ANNUAL MEETING OF SHAREHOLDERS

to be held Monday, June 4, 2007

SOLICITATION OF PROXY

The accompanying proxy is solicited on behalf of the Board of Directors of Intelli-Check, Inc. (the "Company"), for use at the annual meeting of shareholders of the Company (the "Annual Meeting") to be held on Monday, June 4, 2007 at the American Stock Exchange, 86 Trinity Place, New York, New York 10006 at 11:00 a.m., local time. This proxy statement contains information about the matters to be considered at the meeting or any adjournments or postponements of the meeting. In addition to mail, proxies may be solicited by personal interview, telephone or telegraph by our officers and regular employees, without additional compensation. We will bear the cost of solicitation of proxies. Brokerage houses, banks and other custodians, nominees and fiduciaries will be reimbursed for out-of-pocket and reasonable expenses incurred in forwarding proxies and proxy statements. The Board of Directors has set May 2, 2007 as the record date (the "Record Date") to determine those holders of record of common stock, par value \$.001 ("Common Stock") who are entitled to notice of, and to vote at the Annual Meeting. On or about May 10, 2007, the Company's 2006 Annual Report, including financial statements, this Proxy Statement and the proxy card (the "Proxy Card" or "Proxy") are being mailed to stockholders of record as of the close of business on May 2, 2007.

ABOUT THE MEETING

What is being considered at the meeting?

You will be voting on the following:

- the election of three directors, each to serve for a three year term ;
- the ratification of the appointment of Amper, Politziner and Mattia, P.C., as our independent registered public accountant firm.

Who is entitled to vote at the meeting?

You may vote if you owned common stock as of the close of business on May 2, 2007. Each share of common stock is entitled to one vote.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy by mail. In order for us to conduct our meeting, a majority of the combined voting power of our common stock as of May 2, 2007 must be present at the meeting. This is referred to as a quorum. We believe that on

May 2, 2007, there will be 12,227,778 outstanding shares of common stock entitled to vote.

How do I vote?

You can vote in two ways:

- by attending the meeting in person; or
 - by completing, signing and returning the enclosed proxy card.
-

Can I change my mind after I submit my proxy?

Yes, you may change your mind at any time before a vote is taken at the meeting. You can do this by (1) signing another proxy with a later date and submitting it in the same manner as the prior proxy was submitted, (2) if you hold your shares in your name, voting again at the meeting, or (3) if you hold your shares in street name, arranging with your broker to vote your shares at the annual meeting.

What if I return my proxy card but do not include voting instructions?

Proxies that are signed and returned but do not include voting instructions will be voted FOR the election of the nominated directors and FOR the approval of the appointment of our independent public accountants.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Continental Sock Transfer and Trust Company. The transfer agent's telephone number is (212) 509-4000.

Will my shares be voted if I do not provide my proxy?

If you hold your shares directly in your own name, they will not be voted if you do not provide a proxy. Your shares may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms generally have the authority to vote customers' unvoted shares on certain "routine" matters, including the election of directors and the ratification or approval of the appointment of independent public accountants. When a brokerage firm votes its customer's unvoted shares, these shares are counted for purposes of establishing a quorum. At our meeting, these shares will be counted as voted by the brokerage firm in the election of directors and the approval of the appointment of our independent public accountants.

What vote is required to approve each item?

The affirmative vote of a plurality of the votes cast at the annual meeting is required for approval of the election of directors and the affirmative vote of a majority of the votes cast is required for the ratification of the appointment of our independent public accountants.

Do we currently have, or do we intend to submit for stockholder approval, any anti-takeover device?

Our Certificate of Incorporation, By-Laws and other corporate documents do not contain any provisions that contain material anti-takeover aspects except for our classified board of directors. We have no plans or proposals to submit any other amendments to the Certificate of Incorporation or By-Laws or other measures in the future that have anti-takeover effects.

