EXPLANATORY NOTE

This amendment to the Quarterly Report on Form 10-Q for the quarterly period ended August 27, 2005 ("Second Quarter Form 10-Q/A") reflects a restatement of the Consolidated Financial Statements of Ascendia Brands, Inc. (formerly, Cenuco, Inc.) as of and for the thirteen and twenty-six weeks ended August 27, 2005 to correct an error in the initial purchase price allocation to identifiable intangible assets in connection with the May 20, 2005 Merger. Further information on the effect of the restatement on the Company's Consolidated Financial Statements is discussed in Note 2 to such financial statements included in Item 1 of Part I of this Second Quarter Form 10-Q/A.

This Second Quarter Form 10-Q/A is being filed for purposes of amending the

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

Quarterly Report on Form 10-Q for the thirteen and twenty-six weeks ended August 27, 2005 ("Second Quarter Form 10-Q") of the Company, which was originally filed on October 17, 2005, and provides information about the financial results for the thirteen and twenty-six weeks ended August 27, 2005 (as restated as described above) and August 28, 2004. The following items have been amended as a result of the restatement:

- o Part I - Item 1 - Consolidated Financial Statements (unaudited)
- o Part I - Item 2 - Management's Discussion and Analysis of Financial Condition and Results of Operations
- o Part I - Item 4 - Controls and Procedures

The Company has supplemented Item 6 of Part II to include current certifications of the Company's chief executive officer and chief financial officer pursuant to the Securities Exchange Act of 1934, as amended, filed as Exhibits 31.1, 31.2 and 32 to this Second Quarter Form 10-Q/A.

The financial information that is included in this Second Quarter Form 10-Q/A has been corrected as part of the restatement described above. This restatement is only related to the thirteen and twenty-six weeks ended August 27, 2005. All amounts included in this report as of and for the thirteen and twenty-six weeks ended August 28, 2004 and as of February 28, 2005 are not affected by the restatement. No attempt has been made in this Form 10-Q/A to modify or update other disclosures presented in the original report on Form 10-Q except as required to reflect the effects of the restatement. Information in this Second Quarter Form 10-Q/A is generally stated as of August 27, 2005 and generally does not reflect any subsequent information or events other than the restatement, and except that certain forward looking statements throughout this Second Quarter Form 10-Q/A have been revised to reflect events and developments subsequent to August 27, 2005.

With the filing of this Second Quarter Form 10-Q/A, the Company has amended the Second Quarter Form 10-Q. Accordingly, the Company's Consolidated Financial Statements for the thirteen and twenty-six weeks ended August 27, 2005 and the related financial information contained in the Second Quarter Form 10-Q should no longer be relied upon.

Ascendia Brands, Inc. and Subsidiaries Notes to Consolidated Financial Statements August 27, 2005 (Unaudited)

NOTE 1 - DESCRIPTION OF BUSINESS AND REORGANIZATION

On May 9, 2006, Cenuco, Inc. changed its name to Ascendia Brands, Inc. (the "Company"). The American Stock Exchange symbol was also changed shortly thereafter to "ASB".

On May 20, 2005, Hermes Holding Company, Inc., a newly formed wholly owned subsidiary of Cenuco, Inc., ("Cenuco", a public company traded on the American Stock Exchange under the symbol, "ICU") merged (the "Merger") with Hermes Acquisition Company I LLC (HACI), a limited liability company organized on April 25, 2003 in the State of Delaware.

The Merger was completed through the issuance of 2,553.7 shares of Cenuco's

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

Series A Junior Participating Preferred Stock (representing 65% of the outstanding voting power of Cenuco capital stock) in exchange for all the outstanding membership units of HACI. As a consequence of the Merger, HACI, together with its wholly owned subsidiaries Lander Co., Inc., a Delaware corporation ("Lander US"), Hermes Real Estate I LLC, a New York limited liability company ("HREI"), and Lander Co. Canada Limited, an Ontario corporation ("Lander Canada" and together with Lander US and HREI, "Lander") became wholly owned subsidiaries of Cenuco.

For financial reporting purposes, the Merger was treated as a recapitalization of HACI followed by the reverse acquisition of Cenuco by HACI for a purchase price equivalent to the total market value of Cenuco stock outstanding prior to the Merger, plus the fair value of the options that automatically vested on the date of the Merger (approximately \$45.3 million). Consistent with the accounting and presentation for reverse acquisitions, the historical financial statements of Cenuco prior to the date of the Merger reflect the financial position and results of operations of HACI and HREI, with the results of operations of Cenuco being included commencing on May 20, 2005. Effective with the completion of the Merger Cenuco changed its fiscal year end to be the last day of February, consistent with HACI's prior fiscal year.

In accordance with Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations, the Company has determined the estimated fair value of the assets acquired and liabilities assumed in the reverse acquisition of Cenuco. The estimated value of the assets acquired less liabilities has been allocated as shown below:

The allocation of Purchase Price (as restated) is as follows:

Cash and cash equivalents		\$ 6,002,887
Other current assets		496,526

Total current assets		6,499,413
Property, plant, and equipment		111,382
Goodwill		30,974,680
Intangibles		8,000,000
Other Assets		591,807

Total assets acquired		46,177,282

Total liabilities assumed		(473,590)

Estimated fair value of net assets acquired ...		\$ 45,703,692
		=====

The initial allocation of purchase price reflected in the Company's consolidated financial statements as of August 27, 2005 was restated (see Note 2).

Following the Merger, the Company's business consists of the Health and Beauty Care ("HBC") Division and the Wireless Application Development ("WAD") Division. The HBC Division is doing business as Lander Co., Inc. ("Lander"). Lander's principal business activity is the manufacture and distribution of health, beauty and oral-care products, primarily throughout the United States and Canada. The WAD Division is doing business as Cenuco, Inc. and has primary focus on wireless application development. WAD is engaged in the wireless application technology business, primarily related to the transmission of secure and non-secured video onto cellular platforms via proprietary technologies. This is also known as remote video monitoring via cellular device. In this wireless segment, WAD provides cellular carriers, Internet Service Providers, resellers,

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

and distributors a host of wireless video streaming products that can generate an increase in subscriber adoption of wireless data services, as well as broadband Internet services.

HACI was formed to acquire the business activities of Lander US and Lander Canada. Effective May 31, 2003, HACI purchased certain assets and assumed certain liabilities associated with the Lander US business operations and acquired 100% of the outstanding stock of Lander Canada for an aggregate purchase price of \$11,091,456, including acquisition costs of \$1,160,456. In addition, HREI purchased the Lander US production plant located in Binghamton, New York for a purchase price of \$3,304,864, including acquisition costs of \$254,864, on October 15, 2003 (collectively the "Acquisitions"). Property, plant and equipment was recorded at fair value reduced by the excess of fair value of net assets acquired over the purchase price of \$1,095,813. In accounting for these acquisitions, the Company followed the provisions of Statement of Financial Accounting Standards ("SFAS") No. 141, "Business Combinations". This Statement requires the purchase method of accounting be used for all business combinations and provide specific criteria for the initial recognition and measurement of intangible assets apart from goodwill. On March 1, 2005, HREI became a wholly owned subsidiary of HACI. Prior thereto, HACI an HREI had the same ownership.

The Company is subject to various risks, including, but not limited to, (i) the ability to obtain adequate financing to fund operations, (ii) a limited operating history, (iii) reliance on certain markets, and (iv) reliance on key personnel.

9

NOTE 2 - RESTATEMENT OF THE SECOND QUARTER 2006

The Company has restated its consolidated financial statements as of and for the thirteen and twenty-six weeks ended August 27, 2006 to correct an error in the initial purchase price allocation to identifiable intangible assets in connection with the May 20, 2005 Merger (see Note 1). The following is a description of the accounting adjustments included in the restatement of the Company's consolidated financial statements and the effect of the adjustment at August 27, 2005 on the consolidated balance sheet and on the consolidated statement of operations for the thirteen and twenty-six weeks ended August 27, 2005 and the statements of stockholders'/members' equity (deficit) and cash flows for the twenty-six weeks ended August 27, 2005. All amounts included in this report as of and for the thirteen and twenty-six weeks ended August 28, 2004 and as of February 28, 2005 were not affected by the restatement.

The initial estimated allocation (see Note 1) of the purchase price equivalent in connection with the Merger (see Note 1) was made by the Company in the thirteen weeks ended May 28, 2005 and included an allocation to customer lists and brand name intangibles assets totaling \$2,473,025. In the quarter ended February 28, 2006, the Company determined that the allocation of value to these intangible assets was not appropriate and, with the input of a third party valuation expert, identified core software technology intangible assets (5 year life) with an estimated relative value of \$8,000,000. This revision resulted in \$5,526,975 less being allocated to goodwill. Goodwill of \$30,974,680 related to the acquisition was assigned entirely to the WAD operating division. The increased allocation of purchase price to amortizable intangibles resulted in an additional \$320,127 of amortization expense being recorded in the twenty-six weeks ended August 27, 2005.. The impact on the thirteen week period ended May 28, 2005 was not material and accordingly no restatement was necessary.

The restatement reflects a \$320,127 (\$0.02 per share) non-cash increase in the

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

net loss for the thirteen and twenty-six weeks ended August 27, 2005.

10

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

The accompanying unaudited financial statements of the Company as of and for the thirteen and twenty-six weeks ended August 27, 2005 and August 28, 2004 have been prepared in accordance with generally accepted accounting principles. The financial information furnished reflects all adjustments, consisting only of normal recurring accruals, which are, in the opinion of management, necessary for a fair presentation of the financial position, results of operations and cash flows for the periods presented. The results of operations for the respective interim periods are not necessarily indicative of results to be expected for the full year.

