**Item 1.01 Entry into a Material Definitive Agreement.**

On April 1, 2014, Legacy Reserves LP ( we, us or the Partnership ) entered into an amended and restated five-year \$1.5 billion secured revolving credit facility with Wells Fargo Bank, National Association, as Administrative Agent, Compass Bank, as Syndication Agent, UBS Securities LLC and U.S. Bank National Association, as Co-Documentation Agents and the lenders party thereto (the Credit Agreement ). Borrowings under the Credit Agreement mature on April 1, 2019. Our obligations under the Credit Agreement are secured by mortgages on over 80% of the total value our oil and gas properties as well as a pledge of all of our ownership interests in our operating subsidiaries. The amount available for borrowing at any one time is limited to the borrowing base and contains a \$2 million sub-limit for letters of credit. The borrowing base is currently set at \$800 million and is not conditioned upon the closings of our two pending acquisitions announced on March 26, 2014. As of April 1, 2014, we have approximately \$360 million drawn under the Credit Agreement, leaving approximately \$440 million of current availability.

The borrowing base is subject to semi-annual re-determinations on April 1 and October 1 of each year, commencing October 1, 2014. Additionally, either we or the lenders may, once during each calendar year, elect to re-determine the borrowing base between scheduled re-determinations. We also have the right, once during each calendar year, to request the re-determination of the borrowing base upon the proposed acquisition of certain oil and gas properties where the purchase price is greater than 10% of the borrowing base then in effect. Any increase in the borrowing base requires the consent of all the lenders and any decrease in or maintenance of the borrowing base must be approved by the lenders holding at least 66-2/3% of the outstanding aggregate principal amounts of the loans or participation interests in letters of credit issued under the Credit Agreement. If the requisite lenders do not agree on an increase or decrease, then the borrowing base will be the highest borrowing base acceptable to the lenders holding 66-2/3% of the outstanding aggregate principal amounts of the loans or participation interests in letters of credit issued under the Credit Agreement so long as it does not increase the borrowing base then in effect. We may at any time issue additional senior notes or new debt whose proceeds are used to refinance such senior notes, subject to specified conditions in the Credit Agreement, which include that upon the issuance of such senior notes or new debt, the borrowing base shall be reduced by an amount equal to (i) (A) in the case of the senior notes, 25% of the stated principal amount of the senior notes and (B) in the case of the new debt, 25% of the portion of the new debt that exceeds the original principal amount of the senior notes or (ii) in the sole discretion of the lenders holding at least 66-2/3% of the outstanding aggregate principal amounts of the loans or participation interests in letters of credit issued under the Credit Agreement prior to the issuance of the senior notes or new debt, a lesser amount. In addition, after giving pro forma effect to the issuance of any additional senior notes, we must continue to have a ratio of total debt to EBITDA of 4.00 to 1.00 for four fiscal quarters preceding the issuance of the senior notes. Outstanding borrowings in excess of the borrowing base must be prepaid, and, if mortgaged properties represent less than 80% of total value of oil and gas properties evaluated in the most recent reserve report, we must pledge other oil and natural gas properties as additional collateral.

We may elect that borrowings be comprised entirely of alternate base rate (ABR) loans or Eurodollar loans. Interest on the loans is determined as follows:

- with respect to ABR loans, the alternate base rate equals the highest of (i) the prime rate, (ii) the Federal funds effective rate plus 0.50% and (iii) the one-month London interbank rate (LIBOR) plus 1.00%, in each case plus an applicable margin ranging from and including 0.50% and 1.50% per annum, determined by the percentage of the borrowing base then in effect that is drawn, or
- with respect to any Eurodollar loans, one-, two-, three- or six-month LIBOR, or, upon the consent of all of the lenders, twelve month LIBOR, in each case plus an applicable margin ranging from and including 1.50% and 2.50% per annum, determined by the percentage of the borrowing base then in effect that is drawn.

## Edgar Filing: LEGACY RESERVES LP - Form 8-K

We pay a commitment fee ranging from and including 0.375% and 0.500% on the average daily amount of the unused amount of the commitments under the Credit Agreement.

The Credit Agreement contains various covenants that limit our ability to:

- incur indebtedness;
- enter into certain leases;

## Edgar Filing: LEGACY RESERVES LP - Form 8-K

- grant certain liens;
- enter into certain swaps;
- make certain loans, acquisitions, capital expenditures and investments;
- make distributions other than from available cash;
- merge, consolidate or allow any material change in the character of our business; or
- engage in certain asset dispositions, including a sale of all or substantially all of our assets.

The Credit Agreement also contains covenants that, among other things, require us to maintain specified ratios or conditions as follows:

- total debt to EBITDA of not more than 4.00 to 1.0; and
- consolidated current assets, including the unused amount of the total commitments, to consolidated current liabilities of not less than 1.0 to 1.0, excluding non-cash assets and liabilities under FASB Accounting Standards Codification 815, which includes the current portion of oil, natural gas and interest rate swaps.

EBITDA is defined as net income (loss) plus (i) interest expense, (ii) expense for income and income based taxes paid or accrued, (iii) depreciation, depletion, amortization, accretion and impairment, including without limitation, impairment of goodwill, and (iv) any non-cash items associated with (a) mark to market accounting related to derivatives or investments, (b) equity compensation and/or (c) any gains or losses attributable to writeups or writedowns of assets, including ceiling test writedowns; less, all non-cash items increasing net income, all on a consolidated basis.

If an event of default exists under the Credit Agreement, the lenders will be able to accelerate the maturity of the credit agreement and exercise other rights and remedies. Each of the following would be an event of default:

- failure to pay any principal when due or any reimbursement amount, interest, fees or other amount within certain grace periods;

## Edgar Filing: LEGACY RESERVES LP - Form 8-K

- a representation or warranty is proven to be incorrect when made;
- failure to perform or otherwise comply with the covenants or conditions contained in the credit agreement or other loan documents, subject, in certain instances, to certain grace periods;
- default by us on the payment of any other indebtedness in excess of \$2.0 million, or any event occurs that permits or causes the acceleration of the indebtedness;
- bankruptcy or insolvency events involving us or any of our subsidiaries;
- the loan documents cease to be in full force and effect;
- our failing to create a valid lien, except in limited circumstances;
- a change of control, which will occur upon (i) the acquisition by any person or group of persons of beneficial ownership of more than 35% of the aggregate ordinary voting power of our equity securities, (ii) the first day on which a majority of the members of the board of directors of our general partner are not continuing directors (which is generally defined to mean members of our board of directors as of April 1, 2014 and persons who are nominated for election or elected to our general partner's board of directors with the approval of a majority of the continuing directors who were members of such board of directors at the time of such nomination or election), (iii) the direct or indirect sale, transfer or other disposition in one or a series of related transactions of all or substantially all of the properties or assets (including equity interests of subsidiaries) of us and our subsidiaries to any person, (iv) the adoption of a plan related to our liquidation or dissolution or (v) Legacy Reserves GP, LLC's ceasing to be our sole general partner;

- the entry of, and failure to pay, one or more adverse judgments in excess of \$2.0 million or one or more non-monetary judgments that could reasonably be expected to have a material adverse effect and for which enforcement proceedings are brought or that are not stayed pending appeal; and
- specified ERISA events relating to our employee benefit plans that could reasonably be expected to result in liabilities in excess of \$2.0 million in any year.

A copy of the Credit Agreement is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by reference.