Proposal No. 1**ELECTION OF DIRECTORS**

Our Board of Directors is a classified board with each class of directors being elected each year for a term of three years. Unless specified to be voted otherwise, the persons named in the accompanying proxy will vote for the election of the following persons as directors, all of whom are presently members of the Board of Directors, to hold office for the terms set forth below or until their respective successors have been elected and qualified. Each proxy will be voted for the nominees named below. The nominees have consented to serve as directors if elected. **The board of directors recommends that you elect the three nominees identified below.**

Compliance with Section 16(a) of the Exchange Act

The Securities and Exchange Commission has adopted rules relating to the filing of ownership reports under Section 16 (a) of the Securities Exchange Act of 1934. One such rule requires disclosure of filings, which under the Commission's rules, are not deemed to be timely. During the review of Forms 4, it was determined that Mr. Mandelbaum failed to file a timely report concerning the exercise of 25,000 stock options on January 3, 2006; however, such failure was remedied by the reporting of this transaction on February 1, 2006. All other transactions were reported in a timely fashion.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During the fiscal year ended December 31, 2006, the Board of Directors held seven meetings, the audit committee held five meetings, the Corporate Governance and Nominating Committee held four meeting and the Compensation Committee held four meetings. All of the directors attended at least 75% of the aggregate of all Board meetings and meetings of committees on which they served. The Board of Directors has determined that Messrs. Levy, Maxwell, Money, Rao and Smith, are each independent directors as defined in Section 121(A) of the American Stock Exchange's listing standards. The Company does not have a written policy relating to attendance by members of the board of directors at annual shareholder meetings. However, it is communicated and understood by all directors that they are required to attend barring any unforeseen circumstance. All directors attended last year's annual shareholder meeting.

Compensation Committee

The Board of Directors has established a Compensation Committee which is currently comprised of Mr. Money, chairperson, Mr. Levy and Mr. Maxwell, each of whom is independent as defined in Section 121(A) of the American Stock Exchange's listing standards. The Compensation Committee has adopted a written charter. The charter sets forth responsibilities, authority and specific duties of the Compensation Committee. A copy of the Compensation Committee charter is attached hereto as **Exhibit A**. The Compensation Committee reviews and recommends to the board the compensation for the CEO and non-employee directors of our Company and reviews the CEO's recommendations for all other corporate officers. It also reviews the general policy relating to compensation and benefits for all employees. The Compensation Committee has been designated by the Board of Directors to administer the stock option and equity incentive plans of the Company.

Corporate Governance and Nominating Committee

The Board of Directors has established a Corporate Governance and Nominating Committee, which is comprised of Mr. Levy, chairperson, Mr. Money and Mr. Smith, each of whom is independent as defined in Section 121(A) of the American Stock Exchange's listing standards. The Corporate Governance and Nominating Committee has adopted a written charter, a copy of which was attached to the Company's proxy statement for its 2006 Annual Meeting of Stockholders. The charter sets forth responsibilities, authority and specific duties of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee reviews our internal policies and procedures and by-laws. With respect to nominating director candidates, this committee identifies and evaluates potential director candidates and recommends candidates for appointment or election to the Board.

The Corporate Governance and Nominating Committee may consider those factors it deems appropriate in evaluating director nominees, including judgment, skill, diversity, strength of character, experience with businesses and organizations comparable in size or scope to the Company, experience and skill relative to other board members, and specialized knowledge or experience. Depending upon the current needs of our Board of Directors, certain factors may be considered more than others by the Committee in making its recommendation. In considering candidates for our Board of Directors, the Corporate Governance and Nominating Committee will evaluate the entirety of each candidate's credentials and, other than the eligibility requirements established by the Corporate Governance and Nominating Committee, will not have any specific minimum qualifications that must be met by a nominee. The Corporate Governance and Nominating Committee will consider candidates for the Board from any reasonable source, including current board members, shareholders, professional search firms or other persons. The Corporate Governance and Nominating Committee will not evaluate candidates differently based on who has made the recommendation.

Although we do not currently have a formal policy or procedure for stockholder recommendations of director candidates, the Board of Directors welcomes such recommendations and will consider candidates recommended by stockholders. Because we do not prohibit or restrict such recommendations, we have not implemented a formal policy with respect to stockholder recommendations.

Audit Committee

The Board of Directors has a separately designated Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, which is currently comprised of Mr. Rao, chairperson, Mr. Maxwell and Mr. Smith. The members of the Audit Committee are independent as defined in Section 121(A) of the American Stock Exchange's listing standards. The Audit Committee recommends to the board of directors the annual engagement of a firm of independent accountants and reviews with the independent accountants the scope and results of audits, our internal accounting controls and audit practices and professional services rendered to us by our independent accountants. The Audit Committee has adopted a written charter, a copy of which was attached to the Company's proxy statement for its 2006 Annual Meeting of Stockholders. The charter sets forth the responsibilities, authority and specific duties of the Audit Committee.