A summary of the Company's significant accounting policies follows:

Basis of Consolidation: The accompanying consolidated financial statements include the accounts of Ascendia Brands, Inc. and subsidiaries. All intercompany accounts have been eliminated in consolidation.

Cash Equivalents: The Company considers all highly liquid investments with original maturities of three months or less, when purchased, to be cash equivalents.

Accounts Receivable: Trade accounts receivable are recorded at the invoiced amount and do not bear interest. The Company maintains allowances for doubtful accounts for estimated losses resulting from the inability of its customers to make required payments. If the financial condition of the Company's customers were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required, which would increase our operating costs.

Inventories: Inventories are stated at the lower of cost or market, with cost determined using the first-in, first-out (FIFO) method. Inventories consist of raw materials used to manufacture the Company's health, beauty and oral care products, as well as, finished goods that consist of the Company's product lines sold to its customers. The Company writes down inventory for estimated excess and discontinued products equal to the difference between cost and estimated market value based upon assumptions about future demand and market conditions. Excess and discontinued product inventory could arise due to numerous factors, including but not limited to, the competitive nature of the market and product demand by consumers. If market conditions are less favorable than those anticipated by management, additional write-downs may be required, including provisions to reduce inventory to net realizable value.

Property, Plant and Equipment: Property, plant and equipment are stated at cost less accumulated depreciation and amortization. The costs of major additions and improvements are capitalized and maintenance and repairs that do not improve or extend the life of the respective assets are charged to operations as incurred. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets ranging from three to twenty-five years. Leasehold improvements are amortized over the shorter of the term of the lease or their estimated useful lives. If the Company determines that a change is required in the useful life of an asset, future depreciation/amortization is adjusted accordingly.

11

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

Impairment of Long-Lived Assets: Accounting for the impairment of long-lived assets, including property, plant and equipment, requires that long-lived assets and certain identifiable intangibles to be held and used or disposed of by an entity be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Under such circumstances, the accounting principles require that such assets be reported at the lower of their carrying amount or fair value less cost to sell. Accordingly, when events or circumstances indicate that long-lived assets may be impaired, the Company estimates the assets' future cash flows expected to result from the use of the asset and its eventual disposition. If the sum of the expected future undiscounted cash flows is less than the carrying amount of the asset, an impairment loss is recognized based on the excess of the carrying amount over the fair value of the asset.

Goodwill

As a result of the Merger on May 20, 2005 (see Note 1), the Company recorded goodwill of \$30,974,680. Goodwill represents the excess of cost over the fair value of identifiable net assets acquired. SFAS No. 142, Goodwill and Other Intangible Assets, requires goodwill and other intangibles that have indefinite lives to not be amortized but to be reviewed annually for impairment or more frequently if impairment indicators arise.

Amortizable Intangible Assets

SFAS No. 142 also requires that intangible assets with finite useful lives be amortized over their respective estimated useful lives and reviewed for impairment. As a result of the merger on May 20, 2005, the Company recorded intangible assets of \$8,000,000, related to acquired core software technology, with an estimated useful life of five years. Amortization expense for the acquired software technology was \$437,173 for the thirteen and twenty-six weeks ended August 27, 2005. There was no amortization expense on these intangible assets in prior years.

Balances of acquired intangible assets, excluding goodwill are as follows:

	Purchased Technology ----- (Restated)
Intangible assets as of August 27, 2005:	
Original cost	\$ 8,000,000
Accumulated amortization	(437,173) -----
Carrying value	\$ 7,562,827 =====
Weighted average original life (in years)	5 -----

Amortization expense for the thirteen and twenty-six weeks ended August 27, 2005 is \$437,173.

Estimated aggregate amortization expense based on the current carrying value of intangible assets is as follows:

Fiscal

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

Year	Amount
2006 ...	\$1,249,315
2007 ...	1,600,000
2008 ...	1,600,000
2009 ...	1,600,000
2010 ...	1,600,000
2011 ...	350,685

Other Assets, Net: Other assets, net consist of deferred costs for specific acquisitions expected to close in the near term and deferred financing costs that are being amortized using the straight-line method over the expected term of the revolving line of credit. Amortization expense related to deferred financing costs was \$58,586 and \$109,132, respectively, for the thirteen and twenty-six weeks ended August 27, 2005 and \$58,586 and \$109,132, respectively, for the thirteen and twenty-six weeks ended August 28, 2004.

Fair Value of Financial Instruments: The carrying amounts reported in the accompanying balance sheets for accounts receivable, accounts payable and accrued expenses approximate fair value due to the short-term nature of these accounts. Accounts receivable are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a periodic basis. Management determines the allowance for doubtful accounts by regularly evaluating individual customer receivables and considering a customer's financial condition, credit history, and current economic conditions.

Revenue Recognition: For the Health & Beauty Care (HBC) division, revenue from product sales is recognized when the related goods are shipped, all significant obligations of the Company have been satisfied, persuasive evidence of an arrangement exists, the price to the buyer is fixed or determinable and collection is reasonably assured or probable.

Amounts billed to customers related to shipping and handling are included in net sales. The cost of shipping products to the customer is recognized at the time the products are shipped and included in cost of sales.

In connection with the development and sale of wireless solutions and web services, which include the development of business-to-business and business-to-consumer wireless applications, and state of the art wireless technology and services, the Wireless Application Development (WAD) division recognizes revenue as services are performed on a pro-rata basis over the contract term or when products are delivered. WAD periodically enters into agreements whereby the customer or distributor may purchase wireless products on a consignment type basis. Revenues are recognized under these arrangements only when the customer or distributor has resold the product and the Company has an enforcement right to its sales price.

Revenues are earned from licensing arrangements pursuant to the terms of those agreements.

Foreign Currency Translation: In accordance with SFAS No. 52, Foreign Currency Translation, the financial statements are measured using local currency as the functional currency. Assets and liabilities of Lander Canada have been translated at U.S. dollars at the fiscal period-end exchange rates. Revenues and expenses have been translated at average exchange rates for the related period. Net translation gains and losses are reflected as a separate component of stockholders' equity until there is a sale or liquidation of the underlying foreign investment.

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

Foreign currency gains and losses resulting from transactions are included in the consolidated statements of operations.

Estimates: The preparation of these financial statements requires the Company to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosure of contingent assets and liabilities. On an on-going basis, the Company evaluates the estimates and may adjust them based upon the latest information available. These estimates generally include those related to product returns, bad debts, inventory reserves for excess and discontinued products, income taxes and contingencies.

The Company bases the estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results could differ from these estimates.

Concentration of Credit Risk: The Company provides credit to its customers in the normal course of business and does not require collateral. To reduce credit risk, the Company performs ongoing credit evaluations of its customers.

Five trade customers comprised 51% and 48% respectively of the Company's net sales, (with two customers comprising approximately 42% and 40% respectively) for the thirteen and twenty-six weeks ended August 27, 2005. At August 27, 2005 the same five trade customers represented 56% of receivables, with one customers comprising 43%.

Five trade customers comprised 42% and 44% respectively of the Company's net sales, (with two customers comprising approximately 33% and 37% respectively) for the thirteen and twenty-six weeks ended August 28, 2004. At August 28, 2004 the same five trade customers represented 44% of receivables, with one customer comprising 29%.

Income Taxes: Income taxes are accounted for under the asset-and-liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

14

In accessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. A full valuation allowance at August 27, 2005 and February 28, 2005 has been recorded by management due to the uncertainty that future income will be realized.

Earnings per share: Emerging Issues Task Force ("EITF") 03-6, "Participating Securities and the Two-Class Method under FASB Statement No. 128" ("EITF 03-6") provides guidance in determining when the two-class method, as defined in SFAS No. 128, "Earnings per Share" must be utilized in calculating earnings per share by a Company that has issued securities other than common stock that contractually entitles the holder to participate in dividends and earnings of

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

the Company when, and if, the Company declares dividends on its common stock. Under the two-class method earnings are allocated to common stock and participating securities to the extent that each security may share in such earnings and as if such earnings for the period had been distributed. Under the two-class method losses are allocated to participating securities to the extent that such security is obligated to fund the losses of the issuing entity or the contractual principal or mandatory redemption amount of the participating security is reduced as a result of losses incurred by the issuing entity. In accordance with EITF 03-6, basic earnings per share for the Company's common stock and Series A Junior Participating Preferred Stock ("Series A Preferred") is calculated by dividing net loss allocated to common stock and Series A Preferred by the weighted average number of shares of common stock and Series A Preferred outstanding, respectively. Diluted earnings per share for the

Company's common stock is calculated similarly, except that the calculation includes the effect, if dilutive, of the assumed exercise of stock options issuable under the Company's stock-based employee compensation plan and the assumption of the conversion of all of the Company's Series A Preferred stock to common stock. Basic and diluted loss per share for the Company's common stock is calculated by dividing the net loss for the period during which such shares were outstanding by the weighted average number of shares outstanding. No losses are allocated to the Series A Preferred for the period during which the Company's common stock is outstanding since the holders of the Series A Preferred are not obligated to share in the Company's losses as described above.

