Item 8.01 - Other Events

China Sky One Medical, Inc. (the “Company”) regrets to report that its Chairman, President and Chief Executive Officer, Liu Yang-qing, is being treated for a life-threatening illness. Following surgery, he is expected to undergo long-term chemotherapy and traditional Chinese medicine treatments and his availability to devote time to the Company’s business will be substantially reduced.

In addition, 26 middle-management level employees have recently resigned, of which 9 were in the accounting department, 2 were in the internal controls department, 2 were in the IT department, 11 were in the sales department, and 2 were in the production center. Although the Company is seeking to recruit personnel, it may not be able to hire qualified personnel in a timely manner or at all.

Mr. Liu’s health concerns and absence and the loss of such management employees are likely to materially adversely affect many aspects of the Company’s business, including its ability to maintain customer relationships, meet production schedules, as well as its internal controls.
