Entry into a Material Definitive Agreement

On April 26, 2006, RITA Medical Systems, Inc. (the "Company") entered into a Supply and Distribution Agreement with Biocompatibles UK Limited ("Biocompatibles") related to the LC Bead™ embolization product (the "Distribution Agreement"). Pursuant to the terms of the Distribution Agreement, the Company has obtained exclusive license and distribution rights for the LC Bead embolization product in the United States and Canada for a period of three years.

The Distribution Agreement requires that the Company purchase a specific minimum number of units of the LC Bead embolization product for distribution in the United States and Canada in each of three specified periods during the term of the agreement. The Company must purchase units of the LC Bead embolization product from Biocompatibles at the price set forth in the Distribution Agreement, which is subject to upward adjustment in certain circumstances. The Company has agreed that it will not distribute any competing embolizing products of third parties in the United States or Canada during the term of the Distribution Agreement.

No cash payments were made by either party in connection with their entry into the above-described agreements.

On April 27, 2006, the Company issued a press release, attached hereto as Exhibit 99.1, announcing that the Company had entered into the Distribution Agreement with Biocompatibles.