15

NOTE 4 - INVENTORIES

Inventory consists of the following:

	AUGUST 27, 2005	FEBRUARY 28, 2005
Raw materials	\$ 3,281,674	\$ 2,900,803
Finished goods	4,103,345	5,825,149
	-----	-----
	\$ 7,385,019	\$ 8,725,952
	=====	=====

NOTE 5 - PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment consist of the following:

	AUGUST 27, 2005	FEBRUARY 28, 2005
Land	\$ 660,000	\$ 660,000
Computer equipment and software	917,004	890,020
Furniture and fixtures	252,797	252,717
Building	2,644,864	2,644,864
Machinery and equipment	3,178,707	2,961,469
Dies and molds	75,864	75,731
Leasehold improvements	120,472	118,571
Construction in progress	78,052	77,959
	-----	-----
	7,927,760	7,681,331

Less accumulated depreciation and

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

amortization	(2,128,452)	(1,663,798)
	-----	-----
	\$ 5,799,308	\$ 6,017,533
	=====	=====

Depreciation and amortization expense related to property, plant and equipment totaled \$233,780 and \$473,901, respectively for the thirteen and twenty-six weeks ended August 27, 2005 and \$246,256 and \$493,243, respectively, for the thirteen and twenty-six weeks ended August 26, 2004.

As of August 27, 2005 and February 28, 2005, machinery and equipment includes assets under capital leases totaling \$153,559. Accumulated amortization on the capital leases totaled \$31,992 and \$24,314 as of August 27, 2005 and February 28, 2005, respectively. Amortization expense related to capital leases is included in depreciation and amortization expense for the thirteen and twenty-six weeks ended August 27, 2005 and August 28, 2004.

16

NOTE 6 - LONG-TERM DEBT

Long-term debt consists of the following:

	AUGUST 27, 2005	FEBRUARY 28, 2005
Revolving line of credit loans	\$ 6,591,587	\$ 8,198,935
Machinery and equipment loans	916,875	1,039,125
Real estate term loans	1,765,441	1,981,618
Subordinated notes	4,500,000	4,500,000
Capital leases	52,024	85,158
	-----	-----
	13,825,927	15,804,836
Less current portion	7,315,945	8,929,540
	-----	-----
	\$ 6,509,982	\$ 6,875,296
	=====	=====

In connection with the Acquisitions, HACI/HREI obtained long-term financing commitments (Financing Arrangement) from a financial institution comprised of the following (collectively the Loans):

- o Revolving line of credit facility of \$11,000,000 with a three-year term expiring in June 2006. Annual renewals of the facility are available in one-year increments after the initial term. Available borrowings are determined by a borrowing base calculation using eligible receivables and inventories of Lander US and Lander Canada, which are the collateral for this facility. As of August 27, 2005, unused availability under the borrowing base calculation amounted to \$2,841,273. As of February 28, 2005 the unused availability amounted to \$567,995. Interest on outstanding balance is payable monthly. For purposes of classifying the outstanding debt in the August 27, 2005 and February 28, 2005 balance sheets, the Company has reflected the \$6,591,587 and \$8,198,935, respectively, of borrowings under the revolving line of credit facility as a current liability, since it is subject to collection lock-box arrangements and contains a subjective acceleration clause.
- o Machinery and equipment term loans with initial principal amounts

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

aggregating \$1,467,000 have six-year amortization terms expiring in June 2009. Such loans are subject to termination upon the expiration of the revolving line of credit and are collateralized by the machinery and equipment of Lander US and Lander Canada. Principal payments aggregating \$20,375 plus interest are payable monthly.

- o Real estate term loan with initial principal amount of \$2,450,000 has a six-year amortization term expiring in December 2009. Such loan is subject to termination upon the expiration of the revolving line of credit and is collateralized by the Lander US production plant located in Binghamton, New York. Principal payments aggregating \$36,029 plus interest are payable monthly.

17

The interest rates on the Loans bear an annual interest rate of a national bank's prime rate plus 1.25%. HACI/HREI has the option of converting all or a portion of the Loans outstanding to an annual interest rate of the one-, two- or three-month LIBOR rate plus 3.75%. As of August 27, 2005, the national bank prime rate was 6.50% and the one-, two- and three-month LIBOR rates were 3.67%, 3.76%, and 3.86%, respectively. The interest rate on the Loans was 7.75% at August 27, 2005. As of August 28, 2004, the national bank prime rate was 4.50% and the one-, two- and three-month LIBOR rates were 1.65%, 1.72%, and 1.79%, respectively. The interest rate on the Loans was 5.75% at August 28, 2004.

The Loans contain financial and non-financial covenants including a limitation of \$1,250,000 on capital expenditures during any fiscal year and maintaining on a monthly basis a fixed charges coverage ratio of no less than 1.0 to 1.0. The fixed charge ratio is calculated by dividing earnings before interest, depreciation and amortization less any unfunded capital expenditures and improvements by fixed charges. Fixed charges include interest expense, capital lease obligations, principal payments on indebtedness and payments for income tax obligations.

HACI/HREI was not in compliance with the fixed charges coverage ratio and the limitation on capital expenditures for fiscal 2004 and fiscal 2005 and through July 15, 2005. In June 2004, December 2004 and July 2005, the Financing Agreement was amended and the events of noncompliance were waived by the financial institution. As part of the third amendment, which was dated July 15, 2005, the fixed charge ratio covenant requirement is only triggered when availability under the revolving line of credit is less than \$2,000,000.

As part of the HACI/HREI Acquisition of the Lander US business, HACI also has long term financing from the seller in the form of a \$4,500,000 subordinated note ("Seller Note") with a three year term expiring in June 2006. The Seller Note is subordinate to the Financing Agreement. Interest is payable quarterly at an annual interest rate of 10%. Annual principal payments of \$1,166,667 are required under this Seller Note; however a provision permits the Company to defer principal payments if certain financial targets, pursuant to the Financing Arrangement are not achieved by Lander. As a result of the Company not achieving these financial targets in fiscal 2004 and 2005, principal payment due in June 2004 and June 2005 have been deferred until June 2006. Additionally, there is a provision in the Seller Note that permits the deferral of interest payments in the event of non-compliance with certain covenants contained in the Financings Arrangement. Accordingly, HACI has not paid any interest accrued on the Seller Note from July 1, 2004 to date. Accrued interest on the Seller Note totaled \$522,964 and \$297,964 as of August 27, 2005 and February 28, 2005, respectively.

On March 16, 2005, HACI and the seller entered into Settlement and Release Agreement whereby HACI has the option to pay \$2,000,000, plus interest at 10%, to satisfy the \$4,500,000 principal amount of the Seller Note. In addition, HACI

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

would be required to pay interest accrued on the \$4,500,000 Seller Note from July 1, 2004 through March 16, 2005 and interest on the \$2,000,000 from March 17, 2005 through the date of payment. Such option is available to HACI up to November 30, 2005. In exchange for this option, HACI has agreed to release the seller from certain claims against and indemnifications of the seller under the agreement for the purchase of Lander US and Lander Canada.

The aggregate maturities of long-term debt are as follows:

	AUGUST 27, 2005	FEBRUARY 28, 2005
2006	\$ 7,315,945	\$ 8,929,540
2007	6,509,982	6,875,296
	-----	-----
	\$ 13,825,927	\$ 15,804,836
	=====	=====

18

NOTE 7 - PENSION AND 401(k) PLANS

Pension Plan:

The Company has two non-contributory defined benefit pension plans (the "Plans") that cover substantially all employees in the United States ("US") and Canada. It is the Company's policy to fund, at a minimum, pension contributions as required by the Employee Retirement Income Security Act of 1974 ("ERISA") each year.

At February 28, 2005, the US Plan assets consisted of fixed return contracts. During the past year the US plan was frozen and no longer available to new employees for participation. The Canadian Plan assets consisted primarily of stocks, bonds and US Treasury Bills. The pension liabilities and their related costs are computed in accordance with the laws of the US and Canada and the appropriate actuarial practices.

Net periodic pension costs of the defined benefit pension plans covering the year ended February 28, 2005 were as follows:

	US	Canada	Total
	--	-----	-----
Service costs on benefits earned during the year	\$ 80,544	\$ 183,379	\$ 263,923
Interest cost on projected benefit obligation ..	99,262	156,446	255,708
Expected return on plan assets	(99,100)	(147,411)	(246,511)
Amortization of unrecognized net loss	34,792	-	34,792
	-----	-----	-----
Net periodic pension cost	\$ 115,498	\$ 192,414	\$ 307,912
	=====	=====	=====

During fiscal 2005, the Company contributed \$131,087 to the US Plan and \$205,732 to the Canadian Plan. Benefit payments made amounted to \$113,511 for the US Plan and \$272,623 for the Canadian Plan in fiscal 2005. The present value of benefit obligations and funded status of the Plans as computed by the actuaries as of February 28, 2005 were as follows:

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

	US --	Canada -----	Total -----
Projected benefit obligation	\$ (1,847,272)	\$ (2,305,779)	\$ (4,153,051)
Plan assets at fair value	1,589,586	2,105,121	3,694,707
	-----	-----	-----
Funded status	(257,686)	(200,658)	(458,344)
Unrecognized net (gain) or loss	664,109	(171,638)	492,471
	-----	-----	-----
Net pension asset/(liability)	\$ 406,423	\$ (372,296)	\$ 34,127
	=====	=====	=====

As of February 28, 2005, the accumulated benefit obligation was \$1,847,272 for the US Plan and \$2,305,779 for the Canadian Plan.

19

Amounts recognized in the combined balance sheet as of February 28, 2005 consist of:

	US --	Canada -----	Total -----
Current portion of accrued benefit liability, included in accrued expenses	\$ (120,000)	\$ (187,543)	\$ (307,543)
Long term portion of accrued benefit liability, included in other long term liabilities	\$ (137,686)	\$ (535,642)	\$ (673,328)
	-----	-----	-----
Net amount recognized	\$ (257,686)	\$ (723,185)	\$ (980,871)
	=====	=====	=====

Weighted-average assumptions used in developing the projected benefit obligation and net cost as of and for the year ended February 28, 2005 were as follows:

	US --	Canada -----
Discount rate	5.75%	5.25%
Rate of increase in compensation	0%	3.00%
Rate of return on plan assets	6.50%	7.00%

The Company's expected long-term rate of return on assets is 6.50 % for the US Plan and 7.00 % for the Canadian Plan. The expected long-term rate of return is based on the portfolio as a whole and not on the sum of the returns on individual asset categories. The return is based exclusively on historical returns, without adjustments.

