mr. Herlin and 75% of base salary for Messrs. McDonald and Mazzanti. Based on the three factors that determined annual incentives, the incentive payments to the Named Executive Officers in respect of Fiscal 2013 were determined as shown in the chart below. Such annual incentives generally fell within the middle two quartiles of the Peer Group.

Edgar Filing: EVOLUTION PETROLEUM CORP - Form DEF 14A

For Fiscal year 2013, a special stretch incentive performance award of 15% was awarded to all employees including the Named Executive Officers. This was achieved due to the outstanding performance of the Company's common stock, with its total shareholder return coming into the top

Edgar Filing: EVOLUTION PETROLEUM CORP - Form DEF 14A

quartile of the SIG Oil Exploration and Production Index (Nasdaq: EPX) for Fiscal year ending June 30, 2013.

Named Executive Officer	Individual Rating		Special Performance Award		Target Incentive	=	Fiscal Year 2013 Bonus
Robert S. Herlin Chairman, President and Chief Executive Officer	95%	+	15%	x	\$ 380,000	=	\$ 418,000
Sterling H. McDonald Vice President, Chief Financial Officer and Treasurer	85%	+	15%	x	195,000	=	195,000
Daryl V. Mazzanti Vice President, Operations	75%	+	15%	x	195,000	=	175,500

For Fiscal 2014, a special incentive performance award will be provided to all employees that could result in an incremental 25% of the Annual Target Incentive based on the Company attaining certain quantitative goals of TSR compared to the SIG Oil and Gas Exploration Index and a higher level of commercialization of the GARP® technology.

In addition to participation in the annual incentive program, Mr. Mazzanti is eligible to earn a royalty fee of \$5,057, adjusted for inflation annually, for each commercial installation of GARP®. Payment of this incentive is pursuant to a June 2011 technology assignment agreement, as amended, between Mr. Mazzanti and the Company. During Fiscal 2013, Mr. Mazzanti was successful in securing four commercial installations. As such, Mr. Mazzanti received \$20,226 in royalty fees during Fiscal 2013. This amount is reported in the Summary Compensation Table in the column "All Other Compensation."

Long-Term Incentives

We utilize a long-term incentive plan that currently awards restricted shares as a compensation vehicle that we believe aligns the interests of our Officers and all other employees with shareholders. Long-term incentives ("LTI") utilizing both restricted stock and stock options vesting over four years in quarterly amounts have also been a major and required tool to attract and retain experienced staff during the early life of the Company, and increasing use of restricted stock in place of options has mitigated dilution of shareholders. The Compensation Committee believes that delivering a significant portion of total compensation in the form of LTI that vest over a period of many years' acts to retain our management team over the long-term and motivates them to engage in activities that will promote sustainable growth in the price of our stock. Primarily through long-term incentive grants, our Named Executive Officers have accumulated significant share ownership, with beneficial ownership of approximately 18% of common shares. In addition, all employees, including the Named Executive Officers, are more fully aligned with shareholders as a result of our stock retention policy, which is described in more detail in the section "Other Compensation Policies Affecting the Named Executive Officers."

Since Fiscal 2009, the Company has solely utilized restricted shares to deliver LTI value to all employees. In earlier years, the Company utilized stock options to provide LTI to attract and retain employees during the startup phase of the Company. All employees of the Company are granted restricted shares on an annual basis, following completion and acceptance of the annual independent engineering reports and financial audit.

Edgar Filing: EVOLUTION PETROLEUM CORP - Form DEF 14A

In prior years, the size of the restricted share grants for all employees, including the Named Executive Officers, was determined by considering two factors individual LTI Targets and an overall corporate multiplier, which is determined based on Company performance during the trailing fiscal year. Following the end of the fiscal year, generally in September, the Compensation Committee, utilizing input and a recommendation from the CEO, makes an assessment of overall corporate performance. The overall corporate performance multiplier is then multiplied by each employee's Individual LTI Target to determine the value of the restricted stock grant.

In August 2012, the Compensation Committee made the determination that the overall corporate performance multiplier for Fiscal 2012 was 80%. As such, all employees, including the Named Executive Officers, were awarded restricted stock grants having a grant date fair value equal to 80% of each employee's respective Individual LTI Target. While these grants were awarded in respect of Fiscal 2012, the grants did not occur until Fiscal 2013, and as such are shown in the Grants of Plan-Based Awards Table. Details regarding these grants are also shown below for the Named Executive Officers.

Named Executive Officer	Overall Corporate Performance Multiplier	x	Individual LTI Target	=	Grant Date Fair Value August 2012 Restricted Share Grant	Number of Restricted Shares(1)
Robert S. Herlin Chairman, President and Chief Executive Officer	80%	x	\$ 502,500(2)	=	\$ 402,003	50,694
Sterling H. McDonald Vice President, Chief Financial Officer and Treasurer	80%	x	230,000(3)	=	184,000	23,203
Daryl V. Mazzanti Vice President, Operations	80%	x	230,000(3)	=	184,000	23,203

- (1) Number of restricted shares determined by dividing grant date fair value by the closing market price of our common stock on the day immediately preceding the date of grant (\$7.93 on September 5, 2012).
- (2) Represents 150% of fiscal year 2012 base salary (\$335,000).
- (3) Represents 100% of fiscal year 2012 base salary (\$230,000).

For Fiscal 2011 through 2013, the Company has awarded the following amounts of securities to employees and directors:

Fiscal Year	Sign-on Stock Awards	Stock Options	Stock Awards	Total Awards	Common Shares Outstanding
2013	25,000	0	186,197	211,197	28,608,969
2012	0
