Item 1.01 Entry into a Material Definitive Agreement.

On January 7, 2016, Mack-Cali Realty, L.P. (the Operating Partnership), the operating partnership of Mack-Cali Realty Corporation (the General Partner), entered into an unsecured term loan facility (the Term Loan Facility) with a group of seven lender banks on terms and conditions set forth in the Term Loan Agreement dated as of January 7, 2016 (the Term Loan Agreement) among the Operating Partnership, as borrower, Merrill Lynch, Pierce, Fenner & Smith Incorporated, J.P. Morgan Securities LLC and Wells Fargo Securities LLC as joint lead arrangers, Bank of America, N.A. (BOA), as administrative agent, JPMorgan Chase Bank, N.A. (JPMC), Wells Fargo Bank, N.A. (WFB) and Capital One, National Association, as syndication agents, U.S. Bank National Association (USB), as documentation agent, and PNC Bank, National Association, and Citibank, N.A., as other lenders (collectively, the Lenders). The General Partner is the guarantor of the obligations of the Operating Partnership under the Term Loan Agreement.

The Term Loan Agreement provides for loans or other extensions of credit to the Operating Partnership in the initial principal amount of \$350 million (expandable to \$400 million). The Term Loan Agreement matures in January 2019 with two one-year extension options, subject to the payment of a 15 basis point fee for each extension. The interest rate for the Term Loan Facility is currently 140 basis points over the London Inter-Bank Offered Rate (LIBOR). The interest rate is subject to adjustment on a sliding scale based on a change in the Operating Partnership's unsecured debt ratings, or at the Operating Partnership's option, a defined leverage ratio. There is no premium or penalty associated with full or partial prepayment of the Term Loan Facility.

In connection with the Term Loan Facility, on January 6, 2016 the Operating Partnership entered into interest rate swap arrangements with certain of the Lenders and Comerica Bank (collectively, the Swap Counterparties) pursuant to International Swaps and Derivatives Association, Inc. 2002 Master Agreements between the Operating Partnership and the Swap Counterparties (the Swap Agreements) to fix the floating rate under the Term Loan Facility by fixing LIBOR at 1.455 percent through January 2021 (the end of the second of the two extension options). These Swap Agreements will provide for a current fixed rate of 2.855 percent for borrowings under the Term Loan Facility.

The Term Loan Agreement includes certain restrictions and covenants which limit, among other things the incurrence of additional indebtedness, the incurrence of liens and the disposition of real estate properties (to the extent that: (i) such property dispositions cause the Operating Partnership to default on any of the financial ratios of the Term Loan Facility (described below), or (ii) the property dispositions are completed while the Operating Partnership is under an event of default under the Term Loan Facility, unless, under certain circumstances, such disposition is being carried out to cure such default), and which require compliance with financial ratios relating to the maximum leverage ratio (60 percent), the maximum amount of secured indebtedness (40 percent), the minimum amount of fixed charge coverage (1.5 times), the maximum amount of unsecured indebtedness (60 percent), the minimum amount of unencumbered property interest coverage (2.0 times) and certain investment limitations (generally 15 percent of total capitalization). If an event of default has occurred and is continuing, the Operating Partnership will not make any excess distributions except to enable the General Partner to continue to qualify as a REIT under the Internal Revenue Code of 1986, as amended.