Plan(s) Assets

The weighted-average asset allocation of the US and Canadian pension benefits at February 28, 2005 were as follows:

	US --	Canada -----
Equity Securities	0%	60%
Debt securities	100%	40%
	---	---

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

Total 100% 100%

The Company's investment policies and strategies for the pension benefits plans utilize target allocations for the individual asset categories. The Company's investment goals are to maximize returns subject to specific risk management policies.

Cash Flows

For the US Plan the benefits expected to be paid in each year ending February 28 2006-2010 are \$33,695, \$39,240, \$44,444, \$60,504, and \$75,368, respectively. The aggregate benefits expected to be paid in the five years from 2011-2015 are \$509,778.

For the Canadian Plan the benefits expected to be paid in each year ending February 28, 2006-2010 are \$375,740, \$112,224, \$69,400, \$156,343 and \$209,866, respectively. The aggregate benefits to be paid in the five years from 2011-2015 are \$1,756,822.

20

The expected benefits are based on the same assumptions used to measure the Company's benefit obligation at February 28 and include estimated future employee service.

401(K) Plan

The Company also has a defined contribution plan under Section 401(k) of the Internal Revenue Code for all United States employees. Employees can elect to contribute up to certain maximum percentages of their weekly gross pay. The Company matches are discretionary. The Company had no discretionary matches for the fiscal year ended February 28, 2005.

NOTE 8 - INCOME TAXES

The significant components of the Company's net deferred tax assets as of February 28, 2005 are as follows:

	US Dollars

Deferred tax assets (liabilities):	Total

Accounts receivable	\$ 170,000
Inventory	183,000
Fixed asset depreciation and amortization	(212,000)
Accrued expenses and other	348,000
Net operating loss carry forward .	2,164,000

Total deferred tax assets	\$ 2,653,000
Valuation allowance	\$(2,653,000)

Net deferred tax assets	\$ -
	=====

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

Lander US has a net operating loss carry forward as of February 28, 2005 of approximately \$5,524,000 (\$4,928,000 for U.S. income tax purposes) which will begin to expire in 2024. The Lander Canada net operating loss carry forward of approximately U.S. \$700,000 will begin to expire in 2011.

The deferred tax asset related to the net loss of \$4.6 million for the twenty-six weeks ended August 27, 2005 will be fully reserved leading to an increase in the valuation allowance by approximately \$1.8 million.

A reconciliation summary of the differences between the statutory federal rate and the Company's effective tax rate for fiscal 2005 as follows:

	US
	--
Statutory tax expense (benefit)	-34.00%
Abatements, credits and surtax	0.00%
State and Foreign income taxes	-5.00%
Valuation allowance	39.00%
Effective tax rate	0.0%

21

NOTE 9 - COMMITMENTS AND CONTINGENCIES

The Company has various noncancelable operating leases for manufacturing and office facilities. Future minimum lease payments under noncancelable operating leases (with initial or remaining lease terms in excess of one year) and future minimum capital lease payments for each period are as follows:

	AUGUST 27, 2005	AUGUST 27, 2005	FEBRUARY 28, 2005	FEBRUARY 28, 2005
	CAPITAL LEASES	OPERATING LEASES	CAPITAL LEASES	OPERATING LEASES
2006	\$ 25,488	\$ 366,725	\$ 59,944	\$ 762,790
2007	31,949	441,877	31,820	342,136
2008	0	342,262	0	282,940
2009	0	210,962	0	207,105
2010	0	205,746	0	204,428
2011	0	102,000	0	102,000
	-----	-----	-----	-----
Total minimum lease payments	\$ 57,437	\$ 1,669,572	\$ 91,764	\$ 1,901,399
		=====		=====
Less amounts representing Interest (at rates ranging from 5.25% to 8.31% .	(5,413)		(6,606)	
	-----		-----	
Present value of net minimum Capital lease payments	\$ 52,024		\$ 85,158	
	=====		=====	

The Company is subject to certain claims and litigation in the normal course of

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

business. Management believes, after consulting with legal counsel, that the ultimate liability resulting from these matters will not materially affect the combined results of operations or financial position of the Company.

NOTE 10 - Stock Options and Warrants

The Company accounts for stock options issued to employees in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations. As such, compensation cost is measured on the date of grant as the excess of the current market price of the underlying stock over the exercise price. Such compensation amounts, if any, are amortized over the respective vesting periods of the option grant. The Company adopted the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation" and SFAS 148, "Accounting for Stock-Based Compensation -Transition and Disclosure", which permits entities to provide pro forma net income (loss) and pro forma earnings (loss) per share disclosures for employee stock option grants as if the fair-valued based method defined in SFAS No. 123 had been applied. The Company accounts for stock options and stock issued to non-employees for goods or services in accordance with the fair value method of SFAS 123.

22

The exercise prices of all options granted by the Company equal the market price at the dates of grant. From the date of the Merger to August 27, 2005 no options were issued. If options had been issued, no compensation expense would have been recognized. Had compensation cost for the stock option plan been determined based on the fair value of the options at the grant dates consistent with the method of SFAS 123, "Accounting for Stock Based Compensation", the Company's net loss and loss per share would not have been changed.

With respect to vesting, as a result of the Merger on May 20, 2005, all previously issued Cenuco options that were unvested on that date became automatically vested.

A summary of the status of the Company's outstanding stock options as of August 27, 2005 and changes since May 28, 2005 is as follows:

	Shares	Weighted Average Exercise Price

=====

NOTE 11 - CAPITAL STRUCTURE AND NET LOSS PER COMMON SHARE

Capital Structure:

At August 27, 2005, the outstanding share capital of the Company is comprised of: (i) 13,826,556 shares of common stock ("Common Stock"), and (ii) 2,553.7 shares of Series A Junior Participating Preferred Stock (the "Series A Preferred Stock").

The Series A Preferred Stock was issued in connection with the completion of the Merger as described in Note 1 to the consolidated financial statements. The holders of the Series A Preferred Stock are entitled to receive when, as and if declared by the Board of Directors, quarterly cumulative dividends commencing on March 31, 2006 in an amount per share equal to \$0.001. In addition to the dividends payable to the holders of Series A Preferred Stock, the Company shall declare a dividend or distribution on the Series A Preferred Stock equal to any

24

amount declared on the Common Stock. Holders of the Series A Preferred Stock (using the number of common shares into which each share of Series A Preferred Stock is convertible) and the holders of Common Stock vote together as one class on all matters submitted to a vote of stockholders of the Company provided however that the holders of the Series A Preferred Stock are not entitled to any voting rights on any matter relating to the Merger. Upon liquidation, dissolution or winding up of the Company, the holders of the Series A Preferred Stock are entitled to liquidation preferences over all other classes of capital stock. The holders of Series A Preferred Stock shall receive an amount equal to \$1,000 per share of the Series A Preferred Stock, plus an amount equal to accrued and unpaid dividends and distributions prior to any distribution of holders of any other class of capital stock. If the assets available for distribution are sufficient to permit a full payment of the above amounts then, after such amounts have been fully distributed, holders of the Series A Preferred Stock shall share equally with holder of the Common Stock on a per share basis (using the number of common shares into which each share of Series A Preferred Stock is convertible). Each share of Series A Preferred Stock carries the voting rights on a basis such that the rights of the Series A Preferred Stock as a whole correspond to 65 percent of the aggregate rights of the Series A Preferred Stock and Common Stock outstanding as of the completion of the Merger. Upon the approval of the holders of the Common Stock and an increase in the Company's authorized share capital, each share of Series A Preferred Stock will automatically convert into shares of Common Stock on such a basis that, following conversion, the holders of the Series A Preferred Stock will hold the same proportional rights to general distributions and voting rights that they held immediately prior to such conversion. The Series A Preferred Stock is not redeemable.

Net loss per share:

For purposes of computing loss per share, the Company's net loss is allocated between the two classes of stock, common stock and Series A Preferred. The allocation between each class is based upon the two-class method. The following table shows how the net loss was allocated using the two-class method:

For the thirteen weeks ended

NOTE 13 - TRANSACTIONS WITH RELATED PARTIES

The Hermes Group LLP (THGLLP), a certified public accounting firm, provided various professional services and facilities usage to the Company. THGLLP also paid expenses on behalf of the Company. THGLLP invoiced the Company a total of \$258,807 for professional fees, facility usage and reimbursable expenses for the twenty-six weeks ended August 27, 2005 and \$260,151 for the twenty-six weeks ended August 28, 2004. At August 27, 2005, the Company owed THGLLP \$29,568. A Managing Member of HACI (pre-Merger), is a founding Partner and is currently a non-active partner in THGLLP. THGLLP ceased providing facilities to the Company in June 2005.

Zephyr Ventures LLC (ZVLLC) provided consulting services to the Company. A member of the Board of Directors of Ascendia (effective May 20, 2005) is a Managing Member of ZVLLC. For the twenty-six weeks ended August 27, 2005, ZVLLC invoiced the Company for \$19,078. For the twenty-six weeks ended August 28, 2004, ZVLLC invoiced the Company for \$14,959. Effective May 20, 2005, the date of the Merger, ZVLLC ceased providing consulting services to the Company. The balance due ZVLLC at August 27, 2005 was \$0.