The Board of Directors has determined that it has at least one audit committee financial expert serving on our audit committee. Mr. Rao, who holds a diploma in Financial Management from the London School of Economics, is an "audit committee financial expert" and is an independent member of the board of directors.

Audit Committee Report

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This compensation discussion describes the material elements of compensation awarded to, earned by, or paid to each of our executive officers who served as named executive officers during the last completed fiscal year. This compensation discussion focuses on the information contained in the following tables and related footnotes and narrative for primarily the last completed fiscal year, but we also describe compensation actions taken before or after the last completed fiscal year to the extent it enhances the understanding of our executive compensation disclosure.

The Compensation Committee currently oversees the design and administration of our executive compensation program and compensation for the Board of Directors.

The principal elements of our executive compensation program are base salary, annual cash incentives, long-term equity incentives in the form of stock options and other benefits. Our other benefits consist of reimbursed business travel and entertainment expenses, a vehicle allowance, health insurance benefits, vacation and sick pay and a qualified 401(k) savings plan. Our philosophy is to position the aggregate of these elements at a level that is commensurate with our size and performance.

Compensation Program Objectives and Philosophy

In General. The objectives of our compensation programs are to:

attract, motivate and retain talented and dedicated executive officers,

- provide our executive officers with both cash and equity incentives to further our interests and those of our stockholders, and
- provide employees with long-term incentives so we can retain them and provide stability during our growth stage.

Generally, the compensation of our executive officers is composed of a base salary, an annual incentive compensation award and equity awards in the form of stock options. In setting base salaries, the Compensation Committee generally reviewed the individual contributions of the particular executive. The annual incentive compensation awards for 2006 and 2007 are and will be discretionary awards determined by the Compensation Committee based on expected Company performance. No annual incentive compensation has been paid to executive officers in the last three years. In addition, stock options are granted to provide the opportunity for long-term compensation based upon the performance of our common stock over time.

Intelli-Check generally intends to qualify executive compensation for deductibility without limitation under Section 162(m) of the Internal Revenue Code. Section 162(m) provides that, for purposes of the regular income tax and the alternative minimum tax, the otherwise allowable deduction for compensation paid or accrued with respect to a covered employee of a publicly-held corporation (other than certain exempt performance-based compensation) is limited to no more than \$1.0 million per year. We do not expect that the non-exempt compensation to be paid to any of our executive officers for fiscal 2007 as calculated for purposes of Section 162(m) will exceed the \$1.0 million limit.

Competitive Market. We define our competitive market for executive talent and investment capital to be the technology and business services industries. To date, we have not engaged in the benchmarking of executive compensation but we may choose to do so in the future.

Compensation Process. For each of our named executive officers, the Compensation Committee reviews and approves all elements of compensation, taking into consideration recommendations from our CEO (for compensation other than his own), as well as competitive market guidance. Based upon its review, the Compensation Committee approves salaries for executive officers. The Compensation Committee sets the salary level of each executive officer on a case by case basis, taking into account the individual's level of responsibilities and performance. All executive officer salaries are reviewed on an annual basis. Salary changes for executives are based primarily on their performance in supporting the strategic initiatives of the Chief Executive Officer, economic and competitive factors, meeting individual goals and objectives set by the Chief Executive Officer, and improving the operating efficiency of our company. Also, where applicable, changes in the duties and responsibilities of each other executive officer may be considered in deciding on changes in annual salary. For 2006, the aggregate of the compensation paid to our Chief Executive Officer and other executive officers was 60% cash and 40% non-cash option awards.

Executive Officer Bonuses. The Compensation Committee has made a significant portion of executive officer compensation contingent upon Intelli-Check's performance and each individual's contribution to Intelli-Check's success. For 2006, the Board of Directors approved a bonus plan for executives and employees which consisted of a bonus pool of up to \$200,000 had the Company's results of operations exceeded the approved 2006 budget by that amount. Intelli-Check did not meet this threshold during 2006 and, therefore, the Compensation Committee did not authorize payment of bonuses for 2006. For 2007, the Board of Directors has authorized a bonus pool for the executive officers and employees not to exceed \$200,000, provided that Intelli-Check's financial results exceed its approved budget for 2007 by that amount.

