MMAX MEDIA, INC. AND SUSIDIARIES
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
AS OF MARCH 31, 2011 (UNAUDITED)

NOTE 1 ORGANIZATION, NATURE OF BUSINESS AND GOING CONCERN

(A) Basis of Presentation

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules and regulations of the Securities and Exchange Commission for interim financial information. Accordingly, they do not include all the information necessary for a comprehensive presentation of financial position and results of operations.

It is management's opinion however, that all material adjustments (consisting of normal recurring adjustments) have been made, which are necessary for a fair consolidated financial statements presentation. The results for the interim period are not necessarily indicative of the results to be expected for the year.

(B) Organization

On March 16, 2011 (the "Closing Date") MMAX Media, Inc. ("MMAX") completed its agreement and plan of merger (the "Merger Agreement") to acquire Hyperlocal Marketing, LLC, a Florida limited liability company ("Hyperlocal"), pursuant to which Hyperlocal merged with and into HLM Paymeon, Inc., a Florida corporation and wholly owned subsidiary of MMAX. Under the terms of the Merger Agreement, the Hyperlocal members received 20,789,395 shares of MMAX common stock, which equal approximately 50.1% of the total shares of MMAX issued and outstanding following the merger on a fully diluted basis. In accordance with ASC Topic 360-10-45-15, the transaction is accounted for as a reverse acquisition and Hyperlocal is considered the accounting acquirer and the acquiree is MMAX since the members of Hyperlocal obtained voting and management control of MMAX.

Hyperlocal Marketing, LLC was originally organized in the State of Florida on January 22, 2010. The Company has focused its efforts on organizational activities, raising capital, software development and evaluating operational opportunities.

Hyperlocal, is a development stage company, that owns and operates products aimed at the location-based marketing industry. Hyperlocal develops and markets products that provide merchants and consumers with mobile marketing services and offers, including but not limited to, mobile coupons, mobile business cards, mobile websites, use of SMS short codes and contest management. Hyperlocal has nominal revenues since its inception. Hyperlocal has also developed "PayMeOn", a product designed to offer its customers income potential through the purchase and referral of "coupon-style" deals through its mobile and web interfaces

MMAX Media, Inc. and its wholly owned subsidiaries are herein referred to as the "Company".

(C) Principles of Consolidation

The accompanying consolidated financial statements include the accounts of MMAX Media, Inc. from the acquisition date of March 16, 2011 to March 31, 2011 and its wholly owned subsidiaries, Hyperlocal Marketing, LLC. and HLM Paymeon, Inc. from January 22, 2010 (inception) through March 31, 2011. All intercompany accounts have been eliminated in the consolidation.

MMAX MEDIA, INC. AND SUSIDIARIES
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
AS OF MARCH 31, 2011 (UNAUDITED)

(D) Going Concern

Since inception, the Company has incurred net operating losses and used cash in operations. As of March 31, 2011, the Company had a net loss of approximately \$466,015 and used cash in operations of \$212,233. Losses have principally occurred as a result of the substantial resources required for research and development and marketing of the Company's products which included the general and administrative expenses associated with its organization and product development.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments to reflect the possible future effect on the recoverability and classification of assets or the amounts and classifications of liabilities that may result from the outcome of these uncertainties. Management believes that the actions presently being taken to obtain additional funding and implement its strategic plan provides the opportunity for the Company to continue as a going concern.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) Cash and Cash Equivalents

The Company considers investments that have original maturities of three months or less when purchased to be cash equivalents.

(B) Use of Estimates in Financial Statements

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates during the period covered by these financial statements include the valuation valuation of website costs, valuations of goodwill, stock based compensation valuation of and any beneficial conversion features on convertible debt.

(C) Fair value measurements and Fair value of Financial Instruments

The Company adopted ASC Topic 820, Fair Value Measurements. ASC Topic 820 clarifies the definition of fair value, prescribes methods for measuring fair value, and establishes a fair value hierarchy to classify the inputs used in measuring fair value as follows:

Level 1-Inputs are unadjusted quoted prices in active markets for identical assets or liabilities available at the measurement date.

MMAX MEDIA, INC. AND SUSIDIARIES
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
AS OF MARCH 31, 2011 (UNAUDITED)

Level 2-Inputs are unadjusted quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, inputs other than quoted prices that are observable, and inputs derived from or corroborated by observable market data.

Level 3-Inputs are unobservable inputs which reflect the reporting entity's own assumptions on what assumptions the market participants would use in pricing the asset or liability based on the best available information.

The Company did not identify any assets or liabilities that are required to be presented on the balance sheets at fair value in accordance with ASC Topic 820.