Another member of the Board of Directors of Ascendia Brands, Inc. (effective May 20, 2005) provided consulting services to the Company. For the twenty-six weeks ended August 27, 2005, he invoiced the Company \$5,000. For the twenty-six weeks ended August 28, 2004 he did not invoice the Company. Effective May 20, 2005, the date of the Merger, he ceased providing consulting services to the Company. The balance due at August 27, 2005 was \$0.

The Company's management believes the charges for the above related party services and facilities are consistent with those that would be paid to independent third parties.

NOTE 14 - SUPPLEMENTAL PRO FORMA INFORMATION

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

The following discloses the results of operations (excluding discontinued operations) for the current interim period (and corresponding period in the preceding year) as though the Merger had been completed as of March 1, the beginning of the period. The combined results consist of the twenty-six weeks ended August 27, 2005 and August 28, 2004.

NOTE 15 - SUBSEQUENT EVENTS

- o On October 10, 2005 the Company entered into agreements with Prencen, LLC, Highgate House Funds and Cornell Capital Partners for equity and convertible debt financing to be used in connection with the acquisition of a series of leading brands from a leading Consumer Products company (the "Asset Acquisition"), the refinancing of existing debt, and general working capital purposes. This financing facility (the "New Financing") includes three elements: (i) proceeds of \$25 million in connection with the sale of shares of a new series of participating preferred stock at a price of \$3.80 per share, convertible into an aggregate of 6,578,947 shares of common stock, subject to certain restrictions on conversion, along with the issuance of warrants exercisable for a period of 5 years to acquire an aggregate of 1,973,684 shares of common stock at an exercise price of \$4.37 per share, (ii) proceeds of \$40 million in connection with the issuance of a 24 month secured debenture, convertible into common stock at any time at a conversion price at \$4.56 per share, bearing interest at 12% per annum, along with warrants ("Debt Warrants") exercisable for a period of 5 years to acquire 1,052,631 shares of common stock at an exercise price of \$4.56 per share, and (iii) a standby equity subscription facility, providing for the sale of up to \$100 million in common stock of the Company at 98% of the then current market price (as defined). The exercise price of the Debt Warrants noted above is subject to a discount to \$0.95 per share in the event certain conditions of default are triggered under the secured debenture financing agreement. Funding under the New Financing will not be available until the completion of various corporate and securities law requirements, including a vote of the Company's shareholders to approve the issuance of the common stock and convertible securities in connection with the New Financing. Prior to that date, the Company anticipates entering into a bridge loan facility for \$65 million for purposes of closing on the Asset Acquisition and paying existing indebtedness. The Company anticipates entering into the bridge loan facility on or about October 21, 2005.

Of the \$65 million in proceeds received from the bridge loan facility, \$45 million will be used in connection with the \$60 million Asset Acquisition, with the balance of the consideration in the form of a three-year, \$15

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

million promissory note payable to the seller. The Asset Acquisition is expected to be signed on or about October 21, 2005. The remaining \$20 million of proceeds from the bridge facility will be used to (i) repay approximately \$10 million of existing funded debt and related interest, (ii) pay \$5 million for costs associated with the New Financing and the Asset Acquisition and (iii) provide approximately \$5 million for working capital purposes.

28

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with the consolidated financial statements and notes thereto appearing elsewhere in this report. Management's discussion and analysis contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and Section 21E of the Securities Exchange Act of 1934 that involve risks and uncertainties, including but not limited to: quarterly fluctuations in results; customer demand for the Company's products; the development of new technology; domestic and international economic conditions; the achievement of lower costs and expenses; the continued availability of financing in the amounts and on the terms required to support the Company's future business; credit concerns in this industry; and other risks detailed from time to time in the Company's other Securities and Exchange Commission filings. Actual results may differ materially from management's expectations. The risks included here are not exhaustive. Other sections of this report may include additional factors that could adversely affect the Company's business and financial performance. Moreover, the Company operates in a very competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risk factors, nor can it assess the impact of all such risk factors on the Company's business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results.

Investors should also be aware that while the Company does communicate with securities analysts from time to time, it is against its policy to disclose to them any material non-public information or other confidential information. Accordingly, investors should not assume that the Company agrees with any statement or report issued by any analyst irrespective of the content of the statement or report. Furthermore, the Company has a policy against issuing or confirming financial forecast or projections issued by others. Therefore, to the extent that reports issued by securities analysts contain any projections, forecasts or opinions, such reports are not the responsibility of the Company.

EXECUTIVE SUMMARY

On May 20, 2005, Hermes Holding Company, Inc., a newly formed wholly owned subsidiary of Ascendia Brands, Inc., ("Ascendia" or the "Company") merged (the "Merger") with Hermes Acquisition Company I LLC, a limited liability company organized on April 25, 2003 under the laws of the State of Delaware ("HACI"). As a consequence of the Merger, HACI, together with its wholly owned subsidiaries Lander Co., Inc., a Delaware corporation ("Lander US"), Hermes Real Estate I LLC, a New York limited liability company ("HREI"), and Lander Co. Canada Limited, an Ontario corporation ("Lander Canada") and together with Lander US and HREI, became wholly owned subsidiaries of the Company. HREI became a wholly owned subsidiary of HACI on March 1, 2005. Prior thereto, HACI and HREI had the same ownership.

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

For accounting purposes, HACI is considered the acquirer in a reverse transaction and consequently the Merger will be treated as a recapitalization of HACI. Thus, HACI's financial statements are the historical financial statements of the post-Merger entity.

Effective May 20, 2005, Ascendia, Inc will contain two business divisions, (1) Health & Beauty Care (HBC) and (2) Wireless Application Development (WAD).

29

HEALTH AND BEAUTY CARE (HBC)

Lander Co., Inc. (Lander) and its Canadian affiliate, Lander Canada Limited, (Lander Canada) manufacture, market and distribute a leading value brand (Lander(R)) of health and beauty care products. Additionally, through its Canadian facility, Lander produces a series of private label brands for a limited number of large Canadian retail chains.

Lander maintains a category leadership position in the marketplace for value priced health and beauty care products, which are sold in dollar stores such as Dollar Tree and value-focused retailers such as Wal-Mart and Kmart. Management presently intends that Lander will serve as a platform for Company growth through acquisitions of additional health and beauty care (HBC) brands.

The Company presently distributes on an annual basis more than 100 million units of health and beauty products (primarily liquid fill bath care, baby care, and skin care products) in North America, and another 20 million internationally.

Facilities

The Company is headquartered in Hamilton NJ, and operates two manufacturing and distribution facilities in Binghamton, NY (owned) and Toronto (leased). Additionally, Lander utilizes two outside public warehouse facilities in Buena Park, CA and in Charlotte, NC. The primary core competencies of both manufacturing facilities are Health and Beauty Care liquid fill and talc powder filling. The two distribution facilities act as remote warehouses and FOB pick up locations. Both manufacturing facilities have warehouse and distribution capability supplemented by the two remote warehouses.

Lander's Binghamton facility is a 168,000 sq. ft. facility with 200 employees working 24 hours a day in three shifts, five days a week. The hourly employees are represented by the United Chemical Workers and to the Company's knowledge, labor relations are good. This plant primarily produces Health and Beauty Care products sold in the United States and internationally under the Lander(R) Brand name. Products produced in this plant include, bubble bath, lotions and creams, baby products such as shampoo, baby oil, and baby powder. Additionally, this facility is approved by the FDA (United States Food and Drug Administration) and the New York Board of Pharmacy to manufacture Over-the-Counter (OTC) drugs such as topical analgesics and vapor rubs.

Lander's Canadian facility is a 98,000 sq. ft. facility with 80 employees working 24 hours a day in three shifts, five days a week. The hourly employees are represented by the Teamsters, and to the Company's knowledge, labor relations are good. This plant produces private label Health and Beauty Care products for Canada's largest retail and drug stores as well as Lander(R) Brand products sold in the U.S. Lander Canada also produces and sells products domestically under the Lander(R) Brand. Products produced in this plant include lotions and creams, baby products such as shampoo, baby oil, baby powder, mouthwash, and nail polish remover. Additionally, this facility is approved by Health Canada and FDA to manufacture OTC drugs, including antiseptic mouthwash,

topical analgesics and vapor rubs.

Both manufacturing facilities have production capacity capable of absorbing additional production requirements for projected volume increases from additional organic sales as well as additional sales from acquisitions with a modest capital investment. In addition, selected products will continue to be manufactured by third party manufacturers. The Company anticipates operating efficiencies in the areas of freight and distribution, raw material procurement, as well as, labor and overhead absorption, which would make sales derived from acquisitions extremely accretive.

30

Lander Customers

Approximately 65% of the Company's business is conducted in the United States, 23% in Canada and 12% outside North America. The Company's largest customer is Wal-Mart, which comprises approximately 37% of the business conducted in the U.S. and approximately 35% of the Canadian private label business. Other major customers include Dollar Tree, Family Dollar, Kmart, Bargain Wholesale and Shopper's Drug Mart. Internationally, the Lander products are distributed to 90 countries, including those located in Latin America, Africa, the Middle East, as well as, Mexico and the Philippines.

Industry

Currently, Lander competes primarily within the "extreme value" sector of several major Health and Beauty Care categories: bath additives, skin care, baby care, oral care and hair care products. The brands that management currently targets for acquisition fall within these same Health and Beauty Care categories; however they are priced as premium brands, which can be integrated within our existing infrastructure. According to Information Resources Inc. (IRI), these product categories in aggregate account for over three billion dollars of retail sales annually in the U.S. alone.