Stock Option Grants. The Compensation Committee currently administers Intelli-Check's stock option and equity incentive plans for executive officers, employees, consultants and outside directors. Under the plans, the Compensation Committee grants options to purchase Common Stock with an exercise price equal to the fair market value of the Common Stock on the date of grant. The Compensation Committee believes that providing stock options to the executive officers, who are responsible for Intelli-Check's management and growth, gives them an opportunity to own Intelli-Check stock and better aligns their interests with the interests of the stockholders. It also promotes retention of the officers because of the vesting provisions of the option grants and the potential for stock price appreciation.

For these reasons, the Compensation Committee considers stock options as an important element of compensation when it reviews executive officer compensation. At its discretion, the Compensation Committee also grants options based on individual and corporate achievements.

Normally, the Chief Executive Officer makes a recommendation to the Committee for awards to be made to executive officers other than the Chief Executive Officer. The Committee approves grants made to the CEO and other executive officers and, in certain cases, recommends grants for approval by the entire Board. The Compensation Committee determines the number of shares underlying each stock option grant based upon the executive officer's and Intelli-Check's performance, the executive officer's role and responsibilities at Intelli-Check and the executive officer's base salary. Effective November 7, 2006, the Board enacted a new policy regarding all future stock option grants. Such policy requires that all future stock option issuances will be granted on the third Thursday of each month after they have been approved and that each such issuance will have a strike price per share equal to the closing price of the Corporation's common stock on such day.

Chief Executive Officer Compensation. In deciding on changes in the base salary of the Chief Executive Officer, which will occur annually, the Compensation Committee considers several performance factors. Among these are operating and administrative efficiency and the maintenance of an appropriately experienced management team. The Compensation Committee also evaluates the Chief Executive Officer's performance in the area of finding and evaluating new business opportunities to establish the most productive strategic direction for our company.

Severance and Change of Control Provisions. Certain of our named executive officers have been given severance and change in control provisions as part of their understandings of employment. We granted certain executive officers these rights in order to attract and retain an appropriate caliber of talent for the applicable position. Our severance and change in control provisions for the named executive officers are summarized in "Understandings of Employment, Termination of Employment and Change-in-Control Provisions." Our analysis indicates that our severance and change in control provisions are consistent with the provisions and benefit levels of other companies disclosing such provisions as reported in publicly available SEC filings. We believe our arrangements are reasonable in light of the fact that cash severance is limited to the greater of the term of the agreement or two years for the Principal Executive Officer (at a rate equal to his then current base salary) and six months for the principal financial officer (at a rate equal to his then current base salary), there is no severance increase with a change in control and there are no "single trigger" benefits upon a change in control.

Intelli-Check's Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Understandings of Employment, Termination of Employment and Change-in-Control Provisions

Effective January 1, 2006, we entered into a letter of understanding with our Chairman and Chief Executive Officer that provides for an annual base salary of \$255,604. In addition, on November 8, 2005, we granted to Mr. Mandelbaum an option to purchase 25,000 shares of common stock at an exercise price of \$3.22 per share. We also agreed to provide a severance arrangement that in such case that we were to terminate Mr. Mandelbaum for any reason other than cause we would pay Mr. Mandelbaum 2 years of his annual cash base salary in 12 equal monthly installments.

On November 10, 2006, the Board of Directors increased Mr. Mandelbaum's annual base salary to \$264,000 effective January 1, 2007. On November 16, 2006, the Company also granted to Mr. Mandelbaum an option to purchase 25,000

shares of common stock at an exercise price of \$6.00 per share.

If there shall occur a change of control, as defined in the understanding of employment, Mr. Mandelbaum may terminate his employment at any time and be entitled to receive a payment equal to 2.99 times his average annual compensation, including bonuses, during the three years preceding the date of termination, payable in cash to the extent of three months salary and the balance in shares of our common stock based on a valuation of \$2.00 per share.

On November 10, 2006, the Company entered into a letter of understanding with its Chief Financial Officer, Mr. Winiarz, which provided for an annual base salary of \$175,000. This agreement became effective on January 1, 2007. Mr. Winiarz' previous employment contract terminated on December 31, 2006. On November 16, 2006, the Company also granted to Mr. Winiarz an option to purchase 25,000 shares of common stock at an exercise price of \$6.00 per share. Mr. Winiarz would have been eligible to receive a bonus upon Intelli-Check achieving certain financial targets. The Company agreed in the letter of understanding, that if it were to terminate Mr. Winiarz for any reason other than cause, it would pay Mr. Winiarz two (2) years of base salary in twelve (12) equal monthly installments. Mr. Winiarz resigned his position with the Company on January 21, 2007 and his letter of understanding terminated.

