ITEM 1.01 - ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On February 28, 2005, North American Galvanizing & Coatings, Inc. (the "Company") entered into Amendment Five ("Amendment Five") to the Company's Amended and Restated Credit Agreement (the "Credit Facility"), by and among the Company and North American Galvanizing Company, a wholly owned subsidiary of the Company, as borrowers, and JP Morgan Chase Bank, N.A., as the lender (the "Lender"). Pursuant to the terms of Amendment Five, the maximum amount the Company may draw against the revolving portion of the Credit Facility increased from \$7.0 million to \$8.0 million and the maturity date for this portion of the Credit Facility was extended from December 15, 2007 to February 28, 2008. In addition, Amendment Five increased the outstanding term loan portion of the Credit Facility from approximately \$2.9 million to \$5.0 million and the maturity date for this portion of the Credit Facility was extended from December 15, 2007 to February 28, 2008. The Company paid a 0.5% fee on this additional increase of the term loan portion of the Credit Facility. The Credit Facility still contains a sub-limit of \$1.0 million with regard to letters of credit. The bond letter of credit portion of the Credit Facility was amended to reflect a face amount of approximately \$6.9 million and to extend the expiry date from December 15, 2007 to February 28, 2008.]

Further, pursuant to the Credit Facility the Company's hot-dip galvanizing facilities located in St. Louis, Missouri, Houston, Texas and Hurst, Texas are mortgaged facilities and as such, may be liquidated to remedy any outstanding amounts owed to the Lender upon a default. As reported on a Current Report on Form 8-K filed by the Company on March 2, 2005, the Company, acting through a subsidiary, acquired certain hot-dip galvanizing facilities from Gregory Industries, Inc. located in Canton, Ohio. Amendment Five adds these Canton, Ohio facilities to the list of mortgage facilities.