Due to the short-term nature of all financial assets and liabilities, their carrying value approximates their fair value as of the balance sheet date.

(D) Computer Equipment and Website Costs

Computer Equipment and Website Costs are capitalized at cost, net of accumulated depreciation. Depreciation is calculated by using the straight-line method over the estimated useful lives of the assets, which is three years for all categories. Repairs and maintenance are charged to expense as incurred. Expenditures for betterments and renewals are capitalized. The cost of computer equipment and the related accumulated depreciation are removed from the accounts upon retirement or disposal with any resulting gain or loss being recorded in operations.

Software maintenance costs are charged to expense as incurred. Expenditures for enhanced functionality are capitalized.

The Company has adopted the provisions of ASC 350-50-15, "Accounting for Web Site Development Costs." Costs incurred in the planning stage of a website are expensed as research and development while costs incurred in the development stage are capitalized and amortized over the life of the asset, estimated to be three years.

(E) Impairment of Long-Lived Assets

The Company evaluates its long-lived assets for impairment whenever events or a change in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of the asset to the future net undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is the excess of the carrying amount over the fair value of the asset.

(F) Income Taxes

The Company accounts for income taxes under FASB Codification Topic 740-10-25 ("ASC 740-10-25"). Under ASC 740-10-25, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under ASC 740-10-25, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

MMAX MEDIA, INC. AND SUSIDIARIES
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
AS OF MARCH 31, 2011 (UNAUDITED)

(G) Revenue Recognition

The Company will recognize revenue on arrangements in accordance with FASB ASC No. 605, "Revenue Recognition". In all cases, revenue is recognized only when the price is fixed and determinable, persuasive evidence of an arrangement exists, the service is performed and collectability of the resulting receivable is reasonably assured.

The Company recognizes revenue from the sale of keywords over the period the keywords are purchased for exclusive use, usually one year.

The Company recognizes revenue from setup fees in accordance with Topic 13, which requires the fees to be deferred and amortized over the term of the agreements. Revenue from the sale of bulk text messages sales are recognized at the time messages are delivered. Revenue from monthly membership fees are recorded during the month the membership is earned.

(H) Segments

The Company operates in one segment and therefore segment information is not presented.

(I) Loss Per Share

The basic earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the weighted average number of common shares during the year. The diluted earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the diluted weighted average number of shares outstanding during the year. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted for any potentially dilutive debt or equity. As of March 31, 2011, the 638,602 preferred shares that are convertible into 6,386,020 shares of common stock, and the 500,000 shares issuable upon the exercise of warrants were not included in the computation of dilutive loss per share because their inclusion is anti-dilutive.

NOTE 3 LICENSES

On February 1, 2010, the Company entered into a distribution license agreement valued at \$4,363. Accumulated amortization for the distribution license was \$2,909 as of March 31, 2011.

NOTE4 – ACQUISITION

On March 16, 2011 (the “Closing Date”) MMAX Media, Inc. completed its agreement and plan of merger (the “Merger Agreement”) to acquire Hyperlocal Marketing, LLC, a Florida limited liability company (“Hyperlocal”), pursuant to which Hyperlocal merged with and into HLM Paymeon, Inc., a Florida corporation and wholly owned subsidiary of MMAX. Under the terms of the Merger Agreement, the Hyperlocal members received 20,789,395 shares of MMAX common stock. In accordance with ASC Topic 360-10-45-15, the transaction is accounted for as a reverse acquisition and Hyperlocal is considered the accounting acquirer and the acquiree is MMAX since the members of Hyperlocal obtained voting and management control of MMAX. Hyperlocal is deemed to have issued 638,602 preferred shares and 12,403,374 common shares pursuant to the reverse merger (See note 7).

The purchase price was allocated first to record identifiable assets acquired and liabilities assumed at fair value and the remainder to goodwill as follows:

Cash	\$ 4,088
License	1,453
Total assets acquired	5,541
Accounts payable and accrued liabilities	(14,573)
Total liabilities assumed	(14,573)

The amounts of MMAX's revenue and net loss included in the unaudited Company’s consolidated statement of operations for the three months ended March 31, 2011, and the unaudited supplemental pro forma revenue and net loss of the combined entity give effect to the acquisition had it occurred January 1, 2010 are as follows.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
AS OF MARCH 31, 2011 (UNAUDITED)

In preparing the unaudited pro forma information, various assumptions were made, and the Company does not purport this information to be indicative of what would have occurred had acquisition been made as of January 1, 2010, nor is it indicative of the results of future combined operations.

