Care Sector Fund"), WisdomTree International Industrial Sector Fund ("International Industrial Sector Fund"), WisdomTree International Technology Sector Fund ("International Technology Sector Fund"), WisdomTree International Utilities Sector Fund ("International Utilities Sector Fund"), WisdomTree Total Earnings Fund ("Total Earnings Fund"), WisdomTree Earnings 500 Fund ("Earnings 500 Fund"), WisdomTree MidCap Earnings Fund ("MidCap Earnings Fund"), WisdomTree SmallCap Earnings Fund ("SmallCap Earnings Fund"), WisdomTree Earnings Top 100 Fund ("Earnings Top 100 Fund"), and the WisdomTree Low P/E Fund ("Low P/E Fund").

Each Index consists of dividend paying securities in the market suggested by its name that meet specific criteria developed by WisdomTree Investments. "WisdomTree", "WisdomTree Investments", and "International Dividend Top 100" and "Dividend Top 100" are service marks of WisdomTree Investments licensed for use by the Trust. WisdomTree Investments has patent applications pending on the methodology and operation of its Indexes and the Funds.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment Valuation - The Net Asset Value ("NAV") of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Securities traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Events occurring after the close of trading on non-U.S. exchanges may result in adjustments to the valuation of foreign securities to more accurately reflect their fair value as of the close regular trading on the New York Stock Exchange. The Fund may rely on an independent fair valuation service in adjusting the valuations of foreign securities. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management and in accordance with procedures approved by the Board of Trustees. Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

1

Notes to Schedule of Investments (unaudited) (continued)

(b) Investment Transactions - Investment transactions are recorded as of the date that the securities are purchased or sold (trade date).

(c) Foreign Currency Translation - The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates deemed appropriate by the investment adviser.

(d) Security Lending - Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. The loans are collateralized at all times by cash and/or high grade debt obligations in an amount at least equal to 102% of the market value of domestic securities loaned (105% in the case of foreign securities loaned) as determined at the close of business on the preceding business day. Each Fund receives compensation for

Edgar Filing: WisdomTree Trust - Form N-Q

lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receives a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

(e) Short-Term Investments - Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which a Fund may invest include short-term obligations issued by the U.S. Government, negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.
