o	Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 8.01. Other Events.

The Company reported that it has been informed by the California Coastal Commission's staff that the hearing on the Company s most recent application for a Coastal Development Permit (CDP) is now being planned for mid-April 2005, rather than March as previously reported. The Commission's staff stated that they need more time to analyze the Company s new CDP application. The Company currently expects that the Commission s staff will release its recommendations on the CDP application in late March or early April 2005; however, there can be no assurance that further delays will not be encountered.

As previously reported, the Company filed a new application for a CDP with the Coastal Commission on January 21, 2005 for a proposed residential development consisting of 347 homes to be built on 68 acres of the approximately 105-acre upper bench of the Bolsa Chica mesa. This new application reflects elimination of development in environmentally sensitive habitat areas and increased buffers between the habitat areas and the proposed development. The Company made these substantial changes to its proposed development plan in response to issues raised with respect to the prior CDP application at the Coastal Commission's October 13, 2004 hearing. These modifications resulted in a nine-acre decrease in the proposed development area and a corresponding decrease of 32 homes in the plan. The Company does not believe that the Coastal Commission process will permanently prevent it from developing a planned community at Bolsa Chica; however, there can be no assurance in that regard, or as to when development could commence, or as to the number of acres or homes the Company will be permitted to develop, or that further litigation or administrative delay will not result. If the Commission approves the plan at the April hearing, the CDP could be issued by the end of 2005, subject to satisfying the Commission s permit conditions.

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

Certain of the foregoing information contain forward-looking statements that relate to future events or the Company's future financial performance. These statements involve known and unknown risks, uncertainties and other factors which may cause the Company's actual results, performance or achievements to be materially different from any future results, performances or achievements expressed or implied by the forward-looking statements. In some cases, you can identify forward-looking statements by terminology such as "may", "will", "should", "expects", "plans", "anticipates", "believes", "estimates", "predicts", "potential", "continue", or the negative of such terms or other comparable terminology. These forward-looking statements include, but are not limited to, statements about the Company's plans, objectives, goals, expectations and intentions, the number and types of homes and number of acres of land that the Company may develop and sell, the timing and outcomes of any such development, the timing and outcomes of litigation, regulatory approval processes or administrative proceedings (including, but not limited to ongoing administrative proceedings related to the Company s principal asset, the Bolsa Chica mesa), and other statements contained herein that are not historical facts.

The Company assumes no, and hereby disclaims any, obligation to update any of the foregoing or any other forward-looking statements. The Company nonetheless reserves the right to make such updates from time to time by press release, periodic report or other method of public disclosure without the need for specific reference to this press release. No such update shall be deemed to indicate that other statements not addressed by such update remain correct or create an obligation to provide any other updates.

Prohibition Against Becoming a 5% Stockholder and No Further Acquisitions by Current 5% or Greater Stockholders

Unless the Company has previously consented in writing (i) no stockholder holding less than 5% of the outstanding shares of Common Stock may acquire additional shares of Common Stock in an amount that would take such holder to 5% or more; and (ii) no current 5% or greater stockholder may acquire any additional shares. The foregoing prohibition is contained in the Company's charter documents, in order to preserve the tax benefits of the Company's \$164 million of net operating loss carryovers ("NOLs"). All acquisitions of the Company's Common Stock in violations of its charter prohibitions are null and void, and the Company is empowered to effectively rescind such acquisitions. The Company may entertain requests for permission to exceed the limitations on stock acquisitions in the future if the Company's board of directors determines that such acquisitions would not jeopardize the Company's ability to preserve and use its NOLs.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.