Each of the agreements requires the executive to devote substantially all his time and efforts to our business and contains non-competition and nondisclosure covenants of the officer for the term of his employment and for a period of two years thereafter. Each agreement provides that we may terminate the agreement for cause.

Stock Option and Equity Incentive Plans

The principal purpose of the Stock Option and Equity Incentive Plans is to attract, motivate, reward and retain selected employees, consultants and directors through the granting of stock-based compensation awards. The Plans provide for a variety of awards, including non-qualified stock options, incentive stock options (within the meaning of Section 422 of the Code), stock appreciation rights, restricted stock awards, performance-based awards and other stock-based awards. Effective November 7, 2006, the Board enacted a new policy regarding all future stock option grants. Such policy requires that all future stock option issuances are set to be granted on the third Thursday of each month and that each such issuance will have a strike price per share equal to the closing price of the Corporation's common stock on such day.

The Company adopted a Stock Option Plan (the "1998 Stock Option Plan") covering up to 400,000 of the Company's common shares, pursuant to which officers, directors, key employees and consultants to the Company are eligible to receive incentive stock options and nonqualified stock options. The Compensation Committee of the Board of Directors currently administers the 1998 Stock Option Plan and determines the terms and conditions of options granted, including the exercise price. The 1998 Stock Option Plan provides that all stock options will expire within ten years of the date of grant. Incentive stock options granted under the 1998 Stock Option Plan must be granted at an exercise price that is not less than the fair market value per share at the date of grant and the exercise price must not be less than 110% of the fair market value per share at the date of grant for grants to persons owning more than 10% of the voting stock of the Company. The 1998 Stock Option Plan also entitles non-employee directors to receive grants of non-qualified stock options as approved by the Board of Directors.

In August 1999, the Company adopted the 1999 Stock Option Plan covering up to 1,000,000 of the Company's common shares, pursuant to which officers, directors, key employees and consultants to the Company are eligible to receive incentive stock options and nonqualified stock options. The Compensation Committee of the Board of Directors currently administers the 1999 Stock Option Plan and determines the terms and conditions of options granted, including the exercise price. The 1999 Stock Option Plan provides that all stock options will expire within ten years of the date of grant. Incentive stock options granted under the 1999 Stock Option Plan must be granted at an exercise price that is not less than the fair market value per share at the date of grant and the exercise price must not be less than 110% of the fair market value per share at the date of grant for grants to persons owning more than 10% of the voting stock of the Company. The 1999 Stock Option Plan also entitles non-employee directors to receive grants of non-qualified stock options as approved by the Board of Directors.

At the Company's Annual Meeting held on July 11, 2001, the stockholders approved the 2001 Stock Option Plan covering up to 500,000 of the Company's common shares, pursuant to which the officers, directors, key employees and consultants to the Company are eligible to receive incentive stock options and nonqualified stock options. The Compensation Committee of the Board of Directors currently administers the 2001 Stock Option Plan and determines

the terms and conditions of options granted, including the exercise price. The 2001 Stock Option Plan provides that all stock options will expire within ten years of the date of grant. Incentive stock options granted under the 2001 Stock Option Plan must be granted at an exercise price that is not less than the fair market value per share at the date of the grant and the exercise price must not be less than 110% of the fair market value per share at the date of the grant for grants to persons owning more than 15% of the voting stock of the Company. The 2001 Stock Option Plan also entitles non-employee directors to receive grants on non-qualified stock options as approved by the Board of Directors.

At the Company's Annual Meeting held on July 10, 2003, the stockholders approved the 2003 Stock Option Plan covering up to 500,000 of the Company's common shares, pursuant to which the officers, directors, key employees and consultants to the Company are eligible to receive incentive stock options and nonqualified stock options. The Compensation Committee of the Board of Directors currently administers the 2003 Stock Option Plan and determines the terms and conditions of options granted, including the exercise price. The 2003 Stock Option Plan provides that all stock options will expire within ten years of the date of grant. Incentive stock options granted under the 2003 Stock Option Plan must be granted at an exercise price that is not less than the fair market value per share at the date of the grant and the exercise price must not be less than 110% of the fair market value per share at the date of the grant for grants to persons owning more than 15% of the voting stock of the Company. The 2003 Stock Option Plan also entitles non-employee directors to receive grants on non-qualified stock options as approved by the Board of Directors.