NOTE 5 NOTES PAYABLE

Forward-looking statements are subject to a number of risks and uncertainties, including without limitation those described from time to time in our future reports filed with the SEC.

The following discussion and analysis of our financial condition and results of operations should be read together with our unaudited interim consolidated condensed financial statements and related notes appearing elsewhere in this Quarterly Report on Form 10-Q.

Company Overview

MMAX Media, Inc. ("the Company" or "MMAX") was formed on May 30, 2006 as Nevada Processing Solutions. On February 1, 2010, the Company entered into an assignment agreement that assigned to the Company all contractual rights previously held by three entities, one of which was a MMAX shareholder, relating to a television "distribution agreement" with HollywoodLaundromat.Com, Inc., a California corporation, with the intention of commercializing acquired mixed martial arts television programming ("MMAX Fights") and related intellectual property rights and promoting live mixed martial arts combat events throughout Latin America and primarily in Mexico. While our distributor has secured distribution of 39 episodes (three seasons) of the MMAX Fights one hour television series on a limited basis in Puerto Rico, we do not anticipate generating any material revenues, if any, from the MMAX Fights. MMAX is presently in the development stage of its business and management can provide no assurances that the Company will be successful in developing its business.

On March 16, 2011 (the "Closing Date") MMAX completed its agreement and plan of merger (the "Merger Agreement") to acquire Hyperlocal Marketing, LLC, a Florida limited liability company ("Hyperlocal"), pursuant to which Hyperlocal merged with and into HLM Paymeon, Inc., a Florida corporation and wholly owned subsidiary of MMAX. Pursuant to the terms of the Merger Agreement, Tommy Habeeb resigned as our chief executive officer and director and Edward Cespedes was appointed to serve as our chief executive officer and director. Under the terms of the Merger Agreement, the Hyperlocal members received 20,789,395 shares of MMAX common stock, which equal approximately 50.1% of the total shares of MMAX issued and outstanding following the merger on a fully diluted

basis. In accordance with ASC Topic 360-10-45-15, Hyperlocal is considered the accounting acquirer and MMAX is considered the accounting acquiree.

Prior to the Closing Date, the Company completed a private placement and sold an aggregate of 2,000,000 shares of restricted shares of Common Stock to 10 accredited investors for gross proceeds of \$250,000.

Hyperlocal Business Overview

As a result of the merger, we will principally engage in the operations of Hyperlocal, a development stage company that owns and operates products aimed at the location-based marketing industry. Hyperlocal develops and markets products that provide merchants and consumers with mobile marketing services and offers, including but not limited to, mobile coupons, mobile business cards, mobile websites, use of SMS short codes and contest management. Hyperlocal was organized in January 2010. Hyperlocal has nominal revenues since its inception.

Since inception, Hyperlocal has incurred net operating losses. Losses have principally occurred as a result of the substantial resources required for research and development and marketing of the Hyperlocal products which included the general and administrative expenses associated with its organization and product development. We expect operating losses to continue, mainly due to the anticipated expenses associated with the marketing of the Hyperlocal products.

Hyperlocal supports multiple text messaging services such as WAP, MMS and XHTML, runs on a commercial grade mobile marketing platform used by the National Football League, Major League Baseball and others and operates with all major mobile carriers, including AT&T, Sprint, T-Mobile and Verizon. The fully-integrated interface allows for web-based monitoring of customers. It provides access to real-time statistics for each customer's account, including incoming and outgoing messages, number of keywords, credits, account status and more.

Hyperlocal has also developed "PayMeOn", a product designed to offer its customers income potential through the purchase and referral of "coupon-style" deals through its mobile and web interfaces.

Our operations are currently conducted principally through our wholly-owned subsidiary, Hyperlocal.

Critical Accounting Policies and Estimates

Revenue Recognition

The Company will recognize revenue on arrangements in accordance with FASB ASC No. 605, "Revenue Recognition". In all cases, revenue is recognized only when the price is fixed and determinable, persuasive evidence of an arrangement exists, the service is performed and collectability of the resulting receivable is reasonably assured.

The Company recognizes revenue from the sale of keywords over the period the keywords are purchased for exclusive use, usually one year.

The Company recognizes revenue from setup fees in accordance with Topic 13, which requires the fees to be deferred and amortized over the term of the agreements. Revenue from the sale of bulk text messages sales are recognized at the time messages are delivered. Revenue from monthly membership fees are recorded during the month the membership is earned.