Lander's strategy is to build upon its premium brands both organically and through brand acquisition. One of Lander's existing premium brands, Lander Essentials 3 IN 1, has now been purchased by over 18,000 stores.

WIRELESS APPLICATION DEVELOPMENT (WAD)

The Wireless Application Development ("WAD") segment is engaged in the wireless application technology business, primarily related to the transmission of secure and non-secured video onto cellular platforms via proprietary technologies. This is also known as remote video monitoring via cellular device. In this wireless segment, the Company provides cellular carriers, Internet Service Providers, resellers, and distributors a host of wireless video streaming products that can generate an increase in subscribers of wireless data services, as well as broadband Internet services.

Our wireless remote video monitoring technologies via cellular device (cellular phone, Pocket PC mobile Edition, Smart Phone, remote wireline computer, and remote cellular connected computer) have been productized to service a variety of market segments. We have been awarded the General Services Administration contract number GS-03F-0025N by the United States government, allowing the Company to sell its products, technologies, and services to every branch of the United States government, including all military agencies and the Department of Homeland Security.

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

The technology group's partnerships and affiliates include: Intel Corporation, Microsoft Corporation, Qualcomm, Tyco, and other leading technology organizations. These relationships allow WAD to access to new emerging technologies provided by these organizations, as well as, co-operative marketing programs, which provides us access to significant resources in the wireless remote monitoring market.

We have the ability to license our proprietary core technology to third party organizations. We initiated discussions with a number of leading technology companies regarding direct embedding WAD's technologies onto existing security systems, DVR's, DSL or cable modems, routers, IP cameras, and other appliance oriented hardware. Additionally, WAD has successfully licensed its technology to a specialty camera manufacturer and extensive testing continues as we upgrade this specialty camera with our proprietary core technology.

31

Our WAD segment, with its core proprietary (patent-pending) technology, currently addresses one primary market; security and surveillance. This segment offers software solutions but can also bundle hardware that will allow real-time mobile access to mission-critical data and live video from most Internet enabled personal digital assistants (PDA) or cellular phones, from anywhere world-wide. We have already initiated efforts into delivering content over cellular devices using our existing software.

Our wireless video monitoring solutions allows users to view real-time streaming video of security cameras at their home or place of business from anywhere they receive a cellular connection, regardless of the cellular carrier or user's location. Our systems are also delivered with a password protected PC desktop client, which allows for single click access to any remote camera, manage user accounts, and review archival video.

During fiscal 2004, we completed a full patent filing with the United States Patent and Trademark office. The Utility Patent Application entitled "Wireless Security Audio-Video Monitoring", was accepted by the USPTO during June 2004, at which time WAD was issued Patent pending number 10/846426. This latest intellectual property filing also reflects the culmination of WAD's provisional patent application(s) for viewing live streaming wireless video transmission on cellular devices, filed during Fiscal 2003. Recently we have added additional filings regarding our new peer to peer/cell to cell live video technology.

WAD has completed the development of its new commercial security product line that will be sold through Security companies existing sales channels and through 7 nationwide distributors.

Several national and international cellular carriers are currently testing our mobile viewing software. Western Wireless Corporation has recently deployed MobileMonitorsm product kits and software through select carrier retail locations across nineteen western states and is now available to Western Wireless subscribers. WAD's Product kits and software have already been delivered to the carrier retail locations through WAD's distribution partner, CellStar.

WAD continues to develop software for Tyco's Research and Development group.

Revenue and expense for the Wireless Application Development division reflects activity from the date of the Merger (May 20, 2005) to August 27, 2005. Prior to the Merger the Wireless Application Development division's financial information and other pertinent information is contained in the 10-Q for the first quarter

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

ended March 31, 2005 filed by Cenuco, Inc. in May 2005.

THIRTEEN WEEKS ENDED AUGUST 27, 2005 (RESTATED) COMPARED TO THE THIRTEEN WEEKS ENDED AUGUST 28, 2004

REVENUES

Net revenues for the thirteen weeks ended August 27, 2005 increased \$368,341 (2.2%) when compared to net revenues for the thirteen weeks ended August 28, 2004. This quarter's volume was favorably impacted by a substantial increase in sales on the Company's expanding line of premium value products which are typically sold at Food, Drug and Mass Merchant outlets. The U.S. sales on these premium products, grew from \$2,238,000 in Q2 FY2005 to \$4,535,000 in Q2 FY2006 or a 97.4% increase. This increase, however, was offset by a sales reduction of \$1,129,000 attributed to the termination of a prior year's marketing and administrative service agreement for the sale of licensed products and a sales decline of \$926,000 in the Company's non-focus extreme value business in the United States. Lander's extreme value products are typically sold at a one-dollar retail price point in dollar stores and other low price venues.

32

Additionally, the Company experienced a \$300,000 increase in sales for private label products in Canada, offset by a decline in International (exports) sales of \$200,000.

GROSS PROFIT

Consolidated gross profit declined by \$0.4 million for the thirteen weeks ended August 27, 2005 from \$1.7 million for the thirteen weeks ended August 28, 2004. Inflationary increases resulting from rising oil prices impacted commodity pricing resulting in higher raw material prices for surfactants, mineral oil, plastic bottles and caps negatively impacted the quarter by \$1.0 million which was partially offset by favorable product mix \$0.6 million relating to the launch of the premium value Lander Essentials products.

SELLING AND ADMINISTRATIVE EXPENSES (RESTATED)

Selling and administrative expenses amounted to \$3.5 million for the thirteen weeks ended August 27, 2005 compared to \$2.4 million for the thirteen weeks ended August 28, 2004. This increase is primarily attributable to the Merger with Cenuco on May 20, 2005. Selling and administrative costs of Cenuco's WAD division added \$0.7 million in total cost to the current period. Salaries and salary related expenses of \$0.2 million in conjunction with outside legal, professional and audit fees of \$0.3 million are the primary factors contributing to the increase. Sales and marketing expenses are \$0.1 million below prior year primarily due to reductions in salary and salary related expenses partially offset by higher broker commissions and promotional expenses related to the launch of the new premium product line "Lander Essentials".

TWENTY-SIX WEEKS ENDED AUGUST 27, 2005 (RESTATED) COMPARED TO THE TWENTY-SIX WEEKS ENDED AUGUST 28, 2004

REVENUES

Net revenues for the twenty-six weeks ended August 27, 2005 increased \$180,534 (0.5%) when compared to net revenues for the twenty-six weeks ended August 28, 2004. The increase resulted from increased sales to select major retailers due to introductions of new product offerings.

Sales revenue for the 26 weeks was favorably impacted by a substantial increase

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

in sales on the Company's expanding line of premium value products which are typically sold at Food, Drug and Mass Merchant outlets. The US sales on these premium products, increased from \$4,810,000 in FY2005 to \$8,680,000 in FY2006 or an 80.5% gain. This gain, however, was offset by a reduction of \$1,100,00 attributed to the termination of a prior year's marketing and administrative service agreement for sale of licensed products along with a decline of \$3,019,000 in the Company's non-focus extreme value business in the United States. Lander's extreme value products are typically sold at a one-dollar retail price point in dollar stores and other low price venues. Additionally the company experienced a \$429,000 increase in sales for private label products in Canada.

During the first quarter, the Company launched a strategically focused new premium product line "Lander Essentials" This line is an upscale collection of bath and body lotion products. The "Lander Essentials" line has been very well received by retailers throughout the U.S., with over 16,000 stores committed purchasing the product line by the end of Q2. As planned, additional premium value "Lander Essentials" products have subsequently been developed, specifically in the Lotions and the Foam Bath categories. These new products are scheduled to begin shipping in Q3, and are expected to increase Lander's volume in the premium value category. The Company's focus and strategy is to increase its expansion for its premium, higher margin products.

33

GROSS PROFIT

Consolidated gross profit declined to \$2.3 million for the twenty-six weeks ended August 27, 2005 from \$4.3 million for the twenty-six weeks ended August 28, 2004. The company has implemented cost reduction programs and continues to streamline its manufacturing processes however, inflationary increases resulting from rising oil prices impacted commodity pricing. This resulted in higher raw material prices for surfactants, mineral oil, plastic bottles and caps, which negatively impacted gross profit by \$1.9 million versus prior year. An agreement with a third party manufacturer that was terminated in Q1 produced a \$0.1 million reduction to gross profit as inventories were liquidated at below market pricing.

SELLING AND ADMINISTRATIVE EXPENSES (RESTATED)

Selling and administrative expenses amounted to \$6.2 million for the twenty-six weeks ended August 27, 2005 compared to \$5.0 million for the twenty-six weeks ended August 28, 2004. This increase is primarily attributable to the Merger with Cenuco on May 20, 2005. Selling and administrative costs of Cenuco's WAD division added \$0.7 million to total cost in the current period. In addition, salary and salary related expenses in conjunction with outside legal, professional and audit fees amounted to \$0.4 million. In addition the increase included a one time promotional allowance to a major retailer of \$0.1 million, which is projected to positively impact revenue during the balance of the year. Furthermore, in connection with the current and future higher margin product introduction as well as brand acquisitions, a consulting firm was engaged to assist in the solidification of our strategic plan that represented an additional one-time charge to income in the amount of \$0.1 million.

OTHER FINANCIAL ITEMS (RESTATED)

Net loss per share:

For purposes of computing loss per share, the Company's net loss is allocated between the two classes of stock, common stock and Series A Preferred. The allocation between each class is based upon the two-class method.