At the Company's Annual Meeting held on June 16, 2006, the stockholders approved the 2006 Equity Incentive Plan, which amends and restates the Company's 2004 Stock Option Plan (the "2006 Plan") covering up to 850,000 of the Company's common shares, pursuant to which the officers, directors, key employees and consultants to the Company are eligible to receive incentive stock options, nonqualified stock options and restricted stock awards. The Compensation Committee of the Board of Directors currently administers the 2006 Plan and determines the terms and conditions of options or restricted stock awards granted, including the option exercise price. The 2006 Plan provides that all stock options will expire within ten years of the date of grant. Incentive stock options granted under the 2006 Plan must be granted at an exercise price that is not less than the fair market value per share at the date of the grant and the exercise price must not be less than 110% of the fair market value per share at the date of the grant for grants to persons owning more than 15% of the voting stock of the Company. The 2006 Plan also entitles non-employee directors to receive grants on non-qualified stock options as approved by the Board of Directors.

Administration. The Stock Option and Equity Incentive Plans are currently administered by our Compensation Committee as designated by the Board of Directors. The Compensation Committee has the power to interpret the Stock Option and Equity Incentive Plans and to adopt rules for the administration, interpretation and application according to terms of the plans.

Grant of Awards; Shares Available for Awards. Certain employees, consultants and directors are eligible to be granted awards under the plans. The Compensation Committee will determine who will receive awards under the plans, as well as the form of the awards, the number of shares underlying the awards, and the terms and conditions of the awards consistent with the terms of the plans.

A total of 797,811 shares of our common stock are available for issuance or delivery under our existing Stock Option and Equity Incentive Plans. The number of shares of our common stock issued or reserved pursuant to the plans will be adjusted at the discretion of our Board of Directors or the Compensation Committee as a result of stock splits, stock dividends and similar changes in our common stock.

Stock Options. The Stock Option and Equity Incentive Plans permit the Compensation Committee to grant participants incentive stock options, which qualify for special tax treatment in the United States, as well as non-qualified stock options. The Compensation Committee will establish the duration of each option at the time it is granted, with maximum ten-year duration for incentive stock options, and may also establish vesting and performance requirements that must be met prior to the exercise of options. Stock option grants (other than incentive stock option grants) also may have exercise prices that are less than, equal to or greater than the fair market value of our common stock on the date of grant. Incentive stock options must have an exercise price that is at least equal to the fair market value of our common stock on the date of grant. Stock option grants may include provisions that permit the option holder to exercise all or part of the holder's vested options, or to satisfy withholding tax liabilities, by tendering shares of our common stock already owned by the option holder with a fair market value equal to the exercise price.

Other Equity-Based Awards. In addition to stock options, the Compensation Committee may also grant certain employees, consultants and directors shares of restricted stock, with terms and conditions as the Compensation Committee may, pursuant to the terms of the 2006 Plan, establish. The 2006 Plan does not allow awards to be made under terms and conditions which would cause such awards to be treated as deferred compensation subject to the rules of Section 409A of the Code.

Change-in-Control Provisions. In connection with the grant of an award, the Compensation Committee may provide that, in the event of a change in control, any outstanding awards that are unexercisable or otherwise unvested will become fully vested and immediately exercisable.

Amendment and Termination. The Compensation Committee may adopt, amend and rescind rules relating to the administration of the Stock Option Plans, and amend, suspend or terminate the Stock Option and Equity Incentive Plans, but no amendment will be made that adversely affects in a material manner any rights of the holder of any award without the holder's consent, other than amendments that are necessary to permit the granting of awards in compliance with applicable laws. We have attempted to structure the Stock Option and Equity Incentive Plans so that remuneration attributable to stock options and other awards will not be subject to a deduction limitation contained in Section 162(m) of the Code.

Through 2005, non-employee directors received 25,000 options for each full year of service on the Company's board of directors. The number of restricted shares as proposed would be determined by the board at each annual board meeting. This plan was included in our proxy statement for a vote by our shareholders at the 2006 Annual Meeting of Shareholders.

