  - (b) The subject annual report, semi-annual report, transition report on Form 10-K, Form 20-F, Form 11-K, Form N-SAR or Form N-CSR, or portion thereof, will be filed on or before the fifteenth calendar day following the prescribed due date; or the subject quarterly report or transition report on Form 10-Q or subject distribution report on Form 10-D, or portion thereof, will be filed on or before the fifth calendar day following the prescribed due date; and

**PART III NARRATIVE**

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

The Registrant is unable to file its 10-KSB on the due date without unreasonable effort or expense. The Registrant completed a merger with StorCOMM, Inc. on November 22, 2005. As part of management's evaluation of the purchase accounting for the transaction, the Registrant obtained an independent asset valuation report which was received on March 14, 2006 and tax analysis which was received on March 22, 2006, in order to properly value the assets acquired and the related tax consequences. The Registrant is still in the process of reviewing the asset valuation report and tax analysis due to the delay in receiving such information. As a result, additional time is required for the Registrant to complete the purchase accounting and year-end financial statements. Management expects to complete the Form 10-KSB and the related financial statements within the 15-day extension provided by Rule 12b-25(b)(2)(ii). No material restatement of financial information from prior periods is anticipated.

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed ? If answer is no, identify report(s).

Yes    No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes    No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As of the date of this Form 12b-25, the financial statements for the fiscal year ended December 31, 2005 have not been completed due to the reasons stated above and will report a significant change in its earnings statement. In addition, the Registrant elected to change its fiscal year from August 31 to December 31 in January 2005 and filed a transitional report on Form 10-QSB for the four months ended December 31, 2004. Therefore the change in fiscal year will require different fiscal year comparable periods. The Registrant expects to report a change in its results of operation and a net loss of approximately \$2.5 million in its fiscal year ended December 31, 2005 as compared to net income of \$162,624 for the fiscal year ended August 31, 2004. The loss is attributable to the Company establishing an additional valuation allowance against its deferred tax asset in the third quarter ended September 30, 2005 in the amount of approximately \$800,000 resulting from accumulated net losses incurred. The balance of the loss of approximately \$1.7 million is primarily attributable to loss from operations, which includes significant non-capitalized transactional costs and integration activities. In addition, the Registrant's balance sheet at December 31, 2005 should represent on a consolidated basis, the post merger company including the purchase accounting transaction of the merger as compared to a balance sheet at December 31, 2004, which represents the Registrant as a standalone entity pre-merger.