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

The following table shows how the net loss was allocated using the two-class method:

	For the thirteen weeks ended		For the twenty-six weeks ended	
	August 27, 2005	August 27, 2004	August 27, 2005	August 28, 2004
	(Restated)		(Restated)	
Allocation of net loss				
Basic and Diluted:				
- Common Stock	\$ (2,505,137)	\$ -	\$ (2,779,633)	\$ -
- Series A Preferred	-	(929,529)	(1,833,994)	(1,252,171)
Net loss	<u>\$ (2,505,137)</u>	<u>\$ (929,529)</u>	<u>\$ (4,633,627)</u>	<u>\$ (1,252,171)</u>

34

The following table illustrates the weighted average number of Common Stock and Series A Preferred shares outstanding during the period utilized in the calculation of loss per share:

	13 weeks ended		26 weeks ended	
	08/27/05	08/28/04	08/27/05	08/28/04
	(Restated)		(Restated)	
Weighted average number of Common Stock shares - basic and diluted	13,768,930	-	13,734,420	-

Basic and diluted net loss per share - common	\$ (0.18)	\$ -	\$ (0.20)	\$ -
Basic and diluted net loss per share - Series A Preferred	\$ -	\$ (364)	\$ (718)	\$ (490)

LIQUIDITY AND CAPITAL RESOURCES (RESTATED)

Revolver

The Company is a party to a revolving credit facility with a financial institution expiring June 30, 2006. The credit facility provides for borrowings for working capital, fixed assets and other operating requirements. See Note 6 to the Consolidated Financial Statements for details.

On August 27, 2005, the amount of availability was \$2,841,273. On February 28, 2005, the amount of availability was \$567,995.

CASH FLOW - TWENTY-SIX WEEKS ENDED AUGUST 27, 2005 (RESTATED) AND AUGUST 28,

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

2004

Net cash used in operating activities was \$3.4 million and \$0.4 million, respectively for the twenty-six weeks ended August 27, 2005 and August 28, 2004. For the twenty-six weeks ended August 27, 2005, the items primarily contributing to negative operating cash flow consisted of the net loss of \$4.6 million less non-cash expenses of \$1.2 million, plus increases in accounts receivable of \$0.3 million, increases in other assets of \$1.1 million and a reduction in accounts payable of \$0.1 million, offset by decreases in inventory of \$1.3 million and other liabilities of \$0.2 million. For the twenty-six weeks ended August 28, 2004, the major contributors to negative operating cash flow was a net income loss of \$1.3 million, less non-cash expenses of \$0.7 million, an increase in accounts payable of \$1.3 million, offset by increases in trade receivables and prepaid assets of \$1.1 million.

Net cash provided by (used in) investing activities amounted to \$5,836,724 for the twenty-six weeks ended August 27, 2005 compared to \$(343,016) for the twenty-six weeks ended August 28, 2004. For the twenty-six weeks ended August 27, 2005, the major activity consisted of cash received of \$6,235,441 from reverse acquisition of Cenuco. Other activity includes proceeds from a note receivable less amounts expended for capital expenditures for the purchase of equipment to meet current and expected sales demand. Cash of \$343,016 was also expended for deferred expenditures related to acquisitions. For the twenty-six weeks ended August 28, 2004, cash of \$343,016 was expended for capital equipment.

35

Net cash provided by (used in) financing activities for the twenty-six weeks ended August 27, 2005 amounted to \$(1,997,909) compared to cash provided by financing activities for the thirteen weeks ended August 28, 2004 of \$705,052. The majority of the activity relates to borrowings and repayments under the Company's line of credit, plus other related debt payments.

AT AUGUST 27, 2005 THE COMPANY HAD CASH AND CASH EQUIVALENTS OF \$0.4 MILLION. MANAGEMENT BELIEVES THIS COMBINED WITH AVAILABILITY FROM THE REVOLVER OF \$2.8 MILLION AND OTHER FINANCING SOURCES AVAILABLE TO THE COMPANY PROVIDES CENUCO WITH SUFFICIENT OPERATING LIQUIDITY.

Transactions with Related and Certain Other Parties

The Hermes Group LLP (THGLLP), a certified public accounting firm, provided various professional services and facilities usage to the Company. THGLLP also paid expenses on behalf of the Company. THGLLP invoiced the Company a total of \$258,807 for professional fees, facility usage and reimbursable expenses for the twenty-six weeks ended August 27, 2005 and \$260,151 for the twenty-six weeks ended August 28, 2004. At August 27, 2005, the Company owed THGLLP \$29,568. A Managing Member of HACI (pre-Merger), is a founding Partner and is currently a non-active partner in THGLLP.

Zephyr Ventures LLC (ZVLLC) provided consulting services to the Company for fees. A member of the Board of Directors of Ascendia (effective May 20, 2005) is a Managing Member of ZVLLC. For the twenty-six weeks ended August 27, 2005, ZVLLC invoiced the Company for \$19,078. For the twenty-six weeks ended August 28, 2004, ZVLLC invoiced the Company for \$14,959. Effective May 20, 2005, the date of the Merger, ZVLLC ceased providing consulting services to the Company. The balance due ZVLLC at August 27, 2005 was \$0.

Another member of the Board of Directors of Ascendia Brands, Inc. (effective May 20, 2005) provided consulting services to the Company. For the twenty-six weeks ended August 27, 2005, he invoiced the Company \$5,000. For the twenty-six weeks

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

ended August 28, 2004 he did not invoice the Company. Effective May 20, 2005, the date of the Merger, he ceased providing consulting services to the Company. The balance due at August 27, 2005 was \$0.

The Company's management believes the charges for the above related party services and facilities are consistent with those that would be paid to independent third parties.

RISK FACTORS

The Company's top ten customers accounted for approximately 49% of consolidated net revenues for the thirteen and twenty-six weeks ended August 27, 2005. Trade accounts receivable from these customers represented approximately 49% of net consolidated receivables at August 27, 2005. Wal-Mart Stores Inc. accounted for approximately 25% of consolidated net revenues for the thirteen and twenty-six weeks ended August 27, 2005. Dollar Tree Stores Inc accounted for approximately 10% of net consolidated revenues for the thirteen and twenty-six weeks ended August 27, 2005. A significant decrease or interruption in business from the Company's major customers could have a material adverse effect on the Company's business, financial condition and results of operations. The Company could also be adversely affected by such factors as changes in foreign currency rates and weak economic and political conditions in each of the countries in which the Company sells its products.

Financial instruments that potentially expose the Company to a concentration of credit risk principally consist of accounts receivable. The Company sells product to a large number of customers in many different geographic regions. To minimize credit concentration risk, the Company performs ongoing credit evaluations of its customers' financial condition or uses letters of credit.

36

Increased competition also results in continued exposure to the Company. If the Company loses market share or encounters more competition relating to its products, the Company may be unable to lower its cost structure quickly enough to offset the lost revenue. To counter these risks, the Company has initiated a cost reduction program, continues to streamline its manufacturing processes and is formulating a strategy to respond to the marketplace. However, no assurances can be given that this strategy will succeed.

The Company depends on third parties to manufacture a portion of the products that we sell. If we are unable to maintain these manufacturing relationships or enter into additional or different arrangements, we may fail to meet customer demand and our sales and profitability may suffer as a result.

Disruption in our main manufacturing/distribution center may prevent us from meeting customer demand and our sales and profitability may suffer as a result.

Efforts to acquire other companies, brands or product lines may divert our managerial resources away from our business operations, and if we complete an acquisition, we may incur or assume additional liabilities or experience integration problems.

We depend on our key personnel and the loss of the service by any of our executive officers or other key employees could harm our business and results of operations.

The Company's manufacturing processes utilizes multiple sources for the purchase of raw materials. Although the Company has not to-date experienced a significant difficulty in obtaining these raw materials, no assurance can be given that shortages will not arise in the future. The loss of any one or more of such

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

sources could have a short-term adverse effect on the Company until alternative sources are determined. The Company believes that there are adequate alternative sources of such raw materials and components of sufficient quantity and quality.

Hedging and Trading Activities

The Company does not engage in any hedging activities, including currency-hedging activities, in connection with its foreign operations and sales. To date, except for Canada, all of the Company's international sales have been denominated in U.S. dollars.

Long-term debt (Note 6 of the Consolidated Financials Statements)

Long-term debt consists of the following:

	AUGUST 27, 2005	FEBRUARY 28, 2005
Revolving line of credit loans	\$ 6,591,587	\$ 8,198,935
Machinery and equipment loans	916,875	1,039,125
Real estate term loans	1,765,441	1,981,618
Subordinated notes	4,500,000	4,500,000
Capital leases	55,752	85,158
	-----	-----
	13,829,655	15,804,836
Less current portion	7,268,440	8,929,540
	-----	-----
Total	\$ 6,561,215	\$ 6,875,296
	=====	=====

37

In connection with the Acquisitions, HACI/HREI obtained long-term financing commitments (Financing Arrangement) from a financial institution comprised of the following (collectively the Loans):

- o Revolving line of credit facility of \$11,000,000 with a three-year term expiring in June 2006. Annual renewals of the facility are available in one-year increments after the initial term. Available borrowings are determined by a borrowing base calculation using eligible receivables and inventories of Lander US and Lander Canada, which are the collateral for this facility. As of August 27, 2005, unused availability under the borrowing base calculation amounted to \$2,841,273. As of February 28, 2005 the unused availability amounted to \$567,995. Interest on outstanding loans is payable monthly. For purposes of classifying the outstanding debt in the August 27, 2005 and February 28, 2005 balance sheets, the Company has reflected the \$6,591,587 and \$8,198,935, respectively, of borrowings under the revolving line of credit facility as a current liability, since it is subject to collection, lock-box arrangements and contains a subjective acceleration clause.
- o Machinery and equipment term loans with initial principal amounts aggregating \$1,467,000 have six-year amortization terms expiring in June 2009. Such loans are subject to termination upon the expiration of the revolving line of credit and are collateralized by the machinery and equipment of Lander US and Lander Canada. Principal payments aggregating \$20,375 plus interest are payable monthly.
- o Real estate term loan with initial principal amount of \$2,450,000 has a six-year amortization term expiring in December 2009. Such loan is subject

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

to termination upon the expiration of the revolving line of credit and is collateralized by the Lander US production plant located in Binghamton, New York. Principal payments aggregating \$36,029 plus interest are payable monthly.