In 2006 the Company did not have any Transactions with Related Persons under Item 404(a) of Regulation S-K. The Governance Committee reviews transactions with firms associated with directors and nominees for director. The Company's management also monitors such transactions on an ongoing basis. Executive officers and directors are governed by the Company's Code of Business Conduct and Ethics which provides that waivers may only be granted by the Board of Directors and must be promptly disclosed to shareholders. No such waivers were granted nor applied for in 2006. The Company's Corporate Governance Guidelines require that all directors recuse themselves from any discussion or decision affecting their personal, business or professional interests.

COMPENSATION COMMITTEE CHARTER

OF

INTELLI-CHECK, INC.

The Compensation Committee of the Board of Directors of Intelli-Check, Inc. (the “Board”) shall consist of a minimum of three directors, each of whom shall meet the independence requirements and standards established from time to time by the Securities and Exchange Commission (the “SEC”) and any such securities exchange on which the Company’s securities are listed or quoted for trading, or which directors shall constitute the majority of the directors of the Board meeting the independence requirements and standards established from time to time by the SEC and any such securities exchange on which the Company’s securities are listed or quoted for trading. The Board shall designate one member of the Compensation Committee to be the Chairperson. The Compensation Committee shall meet at least four times a year.

The purpose of the Compensation Committee shall be to assist the Board in determining the compensation of the Chief Executive Officer (“CEO”), other corporate officers of the Company (collectively, the “Officers”) and non-employee directors.

In furtherance of this purpose, the Compensation Committee shall have the following authority and responsibilities:

1. To annually review the Company’s corporate goals and objectives relevant to the Officers’ compensation; evaluate the Officers’ performance in light of such goals and objectives; and, either as a Compensation Committee or together with the other independent directors (as directed by the Board), determine and approve the Officers’ compensation level based on this evaluation. In determining the long-term incentive component of the Officers’ compensation, the Compensation Committee will consider the Company’s performance, the value of similar incentive awards to Officers at comparable companies, and the awards given to the Company’s Officers in past years.
2. To annually review and make recommendations to the Board with respect to non-CEO compensation including that for the Company’s non-employee directors. The Compensation Committee shall attempt to ensure that the Company’s compensation program is effective in attracting and retaining key employees, reinforces business strategies and objectives for enhancing stockholder value, and that it is administered in a fair and equitable manner consistent with established policies and guidelines.
3. To administer the Company’s Stock Option and Equity Incentive Plans, as designated by the Board of Directors
4. To make recommendations to the Board regarding approval, disapproval, modification, or termination of existing or proposed employee benefit plans.
5. To approve any stock option award or any other type of award as may be required for complying with any tax, securities, or other regulatory requirement, or otherwise determined to be appropriate or desirable by the Compensation Committee or Board.
6. To review and assess the adequacy of this charter annually.
7. To prepare a report on executive compensation as required to be included in the Company’s proxy statement or annual report on Form 10-K, Form 10-KSB or equivalent, filed with the SEC.

The Compensation Committee shall have the authority to delegate any of its responsibilities to subcommittees as it may deem appropriate in its sole discretion. The Chief Executive Officer of the Company may not be present during voting or deliberations of the Compensation Committee.

Notwithstanding anything to the contrary in this charter, if permitted by applicable SEC and stock exchange laws and regulations in effect from time to time, one director who (i) is not independent as defined under applicable stock exchange rules, and (ii) is not a current employee or an immediate family member (as defined under applicable stock exchange rules) of such employee, may be appointed to the Compensation Committee if the Board, under exceptional and limited circumstances, determines that membership on the Compensation Committee by the individual is required in the best interests of the Company and its stockholders. In such event, the Board will disclose in the Company's next annual proxy statement (or in its next annual report on SEC Form 10-K, 10-KSB or equivalent if the Company does not file an annual proxy statement), subsequent to such determination, the nature of that director's relationship with the Company and the reasons for that determination. A member appointed under this exception may not serve longer than two years.

The Compensation Committee shall have the authority to retain outside counsel and any other advisors as it may deem appropriate in its sole discretion. The Compensation Committee shall have sole authority to approve related fees and retention terms.

The Compensation Committee shall report its actions and recommendations to the Board after each committee meeting.