Impairment of Long-Lived Assets

The Company evaluates its long-lived assets for impairment whenever events or a change in circumstances indicate that the carrying amount of such assets may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of the asset to the future net undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is the excess of the carrying amount over the fair value of the asset

Results of Operations

Hyperlocal was formed and commenced operations on January 22, 2010, as a development stage company. Accordingly, year over year comparisons and analysis are not meaningful for the three month period ending March 31, 2011. Revenues for the three months ended March 31, 2011, totaled \$7,990 and were derived from sales of the Company's Hyperlocal mobile text marketing packages to small businesses and from incremental text purchases from subscribers to the mobile text marketing packages.

Operating expenses for the three months ended March 31, 2011 totaled \$184,943 and primarily consisted of the following:

- w professional fees of \$49,737 primarily related to costs and expenses associated with the Merger Agreement;

w web development and hosting in the amount of \$15,225 primarily related to the development and hosting of the Company's PayMeOn infrastructure;

w payroll and payroll taxes of \$29,367;

w consulting fees of \$55,000 primarily relating to assistance in corporate finance and programming and customer service services relating to the Company's PayMeOn product;

w travel and entertainment in the amount of \$10,024; and

w general and administrative expenses of \$24,485.

For the period from inception (January 22, 2010) through March 31, 2011 we had revenues of \$36,963 which were primarily derived from the sale of the Company's Hyperlocal mobile text marketing packages. Operating expenses for the period from inception through March 31, 2011 were \$468,252, primarily consisting of the following:

w professional fees of \$51,517 primarily related to costs and expenses associated with the Merger Agreement;

w web development and hosting in the amount of \$35,847 primarily related to the Company's Hyperlocal mobile text marketing business, and to a lesser extent development and hosting of the Company's PayMeOn websites and mobile application;

w payroll and payroll taxes of \$128,240;

w consulting fees of \$166,673 primarily relating to sales and customer service support of the Company's Hyperlocal mobile text marketing business and as set forth above;

w travel and entertainment in the amount of \$36,211; and

w general and administrative expenses of \$47,649 primarily consisting of licenses, accounting and other general and administrative expenses for the Hyperlocal mobile text marketing business.

Interest expense for the quarter ended March 31, 2011 totaled \$34,726 and was primarily attributable to the beneficial conversion feature contained in our convertible note payable of \$3,000 and contingent consideration issued to two note holders upon conversion of the notes payable of \$31,250. Such notes were originally issued by Hyperlocal.

Liquidity and Capital Resources

At March 31, 2011, we had a cash balance of approximately \$194,789. At March 31, 2011 we had working capital of approximately \$135,384 and an accumulated deficit of \$466,015. This increase in both the cash balances and working capital was due to the completion of a private placement in March 2011 with net proceeds to the Company of approximately \$266,212.

During the three months ended March 31, 2011, the Company completed a private placement and sold an aggregate of 2,200,000 shares of restricted shares of Common Stock to 12 accredited investors for gross proceeds of \$275,000. The proceeds from the private placement shall be used for the development of Hyperlocal products and general working capital purposes. The private placement was conducted by the Company's president and no fees or commissions were paid in connection with the private placement.

Since inception, the Company has incurred net operating losses and used cash in operations. As of March 31, 2011, the Company had a net loss from inception of approximately \$466,015. Losses have principally occurred as a result of the substantial resources required for research and development and marketing of the Company's products which included the general and administrative expenses associated with its organization and product development. We expect operating losses to continue, mainly due to the continued costs and expenses associated with development of our business and marketing of the Hyperlocal products.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments to reflect the possible future effect on the recoverability and classification of assets or the amounts and classifications of liabilities that may result from the outcome of these uncertainties. Management believes that the actions presently being taken to obtain additional funding and implement its strategic plan provides the opportunity for the Company to continue as a going concern.

Plan of Operations

We intend on continuing our efforts towards completing development of the Company's PayMeOn products. As our development efforts come to fruition, we will focus our efforts on developing sales and distribution channels for PayMeOn. We will primarily focus our sales and distribution efforts on developing partnerships with third-party sales companies and on developing partnerships with businesses that have large databases they wish to monetize in the local, group buying or "deals" space. We expect to complete development of the PayMeOn product late in the second quarter 2011 or early in the third quarter 2011. Current working capital is not sufficient to maintain our current operations over the next 12 months and there is no assurance that future sales and marketing efforts will be successful enough to achieve the level of revenue sufficient to provide cash to sustain operations. To the extent such revenues and corresponding cash flows do not materialize, we will attempt to fund working capital requirements through third party financing, including a private placement of our securities. We cannot provide any assurances that required capital will be obtained or that the terms of such required capital may be acceptable to us. If we are unable to obtain adequate financing, we may reduce our operating activities until sufficient funding is secured or revenues are generated to support operating activities.