The interest rates on the Loans bear an annual interest rate of a national bank's prime rate plus 1.25%. HACI/HREI has the option of converting all or a portion of the Loans outstanding to an annual interest rate of the one-, two- or three-month LIBOR rate plus 3.75%. As of August 27, 2005, the national bank prime rate was 6.50% and the one-, two- and three-month LIBOR rates were 3.67%, 3.76%, and 3.86%, respectively. The interest rate on the Loans was 7.75% at August 27, 2005. As of August 28, 2004, the national bank prime rate was 4.50% and the one-, two- and three-month LIBOR rates were 1.65%, 1.72%, and 1.79%, respectively. The interest rate on the Loans was 5.75% at August 28, 2004.

The Loans contained financial and non-financial covenants including a limitation of \$1,250,000 on capital expenditures during any fiscal year and maintaining on a monthly basis a fixed charges coverage ratio of no less than 1.0 to 1.0. The ratio is calculated by dividing earnings before interest, depreciation and amortization less any unfunded capital expenditures and improvements by fixed charges. Fixed charges include interest expense, capital lease obligations, principal payments on indebtedness and payments for income tax obligations.

HACI/HREI was not in compliance with the fixed charges coverage ratio and the limitation on capital expenditures for fiscal 2004 and fiscal 2005 and through July 15, 2005. In June 2004, December 2004 and July 2005, the Financing Agreement was amended and the events of noncompliance were waived by the financial institution. As part of the third amendment, which was dated July 15, 2005, the fixed charge ratio covenant requirement is only triggered when availability under the revolving line of credit is less than \$2,000,000.

38

As part of the HACI/HREI Acquisition of the Lander US business, HACI also has long term financing from the seller in the form of a \$4,500,000 subordinated note ("Seller Note") with a three year term expiring in June 2006. The Seller Note is subordinate to the Financing Agreement. Interest is payable quarterly at an annual interest rate of 10%. Annual principal payments of \$1,166,667 are required under this Seller Note; however a provision permits the Company to defer principal payments if certain financial targets, pursuant to the Financing Arrangement are not achieved by Lander. As a result of the Company not achieving these financial targets in fiscal 2004 and 2005, principal payment due in June 2004 and June 2005 have been deferred until June 2006. Additionally, there is a provision in the Seller Note that permits the deferral of interest payments in the event of non-compliance with certain covenants contained in the Financings Arrangement. Accordingly, HACI has not paid any interest accrued on the Seller Note from July 1, 2004 to date. Accrued interest on the Seller Note totaled \$522,964 and \$297,964 as of August 27, 2005 and February 28, 2005, respectively.

On March 16, 2005, HACI and the seller entered into Settlement and Release Agreement whereby HACI has the option to pay \$2,000,000, plus interest, to satisfy the \$4,500,000 principal amount of subordinated debt. In addition, HACI would be required to pay interest accrued on the \$4,500,000 subordinated note from July 1, 2004 through March 16, 2005 and interest on the \$2,000,000 from March 17, 2005 through the date of payment. Such option is available to HACI up to November 30, 2005. In exchange for this option, HACI has agreed to release the seller from certain claims against and indemnifications of the seller under the agreement for the purchase of Lander US and Lander Canada.

The aggregate maturities of long-term debt are as follows:

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

	AUGUST 27, 2005	FEBRUARY 28, 2005
2006	\$ 7,315,945	\$ 8,929,540
2007	6,509,982	6,875,296
	-----	-----
	\$ 13,825,927	\$ 15,804,836
	=====	=====

Off Balance Sheet Arrangements and Contractual Obligations

The Company's off balance sheet arrangements consist principally of leasing various assets under operating leases. The future estimated payments under these arrangements are summarized below along with the Company's other contractual obligations:

Operating leases (Note 8 of Financial Statements)

The Company has various noncancelable operating leases for manufacturing and office facilities. Future minimum lease payments under noncancelable operating leases (with initial or remaining lease terms in excess of one year) and future minimum capital lease payments for each period are as follows:

39

	AUGUST 27, 2005	AUGUST 27, 2005	FEBRUARY 28, 2005	FEBRUARY 28, 2005
	CAPITAL LEASES	OPERATING LEASES	CAPITAL LEASES	OPERATING LEASES
2006	\$ 25,488	\$ 366,725	\$ 59,944	\$ 762,790
2007	31,949	441,877	31,820	342,136
2008	0	342,262	0	282,940
2009	0	210,962	0	207,105
2010	0	205,746	0	204,428
2011	0	102,000	0	102,000
	-----	-----	-----	-----
Total minimum lease payments	\$ 57,437	\$ 1,669,572	\$ 91,764	\$ 1,901,399
		=====		=====
Less amounts representing Interest (at rates ranging from 5.25% to 8.31% .	(5,413)		(6,606)	
	-----		-----	
Present value of net minimum Capital lease payments	\$ 52,024		\$ 85,158	
	=====		=====	

The Company is subject to certain claims and litigation in the normal course of business. Management believes, after consulting with legal counsel, that the ultimate liability resulting from these matters will not materially affect the combined results of operations or financial position of the Company.

Inflation

The Company believes that the relatively moderate rates of inflation in recent years have not had a significant impact on its net revenues or profitability. The Company did experience higher than normal prices on certain raw materials

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

during the period coupled with higher freight costs as freight companies passed on a portion of higher gas and oil costs.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company markets its products throughout the United States and the world. As a result, the Company could be adversely affected by such factors as rising commodity costs and weak global economic conditions. Forecasted purchases during the next thirteen weeks are approximately \$15 million. An average 2% unfavorable price increase related to the price of oil and other related inflationary raw materials could cost the Company approximately \$300,000.

The Company has also evaluated its exposure to fluctuations in interest rates. If the Company would borrow up to the maximum amount available, a one percent increase in the interest rates would increase interest expense by approximately \$35,000 per quarter. \$14.0 million is currently outstanding under the revolver and other term loan credit facilities. Interest rate risks from the Company's other interest-related accounts such as its postretirement obligations are deemed to not be significant.

The Company has not historically and is not currently using derivative instruments to manage the above risks.

40

ITEM 4. CONTROLS AND PROCEDURES

In accordance with Rule 13a-15(b) of the Securities Exchange Act of 1934 (the "Exchange Act"), our management, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) as of the end of the thirteen week period ended August 27, 2005. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were not effective in ensuring that all information required to be disclosed in our reports under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

The above conclusion regarding the inadequacy of the Company's internal controls as of August 27, 2005 relates to a control deficiency in the application of purchase accounting for an acquisition completed during the first quarter of the current fiscal year, as fully described in Note 2 to the consolidated financial statements included in Item 1 of Part I of this Form 10-Q/A. This control deficiency resulted in the restatement of the Company's consolidated financial statements for the thirteen week period ended August 27, 2005. Accordingly, the Company's management has determined that this control deficiency constitutes a material weakness.

A material weakness is a control deficiency, or a combination of control deficiencies, that results in more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected.

Management attributes the above noted material weakness substantially to lack of sufficient and appropriate internal expertise to evaluate the input provided to us from outside valuation experts used in our purchase accounting. Since August 27, 2005, we have made changes to our internal financial reporting group, which

Edgar Filing: ASCENDIA BRANDS, INC. - Form 10-Q/A

we believe will provide an effective remediation to the material weaknesses that existed as of August 27, 2005. We will continue to monitor the effectiveness of the control modifications and other financial reporting control areas that may require enhancement, and implement improvements as and when necessary.

41

PART II. Other Information

Item 1. Legal Proceedings - WAD division:

Raymond Anthony Joao is the owner of United States Patents Nos. 6,587,046, 6,542,076 and 6,549,130 (the "Patents") which cover apparatuses and methods for transmitting video information to remote devices and/or over the Internet. In order to facilitate business discussions, the Company and Joao entered into a "Confidentiality/Non-Disclosure Agreement", dated November 4, 2004 (the "Agreement"). On February 1, 2005, Joao commenced an action against Cenuco in Federal District Court, Southern District of New York, alleging that Cenuco infringes the Patents (Joao v. Cenuco, Inc., 05 Civ. 1037 (CM) (MDF)). The Company timely answered the complaint denying infringement, filed a motion to dismiss complaint based on the Agreement and filed a counterclaim based on the Agreement. Subsequently, the Court denied the Company's motion to dismiss the complaint (376 F. Supp. 2d 380) and the Company's counterclaim (October 3, 2005, Order and Decision not published at this time). This matter remains open for a trial on the merits.

After consulting with counsel, management believes that the Patents are invalid and hence infringement is not possible. Management believes that Joao's action is without merit, and that the chances of Joao prevailing are remote.

There is no other pending material litigation to which the Company is a party or to which any of its properties are subject.

Item 6. Exhibits

Exhibit 31.1 - Certification of Joseph A. Falsetti filed herein

Exhibit 31.2 - Certification of John D. Wille filed herein

Exhibit 32 - Certifications Pursuant to Rules 13a-14(b) and 15d-14(b) of the Securities Exchange Act of 1934 filed herein

42

SIGNATURES
